ANNUAL ALUMNI DAY EXPECTED TO BRING LARGE HOME-COMING

Villanova-Bucknell Contest to Be Scene of Grads' Gathering

MEETING TO FOLLOW GAME

Lady Guests to Be Conducted on Tour of Campus Inspection

When the Villanova and Bucknell football elevens lock horns at the annual feud to be played for the first time on local turf, October 14, the Blue and White team will be cheered on to victory by more than 1200 members of the Villanova Alumni Association, according to Albert C. Wagner, secretary of the graduate organization.

Following the game, the alumni group plans to assemble in the auditorium of the School of Commerce and Finance where they are to be addressed by several well-known speakers and the annual election of officers of the association will be conducted. Inasmuch as many of the members plan to bring their wives, arrangements have been made to conduct the ladies around the campus while the old grads are attending the meeting.

To make the day complete, the Philadelphia branch of the National Alumni Club will act as hosts to the visitors at a supper dance in the Cafe Margery of the Hotel Adelphia, in Philadelphia. The hotel has engaged a popular radio orchestra for the season, and Mr. Wagner is of the opinion that the dance, which starts at 9 o'clock, will outrival all other entertainments presented by the group.

Mr. Wagner stated that the members of the Scranton branch of the organization are making a bid for the largest attendance at the celebration, judging from the response he has received from the up-State club. The graduates have been extended the privilege of reserved seats in the Villanova cheering section on the 50-yard line.

PAUL D. TEEL MADE DIRECTOR FOR BAND

First Outside Instructor to Coach Musical Groups on the Campus

WILL CONDUCT SYMPHONY

Paul D. Teel, a graduate of Albright College, has been announced as the new director of the Villanova College Band to succeed Vincent Marra, student director for the past three years. Mr. Marra, who graduated from the Science School this year, will have in his successor the first outside instructor to coach the musical organizations on the campus as Mr. Teel will also have charge of both the symphony orchestra and the dance orchestra.

Mr. Teel, professor of Latin and History at Radnor High School, has been for the past year director of the Radnor High School Band, where he has had great success. A number of outstanding soloists from that group owe their improvement and ability to Mr. Teel.

It is expected that the Villanova Band will advance in quality of playing and in marching skill under Mr. Teel's tutelage. He brings to the band a wealth of experience received through many years spent as instructor of music and player and director in numerous orchestras and bands.

Although the band was not com-

Charles A. McGeehan

M'GEEHAN'S DEATH GRIEVED BY COLLEGE

Professor, Coach and Alumnus Esteemed by All Who Knew Him

SUFFERED LONG ILLNESS

Charles A. McGeehan, professor of Electrical Engineering, graduate manager of athletics and a distinctive alumnus, died on Friday, June 30, at his home in Norristown.

Arteriosclerosis, hardening of the arteries, caused Mr. McGeehan's death after keeping him in a condition of ill health for a long period. A year ago this summer he was forced to give up his duties at Villanova. He was under observation at the Bryn Mawr Hospital for some time. Thereafter his limited activities were confined to his home, where he remained until his death.

A favorite among men, an unforgettable friend and a man of esteem and achievement, Mr. McGeehan's death came as a severe shock to those who knew and loved him, despite the knowledge of his long illness.

Born in Edinburgh, Scotland, in 1878, Mr. McGeehan was brought to this country as a child of two years, and he and his parents settled in New York. The McGeehans later moved to Freeland and finally made their home at Hazleton. In his youth his time was fully occupied working by day in the mines and studying at night. When he reached the age of 20 he was ap-

SOLEMN HIGH MASS OFFICIALLY OPENS NINETY-FIRST YEAR

Mass, Sung by Fr. Stanford, Was Well Attended by the Student Body

NRA MOTTO CITED IN TALK

President Asks All Students to Do Their Part During Their College Life

Tradition was adhered to as Villanova officially and formally opened its ninety-first scholastic year on the feast of St. Thomas of Villanova, September 22, with the celebration of Solemn High Mass in the college chapel.

The Mass, which was very well attended by both boarding and day students, was sung with Rev. Edward V. Stanford, O.S.A., president of the college, as celebrant. Rev. Bernard M. Albers, O.S.A., vice-president, was deacon, and Rev. Joseph M. Dougherty, O.S.A., dean of the School of Science, was subdeacon. Rev. Charles J. Melchior, O.S.A., procurator of the college, acted as master of ceremonies.

Music for the occasion was furnished by the members of the Scholastci choir from Corr Hall with Mr. Lucian Poitras, O.S.A., as organist, and Mr. Ralph J. Handran, O.S.A., as director of the choir. Members of the Sanctuary Society who assisted were William Hines, Fred Landau and John Pickell, thurifers, and Frank Estrada, president of the society, sacristan.

An interesting and inspirational talk was delivered by Fr. Stanford in welcoming the students to what he felt will be a memorable year in the history of the college. After recalling a few facts relative to the history of the college, Fr. Stanford cited the current NRA motto, "We do our part," and asked the students to take it to heart and apply it to their lives here.

"The phrase, 'We do our part'," the president said, "should mean to you first of all a practical appreciation of the great sacrifices that are being made by your parents in sending you to college. Attention to study and the determination to get the very best profit possible out of your years at college must be the dominating thought in your minds."

He continued saying that the phrase should be applied to the students' relations with each other in order to assure real happiness in college life. Likewise it should be applied to their relations with the faculty so that the good name and prestige of their Alma Mater may be enhanced.

Orientation Program Is Introduced To Acclimate Freshman Class Here

A two-day program of activities designed to acclimate the incoming Freshman class to their new surroundings was held this year for the first time on such an extensive basis. The program contained a number of speeches by school officials, members of the faculty and upperclassmen, all calculated to aid the members of the class of '37 in getting as much spiritual, mental and physical benefit as possible during their stay at Villanova.

Speakers on the program were: Rev. Bernard M. Albers, O. S. A., vice-president of the college; Rev. Edward B. McKee, O. S. A.; Rev. Joseph F. O'Malley, O. S. A., college chaplain; Harry A. Stuhldreher, director of physical education; Thomas F. McFeeley, president of the senior class; Leo E. Cordiali, '34, chairman of the Student Council; Raymond J. Harter, editor of the VILLANOVAN, and Paetrus F. Banmiller, editor of the Villanova Engineer.

Fr. Albers gave the first speech of the program when he addressed the Freshmen, Wednesday morning, September 20. He extended to the class a welcome to the college and then pointed out to them the outstanding principles to be borne in mind during their first year as well as the remainder of their college career.

On the same day they interviewed the deans of the various schools they entered and later listened to a talk by Fr. McKee on reading and the use of the library. Fr. McKee introduced his speech by saying that due to the economic changes we are now going through, the proper and most beneficial manner of enjoying leisure time now constitutes a major problem. He considers the reading of good literature a very profitable way to spend these leisure hours. "Our libraries are filled with books that will give pleasure and a deeper understanding of the human race," said Fr. McKee.

We went on to say that an error

FR. RONAN SELECTED FOR ONE-DAY RETREAT

Separate Services Planned for Resident and Day Students in Chapel; Masses at 7 and 8 A. M.

TO END FRIDAY

Day Students to Have Breakfast in Dining Hall

The one-day retreat for the benefit of the student body will open on Thursday, October 5, with Rev. Francis D. Ronan, O. S. A., acting as retreat-master. As in former years, two separate retreats will be held; one for the resident students and the other for the day students.

Fr. Ronan comes from Andover, Mass. He was graduated with the degree of Bachelor of Arts from Villanova in 1919 and was ordained in the college chapel by Dennis Cardinal Dougherty in 1922. During 1922 and 1923 he specialized in mission work at the Paulist Mission House at Catholic University, in Washington, D. C. From there he was transferred to Havana, Cuba, where he taught in the Augustinian High School for two years. Then he was again transferred, this time to parish duties at St. Matthew's Church, Flint, Mich. In 1931 he was appointed to the Augustinian Mission Band, in which work he has since been exclusively engaged.

The resident students will begin their retreat with Mass on Thursday at 7 A. M., which will be followed by conferences at 9 A. M., at 11 A. M. and at 3 P. M. Confessions will be heard after the last conference. Benediction will be given at 6.30 P. M. On Friday morning at 7 A. M. the retreat for the resident students will close with Mass and general Communion.

The exercises for the day students will be held in very much the same manner. On Thursday, there will be Mass at 8.00 A. M., conferences at 10.00 A. M., at 11.45 A. M. and at 1.30 P. M. followed by confessions at 2.00 P. M. On Friday at 8.00 A. M. Mass and gen-

MODERATOR NAMES BELLE AIR EDITOR

Corkill Selected for Chief Post; Ocelus Chosen Business Manager

ALL STUDENTS GET COPIES

Following the announcement that John J. Corkill and Edward J. Ocelus were appointed to the respective posts of editor and business manager of the Belle Air, Senior class annual, by the Rev. John T. McCall, O. S. A., faculty moderator, the new editor announced that every member of the student body will receive a copy of the book. The distribution of the book in this manner establishes a precedent on the campus, inasmuch as heretofore the additional charge of seven dollars was not included in the student activities fee.

Hardly had the appointees' names been made public than plans for the next edition of the year book were formulated. It is the intention of the editor to follow a medieval art theme, and he is personally making a study of year books which have successfully followed this motif in order to find new ideas.

In the words of Mr. Corkill, who is greatly enthused over his new

FEW CHANGES NOTED IN COLLEGE STAFF

Four New Professors and Four Withdrawals Are Extent of Faculty Replacement

McGEEHAN'S PLACE FILLED

Four new professors and four withdrawals are the extent of the faculty changes that have taken place for the coming year.

Mr. Harry S. Bueche, assistant professor of Electrical Engineering at Kansas State College, will take the position formerly held by the late Charles A. McGeehan. Up to the time of Mr. Bueche's appointment the duties of Mr. McGeehan after his retirement were temporarily taken over by Mr. Magee.

Rev. James A. Donnelon, O. S. A., has been appointed to undertake the courses previously given by Robert J. Turnback. Fr. Donnelon has just completed special studies in Biology at Catholic University and hence will teach the courses of Physiology and Genetics.

The last of the new appointments is Rev. Basil Fresno, O. S. A., who will teach some of the classes in Spanish. Fr. Fresno comes to Villanova from Malvern Prep, where he was also engaged in teaching. Previous to this time he had eight years' teaching experience in Spain and the United States.

The withdrawals from the college include Mr. Turnbach, instructor in Genetics and Physiology, who has entered Temple Medical School; Karel F. Ficek, professor of Insurance and Merchandising in the Business School; Eli Duncombe, professor of Quantitative Analysis and Physiological Chemistry in the Science School, and Rev. Richard J. McNally, O. S. A., professor of

MONASTERY WORK ADVANCING RAPIDLY

Roof of Building Expected to Be in Place by Early Part of November

FACING NEARLY FINISHED

Since the ruins of the old Monastery have been disposed of, the new structure, emerging on the ashes of its predecessor, has been progressing rapidly. According to reports from an authoritative source, the roof of the new building is expected to be in place by November.

In a short time the facing of the Monastery will be completed, and work will be concentrated on the roof. As soon as the external work is completed, or is in such a stage as to allow internal work, this will be pushed as rapidly as possible.

If there are no unexpected delays in the present plans, it is the hope of the administration to be able to transfer their present scattered quarters to the new building by February or March.

As soon as it is convenient the tower and the remains of the wall on top of Good Counsel will be removed. After this has been done, a permanent roof will be built on the building.

The reason why the one section of the chapel has been left standing by the wrecking crew is that,

TUESDAY - - - - - OCTOBER 3, 1933

WELCOME, MEN OF '37

WE TAKE this opportunity to extend to the class of '37 a hearty, cheerful and truly sincere welcome to the portals of Villanova. You have come to Villanova after completing a successful high school course to become a novice once again, in order that you might start with a freshness of mind an advanced, a most important and perhaps the final period in the way of a thorough institutional education. Whatever traits of character you mold during this period, whatever sagacious or intellectual accomplishments you master, you are certain to carry with you into later life. It is for this reason that the coming four years are to be the most treasured and valuable in your lifetime. You are paying for the opportunity to acquire an education, so why not get it? But just what is an education? It is no less than the result of the qualities acquired through instruction and social training in moral and mental development. A moment's reflection on these words will tell you that you are here for many things. Get into the spirit of the campus, get the "hello" habit and make your friends. When you do your work, do it well. Likewise make use of the numerous sports and activities you are offered and can have for the taking

EDUCATION'S NEW DEAL

EVERYWHERE throughout the country today we hear talk of the NRA and the new deal for industry, farming, business and practically every other type of occupation, but seldom do we hear of the new deal in education. Yet, education, especially in the higher branches, was one of the first to undergo a change. Five years ago, colleges and universities were enjoying the largest enrollments in their histories. These enrollments, however, were composed greatly of young men who were at college merely because it was customary for high and prep school graduates to attend college and because their fathers were earning sufficiently large incomes not to have any serious financial worries. At college they were interested mainly in having the four most enjoyable years of their lives and were only incidentally concerned about their degrees. Today, however, there is scarcely a student in college whose family has not been affected in some manner by the depression. All the "rah rah" boys have been weeded out, and the result is a group of ambitious, open-minded students who are putting forth every effort in an attempt to get the greatest possible return for the sacrifices their parents are making, and at the same time prepare themselves to occupy some definite position in life after graduation. Besides this, now that signs of business recovery are becoming more apparent every day, they are spurred on by an added enthusiasm, a desire to complete their mental training and then enter their learning and ability in the nation-wide competition for employment.

YOU OUGHT TO KNOW

HEAR ye, hear ye, be it known by all men that the author of this column is a little rusty after a very delightful summer and is still imbued with a certain fragrance that comes only once in a lifetime. So, my trusty companions, may none of you ever fall into canyons, but bear with me while I recite my tale of woe.

The first tale of woe that ye writer found was a luxuriant growth of beautiful green grass on the tennis courts. The cry, however, was heard afar, and now the courts are all fine.

Moving a point to the south, we find some men at work. Yes, my friends, they are busily engaged burying into mother earth a little pipe that shall soon remove one of the chief causes of annoyances in the vicinity of the C & F building. This is not a woe, 'tis a joy.

A serious loss to many at the college has caused such a stir that an investigation has been ordered. The job was of such magnitude that even Charlie Brodnicki refused to do it. So Fetlock Sholmes was called, and that worthy diagnosed the case as a lack of Vigilance Committee. Believe it or not, the sophs are now called "orientators."

While on the topic of mysteries we might as well delve into another. We have been hearing, and in no uncertain terms or strength of vocal chords, a sound so strange as to remind one of cackles heard in the vicinity of an insane asylum. Said cackle emanates from the throats of various and sundry individuals and is very reminiscent, to say the least. What can it be? Haw, haw, haw.

If anyone wants to meet sudden and violent death, just ask the inmates of 305-6-7 in Fedigan Hall about a certain Ford truck.

Upperclassmen returning this year were pleasantly surprised by the metamorphosis of the pie shoppe. Its condition in previous years was far from desirable. Poorly ventilated and certainly none too light, the time spent in the pie shoppe by the day students was considered by them to be one of the least pleasant parts of the day. The administration is to be complimented on their renovations.

This past week we have heard a rather unpleasant rumor. It has gone about the campus that one of the two following conditions exists: (1) that a certain student has just died; or (2) that his father has just died. Any of the Senior science students who can set our minds at rest will be doing us a great favor.

The loud noise you have heard from Austin Hall has been caused by the two radios in the room of Paul Loughlin, Louie Dacud, and Jack O'Connell. Loughlin's set is one of these midget affairs: small distance, small volume, and small size. We understand that Paul has had some difficulty in finding a suitable place for the set — he has moved it all around the room in hopes of locating a spot where it will function better than it has in the past.

When Ed Manion came back this fall, he brought with him a bag of golf clubs that would do credit to a Bobby Jones. Ed has sufficiently recovered from dragging the bag from Tulsa to Villanova to practice a bit on the campus. If equipment and practice mean anything, the "Cowboy" should be the next National Open Champion.

We'll mention no names, but a certain "Coal Cracker" is going to bring down a pair of skis with him when he returns from Forty Fort after the Thanksgiving vacation. Just what he plans to use them for remains, as yet, undisclosed.

Did you know that: Bill Conway and his white blazer seem to be inseparable? The price of haircuts and shaves has advanced a nickel? Fr. Bartley, dean of the School of Commerce and Finance, is one of the heads of the NRA along the Main Line? Prof. Duncombe, formerly head of the chemistry department, is now selling automobiles? Two former professors here are frosh in Temple Medical School? That, among other courses, Temple offers one in tap, aesthetic, and ballroom dancing? If you don't think Rosemont College has opened, ask a certain varsity lineman, and he will tell you that you are wrong?

COLLEGIATE NEWSREEL

WELCOME return, seigniors—also Juniors, Sophs and Froshmores. Once more, hullo, hawaia, what-you here? and other tokens of fond regard at seeing yo'all around again. Most of you have probably gotten over your handshaker's cramp, but some few are still lugubriously examining their paws bemoaning their excess of popularity.

While you and you and you were flitting hither and yon about the campus looking for new books and old faces, the pilot of this yere craft has been nosing in and out of other collegiate harbors searching for odd cargoes of news that might be smuggled into Villanova without being "spotted" by the editor.

Having hove to in the placid waters of the lower Hudson, the chief bilgemen and I got a hop over to Manhattan on a passing tugboat, and upon disembarking made for the nearest fraternity house. In browsing around good old Kappa Omega Tau we happened to pick up a copy of The Intercollegiate Digest, a paper of no particular affiliation. Seamen such as we couldn't help but note that six sailor boys from Cornell were starting out on a two years' trip of adventure to the South Seas in their trusty schooner. While the expedition is primarily of a scientific nature, the lads admit that they expect to spend most of their time digging for Captain Kidd's buried treasure and in learning how the native Pago Pagans knit rubber bands for little boys' slingshots.

According to an eminent psychologist of Long Island University, college men who have been long addicted to reading detective stories will soon have a chance to put some of their pet theories into practice. The demand for college-trained detectives is steadily on the increase, according to this professor, in the hope that in them will be found the solution to the present crime wave. It is rumored that one of the sleuthies up at Temple has nearly solved the mystery as to what happened to the goalposts after that memorable contest of last year when the beloved Owl got in the way of a shower of mud from the paws of a slightly irritated Wildcat.

The nicest bit of gossip we've had from Winchell in a long time is that when the boys were getting set to found Colgate University and Hamilton College, they went out on a wild party, and when they got back they put two institutions in the wrong places—Colgate University being located in Hamilton, N. Y., and Hamilton finally planting itself in the town of Colgate.

Having always been fascinated with the name, Peoria, it was with delight that a copy of The Bradley Tech was pondered over the other night. Peoria, it would seem, is on the boom; in fact, it was never off it to judge by the number of "Sugar Bowls," etc., advertising. Speaking of pie shoppe reminds us of one of the signs we happened to see swaying in the hurricane the other day. It evidently betokened a pie shoppe, but the funny part was the huge sign right below it with just one word emblazoned on it—"BEER"!

From Brooklyn Poly comes heartening words for our shock absorbing engineers. A clarification of a puzzle that has long existed in the minds of many as to what is to become of the increasing yearly production of future bridge builders, dissectors of dynamos and tenders of boilers is given in an interesting editorial in The Polytechnic Reporter. In brief, it is an admirable refutation of a common opinion that there are too many engineers. "It is true," the article states, "that there may be too many technicians but there can never be too many engineers if engineers realize that they must solve economic and social problems, as well as purely technical propositions. There is a great field for the engineer to apply his accomplishments toward the improvement of living conditions not only in a technical sense but in a manner that would greatly aid the betterment of society." Having read these few words, one can more readily understand the particular bond of friendship that has always existed between the artsmen and the engineers at Villanova, for it has long been the impression of the former that the business of solving the difficulties of the world might well be shared with the men so adept at solving the intricacies of boiler-plate machinery.

The Salt-Shaker

CATHOLICS AND LEADERSHIP

AT A TIME like this, when so-called representative governments are becoming more and more autocratic due to the critical conditions so widespread, the question of leadership is forcibly thrust upon the world's attention. At perhaps no other time in history were men more in need of leaders than they are today. They are weary of wandering about in a philosophical, political and economic wilderness. They demand a Moses. The turning to dictatorship which has characterized the history of Europe in the last decade is an indication of this yearning for guidance.

Equally as striking as the urgent need for competent guides, is the lack of such guides. Masters of ballyhoo there are a-plenty; but real captains, very few.

And the reason is, we think, very simple. For a man to be a leader, he must know, among other things, where to go and how to get there. He must be, first of all, convinced that there really is somewhere to go, and not think that mere motion without direction is progress. Again the leader is expected to have a clear idea of how to set about attaining the objective. Now the men of our age who are divorced from the Catholic tradition (that is, who no longer hold the basic tenets of Catholic Christianity) fail in just this—they do not know whither they are heading. Though dimly conscious that man is apart from and superior to the material world about him, they have not a clear idea of man's end. That the creature is destined for another and more perfect life, they do not understand. To the man of un-Catholic thought, life is something of a puzzle—with the key-piece left out. Is it any wonder that he cannot guide others, when he himself knows not where to go?

And that brings us to our point. Putting aside any consideration of the psychological aspect of leadership, the Catholic is eminently fitted by his training as a Catholic, to lead men. First of all he knows with certainty that "we have not here a lasting city," since the world is only a temporary home, the eternal abode being Heaven. Hence the goal, the objective toward which men should be working, is clearly defined in his mind. Knowing this, he can distinguish between what aids men to attain the end for which they were created and what merely contributes to temporal comfort. He is aware that happiness is momentary, and when the sting is gone he has gained nothing.

In addition to recognizing the goal of humankind, the Catholic is reasonably sure of how to set about attaining the objective. He is, in a sense, the heir of the ages. He is a part of that culture which informed Europe and gave it a soul; which conquered and then civilized the barbarian; which in its vitality hurled back time and again the hordes of the East pressing upon its frontiers; which survived the fierce assaults of those who rebelled against it in the 16th century, and which is today as vigorous and resourceful in its opposition to the new Paganism as when in its youth it overthrew the old. In the Catholic, one might say, is summed up the countless lessons learned in 1900 years. As a consequence of his rich heritage, the Catholic stands before the world equipped, as none other, to lead it.

The future of this world of ours depends, in great measure, upon men of the Catholic tradition. They must lead men from today's chaos to tomorrow's order. Theirs shall be the task of translating a sane philosophy into sane action. In every sphere they must make their influence felt. Under God the world will be saved from disaster through the preservation of Catholic principles — or it will not be saved at all.

Charlie: No, is there one missing?

A Friend in Need

(The following satirical poem is reprinted from the Catholic Press, of Sydney, Australia. "Reuter's" may be interpreted to mean any one of several news services with which we are all familiar.)

When the journalist, jaded, is chewing the cud
Of ideas that are barren and stale,
When the mind of the writer seems made up of mud
And his paragraphs feeble and pale,
What source of assistance will Providence send,
What ground shall he now reconnoitre?
With a sigh of relief he remembers his friend,
The rich, irreplacable Reuter!

Ten paragraphs bloom at the point of his pen,
And all sorts of topics escape—
For, look you, a man in New York has a hen
Which lays eggs of triangular shape;
In Prague they have painted the Postoffice pink;
Budapest has a "Joy Week" in store;
A woman of Flushing, who slipped down the sink,
Has been picked up three miles off the Nore.

A sailor in Venice has eaten his aunt,
Whom he baked in an elegant pie.
O Boy, can you beat it? You know that you can't.
So it's rash and mistaken to try.
A Turk in Vienna, aged eight-score and two,
Has wedded his twenty-third wife;
Little items like those, what a lot they can do
For to brighten the journalist's life!

At Athens on Tuesday they had a sharp fall
Of green hailstones with pennies inside;
At Buzzibalioo on the Bay of Bengal
The world's oldest donkey has died;
At Naples—but there; 'tis on topics like these
I elaborate, comment, and loiter;
So what I would say is, Hats off, if you please,
To the ever reliable Reuter!

Trouble Afoot

First Prof.: You're looking downhearted, pal. What's on your mind?
Second Ditto: A piece of my wife's.

Gouger: Chicken croquettes, please.
Waiter (one time baseball umpire): Fowl ball!

He: Do you like meatballs?
She: I don't know, I never danced at one.

For the benefit of the uninitiated, this is the contributions corner. All budding and non-budding poets and would-be jokesters may drop their contributions in the box at the entrance to the dining hall.

Father now broadcasts from Heavenly stations.
He was bumped off for razzing His wife's relations.
—Buffalo Evening News.

As far as we can see there is no justice in this upside down world. The prize story is now coming folksies.

I love the laughter of a child
The freedom of life in the wild—
Perfume from a field of clover.
(I also love my eggs turned over)
—Buffalo Evening News.

If this is the best that the Buffalo News can do, let us stick to the native sons' sporadic abilities.

LEADERS OF THE 1934 SENIOR ANNUAL

John Corkill (left) and Edward Ocelus (right), who have been appointed editor-in-chief and business manager, respectively, for this year's Belle Air and who will be responsible for the success of the production.

Six New Officers Elected To Lead Literary Society

William Zeil Wins Presidency for New Season

TALKS PLANNED

The Villanova Literary Society opened its season with the installment of new officers on last Monday night. William F. Zeil, a senior in the School of Arts, is the president of the organization for the coming year. His fellow officers are: Vice-president, Harold D. McGrath; Recording Secretary, Francis J. McGinley; Corresponding Secretary, Robert G. McGrory; Treasurer, Paetrus F. Banmiller, and Sergeant-at-Arms, Edward F. Kilbane.

At the meeting Joseph T. Jonas, the moderator, gave a brief outline of the work which is in store for the society this year. The most difficult task is the clearing up of a large debt which is owed by the Belle Masque chapter. The deficit was caused by the enormous expense of producing "Macbeth" and "Richelieu." To accomplish its purpose, the Belle Masque hopes to stage a number of short plays during the first semester. When these obligations are met, the organization will begin work on a major production. Just what type of a play this will be has not been decided upon as yet.

Professor Jonas is introducing a new policy in the way of entertainment at the meetings this year. It is his desire to make the meeting on Monday evenings a pleasure for the boys. Members of the faculty and outsiders are being secured to address the gatherings. Members of the organization are also being called upon to present diversion. President Zeil is chairman of the entertainment committee.

The Beta Gamma chapter is also looking forward to a big year. The chapter is a member of a debating league that was started in Philadelphia late last spring. Besides Villanova, the league includes La Salle, Temple, University of Pennsylvania and the evening school of the same institution. Villanova will meet each of these teams in a home and home debate. The purpose of the league is to foster debating in and around Philadelphia, and to strengthen the friendship existing among the institutions represented. The Beta Gamma also intends to meet other colleges and universities which are not in the league. A schedule of debates will be announced in the near future by the manager of debate.

POSITIONS AVAILABLE

VILLANOVAN Candidates Asked to Report at Regular Meetings

Candidates for positions on the VILLANOVAN staff are still being given an opportunity to fill the various openings that are available.

Upperclassmen are especially requested to avail themselves of this opportunity. Promotions later in the year will be made mostly from this group, and those with ability will be the ones rewarded.

All resident students who are desirous of applying for positions, together with those candidates who have already submitted their names, are asked to be present at the regular meeting of the staff in the VILLANOVAN office, 222 Mendel Hall, immediately after chapel tonight. Day students will report to the same office tomorrow afternoon at 1 P. M.

BUILDINGS UNDERGO MANY RENOVATIONS

Improvements in Pie Shoppe Are Among Most Outstanding

DORMITORIES REPAIRED

With the opening of the college this semester returning students were immediately confronted with a multitude of renovations and improvements that have been made upon the campus to restore it to first-class condition after a year of use.

First and foremost among the improvements is the pie shoppe. In Louie's famous food palace a partition has been built which runs parallel with the counter. It is composed of wood at the bottom, and the upper half is built of wire screening. The floor was painted gray, and the walls and ceiling were painted a two-tone color of blue and white. Receptacles were placed in various spots for cigarettes, paper and the like. The entire place was given a thorough cleaning, and everything was polished smooth and clean. Likewise, in the barber shop old mirrors have been replaced by new ones, and the tiles have been cleaned and repaired.

Upstairs, in Mendel Hall, the procurator's office, which was only temporary after the monastery fire and was situated where the parlor originally was, has been moved to new quarters in the former office of the Engineering dean and the small ante-room adjacent to it. The parlor has now been restored to the students for the use of their guests. The dean's office has been moved to the former senior electrical measurement laboratory.

The publicity director was also given his own private office, in the rear section of the former mimeograph office, where a partition has been built running into the space where the electrical laboratory was.

In order that the day students might have a place in which to study in their free time, the old machine sketching-room has been renovated for them. The old machinery was taken out and tables and chairs put in. The equipment from the room has been moved upstairs to the freshman drawing laboratory for the present time.

The student dormitories were next in line for repairs. New beds and mattresses were provided in many places. Austin Hall was painted on the inside, and Alumni Hall was given a new coat of paint from top to bottom on both inside and outside. Other minor repairs and improvements were also made.

At the same time the dining room was cleaned thoroughly, the tables and chairs being revarnished and the equipment being repaired and replaced wherever necessary.

Moderator Names Belle Air Editor

Continued From Page One

appointment. "The Belle Air should be an unusual class book if the activities that the seniors have already taken part in are any criterion."

Mr. Corkill, a resident of Mauch Chunk, Pa., and an alumnus of the local Catholic High School, is a Senior Art's student and is qualified for his new post by virtue of his experience as a member of the editorial staff which published his high school year book. He is a member of the College of Arts' fraternity, Epsilon Phi Theta.

Mr. Ocelus is especially fitted for his position as business manager inasmuch as he served as an assistant in this capacity to last year's head of the Belle Air's business staff. A Senior pre-medical student and a native of Port Carbon, Pa., where he attended St. Stephen's High School, Mr. Ocelus is starting his fourth consecutive year as a member of the Lambda Kappa Delta fraternity and his third season as a member of the Junior Varsity football squad. He is also business manager of the Mendel Bulletin.

Tentative staff appointments for the annual have been made and submitted to Fr. McCall, who is expected to announce the names in the near future, according to Mr. Corkill.

M'GEEHAN'S DEATH GRIEVED BY COLLEGE

Professor, Coach and Alumnus Esteemed by All Who Knew Him

SUFFERED LONG ILLNESS

Continued From Page One

prenticed to a machinist and worked at that trade until the year 1903, at which time he came to Villanova Prep. He started his athletic career, playing varsity football and baseball, and was chosen captain of the football team in 1906. He commenced his studies at the college in 1908 and received his degree in Electrical Engineering in 1912.

Simultaneous with his graduation, Mr. McGeehan was appointed varsity baseball coach and instructor in Electrical Engineering. Within a short time he was made graduate manager of athletics and in 1919 qualified as a full professor of Electrical Engineering. Mr. McGeehan was intensely active in all of these three positions and was the source of many a cheer in the field of sports. As a professor, he was esteemed and respected by his students who recognized his genius and understanding. He retained all his positions at Villanova until his forced retirement a year ago.

In the early part of May, 1932, Mr. McGeehan was awarded the Alumni prize for being the most outstanding and energetic alumnus in the service of the college. He was the first to receive the award, and was given a banquet which was attended by the members of the faculty.

Every alumnus acquainted with Mr. McGeehan still hails him as the most active figure in alumni service work and organization. He was known to be the essence of alumni spirit at Villanova.

Funeral services were held on Monday morning, July 3, at St. Patrick's Church in Norristown. Mr. McGeehan is survived by his wife and three children, and also by four brothers and two sisters.

Augustinian priests attending the funeral were Rev. Charles J. Melchoir, O. S. A., Rev. Joseph M. Dougherty, O. S. A., Rev. James H. Griffin, O. S. A., Rev. Edward G. Dohan, who served as sub-deacon; Rev. John S. O'Leary, O. S. A., Rev. William Doyle, O. S. A., Rev. John Baker, O. S. A., and many others.

Pallbearers were Charles H. McGuckin, '18; Joseph B. Connell, '26; Arthur J. Blanche, '27; Thomas F. Crane, '28; Charles B. Laughlin, '23; Thomas M. Dalton, '12.

Dial-Log

Since so much leisure time is spent listening to the radio, the VILLANOVAN feels that it is not amiss in presenting news which comes directly from the various networks concerning present and future broadcasts. Direct connections have been made with the three leading chains and each week we shall pass on to you any and all of the news which will be of interest to the student body.

Radio interest at present is centered on the development of the new Amalgamated Broadcasting System. The famous stage and radio comedian, Ed Wynn, is at the head of this new venture and is doing great things to put its programs in a class with Columbia and National broadcasts. The first of this chain's offerings began last week and were sent out to listeners in this vicinity through WPEN. This small local station is making great progress and, upon the completion of its beautiful new studios in the Radio Center in Philadelphia, will have as fine facilities for broadcasting as any station in the city.

Now to get to new programs which will start in the near future. "Ollie" Olsen and "Chick" Johnson, famous movie comedy team, will supply the humor in a new series of broadcasts which will be heard every Friday at 10 P. M. over the Columbia Network. The World's Series will be broadcast this afternoon and every afternoon till its completion over the NBC and CBS starting at 1.30 o'clock. The well-known and ever popular Jack Pearl (The Baron, to you, suh!) will start his fall engagement on Saturday night at 9 P. M. when he teams up with Al Goodman and his band for a half-hour broadcast.

Just by way of diversion, the band from Eastern Penitentiary in its broadcast Saturday night after the riot at Cherry Hill featured as a dance number, "Trouble in Paradise." Maybe it isn't so bad up there after all. Everybody's favorite, Fred Waring and His Pennsylvanians go on tour after his next broadcast and have concerts arranged for Buffalo, Chicago and Philadelphia. On Wednesday night at 9.30 over the Columbia hook-up, Cardinal Hayes and President Roosevelt will deliver addresses to the National Conference of Catholic Charities which are holding a convention in New York.

For those interested in radio sketches, here is an interesting item. "Grand Hotel," a series of sketches written by Vicki Baum, authoress of the famous book by that name, will be heard over WJZ every Sunday at 5.30 P. M....The reigning popular favorite, Glen Gray and His Casa Loma Orchestra, will soon leave the Glen Island Casino where they have been playing all summer and, after a brief tour, will again be heard from the Essex House in New York. Rumor has it that George Givot, the Greek Ambassador of Good Will and Mae (Why Don't You Come Up Sometime?) West may be featured in a new series of broadcasts, that will be funny.

Sideline Slants

By the Sports Editor

HAVING been rudely awakened out of a mental lethargy into which, perhaps we have collapsed during the summer, we find ourselves once more in the throes of college work. We are here, so let's make the best of it.

• • •

IT SEEMS to be the custom every year for each sports staff to criticize the cheering section. As you probably have heard, this needs to be done this year more than any other year. The impression seems to prevail among the upper classmen that the freshmen can do all the cheering. The upperclassmen feel that they are attending the game as spectators, that they are not part of the game, just giving the school a break. Whether it is a superiority complex or merely that they feel that upperclassmen should be dignified, we are at a loss to explain. Perhaps the majority of students have not heard about President Roosevelt's NRA. The motto behind it is, "We do our part." From the sound of the cheering at the past two games, this might be a good thing to keep in mind. Villanova's cheering is done when the team is ahead, when they don't need it. The time for a little spirit is when the team is behind, when they really need it. In all such columns as this, the cry has always been "School spirit." That is just so much talk. The students would not bother to attend the games if they were lacking in school spirit. There are some who never attend a game, or very few. But this type of person cannot be considered. They have no sense of sportsmanship and are coming to school to learn what can be called "book larnin'." There is more to a college education than merely attending classes and then going home and going to bed. The freshmen certainly did not come up to expectations, but there is some excuse for that. Either they don't know the cheers (all the cheers called for Saturday were in the book) or they were suffering from stage fright. Perhaps a few noticed the spirit shown by the fair sex on the opposing side. One of the greatest lessons that can be learned in this respect comes from witnessing an Army-Navy game. Everybody does his part, and the game is the better for it. You who have done your part, accept our apology for this sermon. And you who have fallen down on the job, think it over.

• • •

HAVING two games under their belt, the members of the football team are to our way of thinking, showing more spirit than we have ever seen in the past few years, all of which looks bad for our opponents. A recent addition to the coaching staff was made in the person of Marty Gezzer. Marty has been chosen as an assistant to Line Coach Bob Regan. In this respect, we feel that no more valuable addition could be made, because Marty in three years of varsity competition showed us all that he had what it takes. Marty, as the saying goes: "Knows his onions," and from witnessing several practices, he also has the ability to impart his knowledge. Here's hoping, Marty, that you're here to stay.

• • •

THE policy of the paper this year is slightly changed. By that we mean that the manner in which the news is going to be offered will be a little different. Perhaps you have noticed in reading sports stories that the most interesting parts were little human interest stories and statistics. We have one reporter on the staff whose job is to gather statistics during the games. Such figures give a more exact comparison between the teams and furnish interesting reading matter. For the fun of it, may we state here that all stories appearing on the sports page are our own, and are not taken from any other paper or magazine unless so stated.

• • •

A PROBLEM which has been causing much comment of late is the business of taking friends to the game. The rule from the athletic office is that all students must sit in the section reserved for them. If they wish to take a friend (be it male or female) they must buy two tickets, one for their guest and one for themselves.

TRACK BOWLING FOOTBALL SWIMMING

CATS DEFEAT TEACHERS, 45-0

PHYSICAL TRAINING COURSES FOR FROSH TO BE COMPULSORY

Coach Harry A. Stuhldreher Plans Intensive Intra-Mural Program

UPPER CLASSMEN EXCUSED

Complete Facilities Offered and Latest Equipment Available in Gym

The extensive program of physical education which was undertaken last year will be continued this year and it is hoped that even greater strides will be made along this line, according to an announcement by Coach Harry A. Stuhldreher who is in charge of the work.

All freshmen will be required to report to the gymnasium each week and go through the calisthenics and other forms of exercise which have been prescribed for those taking this course. The course does not include exercises alone. There have been added games, such as basketball, volleyball and other forms of indoor sports. Exemptions from this course are only granted to those who are at present participating in freshman football. As the year progresses and other forms of sport arise, the members in the class of '37 who take part in these will likewise be excused from attendance as long as their special form of athletics is being practiced.

The coaches in this course are picked members of varsity teams who have been trained by Mr. Stuhldreher. The students therefore derive not only exercise, but also many useful pointers in athletics which can be given only by men experienced in the various forms of varsity sport.

The finest possible facilities are available for the carrying out of this program because of the new modern equipment which may be found in the spacious modern gymnasium which was completed in 1932. At a large expense a swimming pool was added so that complete facilities are available at all times.

This training is compulsory only for freshmen, the upper classmen not being required to take part because of the extensive program of intra-mural sports which has been planned.

Our Predictions—How Good Are They?

Following the custom that has been set in the preceding years, the sports staff picks, weekly, the winners in the various games to be played on the following weekend. The first team is the one picked to win:

Colgate vs. St. Lawrence.
Dartmouth vs. Vermont.
Fordham vs. Muhlenberg.
Manhattan vs. Oglethorpe.
Notre Dame vs. Kansas.
Princeton vs. Amherst.
Southern California vs. Washington State.
Army vs. V. M. I.
Navy vs. Mercer.
Wisconsin vs. Marquette.

Coach Bob Regan Issues Call for Runners and Field Men

FENSTEMACHER IS CAPT.

An early call for candidates for the track and field squad has been issued by Coach Bob Regan and all those interested in track should report any afternoon to Mr. Regan at the gymnasium. No other sport on the campus has been hit as hard as track through graduation and men leaving school.

More than a dozen veterans have gone, and all that remains of Mr. Regan's squad are seven veterans. Among them are Joe Fenstemacher, star in the 100-yard dash and present holder of the Villanova stadium record; Jocko Hurley, another dash man; Carl Hickey, three-place winner in the University of Pennsylvania Relay Carnival; Jumbo Elliot and Alex Kramer, sole survivors of the undefeated relay team; William Burt, pole vaulter, and Jim Downey, of the cross-country squad.

The 1933 varsity track squad was undefeated and untied in the three dual meets in which it engaged during the past season and earned many points and places in the Penn Relays.

This year the track team is expecting to take on an even more difficult schedule than in former years and in order that Villanova may continue its good showing on the cinder paths, as many men as possible should report to Bob Regan.

Bowling League Planned

It has been announced that a bowling league will be formed shortly if sufficient interest is shown.

Villanova's Future Opponents Show Mid-Season Form in Routing Rivals

In trying to predict the future of Villanova's 1933 football machine, a review of how our opponents have fared during the past weeks does not give the Wildcat warriors a very bright forecast.

After watching the Temple-South Carolina fray, both future opponents, it was quite evident that neither game will be a "set up." South Carolina, although severely thrashed by the Cherry and White, showed signs of great power and it was very clear that the team was suffering what is classed as an "off day." Undoubtedly their mettle will be greatly sharpened by this Saturday.

Gettysburg and Bucknell have each won their opening games with apparent ease and these teams are expected to cause no little worry for Captain Randour and his followers. Manhattan, the Wildcats' opponent on October 28, has already won two games, beating St. Bonaventure College and Clarkson.

The opponent of the following week, Albright, suffered the worst defeat of all of our future rivals when they were downed by the powerful Fordham eleven to the tune of 52 to 0. Boston College ran roughshod over the scrappy little team from St. Anselm's by piling up three touchdowns and swelling the total by kicking two extra points. The final score being B. C., 22, St. Anselm's, 0.

Our final opponent of the season, Rutgers, beat the Franklin and Marshall aggregation, 10-0.

Villanova Held to 7-7 Tie By Fighting Ursinus Team

Kotys, Wildcat Star, Breaks Leg in Ursinus Game; Brodnicki, Bulwark of Wildcats' Offensive Attack

CATS' ATTACK FAILS AGAINST BEARS

Six Wildcat Players Score as Teachers Are Defeated

The Villanova College football team opened its 1933 campaign against the West Chester State Teachers' eleven on September 23, coming out on the long end of a 44 to 0 score.

Villanova scored in the first four minutes of play when Vince Zizac broke through to block a kick by Robinson. The ball rolled into the end zone and was covered by a State player, giving Villanova a safety. After the ball was put in play again, the spectators were treated to the first show of real football. Coach Stuhldreher's men carried the ball from their own 25-yard line to their opponent's 35-yard line in a series of quick smashing plays. There the 'Cats met with stiffer opposition, and Cook got off a quick kick that barely rolled into the end zone. The ball was returned to the 20-yard stripe, and on the third play Robinson fumbled and Cooke made a diving recovery on the 25-yard line.

Captain "Whitey" Randour and Weisenbaugh carried the ball to the 9-yard line, and Cook broke through tackle for the touchdown. Bernie Lee kicked the extra point. The remainder of the first quarter was filled with an exchange of punts, the ball finally resting on the Villanova 42-yard stripe, in their own possession.

In the opening of the second quarter, Cook and Weisenbaugh failed to gain through the line, then Randour got off a quick kick to the Teachers' 23-yard line. The visitors failed to gain in their first two plays, then Zizac again broke through and blocked another of Robinson's punts. The ball struck Zizac on the chest and bounded into the air. Vince caught it and ran a few yards before he was smothered under an avalanche of State players on the 12-yard line. Randour carried the ball over the line on the next play and also converted the extra point.

State took the kick-off on its own 30-yard line and advanced it to the 47-yard line. An intercepted forward pass paved the way for another Villanova score. Immediately following the interception, Villanova was penalized 5 yards for overtime. A short pass, Cook's 45-yard run, and several driving plays by Randour and Weisenbaugh soon placed the ball on the 2-yard line. This time Weisenbaugh took it over. Several minutes after the kick-off Marion intercepted a forward pass on the Teachers' 30-yard line and he, with the aid of Kotys, advanced the ball to the 2-yard line once again. Wetzler scored standing up on an off-tackle play. The half ended with the ball in Villanova's possession on the Teachers' 41-yard line.

During the first half, West Chester had earned only two first downs, both on passes. They now began a fiery offensive, but during an attempted pass, Renshaw, a substitute halfback, suffered a fractured knee. Later he was removed to the Bryn Mawr Hospital. This seemed to affect the State players, and they fumbled again. Blanchard recovered the ball for the 'Cats on the State 7-yard line. Then came a 15-yard penalty for holding. Randour made 12 yards around left end, and Weisenbaugh

Ursinus Ties Up Fray in Closing Minutes of Battle

A band of plucky footballers from Ursinus College scored a moral victory over an ineffective Villanova gridiron machine when they held the Wildcats to a 7 to 7 tie, Saturday, at Villanova, while 5000 spectators wilted in a hot sun.

Failing to click effectively in the first half, the 'Cats came back in the third quarter and, displaying the football that they are capable of, marched to the two-yard line. Here Nick Kotys, who was later carried from the game with a fractured ankle, toted the pigskin over the remaining yardage. Barney Lee was called out of the line and kicked the extra point.

The Bears' tally came in the fourth period when Calvert, whose specialty is passes, was substituted in the Ursinus line-up. Sam Levin, right tackle for the Bears, recovered a Villanova fumble on the Ursinus 43-yard line. On the first down Calvert stepped well behind the line of scrimmage and heaved a pass to Price for a gain of 11 yards. The next attempt was incomplete, but the third pass attempted by Calvert was caught by Bradford for a first down on Villanova's 25-yard line. Time was called and Villanova made a substitution that was declared illegal, placing the ball on the 20-yard stripe. Calvert once again retreated and heaved a high pass which nestled in the arms of Seiple who was in the end zone. Schuman knotted the count by placing the kick over the uprights.

Villanova clearly outplayed the Collegeville team, gaining 250 yards from scrimmage while the Bears were only good for 50 yards. Fourteen first downs were garnered by the Wildcats against four for Ursinus, but Villanova was set back 65 yards for infractions of the rules while Ursinus lost only five.

First Half

Villanova received and started the game strongly, carrying the ball from their 34-yard line to the Bears' 22. Here the Collegeville team held and Lee came out of the line and missed a try for a field goal. Villanova fumbled and R. Johnson recovered for Ursinus. With the ball resting on the Wildcats' 21-yard stripe, their possession was short, for Shuman's forward was intercepted by Patzach on the next play. Randour kicked to Shuman who returned the oval to the Villanova 40-yard line.

At the beginning of the second quarter the Bears gained three yards in as many attempts at the Villanova forward wall. Shuman once again brought his trained toe into action as he placed a coffin corner-kick out of bounds on the 'Cats' 8-yard stripe. Randour again punted to Shuman who returned the kick to Villanova's 40-yard line. Shuman kicked out of bounds, this time on the Wildcats' 13. Wetzler, aided by Randour, made first down. Marion added eight, and a lateral, Cavanaugh to Randour, was good for five more and a first down on Villanova's 38. Wetzler went around right end for nine yards and Randour made first down at midfield.

Second Half

Randour returned to action, and after several plays the Villanova

Intra-Mural Sport Program Posted for Coming Year

Football, Volley Ball, Basketball Featured in the New Schedule Arranged by Coach Harry Stuhldreher

SWIMMING, BOXING ALSO INCLUDED

The intra-mural program, the most successful of Villanova's new athletic undertakings, will again be continued this year with its aim to build up an even greater athletic competitive spirit between the halls on the campus. Five teams are to be represented—Austin Hall, Alumni, Fedigan, Mendel and the Dayhops.

The program for the past year was arranged so as to support at least two, and sometimes more, sports at one time. This was done with the thought that more boys would participate, but experience has proved that the backbone of each sport was carried on by practically the same boys. As a consequence these boys were taxed too severely physically. With this thought in mind the following schedule has been arranged for the current school year:

Oct. 1 to Dec. 1—Touch Football
Dec. 1 to Holidays—Volleyball
Jan. 4 to March 1—
(a) Two Rounds of Basketball
(b) Swimming Championship
(c) Boxing Championship
(d) Wrestling Championship
March 1 to April 15—Soft Ball
April 15 to May 20—
(a) Baseball
(b) Tennis Tournament
(c) Track Championship
(d) Golf Championship

The championships are only one-day affairs, and with such a wide variety no student should be taxed too severely.

The game themselves will be run in much the same manner as in the past. Schedules will be posted in the various dormitories and bulletin boards about the campus. All candidates will report to the team manager or moderator before the game and express their desire to play, and every student will be given ample opportunity to compete.

FENCING TO BE ADDED

R. Henri Gordon Will Meet Candidates Thursday Night

R. Henri Gordon, former assistant coach of fencing at Yale University, will make an appearance here Thursday evening for the purpose of organizing a fencing team at Villanova.

With the co-operation of the student body, Mr. Gordon intends to add fencing to the other sports participated in by the students of Villanova. Undoubtedly this would be a welcome addition, for fencing as a sport has always occupied a place in all the larger universities and clubs throughout the country. Mr. Gordon, who is recognized as one of the leading fencers in the country, will undertake the formation of a team that will meet other prominent fencing aggregations.

Fencing has always been considered one of the fastest and most strenuous of sports. A ten-minute workout is sufficient for any normal individual, and it is through this medium that complete co-ordination of eye and muscle can be attained.

VILLANOVA ROMPS AGAINST TEACHERS

Six Wildcat Players Tally to Pile Up Huge Score in Opening Game

CAVANAUGH KICKS GOAL

Continued From Page Five

was stopped at the line of scrimmage. Then "Toby" Cavanaugh warmed the hearts of many "old-timers" by sending a perfect drop-kick squarely between the uprights from the 22-yard line.

Just before the end of the third period, Michaels, a Villanova guard, blocked another kick, which bounded into the end zone and was promptly captured by O'Donnell. Randour again kicked the extra point.

In the opening of the final period, State made its best offensive showing of the game, carrying the ball from their own 30-yard line to the 'Cats 22-yard line in nine plays. Villanova strengthened perceptibly and held its opponents on downs. Then came some of the flashiest playing of the day. Jimmy Walsh made 31 yards on the first play and 10 more on the next. Marion hit center for 2 yards; then Johnny Higgins went around right end for 33 more. Higgins also made the remaining two yards for the final score of the game. The game ended with the ball in Villanova's possession on the State 29-yard line.

Villanova	Position	WCST
O'Donnell	left end	Friend
Zizac	left tackle	McGinniss
Cox	left guard	Horrocks
Nowe	center	Fuoss
Lee	right guard	Bennett
Brodnicki	right tackle	Putsavage
Grimberg	right end	Sweikert
Cavanaugh	quarterback	Welch
Cook	left halfback	Robinson
Randour	right halfback	Garonis
Weisenbaugh	fullback	Guarini

Score by periods:

Villanova	9	20	10	6	—45
West Chester	0	0	0	0	—0

Touchdowns — Cook, Randour, Weisenbaugh, Wetzler, O'Donnell, Higgins. Points after touchdowns—Lee, Wetzler, Randour, 2. Field goal—Cavanaugh. Safety—Zizac.

Substitutions:

Villanova — Patzsch for Cavanaugh, Cavanaugh for Patzsch, Vidnovic for Cox, Michaels for Lee, Blanchard for Nowe, Johnson for O'Donnell, Marion for Cook, Patzsch for Cavanaugh, Wetzler for Weisenbaugh, Kotys for Randour, Loughlin for Zizac, Sullivan for Brodnicki, Michaels for Lee, Cook for Marion, Grimberg, Walsh for Weisenbaugh, Foster for Randour, Higgins for Patzsch, McGovern for Sullivan, Zimkus for Foster, Fleming for Zizac, Sullivan for Vidnovic.

West Chester — Satterfield for Friend, Kelley for Guarini, Warbel for Fuoss, Earle for Welch, Thompson for Robinson, Rincho for Garonis, Gerner for Horrocks, Heims for Satterfield, Renshaw for Garonis, Garonis for Renshaw, Kelley for Guarini, Thompson for Kelley, McNally for Bennett, Elicker for Sweikert, Earle for Welch, Heis for Friend, Fuoss for Horrocks, Boyer for Bennett, Guarini for Garonis, Steckback for McGinniss, Slattery for Guarini, Quinn for Heims, Garonis for Robinson, Doyle for Earle, Comstock for Fuoss.

Officials—Referee, Crowell, Swarthmore; umpire, McCarthy Germantown; head linesman, Evans, Ursinus; field judge, Palmer, Swarthmore.

SPECIAL TO GAME

Team to Leave for South Carolina on Thursday at 7.15 P. M.

The train bearing 39 members of the football team, managers, trainer, Alexander G. Severance, graduate manager of Athletics, and Raymond J. McKeon, publicity director, to the South Carolina football game to be played at Columbia, S. C., on October 7, will leave Villanova at 7.15 P. M., Thursday, October 5, and will arrive Friday at 12.30 P. M.

Round-trip fare will be $17.70 for any students who wish to go.

Returning the team will stop in Washington to attend Mass at St. Aloysius' Church, three blocks from Union Station.

Albert C. Wagner, alumni secretary has made arrangements for a large delegation of former students of Villanova to attend the game.

J. V. and 150-lb. Teams to Open Practice

Both Lightweight Squads Faced by Stiff Schedules

Lincoln Lenzi and Stan Wronski to Direct Fortunes of 150-Lb. Squad, While Hurlburt Will Coach Junior Varsity

J. V.'s HARD HIT BY GRADUATION

The Villanova 150-pound and Junior Varsity football teams begin training this week for two of the hardest schedules ever undertaken by these aggregations. The squads of the combined teams number about 80 men.

Due to the severe warm weather last week, practice of the 150's was confined to blackboard drills, but outdoor practice is scheduled for this afternoon. Coach Lenzi with his squad of 49 husky football toters expects that this season will be the most successful ever experienced by any athletic team on the Villanova campus. To reach this objective the team must face Penn, Yale, Manhattan, Rutgers and Lafayette.

"I am not predicting an undefeated season," said Coach Lenzi, "but I do expect a very successful one. As I look over my squad I see that every man is in perfect condition and waiting for the starting whistle. But before that whistle blows there is much to be achieved.

"Intensive drilling will start this afternoon," continued Coach Lenzi, "and I believe that the veterans of last year, combined with the new members, will form a very formidable and hard-to-beat club. Mr. Clark will act as our honorary captain this year, but due to an operation will not be able to play. A co-captain will be selected for each game."

He further stated, "The team and I hope that the student body will co-operate with us 100 per cent. We'll do our part on the field and we expect the student body to do theirs in the stands."

When interviewed Coach Hurlburt of the J. V.'s stated that he was very hopeful concerning the coming season, but that his former squad had been weakened by the loss of several through graduation and the absence of Paul Loughlin, stellar linesman of last year and Anthony Zimkus, both of whom have "graduated" as it were to the varsity.

A five-game schedule has been arranged for the Hurlburtmen. Among the formidable opponents are the Junior varsity teams of Pennsylvania, Lafayette and Rutgers and a team representing Carney's Point Y. M. C. A. The Lafayette and Rutgers games will be played at Villanova and the other two games are away.

Until the members of the squad are rounded into shape, light workouts will be held and scrimmages will be held in the near future. This is Coach Hurlburt's third year as coach of the Junior Varsity and he hopes to make it the most successful and outstanding season in the brief history of Villanova's Junior Varsity football teams.

Last season the J. V. schedule was comprised of virtually the same teams, so this year the team will have an opportunity to build up a better defense against the various systems of play used by the representatives of the different institutions.

YEARLINGS PRACTICE

Squad Small but Much Enthusiasm Is Shown by the Candidates

A squad of close to forty yearlings greeted Coach George "Doc" Jacobs last week as he began practice for the class of 1937 grid squad.

This is Jacobs' fifth year as Frosh football coach here. After graduating here, "Doc" served as head coach at Bethlehem Catholic High, leaving the Steel City after two years to return to his Alma Mater. In his time as frosh mentor, "Doc" has compiled an enviable record, his proteges having lost only one game in five seasons.

The 1937 squad is one of the smallest that Mr. Jacobs has had to work with, but the boys make up in enthusiasm and spirit what they are lacking in numbers.

A three-game schedule is to be played, but negotiations have been completed to date only with Penn State Frosh. This contest will be played at State College. The other teams will be announced at a later date.

VILLANOVA MEETS SO. CAROLINA SAT.

Gamecocks, Although Beaten by Temple, Offer Stiff Competition

GAME TO BE PLAYED AWAY

One of the hardest and stiffest teams to be encountered by the Wildcats will be met this Saturday, when Coach Stuhldreher takes his squad to Columbia, S. C., to meet the representatives of the University of South Carolina.

Followers of Villanova football will remember that the southern institution has virtually the same team which handed the 'Cats a 7 to 6 setback last year at the Villanova stadium. This was one of the most thrilling games of the entire season, and the Blue and White will have to rise to new heights over their last Saturday showing if they expect to defeat the Gamecocks.

The entire Villanova squad was present last Friday night at Temple stadium when the Cherry and White ran roughshod over the Southerners, but even under this terrific onslaught the boys from below the Mason and Dixon Line showed that they were to be sharply watched and the outcome of the game this week will be impossible to forecast.

Coach Stuhldreher has been considerably handicapped by the loss of fleet-footed Nick Kotys and will have to rely on his other lashy backs to keep a defeat from being chalked up against Villanova.

FIGHTING URSINUS CHECKS VILLANOVA

Jimmy Walsh's Long Forward to Charley McGee Lends Last-Minute Thrill

KOTYS SERIOUSLY HURT

Continued From Page Five

team was successful. Cavanaugh made a perfect pass to Randour who raced to Ursinus' 19. This pass, the longest in the game, was good for 41 yards. Randour was again forced to leave the game, and was replaced by Kotys. Wetzler gained three at tackle and Kotys added four more at the same spot. Kotys again slipped through the center for a first down. The ball was now resting on the five-yard line. Wetzler and Marion could only gain two yards through the Bears' forward line. Then Kotys raced around right end for a touchdown. Lee kicked the goal. Score, Villanova, 7; Ursinus, 0.

Ursinus kicked off to Villanova's 25. Kotys got loose again and made 27 yards around right end. He then kicked out of bounds on the Bears' 32. Wally Tropp on a plunge through guard, stumbled, got up again, and made 22 yards for the Bears' initial first down. Villanova stopped the Ursinus advance and Shuman kicked to Villanova's 25-yard line. A poor pass from center cost Villanova 10 yards. Patzsch punted to his 45-yard marker. After one play Shuman punted back to the 28. Kotys and Marion in three plays garnered another first down. Once again the Bears' forward line held and Patzsch placed a kick out of bounds on the opponents' 9-yard line. Shuman got off a beautiful punt which carried 54 yards and stopped on Villanova's 37-yard stripe. Here Kotys was hurt and had to be carried off the field. He was placed in the police car and taken to the Bryn Mawr Hospital. One more play and the period ended.

Randour punted and Michaels downed the ball five yards from the Bears' goal line. Shuman punted to his 30, then Randour passed to Patzsch for nine yards. Villanova then drew an offside penalty and Patzsch punted out of bounds on Ursinus' 10. Shuman was caught for a 7-yard loss. Then he booted to Randour who came up to his own 40 before he was spilled. A Villanovan was detected clipping and the 'Cats were set back 15 yards. Levin recovered Patzsch's fumble on the Bears' 43. Calvert then tossed three passes, the first to Price for 11 yards, the next was grounded, but the third was caught by Bradford on the Villanova 25-yard line. Villanova was then penalized five yards for an illegal substitution. Calvert then tossed a forward which was caught one-handed by Seiple in the end zone for a touchdown. Shuman then kicked the goal making the score Villanova 7, Ursinus 7.

After the ensuing kickoff, Randour broke loose for 27 yards to the Bears' 47. He then passed to Wetzler for nine. Two more aerials were attempted which brought a five-yard penalty to Villanova and the 'Cats lost the ball on the 36. Tropp smashed through tackle for 12. Here they were stopped and Shuman punted to Villanova's nine. Wetzler made three but Shuman intercepted a pass on the Main Liners' 21. Ursinus fumbled and Villanova recovered. Jimmy Walsh then tossed a pass to McGee who raced 51 yards. Shuman presented a touchdown by pulding him down from the rear as the game ended. Score, Villanova, 7; Ursinus, 7.

The line-up:

Villanova	Pos.	Ursinus
O'Donnell	left end	R. Johnson
Zizak	left tackle	R. Levin
Cox	left guard	Knudson
Blanchard	center	Rinehart
Lee	right guard	Grimm
Brodnicki	right tackle	S. Levin
Grimberg	right end	Harvey
Patzsch	quarterback	Shuman
Randour	left halfback	Tropp
Marion	right halfback	Seiple
Wetzler	fullback	W. Price

Score by periods:

Villanova	0	0	7	0	—7
Ursinus	0	0	0	7	—7

Touchdowns—Kotys, Seiple. Points after touchdown — Lee, Shuman. Substitutions — Villanova: Cavanaugh for Patzsch, Nowe for Blanchard, Kotys for Randour, Vidnovic for Cox, Foster for Lee, Michaels for Brodnicki, Walsh for Kotys, Randour for Walsh, Weisenbaugh for Wetzler, McGee for Grimberg, Patzsch for Cavanaugh, Blanchard for Nowe, Johnson for O'Donnell. Ursinus: Bennett for Rinehart, Sommers for Grimm, Bradford for Knudson, W. Price for Bassman, Knudson for Bradford; T. Price for Knudson, Calvert for Bassman, Bassman for T. Price, Rinehart for Bennett.

Officials—Referee: W. G. Crowell, Swarthmore; umpire: C. J. McCarty, Germantown Academy; linesman: E. M. Bennis, Penn; field judge: W. L. Cornog, Swarthmore.

'CATS' MEOW

HELLO, somebody let the Cat out of the bag.

—V—

However, they must have held on to its tail because last Saturday they just couldn't seem to get started.

—V—

Two games played: one victory, one tie . . . tsk, tsk, tsk.

—V—

Oh, well, all we have to do is win the remaining eight games and the Wildcats will have gone through an undefeated season.

—V—

Ed Michaels should have his helmet tied onto his belt with a string. Then he wouldn't have to walk back after each play and get it.

—V—

Famous comebacks:
The Vigilance Committee.

—V—

As we watch our future opponents' scores in the paper each week we get that funny feeling inside. Come on, you Wildcats!

—V—

The cheering section needs amplifiers or megaphones, or something. Maybe it's a new cheering section that is needed!

—V—

The football team's most famous combination seems to be: Walsh to Whoever's Runnin' Out for a Pass.

—V—

After hearing Charley Brodnicki on the field, we think that he should give the boys their pep talk in the locker room.

—V—

Someone should officially name him "The Old Fight" Brodnicki.

—V—

While passing the new Monastery, we heard a remark about the "chiselers" working on the building. Them warn't chiselers, sir, them war stone masons.

—V—

The favorite outdoor sport, viz: tearing down the old Monastery, seems to have seen its best days. There is only one more wall to go down.

—V—

Naturally the devotees of this sport are watching for this old chapel wall to go. We wish to announce now that official notice of its removal will not be posted.

—V—

South Carolina next! Don't let their showing against Temple fool you.

"Wildcat" Weisenbaugh About to Be Stopped by Ursinus Star

The picture shows the Blue and White ball toter off for a small gain against the fighting representatives of Ursinus College in the game played at the Villanova Stadium last Saturday afternoon. A few plays later Nick Kotys replaced Captain Whitey Randour and crossed the line for the 'Cats lone tally of the afternoon.

FRESHMAN PROGRAM HELPS YEARLINGS

Series of Talks Are Given to Acclimate Class of '37 Here

EXTENDS OVER TWO DAYS

Continued From Page One

should be corrected in regard to what makes up Catholic literature. "A book is truly Catholic," said Fr. McKee, "if it is sympathetic with Catholic ideals and principles, and if the spirit pervading it is in accordance with the Catholic philosophy of life. If it is a novel it does not have to deal with ideal situations in life, and shrink to mention sin and waywardness as long as it does not glorify sin or paint it in pleasing colors."

The Freshmen were cautioned not to stress their extra-curricular affairs to the neglect of their religious life in an address by Fr. O'Malley. The choice of one's friends with care was the keynote of the discourse given by McFeeley, while the manner in which the student council works as an intermediary between the student body and the college administration was explained by Cordiale.

Harter and Banmiller invited the Freshmen to try out for staff positions either on the VILLANOVAN or the Villanova Engineer.

Mr. Stuhldreher gave one of the most interesting and most lively talks of the series in his address to the yearlings. He outlined his listeners' positions in extra-curricular activities of the college, and especially in the field of sports.

He described the foundation of the sports program for the college and the particular details of the plans, with stress on the determination of the winners, were placed before the new student group. Mr. Stuhldreher concluded his discussion by stating that the intra-mural sports were instituted for the benefit of the students, and that it is their duty to strive to get the most out of this field of activity.

Monastery Work Advancing Rapidly

Continued From Page One

when they were tearing down the Monastery, complete plans for the new building had not yet been made. It was not known, therefore, whether that section of the wall would be used. Since then, it has been decided not to use the wall as it stands. If, however, the stones are needed, it will be torn down and the stones utilized. On the other hand, if the stones are not used, the wall will be torn down, and the stones removed from the premises.

Few Changes Noted In College Staff

Continued From Page One

Latin and philosophy, who has been transferred to Chicago.

Prof. Buechе, engaged to teach Electrical Engineering, has been associate professor of Engineering at Kansas State College since 1925. Mr. Buechе's name is widespread in its familiarity, and his achievements are notable and numerous.

Graduated from Wells High School, Steubenville, Ohio, in 1916, Mr. Buechе immediately entered the United States Naval Academy at Annapolis. In 1920 he completed his course at Annapolis and entered Villanova to pursue the course in Electrical Engineering. He received his Bachelor of Science in Electrical Engineering in 1922. Two years later he received his professional degree of the same title from Villanova and became associated with the Brooklyn Edison Company in their research department. This position he retained until 1925 when he accepted the position as assistant professor at Kansas State University.

There has been only one change in the School of Commerce and Finance. Due to the retirement of Mr. Fieck, professor of Merchandising, that course, will be taken over by William J. Thomson. Mr. Thomson has had seven years' experience in merchandising and at the present time is a research merchandiser for Strawbridge & Clothier. The course will be conducted every Monday night at 7 o'clock in Mendel Hall.

Paul D. Teel Made Director for Band

Continued From Page One

posed of very many members in its first appearance at last Saturday's game, it is thought that before the football season is over it will be augmented to comprise about 40 men. A statement from Rev. Bernard M. Albers, O. S. A., vice-president of the college, in regard to the size of the band, is as follows: "Due to the graduation and entrance into professional schools of quite a number of the members of last year's band, the band personnel at the beginning of this year was somewhat depleted. However, due to the recruiting from the incoming students from upperclassmen with musical talent and some experience, we expect shortly to have a band comprised of at least 40 members."

Fr. Ronan Selected For One-Day Retreat

"I" about Cigarettes

Of all the ways in which tobacco is used the cigarette is the mildest form

YOU know, ever since the Indians found out the pleasure of smoking tobacco, there have been many ways of enjoying it.

But of all the ways in which tobacco is used, the cigarette is the mildest form.

Another thing—cigarettes are about the most convenient smoke. All you have to do is strike a match.

Everything that money can buy and everything that science knows about is used to make Chesterfields.

The right home-grown tobaccos—seasoned with just enough aromatic Turkish—are blended and cross-blended the Chesterfield way.

Then the cigarettes are made right—firm, well-filled. Chesterfield uses the right kind of pure cigarette paper.

There are other good cigarettes, of course, but Chesterfield is

the cigarette that's milder, the cigarette that tastes better. Chesterfields satisfy—we ask you to try them.

Chesterfield

the cigarette that's MILDER
the cigarette that TASTES BETTER

ANNUAL HOMECOMING DAY FOR ALUMNI THIS SATURDAY HAS VARIED PROGRAM

Election of Officers for Coming Year to Be Held After Game; Changes Made in Constitution to Be Voted on; Financial Report to Close Meeting

TO MEET AGAIN IN JUNE

John T. Coan Not Running for Re-Election to Presidency

The Villanova College Alumni Association will hold its annual homecoming day this Saturday, October 14. This will be earlier than last year's date when the Detroit game on November 12, provided the main attraction. A varied and interesting program has been arranged for the entertainment of the returning alumni, their wives and friends on what promises to be the greatest homecoming day in Villanova's history.

Of the many events scheduled for the reunion, three of them — the football game with Bucknell University, the election of officers of the alumni association, and the dinner-dance to be given in the Cafe Marguery of the Hotel Adelphia—will claim the attention of most of the grads.

Special seats taking in a complete section of the south stand between the two 40-yard lines have been reserved for the alumni at the football game. Tickets for these reserved seats can be had only through the office of the Alumni secretary, Albert C. Wagner. Mr. Wagner has obtained for them free transportation on the Philadelphia and Western Railroad.

In the past, Villanova football teams have always journeyed to Scranton to do battle with the Bisons. It has always been a thrilling and hard fought game, one which attracted a large crowd of alumni. Now with the game being

ENGINEER APPEARS TOMORROW AT NOON

First Issue to Contain Usual Campus and Collegiate Engineering News

DEAN'S ARTICLE FEATURED

The Villanova Engineer, the publication of the students of the School of Technology, will make its first appearance of the new scholastic year tomorrow, according to an announcement which was issued jointly by Rev. John Vrana, O. S. A., moderator, and Paetrus F. Banmiller, '35, editor-in-chief. The staff of 27 members, of which approximately one-third are freshmen have been working diligently.

In addition to the usual campus and collegiate news, the pages of this issue will be graced with several interesting articles. Dean Carl T. Humphries, of the School of Technology, has an article in this issue entitled "Apostles of Progress," which deals with the engineer and his status in the machine age. Another feature attraction will be "Madden Dam," by Russell Hurst, '32, which won first prize last year in a contest which was sponsored by the Philadelphia Chapter of the A. S. M. E. There will also appear in this month's edition "Wonderland in Trinidad," by Thomas J. McCormack, a member of the faculty, an interesting sidelight concerning an asphalt lake. A fiction story entitled "Akbar, Rajah of Hangpur," written by Banmiller, is among the many other attractions which are to be found in this issue.

With this issue the Villanova Engineer would like to announce that it will sponsor a short story contest at intervals throughout the year.

RETREAT SERVICES HELD BY FR. RONAN

Addresses by Missionary Are Highly Interesting to Student Groups

PAPAL BLESSING GIVEN

The exercises of the annual one-day retreat were held last Thursday with Rev. Francis D. Ronan, O. S. A., acting as retreat master. Separate services were held for the day students and for the resident students. A Mass celebrated by Fr. Ronan at 7.00 A. M. opened the series of exercises for the residents. The day students began their retreat by attending a Mass said by Rev. Bernard M. Albers, O. S. A., vice-president of the college, at 8.00 A. M. A series of conferences followed.

In the opening sermon Fr. Ronan enumerated the benefits of a Catholic college education, giving particular stress that while at school the young man must form a good, strong character, so that after college life he may take his place among the prominent men of the country and be a credit to the Catholic education he has received. In leading a clean life and strengthening his character a young man must associate with only companions of good moral standing.

Because of the stress the world gives to sex, Fr. Ronan considered it his obligation to give a discourse on immorality. "The effect of this grave sin," said Fr. Ronan, "is that it decays both the body and soul." To illustrate this fact, two experiences were related; one a trip through a State institution for the insane, where young men in the prime of life are kept until the Angel of Death releases them from their terrible shackles; the other a vivid narration of three young men, two of them Catholics, about to be electrocuted in Sing Sing Prison for murder, who could directly trace their crime to sins of impurity.

In the third conference the topic for discussion was the Sacrament of Penance. "All Catholics know," said Fr. Ronan, "that for a confession

NEW CUT SYSTEM USED BY BUSINESS SCHOOL

Duplicate List Posted Every Day on the Bulletin Boards for Students' Aid

Announcement has been made of a new cut system which is in use at the present time in the Business School.

Rev. Joseph C. Bartley, O. S. A., dean of the School of Commerce and Finance, stated that the reason for this new system is that there have been too many irregularities in the cut system heretofore. It is now the practice in the Business School, for the various professors to post the names of absentees on the bulletin-board. If it should happen that a student's name should appear on one of these sheets, although he had attended the class, it is up to the individual student to rectify the error within 48 hours after that particular class. Under this new code the responsibility for each student's attendance at class rests with himself.

Fr. Bartley also stated, that, due to the fact that many of the students who are engaging in Varsity competition, must often absent themselves from classes, and are marked absent by their professors, under this new method, they will have a chance to adjust these absences.

Day Students Requested To Meet Tomorrow at 1

The Rev. Edward B. McKee, O. S. A., who was recently assigned the task of re-organizing the dormant Day Students' Club, and to act in the capacity of its moderator, has requested all day hops to be present at a meeting of great importance in the auditorium of Mendel Hall, tomorrow at 1 P. M. The parley will be concluded at 1.30 P. M., so as not to interfere with class schedules.

For some time the daily commuters have felt the need of reorganizing the organization so that representatives for teams in intra-mural contests and other campus activities may be selected. Although a meeting was called for Friday afternoon by Fr. McKee, little could be accomplished because of the poor attendance.

It is the purpose of the new moderator to have elections for officers and to transact other business so that the club may become active. The fact that the day hops have been given a room in Mendel Hall for a headquarters is expected to stimulate interest among that branch of the student body.

MENDEL BULLETIN STAFF ANNOUNCED

William McCarthy Is Editor; Appointment Confirmed by Fr. O'Brien

WILL APPEAR NEXT MAY

With the establishment of offices this year on the third floor of Mendel Hall, opposite the botany laboratory, the new staff of the Mendel Bulletin, School of Science annual magazine, is already planning features for the periodical under the direction of William P. McCarthy, newly appointed editor. At the same time McCarthy's appointment was confirmed by Rev. John F. O'Brien, O. S. A., moderator of the publication. Frank Ditchey and Edward Ocelus were named managing editor and business manager, respectively.

Although the publication, edited entirely by senior students whose articles are written only on subjects pertaining to science, will not make its appearance until May, the staff is holding weekly meetings in the new office and making plans for the future. The circulation of the Mendel Bulletin is limited to members of the School of Science.

One of the widely read features of the scientific annual is the publication of the winning thesis of the Mendel medalist. The awarding of the medal is based on the merits of a treatise on the cross-section of all scientific subjects.

McCarthy also stated that one of the most unusual features of this year's Mendel Bulletin will be the publication of a thesis written by the dean of the School of Science, Rev. Joseph M. Dougherty, O. S. A., on the subject of "Thermophilic Bacteria." Fr. Dougherty is being aided in his research by members of the staff of the magazine.

New members of the staff include Joseph Imbriglia, Frank Kelly,

PRESIDENT AT CENTENNIAL

Fr. Stanford Represents Villanova at Old Quaker College

The Rev. Edward V. Stanford, O. S. A., president of Villanova College, represented the college at the centennial celebration of Haverford College, held October 6, 7 and 8.

Haverford College is one of the oldest of the 10 Quaker colleges in America, and also one of the oldest of Pennsylvania's many institutions. At the outset Haverford admitted only students who were members of the Society of Friends. This proviso was later changed.

The principal speaker at the celebration was James W. Angell, president of Yale University. Presidents from 60 colleges were honored guests at the centennial.

GALA STUDENT RALLY PLANNED THURSDAY TO OFFSET CHARGE OF BUCKNELLIANS

Student Council Will Conduct Celebration in College Gym to Stimulate Interest in Annual Contest With Rival Bison Invaders

LITERARY SOCIETY HOLDS INITIATIONS

Belle Masque Try-Outs Held Last Night; Beta Gamma Trials Next Week

MANY SEEKING ADMISSION

One of the largest groups of candidates to apply for admission to the Villanova Literary Society in recent years was present at the meeting held on last Monday night. The answer to the call for new men was most gratifying to the organization since it showed that there was a keen interest in dramatics and debating within the student body. Knowing this, the society feels that it will be able to undertake an extensive program during the coming year.

Prof. Joseph T. Jonas, moderator of the society, explained to the candidates the form of initiation that would be required of each applicant. Last night, try-outs were made for membership in Belle Masque. It was necessary for each man to manifest his talent by rendering a scene from some worth while play in which at least two characters were portrayed. The men who applied for admission to the Belle Masque chapter were: Charles Stahlaker, Richard Foote, Robert Guinee, Thomas Kucker, John Chapple, Henry Siebers and Philip Munay.

Initiations for membership in the Beta Gamma chapter will take place on next Monday night. In order to enter this branch, each candidate will be compelled to prepare either the affirmative or negative side of the question, "Resolved: That Labor Unions Should Be Abolished." Five minutes will be allowed for each speech. After finishing his constructive address, the speaker will be forced to face a rebuttal from the floor.

The candidates who are expected to attempt to show their skill in the field of debating are: Anthony Differ, Charles Stahlaker, Gerard Racine, Michel McNerney, John McGrath, Joseph Denny, Luis Cuyler, Philip Munay, Mario Memorial, Joseph Carroll, Francis O'Hara and Victor Ashe.

NEW MALE NURSE NAMED FOR INFIRMARY TASKS

William Brogan, a Professional Nurse, Assumes Former Duties of John Curran

William Brogan was appointed as the new nurse in the infirmary. He succeeds John Curran, who has enrolled for a course in medicine at Temple University.

Mr. Brogan, a graduate of LaSalle College, Philadelphia, later took up nursing as a profession. For eight years he was anesthetist at the Alexian Brothers' Hospital, Chicago, where he established their school of nursing. This school was recognized by the State, and graduate nurses are permitted to take the State Board examination for State registration as qualified nurses.

In 1927-28 he was employed as hospital steward by the Munson Lines on the S. S. Pan-America, [illegible] between New York and South America. For the next two year, Mr. Brogan was superintendent of the hospital in the Missouri State Pentitentiary. A short time ago a glowing tribute was paid to Doctor W. W. Rankin and Mr. Brogan by the St. Louis Press for their excellent work accomplished in that institution.

MARTY BRILL IS EXPECTED

Galaxy of Sporting Writers Invited to Address Student Group

One of the greatest pep rallies ever undertaken on the campus will be held in the gymnasium, Thursday night, at 8 o'clock, in an effort to arouse a spirited enthusiasm in both the student body and the football team for the Bucknell game on Saturday.

A varied and extensive program is being arranged in order to assure those who attend of an evening that will be recorded in the annals of Villanova. Coaches, sports writers and members of the faculty will all do their bit to stir up spirit.

Connections have been made with Marty Brill, head coach at LaSalle College, Philadelphia, to appear at the rally and in the role of principal speaker. No definite word has as yet been received from Mr. Brill, but it is felt by those in charge that he will surely accept the invitation.

Mr. Brill, a former Notre Dame star, while in college, compiled for himself an enviable record. Since taking over the reins of the LaSalle eleven he is developing teams that are receiving more prominence every year.

Several sports writers from the Philadelphia newspapers have also been invited to speak, and it is likewise expected that they will accept the invitations. Leo Cordiale, chairman of the Student Council, will preside as master of ceremonies.

The program will be opened with songs and cheers on the part of the student body, assisted by the

FINANCIAL TROUBLE CONFRONTS JUNIORS

Must Wipe Out Previous Debts or Abandon All Plans for Junior Week

BLAME POOR MANAGEMENT

Faced with the problem of recouping the lost finances of the Junior class, or abandoning any further plans for the annual Junior Week activities, John Hoey, new president of the class, called a meeting of the third-year men in the auditorium of Mendel Hall last week to discuss plans for some further course of action.

Hoey reminded the juniors that the cancelling of Junior Week activities because of the class indebtedness, would be the first occasion in several years that such a course of action had been followed. Pleas from the floor for the continuance of the precedent were heard by the president who declared that he was earnestly behind any movement to preserve the tradition at Villanova.

Poor managemetn on the part of former class officers, and the lack of a moderator to supervise expenditures until the sophomore term were given as reasons for the present plight of the jun[illegible]

After several plans of s[illegible]n had been discussed, the group unanimously voted to assess each member of the class through the medium of the breakage fee deposit. It was pointed out that a moderate fee could be charged each student with the assurance of collecting the levy

WHERE'S THAT SCHOOL SPIRIT?

WITH THE annual alumni homecoming only a few days off, our thoughts quite naturally turn to the picture which will present itself to the returning "grads." Materially, we feel certain that they will be most favorably impressed; but for their sakes we regret the moment when they pierce the surface and perceive the decline—yes, the total collapse—of school spirit in the past few years. With the passage of freshman discipline, as it was known three and four years ago, the freshmen assumed an indifferent and disinterested attitude toward college activities. Freshman classes since then have lacked the binding influence that formerly was associated with the hardships of freshman life. Each year the situation became worse. Cheering at athletic games became deplorable, the turnouts for the band were almost a disgrace, pep rallies were poorly attended, and evening community praying and singing in chapel declined and became weak. We do not advocate the return of freshman hazing as the remedy for this state of affairs, but we do recommend that the students prove themselves men enough to rise above such a depressing situation. Show the alumni and the rest of the world that we do not require any extraneous forces to bind us together; let them see that college life itself is more than sufficient to instill us with a warm and sincere college spirit. Prove to the world that spirit at Villanova has not died, but that it is still a vital and integral part of our lives.

A BALANCED EDUCATION

FOUR MONTHS ago every one of us went about with expressions of glee and delight. The long anticipated summer vacation had come; we were finished with books, and we indulged in the wide variety of sports that are always enjoyed during those warm and brilliant summer weeks. Those few who were fortunate enough to obtain employment had their routine and their diversions and were not affected as were the majority without occupation. But now that vacation is over we are glad to come back and renew the process of life's industry; we are anxious to get somewhere, to work toward our goal. Let us forget the summer and the good times and look to the future. A short three weeks ago you returned to college, and most of that time has been utilized in arranging yourselves and your studies, so that everything can start from the beginning in harmony and without conflict. After your courses and hours of study have been arranged, however, look to the free time you have remaining. Consider the extra-curricular activities that are offered you. Take your choice of the sports, the literary or the drama or perhaps a little of each, but don't attempt more than you can accomplish. Be progressive, but remember that moderation is a valuable virtue.

YOU OUGHT TO KNOW

TO THOSE enthusiastic ladies who, grammatically incorrect, worship bridge, dancing and football heroes, please take notice. The definition of the word "worship" is the adoration and reverence due to the Deity. And because a wife places burnt offerings three times daily before her husband is no signification that she worships him.

Those big, black bow ties the frosh are sporting for the disposition of the upperclassmen would cause any unsuspecting visitor to believe and accept as true the fact that here is the Academy of Fine Arts or the Academy of Music.

All in all the wearing of regs is a time honored custom, and does much to bring together the members of the freshmen class in lasting friendship. Those regs are better than a letter of introduction.

Work was started last week on an improvement near Jimmy's barber shop. That mythical college character, Fetlock Sholmes, discovered for us just what the nature of the addition is to be—but we've sworn and vowed against disclosing exactly what it is. It's not a tavern nor is it to be a theatre, but it will be a surprise that will be welcomed by all. (Somebody better wake up, we all know what this welcomed surprise is.)

The following is the story of one in our midst who has a hidden talent rarely displayed. Tall, well groomed, knowing and known by everyone, his reputation about the campus is based chiefly on his ability as a writer. He is the demon reporter of the staff. At a football game you'll never find him in the cheering section; he always hides himself away up in the press box mingling with the great and near great of the fourth estate. But what we are getting at is this: sometime draw him aside and get him to sing for you. His is, indeed, a fine voice. His name? "Scoop" Keating, of course.

A maximum of telephone calls for Captain Randour from feminine admirers indexes a substantial use in his all-American stock.

Sleepy Murphy it's not the way you eat, it's the quantity!

The other day we were watching the workmen tearing down the last remains of the old monastery. Somehow or other it failed to enthuse us very much because two men were quietly at work with a little pick and hammer, allowing the pieces to fall gently to the ground. Remember when the truck used to pull down an entire wall, and the fellows were late for classes in the awe of watching yon tumbling murals et al.

Every once in a while we run short of something you ought to know, so we will borrow a few words from a beloved radio character. Dear perturbed people everywhere. Yes, just everywhere. It was brought to my attention that somebody was trying to practice gardening on the tennis courts. Upon investigation (Fetlock Sholmes was busy on another case, the one about the Pilgrim) we found it was a would-be player trying to find the lines.

We noticed that a certain member of the band, that is what passes for a band when they are all supposed to be together, not to mention what it looks like or sounds like when they are gathered in an impromptu manner, received considerable attention when the team went down to ye Southern country. The facts of the case are that said individual was practicing with the cymbals so he could better throw his arms around a certain young thing. That is, she appeared to be young in the semi-darkness when we saw her!

Did you know that: One of the athletic staff will middle-aisle it ere long? Frank Kelly is carrying the torch for one of Rosemont's fairest? There is plenty of money exchanged on the outcome of the World Series? One of the teaching staff is due to get a heap big surprise before the moon comes new again? A varsity halfback almost landed in the hoosegow a short time ago? Three seniors were dateless a Sunday ago, in spite of the fact that the triple date had been long planned? One of the campus fraternities had a rather tumultuous meeting recently, and another one is due soon again? There is absolutely no truth to the rumor that Villanova is to go co-ed? Both "Whitey" Randour and Mike Clavin go ga-ga in Ardmore? Hubie Gallagher has a new heart?

COLLEGIATE NEWSREEL

AHA! the second week has already rolled around when it is again time for your old dispenser of campus chatter from abroad to crank up his little typewriter in order to startle the world with a few such bright remarks that might stray from a well worn keyboard.

Not one in a million, but one in 18,000,000! An original quotation to illustrate the frequency with which the celebrated white albino mole pokes his head out of the nearest 18th hole on any one of our local golf courses. To be more specific, some enterprising pre-med at Creighton University, Omaha, Neb., was wending his way homeward one evening recently when he chanced across a peculiar looking animal engaged in the process of eating a belated meal of choice grasshoppers. Thinking at once of its sensational possibilities if brought into the biology lab, the lad brought it to the prof the next day and proudly exhibited it to an admiring throng. Astonishment covered his countenance, however, when he was warmly complimented by his professor for capturing such a rare find. All of which reminds us of the many fruitless hours spent by many of us, when as freshmen in biology lab, we searched ad infinitum for a single solitary amoeba that that was supposed to be spending a placid existence beneath the lens of our microscopes.

* * *

From The Torch of St. John's College, Brooklyn, we gather the illuminating sidelight that an annual event in England is the collegiate duplication of the League of Nations disarmament conference. Villanova, it may be added, has also conducted its miniature World Court sessions, but, whereas the League has hitherto failed in the matter of persuading various nations to lay down their cap-pistols, our own Vigilance Committee has long since divested itself of such elementary weapons of war as the paddle, castor oil and oysters with a string attached. Frosh, you may think you're safe, but—take care!

* * *

Now that the athlete's foot craze is over, we're looking for a cure for athlete's brain.

* * *

"What is the shortest distance between two points?" asked a prof in a geometry class at the University of Chicago. "A forward pass," brightly responded a star quarterback in the last row. That this particular genius received a perfect mark is explained by the fact that in that course all the theorems are applied to football plays, thus adding considerably to the interest of the class. Be rather nice if some of our profs would apply the system to some of our philosophy courses.

* * *

A student at one of the great universities in France caused a furor not long ago simply because of his fondness for peanut butter sandwiches. It seems that he had bought a package of these tid-bits and just as he was about to munch on one he happened to glance at the baker's imprint on the biscuit and thought he saw von Hindenburg's name on it. His patriotism aroused, he told the rest of the students of the insult, whereupon they descended en masse upon the cafe and smashed everything in it. When the student was brought to trial, it developed that the mark had not been that of the Prussian general but "Made in Edinburg."

* * *

Co-eds at Barnard College lifted so many signs from the campus that the administration put up the following notice: "If there is any sign that the student desires, do not steal it, but apply at the office and a duplicate will be supplied at cost."

* * *

The night watchman at South Dakota State, has, during his duties, walked around the campus enough to equal a trip two-thirds around the world. Which fades into insignificance when one realizes that our engineers have surveyed Villanova's campus sufficiently enough to establish beyond all doubt that the college bounds have not changed in the slightest within the past 91 years.

* * *

A new form of motion picture censorship emanating from Ohio State University provides for courses in motion picture appreciation for high school and university students. The idea is to put the censorship in the box office, rather than to attempt to legislate good motion pictures.

* * *

The dome on Notre Dame's main building is being regilded with 23½ carat gold leaf at an approximate cost of $5000.

The Salt-Shaker

CACOPHONY—ALWAYS?

CARNEGIE HALL on Saturday afternoon. A packed house. The stage dark except for a small pool of white light, startling against the blackness. Sharply defined in the circle, a figure slightly hunched over a piano. Rachmaninoff.

Beautiful rippling melody changes to flowing harmony. A sudden firmness in the tonal texture. The music flows no more. It roughens—becomes hard—begins to build itself up viciously. It mounts higher, higher—an ominous mass of swirling dissonance that thunders—and whines—and thunders again. A throat-tearing climax. A sudden hush. The end.

We look around us in the furiously applauding audience. These people have something worth while. Here on our right is a stodgy looking man. Across from us are two girls, obviously from a young ladies' seminary—we had noticed earlier, with a kind of awe, that they do not giggle. Our eyes wander over the house—thousands rendering tribute to an artist for the kind of music that he brings from the piano. Yes, these people have something worth while.

This recognition of true beauty in blended sound, and delight in it, is a subtle thing—indefinable. You won't find it in the college curriculum. It's a bit higher—closely allied to that other something which colleges can't supply—culture. Colleges impart education, more or less successfully. They can sometimes insinuate an impulse toward the finer things of life and a desire to take one's pleasure among those things which reach upward toward sublimity. Thus far may they go, but no farther. Desire for this or that is bound up with free will, by which one man makes of himself a cultured gentleman because of the opportunities provided by his education, and another makes of himself a priceless ass in spite of them, and by which there are boors and bores with no end of degrees.

Love for good music is a queer thing. Good music, remember. Every collegian has a favorite seductive waltz that always wafts him into wall-eyed ecstasy, or a clever concoction of minor moans that always goes to his head. We are talking about good music. It supplies a gauge by which a man may be judged. Every man who appreciates true musical beauty is not necessarily a cultured man, but every cultured man, whose opportunities allow him to listen to both good and bad music, is necessarily a lover of good music, because devotion to the more refined things is a mark of true culture.

Here is a curious fact, and one that carries food for thought for the more philosophically inclined of us. Your average modern college student sits down and labours over, say, an assignment for a class on the following day. He finishes his task after an hour or more of real study. He considers the time well spent in adding something to his store of knowledge—and rightly so. That's why he came to college. But when the same student turns his radio on and accidentally tunes in on a classical music broadcast, he twists the dial feverishly until the music of a dance band begins to seep out into the room. He considers that time spent in learning to appreciate the better music would be absolutely wasted. In other words, time spent in making him more educated is wisely spent. Time spent in making him more cultured is thrown away. It gives one pause.

You see, good music portrays beautiful thoughts in beautiful tonal forms. And why is appreciation of good music important to the college man? A modern essayist gives the whole argument in a sentence: "I want beauty in my life itself rather than in such chances as befall it."

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

Just a Soldier's "Story"

A soldier went to his colonel and asked for leave to go home and help his wife with the spring cleaning.

"I don't like to refuse you," said the colonel, "but I've just received a letter from your wife saying you're no use around the house."

The soldier saluted and turned to go. At the door he stopped, turned and remarked: "Colonel, there are two persons in this regiment that handle the truth loosely, and I'm one of them. I'm not married."

A. W. O. L.

Seldom achieve
Great popularity.

D'A. C.

Deeds I Never Did"

I never cut my neighbor's throat;
My neighbor's gold I never stole;
I never spoiled his house and land;
But God have mercy on my soul;
For I am haunted day and night
By all the deeds I have not done.

Men!

Men are what women marry. They have two feet, two hands, and sometimes two wives, but they never have more than one dollar or one idea at a time.

Like Turkish cigarettes, men are all made of the same material, the difference is that some are a little better disguised than others. Generally speaking, they may be divided into three classes: husbands, bachelors and widowers. An eligible bachelor is a mass of obstinacy, entirely surrounded by suspicion. Husbands are of three varieties: prizes, surprises and consolation prizes. Making a husband out of a man is one of the highest plastic arts known to civilization. It requires science, sculpture, common sense, faith, hope and charity—especially charity.

It is a psychological marvel that a soft, fluffy, tender, violet-scented, sweet little thing like a woman should enjoy kissing a big, awkward, stubby-chinned, tobacco and bay rum scented thing like a man.

If you flatter a man, it frightens him to death. If you don't, you bore him to death. If you permit him to make love to you, he gets tired of you in the end, and, if you don't, he gets tired of you in the beginning. If you believe all that he tells you, he thinks you are foolish, and if you don't he thinks you are a cynic.

If you wear gay colors, rouge and a startling hat, he hesitates to take you out; if you wear a little brown toque and a tailor-made suit, he takes you out, and stares all the evening at a woman in gay colors, rouged and wearing a startling hat.

If you join the gaieties and approve of his smoking and drinking, he says you are driving him to the dickens; if you don't approve of his smoking and drinking, and urge him to give up the gaieties, he vows that you are snobbish and nice.

If you are of the clinging vine type, he doubts whether you have any brains, and if you are modern, advanced and independent woman, he doubts whether you have a heart. If you are silly, he longs for a bright mate, and if you are brilliant and intelligent he longs for a playmate.

A man is just a worm in the dust; comes along, wriggles about for a time and finally some chicken grabs him!

PETITE POLLY

Miles—"Say, Ed, what do you think of marriage!"

Martha (the voice of experience)—"I'll tell you, Sam, I think modern marriage is like a cafeteria. A man just grabs what looks nice to him and pays for it later."

HOMECOMING DAY HAS WIDE PROGRAM

Election of Officers Will Take Place Immediately After Game

TO MEET AGAIN IN JUNE

Continued From Page One

played on Villanova's own gridiron, the series of seven games knotted at three wins apiece and one scoreless tie, it is expected that the largest gathering of alumni ever to witness a Villanova athletic contest will be present Saturday.

Immediately after the contest the alumni will assemble in front of the Commerce and Finance Building, where a group picture will be taken. Then they will proceed into the auditorium of the building for the election of officers and for the disposition of the official business of the association.

John T. Coan, alumni president, will call the meeting to order. The positions of president and vice-president are to be voted on by the assembly. Mr. Coan is not running for re-election this year as the pressure of his business duties requires all the time he formerly devoted to alumni affairs.

Approval or disapproval of changes made in the constitution, particularly those made in the section on elections is also to be voted on at this meeting. The present constitution was drawn up before the last annual meeting, read in the presence of alumni and approved by them. However, a strong sentiment developed among many of the alumni for the return of the former meeting time in June, so it is probable that the date for assembly will be changed again. A financial report by Mr. Wagner will bring the meeting to a close.

While the meeting is in session, the wives and lady friends of the alumni are to be taken on a tour of the campus.

To climax the day's activities, the old grads will assemble at the Hotel Adelphia, official headquarters of the organization, to enjoy a dinner-dance sponsored by the Philadelphia chapter. This affair will be held in the Cafe Marguery of the hotel. Music is to be furnished by Vincent Rizzo's orchestra. Admission will be free for the alumni and their friends.

Two class reunions will also take place this Saturday. The class of '23, under the leadership of Matthew Lynch, of Philadelphia, class president, and Norbert J. Walker, of Germantown, secretary, will have a special section reserved for them at the game. In the evening they are holding a stag affair at the Hotel Adelphia. The '28 men are also having a special section reserved for their class. John J. McDevitt, of Passaic, N. J.; William H. Vincent, of Philadelphia, and William C. Goggin, of Brooklyn, are president, vice-president, and secretary, respectively, of this class.

CONTINUES STUDIES

Rev. John H. Crawford, O. S. A., who has temporarily left Villanova to do advanced work in physics and mathematics at Johns Hopkins University, Baltimore. His classes will be handled by other members of the staff.

Students' Rally Thursday Evening

Continued From Page One

cheerleaders and Villanova's small but ambitious band. This will be followed by speeches from the various invited guests. The speeches will be short and will be separated by more cheers and songs in order to prevent monotony.

Pep rallies in the past always occupied an important part in the fall program of the college. On account of the decreasing amount of interest shown, however, the celebrations were abandoned last year. Friday night's rally will be an experiment to ascertain the attitude of the present student body. If they respond enthusiastically, future rallies will be held regularly before the major games of each season.

Attendance at the rally will not be compulsory, but all are requested to attend. On account of the fact that the following day is alumni homecoming day, it is expected that a number of the alumni who are arriving in town on Friday will attend the rally.

FINAL PLANS MADE FOR CAMPUS TOUR

Group to Organize in Front of Commerce Building After Game

PICTURES WILL BE TAKEN

A sight-seeing tour about the college will be sponsored by the Villanova Alumni Association this Saturday, after the Bucknell football game, in connection with the annual home-coming of the old grads.

According to present plans, the tour will be in charge of Charles P. Goggi, and he will be assisted by Raymond J. Harter, Robert A. Geist, Paetrus F. Bannniler, William F. Zeil and Thomas F. McFeeley. These men will conduct the tour around the college and through the various buildings which will be open for inspection.

The tour is being staged for the benefit of the lady friends and wives of the alumni. After the game, the ladies and their friends will meet in front of the Commerce and Finance Building, from which point the tour will start. While the tour is under way, the Alumni will adjourn to the auditorium of the business school to conduct a short meeting which is being called primarily to elect new officers.

After the grounds and buildings have been visited, the tourists will convene in the amphitheatre in Mendel Hall to witness on the screen part of what they have already seen in a film called "Life at Villanova." This film was prepared by Michael X. Kumzenbacker, instructor of chemistry, and will be shown to the entire group.

As the Alumni enter the stadium they will be given a mimeographed sheet with complete directions concerning the tour thereon, especially with regard to the time of departure and arrival.

Arrangements are being made to have a qualified photographer take a few pictures of the entire group in front of the Commerce and Finance Building immediately after the game.

Trains Stop at Stadium

Through the efforts of the administration there has been obtained the privilege of having all Strafford trains on the Philadelphia & Western Railroad stop at the stadium station between the hours of 2.30 and 5.30 P. M.

NOW... GET SET To Telephone Home!

You've dragged your furniture around . . . and your room is fixed . . . and you're all straight on your schedule and text-books. One more detail and you'll be set for the college year.

It's the telephone. Here are some simple matters to attend to for your own and the Family's advantage:

First ▶ Locate the nearest telephone. The Family will want to know its number to call you if necessary.

Second ▶ Look in the Directory or ask the Operator for the Station to Station Night Rate to your home town.

Third ▶ Make a "date" with the folks to telephone home each week. (At the same time, ask them if you may reverse the charges.)

Fourth ▶ Make a list of the telephone numbers of your home-town friends. Ask "Information" for those you don't know. You never know when you may want to call them.

And the rest is easy. Just give the Operator the name of the town and the number you want. If you telephone after 8:30 P. M. you can take advantage of the low Night Rates on Station to Station calls. These mean a saving of about 40 per cent!

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

ALUMNI CLUBS HOLD REGULAR MEETINGS

Dinner to Be Given to Grads by Philadelphia Club at the Adelphia Hotel

'POP' WARNER WILL SPEAK

The established alumni clubs, with the exception of the Main Line Club, have held their first regular meetings. The Main Line Club will hold its first meeting in the lounge of the Villanova Gymnasium at 8 P. M., on Tuesday, October 10. The chairman will be George "Doc" Jacobs. Nominations of officers will be held.

The Philadelphia Club held its first meeting on Monday, October 2. Alumni Day was discussed at great length, and it was decided that, in the absence of an Alumni Day dance the club would play host to the alumni in the Cafe Marguery of the Hotel Adelphia the night of the Bucknell game. They also decided to hold the annual football dinner. This dinner has always been one of the largest and best football dinners held in the Philadelphia area. Last year 400 people heard Major Ralph Sasse, of Army, and Coach "Rip" Miller, of Navy, speak at the dinner. This year it is expected that even more will hear "Pop" Warner, of Temple, speak.

The New York City Club held its first meeting on Monday, October 2, at Ruley's Restaurant, 40th street and Broadway. It was called to order by John J. McDevett, the vice-president. Alumni Day was discussed and there was a heated discussion about the formation of a New Jersey Club.

There are about 185 alumni in North Jersey and they think that it is time that they branched out for themselves. They are preparing to hold a dinner-dance following the Rutgers game.

Dial System Installed

During the latter part of the summer vacation a dial telephone system was installed throughout all the buildings of the campus.

Retreat Services Held by Fr. Ronan

Continued From Page One

to be good it must be entire, sincere and humble." It was explained that to complete the retreat it was necessary for each student to receive the Sacraments of Penance and Holy Eucharist.

To conclude the day's services, Benediction of the Most Blessed Sacrament was given for the boarding students.

The retreat was brought to a conclusion on Friday morning, with the entire student body receiving Holy Communion. Two Masses were celebrated to accommodate the large number of students, one at 7.00 o'clock by Rev. Edward V. Stanford, O. S. A., and the other at 8.00 o'clock by Rev. Bernard McConville.

After the Masses, Fr. Ronan gave a short talk to thank the students for their attendance at the conferences. He asked the students to pray for him, and said that he would remember them in his prayers. Immediately after this, Fr. Ronan blessed all religious articles and then conferred the Papal Blessing.

SOCIETY TO RE-ORGANIZE

Foreign Relations Group to Select New Moderator for Coming Year

The Foreign Relations Society, which enjoyed such a successful year since its inception on the campus last fall, will reorganize and continue to function this year.

Due to the fact that Karel F. Ficek, former professor of chemistry, has not returned to the college, the society is temporarily without a moderator. As soon as the administration appoints a new moderator definite dates for meetings will be determined.

All students who are interested in work of this nature may enter the society. No dues are required, and meetings will be held once a week. Topics of current importance will be discussed.

By the Sports Editor

LAST WEEK we saw the Freshman football team practice for the first time. You all probably know that this is the first time in some years that Villanova has not had a Freshman football squad composed of scholarship men. Consequently, the team, as it appears now, does not come up to the standards of the last few years when the Randours, the Kotys, the Grimbergs and the Zizaks caveted around, up and down the gridiron clad in the green armor of the yearlings. Those times seem, now, far away. Coach "Doc" Jacobs, the genial Freshman mentor, has quite a job on his hands if he hopes to mold a squad that will hold its own against such teams as the Pennsylvania Frosh. Being a coach of a football team is quite an honor, bur for our part we are glad that someone else is handling the reins of the 1933 edition of Villanova's Freshman football team. However, on the other hand, not sufficient praise can be given to "Doc" and his team, because they are out on the field every day attempting to do the impossible. The impossible in this case is the equalling of the other years' Frosh combinations. The boys themselves are giving everything in their power, and that is enough to ask of anybody. Nothing would please us more than to see "Doc" and the boys come through, and the manner in which they are handling the assignment is wonderful. Here's good luck to them.

* * *

BOTH OF the minor football teams at Villanova are daily going through their paces. Quite a number of familiar faces are missing, but, on the other hand, some new ones have appeared. Among the missing are the coaches of the respective Junior Varsity and the 150-pound teams, Charley Hurlburt and Emil Reitz. Lincoln (Red) Lenzi has taken the place of Reitz, with Sam Wronski as his assistant, while Frank Skaff is at the reins of the J. V's, with Ben Geraghty helping him. Lenzi, former quarterback of the 1931 Freshman football team, has a wealth of experience in football and should be able to impart his knowledge to his "kids." Wronski, the baseball captain, as his associate, has the ability, so the team ought to come along and surpass the record set by the previous combination. Bill Hughes, a regular on last year's J. V., has switched his affections and is now one of the outstanding players on the 150's. The J. V.'s have been handicapped from the start due to the lack of uniforms, but once they receive the necessary apparel they ought to go places.

* * *

QUITE AN improvement was noticed in the spirit and cheering of the study body Thursday night when the football team left for South Carolina. More than 200 students attended the rally and contrary to what anyone may tell you, the players showed a vast improvement in their spirit from the time that they left the campus until they boarded the train. Maybe that article last week did some good, but we don't think so, because we were told that nobody ever reads it. Anyway, a vast improvement was noticed, and the student body is to be complimented.

* * *

A FAMILIAR personage is once again being welcomed around the campus. Nick Kotys has just returned from the hospital. He suffered a broken leg in the Villanova-Ursinus game, and has been laid up in the Bryn Mawr Hospital since. We, of the sports staff, speaking for the rest of the student body and the faculty, wish him a speedy recovery and give him our thanks for his efforts in our behalf in the past.

* * *

WE HEAR that there is a certain old black helmet used by the football team during its practice sessions . . . That a certain Freshman quarterback doesn't weigh more than 105 pounds . . . That Art Lynch, captain of the basketball team, won't be on the squad this year . . . That Marty Gezzer is exceptionally popular with the fellows as well as with the girls . . . That the Austin Hall group is favored to win the Intra-Mural title this year . . . That Mr. Keough, genial director of the Turf and Tinsel Club, was seen on the campus last week.

Tournaments to Be Staged In Bowling and Billiards

League of Ten Teams to Be Formed to Stir Interest

REPAIRS MADE

The bowling alleys and the pool room were opened for the convenience of the students on September 25. Since that date, very little interest has been shown in these amusements either by the resident students or the day-hops. In fact, this attendance is almost as poor as it was last year.

For some reason or other these amusements lack the attention of the students to such a degree that George Barr, the gymnasium manager, has suggested two tournaments in the hope of arousing interest in the gymnasium sports. The first one is to be a bowling tournament. A league composed of 10 teams, two from each of the dorms and two from the day-hops, is to be organized as soon as possible and actual competition will be under way within the next two weeks. The VILLANOVAN'S next issue will announce the date on which the selection of candidates will be held. Each team will be composed of six members, and will engage every other team only once.

The pool tournament will be an individual elimination arrangement, one round to the finals, that set being decided by the best two out of three. Any one at all may enter either tournament, including freshmen. Further announcements of this tournament will also be made in next week's paper.

Since school closed in June, several renovations have been made in both the bowling alleys and the pool room. The alleys have been cleaned, and polished, several new balls have been purchased, and two pin boys will be on duty every day. In the pool room, all cues have been retipped, all chipped balls have been removed and one of the tables received a new baize covering.

The gymnasium will be open all week-days from 1.30 P. M. The charge for bowling is 10 cents per man for each game. The pool prices are 40 cents per hour for a table (no more than four men being permitted to play on one table at a time) and proportional charges for any fraction of the hour.

PIPES LAID FOR SEWER

Entire System Will Be Complete in Two Weeks

Excavation and the laying of the pipes of the new sewerage system which has been under way since the early part of September is finished, while the entire system will be completed and in function within two weeks.

In the past the sewerage of the college has been taken care of by means of septic tanks at the rear of the Commerce and Finance building. The improved system starts at the lead-in to the septic tanks, eliminating the tanks entirely, and proceeds southeast under the culvert of the Pennsylvania Railroad tracks to the corner of Curwen and County Line roads where it is connected with the Lower Merion Township sewerage line.

The waste of all the buildings on the campus will drain into eight-inch iron pipes which follow a course entirely underground to the end of Lower Merion Township line. In the case of new buildings it will only be necessary to run a pipe line from the building to the main lead on the campus.

The construction of seven manholes is now in progress. The system will be opened for use just as soon as the manholes are completed.

Circulation Increases

This year the VILLANOVAN will enjoy an increased circulation of 1100 copies. Last year the circulation was 1400 copies, while this year it will be 2500. The increase is due mostly to the facts that every student in the college is entitled to receive a copy and that the parents of the students are entitled to receive a copy upon the enrollment of each student.

FLEMING IN NEW POST

Coach "Doc" Jacobs Appoints New Baseball Manager

James Fleming, Junior Commerce and Finance student, has been appointed manager of varsity baseball, according to a statement issued last week by Coach George Jacobs.

Mr. Fleming who acted last year as assistant manager of the nine, was chosen for his hard work during the past year and is well deserving of the job. At the present time he is an aspirant for the varsity football team at the tackle position.

South Carolina Defeated 15-6 in Thrilling Game

Michaels, Sophomore Star, Plays Full Game and Is Mainstay of the Line; Wetzler Shines on Offense

PATZSCH MAKES A FIFTY-YARD RUN

Special to the VILLANOVAN

WE CAME, WE SAW, we conquered! So said Captain Whitey Randour and his mates, as a much-improved Villanova eleven defeated the University of South Carolina before a crowd of 10,000 Saturday, 15 to 6. Randour, playing the best game of his college career, was responsible for both Villanova touchdowns, while Michaels, stellar right guard, added two points to the Villanova score when he broke through and blocked Mauney's punt in the third quarter for a safety.

Aroused to a fighting pitch after last week's game with Ursinus, the Wildcats literally swept the Gamecocks off their feet in the second and third periods with the finest offensive attack they have shown this season. Although Randour made 13 of the 15 points, the other Main Line players asserted themselves in the other departments of the game. In other words, the team clicked successfully.

Bill Grimberg, Ed Michaels, Tom O'Donnell, Vince Zizak, Bernie Lee, Charley Cox, and Jimmy Walsh all acquitted themselves in wonderful style. The team gained the distinction of being the first eleven from the North to defeat a Southern rival on South Carolina soil.

South Carolina fought a stubborn battle all the way and its running attack combined with an aerial assault provided the team with offensive weapons that at times sent shivers up the spines of the Villanova rooters.

First Period

Villanova won the toss and elected to kick off. Blanchard's boot traveled to the Gamecocks' three-yard line where Mauney received it and carried it to the 20-yard stripe. On three plays South Carolina was unable to gain and Mauney punted out of bounds on his own 45-yard line. The Wildcat offense began to click and in the persons of Patzsch and Randour they advanced the ball to the Gamecocks' 17-yard line with the help of two first downs. Here a penalty for delaying the game and a grounded pass from Randour gave the ball to Carolina on the 20-yard line. Mauney and Hambright garnered a first down but after three plays they failed to gain and kicked to Randour on the thirty-yard line. Randour returned the ball on a quick kick. Mauney was roughed up on receiving the kick and Villanova was put back 10 yards. It was South Carolina's ball on the 40-yard line. South Carolina then reeled off three first downs, with Clary and Hambright doing the work. With the ball resting on the 23-yard line, Grimberg stopped Mauney for a loss of three yards on an end run. Randour kicked out of danger as the period ended.

Second Period

After playing five minutes of this period, Randour stepped over the goal line and caught a 20-yard pass. The kick for the extra point by Randour was low. Score: Villanova, 6; South Carolina, 0. The touchdown came as the culmination of a 55-yard march down the field. Randour running from his own 20-yard line to the 48. Cavanaugh then made it a first down on the Gamecocks' 41-yard line. Then with Wetzler and Randour carrying the ball and South Carolina being pe-

Continued on Page Six

LIGHTWEIGHT TEAM SHOWS PROSPECTS

New Material Makes Squad Look Like Villanova's Best 150-lb. Team

COACH WRONSKI PLEASED

With only a week and a half of practice to its credit, the Villanova 150-pound team looks as though it will be one of the best lightweight teams ever to represent Villanova College in years. "Although only out a little more than a week, the squad looks good," quoted Assistant Coach Stan Wronski. "However, that remains to be seen. We have two weeks before the first ball game, and our team is not by any means picked," he continued. "Therefore we are unable to say who will comprise our regular outfit.'

The new material that reported to Coach "Red" Lenzi are McGuire, Rodgers, Shevland, Kelly, Munroe, Kane, Kapic, Hughes, Murrey, Kennedy and Downey. These men have been showing up well in practice and Coach Lenzi is banking on them to come through in order to fill the vacancies left by graduation.

The veterans who have reported for the team are Dwyer, Cavanaugh, Hines, Gaugh, Marechal, Pitinga, Kraft, Murphy, Santanella, Fitzpatrick, O'Shea, O'Neil and Acque. Because these men are holdovers from last year does not mean that they are sure of their positions this year, as they are being pushed plenty by the new men for first-string assignments.

A new team shift is being introduced by Coach Lenzi, probably the first time it has been seen in these parts, and most of his time is being taken up in perfecting this shift. Lenzi has some fine ball toters to work with and should round out a speedy backfield before the opening game. Assistant Coach Stan Wronski, who has charge of the line, has been putting his candidates through intensive drills, especially the guards and tackles, where the weakest spots seem to be. The ends are being tutored in the art of catching passes and running down on the kicks.

The season opens with the Manhattan lightweights at Manhattan, on Friday, October 27.

Bucknell Bisons to Offer Next Opposition to 'Cats

Bisons Will Make Their First Appearance at Villanova Since Series Started Seven Years Ago

USUAL HARD FIGHT IS EXPECTED

The Villanova football team will face another crucial test when it clashes with the Bucknell Bisons at the home stadium on Saturday.

Bucknell, as may well be expected, will bring its usually strong team. Last year, as in previous years, the Wildcats found in Bucknell one of their most formidable rivals, the game being close and well fought. To date, Bucknell is undefeated, having waded through Waynesburg and Gettysburg, and also met one of the toughest teams in the East last Saturday, when they played Duquesne.

It would not be correct to say that Villanova will enter as a favorite, because when teams play such opponents as South Carolina and Duquesne, as Villanova and Bucknell did on Saturday, any of the clubs may have risen to greater than normal heights to overcome such opposition, and any judgment this early in the season is no better than a guess. Coach Stuhldreher expects to have a fast, smart combination on the field and is determined that the boys will give an excellent account of themselves.

The game will have another distinction in the fact that it will signal the return of the graduates for their home coming day. A large attendance is expected, and will be made up chiefly of the grads and their friends and relatives. Each year the Alumni Day is on the date of one of the most important games and this year will prove no exception. The Alumni Day is beginning to have more and more prominence in the minds of the former students and a great number will be on hand to cheer the 'Cats against the Bisons.

DISCONTINUE FENCING

Insufficient Interest and Expense Cited as Reasons

Attempts to form a fencing team received a severe setback last Thursday night when it was decided to abandon the idea because of an insufficient number of students interested in the sport.

R. Henri Gordon, former assistant coach of fencing at Yale University, addressed those who were present in the gymnasium last Thursday and explained some of the many interesting and fine points of this oldest of sports. However, it was decided to drop the idea until after Christmas because of the small number who expressed a desire to participate and the expense attached to the purchase of equipment.

Swimming Plans

Announcement of plans for the new Villanova swimming team will be made this week by Martin I. Gill, director of swimming.

Our Predictions— How Good Are They?

Last week your old predicter picked eight winners out of ten, one team lost and one set tied. This week we are out to pick 'em 100%. The first team mentioned should win.

Brown vs. Springfield.
Colgate vs. Rutgers.
Fordham vs. West Virginia.
Michigan vs. Cornell.
Columbia vs. Virginia.
Holy Cross vs. Providence.
Purdue vs. Minnesota.
Pennsylvania vs. Franklin and Marshall.
Army vs. Delaware.
Chicago vs. Washington Univ.

Wildcat Devours Gamecock Foemen

Continued From Page Five

nalized twice for offside, the 'Cats rested on the ball on the Gamecocks' 10-yard line. Both Villanova and South Carolina went into the air with Randour tossing a pass to O'Donnell for 10 yards and Wolfe throwing one to Clary for 40 yards. A few minutes later Hurlburt intercepted a Gamecock pass and the period ended.

Third Period

South Carolina elected to receive instead of kicking and this proved to be a fatal mistake. Blanchard kicked to Mauney and he fumbled the kick. O'Donnell recovered on the 15-yard marker for Villanova. Patzsch made five through tackle and then Randour slipped off tackle to score standing up. Cavanaugh again brought his educated toe into action and drop-kicked the extra point. Score: Villanova, 13; South Carolina, 0.

Clary ran back the punt from his 15-yard marker to the 43-yard line. A forward pass from Mauney to Hambright caught Villanova napping and the ball rested on Villanova's 36-yard line. Patzsch then intercepted Mauney's pass and ran 50 yards to South Carolina's 15-yard stripe. McDougal retaliated and intercepted Randour's forward pass and ran to his own 43-yard line. Randour was hurt and was replaced by Walsh. Then South Carolina marched 53 yards down the field to score, with John Epps tallying. Evans' place-kick was low.

Mauney was forced to punt from his 20-yard line and Michaels broke through and blocked the punt. The ball rolled over the goal line and Michaels dropped on it to score two points for Villanova. Score: Villanova, 15; South Carolina, 6.

Following this Villanova had another chance to score when Hambright was put out of the game for unnecessary roughness, South Carolina being penalized half the distance to the goal line. The ball was on the Gamecocks' 33. On the next play Wetzler ran to the 19 but fumbled, McManus recovering for Carolina.

Fourth Period

Korchinski kicked off to open the fourth period and Mauney made a brilliant 20-yard return. South Carolina advanced the ball to its own 45-yard line. Then after an exchange of punts, Villanova made two successive first downs on reverses, Randour carrying the ball both times. They made 35 yards on this drive, but lost the ball on South Carolina's 35-yard line when Weisenbaugh fumbled, and Fortzon recovered the ball for the Gamecocks. On the first attempt South Carolina was penalized 15 yards. South Carolina was penalized another 15 yards which brought the ball to the 43-yard line. Villanova kicked and Mauney ran it back 20 yards. The Gamecocks then made two passes for 30 yards and the game ended with the ball on Villanova's 45-yard line.

Villanova	Position	South Carolina
O'Donnell	left end	Epps
Zisak	left tackle	Hunker
Cox	left guard	Fortzon
Blanchard	center	Shinn
Michaels	right guard	Fowler
Brodnicki	right tackle	McManus
Grimberg	right end	Craig
Cavanaugh	quarterback	Mauney
Randour	left halfback	E. Clary
Wetzler	right halfback	Hambright
Patzsch	fullback	Brown

Score by periods:

Villanova	0	6	9	0	15
South Carolina	0	0	6	0	6

Touchdowns — Villanova: Randour, South Carolina—Epps. Point after touchdown—Cavanaugh. Safety — Villanova — Michaels. Substitutions — Villanova: for Michaels, Michaels for Brodnicki, Nagurski for Blanchard, Vidnovic for Cox, Marshall for Wetzler, McGee for Grimberg, Hurlburt for Cavanaugh, Walsh for Randour, Cox for Vidnovic, Korchinski for O'Donnell, Hurlburt for Cavanaugh, McGee for Grimberg, Wiesenbaugh for Patzsch, Marion for Wetzler, Nowa for Blanchard, Randour for Walsh, Cavanaugh for Hurlburt, Foster for Lee. Referee — DuCote. Umpire — Hutchens. Field Judge—Bagley. Umpire—Tolley. Time of periods—15 minutes.

Do you remember

... all of the claims that have been made about smoking tobacco—how it was that one was this and that one was that?

After all, what you want to know when you get a thing for a certain purpose is . . .

"Was it made for that?"

Granger is made of White Burley—the kind of leaf tobacco that's best for pipes.

And old man Wellman, who taught us how to make Granger, knew how.

Granger is made to smoke in a pipe—and folks seem to like it.

a sensible package 10 cents

Granger Rough Cut

—the tobacco that's MADE FOR PIPES

GOES TO MISSION BAND

Fr. Burns, Former Professor Here, Gets Appointment

Notice has been received that Rev. John J. Burns, O.S.A., Ph.B., former professor of history at Villanova College, has been transferred from St. Mary's Church, in Lawrence, Mass., to the Augustinian Mission Band.

Fr. Burns, while stationed at Lawrence, was engaged in parish activities, but because of the demand for Mission workers, he expressed his desire to join the Mission Band.

The first mission conducted by Fr. Burns was at the Church of Our Lady Help of Christians, Newton, Mass.

Fr. Burns will conduct a mission at the Church of St. Catherine of Genna, Wayne, from October 7 to 15 inclusive. This will afford former students an opportunity to renew the acquaintance of their former teacher.

Intra-Mural Touch Football Starts Oct. 11

Day-Hops and Alumni Hall To Clash in First Game

Games to Be Played on Wednesdays, Fridays and Sundays Up Until November 19 When Season Will End

TROPHY WILL BE GIVEN TO WINNER

INTRA-MURAL touch football will get under way on October 11, according to John J. Hughes, chairman of the intra-mural sports. There will be a league consisting of five teams: Mendel, Alumni, Austin and Fedigan Halls and a team representing the day students. This is the first year that this game has been included in the sports program, and it is expected to add that needed outlet for football ambitions in a milder form. It is the object of Harry A. Stuhldreher, director of physical education, to have all students who are physically able to participate in athletics. Consequently, in order to accommodate the many who are unable to play genuine football on account of size, or rather the lack of it, this variation of the game is being offered.

The teams will be under the direction of the prefects of the halls, and all those who report before a game to them will get plenty of opportunity to participate in the action.

Touch football is the first of the series of sports to be competed in this year by the halls. The remainder of the year will be occupied with volley ball, basketball, swimming, boxing, wrestling, soft-ball, baseball, tennis, track and golf. The final standing, after the entire schedule of sports is completed will be summarized by giving five for first place, four to second, three to third, etc., in each sport. The team with the highest number of points will be awarded The Rev. Edward V. Stanford Trophy.

The opening game involving the day hops and alumni will be played on October 11, and thereafter there will be games on Wednesdays, Fridays and Sundays up until November 19, when the schedule is completed. It has been so arranged that the day students will have no games on Sundays.

The schedule as approved by Mr. Stuhldreher follows:

First Half

October 11, Day Hops vs. Alumni.
October 13, Day Hops vs. Mendel.
October 15, Fedigan vs. Austin.
October 15, Fedigan vs. Austin; Alumni vs. Mendel.
October 18, Day Hops vs. Austin.
October 20, Day Hops vs. Fedigan.
October 22, Alumni vs. Fedigan; Mendel vs. Austin.
October 29, Alumni vs. Austin; Fedigan vs. Mendel.

Second Half

November 1, Day Hops vs. Alumni.
November 3, Day Hops vs. Mendel.
November 8, Day Hops vs. Fedigan; Alumni vs. Mendel.
November 8, Day Hops vs. Austin.
November 12, Austin vs. Mendel; Alumni vs. Fedigan.
November 15—Day Hops vs. Fedigan.
November 19, Austin vs. Alumni; Mendel vs. Fedigan.

FRANK SKAFF HAS NEW ROLE AS COACH

Succeeds Hurlburt as Mentor of the Junior Varsity Football Squad

GERAGHTY IS ASSISTANT

According to a recent announcement from the athletic office by Coach Harry A. Stuhldreher, Frank Skaff has been appointed to replace Charley Hurlburt as mentor of the junior varsity football team.

The junior varsity candidates turned out for their first practice last Thursday, and, although the squad is small, Coach Skaff is determined to get the best out of his men and start the Jayvees well on their way to a most successful season. He will be assisted by Ben Geraghty.

Skaff came to Villanova from St. John's Prep, Danvers, Mass., where he was a three-letter man, participating in football, baseball and basketball. Last year he played third base on Coach "Doc" Jacobs' nine and was one of the leading hitters on the team.

Charley Hurlburt, mentor of the junior varsity for the past two seasons has given up his coaching task and is now a candidate for the quarterback position on the varsity football team.

It is not too late for any student who wishes to try out for the junior varsity to report. All desiring to do so, should see Frank Skaff or the team manager, George Casey.

MEN'S STORE ON CAMPUS

New Exhibits Will Face Barber Shop in Basement of Mendel Hall

Villanova College will undertake in the near future another venture that will benefit the student body. Through the efforts of Albert Snyder, Bursar, a haberdashery store will be located in the basement of Mendel Hall opposite the barber shop.

A complete line of general men's furnishings will be for sale at less than the standard price. Such a reduction can be offered to the students because the shop will operate without an overhead. Students having a credit account will receive a 10 per cent. discount.

The men's shop will have students as clerks. These young men will not receive a salary but will receive their tuition free as a remuneration for their services. This plan will offer two or three students who are financially in need a chance to earn their tuition.

Weekly displays given in the pie shoppe will be discontinued. These displays will become permanent in the new store and representatives of the respective companies will appear weekly on the campus in an effort to sell their merchandise.

In the Limelight

The limelight this week is focused upon one of Villanova's brightest shining football stars, none other than Dom Marion.

Living in Eddystone, he attended Chester High School. There his career got the first impetus that has carried him through some of the toughest football that has been played in college ranks. For three years he was the outstanding fullback of the Chester High eleven. Dom was also a shotputter on the track team of the Chester institution and earned a varsity letter for three years in this sport.

But we are more interested in his accomplishments as a college star. Upon entrance as a lowly Frosh in Villanova's pre-med school in the fall of 1930 he began at once showing us how football should be played. On one of the most brilliant Freshman elevens ever to play at Villanova, he occupied the fullback position through an undefeated and unscored upon season. The highlight of his Freshman career was his spectacular tackling and blocking in clearing the path for Randour's touchdown against the Valley Forge Cadets.

Dom was also the outstanding shotputter for the Freshman track team.

His varsity accomplishments have no need of mention. We all know of his many spectacular plays, his tricky recoveries and his ability to "come out of any tough spot" right into the winning streak that has led the 'Cats to such frequent triumphs. Do you remember the Loyola game in '31? Dom wasn't feeling so frisky after pounding the enemy's line like a human battering ram and the old pigskin just wouldn't stay in his fingers. Loyola picked it up and got their one real chance to tally. The ball was snapped; Loyola was passing. But Dom had snapped, too, and he was waiting for a chance to make up for lost time. He literally picked the ball out of the ether and, moving like a beam of light, took the ball 83 yards for a touchdown. The final score was 33 to 0.

Then came his junior year. Never to be forgotten is last year's game with Temple University. And still more indelible is that march that Temple launched in the last quarter. The field was not even solid—it was jelly. The score was ours at 7 to 0. Dom had played guard, end and fullback in that memorable quarter. And now Temple was resolved to be the victor. They put forth an offensive that was driving them slowly but most certainly toward the touchdown they so sorely needed. Pete Stevens, of Temple, had the ball and the Wildcats were determined to stop him with that indomitable spirit exemplified in Marion. And he was stopped. And so was the march. But then Temple was about to lay the foundation for another great push when a beautiful pass was turned into their Waterloo by none other than Dominic Marion. Thus ended a quarter which Marion declares was "the hardest football I ever played."

This brings us up-to-date. With a position as stevedore for the Sinclair Refining Company as his summer training Dominic has returned with that same pep, fight and determination to win that has always been his dominant quality. And he says with calm assurance that the team will have a very excellent season.

So, with the assurance that Dominic Marion is expressing the character of every man on the Wildcat team, we wish them all, through him, all the success that is the right of a fighting, loyal team such as they really are.

Villanova Football Outlook Brighter As Bucknell and Temple Are Defeated

With the 1933 football season growing older, we watch with more interest the results of the contests of Villanova's future opponents.

The attack nearest at hand will be launched by Bucknell this Saturday on the home grounds. The Bisons have already defeated Waynesburg and Lebanon Valley but were beaten out on Friday night by a powerful Duquesne eleven. The boys from Lewisburg can be counted on to put up a hard fight in seeking to gain their ninth victory over the Blue and White out of the 13 contests played since the rivalry began back in 1900.

Gettysburg, the next rival, beat out Juniata in their opening contest, by two touchdowns to one. Manhattan lost their first game in three starts when the Oglethorpe eleven journeyed from Atlanta to New York and took the Green eleven to the tune of 6 to 0.

The Villanova rival of November 4, namely, Albright, had a week's rest after the terrific beating at the hands of Fordham and meet La Salle this Friday night in Philadelphia.

Boston College hung up their second consecutive victory when they ran roughshod over Loyola of Baltimore by the one-sided score of 37-0.

The greatest surprise of all was the 25 to 0 defeat which the Carnegie Tech team handed to the Temple Owls. The failure of the Warner attack proved to be the downfall of the Cherry and White and long brilliant runs by the Tech players established the supremacy of the Western Pennsylvania team.

GOLF TOURNAMENT SOON

Saint David's Course Will Be Site of Annual Contest

Sometime before the cold weather sets in, a golf tournament will be held to select the best golfers to represent the Villanova varsity on the links.

In the past two years the golf team has compiled one of the best records of the minor sport teams. In the spring campaign of 1932 the divot diggers won 12 matches and lost only two. Last year, with only five matches scheduled, the team won four and lost one.

Although no definite date has been set, an announcement is expected in the very near future. The contests will in all probability be held over the St. David's course, in Wayne.

Our final opponents, Rutgers, came out on the long end of a 21 to 0 score over Providence to give the Scarlet eleven their second victory of the current season. Rutgers scored touchdowns in the first, third and fourth quarters, added one extra point, and tallied a safety against the Providence team in the second period. All the touchdowns were direct results of passes.

Mendel Bulletin Staff Announced

Continued From Page One

Nicholas Colori, Robert Geist, Armand DiVittorio, Daniel Jarvis, James Migliore, Oscar DeShields, and James Deban. Those in charge of the circulation of the magazine are Edward Daley, Augustus Liotta and James Gallagher.

The new editor, whose home is in Trenton, N. J., is prominently identified with campus activities. He has been a member of the School of Science fraternity, Lambda Kappa Delta for three years and at present holds the office of sergeant-at-arms in that organization. The post of photographic editor of the Belle Air, senior class annual, and end on the junior varsity football squad, of which he has been a member for three years, are also held by McCarthy.

Ditchey, who makes his home in Tamaqua, Pa., has been a member of the Lambda Kappa Delta fraternity for four years, and he is now president of the society. In his sophomore year, Ditchey won a medal for his thesis on bacteriology, and although he was not officially made a member of the Mendel Bulletin staff last year, he was active in the publication of the periodical.

NEW VARSITY PLAYERS

Romano Brothers Report to Coach Stuhldreher for Tryout

Two new additions to the Varsity football team were made last week when the Romano brothers reported to the Wildcats. Frank, a candidate for the tackle position, weighs 207 pounds, while Randolph, who tips the scales at 192, plays fullback.

Both the brothers, who hail from Providence, R. I., won fame as grid athletes at Roxbury Prep, near New Haven, Mass. The boys entered the Medical School at Villanova three years ago, but found that their work occupied most of their time and so did not report to the football squad.

In the meantime neither lost interest in the sport and were on hand at all the games in which the Wildcats participated. It was only the Saturday of the Ursinus game that the boys decided to report to Coach Harry Stuhldreher.

While neither Frank nor Randolph is familiar with the Notre Dame system, Coach Stuhldreher feels that both will become valuable assets to his combination. In all probability both will make their debut when the Wildcats face Bucknell next Saturday.

'CATS' MEOW

IT'S all right for the Wildcats to go South just as long as they don't go West.

—V—

The good old days of rousing send-offs are back with us again.

—V—

Then there's the one about the frosh who wanted to know why they had masons working on the new building instead of the K. of C.

—V—

. . . **But it's not as bad as the one about the clock tinker who works on time for a fixed rate.**

—V—

"Moe" Lenzi and "Antony" Wronski, new mentors of the dollar-and-a-half team are reported to be re-enacting the scenes of Uncle Tom's Cabin, a la 1933. The new "Elizas" were portrayed by two frosh who were put out into the cruel world one cold night, and told by the pseudo Simon Legree, "To find new lodgin's in this yah jernt."

—V—

Several of the boys are already going into training for the coming intra-mural track meet. Peter Paul Kerr and Jim (Tower) Keeley are working out for the walking marathon.

—V—

Humble suggestion: Show the alumni that the student body still has some of the old fight . . . cheer . . . cheer and cheer!!

—V—

The contest with the Bisons has always been so exciting that during the past few years the spectators couldn't help but cheer. Our hunch is that you won't need any encouragement this Saturday.

—V—

It is rumored that the prisoners to take over the management of the prison until the world's series was at the Eastern Pen stopped trying completed.

—V—

If they get a radio in every room and a newspaper every morning and have to be in every night at 11.30 o'clock, we suggest that they change the name to Eastern College.

—V—

With the dollar-and-a-half team wearing silk pants, the boys are apt to get the impression that they are in the money.

TOURNAMENT TO OPEN

Strong Tennis Team Is Expected by Coach "Sol" Berman

Weather permitting, the annual fall tournament will be held in the near future. Those players making the best showing in this tourney will form the nucleus of the tennis team of '34.

"Sol" Berman will commence his second year as coach. He was the former captain and star of the '32 team. Although handicapped by the loss of players, he expects a strong team to renew rivalries of former years.

Paul Beaudin, former football star, as well as one of the mainstays on the tennis team, was lost by graduation. To fill his shoes will be a large order for all newcomers, However, ex-Captain Sam Miles and Steve Kramer are veterans who have seen much service and on whom Coach Berman is depending to do the heavy work this year.

It is also expected that the school will be represented by a strong freshman team this year. Numerous yearlings have shown promise and will no doubt be members of the varsity next year.

Should weather prevent the playing of this tournament, it will be postponed until spring when the season opens anew. Although nothing definite has been decided as to the date of the tournament, all would-be entrants are requested to watch the bulletin boards for further notice.

BETA GAMMA MAKES TWO APPOINTMENTS

Charles P. Goggi Named Manager of Debate; Robert A. Geist Is Made Associate

NEW SYSTEM TO BE USED

Two major appointments have been made in the Beta Gamma chapter of the Villanova Literary Society. Charles P. Goggi, senior business man, was appointed manager of debate, and Robert A. Geist, senior science student, was made associate manager.

Goggi takes the place left open by Joseph J. Conlan, who was last year's manager of debate and who is now studying law at Fordham. Due to considerable misunderstanding and the amount of work that fell upon the manager last year, a new system has been undertaken.

Briefly, the system is this. Goggi will arrange all the debates both varsity and freshman with the exception of the debates handled by the Philadelphia Debating League, of which the Literary Society is a member. This is being taken care of by Paetrus F. Bammiller, junior engineering student. As soon as the schedule of the Philadelphia League has been submitted for approval, an out of town and out of State schedule will be completed. At the present time tentative questions are being submitted for approval to be debated for the coming year. When these questions have been determined, a schedule will be announced.

Two day students and one resident student have been appointed to serve on a permanent housing committee. They are William Doyle, John Hallahan and Martin Donnelly. They will have to supply the necessary living quarters for visiting members of debating squads while they are guests of the college.

Dial-Log

Many of the radio questionnaires which are held from time to time provide the listeners with much food for thought. A recent popular song questionnaire, which was answered by over 300 of America's most popular orchestra leaders and music critics, selected "Old Man River" as the most popular song of the past decade. Naturally, you would like to know the others which earned the greatest number of votes. Here they are in order: "The Man I Love," "Blue Heaven," "Good Night, Sweetheart," "When Day Is Done" and "Stardust." Of course, a wide range of numbers were suggested including all types of music, but those we have named were the outstanding selections of the abovementioned people who are really in a good position to know the songs which appeal to the most people.

As we have said, it is food for thought, but it is chiefly a matter of personal opinion and, now you and your friends to try to pick the six most popular pieces, it would be quite a coincidence if you agreed on more than two numbers.

Here's where we get down to the new programs which should be interesting to the majority.

A dramatization which was one of the most popular on the ether waves last winter and stages a comeback this week is "The March of Time." As most of you know it is a program which gives brief excerpts from the important news of the week. This can be heard over WCAU and WABC at 8.30 P. M.

For the Bing Crosby fans (and who isn't?), his new series of broadcasts will commence next Monday and will be heard every week at 8.30 P. M., in a half-hour program coming from Los Angeles. Bing will do his own announcing and will be assisted by Lennie Hayton and his orchestra. WCAU will be the local outlet.

Still another of last year's favorites which returns over the Columbia network is "The All-American Football Show." On this half-hour broadcast Christy Walsh will interview a different prominent football coach each week. Friday night at 9.30 dial WCAU.

As to the dance orchestras—Fred Waring and the Pennsylvanians are expected to appear in Philly very soon . . . Don Bestor will resume broadcasts from the Hotel Biltmore . . . Ozzie Nelson (remember the Junior Prom in May, 1932), will be heard from the Park Central in late evening programs as well as with Joe Peanes on Sunday night at 7.30 . . . Paul Tremaine and the Band from Lonely Acres are still on tour . . . Glen Gray and the Casa Loma Orchestra open at the Essex House on October 20 . . . Frank Winegar and His Village Barn crew have settled down at the Rafters in Philly.

Financial Trouble Confronts Juniors

Continued From Page One

if the breakage account were accessible.

A committee was appointed to approach Rev. Edward V. Stanford, O. S. A., president of the college, on the feasibility of the project. The committee, consisting of Walter Coyle, John Shevlin, John Butler and Edmund Piczek, were requested to make a report to the class after the conference with Fr. Stanford.

Dr. Hickey Returns Here

Rev. Joseph A. Hickey, O.S.A., Assistant General of the Augustinian Order and a former president of the college, has returned from his headquarters at Rome for his annual visit in the United States.

Tell me something..

what makes a cigarette taste better

WHAT makes anything taste better? It's what is in it that makes a thing taste better.

CHESTERFIELDS taste better because we buy ripe tobaccos. These ripe tobaccos are aged two and a half years—thirty months. During this time the tobaccos improve—just like wine improves by ageing.

CHESTERFIELDS taste better because they have the right kind of home-grown tobaccos and Turkish Tobaccos "welded together."

We hope this answers your question.

DAY STUDENTS MEET IN SECOND ATTEMPT TO ORGANIZE GROUP

Meeting Called by Fr. McKee, Who Stressed Necessity of United Action

SCHOOL FRICTION IS HIGH

Two Students From Each School Elected to Permanent Board to Handle Work

Under the direction of Rev. Edward B. McKee, O. S. A., the day students held their second meeting of the year in the amphitheatre of Mendel Hall, last Wednesday, at 1 P. M. Fr. McKee, who as their moderator has charge of all day hop activities, called the meeting in order to unite the commuters into some form of an organization.

At the assembly, Fr. McKee stressed the necessity for united action on the part of the day students if their activities are to meet with success. He mentioned the lack of interest shown by them in intramural sports, that it is for the purpose of interesting them in this program, and in the various other advantages which Villanova offers, that he is organizing them.

Fr. McKee then proposed that the meeting elect a permanent board of eight members, composed of two students from each school on the campus. The purpose of the board is the handling of all work essential to the forming of a day students' club. They would have the power to elect a president, vice-president and secretary if this were deemed advisable.

As a result of the vote taken, Walter E. Alesandroni and John C. Maguire were selected to represent the Finance School; James Boyle and Joseph Kelly, the Engineering School; Francis P. Bigley and Law-

FR. DWYER TALKS ON GERMAN POLICY

Shows Influence of Catholicity on German Politics and Reasons for It

TRACES HISTORY OF STATE

Rev. Edward M. Dwyer, O. S. A., spoke last night in the college chapel on the "Influence of Catholicity on German Politics." He especially stressed the fact that the political situation in Germany has a great deal to teach the American Catholic. He said that our political situation was different than the German position but that it would change. He showed that only through our Catholic influence on the whole of Catholic life can we fulfill our duties as Catholic men.

Fr. Dwyer gave the reasons for the present policy of the German National Government with a view to our better understanding of just what the German people are working for.

He traced the history of the German State as it was in the 1870's until the World War and showed the lines of political division and the effect they had on the country. He brought out the fact that the Catholic political party held a key position between two opponents. It was made clear that a thorough understanding could not be gained by a comparison of German and American politics. He explained that every side of culture, including religion, takes a leading part in the German political parties. This policy is not changed in its essentials

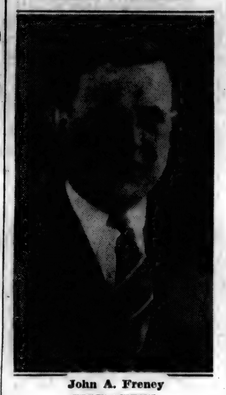
ALUMNI PRESIDENT



John A. Freney

VILLANOVA ALUMNI ELECT JOHN FRENEY

Wins Presidency to Replace John Coan, Who Refused to Run

WAGNER RETAINS HIS POST

John A. Freney, '29, who formerly headed the Philadelphia chapter of the National Alumni Association, has gained new laurels. Last Saturday afternoon he was chosen president of the national group at the annual elections conducted by the old grads in conjunction with Alumni Day, in the auditorium of the School of Commerce and Finance.

Prominently identified with alumni work since his graduation from Villanova, Mr. Freney succeeded John T. Coan, '19, of Upper Montclair, N. J., who withdrew his candidacy for re-election because of the pressure of business. Mr. Freney's only contender for the office was William J. Bradley, '31, of Philadelphia, who served as vice-president of the National Association, last year.

Phineas T. Vize, Jr., '23, replaced Mr. Bradley, and was unanimously elected to the vice-presidency by the members present at the meeting. Mr. Vize served the association as a member of the Board of Governors last year, and automatically retains membership on the board by virtue of his new position.

Albert C. Wagner, '32, retained the position of national secretary

PRESIDENT SERVES AS COMMITTEEMAN FOR ASSOCIATION

Fr. Stanford Chosen by Crime Prevention Board as Member of Education Group

ADDRESSED BY CUMMINGS

Association Aims to Combat Forms of Influences Hostile to Law

The United States Flag Association for the Prevention and Combating of Lawlessness, has, through its Executive Board, appointed the Rev Edward V. Stanford, O. S. A., President of the college, as a member of the committee on education.

This organization meets every year for the purpose stated above. This year the meeting was held in the Hotel Shoreham, in Essington, last Thursday, Friday and Saturday. The conferences started Friday at 8.30 P. M. in the Auditorium of the United States Department of Commerce Building. The Attorney General of the United States addressed this session of the conference.

The aims of this association are to combat lawlessness, communism, socialism and all other forces and influences hostile to the ideals and institutions symbolized by the Flag of the United States. To help prepare the youth of America for the duties and responsibilities of American citizenship is another aim.

The plan to combat lawlessness, as proposed by the organization, is divided into two phases. The first is stopping the growth of crime as promptly as possible and the second is to gradually eradicate lawlessness. To accomplish the former the association will attempt to arouse the adults of the country to action by acquainting them with appalling facts regarding the frightful crime conditions existing in the United States today. The latter aim, that to eradicate lawlessness, is through the proper education of the youth of America in the duties and responsibilities of American citizenship, that is, through the creation of a high, intelligent and constructive patriotic citizenship. It was on this committee, whose duty is education that Fr. Stanford was appointed.

The association plans to acquaint the people of the United States with the facts of crime in three ways. First by radio addresses by nationally outstanding men and women who will give pertinent information regarding crime. The second will be the use of the press and screen. They intend

Engineering Publication Appears; Article by Dean Humphrey Featured

The Villanova Engineer, the official publication of the students of The School of Technology, made its initial appearance of the scholastic year last Wednesday. The magazine which replaced the Owl, the publication of other years, proved to be most interesting and entertaining.

Dean Carl T. Humphrey wrote the feature article entitled, 'Apostles of Progress" a very interesting article dealing with the engineer and his status in the machine age. "Wonderland in Trinidad" by Prof. Thomas J. McCormack, a member of the engineering faculty, proved to be very educational and entertaining. Another attraction was "Madden Dam" by Russel Hurst, '32. This essay won first prize in a contest sponsored by the Philadelphia chapter of the A. S. M. E. A fiction story plus the Cross Section were also among the highlights of this month's publication. The activities of the various engineering societies on the campus and also the Phi Kappa Pi completed the issue.

Rev. John Vrana, O. S. A. the moderator, announced that at various intervals throughout the scholastic year, the Villanova Engineer would sponsor a short story contest with a cash award as the first prize. The winning story will be published as well as those that might receive honorable mention. The story must deal with some phase of engineering. The board of judges to be selected will have no connection with Villanova College. All stories must be submitted personally to the editor-in-chief, Room 214, Fedigan Hall, before midnight of October 26. All those interested should see the moderator, Bammiller or any other member of the Engineer's staff.

The staff of last year began work as soon as school opened. New men were sought to fill the vacancies which resulted from the graduation of he senior members of the staff. Paetrus F. Bammiller is editor-in-chief, and W. Rogers Harrel is business manager.

Gala Sophomore Frolic To Be Held This Friday In College Gymnasium

Class of '36 Establishes a Precedent, Being First Lower Class to Open Social Calendar of the Year

DANCE CHAIRMAN

Joseph Clay

ADMISSION IS $1.50

Music for Occasion by "Fat" Waters and Danceonians

The Sophomore Frolic, annual sophomore dance, will be held this Friday night, October 20, from 9 P. M. until 1 A. M. in the college gymnasium, and will feature Franklin "Fat" Waters and His Danceonians as the orchestra for the occasion.

The Class of '36 will, by having the first social function of the year, establish a new precedent on the campus—that of a lower class starting the social calendar of the year. No other class has ever held an affair this early in the term. The purpose in having the dance on such short notice is due to the fact that the social calendar towards the end of the scholastic term has always been congested with such activities, and for that reason few of them have been very successful.

"Fat" Waters and His Danceonians, an eight-piece orchestra, are a widely known, popular, and versatile combination of musicians who use the Lombardo style and arrangements of music. They are also noted for the entertaining sketches and novelties which they present during the course of a dance.

Included among the places where they have met with approval and success are: Lake Placid, where they have just finished a successful two-year contract; the St. James Hotel, in Philadelphia, and the Sagamore Hotel, which is the largest in Rochester, N. Y. They have been engaged exclusively by the fraternities of the University of Pennsylvania for their private functions and have had, in western New York, several season's engagements at Lakes Erie and Ontario.

Many students here at Villanova, when told of the orchestra engaged by the dance committee, were particularly well pleased, due to the fact that they had heard and danced to "Fat's" orchestra during the summer vacation at the Flanders Hotel, in Ocean City, N. J. All of these students remarked on the effective saxophone quartet and the smoothness of the entire combination.

The president of the class, J. Daniel Harkins, Jr., appointed the following committees: Dance committee, Joseph Clay, chairman; Arthur Noble, William Vaughn, Joseph Malcolm, David Cragg, James Downes, Thomas Kucker, Alfred Welsh, Frank Alfano, Anthony Zanni, and Harry Cornfield; arrangements and decorations committee, Joseph Braheney, chairman; John Hallahan, Edward Carlin, Robert McGrory, and William Monroe; advertising committee, John C. DiJoseph, chairman; Harry Poudal and Anthony Catrombone.

When Harkins, the class president, was asked to comment on the outcome of the dance, he expressed his opinions in this manner: "If the enthusiasm shown by the student body is indicative of the outcome of the Sophomore Frolic, then it will be, without a doubt, one of the most successful social functions of the year. The freshman class is to be congratulated on its wholehearted support and response. They will not find the Class of '36 laggard and unresponsive when the time comes for them to present something in the way of entertainment."

Clay, chairman of the dance committee, was also inclined to be optimistic about the issue, proclaiming that, "The success of our dance depends not only upon the support given by the sophomore class, but

EDITOR ANNOUNCES YEAR BOOK STAFF

Work to Begin in Near Future if Present Plans Are Carried Out

WILL MEET NEXT WEEK

The Rev. John T. McCall, O. S. A., faculty moderator of the Belle Air, has given his approval to the appointments of the year book staff as submitted by John Corkill, editor-in-chief.

The completed staff comprises: Managing editor, William Zell; associate editors, Robert Geist, William O'Prey, John Devine, Joseph Lilly, William Holmes and Emmett Pryor. The assistants to the associate editors are George Malhame, Edmund Reiley, Mark Fath, Lawrence Goldschmidt, Lawrence Doherty, Raffaele Violetti and Thomas Fitzpatrick. The sports editor is Arthur Hart, and his assistants are Harold Keating and Louis Marechal. The college editor is Edward Kilbane, and his assistant is Francis Bigley. The circulation managers are John Dougherty and William Himes. The art editor is Eric Storms. Photography editor is William McCarthy. Copy editors are Frank Ditchey and John Stell. Assistant business managers are John Butler, Joseph Costigan, Edgar Cottrell and Louis D'Angelo.

Corkill said that actual work would begin on the book in a week or two. He intimated that he had several original ideas which he intends to use in the book, but declined to divulge what they were for the present.

He expressed the hope that the staff will give him the necessary cooperation to insure the success of the publication, which is to be one of the most elaborate that the college has ever undertaken.

In speaking of the staff, Corkill said: "The way to insure the greatest success for the Belle Air this year is for the entire staff to cooperate with me and with each other, and to work, not individually, but as a unit."

BETA GAMMA MAKES TWO APPOINTMENTS

Charles P. Goggi Named Manager of Debate; Robert A. Geist Is Made Associate

NEW SYSTEM TO BE USED

Two major appointments have been made in the Beta Gamma chapter of the Villanova Literary Society. Charles P. Goggi, senior business man, was appointed manager of debate, and Robert A. Geist, senior science student, was made associate manager.

Goggi takes the place left open by Joseph J. Conlan, who was last year's manager of debate and who is now studying law at Fordham. Due to considerable misunderstanding and the amount of work that fell upon the manager last year, a new system has been undertaken.

Briefly, the system is this. Goggi will arrange all the debates both varsity and freshman with the exception of the debates handled by the Philadelphia Debating League, of which the Literary Society is a member. This is being taken care of by Paetrus F. Banmiller, junior engineering student. As soon as the schedule of the Philadelphia League has been submitted for approval, an out of town and out of State schedule will be completed. At the present time tentative questions are being submitted for approval to be debated for the coming year. When these questions have been determined, a schedule will be announced.

Two day students and one resident student have been appointed to serve on a permanent housing committee. They are William Doyle, John Hallahan and Martin Donnelly. They will have to supply the necessary living quarters for visiting members of debating squads while they are guests of the college.

Dial-Log

Many of the radio questionnaires which are held from time to time provide the listeners with much food for thought. A recent popular song questionnaire, which was answered by over 300 of America's most popular orchestra leaders and music critics, selected "Old Man River" as the most popular song of the past decade. Naturally, you would like to know the others which earned the greatest number of votes. Here they are in order: "The Man I Love," "Blue Heaven," "Good Night, Sweetheart," "When Day Is Done" and "Stardust." Of course, a wide range of numbers were suggested including all types of music, but those we have named were the outstanding selections of the abovementioned people who are really in a good position to know the songs which appeal to the most people.

As we have said, it is food for thought, but it is chiefly a matter of personal opinion and, were you and your friends to try to pick the six most popular pieces, it would be quite a coincidence if you agreed on more than two numbers.

Here's where we get down to the new programs which should be interesting to the majority.

A dramatization which was one of the most popular on the ether waves last winter and stages a comeback this week is "The March of Time." As most of you know it is a program which gives brief excerpts from the important news of the week. This can be heard over WCAU and WABC at 8.30 P. M.

For the Bing Crosby fans (and who isn't?), his new series of broadcasts will commence next Monday and will be heard every week at 8.30 P. M., in a half-hour program coming from Los Angeles. Bing will do his own announcing and will be assisted by Lennie Hayton and his orchestra. WCAU will be the local outlet.

Still another of last year's favorites which returns over the Columbia network is "The All-American Football Show." On this half-hour broadcast Christy Walsh will interview a different prominent football coach each week. Friday night at 9.30 dial WCAU.

As to the dance orchestras—Fred Waring and the Pennsylvanians are expected to appear in Philly very soon . . . Don Bestor will resume broadcasts from the Hotel Biltmore . . . Ozzie Nelson (remember the Junior Prom in May, 1932), will be heard from the Park Central in late evening programs as well as with Joe Penner on Sunday night at 7.30 . . . Paul Tremaine and the Band from Lonely Acres are still on tour . . . Glen Gray and the Casa Loma Orchestra open at the Essex House on October 20 . . . Frank Winegar and His Village Barn crew have settled down at the Rafters in Philly.

Financial Trouble Confronts Juniors

Continued From Page One

If the breakage account were accessible.

A committee was appointed to approach Rev. Edward V. Stanford, O. S. A., president of the college, on the feasibility of the project. The committee, consisting of Walter Coyle, John Shevlin, John Butler and Edmund Piczek, were requested to make a report to the class after the conference with Fr. Stanford.

Dr. Hickey Returns Here

Rev. Joseph A. Hickey, O.S.A., Assistant General of the Augustinian Order and a former president of the college, has returned from his headquarters at Rome for his annual visit in the United States.

Tell me something...

what makes a cigarette taste better

WHAT makes anything taste better? It's what is in it that makes a thing taste better.

CHESTERFIELDS taste better because we buy ripe tobaccos. These ripe tobaccos are aged two and a half years—thirty months. During this time the tobaccos improve—just like wine improves by ageing.

CHESTERFIELDS taste better because they have the right kind of home-grown tobaccos and Turkish Tobaccos "welded together."

We hope this answers your question.

DAY STUDENTS MEET IN SECOND ATTEMPT TO ORGANIZE GROUP

Meeting Called by Fr. McKee, Who Stressed Necessity of United Action

SCHOOL FRICTION IS HIGH

Two Students From Each School Elected to Permanent Board to Handle Work

Under the direction of Rev. Edward B. McKee, O. S. A., the day students held their second meeting of the year in the amphitheatre of Mendel Hall, last Wednesday, at 1 P. M. Fr. McKee, who as their moderator has charge of all day hop activities, called the meeting in order to unite the commuters into some form of an organization.

At the assembly, Fr. McKee stressed the necessity for united action on the part of the day students if their activities are to meet with success. He mentioned the lack of interest shown by them in intra-mural sports, that it is for the purpose of interesting them in this program, and in the various other advantages which Villanova offers, that he is organizing them.

Fr. McKee then proposed that the meeting elect a permanent board of eight members, composed of two students from each school on the campus. The purpose of the board is the handling of all work essential to the forming of a day students' club. They would have the power to elect a president, vice-president and secretary if this were deemed advisable.

As a result of the vote taken, Walter E. Alesandroni and John C. Maguire were selected to represent the Finance School; James Boyle and Joseph Kelly, the Engineering School; Francis P. Bigley and Law-

FR. DWYER TALKS ON GERMAN POLICY

Shows Influence of Catholicity on German Politics and Reasons for It

TRACES HISTORY OF STATE

Rev. Edward M. Dwyer, O.S.A., spoke last night in the college chapel on the "Influence of Catholicity on German Politics." He especially stressed the fact that the political situation in Germany has a great deal to teach the American Catholic. He said that our political situation was different than the German position but that it would change. He showed that only through our Catholic influence on the whole of Catholic life can we fulfill our duties as Catholic men.

Fr. Dwyer gave the reasons for the present policy of the German National Government with a view to our better understanding of just what the German people are working for.

He traced the history of the German State as it was in the 1870's until the World War and showed the lines of political division and the effect they had on the country. He brought out the fact that the Catholic political party held a key position between two opponents. It was made clear that a thorough understanding could not be gained by a comparison of German and American politics. He explained that every side of culture, including religion, takes a leading part in the German political parties. This policy is not changed in its essentials

ALUMNI PRESIDENT

John A. Freney

VILLANOVA ALUMNI ELECT JOHN FRENEY

Wins Presidency to Replace John Coan, Who Refused to Run

WAGNER RETAINS HIS POST

John A. Freney, '29, who formerly headed the Philadelphia chapter of the National Alumni Association, has gained new laurels. Last Saturday afternoon he was chosen president of the national group at the annual elections conducted by the old grads in conjunction with Alumni Day, in the auditorium of the School of Commerce and Finance.

Prominently identified with alumni work since his graduation from Villanova, Mr. Freney succeeded John T. Coan, '19, of Upper Montclair, N. J., who withdrew his candidacy for re-election because of the pressure of business. Mr. Freney's only contender for the office was William J. Bradley, '31, of Philadelphia, who served as vice-president of the National Association, last year.

Phineas T. Vize, Jr., '23, replaced Mr. Bradley, and was unanimously elected to the vice-presidency by the members present at the meeting. Mr. Vize served the association as a member of the Board of Governors last year, and automatically retains membership on the board by virtue of his new position.

Albert C. Wagner, '32, retained the position of national secretary

PRESIDENT SERVES AS COMMITTEEMAN FOR ASSOCIATION

Fr. Stanford Chosen by Crime Prevention Board as Member of Education Group

ADDRESSED BY CUMMINGS

Association Aims to Combat Forms of Influences Hostile to Law

The United States Flag Association for the Prevention and Combating of Lawlessness, has, through its Executive Board, appointed the Rev Edward V. Stanford, O. S. A., President of the college, as a member of the committee on education.

This organization meets every year for the purpose stated above. This year the meeting was held in the Hotel Shoreham, in Essington, last Thursday, Friday and Saturday. The conferences started Friday at 8.30 P. M. in the Auditorium of the United States Department of Commerce Building. The Attorney General of the United States addressed this session of the conference.

The aims of this association are to combat lawlessness, communism, socialism and all other forces and influences hostile to the ideals and institutions symbolized by the Flag of the United States. To help prepare the youth of America for the duties and responsibilities of American citizenship is another aim.

The plan to combat lawlessness, as proposed by the organization, is divided into two phases. The first is stopping the growth of crime as promptly as possible and the second is to gradually eradicate lawlessness. To accomplish the former the association will attempt to arouse the adults of the country to action by acquainting them with appalling facts regarding the frightful crime conditions existing in the United States today. The latter aim, that to eradicate lawlessness, is through the proper education of the youth of America in the duties and responsibilities of American citizenship, that is, through the creation of a high, intelligent and constructive patriotic citizenship. It was on this committee, whose duty is education that Fr. Stanford was appointed.

The association plans to acquaint the people of the United States with the facts of crime in three ways. First by radio addresses by nationally outstanding men and women who will give pertinent information regarding crime. The second will be the use of the press and screen. They intend

Engineering Publication Appears; Article by Dean Humphrey Featured

The Villanova Engineer, the official publication of the students of The School of Technology, made its initial appearance of the scholastic year last Wednesday. The magazine which replaced the Owl, the publication of other years, proved to be most interesting and entertaining.

Dean Carl T. Humphrey wrote the feature article entitled, 'Apostles of Progress" a very interesting article dealing with the engineer and his status in the machine age. "Wonderland in Trinidad" by Prof. Thomas J. McCormack, a member of the engineering faculty, proved to be very educational and entertaining. Another attraction was "Madden Dam" by Russel Hurst, '32. This essay won first prize in a contest sponsored by the Philadelphia chapter of the A. S. M. E. A fiction story plus the Cross Section were also among the highlights of this month's publication. The activities of the various engineering societies on the campus and also the Phi Kappa Pi completed the issue.

Rev. John Vrana, O. S. A. the moderator, announced that at various intervals throughout the scholastic year, the Villanova Engineer would sponsor a short story contest with a cash award as the first prize. The winning story will be published as well as those that might receive honorable mention. The story must deal with some phase of engineering. The board of judges to be selected will have no connection with Villanova College. All stories must be submitted personally to the editor-in-chief, Room 214, Fedigan Hall, before midnight of October 26. All those interested should see the moderator, Banmiller or any other member of the Engineer's staff.

The staff of last year began work as soon as school opened. New men were sought to fill the vacancies which resulted from the graduation of he senior members of the staff. Paetrus F. Banmiller is editor-in-chief, and W. Rogers Hamel is business manager.

Gala Sophomore Frolic To Be Held This Friday In College Gymnasium

Class of '36 Establishes a Precedent, Being First Lower Class to Open Social Calendar of the Year

ADMISSION IS $1.50

Music for Occasion by "Fat" Waters and Danceonians

The Sophomore Frolic, annual sophomore dance, will be held this Friday night, October 20, from 9 P. M. until 1 A. M. in the college gymnasium, and will feature Franklin "Fat" Waters and His Danceonians as the orchestra for the occasion.

The Class of '36 will, by having the first social function of the year, establish a new precedent on the campus—that of a lower class starting the social calendar of the year. No other class has ever held an affair this early in the term. The purpose in having the dance on such short notice is due to the fact that the social calendar towards the end of the scholastic term has always been congested with such activities, and for that reason few of them have been very successful.

"Fat" Waters and His Danceonians, an eight-piece orchestra, are a widely known, popular, and versatile combination of musicians who use the Lombardo style and arrangements of music. They are also noted for the entertaining sketches and novelties which they present during the course of a dance.

Included among the places where they have met with approval and success are: Lake Placid, where they have just finished a successful two-year contract; the St. James Hotel, in Philadelphia, and the Sagamore Hotel, which is the largest in Rochester, N. Y. They have been engaged exclusively by the fraternities of the University of Pennsylvania for their private functions and have had, in western New York, several season's engagements at Lakes Erie and Ontario.

Many students here at Villanova, when told of the orchestra engaged by the dance committee, were particularly well pleased, due to the fact that they had heard and danced to "Fat's" orchestra during the summer vacation at the Flanders Hotel, in Ocean City, N. J. All of these students remarked on the effective saxophone quartet and the smoothness of the entire combination.

The president of the class, J. Daniel Harkins, Jr., appointed the following committees: Dance committee, Joseph Clay, chairman; Arthur Noble, William Vaughn, Joseph Malcolm, David Cragg, James Downes, Thomas Kucker, Alfred Welsh, Frank Alfano, Anthony Zanni, and Harry Cornfield; arrangements and decorations committee, Joseph Brahoney, chairman; John Hallahan, Edward Carlin, Robert McGrory, and William Monroe; advertising committee, John C. DiJoseph, chairman; Harry Poudal and Anthony Catrombone.

When Harkins, the class president, was asked to comment on the outcome of the dance, he expressed his opinions in this manner: "If the enthusiasm shown by the student body is indicative of the outcome of the Sophomore Frolic, then it will be, without a doubt, one of the most successful social functions of the year. The freshman class is to be congratulated on its wholehearted support and response. They will not find the Class of '36 laggard and unresponsive when the time comes for them to present something in the way of entertainment."

Clay, chairman of the dance committee, was also inclined to be optimistic about the issue, proclaiming that, "The success of our dance depends not only upon the support given by the sophomore class, but

SOCIAL BACKGROUND

NOW THAT we have inured ourselves once more to the duties of college life, we become prospective toward means of diversion from these duties; intervals when we might be lightened of work and for a few hours give vent to our more joyous and gay emotions. In harmony with college life and in order to fulfill this need of diversion, Villanova is about to open its social season with the Sophomore Frolic. This dance is sponsored annually by the class in the hope that the students will broaden themselves in their social relations, that they will strengthen their friendships, make new acquaintances and, last but not least, that they will not lose the poise and conduct demanded of a gentleman escort. Not only is this the purpose of the Sophomore Frolic, but of every dance sponsored by any organization on the campus. The social events on the campus are a part of your education and a very effective means of diversion from studies, and, as such, you are expected to do your share in supporting them and also to get as much advantageous experience and good out of them as is within your ability. Lest you have forgotten, we remind you that all the students are invited and urged to attend all the dances given publicity on the campus. Every effort is made to make the tax as low as possible in order that no students might be deprived on that account. To those who make it a point to sit in their rooms and ignore these occasions we want to make mention that it is essential to you to go out and be sociable and learn, if you don't already know, the fundamentals that will be expected of you when you leave college.

OVERCOME THAT INERTIA

INTRA-MURAL sports on a wide scale were introduced at the college last year and were met by a reasonable amount of interest and enthusiasm on the part of the student body. The activities at that time included basketball, baseball, softball and track. After considerable planning this year, it was decided to add touch football to the previous list. At first this announcement was greeted with a hearty welcome from the students; yet, the schedule was scarcely opened before the sponsors ran into their first snag. Sunday morning a game was scheduled between Fedigan Hall and Austin Hall, and the grand total of SEVEN players responded to the call in Fedigan. Surely, such a showing is far from representative from a dormitory housing well over a hundred students. Perhaps the men do not realize the benefits that may be gained from an hour of athletic competition after a week of physical inactivity, or perhaps it may have been a reaction to the shock we received on Saturday. Whatever the reason may have been, though, let's all make it a personal obligation to see that the situation does not present itself again.

YOU OUGHT TO KNOW

MY OPENING wedge for this week's column is a discussion of the futility of trying to get along with the girls if you're not a football player. Many things learned and not so learned have been said on this matter—it has been the occasion for the inspiration of many songs. After Mark Antony, D'Artagnan, Don Juan, Casanova, and other great romantics went out of circulation, the members of the opposite sex had to find a new supply for their romantic demands. This supply was found in the not very handsome but very masculine football player. Up to date he has done admirably well; so well, in fact, that the fairer sex will not have anyone else.

Prof. Franco had Tom Donohue the other day in Spanish class answering his Spanish questions in Spanish. Tom did well and was putting on the student-who-knows-all-the-answers act, and when I say this I don't wish to give any innuendoes leading to a translation into the college vernacular for it would be untrue. To make a short story long, Tom became stumped on the question, "What is the color of the blackboard?" (For the benefit of those who can't read Spanish I have thanslated this question.) Tom, obviously thinking that blackboards were other than black in Spanish, non-committingly kept his silence. Prof. Franco then explained to a wide-eyed class that blackboards in his country were also black, that apples there had a red color, and that night was dark. Live and learn, I say.

What well-known Junior answers to the name of "Peaches"? If you know, cogitate a little, and see if you can syllogize correctly as from what source this monicker had its beginning.

The other night, being a little thirsty, I stepped into the Greek's to grab a coco-cola. What I saw there took me back to those halcyon days when I was a Frosh. You upper classmen remember those days of yore when a representative number of the sophomores were appointed to show the incoming Freshmen a good time. Well, there were a group of Sophs making a Frosh talk to strange girls and forcing him to arrange dances. It was a lot of fun, with the Frosh getting the most enjoyment out of it.

"Perhaps," we said to ourselves, 'this is some new fashion that we know nothing about." So, with a certain amount of fear and trepidation, we hitched up our suspenders a bit more and paraded about the campus. However, sad to relate, instead of being looked at with awe and questioning, we received only the Bronx cheer for our efforts. Being somewhat thin-skinned, we were forced to change the suspenders again—this time with a downward motion accomplished. We just can't take it!

We heard one the other day that struck us as being pretty good. Here's the story. Last year one of the non-varsity players hit the college for a set of store teeth. He averred that two teeth had been knocked out in practice and thought that the school should replace the teeth. So, after the necessary red tape had passed through, he went to the dentist and had two false ivories made.

The truth of the story is this: one night, perhaps after too much lobster and ice cream, he went to bed in the upper deck of one of the double-decked beds. Before long he was in the midst of a fearful and wonderful nightmare. He was battling imaginary dragons, much in the manner of St. George, when his efforts became too rabid and he fell very ignominiously out of bed. Now, as you all know, the distance from the top deck to the floor is much too high for a comfortable fall. He gathered himself together, only to discover that he was lacking two masticators. He then conceived the brilliant idea of saying that the loss had occurred in practice.

The Soph class in a departure from the spring dance, held regularly each year, is giving one this Friday. This would be a strategic move, running a dance that will not conflict with the Junior Prom and the Senior Ball, as was the case last year. Well wishes and may every Villanova devotee of the terpsichorean art attend and enjoy a fine time.

Rubbed elbows at breakfast with Link Lenzi, the $1.50 football coach the other morning. Was surprised to note that for one who is constantly on the go and must use up much energy he eats like a bird—a peck at a time.

COLLEGIATE NEWSREEL

IS IT TRUE that Henry intends to spray his Wildcats with Flit during the remaining games of the season? Whatever that stuff the trainer of the buzzin' Bisons used on his men was we don't know, but we surmise that it was so powerful that in that last agonizing moment of play the good old pigskin was so groggy from smelling it that it just laid right down and died instead of flying gracefully over the heads of the Thundering Herd. But Flit on Wildcats, for who's afraid of the big, black wolf? However, don't refrain from downing those Manhattan Cocktails on October 28, no matter how much they come up on you!

• • •

Paging Fetlock, to the left of us! Fetlock, ol' boy, you have been taken to task by one of your admirers who is cranking the Intercollegiate (a remote descendant of ours, on the black sheep side of the family) up in Manhattan College. Apparently you made the interesting revelation several years ago that the sidewalks of New York were only a step above the gutter, so that now he wants to know if we expect to fall all over ourselves when walking all over Manhattan College when we play them shortly. What, Hurlburt? you say that things have come down since you said that? You mean that there aren't any more sidewalks in New York? Oh, I see, you mean that there aren't any more gutters—they're all subways. Thank you, Blurlhock.

• • •

University of Minnesota officials refused to permit football games to be broadcast if sponsored by a brewery.

• • •

Apparently the pocketbooks of the Owls are not lined with feathers this year; not that they were, but judging from the strength of an editorial in the Temple University News entitled "A Diller, A Dollar," the students there don't even have pocketbooks. The entire Temple study body seems to be much alarmed at the possibility of having to pay $' for the privilege of seeing their much acclaimed Warner-coached team meet Villanova toward the end of the season. The impression is gained that the Owls' hopes of success in the encounter will be materially diminished if the $1 is required in addition to the student athletic book; in fact, it would seem that the student body will not at all swell the gate receipts if the charge is made. To quote, nor ad lib, "The athletic office must remember that there are groups on the campus which are going to almost unbelievable limits to arouse school spirit, to instill that winning one-for-all punch which Temple has always lacked. The athletic office must remember that whatever has been built to date has been a heart-breaking task, and its success hangs precariously by a thin thread. That extra $1 might be the scissors which cut the thread." At Villanova, we expect to consider the question of the solitary dollar after we're through the gate.

• • •

The boys at C. U. are having their troubles. Last week the postmaster had to have a special sound-proof phonebooth installed so as to drown out the noise of the students on the campus. This week's instalment of the thrilling serial is entitled, "Rats Rout Cops," or 'How Oscar Wilde Stopped the Leak in the Dike." It would seem that C. U. has a police force all of its own, their headquarters being just below the dining hall (of course, there would have to be a trap-door into the kitchen). It also seems that the poor rats in the neighborhood didn't like the idea of being left out in the cold, so they just calmly ate their way through the walls of the officers' hall of justice and made themselves at home. All was very lovely until one day it had to rain. Water suddenly gushed from the walls. The cops are said to have been startled, possibly amazed, when they found their socks were wet. Not having the advice of our Wetlock at their disposal they could do nothing to solve the problem and left in discomfiture. When later asked what he thought had caused the trouble, our much vaunted sleuths calmly gave us the cold eye and just said 'Rats."

The Salt-Shaker

OUR COUNCIL OF DEFENSE

CONVENTIONS from all over the country have been converging on Chicago and its stupendous Fair. Some thirty of these, it is said, invited His Eminence George Cardinal Mundelein to address them. He spoke to but one—the Catholic Press Convention. The Cardinal, an old newspaper man himself, realizes full well the vast import of the Catholic Press. In the course of his talk, he paid the Catholic Press a high tribute in calling it "Our Council of Defense."

There are two types of defense, negative and positive. Both have their place in military strategy, as well as in the defense of the Church Militant. The negative, however, is all too often a cover for lack of dash and courage. It is a defense that attempts to hold its own position, but never sallies forth to battle. Such was the defense against the historical and scientific attack on Catholic dogma.

The positive defense is an energetic offensive. Always alert, ready for combat, confident of the solidity of its position, it goes forward fearlessly. Not content with refuting false doctrines, it gives a solid, sane answer to the problems of the day. If it denounces Socialism, it gives the Catholic answer to social problems. If it crushes the vagaries of would-be philosophers and pseudo-scientists, it readily supplies the true principles with which rational philosophy and true science must always advance.

And this, we think, is the defense that the Cardinal expects from our Catholic Press. This hectic world of ours is pleading for a way out of its economic, social and moral chaos. The Press must present the true solution which is ours to the groping people. An active, zealous, vital Press can rouse this land to a true appreciation of those fundamental principles which must be basic in every true civilization. The Catholic Press has a gigantic task facing it. Before penetrating the lines of the enemy, it must first rouse its own indifferent army to action. If the Catholic Press is to content itself with complacent notices of local card parties and clerical appointments, the sooner it is defunct the better. Fortunately, this is not the attitude of many of our Catholic journals. They are improving apace and are rounding into a healthy, vigorous, positive force. But they, too, are doomed to futile mediocrity unless they receive the intelligent and loyal support of the Catholic people.

The Catholic Press does not ask for charity. It demands an intelligent reading, a chance to breathe and live. Given this, it cannot but prosper. The Catholic Daily Tribune is struggling heroically with a meager circulation of some twenty thousand among twenty million Catholics. The Commonweal, one of the finest weeklies in America, barely escaped extinction recently. And all this simply because the Catholic people are indifferent to the truly Apostolic zeal which actuates Catholic journalists.

If there is to be an awakening to the need for a strong Catholic Press, and an appreciation of the part it must play in Catholic action, the movement must start among the more educated. The part that the Catholic college man must play in this vital matter is no small one. If the college man is to take his proper place in society, he must be well acquainted with the true principles of Christian life. Otherwise, his religion, instead of being vital truths to be lived, will be dry dogma with no application to his every-day life. In the Catholic Press he will find a definite answer to the perplexing problems of the day, and for him the Catholic Press will be a defense against the rot so rampant in literature today.

NORTH JERSEY CLUB DANCE TO BE HELD IN WINFIELD SCOTT

Hotel in Elizabeth Selected Because of Convenient Central Location

DRESS TO BE SEMI-FORMAL

Definite plans for the second annual Thanksgiving dance of the North Jersey Club were considered at a special meeting of the dance committee. It was decided that the function will be held on Saturday night, December 2, the evening after the Rutgers-Villanova game.

The place decided upon for the dance is the luxurious main ballroom of the Winfield Scott Hotel in Elizabeth. Offers had been received from all the leading hotels and clubs in this section of New Jersey, but the Winfield Scott was finally selected because of its convenient central location.

The price of admission has been set at two dollars to come within the financial means of all the members. Dancing time has tentatively been set as 9 till 1. The hour of closing, however, will be delayed if suitable arrangements can be made with the orchestra and the hotel.

An orchestra has not as yet been definitely named, but conasctions have been made with several outstanding organizations, among which are the Crestmore Club Orchestra and Dick Broome and his Commodores, two of the most prominent orchestras in the vicinity of Newark.

Favors for the occasion have not been definitely decided upon either, but the Guild Craft Company of Philadelphia, the same company which supplied the programs for the club's Easter dance last year and the Sophomore Cotillion of last spring, is working on a novel idea which the committee plans to use.

The committee which has been working on the dance includes Raymond Harter, chairman; Harold McGrath, Rafael Martinez-Alvarez, Joseph McKenna, Joseph Carroll, Robert Burke and John Butler.

Day Students Meet To Organize Group

Continued From Page One

rence P. Goldschmidt, the Art School; and Joseph Mira and Augustan Ranieri, the Science School.

On last Friday, the newly-elected board held its first official meeting in the day hops' room in Mendel Hall. One of its first acts was to vote down the suggestion that a president be elected. The dissenting voters claimed that one school would of necessity be favored, with the resulting dissatisfaction among the schools. A motion that a member of the board be elected president of the board was also voted down for the same reason. Other things accomplished by the board members included the means by which the announcements may reach the day hops. Bulletin boards are to be placed in Mendel Hall, the Commerce and Finance School, and in the Pie Shoppe.

No. Jersey Club to Meet

New members will be admitted to the North Jersey Club of Villanova at the regular meeting of the organization this Thursday evening in Room 210, Mendel Hall, immediately after chapel. All students who live in New Jersey north and east of New Brunswick are eligible for membership. Application for admission may be made either to Thomas F. McFeeley, president of the club, or to any member of the committee.

INITIAL PEP RALLY FAILS IN PURPOSE

Late Classes Partly Blamed for Poor Attendance of Student Body

CHEERING IS UNSPIRITED

The pep rally, the first of the current year, conducted last Friday afternoon in the Stadium in preparation for the Bucknell football game was not the success it was expected to be.

Various reasons have been advanced for this, among them being the facts that the students expected there would be speakers there, that some of the day-hops are employed in the afternoons, and that the engineers and pre-medical students have classes that last until late in the afternoon.

While the team went through a snappy drill, the band played the school songs, and the cheering squad called for the various cheers from the assembled student body. Because of the lack of response of the students, Leo Cordiale, chairman of the Student Council, attempted to arouse enthusiasm by substituting for the cheer-leaders.

There were two outstanding features at the rally, one the fact that it seemed that the only students who knew all the cheers and yells were the freshmen. In the second feature, it was seen that more than one resorted to his Students' Handbook.

The band, although not as large as in former years, made up for their small numbers, by creating more noise than it would seem that they were capable of doing.

President Serves As Committeeman

LITERARY SOCIETY ACCEPTS FIVE MEN

Revival of Weekly Broadcast Also Discussed at Recent Meeting

CHOOSE RADIO CHAIRMAN

Initiations for membership in the Belle Masque chapter of the Villanova Literary Society were held on last Monday night. Five men manifested sufficient talent to qualify for admission to this branch of the organization. The candidates accepted were Robert Guinee, John Chapple, Henry Siebers, Philip Munay, and Gerard Racine, all of whom are members of the freshman class. Charles Stahlaker, Richard Foote, and Thomas Kucker made applications for permission to take part in the try-outs, but failed to appear.

The society feels that these men might have been misinformed concerning the date of the initiation, and so is offering them an opportunity of showing their ability in the field of dramatics at the next meeting of the Belle Masque chapter. However, the chapter will be very severe in its criticism of these candidates, and will require a finished piece of work from each man. These try-outs will take place on Monday, October 23.

Two years ago the Villanova Literary Society gave a one-act play every week over a Philadelphia radio station. Because of its failure to procure a suitable hour, the organization was forced to abandon its weekly broadcast last year. This, of course, was a disappointment to the group. At the meeting last week, the subject was again brought before the members. Great interest was shown concerning the matter, and it was decided that a committee be appointed to interview the different radio stations in Philadelphia to see if anything could be done towards getting Villanova back on the air.

It is known that it would be an easy matter to make arrangements for afternoon broadcasting, but due to the fact that many members of the society have afternoon classes, it would be impossible for them to appear on an evening program. Prof Joseph T. Jonas, the moderator, named Paetrus F. Banmiller as chairman of the radio committee.

Villanova Alumni Elect John Freney

and treasurer of the organization, to which he was appointed last year by the Rev. Edward V. Stanford, O. S. A., president of the college.

One of the outstanding personages present for Alumni Day was J. Stanley Smith, Esq., '83, probably the oldest living Villanova alumnus. Until last year, Mr. Smith, a member of the Philadelphia bar, was active as a member of the Board of Governors acting as the representative of Fr. Stanford.

Among the more than 400 members of the Villanova Alumni Association present for Alumni Day were Hon. Sylvester F. Sabastino, of Brooklyn, N. Y., and James F. Kelly, Esq., of Staten Island, N. Y.

Sideline Slants

By the Sports Editor

NOW IS THE time for all good Monday morning quarterbacks to go into a huddle and decide for all concerned why the Wildcats lost that game Saturday. Although this is Tuesday, this column is composed a long time before, which makes it even. There are some persons who know quite definitely why Bucknell scored in the last period. We all do. We happened to overhear one of the many "know-it-all's" saying: "Now if I had been in his place I would have taken the ball and let Bucknell tackle me behind the goalline for two points. That would have saved the game." A very good idea. Something like a pitcher who purposely throws four balls to a heavy batter. This sports racket is composed of breaks. If it wasn't, colleges and athletic associations couldn't pack a stadium if the admission was free. That last touchdown was a break. Remember a cold fall day at the Philadelphia Municipal Stadium? Temple and Villanova were battling back and forth with the Wildcats trailing in the last quarter, 7 to 6. A Villanova lineman broke through and blocked Hansen's punt behind the goal stripe. That gave the Main Liners two points and the game. The Villanova students were elated. They had won. What happened to the other team didn't concern them. Tough for Temple to lose a hard-fought game like that. Now the situation is reversed. It's a good thought for all these Monday morning quarterbacks who "if they had been in his place . . ."

* * *

THE other afternoon two fellows were standing in the Pie Shoppe talking about the Junior Varsity team. One fellow said, "Say, I hear that you're going out for the J. V.'s." His companion replied, "Well, I thought it over and decided it would be a good idea. I think I'll go out for tackle." The first fellow claimed, "You're nuts. Why be a lineman? That's too much work. Besides nobody appreciates a lineman except the coach." The account of Saturday's game in one of the Sunday morning papers was a very interesting article to read from this angle. Except in the play-by-play description no word was said about a player on the line. One of our eminent sports writers completely overlooked the men who open up the holes. Take, for instance, players like Zizak, Michaels, Nowe, Grimberg, O'Donnell, Blanchard, Lee, and the others. They all played heads-up ball but the majority of the eyes in the stands were for the backfield men. Up in the press box one of the reporters said to a man sitting alongside of him, "Did you see the way that So-and-So escaped that tackle?" The other replied, "No, I wasn't watching him." It turned out later that the man that had said it was a scout. His attention was focused on the work of the linemen. On the other hand, however, the backfield was doing its share. Time and again Randour was hit by three and four players at once.

* * *

THIS WAS the week of startling scores. Bucknell won a close game from Villanova in the last two minutes of play, 19-17; Carnegie Tech, after trouncing Temple the week previous, was held to a 3 to 0 score by Xavier; Northwestern stopped Stanford, and held them to a scoreless tie; Michigan swamped Cornell and Pitt bowled over Navy. It was a week of rejoicing among the operators of football pools.

* * *

THE JUNIOR VARSITY suffered a loss as well as the sports staff when Bill Allen, a candidate for the J. V. team, was injured in practice last Thursday. A fractured collarbone was the result of his endeavors towards swelling the roster of the team, and it is an attitude like his that goes towards the development of school spirit.

* * *

WE WERE reminded by somebody after the article on cheering appeared in the VILLANOVAN always to urge the fellow behind the one in front of you to cheer. After all, there may be truth in that.

VILLANOVAN SPORTS

TRACK BOWLING FOOTBALL SWIMMING

WILDCATS LOSE TO BUCKNELL

Bison's Last-Minute Tally Beats Villanova, 19 to 17

Recovery of Blocked Kick Over the Goal Causes Blue and White to Lose First Game of the Season

RANDOUR RUNS 77 YARDS TO SCORE

IN A GAME packed with all the thrills that King Football has to offer, Bucknell eked out a sensational last-minute victory over the fighting Villanova Wildcats. The tide of battle, which turned many times during the 60 minutes of hair-raising play, kept the 11,000 spectators constantly on edge. The close score which pulled the Blue and White from the ranks of the undefeated was 19 to 17.

With two minutes to play and the 'Cats clinging tenaciously to a slim four-point lead, last down and the ball on their own two-yard line, the kick which was meant to put the ball back in safer territory, was blocked and recovered by a substitute Bucknell lineman and the palm of victory went to the scrappy team from Lewisburg.

The opening advantage was taken by the Villanova eleven when a Bucknell kick was blocked by Vince Zizak and recovered by Don Blanchard on Bucknell's 10-yard line. After three unsuccessful attempts to gain through the line Toby Cavanaugh, Villanova quarterback, kicked a perfect field goal and gave the 'Cats a 3 to 0 advantage.

In the third period a sensational 77-yard run by Whitey Randour for a touchdown and an extra-point kick by Barney Lee gave Villanova the impressive lead of 10 to 0. But this was to be short-lived for in the same period, Bucknell pushed over two touchdowns, one by Bean and the other by Endler. One extra point was accounted for, making the score, Bucknell, 13; Villanova 10.

The last minutes of the last period proved to be the 'Cats downfall and the recovery of Higgins' blocked kick by Kachel made the final tally, Bucknell, 19; Villanova, 17.

A play by play description follows:

Blanchard kicked off for Villa

'Cats Face Bullets Saturday In Final Home Grid Battle

Villanova Hopes to Draw Even in Series

IS TENTH GAME

A game full of traditional rivalry will be played next Saturday when the Wildcats entertain Gettysburg College at the home stadium. It will be the tenth meeting of these two teams in which Villanova hopes to even the series, Gettysburg having a lead of five wins to four.

The rivalry started back in 1919 when Gettysburg tamed the Wildcats to the tune of 20 to 0. Likewise in 1920 the Bullets with their strong eleven took the game 34 to 7. The following year Villanova turned the tables by winning, 13 to 10, but lost in '22 by a score of 15 to 7. The next year, '23, ended the series temporarily, with Gettysburg blanking the Cats, 17 to 0. In this series Gettysburg won four out of five games and not until '28 did Villanova have a chance to claw at the soldiers, winning that year, 7 to 2.

This was the first game that a team under the tutorage of Coach Harry Stuhldreher ever faced Gettysburg, and it seemed that this was the turning point in the series, but Gettysburg in 1930 surprised Villanova with the greatest upset in Villanova's history by winning, 3 to 0. The remaining years, '31 and '32, the Wildcats won, 13 to 6 and 31 to 0.

This is the last home game for the Wildcats, and it is expected that Gettysburg will bring the strongest combination ever assembled at the college to Villanova to protect its lead in the series. Each year these teams meet it has been marked by intense rivalry and sensational playing on the part of both teams.

Our Predictions— How Good Are They?

The predicter made no errors last Saturday, having picked nine winners, while one game was tied. This boosts up our total to 17 wins out of 20 predictions. This week the games are a bit tougher, but we are out for another clean slate. Here goes! The first team mentioned should win:

Dartmouth vs. Pennsylvania
Temple vs. West Virginia
La Salle vs. West Chester Teachers College
Columbia vs. Princeton
Harvard vs. Holy Cross.
Notre Dame vs. Carnegie Tech.
Penn State vs. Lehigh
Pitt vs. Minnesota
Fordham vs. Boston College
Yale vs. Brown
Bucknell vs. Lafayette
Navy vs. Virginia.

GYMNASIUM COURSES STARTED FOR FROSH

Gezzer Heads Athlete's Group Which Directs Yearling Sports Program

Under the supervision of Whitey Randour, this year's football captain, the Physical Education Department of Villanova College formally opened its second collegiate year yesterday. Members of Section A, in the School of Science, were first to start the fall activities' program.

The courses, which are under the directorship of Martin Gezzer, assistant line coach of the varsity football eleven, will be held every afternoon in the college gymnasium. They consist of sports in season, and will not be routine setting-up exercises or military drills. It is the department's primary aim to train the bodies of the students through the medium of competitive

Alumni Downs Day Hops in Season's Opener

Austin Submerges Fedigan 24 - 6 as Dart, Shea Star

Mendel Holds Alumni Hall to Scoreless Tie in Overtime Game; Gougers Lead League With Three Points

BANNER YEAR FORESEEN IN LEAGUE

THE INTRA-MURAL Touch Football League opened last Wednesday with Alumni Hall and the Day Hops clashing in the opening game of the season. From the spirit that was shown by the participants, a successful season is predicted for this new addition to the intra-mural program. Alumni defeated the Train and Trolley boys 24 to 0, but the actual score does not matter. The most important thing that was learned from this encounter was the spirit with which the participants went about the game. From all indications there ought to be a hot race for the title this year.

Outstanding in the triumph of Alumni was the play of Conroy, Lynch and Tom Hughes, while D'Meara, of the vanquished eleven, shone even in defeat.

On Sunday, the other members of the circuit: Mendel, Austin and Fedigan, opened their campaigns, the former playing Alumni and the latter two playing each other.

This game, between Austin and Fedigan, played on Austin field was won by Austin, 24-6, but in all fairness to the fellows who represented the defeated combine, let it be said that they were beaten not by quality, but by quantity. As was their peculiar custom last year, the boys who live in Fedigan failed to show any sort of spirit at all in the game, and only seven were on hand at the scene of battle. These seven were permitted to represent their dorm but had to do so with the handicap of playing against eight Austinites. It is hoped that in the future better support will be given to this activity, for a new ruling has been effected which states that a team may not take the field without having the required number of men, eleven.

As for the game itself, it was just a matter of one team having too many men. Austin scored first when Dart raced around right end, behind perfect interference, for 30 yards and a touchdown. They scored again, shortly afterwards when Murphy tossed to Willis over the goal line. Fedigan made their only touchdown, just before the half ended, as Kraemer threw a long pass to Larry Shea, who ran the remaining distance without being hindered.

Austin kicked to open the second half, and scored immediately when Murphy intercepted Malcum's pass and ran along the sideline 20 yards to register six more points. Austin kicked-off again but "Sonny" Connors intercepted Kraemer's pass and ran the ball to the Fedigan 20-yard line. Mike Clavin then ran over for the final score of the game.

The Mendel Alumni Hall game brought out the closest rivalry of the week's play. The two teams played the regulation time, 60 minutes, and yet there was no score. Whereupon it was agreed that an extra period should be played. This was done and still neither team scored, and so it is a matter of contention as to which is the better combination.

The game opened with Mendel kicking-off to Alumni. Tom Hughes ran the ball back to mid-field, but Burlingame intercepted Lynch's pass and ended the slight threat. After an exchange of punts, Cavalieri fumbled on his two-yard line and Hartnett recovered for Alumni. But a pass on the first play was grounded over the goal line and Mendel took the ball. This was the closest approach to a counter that either team made. The rest of the game consisted entirely of one intercepted pass after another, until finally running plays became the order of the day. But this system wasn't so good either, as a few of the players forgot that it was a tough football game. So after a few penalties for unnecessary roughness, the teams went back to their customary game of intercepting each other's passes.

Intra-Mural Schedule

Oct. 18—Day Hops vs. Austin
Oct. 20—Day Hops vs. Fedigan
Oct. 22—Alumni vs. Fedigan
Oct. 22—Mendel vs. Austin

PROF. GILL WILL FORM TANK TEAM THIS YEAR

Schedule for Coming Season Will Be Issued Soon; Practice Starts Nov. 1

Plans are already under way for a varsity swimming team under the direction of Prof. Martin Gill. Last year the school was not represented in this sport and as it is very popular in all colleges, this year an endeavor is being made to form a highly representative aggregation of mermen.

From pre-season workouts, John Strong, John Mahaffey and Sylvester Deeham look like the outstanding candidates. All candidates will be requested to report the first week of November.

Due to a lack of funds, only colleges in the near vicinity will be met in competitive meets. A schedule for the entire season will be issued in the near future.

Any persons seeking instructions in swimming may obtain them in the near future at the pool in the gymnasium. Instructions will be given on specially appointed days, under expert instructors. This offers ample opportunity for freshmen to improve their swimming so that they may gain a place on the swimming team in their sophomore year. As swimming is to be considered a varsity sport it will abide by the intercollegiate rules regarding participation of freshmen and transfer students.

In the Limelight

THIS WEEK'S candidate for Villanova's Hall of Fame is that blond adonis of the Varsity football team, Tom O'Donnell.

Tom was born and raised in Boston. He attended East Boston High School where he starred on the football and baseball teams. On the football team he was especially prominent, playing four years of that sport and gaining three varsity awards, besides having the honor of captaining the team in his senior year. In his junior and senior years he won his letter in baseball for his work on the pitching mound.

Upon graduation, Tom decided that he would like to brush up on his studies before entering college, so he entered St. John's Prep, where he also won his letters in football and baseball, and from which school he graduated in the first quarter of his class.

This brings us to Tom's college days at Villanova where his accomplishments as an athlete are more interesting, since we have been closer to them.

Tom entered Villanova with the class of '34. He immediately reported for the freshman football team and landed a first string end position. The team that year did not suffer a single defeat and Tom was a big factor in his team's success, sharing the high honors in the scoring column. In the spring of that year he was responsible for quite a few victories of the freshman baseball team.

The next year found Tom gaining varsity experience on the gridiron. He did not report for baseball that year because spring football practice occupied too much of his time.

In his junior year he was in a position to help make history for the Wildcats on the football field, but here fate stepped in and in one

Tom O'Donnell

of the pre-season scrimmages, Tom received a broken ankle and was lost to the team for the greatest part of the season, not seeing action until the Boston College game.

This year, his senior year, he is holding down one of the end positions on the team and is doing an exceptionally fine job, which is proved by his alert playing in the games thus far.

Upon graduation, Tom would like to land a coaching job. When asked if he had any other interest in life besides sport, he made the slightly antiquated retort, "Yes, but I'm not telling her name."

'CATS' MEOW

FROM the looks of the game Saturday, the Bisons warn't no nickel-rockets.

—V—

The Bucknell trainer had a bad case of the Flits. Some wit hollered "Quick, Mary, the fleet." Some joke.

—V—

Michaels, the Wilmington Wildcat, was in it up to his neck. His head being the only part uncovered.

—V—

Randour is merely absorbtionally incapacitated?

—V—

Cavanaugh, the Merry Widower, still has his veil on.

—V—

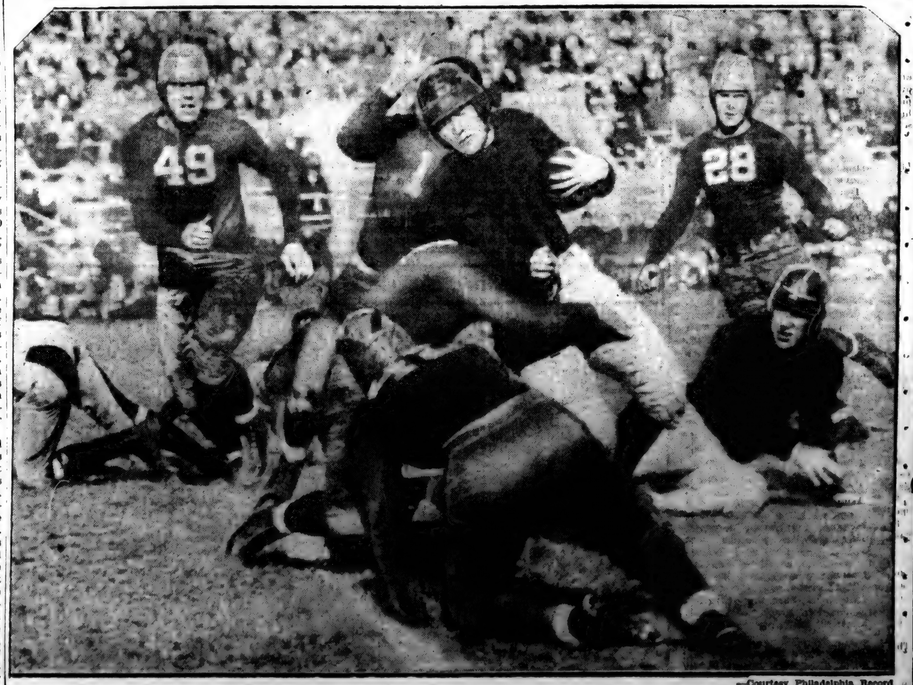
A Sturdy Villanova Forward Wall Turns Back the Bisons



—Courtesy Philadelphia Record

More than once the powerful plunging backs of the Bucknell team hurled their full strength against that solid stonewall of the Wildcats and were not able to do so much as put a crack in it. In the above picture Eddie (Speed) Myers, one of the Bisons' flashiest halfbacks, is meeting up with a great deal of difficulty in trying to find a hole through that section of the line being guarded by Michaels, Nowe and Blanchard.

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

An Ode

Lie there on the ice, my dear,
Cuddled 'round a pint of beer,
Coyly pecking out at me
Through the stalks of celery.
Whispering that you entice
Me, hinting you're my only vice
Falsely promising you might
Not waken me at midnight.
Stop! Your evil, vile suggestion
Irritates my indigestion.
Tonight, I vow, I'll sleep alone;
I'll dine upon a buttered scone.
Lie there on the ice and pout,
You'll miss our usual midnight bout.
Lie there with your calm eyes daring
Me to eat you, pickled herring.

THE AQUIN

"How old are you, Johnny?" asked the caller.

"I was nine on my last birthday, and I'll be eleven on my next."

"You mean you'll be ten, don't you?"

"N'm. I am ten today."

A story comes to our ears that one of the younger and more naive of the class of '37 has distinguished himself for a dumb crack. Examining a wrist band he asked in puzzled awe, "Isn't this too short for a watch chain?"

Woman
Greatest of All Contradictions

She's afraid of a roach, she'll scream at a mouse,
But she'll tackle a husband as big as a house.
She'll split his head open and then he nis nurse,
And when he is well and can get out of bed,
She'll pick up a teapot to throw at his head.

She's faithful, keen sighted, loving and kind,
She's crafty, witty, deaf, dumb and blind.
She'll lift a man up and then cast him down;
She'll make him her king or make him her clown.
fancy she's this but find she is that,
For she'll play like a kitten and bite like a cat.

In the morning she will, in the evening she won't;
You're always expecting that she does—but she don't.
She will love you in truth and ignore your worst fib,
And there you have woman—man's long lost rib.

Annual Homecoming Day For Alumni Is Successful

Assembled in Front of the Finance Building

PICTURE TAKEN

The annual homecoming day for the Alumni was held last Saturday, commencing with the football game with Bucknell University, and terminating with a dinner-dance which was given in the Cafe Marguery, of the Hotel Adelphia, in Philadelphia. Concomitant with the homecoming day festivities, two class reunions were held by the classes of '23 and '28.

During the football game, the alumni with their wives and friends occupied a complete section of the South stands between the two 40-yard lines. Free transportation on the Philadelphia and Western Railroad was available to anyone who desired to make use of the privilege.

Immediately after the game, there was an assembly of all the alumni present in front of the Commerce and Finance Building, where a group picture was taken. They then proceeded into the auditorium of the building, where a meeting was called to order by John T. Coan, president of the Alumni Association. The purpose of the assemblage was to elect men to the positions of president and vice-president and to vote upon the changes made in the constitution. It was decided at the meeting that the next convocation of the alumni would occur in June. The meeting was closed with the reading of a financial report by Albert C. Wagner, secretary of the association.

The day's activities were brought to a close by a supper-dance in the Cafe Marguery, of the Hotel Adelphia, which was sponsored by the Philadelphia Branch of the National Alumni Club. The music for the dance was furnished by Vincent Rizzo and his orchestra.

LOUD SPEAKER INSTALLED

New Amplification System Used in Stadium Saturday

The huge loud speaker which is located on the east end of the south stand of the stadium and which was used for the Bucknell game on Saturday, will be used again for the Gettysburg game this coming weekend.

The amplification system is a product of the Operadio Manufacturing Company, and is similar to the system used at Notre Dame University. The controls are located in the press box at the top of the north stand. The apparatus includes a recording system that can be used at will. The distinctive feature of the speaker arises from the fact that it is a bowl type construction making possible a more even and mellow output in all directions simultaneously.

COLLEGE ADMINISTRATION TO GIVE MERIT AWARDS

Reward to Be Given in Recognition for Active Participation in Activities

The administration of the college, in order to give recognition to those who actively participate in extra-curricular activities, has established a merit award. Previously, the only reward a student received for his efforts was a few lines in the year book, and any records of activities were loosely kept.

The award consists of an engraved certificate which is to be granted semi-annually to those students who have distinguished themselves in dramatics, debating, various forms of athletic competition, work on the various publications, and the like.

The number of awards which may go to any particular student is not restricted. A careful record is to be kept of all awards made. The senior who accumulates the greatest number of these awards during the course of his college career, will be given special recognition at commencement.

The award will bear the following inscription: "This is to certify that. . . .who enjoys good scholastic standing, has also shown himself worthy of merit in extra-curricular activity as a member of. . . .for the year 1933-1934." The award will be signed by the President of the college, the faculty moderator and the chairman of the Student Council.

ARTS SEMINARS TO BEGIN

Will Be Conducted by Prof. Jonas in Third Period Every Thursday

The seminar for students of the School of Arts has been reorganized under the capable direction of Joseph T. Jonas, Professor of Public Speaking. This year's seminar will be conducted similar to that of last year, meeting the third period on Thursday. Attention is called to the fact that it will be regarded as a regular class with cuts given to absentees.

While nothing of importance has been done as yet, formal work will commence with Thursday's session. Prof. Jonas announced that, although the major part of the work is to be taken up by seniors in the form of the delivering of papers, outside speakers will be invited to address the assembly.

Co-operation from all arts students has been requested in making this seminar as successful, if not more so, than last year's.

AERONAUTICS CLUB NOW ACTIVE GROUP

Composed Mostly of Sophomores in School of Technology Interested in Aviation

STUDENTS INVITED TO JOIN

A new organization, the Silver Wings Flying Club of Villanova College, which had its inception last year was formed but too late in the season for active participation in club work, has made its official entry into active campus life for this year.

The club is composed almost entirely of sophomore students of the School of Technology, but an invitation is extended to all engineering students to join, who have a leaning toward the aeronautical side of the field of engineering. There is to be a meeting held for that purpose, October 18, at 1 P. M., in Room 201, Mendel Hall.

The officers of the club are: William F. Hammill, president; John W. Hallahan, vice-president; John O'Hara, secretary; John J. Foxx, treasurer, and James A. Allan, chairman.

The purpose and aim of the organization have been outlined as follows: To further the interest of aviation among the students of the School of Technology, here at Villanova. A secondary purpose has been listed also, namely, to add to the present knowledge of the students, in order to lay a secure foundation for future use on the part of those who are to engage in aeronautics upon graduation.

In order to secure interest among the engineers, detailed lectures are to be presented by aeronautical engineers of many years' experience.

At the present time, the organization is negotiating with the Government authorities for an aeroplane and equipment with which it will develop the theory and practice of aeronautics.

Sophomore Frolic To Be Held Friday

Continued From Page One

also upon that of the entire student body. The subscription to the dance is in keeping with the times, only $1.50 per couple, the most reasonable fee charged in recent years."

The Rev. Charles P. Brown, O. S. A., moderator of the class, said, "If the willingness and the spirit shown by the freshman class will be manifested by the upperclassmen there will be nothing to stand in the way of success."

Breheney, chairman of the arrangements and decorations committee, assures everyone that they will not regret attending because there will be stores of surprises and entertainment to suit the taste of all present at the affair.

The gymnasium will be decorated in a manner as has never been done heretofore. It will, of course, have the customary colorful false ceiling, amplification system to augment the acoustics of the building, lighting effects, and the floor will be in first class condition, due to the fact that it has recently been done over. But the features of the decorations have been withheld so as to aid to the number of surprises in store for those who attend the Frolic.

Only through the kind and generous donation of wires and other necessities by Samuel F. Steel, of Shields Bros., have these decorations of the gymnasium been made possible.

XMAS DANCE PLANNED

Albany Club to Hold Function With Other Organizations

An announcement has been made by Eugene J. Hartnett, president of the Albany Club of Villanova College, to the effect that the club is now formulating plans for a Christmas dance to be held in Albany, N. Y., during the holiday period.

Hartnett has written to the Albany organizations of many other Catholic colleges asking that they signify their desire to participate in the affair. Up to the present time, however, none of the colleges have communicated with Hartnett.

Alumni Downs Day Hops in Season's Opener

Austin Submerges Fedigan 24 - 6 as Dart, Shea Star

Mendel Holds Alumni Hall to Scoreless Tie in Overtime Game; Gougers Lead League With Three Points

BANNER YEAR FORESEEN IN LEAGUE

THE INTRA-MURAL Touch Football League opened last Wednesday with Alumni Hall and the Day Hops clashing in the opening game of the season. From the spirit that was shown by the participants, a successful season is predicted for this new addition to the intra-mural program. Alumni defeated the Train and Trolley boys 24 to 0, but the actual score does not matter. The most important thing that was learned from this encounter was the spirit with which the participants went about the game. From all indications there ought to be a hot race for the title this year.

Outstanding in the triumph of Alumni was the play of Conroy, Lynch and Tom Hughes, while D'Meara, of the vanquished eleven, shone even in defeat.

On Sunday, the other members of the circuit: Mendel, Austin and Fedigan, opened their campaigns, the former playing Alumni and the latter two playing each other.

This game, between Austin and Fedigan, played on Austin field was won by Austin, 24-6, but in all fairness to the fellows who represented the defeated combine, let it be said that they were beaten not by quality, but by quantity. As was their peculiar custom last year, the boys who live in Fedigan failed to show any sort of spirit at all in the game, and only seven were on hand at the scene of battle. These seven were permitted to represent their dorm but had to do so with the handicap of playing against eight Austinites. It is hoped that in the future better support will be given to this activity, for a new ruling has been effected which states that a team may not take the field without having the required number of men, eleven.

As for the game itself, it was just a matter of one team having too many men. Austin scored first when Dart raced around right end, behind perfect interference, for 30 yards and a touchdown. They scored again, shortly afterwards, when Murphy tossed to Willis over the goal line. Fedigan made their only touchdown, just before the half ended, as Kraemer threw a long pass to Larry Shea, who ran the remaining distance without being hindered.

Austin rushed to open the second half, and scored immediately when Murphy intercepted Malcuit's pass and ran along the sideline 20 yards to register six more points. Austin kicked-off again but "Sonny" Connors intercepted Kraemer's pass and ran the ball to the Fedigan 20-yard line. Mike Clavin then ran over for the final score of the game.

The Mendel Alumni Hall game brought out the closest rivalry of the week's play. The two teams played the regulation time, 60 minutes, and yet there was no score. Whereupon it was agreed that an extra period should be played. This was done and still neither team scored, and so it is a matter of contention as to which is the better combination.

The game opened with Mendel kicking-off to Alumni. Tom Hughes ran the ball back to mid-field, but Burlingame intercepted Lynch's pass and ended the slight threat. After an exchange of punts, Cavalieri fumbled on his two-yard line and Hartnett recovered for Alumni. But a pass on the first play was grounded over the goal line and Mendel took the ball. This was the closest approach to a counter that either team made. The rest of the game consisted entirely of one intercepted pass after another, until finally running plays became the order of the day. But this system wasn't so good either, as a few of the players forgot that it was a tough football game. So after a few penalties for unnecessary roughness, the teams went back to their customary game of intercepting each other's passes.

Intra-Mural Schedule

Oct. 18—Day Hops vs. Austin
Oct. 20—Day Hops vs. Fedigan
Oct. 22—Alumni vs. Fedigan
Oct. 22—Mendel vs. Austin

PROF. GILL WILL FORM TANK TEAM THIS YEAR

Schedule for Coming Season Will Be Issued Soon; Practice Starts Nov. 1

Plans are already under way for a varsity swimming team under the direction of Prof. Martin Gill. Last year the school was not represented in this sport and as it is very popular in all colleges, this year an endeavor is being made to form a highly representative aggregation of mermen.

From pre-season workouts, John Strong, John Mahaffey and Sylvester Deeham look like the outstanding candidates. All candidates will be requested to report the first week of November.

Due to a lack of funds, only colleges in the near vicinity will be met in competitive meets. A schedule for the entire season will be issued in the near future.

Any persons seeking instructions in swimming may obtain them in the near future at the pool in the gymnasium. Instructions will be given on specially appointed days, under expert instructors. This offers ample opportunity for freshmen to improve their swimming so that they may gain a place on the swimming team in their sophomore year. As swimming is to be considered a varsity sport it will abide by the intercollegiate rules regarding participation of freshmen and transfer students.

In the Limelight

Tom O'Donnell

THIS WEEK'S candidate for Villanova's Hall of Fame is that blond adonis of the Varsity football team, Tom O'Donnell.

Tom was born and raised in Boston. He attended East Boston High School where he starred on the football and baseball teams. On the football team he was especially prominent, playing four years of that sport and gaining three varsity awards, besides having the honor of captaining the team in his senior year. In his junior and senior years he won his letter in baseball for his work on the pitching mound.

Upon graduation, Tom decided that he would like to brush up on his studies before entering college, so he entered St. John's Prep, where he also won his letters in football and baseball, and from which school he graduated in the first quarter of his class.

This brings us to Tom's college days at Villanova where his accomplishments as an athlete are more interesting, since we have been closer to them.

Tom entered Villanova with the class of '34. He immediately reported for the freshman football team and landed a first string end position. The team that year did not suffer a single defeat and Tom was a big factor in his team's success, sharing the high honors in the scoring column. In the spring of that year he was responsible for quite a few victories of the freshman baseball team.

The next year found Tom gaining varsity experience on the gridiron. He did not report for baseball that year because spring football practice occupied too much of his time.

In his junior year he was in a position to help make history for the Wildcats on the football field, but here fate stepped in and in one of the pre-season scrimmages, Tom received a broken ankle and was lost to the team for the greatest part of the season, not seeing action until the Boston College game.

This year, his senior year, he is holding down one of the end positions on the team and is doing an exceptionally fine job, which is proved by his alert playing in the games thus far.

Upon graduation, Tom would like to land a coaching job. When asked if he had any other interest in life besides sport, he made the slightly antiquated retort, "Yes, but I'm not telling her name."

'CATS' MEOW

FROM the looks of the game Saturday, the Bisons warn't no nickel-rockets.

A new organization, the Silver Wings Flying Club of Villanova College, which had its inception last year was formed but too late in the season for active participation in club work, has made its official entry into active campus life for this year.

The club is composed almost entirely of sophomore students of the School of Technology, but an invitation is extended to all engineering students to join, who have a leaning toward the aeronautical side of the field of engineering. There is to be a meeting held for that purpose, October 18, at 1 P. M., in Room 201, Mendel Hall.

The officers of the club are: William F. Hammill, president; John W. Hallahan, vice-president; John O'Hara, secretary; John J. Foxx, treasurer, and James A. Allan, chairman.

The purpose and aim of the organization have been outlined as follows: To further the interest of aviation among the students of the School of Technology, here at Villanova. A secondary purpose has been listed also, namely, to add to the present knowledge of the students, in order to lay a secure foundation for future use on the part of those who are to engage in aeronautics upon graduation.

In order to secure interest among the engineers, detailed lectures are to be presented by aeronautical engineers of many years' experience.

At the present time, the organization is negotiating with the Government authorities for an aeroplane and equipment with which it will develop the theory and practice of aeronautics.

XMAS DANCE PLANNED

Albany Club to Hold Function With Other Organizations

An announcement has been made by Eugene J. Hartnett, president of the Albany Club of Villanova College, to the effect that the club is now formulating plans for a Christmas dance to be held in Albany, N. Y., during the holiday period.

Hartnett has written to the Albany organizations of many other Catholic colleges asking that they signify their desire to participate in the affair. Up to the present time, however, none of the colleges have communicated with Hartnett.

Sophomore Frolic To Be Held Friday

Continued From Page One

also upon that of the entire student body. The subscription to the dance is in keeping with the times, only $1.50 per couple, the most reasonable fee charged in recent years."

The Rev. Charles P. Brown, O. S. A., moderator of the class, said, "If the willingness and the spirit shown by the freshman class will be manifested by the upperclassmen there will be nothing to stand in the way of success."

Braheney, chairman of the arrangements and decorations committee, assures everyone that they will not regret attending because there will be stores of surprises and entertainment to suit the taste of all present at the affair.

The gymnasium will be decorated in a manner as has never been done heretofore. It will, of course, have the customary colorful false ceiling, amplification system to augment the acoustics of the building, lighting effects, and the floor will be in first class condition, due to the fact that it has recently been done over. But the features of the decorations have been withheld so as to aid to the number of surprises in store for those who attend the Frolic.

Only through the kind and generous donation of wires and other necessities by Samuel F. Steel, of Shields Bros., have these decorations of the gymnasium been made possible.

BUCKNELL DEFEATS FIGHTING WILDCATS IN CLOSING MINUTES

Bisons Eke Out Victory When Kachel, Substitute Guard, Blocks Higgins' Kick

RANDOUR RUNS 77 YARDS

Continued From Page Five

nova, to Rhubright, who returned the ball to the 28-yard line. Three plies at the 'Cats' line netted only x yards. An exchange of punts ut the ball on the Bisons' 24-yard arker. Zizak blocked Sitarsky's unt and Blanchard recovered. Cavnaugh, on fourth down, kicked a eld goal, making the score: Villaova, 3; Bucknell, 0.

Villanova's second kick-off was returned to the 49-yard line. Two ne bucks and an off-side penalty ave Bucknell first down. Villanova eld and recovered the ball on their wn 38-yard stripe. Two rapid exhanges of punts put the ball on illanova's 29-yard line in their own ossession, as the quarter ended.

Second Period

Cook tried the line for no gain. ass, Randour to Grimberg, was incomplete. Korchinski subbing for 'Donnell, kicked to Bucknell's 33-ard line, where Sitarsky, Bison uarterback, was stopped in his racks. Villanova off-side. Bucknell ade first down. Grimberg broke hrough and threw Myers for a hree-yard loss. On the next play, Bucknell was penalized 15 yards for olding. After an incomplete pass, Bucknell kicked to Randour who was stopped on his own 24-yard line. Two tries by Patzsch netted three ards and Cook added six more. orchinski again kicked to Sitarsky who returned the ball to his wn 43-yard line. On the first play, Richards stopped Myers for a three-yard loss. Sitarsky kicked to Randour who was downed on his own 15-yard line after bumping into the field judge. Two tries by Cavanaugh and Randour netted a first down. A 15-yard penalty against Villanova checked their advance. Cook ran through a big hole opened by Charley Nowe and Ed Michaels and netted five yards. An off-side penalty gave the 'Cats first down. Randour fumbled a pass from center, but picked it up and ran 12 yards around left end. On the next play, Patzsch fumbled and the ball was recovered by Bean on Bucknell's 47. The half ended as Peters' pass to Bean put the ball on Villanova's 11-yard marker.

Third Quarter

Villanova brought the ball out to the 20-yard line after Bucknell had kicked over the goal line. On the second play, Whitey Randour darted 77 yards for a touchdown. Lee came in for Michaels and kicked the extra point. Score: Villanova, 10; Bucknell, 0.

On the third play after Randour's sensational run, Bucknell scored on a pass from Reznichak to Bean. Rhubright missed the try for the extra point. Score: Villanova, 10; Bucknell, 6.

Shortly afterwards with the ball in Villanova's possession, Endler intercepted a lateral pass by Charley Hurlburt, who had replaced Cavanaugh, and ran for Bucknell's second touchdown. James kicked the goal.

Again in this exciting period a tally was made, when Carroll Cook ran through center for 42 yards and another goal by Lee put Villanova ahead, 17 to 13.

Three plays ended the quarter with the ball in Bucknell's possession on Villanova's 19-yard line.

Fourth Quarter

Three Bucknell passes were knocked down and the ball was Villanova's on their own 24-yard line. After an exchange of kicks the ball became Bucknell's on their own 13-yard line. Three tries by Peters netted a first down. Pass, Reznichak to Endler, earned 21 yards. A series of passes took the ball down to Villanova's 29-yard line. Another pass was intercepted by Randour on his own four-yard stripe. Two Villanova plunges took the ball to their own six. With about a minute to go, Kachel blocked Higgins' kick in the end zone and fell on the ball for the touchdown. The game ended shortly afterwards with the score: Bucknell, 19; Villanova, 17.

The Line-Up

Villanova		Bucknell
O'Donnell	left end	Endler
Zizak	left tackle	Dempsey
Blanchard	left guard	Jones
Nowe	center	Farina
Michaels	right guard	Furiell
Brodnicki	right tackle	Bolston
Grimberg	right end	Dorman
Cavanaugh	quarterback	Sitarsky
Randour	left halfback	Myers
Wetzler	right halfback	Rhubright
Patzsch	fullback	Peters

Villanova	3	0	14	0	—17
Bucknell	0	0	13	6	—19

Touchdowns — Randour, Cook, Bean, Endler, Kachel. Goals after touchdowns—Lee (placement). Field goal — Cavanaugh — Cavanaugh (drop kick). Substitutions — Villanova: Cook for Wetzler, Korchinski for O'Donnell, Johnson for Brodnicki, O'Donnell for Korchinski, Lee for Michaels, Johnson for Brodnicki, Hurlburt for Cavanaugh, Weisenbaugh for Patzsch, McGee for Grimberg, Walsh for Randour, Korchinski for O'Donnell, Marion for Cook, Cook for Marion, Higgins for Hurlburt. Bucknell: Reznichak for Rhubright, Bean for Myers, Bergkamp for Bolston, McGaughey for Farina, Berry for Dorman, Rhubright for Bergkamp, Bolston for Bergkamp, Farina for McGaughey, Dorman for Berry, Myers for Bean, Dobie for James, Pethik for Dorman, Miller for Peters, Drayton for Furiell, Verhri for Sitarsky, Rhubright for M. Glass, Poclus for Dempsey, James for Dobie, Sitarsky for Verhri, Berry for Dorman, Bean for Rhubright, Dempsey for Kachel, Kachel for Dempsey.

Referee—E. E. Miller, Penn State. Umpire—A. M. Barron, Penn State. Field judge—R. A. Greene, Penn. Head linesman — A. B. McGinnis, Lehigh.

Dial-Log

This column's publication last week of the results of a nation-wide popular song poll prompted several of our readers (both of them, to be exact) to suggest that we run a poll to find out the favorite dance orchestra of the Villanova student body. In the past four days we have asked about 70 of the student body to list their five favorite bands in the order of preference. We will keep up this poll until we have a representative number of votes. Our method of rating them will be to give five points for first choice, four for second, and so on. Over 30 different dance orchestras have already been mentioned by the 70 voters and when the poll is completed we will name them all and the points received, but for the present the first ten should suffice. Here they are, rated by points as we have mentioned above: Guy Lombardo, 162 points; second, Glen Gray and His Casa Loma Orchestra, 154 points; Fred Waring and His Pennsylvanians, 112 points; Paul Whiteman, 69 points; Isham Jones, 62 points; Hal Kemp, 47 points; Wayne King, 42 points; Ben Bernie, 33 points; Vincent Lopez, 30 points, and last of the first ten is Eddie Duchin, with 23 points.

If you are not approached for your vote, write it on the piece of paper which is posted outside the door of the VILLANOVAN office in the back of the dining hall.

Now to get down to the official business. Bing Crosby presented one of his always enjoyable programs last night when he began his new series of broadcasts from the West Coast over WCAU and WABC at 8.30 o'clock.

Amos 'n' Andy, the long-time favorites, will do their broadcasting from New York for a while. They are appearing there on their vaudeville tour.

This Friday night will be a good listening night for those of you who stay in and "listen in." At 8 o'clock tune WJZ for a program with Don Voor, Ethel Shutta and Walter O'Keefe. At 8.30, by all means, listen to the March of Time over WCAU. At 9 o'clock hear Phil Harris or, if you prefer, Fred Allen with Ferde Grofe. The first mentioned is on WJZ, the latter duo comes to you over WEAF-WLIT. At 9.30 the All-American Football Show, and at 10 o'clock, Olsen and Johnson over WCAU. If you should be up till 11.30 (tsk, tsk and tsk) turn it down low and hear Glen Gray. And so to bed.

The National Broadcasting Company is expecting to make a chain broadcast, around October 21, from the Graf Zeppelin at sea, during its next journey to the Western Hemisphere.

As to the dance orchestras again: Paul Whiteman moves into the Paradise Restaurant in New York very soon...Fred Waring is "in person" in Chicago...Noble Sissle is on tour...Isham Jones broadcasts from the Commodore Hotel in New York...Emerson Gill is playing an engagement in the De-Witt Clinton Hotel in Albany... Ozzie Nelson can be heard often from the Park Central in New York..

Gymnasium Courses Started for Frosh

Continued From Page Five

games and sports, such as basketball, volley ball and baseball.

Freshmen who are not at the time engaged in football, intramural sports, or other athletics will be required to participate in the course of physical development.

Sophomores who failed the course last year will be required to erase such existing failures this semester. Classes for those Sophomores must be arranged on the Freshman schedule for the respective schools.

All classes in Physical Education will be under the directorship of Martin Gezzer, and each school or section of a school will have its own supervisor. They are Whitey Randour, Charles Hurlburt, Harold Hurley, Charles McGee, Stanley Wronski, and Charles Brodnicki. Acting in the capacity of relief supervisors are William Cavanaugh, [illegible] O'Donnell, and Dominic Marion.

A sensible package

We wanted to sell it for 10 cents so we put Granger in a sensible soft foil pouch—easy to carry and keeps the tobacco just exactly right—just like it was made.

Granger . . . good tobacco . . . Wellman Method . . . cut right . . . packed right. And there is this much about it:

We have yet to know of a man who started to smoke Granger who didn't keep on. Folks seem to like it.

UNSANCTIONED USE OF GUEST TICKETS VETOED BY LEADERS

Parley Held Last Friday Votes in Favor of Selected Group to Receive Courtesy

TREASURIES WILL BENEFIT

Establishment of Precedent on Campus Expected by Group Action

Final action towards the elimination of unsanctioned free passes at dances was taken last Friday, when it was decided that, instead of the un-restricted circulation of these passes, there should be a standing approved list of guests who will be invited to each dance by the chairmen of the various committees.

This approved list comprises the officers of the Senior and Junior classes, the president of the Sophomore class, the members of the Student Council, the presidents of the active fraternities, the editors of the campus publications, and the alumni secretary. These students will each receive one non-transferrable guest ticket to each social function on the campus. No other pass, with one possible exception, will receive the sanction or approval of the administration.

The one possible exception to the rule comes in the case of the committees themselves. If the organizations decide to reward the members of their dance committees for special service, that is entirely up to themselves, but their course of action must first have the approval of their moderator.

These decisions were reached at a meeting which was attended by representatives from every active organization on the campus. It was presided over by Leo Cordiale, chairman of the Student Council.

Should any new fraternities or publications arise on the campus, they may be added to this list by a ma-

NEW ORGANIZATION ESTABLISHED HERE

Electrical Engineers Join National Society for New Study

PROF. BUECHE IS FOUNDER

A new engineering society has made its appearance on the campus and has been welcomed with a great deal of enthusiasm by the electrical engineers. It is the Villanova Chapter of the American Institute of Electrical Engineers.

Through the efforts of Harry S. Bueche, the new professor of electrical engineering in the School of Technology, this club was formed. He accompanied a group of students into the Engineers' Club in Philadelphia, where they attended a meeting of the Philadelphia chapter. The students then decided to form an organization of this kind on the campus, because they are not represented by any society outside of the Phi Kappa Pi fraternity.

With the assistance of Prof. Bueche plans were made, and the first meeting was held on October 16. At this meeting the purpose and aims of the club were outlined for those who attended. At the same time nominations were held for the office of president, vice-president, secretary and treasurer.

Two days later the elections were held, and the following men were

ILLUSTRATED TALK GIVEN TO PRE-MEDS

W. J. Drummond, Inventor of New Blood Transfusion Machine, Lectures in Seminar

DEMONSTRATED AT FAIR

The Pre-medical students were given an unusual treat in the matter of scientific information and illustration during their weekly seminar last Thursday.

Rev. Joseph M. Dougherty, O. S. A., Dean of the School of Science, procured the services of W. J. Drummond, the inventor of the Drummond Blood Transfusion Machine, to give an illustrated talk on his invention.

Mr. Drummond conceived the idea of his invention in an interesting manner. He was called upon to donate some blood for a transfusion and during the operation he was inspired with the dream of a machine that would eliminate the obsolete apparatus and methods then in use. At the present time Mr. Drummond has approximately 150 machines in use. He has found that the older physicians are set in their ways and will hesitate in using the new machine until a demonstration conclusively convinces them. The machine and motion picture that Mr. Drummond used had just been on exhibition at the Chicago World's Fair.

The machine has several good features, among them the fact that it can transfer blood at the rate of 1 c.c. per second without coagulating and clotting the plunger. Its most important feature, however, is a safety lock which prevents the backflow of blood into the donor, and at all times the operator can readily tell if the recipient is receiving blood and the exact volume transferred. The machine is very compact and efficient, and all air in the plunger and tubes can very easily be removed before operation.

The invention has a special three-way stop-cock which permits a flow of solution in one way only. It is equipped with a small handle which turns it on a rotary pivot to the left or right and also operates the plunger. When turned completely to the right, the syringe tube is filled with blood from the donor, and upon centering the instrument, the syringe opening is aligned with the opening leading to the recipient. The plunger is pushed forward and all the blood is forced out.

VILLANOVANS REORGANIZED

Thirty Candidates Reported for First Rehearsal in Gym

The Villanovans, the college dance orchestra, is being reorganized under the direction of Paul D. Teel, instructor and director of the college band. The first meeting of the current year was held Monday night, October 16, in the gymnasium. Thirty candidates reported, but this number was reduced to 15 at last Thursday's rehearsal.

When final eliminations are made, the orchestra will consist of ten pieces: piano, three saxophones, two trumpets, trombone, violin, drums and a bass violin. A featured vocalist will also be a member of the organization.

Mr. Teel expects to produce a very excellent orchestra, which will play at the class dances to be held later in the year.

FRANCE DECORATES PROMINENT AUTHOR

Miss Elizabeth Kite, Member of Extension School Faculty, Honored

DEGREE CONFERRED HERE

In the presence of the French Ambassador to Washington, Miss Elizabeth Kite, prominent author and historian, a member of the faculty in the Villanova extension school, who received the honorary degree of Doctor of Literature at the college graduation exercises last June, was made a chevalier in the French Legion of Honor, last week in Philadelphia.

The singular recognition of Miss Kite's ability as a historian was conferred at the headquarters of the Catholic Historical Society for her brilliant literary masterpiece "Beaumarchais and the War of American Independence." In this work she told how the French came to the aid of the struggling colonies, a book containing much careful research.

Miss Kite is probably one of the country's leading Catholic authors. She has written many articles for Catholic periodicals and books about relations between France and the United States.

Six years of study in Europe were spent by Miss Kite: two in France, two in Germany, and two in England. In 1905, she received a dip-

IMPRESSIVE CEREMONY MARKS MONASTERY CORNERSTONE LAYING

Courtesy Evening Bulletin

Very Rev. Joseph A. Hickey, D. D., O. S. A., assistant general of the Augustinian Order, wielding the trowel at the laying of the cornerstone for the new monastery. Included also in the above picture are Very Rev. Mortimer A. Sullivan, O. S. A., provincial of the Augustinian Order in the United States and Cuba, and Mr. Ralph J. Handron, O. S. A., of St. Mary's Hall.

NEW DANCE POLICY PROVES SUCCESSFUL

Large Crowd Enjoys Sophomore Frolic as Social Season Is Inaugurated

MUSIC WARMLY RECEIVED

Dim lights and graceful figures softly gliding to a mellow strain with a purr of glee and genuine enjoyment created the absorbing atmosphere offered an onlooker at the Sophomore Frolic last Friday at the gym.

"Fat" Waters, with his eight rhythmical Danceonians, reviewed the latest dance tunes with more than satisfactory results. Intermissions were short and dancing was plentiful from 9 till 1 P. M. The popularity of this orchestra is widely dispersed, carrying from the Great Lakes to the Jersey Coast.

In spite of the fact that the Sophomore Frolic was put on almost spontaneously, the reward for the vigorous and the enthusiastic efforts expended in its behalf by the committee men and the class as a whole, was heartily gratifying and successful. More than 200 couples were gathered at the affair as a result of nine days of industrious management.

In a great part, the success of the frolic was due to the genuine cooperation received from the Freshmen class. Over half the students of the newly-enrolled group exhibited a praiseworthy amount of spirit by their attendance.

Never in preceding years has it been known for Villanova to sponsor a dance at such an early date in the season. Authorization to run the dance at this time was given by Rev. Bernard M. Albers, O. S. A., vice-president, in an endeavor to avoid conflicts at a later date.

In years past it was traditional for the engineering students to give the first dance of the season. This dance occurred annually after the Temple-Villanova football game. The engineers will continue to hold their dance, the Owl Hop, on this date, but their tradition in the way of formally opening the social season is broken.

J. Daniel Harkins and Joseph Clay, president of the Sophomore class and chairman of the frolic, respectively, manifested unusual ability in undertaking a task of such responsibility, and carrying it to the end, efficient in every detail.

The members and committees of

CORNERSTONE LAID IN NEW MONASTERY BY REV. DR. HICKEY

Change in Plans Necessitated by Assistant General's Early Sailing

NOTED CLERGYMEN ATTEND

Papers and Literature Are Placed in Stone Before It Is Sealed

Exercises for the laying of the cornerstone of the new monastery building, which is rapidly taking form or the north side of the campus, were conducted Thursday morning with Very Rev. Joseph A. Hickey, O. S. A., D. D., Assistant General of the Augustinian Order, officiating. The stone was inserted at the southeast end of the new structure which will replace the historic monastery building destroyed by fire in August, 1932.

Although more formal exercises had been planned at a later date, the prospect of having Dr. Hickey in charge of the ceremony before his departure early next week for his headquarters in Rome, was the reason for the change in the plans. Although only few members of the student body were present for the exercises, a large group consisting of prominent members of the Augustinian Order and other priests from nearby communities attended.

One of the features of the exercises was the placing of copies of all Philadelphia, Main Line and New York City newspapers, the Villanova Engineer, a recent issue of the VILLANOVAN, the Villanova Alumni News, catalogues and other literature distributed by the college and recent issues of United States' coins in the stone before it was sealed.

Dr. Hickey pronounced the blessing of the stone, and he was assisted by Very Rev. Mortimer Sullivan, O. S. A., Provincial of the Augustinian Order in the United States and

FR. BARTLEY HEADS FOREIGN RELATIONS

Takes Place of Prof. Ficek as Moderator of Society; Candidates Invited

TO MEET THURSDAY IN GYM

The Foreign Relations Society will hold its first meeting, Thursday, at 7.30 P. M., in the lounge room of the gymnasium. The new moderator of the society is Rev. Joseph C. Bartley, O. S. A., dean of the School of Commerce and Finance. Fr. Bartley takes the place of Karel F. Ficek, former professor of economics and insurance in the Business School.

The purpose of this society is to give the students who join it every facility for acquiring a more complete knowledge of current events for the purpose of discussing problems of international interest, especially those involving the maintenance of peace and harmony among the nations of the world.

All students of the college who are interested in this society are invited to attend the initial meeting. All former members of the society are requested to be present as matters of policy are to be decided.

As a result of steps taken last year, six members of the club were sent to the annual convention held at Lehigh University last April. These conferences are modeled after the League of Nations' confer-

ova, to Rhubright, who returned e ball to the 28-yard line. Three ies at the Cats' line netted only k yards. An exchange of punts it the ball on the Bisons' 24-yard arker. Zizak blocked Sitarsky's nt and Blanchard recovered. Cavaugh, on fourth down, kicked a eld goal, making the score: Villaova, 3; Bucknell, 0.

Villanova's second kick-off was eturned to the 19-yard line. Two ne bucks and an off-side penalty ave Bucknell first down. Villanova eld and recovered the ball on their wn 38-yard stripe. Two rapid exanges of punts put the ball on illanova's 29-yard line in their own ossession, as the quarter ended.

Second Period

Cook tried the line for no gain. ass, Randour to Grimberg, was incomplete. Korchinski subbing for 'Donnell, kicked to Bucknell's 33-ard line, where Sitarsky, Bison uarterback, was stopped in his acks. Villanova off-side. Bucknell ade first down. Grimberg broke hrough and threw Myers for a hree-yard loss. On the next play, Bucknell was penalized 15 yards for olding. After an incomplete pass, Bucknell kicked to Randour who as stopped on his own 24-yard line. Two tries by Patzsch netted three ards and Cook added six more. orchinski again kicked to Sitarsky who returned the ball to his wn 43-yard line. On the first play, Michaels stopped Myers for a three-yard loss. Sitarsky kicked to Randour who was downed on his own 15-yard line after bumping into the field judge. Two tries by Cavanaugh and Randour netted a first down. A 15-yard penalty against Villanova checked their advance. Cook ran through a big hole opened by Charley Nowe and Ed Michaels and netted five yards. An off-side penalty gave the 'Cats first down. Randour fumbled a pass from center, but picked it up and ran 12 yards around left end. On the next play, Patzsch fumbled and the ball was recovered by Bean on Bucknell's 47. The half ended as Peters' pass to Bean put the ball on Villanova's 11-yard marker.

Third Quarter

Villanova brought the ball out to the 20-yard line after Bucknell had kicked over the goal line. On the second play, Whitey Randour darted 77 yards for a touchdown. Lee came in for Michaels and kicked the extra point. Score: Villanova, 10; Bucknell, 0.

On the third play after Randour's sensational run, Bucknell scored on a pass from Reznichak to Bean. Rhubright missed the try for the extra point. Score: Villanova, 10; Bucknell, 6.

Shortly afterwards with the ball in Villanova's possession, Endler intercepted a lateral pass by Charley Hurlburt, who had replaced Cavanaugh, and ran for Bucknell's second touchdown. James kicked the goal.

Again in this exciting period a tally was made, when Carroll Cook ran through center for 42 yards and another goal by Lee put Villanova ahead, 17 to 13.

Three plays ended the quarter with the ball in Bucknell's possession on Villanova's 19-yard line.

Fourth Quarter

Three Bucknell passes were knocked down and the ball was Villanova's on their own 24-yard line. After an exchange of kicks the ball became Bucknell's on their own 13-yard line. Three tries by Peters netted a first down. Pass, Reznichak to Endler, earned 21 yards. A series of passes took the ball down to Villanova's 29-yard line. Another pass was intercepted by Randour on his own four-yard stripe. Two Villanova plunges took the ball to their own six. With about a minute to go, Kachel blocked Higgins' kick in the end zone and fell on the ball for the touchdown. The game ended shortly afterwards with the score: Bucknell, 19; Villanova, 17.

The Line-Up

Villanova		Bucknell
O'Donnell	left end	Endler
Zizak	left tackle	Dempsey
Blanchard	left guard	Jones
Nowe	center	Farina
Michaels	right guard	Furiell
Brodnicki	right tackle	Bolston
Grimberg	right end	Dorman
Cavanaugh	quarterback	Sitarsky
Randour	left halfback	Myers
Wetzler	right halfback	Rhubright
Patzsch	fullback	Peters

Villanova	3	0	14	0—17
Bucknell	0	0	13	6—19

Touchdowns — Randour, Cook, Bean, Endler, Kachel. Goals after touchdowns—Lee (placement). Field goal — Cavanaugh — Cavanaugh (drop kick). Substitutions — Villanova: Cook for Wetzler, Korchinski for O'Donnell, Johnson for Brodnicki, O'Donnell for Korchinski, Lee for Michaels, Johnson for Brodnicki, Hurlburt for Cavanaugh, Weisenbaugh for Patzsch, McGee for Grimberg, Walsh for Randour, Korchinski for O'Donnell, Marion for Cook, Cook for Marion, Higgins for Hurlburt. Bucknell: Reznichak for Rhubright, Bean for Myers, Bergkamp for Bolston, McGaughey for Farina, Berry for Dorman, Rhubright for Bergkamp, Bolston for Bergkamp, Farina for McGaughey, Dorman for Berry, Myers for Bean, Dobie for James, Pethik for Dorman, Miller for Peters, Drayton for Furiell, Verhri for Sitarsky, Rhubright for M. Glass, Pocius for Dempsey, James for Dobie, Sitarsky for Verhri, Berry for Dorman. Bean for Rhubright, Dempsey for Kachel, Kachel for Dempsey.

Referee—E. E. Miller, Penn State. Umpire—A. M. Barron, Penn State. Field judge—R. A. Greene, Penn. Head linesman — A. B. McGinnis, Lehigh.

Dial-Log

This column's publication last week of the results of a nation-wide popular song poll prompted several of our readers (both of them, to be exact) to suggest that we run a poll to find out the favorite dance orchestra of the Villanova student body. In the past four days we have asked about 70 of the student body to list their five favorite bands in the order of preference. We will keep up this poll until we have a representative number of votes. Our method of rating them will be to give five points for first choice, four for second, and so on. Over 30 different dance orchestras have already been mentioned by the 70 voters and when the poll is completed we will name them all and the points received, but for the present the first ten should suffice. Here they are, rated by points as we have mentioned above: Guy Lombardo, 162 points; second, Glen Gray and His Casa Loma Orchestra, 154 points; Fred Waring and His Pennsylvanians, 112 points; Paul Whiteman, 69 points; Isham Jones, 62 points; Hal Kemp, 47 points; Wayne King, 42 points; Ben Bernie, 33 points; Vincent Lopez, 30 points, and last of the first ten is Eddie Duchin, with 23 points.

If you are not approached for your vote, write it on the piece of paper which is posted outside the door of the VILLANOVAN office in the back of the dining hall.

Now to get down to the official business. Bing Crosby presented one of his always enjoyable programs last night when he began his new series of broadcasts from the West Coast over WCAU and WABC at 8.30 o'clock.

Amos 'n' Andy, the long-time favorites, will do their broadcasting from New York for a while. They are appearing there on their vaudeville tour.

This Friday night will be a good listening night for those of you who stay in and "listen in." At 8 o'clock tune WJZ for a program with Don E. for, Ethel Shutta and Walter O'Keefe. At 8.30, by all means, listen to the March of Time over WCAU. At 9 o'clock hear Phil Harris or, if you prefer, Fred Allen with Ferde Grofe. The first mentioned is on WJZ, the latter duo comes to you over WEAF-WLIT. At 9.30 the All-American Football Show, and at 10 o'clock, Olsen and Johnson over WCAU. If you should be up till 11.30 (tsk, tsk and tsk) turn it down low and hear Glen Gray. And so to bed.

The National Broadcasting Company is expecting to make a chain broadcast, around October 21, from the Graf Zeppelin at sea, during its next journey to the Western Hemisphere.

As to the dance orchestras again: Paul Whiteman moves into the Paradise Restaurant in New York very soon...Fred Waring is "in person" in Chicago...Noble Sissle is on tour...Isham Jones broadcasts from the Commodore Hotel in New York...Emerson Gill is playing an engagement in the DeWitt Clinton Hotel in Albany... Ozzie Nelson can be heard often from the Park Central in New York..

Gymnasium Courses Started for Frosh

Continued From Page Five

games and sports, such as basketball, volley ball and baseball.

Freshmen who are not at the time engaged in football, intramural sports, or other athletics will be required to participate in the course of physical development.

Sophomores who failed the course last year will be required to erase such existing failures this semester. Classes for those Sophomores must be arranged on the Freshman schedule for the respective schools.

All classes in Physical Education will be under the directorship of Martin Gezzer, and each school or section of a school will have its own supervisor. They are Whitey Randour, Charles Hurlburt, Harold Hurley, Charles McGee, Stanley Wronski, and Charles Brodnicki. Acting in the capacity of relief supervisors are William Cavanaugh, [illegible] O'Donnell, and Dominic Marion.

A sensible package

We wanted to sell it for 10 cents so we put Granger in a sensible soft foil pouch—easy to carry and keeps the tobacco just exactly right—just like it was made.

Granger . . . good tobacco . . . Wellman Method . . . cut right . . . packed right. And there is this much about it:

We have yet to know of a man who started to smoke Granger who didn't keep on. Folks seem to like it.

a sensible package 10 cents

UNSANCTIONED USE OF GUEST TICKETS VETOED BY LEADERS

Parley Held Last Friday Votes in Favor of Selected Group to Receive Courtesy

TREASURIES WILL BENEFIT

Establishment of Precedent on Campus Expected by Group Action

Final action towards the elimination of unsanctioned free passes at dances was taken last Friday, when it was decided that, instead of the un-restricted circulation of these passes, there should be a standing approved list of guests who will be invited to each dance by the chairmen of the various committees.

This approved list comprises the officers of the Senior and Junior classes, the president of the Sophomore class, the members of the Student Council, the presidents of the active fraternities, the editors of the campus publications, and the alumni secretary. These students will each receive one non-transferrable guest ticket to each social function on the campus. No other pass, with one possible exception, will receive the sanction or approval of the administration.

The one possible exception to the rule comes in the case of the committees themselves. If the organizations decide to reward the members of their dance committees for special service, that is entirely up to themselves, but their course of action must first have the approval of their moderator.

These decisions were reached at a meeting which was attended by representatives from every active organization on the campus. It was presided over by Leo Cordiale, chairman of the Student Council.

Should any new fraternities or publications arise on the campus, they may be added to this list by a ma-

NEW ORGANIZATION ESTABLISHED HERE

Electrical Engineers Join National Society for New Study

PROF. BUECHE IS FOUNDER

A new engineering society has made its appearance on the campus and has been welcomed with a great deal of enthusiasm by the electrical engineers. It is the Villanova Chapter of the American Institute of Electrical Engineers.

Through the efforts of Harry S. Bueche, the new professor of electrical engineering in the School of Technology, this club was formed. He accompanied a group of students into the Engineers' Club in Philadelphia, where they attended a meeting of the Philadelphia chapter. The students then decided to form an organization of this kind on the campus, because they are not represented by any society outside of the Phi Kappa Pi fraternity.

With the assistance of Prof. Bueche plans were made, and the first meeting was held on October 16. At this meeting the purpose and aims of the club were outlined for those who attended. At the same time nominations were held for the office of president, vice-president, secretary and treasurer.

Two days later the elections were held, and the following men were

A., of St. Mary's Hall.

ILLUSTRATED TALK GIVEN TO PRE-MEDS

W. J. Drummond, Inventor of New Blood Transfusion Machine, Lectures in Seminar

DEMONSTRATED AT FAIR

The Pre-medical students were given an unusual treat in the matter of scientific information and illustration during their weekly seminar last Thursday.

Rev. Joseph M. Dougherty, O. S. A., Dean of the School of Science, procured the services of W. J. Drummond, the inventor of the Drummond Blood Transfusion Machine, to give an illustrated talk on his invention.

Mr. Drummond conceived the idea of his invention in an interesting manner. He was called upon to donate some blood for a transfusion and during the operation he was inspired with the dream of a machine that would eliminate the obsolete apparatus and methods then in use. At the present time Mr. Drummond has approximately 150 machines in use. He has found that the older physicians are set in their ways and will hesitate in using the new machine until a demonstration conclusively convinces them. The machine and motion picture that Mr. Drummond used had just been on exhibition at the Chicago World's Fair.

The machine has several good-features, among them the fact that it can transfer blood at the rate of 1 c.c. per second without coagulating and clotting the plunger. Its most important feature, however, is a safety lock which prevents the backflow of blood into the donor, and at all times the operator can readily tell if the recipient is receiving blood and the exact volume transferred. The machine is very compact and efficient, and all air in the plunger and tubes can very easily be removed before operation.

The invention has a special three-way stop-cock which permits a flow of solution in one way only. It is equipped with a small handle which turns it on a rotary pivot to the left or right and also operates the plunger. When turned completely to the right, the syringe tube is filled with blood from the donor, and upon centering the instrument, the syringe opening is aligned with the opening leading to the recipient. The plunger is pushed forward and all the blood is forced out.

VILLANOVANS REORGANIZED

Thirty Candidates Reported for First Rehearsal in Gym

The Villanovans, the college dance orchestra, is being reorganized under the direction of Paul D. Teel, instructor and director of the college band. The first meeting of the current year was held Monday night, October 16, in the gymnasium. Thirty candidates reported, but this number was reduced to 15 at last Thursday's rehearsal.

When final eliminations are made, the orchestra will consist of ten pieces: piano, three saxophones, two trumpets, trombone, violin, drums and a bass violin. A featured vocalist will also be a member of the organization.

Mr. Teel expects to produce a very excellent orchestra, which will play at the class dances to be held later in the year.

FRANCE DECORATES PROMINENT AUTHOR

Miss Elizabeth Kite, Member of Extension School Faculty, Honored

DEGREE CONFERRED HERE

In the presence of the French Ambassador to Washington, Miss Elizabeth Kite, prominent author and historian, a member of the faculty in the Villanova extension school, who received the honorary degree of Doctor of Literature at the college graduation exercises last June, was made a chevalier in the French Legion of Honor, last week in Philadelphia.

The singular recognition of Miss Kite's ability as a historian was conferred at the headquarters of the Catholic Historical Society for her brilliant literary masterpiece "Beaumarchais and the War of American Independence." In this work she told how the French came to the aid of the struggling colonies, a book containing much careful research.

Miss Kite is probably one of the country's leading Catholic authors. She has written many articles for Catholic periodicals and books about relations between France and the United States.

Six years of study in Europe were spent by Miss Kite: two in France, two in Germany, and two in England. In 1905, she received a dip-

NEW DANCE POLICY PROVES SUCCESSFUL

Large Crowd Enjoys Sophomore Frolic as Social Season Is Inaugurated

MUSIC WARMLY RECEIVED

Dim lights and graceful figures softly gliding to a mellow strain with a purr of glee and genuine enjoyment created the absorbing atmosphere offered an onlooker at the Sophomore Frolic last Friday at the gym.

"Fat" Waters, with his eight rhythmical Danceonians, reviewed the latest dance tunes with more than satisfactory results. Intermissions were short and dancing was plentiful from 9 till 1 P. M. The popularity of this orchestra is widely dispersed, carrying from the Great Lakes to the Jersey Coast.

In spite of the fact that the Sophomore Frolic was put on almost spontaneously, the reward for the vigorous and the enthusiastic efforts expended in its behalf by the committee men and the class as a whole, was heartily gratifying and successful. More than 200 couples were gathered at the affair as a result of nine days of industrious management.

In a great part, the success of the frolic was due to the genuine cooperation received from the Freshmen class. Over half the students of the newly-enrolled group exhibited a praiseworthy amount of spirit by their attendance.

Never in preceding years has it been known for Villanova to sponsor a dance at such an early date in the season. Authorization to run the dance at this time was given by Rev. Bernard M. Albers, O. S. A., vice-president, in an endeavor to avoid conflicts at a later date.

In years past it was traditional for the engineering students to give the first dance of the season. This dance occurred annually after the Temple-Villanova football game. The engineers will continue to hold their dance, the Owl Hop, on this date, but their tradition in the way of formally opening the social season is broken.

J. Daniel Harkins and Joseph Clay, president of the Sophomore class and chairman of the frolic, respectively, manifested unusual ability in undertaking a task of such responsibility, and carrying it to the end, efficient in every detail.

The members and committees of

CORNERSTONE LAID IN NEW MONASTERY BY REV. DR. HICKEY

Change in Plans Necessitated by Assistant General's Early Sailing

NOTED CLERGYMEN ATTEND

Papers and Literature Are Placed in Stone Before It Is Sealed

Exercises for the laying of the cornerstone of the new monastery building, which is rapidly taking form or the north side of the campus, were conducted Thursday morning with Very Rev. Joseph A. Hickey, O. S. A., D. D., Assistant General of the Augustinian Order, officiating. The stone was inserted at the southeast end of the new structure which will replace the historic monastery building destroyed by fire in August, 1932.

Although more formal exercises had been planned at a later date, the prospect of having Dr. Hickey in charge of the ceremony before his departure early next week for his headquarters in Rome, was the reason for the change in the plans. Although only few members of the student body were present for the exercises, a large group consisting of prominent members of the Augustinian Order and other priests from nearby communities attended.

One of the features of the exercises was the placing of copies of all Philadelphia, Main Line and New York City newspapers, the Villanova Engineer, a recent issue of the VILLANOVAN, the Villanova Alumni News, catalogues and other literature distributed by the college and recent issues of United States' coins in the stone before it was sealed.

Dr. Hickey pronounced the blessing of the stone, and he was assisted by Very Rev. Mortimer Sullivan, O. S. A., Provincial of the Augustinian Order in the United States and

FR. BARTLEY HEADS FOREIGN RELATIONS

Takes Place of Prof. Ficek as Moderator of Society; Candidates Invited

TO MEET THURSDAY IN GYM

The Foreign Relations Society will hold its first meeting, Thursday, at 7.30 P. M., in the lounge room of the gymnasium. The new moderator of the society is Rev. Joseph C. Bartley, O. S. A., dean of the School of Commerce and Finance. Fr. Bartley takes the place of Karel F. Ficek, former professor of economics and insurance in the Business School.

The purpose of this society is to give the students who join it every facility for acquiring a more complete knowledge of current events for the purpose of discussing problems of international interest, especially those involving the maintenance of peace and harmony among the nations of the world.

All students of the college who are interested in this society are invited to attend the initial meeting. All former members of the society are requested to be present as matters of policy are to be decided.

As a result of steps taken last year, six members of the club were sent to the annual convention held at Lehigh University last April. These conferences are modeled after the League of Nations confer-

HARMONY PRESERVED

ONE MORE step forward towards the development of greater harmony among campus organizations has been taken through the final settlement of a question which heretofore not only has caused ill feeling and dissension, but which has also been the source of serious abuse. If for any reason certain individuals or organizations failed to receive complimentary tickets or perhaps failed to receive a sufficient number, their pride would immediately become injured, and harmony among the various organizations would be seriously disrupted. Through the action of the combined organizations of the college, however, there has been decided upon a definite policy of procedure whereby the preservation of harmony on the campus is assured. The wholesale distribution of complimentary tickets has been eliminated, and in its place there is now a mutually satisfactory and mutually beneficial plan. Individuals, perhaps, may feel slighted, but when it is remembered that the lower classes of today are the upper classes of tomorrow and that this plan was conceived, not for the moment, but rather for the rest of the life of the college, we think its valuable features will not only be realized but will be greatly appreciated.

BE PUNCTUAL

IT SHOULD not be necessary to take this space in order to impress upon the student body the importance of the fact that they have an obligation to be on time at Chapel services. It would seem that with the close of the Retreat further punctuality towards religious duties was to be ignored. Perhaps some of us consider it a favor to someone that we should present ourselves at all. Chapel services have a set time which remains unchanged throughout the year. Every student is aware of the time, hence no one can profess to be excused by pleading ignorance. To those to whom this editorial is directed, those who have freely permitted themselves to become stragglers, we do not enjoy accusing you of being careless and indifferent, but we do say that if you have not as yet learned to be prompt and attend to the duties upon which you are not severely checked, duties that you, as men, are relied on to exercise your own initiative to fulfill, you are missing and neglecting one basic principle — dependability — without which you should not feel justified in leaving college. Because evening Chapel services might seem entirely unnecessary to the wholly important and independent individual, or perhaps distracting to the after-dinner lounge for the person who has acquired his full of goodness, let him not forget that these brief visits can do much for those to whom he owes his existence and present position.

YOU OUGHT TO KNOW

ONCE we said the famous campus character, Fetlock Sholmes, was a legendary one. Gentle readers, 'tis not so, for witness the strange recital of a still stranger tale concerning three most ungallant youths of Villanova. Fetlock at his pipe, called for a dash of bitters and unfolded this tale of horror.

The story goes that Ed Lahey, Ray Shugrue and Tom Whelan were thumbing their way from parts unknown in an effort to get to the fair portals of Villanova before dark. An obliging miss took pity on the three lads, and she brought them to the college. When the three, (the unholy three) were getting out of the car, a tire blew out, much to the annoyance of the obliging young lady. A true gentleman, worthy to be a son of Villanova, would have offered his assistance to the unfortunate one, and attempted to fix the flat. Instead these three fled like beaten dogs with their tails between their legs, up the path, not paying heed to the cries of players on the tennis courts bidding them return and help the lady in her moment of trial.

The moral of this story is that whenever you are helped by someone and that someone needs a hand, dont be afraid to stretch forth yours; if you don't, we hope you all fal into canyons and never come back.

This was told to us by one of the slide rule boys. He said that his girl friend called him (in private, of course) "Pilgrim." We naturally asked aim why, and he answered, blushingly, "Well, she told me that every time I went out with her I made more progress!"

A discussion in law class on the liabilities of department stores towards those who enter them brought about this rather amusing incident. Bill, the hero of this tale, hoping to clear up a question in mind, asked the prof, whether or not a person, who while walking through a store had tripped and as a result was injured, had any cause for action against the store. The prof. then asked if the injured person had bought anything. To a negative answer, the prof. questioned whether said injured person was a regular customer oi the store. Bill, naively answered, "No, it was his first trip there."

Why does Joe Dunigan call Bill Gough "Cue Ball?" And why does sparsely-haired Bill always retaliate to this dark Irishman's odd way of address, with the moniker "8 Ball?" Is it because they are two ove-enthusiastic devotees of pool, or what?

Much activity in the way of football is taking place on the campus these days. The varsity practices every day as do the J. V. and $1.50 teams. Intra-mural football has begun in earnest. Everyone has turned his thoughts to the playing of this great sport. It is certainly a swell sport and this contention is proved by the large turnout for the various teams. If you don't believe there is a large turnout, go and count the empty seats in the Greek's.

Sunday night there was a near riot and pie slapping contest in the pie shoppe. It all happened when Bob "Red" Burke started to kid the gent from the South, Francis "Getalong" Dart, and the latter took a swing at the former. The former being acquainted with the gentle and manly art of self defense, ducked his flaming dome and Dart's fist traveled into a large lemon meringue pie and spattered the pie over the swinger and over "Cliff," who bemoaned the loss of his pie. The riot started when several gougers started for the remains of the pie. Joe Bastian claims that he got the most out of it.

Did you know that: Scoop Keating, among others, recently signed the pledge, though it's not the kind you think? Toby Cavanaugh fashions his tie into the wierdest knot imaginable? Bill Gouch won't tell you how his nose got that way? Ed Manion has discovered a way of buying golf balls at a fraction of their value? Jim Mason says that some gentlemen may prefer blondes, but he wants Titian blondes? Coach Stuhldreher is an embryonic novelist? Fr. O'Brien maintains that the comic pages are the most sincere section of modern newspapers? Those dayhops who have been parking their cars in the triangle had better wise up to themselves—a clean up is due ere long?

COLLEGIATE NEWSREEL

NO DOUBT there will be many reasons advanced as to why the G burgers took it on the chin so badly last Saturday. As usual, we have the inside info given to us by that beloved college figure, Fetlock Sholmes. You will have noticed that the Bullets were simply acking that spirited drive, that lack o' follow through. Well, fellows, aere's the dope. Good old Gettysburg which has started its 102d term this year, is without a co-ed on the campus for the first time in 45 years. Something will have to be done about this situation.

* * *

Good news is in the offing for the thumb boys. An enterprising Yale journalist is contemplating the printing of a hitch-hiker's guide for the benefit of the Elis who bum their way to New York every weekend. That is not a bad idea at all. If all those students wishing a similar guide to their thumbing activities leave a request as to the best manner to get to where they want to go in the box at the entrance to the dining hall, we shall see that the matter receives our undivided attention.

* * *

We wondered where a certain enterprising gentleman (name furnished upon request) conceived the idea of getting all the Frosh in Good Counsel dates for the Sophomore Frolic. The idea is not original as we were given to believe. The best part about it is that the Sophs sold the Frosh tickets to the dance, promised them dates, and the ones that did not know how to dance were taught how to do so, all for a dollar and a half. Now the story has it that Harvard men who desire employment are enrolled on a social register whose business it is to furnish male escorts for "deb" parties. It appears as though we will have to page our friend Fetlock and decide who got the idea first. It was a success because the Frosh were very much in evidence at the dance. Rumor from Rosemont has it that foot lotion is selling at a premium.

* * *

Our friends of the road who putt around on two-wheeled affairs are still on the job. We see that the Pennsylvania State Highway Patrol recently confiscated 25 cars owned by students of Lehigh University and classified them as "relics unfit to operate on the streets." The NRA must be working in those parts. Now that the boys have not any means to get about, next week we predict a news item about how the boys break legs climbing the hills and wear the seat of their pants out sliding down.

* * *

Lately there has been all kinds of insurance given to the gullible public for their edification but this one surpasses all that we know of. A student at St. Thomas College may take out insurance policy against being called upon in class for 25 cents. If he is called upon he may collect $5. It is reported the insurance lads in the Commerce and Finance School are vieing for the position as holder of the monies.

* * *

Lads and ladies! We desire to pass on this bit of information to you because we never want to be known as being vipers at any time for withholding information. We strongly advocate taking postgraduate work. Why? Here's the reason: For the first time in ten years, students of Smith College, according to a questionnaire, showed a majority in favor of entering the teaching profession. A pool held in the VILLANOVAN office as soon as this was found out revealed that the entire staff to a man decided to be taught by the Smith teachers.

* * *

For a long time we have been scouring the papers looking for this. The names of all professors who keep their classes overtime are published regularly at the University of Kansas. At the same time a survey of an Eastern college showed that 60 per cent. of the students sleep through at least three hours of classes each week. We hasten to assure our readers that this is not the case in Villanova. Here the boys sleep all the time.

* * *

This bit of information that has come to our ears via the underground railroad will please the editors of a lot of papers, and for others it will cause restless nights. Truer words in our opinion have never been said (except the time she said no). Editorials have been abolished in the Ashland College paper because of the belief that the editor's ideas are no better than those of the student body, and they do not present the policy of the paper.

The Salt-Shaker

IT'S A WORLD, YOU KNOW

CONSIDER THAT somewhat amusing animal—the American college boy. Vastly superior to the world around him, he looks at life with a knowing eye and a sophomoric smile at its absurdity. Immersed in his own scrubby universe, pursuing his picayune pleasures, he becomes feverishly wrought up over microscopic crises in his insignificant cosmos while economic cataclysms pull a real world down about his head. Thus does he exhibit a mental structure startlingly moronic!

Here is the collegian as far too many see him—engrossed in his own small affairs and utterly oblivious to the larger issues of life in general. And yet is it possible that the American college student lives a fuller life than the average American man of the world? Perhaps. At least, he is in a position to do so.

Mr. A. American spends his days walking the treadmill of economic existence, keeping the wolf at a respectable distance by daily toil in the factory, in the office or in his profession, and his evenings he gives over to taking Junior to the movies, suffering his wife's bridge friends or enjoying a pipe-slipper-radio-and-sport-page night. International and national affairs weigh on his mind perhaps little more heavily than on the college student's. He has two, maybe three, sets of friends. There's the gang at the office, there's the young married set with whom he and the Missus travel, and there's the bunch at the club. He talks shop with the office fellows, nonsense with Jim and Bill and their wives, and golf scores, hunting, angling, or whatever it is, at the club.

Here is his complete circle. He meets the people who are interested in precisely what he is interested in. Most of them see things in the same perspective as he does himself. Stimulating interchange of ideas slides out in favor of peaceful accord on all points. He sees one side of most questions, and he rarely gets an opportunity to hear about any other side because his friends are all seeing the one side with him.

And therein does the collegian's world differ from the average American's. It IS a world, and not a circle. He may room with an editor of a campus publication, pal around with an engineer from Georgia, a pre-medical student from Oklahoma, and an arts man from Boston, sit at table with a former Navy man, a son of a small-town Mayor, a star pitcher and a bass viol player in the college orchestra. He argues politics with a Tammany Hall Democrat, religion with a Wesleyan Methodist and nationalism with a County Kerry Irishman. He discusses capitalism with the son of the college barber and socialism with a scion of wealth. He borrows Maritain from his arts friend and reads snatches of him to his editorial roommate, a commerce student.

And in this constant clash of ideas sprung from differing viewpoints there is opportunity for fuller, richer, appreciation of life's kaleidoscopic nature. The mind is broadened and more easily enlightened. Sympathy with the other fellow's viewpoint comes with less effort. Problems that arise are more likely to be attacked with due consideration of other people's difficulties.

College! It's a world! One should make use of its peculiar advantages to the utmost! This little world makes one a bigger man, and the big world outside is cluttered up with too many little men. It needs big men — men who can see vital problems from all their angles and not through the knothole of a single, narrow viewpoint.

BUSES WILL TAKE STUDENTS TO GAME

Fleet to Leave for Manhattan Game at 9 A. M. on Saturday

ROUND TRIP FARE $2.50

A special fleet of buses will transport the students of Villanova College to the Manhattan College football gridiron when the two colleges clash in their first football classic, on Saturday, October 28. These facilities were offered by the Greyhound Bus System and accepted by Rev. Bernard M. Albers, O. S. A., vice-president of the college.

According to the official confirmation of Fr. Albers, it has been arranged that the buses will leave the campus, in back of the dining hall at exactly 9 A. M. The student rooters will arrive in Brooklyn at 12.30 P. M., thus allowing them ample time to have their dinner and go sight-seeing before the game.

After the game the buses will immediately leave for Times Square, 42nd street and Broadway, in the heart of New York City, where the students will disembark until 9 P. M., at which time the busses will leave for Villanova, arriving at the college at approximately 12.30 A. M.

The Villanova College Band will accompany the students on this trip and will make the trip more lively.

Those desiring to make the trip can obtain their round trip tickets from David Murphy, special agent for the Greyhound Bus System at Villanova College, who is located in Room 225, Austin Hall. Tickets will cost $2.50.

Cornerstone Laid In New Monastery

Continued From Page One

Cuba, deacon; Very Rev. John J. Farrell, O. S. A., Prior of the Monastery of St. Thomas of Villanova, sub-deacon, and Rev. Charles J. Melchoir, Procurator of the college, master of ceremonies.

In addition Rev. Edward V. Stanford, O. S. A., president of the college, and Henry G. Daggett, of Philadelphia, architect for the new edifice, were among the other prominent personages present at the ceremony.

Plans for the formal dedication of the building next spring are being formulated at the present time by the administration.

To add to the impressiveness of the quiet ceremony, music incidental to the exercises was chanted by the scholastic choir from St. Mary's Hall.

honored: President, Joseph P. Callaghan, '34; vice-president, John Klekotka, '35; secretary, Joseph Costigan, '35; treasurer, John Pickell, '34. Prof. Bueche was selected as the faculty moderator.

Much enthusiasm was displayed by both the students of the electrical engineering and the moderator in the future activities of the club. The entire electrical engineering student body attended both meetings and any of those who might have been absent are invited to join this organization.

The principal purpose of this group is to bring the students of this branch of engineering and their predecessors closer together. In this way the students will become more familiar with the outside world of engineering. In the near future trips will be planned and different men prominent in the field of electricity will be asked to address the members.

Second Annual Tabulation Conducted Shows 16 States Represented Here

The student body of Villanova College is composed of representatives of 16 different States, one national district, one national possession and one foreign country. This was revealed by the second annual tabulation of this type conducted by the VILLANOVAN recently.

Geographically, a very extensive territory is included, students hailing from as far West as California, from Cuba on the south and New Hampshire on the north.

The District of Columbia boasts of one representative, while the possession of Puerto Rico and Cuba, the foreign nation, send two and six representatives, respectively.

Pennsylvania ranks first with 56½% of the total enrollment, while New Jersey is second with 15% of the total, which is one-half per cent. more than the representation from New York.

Philadelphia leads all other cities with 33% of the total amount of students, while New York City is runner-up with a small percentage of 6¾%, followed by Newark with 1⅜% of the total enrollment.

According to the tabulations, the majority of the students come from the Eastern section of the United States. The following record gives the exact percentage of students from the various sections: Pennsylvania, 56½%; New Jersey, 15%; New York, 14¾%; Massachusetts, 6½%; Connecticut, 2⅝%, while Illinois, Rhode Island, Delaware, Virginia, West Virginia, Oklahoma, Montana, California, Vermont, New Hampshire, the District of Columbia, Puerto Rico, the possession, and Cuba, the foreign nation, all have less than one per cent.

This tabulation does not include the registration of the extension, evening and summer schools.

Senior Engineer Talks

The first of a series of lectures to be held under the auspices of the student chapter of the American Society of Civil Engineers was delivered last Monday by Rudolph Lopez, a senior civil engineer, at the weekly meeting of the Phi Kappa Pi fraternity.

Unsanctioned Use Of Tickets Vetoed

Continued From Page One

jority vote of the Student Council. The organization must first, however, receive the sanction of the vice-president of the college as an active group.

Class assessments are likewise being obviated by this approved list. In their place there will be the interchange of guest tickets among the classes holding the dances.

These rulings went into effect with the Sophomore Frolic on Friday night and will hold for all functions in the future. There is also a possibility that the rulings will be embodied in the Student Handbook for future years.

I keep coming back to that word "balanced" on the back of the Chesterfield package

YOU often hear the word balance — something is out of balance — top-heavy, not on an "even keel."

What you read, "Chesterfield Cigarettes are a balanced blend," means that the right amounts of the right kinds of tobacco are welded together; that is, home-grown tobaccos, the right kind, the right quantity — are blended and cross-blended with tobaccos from Turkey and Greece.

When these tobaccos are balanced one against the other, then you have a mild cigarette.

When they are in balance, then you have a better-tasting cigarette.

May we ask you to read again the statement on the back of the Chesterfield package? May we ask you to try Chesterfield?

HARMONY PRESERVED

ONE MORE step forward towards the development of greater harmony among campus organizations has been taken through the final settlement of a question which heretofore not only has caused ill feeling and dissension, but which has also been the source of serious abuse. If for any reason certain individuals or organizations failed to receive complimentary tickets or perhaps failed to receive a sufficient number, their pride would immediately become injured, and harmony among the various organizations would be seriously disrupted. Through the action of the combined organizations of the college, however, there has been decided upon a definite policy of procedure whereby the preservation of harmony on the campus is assured. The wholesale distribution of complimentary tickets has been eliminated, and in its place there is now a mutually satisfactory and mutually beneficial plan. Individuals, perhaps, may feel slighted, but when it is remembered that the lower classes of today are the upper classes of tomorrow and that this plan was conceived, not for the moment, but rather for the rest of the life of the college, we think its valuable features will not only be realized but will be greatly appreciated.

BE PUNCTUAL

IT SHOULD not be necessary to take this space in order to impress upon the student body the importance of the fact that they have an obligation to be on time at Chapel services. It would seem that with the close of the Retreat further punctuality towards religious duties was to be ignored. Perhaps some of us consider it a favor to someone that we should present ourselves at all. Chapel services have a set time which remains unchanged throughout the year. Every student is aware of the time, hence no one can profess to be excused by pleading ignorance. To those to whom this editorial is directed, those who have freely permitted themselves to become stragglers, we do not enjoy accusing you of being careless and indifferent, but we do say that if you have not as yet learned to be prompt and attend to the duties upon which you are not severely checked, duties that you, as men, are relied on to exercise your own initiative to fulfill, you are missing and neglecting one basic principle — dependability — without which you should not feel justified in leaving college. Because evening Chapel services might seem entirely unnecessary to the wholly important and independent individual, or perhaps distracting to the after-dinner lounge for the person who has acquired his full of goodness, let him not forget that these brief visits can do much for those to whom he owes his existence and present position.

YOU OUGHT TO KNOW

ONCE we said the famous campus character, Fetlock Sholmes, was a legendary one. Gentle readers, 'tis not so, for witness the strange recital of a still stranger tale concerning three most ungallant youths of Villanova. Fetlock lit his pipe, called for a dash of bitters and unfolded this tale of horror.

The story goes that Ed Lahey, Ray Shugrue and Tom Whelan were thumbing their way from parts unknown in an effort to get to the fair portals of Villanova before dark. An obliging miss took pity on the three lads, and she brought them to the college. When the three, (the unholy three) were getting out of the car, a tire blew out, much to the annoyance of the obliging young lady. A true gentleman, worthy to be a son of Villanova, would have offered his assistance to the unfortunate one, and attempted to fix the flat. Instead these three fled like beaten dogs with their tails between their legs, up the path, not paying heed to the cries of players on the tennis courts bidding them return and help the lady in her moment of trial.

The moral of this story is that whenever you are helped by someone and that someone needs a hand, dont be afraid to stretch forth yours; if you don't, we hope you all fal into canyons and never come back.

This was told to us by one of the slide rule boys. He said that his girl friend called him (in private, of course) "Pilgrim." We naturally asked aim why, and he answered, blushingly, "Well, she told me that every time I went out with her I made more progress!"

A discussion in law class on the liabilities of department stores towards those who enter them brought about this rather amusing incident. Bill, the hero of this tale, hoping to clear up a question in mind, asked the prof, whether or not a person, who while walking through a store had tripped and as a result was injured, had any cause for action against the store. The prof. then asked if the injured person had bought anything. To a negative answer, the prof. questioned whether said injured person was a regular customer of the store. Bill, naively answered, "No, it was his first trip there."

Why does Joe Dunigan call Bill Gough "Cue Ball?" And why does sparsely-haired Bill always retaliate to this dark Irishman's odd way of address, with the moniker "8 Ball?" Is it because they are two ove-enthusiastic devotees of pool, or what?

Much activity in the way of football is taking place on the campus these days. The varsity practices every day as do the J. V. and $1.50 teams. Intra-mural football has begun in earnest. Everyone has turned his thoughts to the playing of this great sport. It is certainly a swell sport and this contention is proved by the large turnout for the various teams. If you don't believe there is a large turnout, go and count the empty seats in the Greek's.

Sunday night there was a near riot and pie slapping contest in the pie shoppe. It all happened when Bob "Red" Burke started to kid the gent from the South, Francis "Get-along" Dart, and the latter took a swing at the former. The former being acquainted with the gentle and manly art of self defense, ducked his flaming dome and Dart's fist traveled into a large lemon meringue pie and spattered the pie over the swinger and over "Cliff," who bemoaned the loss of his pie. The riot started when several gougers started for the remains of the pie. Joe Bastian claims that he got the most out of it.

Did you know that: Scoop Keating, among others, recently signed the pledge, though it's not the kind you think? Toby Cavanaugh fashions his tie into the wierdest knot imaginable? Bill Gouch won't tell you how his nose got that way? Ed Manion has discovered a way of buying golf balls at a fraction of their value? Jim Mason says that some gentlemen may prefer blondes, but he wants Titian blondes? Coach Stuhldreher is an embryonic novelist? Fr. O'Brien maintains that the comic pages are the most sincere section of modern newspapers? Those day-hops who have been parking their cars in the triangle had better wise up to themselves—a clean up is due ere long?

COLLEGIATE NEWSREEL

NO DOUBT there will be many reasons advanced as to why the G burgers took it on the chin so badly last Saturday. As usual, we have the inside info given to us by that beloved college figure, Fetlock Sholmes. You will have noticed that the Bullets were simply lacking that spirited drive, that lack of follow through. Well, fellows, here's the dope. Good old Gettysburg which has started its 102d term this year, is without a co-ed on the campus for the first time in 45 years. Something will have to be done about this situation.

* * *

Good news is in the offing for the thumb boys. An enterprising Yale journalist is contemplating the printing of a hitch-hiker's guide for the benefit of the Elis who bum their way to New York every weekend. That is not a bad idea at all. If all those students wishing a similar guide to their thumbing activities leave a request as to the best manner to get to where they want to go in the box at the entrance to the dining hall, we shall see that the matter receives our undivided attention.

* * *

We wondered where a certain enterprising gentleman (name furnished upon request) conceived the idea of getting all the Frosh in Good Counsel dates for the Sophomore Frolic. The idea is not original, as we were given to believe. The best part about it is that the Sophs sold the Frosh tickets to the dance, promised them dates, and the ones that did not know how to dance were taught how to do so, all for a dollar and a half. Now the story has it that Harvard men who desire employment are enrolled on a social register whose business it is to furnish male escorts for "deb" parties. It appears as though we will have to page our friend Fetlock and decide who got the idea first. It was a success because the Frosh were very much in evidence at the dance. Rumor from Rosemont has it that foot lotion is selling at a premium.

* * *

Our friends of the road who putt around on two-wheeled affairs are still on the job. We see that the Pennsylvania State Highway Patrol recently confiscated 25 cars owned by students of Lehigh University and classified them as "relics unfit to operate on the streets." The NRA must be working in those parts. Now that the boys have not any means to get about, next week we predict a news item about how the boys break legs climbing the hills and wear the seat of their pants out sliding down.

* * *

Lately there has been all kinds of insurance given to the gullible public for their edification but this one surpasses all that we know of. A student at St. Thomas College may take out insurance policy against being called upon in class for 25 cents. If he is called upon he may collect $5. It is reported the insurance lads in the Commerce and Finance School are vieing for the position as holder of the monies.

* * *

Lads and ladies! We desire to pass on this bit of information to you because we never want to be known as being vipers at any time for withholding information. We strongly advocate taking postgraduate work. Why? Here's the reason: For the first time in ten years, students of Smith College, according to a questionnaire, showed a majority in favor of entering the teaching profession. A pool held in the VILLANOVAN office as soon as this was found out revealed that the entire staff to a man decided to be taught by the Smith teachers.

* * *

For a long time we have been scouring the papers looking for this. The names of all professors who keep their classes overtime are published regularly at the University of Kansas. At the same time a survey of an Eastern college showed that 60 per cent. of the students sleep through at least three hours of classes each week. We hasten to assure our readers that this is not the case in Villanova. Here the boys sleep all the time.

* * *

This bit of information that has come to our ears via the underground railroad will please the editors of a lot of papers, and for others it will cause restless nights. Truer words in our opinion have never been said (except the time she said no). Editorials have been abolished in the Ashland College paper because of the belief that the editor's ideas are no better than those of the student body, and they do not present the policy of the paper.

The Salt-Shaker

IT'S A WORLD, YOU KNOW

CONSIDER THAT somewhat amusing animal—the American college boy. Vastly superior to the world around him, he looks at life with a knowing eye and a sophomoric smile at its absurdity. Immersed in his own scrubby universe, pursuing his picayune pleasures, he becomes feverishly wrought up over microscopic crises in his insignificant cosmos while economic cataclysms pull a real world down about his head. Thus does he exhibit a mental structure startlingly moronic!

Here is the collegian as far too many see him—engrossed in his own small affairs and utterly oblivious to the larger issues of life in general. And yet is it possible that the American college student lives a fuller life than the average American man of the world? Perhaps. At least, he is in a position to do so.

Mr. A. American spends his days walking the treadmill of economic existence, keeping the wolf at a respectable distance by daily toil in the factory, in the office or in his profession, and his evenings he gives over to taking Junior to the movies, suffering his wife's bridge friends or enjoying a pipe-slipper-radio-and-sport-page night. International and national affairs weigh on his mind perhaps little more heavily than on the college student's. He has two, maybe three, sets of friends. There's the gang at the office, there's the young married set with whom he and the Missus travel, and there's the bunch at the club. He talks shop with the office fellows, nonsense with Jim and Bill and their wives, and golf scores, hunting, angling, or whatever it is, at the club.

Here is his complete circle. He meets the people who are interested in precisely what he is interested in. Most of them see things in the same perspective as he does himself. Stimulating interchange of ideas slides out in favor of peaceful accord on all points. He sees one side of most questions, and he rarely gets an opportunity to hear about any other side because his friends are all seeing the one side with him.

And therein does the collegian's world differ from the average American's. It IS a world, and not a circle. He may room with an editor of a campus publication, pal around with an engineer from Georgia, a pre-medical student from Oklahoma, and an arts man from Boston, sit at table with a former Navy man, a son of a small-town Mayor, a star pitcher and a bass viol player in the college orchestra. He argues politics with a Tammany Hall Democrat, religion with a Wesleyan Methodist and nationalism with a County Kerry Irishman. He discusses capitalism with the son of the college barber and socialism with a scion of wealth. He borrows Maritain from his arts friend and reads snatches of him to his editorial roommate, a commerce student.

And in this constant clash of ideas sprung from differing viewpoints there is opportunity for fuller, richer, appreciation of life's kaleidoscopic nature. The mind is broadened and more easily enlightened. Sympathy with the other fellow's viewpoint comes with less effort. Problems that arise are more likely to be attacked with due consideration of other people's difficulties.

College! It's a world! One should make use of its peculiar advantages to the utmost! This little world makes one a bigger man, and the big world outside is cluttered up with too many little men. It needs big men — men who can see vital problems from all their angles and not through the knothole of a single, narrow viewpoint.

BUSES WILL TAKE STUDENTS TO GAME

Fleet to Leave for Manhattan Game at 9 A. M. on Saturday

ROUND TRIP FARE $2.50

A special fleet of buses will transport the students of Villanova College to the Manhattan College football gridiron when the two colleges clash in their first football classic, on Saturday, October 28. These facilities were offered by the Greyhound Bus System and accepted by Rev. Bernard M. Alberts, O. S. A., vice-president of the college.

According to the official confirmation of Fr. Albers, it has been arranged that the buses will leave the campus, in back of the dining hall at exactly 9 A. M. The student rooters will arrive in Brooklyn at 12.30 P. M., thus allowing them ample time to have their dinner and go sight-seeing before the game.

After the game the buses will immediately leave for Times Square, 42nd street and Broadway, in the heart of New York City, where the students will disembark until 9 P. M., at which time the busses will leave for Villanova, arriving at the college at approximately 12.30 A. M.

The Villanova College Band will accompany the students on this trip and will make the trip more lively.

Those desiring to make the trip can obtain their round trip tickets from David Murphy, special agent for the Greyhound Bus System at Villanova College, who is located in Room 225, Austin Hall. Tickets will cost $2.50.

FR. DWYER GIVEN FAREWELL DINNER

Former Classmates Organized Get-Together Wednesday in His Honor

LEFT FOR ROME SATURDAY

Rev. Edward M. Dwyer, O. S. A., who sailed for Rome Saturday, attended a dinner given in his honor at the rectory of Our Lady of Consolation Church in Chestnut Hill, last Wednesday, at 6 P. M. The dinner was a get-together on the part of his classmates.

Fr. Dwyer will be remembered for his talk on the present policy of the German Government, which he presented in the college chapel about a week ago.

After receiving his degree of Bachelor of Arts at Villanova College, Fr. Dwyer left this country for Germany where he obtained his Ph. D. degree in 1931 at the University of Wurtsburg, Bavaria. His knowledge of German culture and of German Government makes Fr. Dwyer an authority on German policies.

Those of his classmates who were present included: Rev. Charles Baker, O. S. A., rector of Our Lady of Consolation Church; Rev. Patrick Dundon, O. S. A., assistant to rector; Rev. Charles P. Brown, O. S. A.; Rev. Francis S. Ludwig, O. S. A., Rev. William F. Doyle, O. S. A.; Rev. Edward B. McKee, O. S. A.; Rev. John Vrana, O. S. A.; Rev. Francis S. Dennis, O. S. A.; Rev. John McCall, O. S. A.; Rev. Edward A. Moran, O. S. A.; Rev. William F. Lunney, O. S. A.; and Rev. George De Marco, O. S. A.

Fr. Dwyer expected to remain in this country for some time and establish himself at the college, but he received instruction to go to Rome. He sailed for Italy, last Saturday, on the Bremen. When he arrives in Rome he will be made Sub-Master of Professed of the Augustinian College there.

Dean Goes to Dickinson

Carl T. Humphrey, Dean of the School of Engineering, represented Villanova College at the 150th anniversary of the founding of Dickinson College.

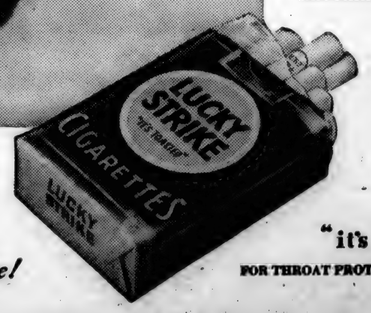
The HEART *of a* LUCKY STRIKE

The finest tobaccos —*only the center leaves*

The very heart of Lucky Strike's fine quality is choice tobaccos—ripened by warm sunshine, rich soils and gentle rains. Right now, up to $100,000,000 worth of fine Turkish and Domestic tobaccos, the Cream of the Crop, are aging and mellowing for the makers of Lucky Strikes. For only a special selection of choice tobaccos is used in making your Luckies so round, so firm and fully packed—free from loose ends. The reason why Luckies are always the same in mildness, smoothness, in delicious taste.



Copyright, 1933, The American Tobacco Company.

ALWAYS *the finest workmanship*
ALWAYS *Luckies please!*

"it's toasted"
FOR THROAT PROTECTION—FOR BETTER TASTE

Sideline Slants

By the Sports Editor

THE freshman football team journeyed to Penn State on Saturday to do battle with the Nittany Cubs. Hoping for victory in their first start of the season, they were keenly disappointed. They were sent home on the short end of a 38 to 7 score. This is probably the worst defeat handed to a freshman team coached by "Doc" Jacobs. The reason is obviously that the team is not up to the usual standard. This is known to everybody, and in fact before the frosh had even started practice this fact was conceded. We have always been proud of our frosh teams and at this time we can remember the squads that we have had in the past. What for instance would the 1932 or '31 team have done to the Nittany eleven. Maybe they would not have won, but still we firmly believe that they would not have returned home with the verdict so strongly against them. We are not trying to convey the impression that it is the team's fault or the fault of the coach. The spirit which the team itself and the coach are going about their jobs is extremely gratifying. They deserve all the credit that we can give them, and we must reconcile ourselves to the fact that those undefeated freshmen teams are no more, at least for the 1933 season.

VILLANOVA'S Lightweights are due to begin their season next Friday. Their first opposition comes from Manhattan, over whom the 150's hold one verdict in the only game that these two institutions have played. The coaching staff has been entirely changed as has that of the Junior Varsity. Lenzi and Wronski have assumed the reins and are doing a wonderful job. Without the least hesitation we indorse the job that they have done, and having seen the Manhattan Lightweights that came down here last year, we predict a win.

ON the other hand, while the course has been running smoothly for the two coaches of the 150's, Frank Skaff and Ben Geraghty, the mentors of the Junior Varsity combination, have been having their troubles. The other afternoon there was not enough men out for practice to form two teams. Afternoon classes for the pre-meds and engineers have held back the progress of the J. V.'s. Don't get the impression that we are in favor of calling off all afternoon classes because they interfere with the progress of the minor football teams. This is merely one of the reasons why the coaches are having trouble with the squad. Frank however, is sticking to his guns and the team at least will be the equal of the one produced last year.

THE Intra-mural program is progressing fine up to this point with one exception. That exception is the Dayhops. Last year the train and trolley boys were included in the interdorm League as a favor to them, at their own request. Now they are in the league, or rather the new league. The old one included only the halls on the campus and because a body of them made a request they were included. Their spirit so far this year is terrible. Time after time they have had to be literally dragged out of the Pie Shoppe to take part in the games. It is not fair to the other teams in the league, because after they have taken the time to get dressed and come out on the field it is annoying to have the game called off. There is a movement to organize the Dayhops and it has progressed rather well so far under the direction of Fr. McKee, inasmuch as a board has been elected to direct the destinies of the group. Now when the team is playing, and they are in need of substitutes, where is the so-called board?

Why have they the right, after being elected, to lose interest in the actual purpose for which the club is organized, namely to participate in the league? Is it not their duty to assemble the team, select a coach and name a starting lineup? Obviously the purpose for which the Dayhops have been organized has failed. It is a question now, as to how long they will remain in the league. The work of Fr. McKee and the few

'CATS TROUNCE G'BURG, 40-0

Villanova Downs Bullets as Weisenbaugh Is Star

Wildcats Run Wild and Gain 401 Yards While Gettysburg Garners Only Five; Nowe Stars on Line

WALSH RUNS 25 YARDS TO SCORE

BULLETS HELD no terror for the fighting Wildcats last Saturday as Coach Harry Stuhldreher's minions ran roughshod over Gettysburg by the score of 40 to 0. Behind perfect interference and blocking the Villanova backs had little trouble racing for long gains, and succeeded in pushing over six touchdowns.

Joe Weisenbaugh was the high scorer of the day, accounting for three of the tallies, and the total was swelled by the contributions of Captain "Whitey" Randour, Harry Patzsch and Jimmy Walsh. Two of the extra points were also added by Randour and one each by Barney Lee and Charley McGee.

From the outset the Villanova eleven was never halted. Immediately after the opening kick-off they advanced the ball almost at will and were only stopped when Howard, Gettysburg left halfback, intercepted a pass which put the ball in the possession of the visitors. The ball, however, came right back to the 'Cats when the Bullets kicked on first down, and it was returned to Villanova's own 39-yard line by Randour. Two line bucks by Patzsch and Cook netted first down. A pass, Randour to O'Donnell, netted six yards. On the next play, Patzsch succeeded in advancing the ball to Gettysburg's 33. Two more plays, with Patzsch again carrying the ball, gave the 'Cats their first tally of the afternoon. Randour kicked the extra point. Score, Villanova, 7; Gettysburg, 0.

A few plays after the next kick-off, Patzsch, playing "heads up" football, intercepted Howard's pass on the Bullets' 5-yard line and on the next play advanced the ball to the 24. Wetzler, who had replaced Carroll Cook at halfback, cut around end for 16 yards to bring the ball to the eight-yard line. Randour scored the second touchdown on the next play when he ran through a big hole opened by Zizak and crossed the line. His attempt for the extra point went wide. Score: Villanova, 13; Gettysburg, 0.

At the beginning of the second period Lee, Weisenbaugh, Hurlburt, Walsh and Korchinski entered the game. Grimberg recovered Korchinski's kick after Gaverich, Gettysburg's quarterback had fumbled the ball. Line bucks by Wetzler and Weisenbaugh netted first down. On the next play Weisenbaugh ran 17 yards for his first touchdown of the afternoon. Barney Lee stepped back and kicked a perfect placement through the bars to swell the Villanova total to 20 points.

After an exchange of punts Villanova got the ball in midfield. On three plays Weisenbaugh advanced the ball 39 yards and then Jimmy Walsh on a long run around end scored a touchdown, the Wildcat's fourth of the afternoon. Walsh missed the try for point. Score: Villanova, 26; Gettysburg, 0.

Three Gettysburg passes failed to click, and they punted to Villanova's 37-yard line. Walsh on another end run gained 25 yards as the half ended.

The third period opened with Randour running back the kick-off from the 'Cats 22-yard line to their

Villanova's Bid for All-American Honors

Captain "Whitey" Randour, whose sensational playing has greatly aided the past performances of the Blue and White eleven.

Wildcats Meet Manhattan In New York on Saturday

Gothamites Prepare to Give Villanova Hard Fight

IS FIRST MEETING

Ebbets Field, Brooklyn, will be the scene of the first meeting between Villanova and Manhattan on Saturday. The won and lost columns of the two teams to date show that they each have two wins, one tie, and one game in the red.

Manhattan opened the season Saturday, September 23, by turning back St. Bonaventure, 6 to 0. The Jaspers held the Saints scoreless by fine defensive play, and then secured their six points by an aerial, Larry Spellman to Pat McCarthy. McCarthy on this play plucked the ball from the air and crossed the goal-line from the loser's three-yard line. Against Clarkson Tech, on the following Saturday, September 30, Manhattan again had a tight squeeze, winning 13 to 6. This time the individual efforts of Captain Bill Pendergast had a lot to do with his team's victory. Pendergast played the entire game, scoring all the points. In the third game, Saturday, October 7, Manhattan lost to Ogiethorpe, 6 to 0. The Southerners showed a deceptive attack to give the New Yorkers their first defeat of the year. Heroic defensive play by Pendergast, Red Welch and Ed Bakanaskie prevented a rout. One week later, Saturday, October 14, the boys from 42d street met Georgetown on Ebbets Field, the final score showing 20 to 20. This game had both teams resorting to wild and woolly methods of gaining ground. Spellman, the star of the St. Bonaventure game, substituting for Pendergast as quarterback, kept his team in the money by his individual efforts in kicking and passing.

C. Whelan, center; J. Buckley, right tackle; Pat McCarthy, right end; Pendergast, quarter, and Red Welch and Ed Bakanaskie, backs, should supply plenty of opposition, if their efforts in the past four games are any indication of what they will do on Saturday.

REITZ IS COACH

Former Three Letter Man Here Receives Coaching Job

Emil "Lefty" Reitz, a member of the class of 1933, was appointed the line coach at the University of Baltimore, it was learned last night.

While at Villanova, "Lefty" established quite an athletic reputation for himself, being active in three sports. In the fall he was the head coach of the lightweight team, and in the winter he was a regular forward on the basketball team. In the spring he changed his interest to the baseball team, of which he was captain. He earned for himself the reputation of being one of the foremost three-letter men ever to attend Villanova.

Our Predictions— How Good Are They?

Last week our average slipped a little and your predictor only hit seven out of eleven. The total is now 24 wins out of a possible 31.

The first mentioned teams should win.

Princeton vs. Washington and Lee
Army vs. Yale
Colgate vs. Lafayette.
Carnegie Tech. vs. W and J
Columbia vs. Penn State
Holy Cross vs. Brown
Georgia Tech. vs. N. Carolina
Iowa vs. Minnesota
Georgia vs. N. Y. U.
LaSalle vs. W. Chester

150-POUND PLAYERS AWAIT MANHATTAN

Ramblers Will Meet Some of Best Lightweight College Squads

GOOD SEASON IS EXPECTED

With only two practice sessions left before they depart for New York, Coaches Lenzi and Wronski, 150-pound team mentors, are driving their charges hard in order to polish them up for their meeting with the lightweights of Manhattan College this Friday.

Competition for regular berths in all positions is still so keen that no announcement of a starting lineup can be made and the players themselves will not know who is starting until just before the game.

The scrimmages held so far have proved to the coaches that all the players are determined to make the most successful season in the history of Villanova's lightweight teams.

Stan Wronski whose task it is to drill the linemen in the rudiments of the game, said when interviewed, "I have three complete lines any one of which could be the starting line. Although all the boys are not experts in their positions, they have the fight that is necessary to make a good football team. The seven boys who work the best together with the backs will start, but as soon as there is a letdown we have plenty of reserve material to fill in."

"Red" Lenzi, the backfield tutor, was also puzzled as to just who would start. He said, "we have a lot of good lads trying for backfield jobs. If the kids fight as hard against Manhattan as they do against each other out there on the field, the Villanova team will give a good account of itself. I don't say that we will win, but they won't be able to say that we didn't try."

After the Manhattan game the Ramblers meet Yale at New Haven, Lafayette at Easton, Pennsylvania at home and Rutgers at New Brunswick.

Bowling Tourney Cancelled

Due to lack of interest, the bowling tournament that was scheduled for the future has been cancelled. In previous years a large intrerest had been taken in this sport and a few would like to see this interest revived.

Mendel Noses Out Fedigan in Intra-Murals

Dayhops Routed by Austin In Worst Defeat of Year

Fedigan Hall Team Shows Much Improvement in Game With Mendel Hall Played Last Friday Afternoon

AUSTIN IS AHEAD

Clavin Scores Three Touchdowns to Aid Austin

On Friday afternoon, a revamped Fedigan Hall team gave the strong Mendel Hall combine a scare. But the "Frosh" finally came through with a 6-0 victory. This game produced the most action of any game so far played, in the two weeks of competition.

The game opened with Fedigan kicking off, and after Schoppmeyer ran the ball back twenty yards, it rapidly developed into an exciting orgy of laterals, reverses, and hidden ball plays. The break finally came about half way through the second quarter, when Schoppmeyer tossed a long pass to Joe Coll who outdistanced Ed Leahy, Fedigan safety man, and ran about forty yards to cross the goal line for the only score of the struggle.

In the second half, the ultimate losers made desperate attempts to score, but the majority of their passes were knocked down by the vigilant Mendel backs, among whom Ray Murphy starred with his fine punts which kept the frantic upperclassmen at bay.

Aside from the game itself, it was gratifying to the sponsors to note that the turnout of Fedigan far exceeded their previous number.

In the first game of the week, played Wednesday afternoon, Austin Hall trampled all over the Day Hops' combine to the tune of 48-0.

Austin scored shortly after the opening kick-off, and after that, it was a complete rout. Mike Clavin scored four touchdowns all on long passes, while "Sonny" Connor ran sixty yards after intercepting one of the stray passes of the "Train and the Trolley Boys." The other scores were made by Murphy, Willis, and Meyers, all on line plays and end runs.

The Alumni Hall vs. Austin Hall game, played Sunday morning on the latter's field, was won by Austin 8-2, but was completed under protest. The Intra-mural Committee will act on this matter during this coming week.

INTRA-MURAL GAMES

THIS WEEK'S RESULTS

October 29:
Alumni vs. Austin.
Fedigan vs. Mendel.

PENN STATE FROSH SWAMP VILLANOVA

McFadden Scores Lone Tally as Kittens Lose, 38 to 7

FIRST CONTEST FOR CUBS

As endless stream of replacements wore down a fighting Villanova Frosh team when Penn State defeated the Wildcat Cubs by a 38 to 7 score at State College last Saturday.

The lone Villanova tally came late in the first half when Cy McFadden, former West Catholic star, dashed from midfield for a touchdown. Cy then place-kicked the extra point.

With the first half nearly over, the Villanova yearlings held the Center County Frosh, and forced a hurried punt from the State tenyard stripe. Manno, the Villanova safety man, received the ball and advanced it ten yards to midfield. Successive line plunges by Hennessey and Barnes netted five yards. Headed by brilliant interference, McFadden started off right tackle, dodging, eluding tacklers, and with but two State men in front of him, dashed down the sidelines. Genovese, a tackle, and Fox, the acting Captain, were running interference. They piled into the State secondary, and Cy, pursued vainly by the State safety man, flashed across for the six-pointer.

State's first score was the result of a determined march down the field, Robbins, State fullback, plunged over for the opening score of the game. State's succeeding points, made by Rhoda, Girton Hess, Edgar, and Elstrom, were from a variety of line plunges and passes.

The teams were evenly matched in the first half, but the ever-increasing influx of replacements exhausted the game Cubs. The new players rapidly tired the Main Liners.

In the last few minutes of the fourth quarter, Cy McFadden, while running down the sidelines, was tackled violently by two State men and forced out of bounds. His head struck the players' bench with stunning force, knocking him unconscious. After being carried off the field, he did not regain his senses for some time afterwards. Hennesey, the starting fullback, replaced at half.

The game was a preliminary to the Penn State-Lehigh game and was viewed by about twelve thousand.

The lineup:

Villanova Frosh		State Frosh
Fox	left end	Smith
McAuliffe	left tackle	Schuyler
Kane	left guard	Levinson
Geraghty	center	Murray
Morin	right guard	Battaglia
Genovese	right tackle	Barth
Downey	right end	Sunday
Manno	quarterback	Girton
McFadden	left halfback	Rhoda
Barnes	right halfback	Hess
Hennessey	fullback	Robbins

Touchdowns — Penn State: Robbins, Rhoda, Girton, Hess, Edgar, Elstrom. Villanova: McFadden. Points after touchdowns — State: Ritzie; (Pass) Girton to Ritzie. Villanova: McFadden. Substitutions—

JAYVEE POSITIONS YET TO BE FILLED

Team to Meet University of Pennsylvania November 3

With a little more than two weeks of practice behind them, the Villanova junior varsity football team is rounding into shape. Coach Frank Skaff does not expect his team to go through an undefeated season, but he does expect his proteges to give a good account of themselves.

The number of candidates which has reported for the J. V.'s has been surprisingly small and Coach Skaff is working hard to get the players accustomed to their various positions. No player, however, has as yet clinched his job. All eleven positions are still unfilled.

Up until this time the practice sessions have been light. No actual scrimmages have taken place and the "regulars" will not be picked until all the candidates have been observed under fire.

There is no doubt that the spirit of the team is high and if the season is a success it will be because the men have shown plenty of fight both in practice and in the games.

The opening contest will be played in Philadelphia on November 3, when the Blue and White meets the junior varsity eleven of the University of Pennsylvania. The Villanova team is out to avenge the defeat which they were given last year by this aggregation.

Villanova's Future Opponents Show Form With 3 Victories and 1 Defeat

With about six weeks of the football season left to play, Villanova's prospects of maintaining her precarious perch near the top of the list are none too bright. To date the Wildcats have won three, lost one, and tied one.

Manhattan, that scrapping Green tide from New York, started very poorly against Brooklyn College Saturday, but finally gained momentum and rolled up a score of 28-0. The Wildcats will have to sharpen their claws to overcome the wearers of the Green, Saturday.

Villanova journeys to Reading the following week to engage Albright. Suffering two defeats in as many starts, the Albright hopes will not be raised any higher when game-time approaches with Villanova.

Boston College will furnish the Wildcats their next opposition. With three victories and one defeat they present themselves as formidable foes for the Wildcats. Their victories were at the expense of St. Anselms, Loyola of Baltimore, and Centre College. Their lone defeat was suffered at the hands of their traditional rival, Fordham.

With three victories and one defeat the Wildcats' greatest rival, Temple, will attempt to increase their string of victories to four when they meet Villanova November 25. Their one defeat was suffered at the hands of the powerful Carnegie Tech combine. Temple sports victories over South Carolina, the Haskell Indians and West Virginia.

Winding up the season the Wildcats meet Rutgers. The boys from New Brunswick gained two consecutive victories, one over F. and M., the other over Providence College. The fact that they were defeated by the Red Raiders from Colgate does not detract any of their glory. Colgate possesses one of the strongest teams in the East, having finished an undefeated and unscored upon season in 1932. Saturday Rutgers conquered P. M. C. by the score of 10-0.

Committee Appointed

The following are the appointments made by John J. Hughes, chairman of the committee on intra-mural sports, of the representatives participating in intra-mural sports. These appointments are made on the recommendation of the rectors of the dormitories and the day students. Alumni Hall, Gene Hartnett, '34; Austin Hall, Michael Clavin, '35; Day Students, William Boyle, '34; Fedigan Hall, William Hamel, '34; Mendel Hall, John Chappie, '37.

'CATS' MEOW

THE CATS evened up the series Saturday with the Bullets in quite a decisive fashion. In fact it ought to count as two games.

—V—

Little known are the ways of great men. Even a varsity football player is going to move his trunk to a hospital. Incidentally, he comes from the Far West, in fact from Montana.

—V—

Charles Cox, he of the great right hand, almost killed a few players on Saturday, when he swung that plastered bludgeon around they all ducked.

—V—

The only thing that we missed on Saturday was the Flit man from Bucknell. But Gettysburg was too far gone to do any good.

—V—

About 25 kids made a wreck of the Bullets' cheering section during the game. Every time that the cheer leader would call for a cheer the kids would holler, yell and scream at him, thereby disturbing the gentleman very muchly. It is now noised around that they were Lenzi's so-called "kids."

—V—

The two varsity ends have quite a following, as was seen after the game. How they do it we don't know, but when you are so handsome they can't resist you — or somethin'.

—V—

Coast-to-Coast Marcouse and Tower Keeley are planning to see the Manhattan game for $1.00. Angeline Grow is financing the trip.

—V—

At a pep rally at Penn State a speaker told the assembled throng that the visiting frosh team (Villanova) was one of the best frosh teams in the East, undefeated, and so on and so forth.

—V—

That airplane at the varsity game between State and Lehigh had the spectators on edge. Twice it circled over the field and the motor apparently went dead. That shows that athletics does not pay. The people were more interested in the airplane than they were in the football game.

—V—

Deep Sea Don is in love.

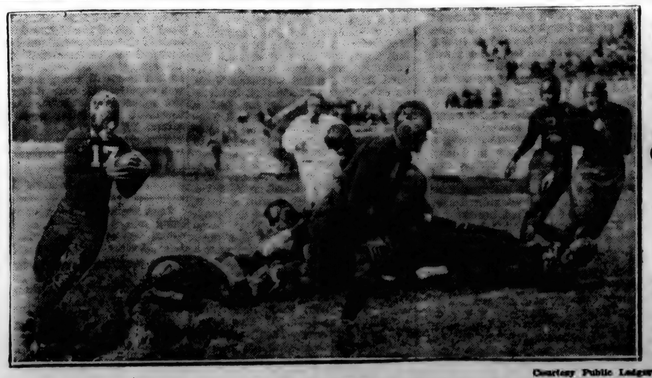
Sideline Slants

By The Sports Editor

Continued From Page Five

who are interested in the welfare of the Dayhops will have gone for naught. Sentiment is running strong against the members of the committees for their apparent lack of interest in these sports. As things are going now, the same situation will arise this winter as occurred last. They will have trouble in assembling five men to form a basketball team. If their spirit does not improve in short order, they will find themselves on the outside of the league looking in.

Patzsch Off on One of His Frequent Gains Against Gettysburg



Courtesy Public Ledger

The flashy Villanova fullback is shown above as he skirted the end last Saturday afternoon for a gain of 23 yards. Toby Cavanaugh is acting as interference.

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

Roses in Jeopardy

The telephone bell rang in the fire station office. The fireman on duty picked up the receiver.

"Is that the fire station?" asked a timid voice.

"Yes'm, that's right," replied the fireman eagerly.

"Well," continued the voice, "I have just had a new rock garden built and I've put in some new plants . . ."

"Where's the fire?" asked the fireman.

"Some of these new plants are very expensive and . . ."

"Look here," said the fireman at last "you want the flower shop."

"No, I don't," said the voice. "I was coming to that in a minute. My neighbor's house is on fire and I don't want you clumsy firemen walking over my garden when you come here."

A Reporter Before St. Peter

I see a man strut through a jam in the hall,
Take a seat 'mid the speakers and chat with them all.
"Is this Hoover," I ask, "that the crowd he defies?"
"No," says some one, "He's one of the newspaper guys."
And some days I'll walk by the great streets of gold
And see a man enter, unquestioned and bold.
"A Saint?" I'll inquire, and old Peter'll reply:
"Well, I should say not. He's a newspaper guy."

N. Y. T.

Kindness During Life

I would rather have one little rose
From the garden of a friend,
Than to have the choicest flowers
When my stay on earth must end.

I would rather have one pleasant word
In kindness said to me,
Than flattery when my heart is still
And life has ceased to be.

I would rather have a loving smile
From friends I know are true,
Than tears shed round my casket
When this world I've bid adieu.

Bring me all your flowers today—
Whether pink or white or red;
I'd rather have one blossom now
Than a truckload when I'm dead.

D. McC.

My love is like a butterfly,
She flits hither and yon;
The only thing I say for her,
She doesn't give a darn.

CASANOVA.

* * *

Welcome Frosh

Welcome Frosh to our doors
Come on in (and do the chores).
What did you come here for?
You're nothing but a campus eyesore,
With your silly little caps
Looking like a bunch of naps!
High school kids! A bunch of brats!
What you need is a kick in the slats!
Of each darn one we must make a man;
That is, of course, if we can.
As is the custom at Alma Mater,
We won't kill you tho' we "oughter"!
For you're just a bunch of rats,
And we're da guys what are da cats!

MUSE.

* * *

Native Ingenuity

"Are you a native of this place?" asked a traveler in Indiana of a colored resident.

"Am I what?" asked the other, puzzled.

"I say, are you a native here?"

While the man was still hesitating over his answer, his wife came to the door.

"Ain't you got no sense, Sambo?" she exclaimed. "The gen'lman means was yo' livin' heah before yo' was born, or was yo' born before yo' began livin' heah. Now answer the gen'lman."

SMILER.

FIELD DAY PLANNED FOR FROSH-SOPHS

Freshmen Have Opportunity to Curtail Wearing of "Regs"

TO SELECT OWN CONTESTS

The Villanova frosh at last are going to have their chance at getting back at the sophomores for any humility they may have had to suffer at the hands of the second year men. The first annual Soph-Frosh Field Day is to be held in the Villanova stadium and in various parts of the campus on November 1.

This new plan has been introduced to give the yearlings their opportunity to overcome the sophs, and if they should succeed, their reward will be the removal of "regs" on Armistice Day, November 11. If the sophomores should win, the "regs" will be required until after the last football game, which takes place December 2.

A series of contests will be held. These contests have not been chosen, but are to be left to the discretion of the students themselves. The freshmen and sophomores are requested to give their selection of contests to the editor-in-chief of the VILLANOVAN, Raymond Harter, or the sports editors, Harold Keating or Lou Marechal, before next Friday.

The Field Day is not to be a track meet or a football game. Contests such as a greased pole fight or a flag rush or tug of war or similar events are to be suggested. A point system will be devised by Coaches Harry A. Stuhldreher, Robert Regan and George Jacobs in whose hands the actual running of the affair has been placed.

For all accepted suggestions by the members of the two underclasses their class will be credited with points which will go toward deciding the winner of the Field Day.

The suggestions should contain a brief outline of the contest, if it is one of the better known events just the name is all that will be required. The name of the student and his class must also be on the paper so that the class may get credit for the suggestion.

The contest is not compulsory but all the members of both classes should take part in order to aid their class in victory. The Junior and Senior classmen are cordially invited to attend, but they may not participate or in any way aid either the freshmen or the sophs.

The last date on which suggestions will be received is this Friday, October 27. Complete details will be announced and a schedule of events will appear in the next issue of the VILLANOVAN.

COLLEGE ENROLLMENT SHOWS SLIGHT DECLINE

Total Registration Including the Summer, Extension and Evening Schools Amounts to 1822

According to figures released by the administration at the close of the registration period, the total enrollment for the college, including the summer, extension and evening schools amounts to 1822 students.

Of the four schools on the campus, the Commerce and Finance School again leads the rest with a total of 219 students. The Science School again holds its place with 206 students, and the School of Technology lists third with 160, while the Arts School is last with 150 students to its credit. This brings the registration in the four schools to 735. Of this total 440 are resident students, and 295 are day students.

Comparing these figures with those given last year, the following tabulations are made. The Business School suffered the largest decline, its number falling 63 below that of last year. The next school to suffer from the decline was the Science School, where there are 45 less than last year. The Arts men lost 43 in their enrollment and are third in the rate of decline. The School of Technology suffered the least from the decline, losing only 21 men.

THIRTY-FIVE CENTS
Isn't Much!

MOST college allowances go only so far. But even at that you can probably spare 35 cents once a week.

It isn't much—35 cents—hardly the price of a movie or hair cut. Yet for 35 cents, if you know the ropes, you can telephone as far as 100 miles.

That probably means you can telephone home! Can 35 cents buy more pleasure than that? You can pick up a budget of family news . . . talk over your problems . . . share your interests. There's nothing like a "voice visit" with the folks back home to brighten your whole week—and theirs.

* * *

TO TAKE ADVANTAGE
of the **LOW NIGHT RATES...**

Call after 8:30 P.M., and be sure to make a Station to Station call.

That means, ask the Operator for your home telephone, but not for any specific person.

If you've fixed a date in advance, the family will be sure to be there.

35 cents at night will pay for a 3-minute Station to Station call to anywhere within 100 miles.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

Mendel Noses Out Fedigan in Intra-Murals

Dayhops Routed by Austin In Worst Defeat of Year

Fedigan Hall Team Shows Much Improvement in Game With Mendel Hall Played Last Friday Afternoon

AUSTIN IS AHEAD

Clavin Scores Three Touchdowns to Aid Austin

On Friday afternoon, a revamped Fedigan Hall team gave the strong Mendel Hall combine a scare. But the "Frosh" finally came through with a 6-0 victory. This game produced the most action of any game so far played, in the two weeks of competition.

The game opened with Fedigan kicking off, and after Schoppmeyer ran the ball back twenty yards, it rapidly developed into an exciting orgy of laterals, reverses, and hidden ball plays. The break finally came about half way through the second quarter, when Schoppmeyer tossed a long pass to Joe Coll who outdistanced Ed Leahy, Fedigan safety man, and ran about forty yards to cross the goal line for the only score of the struggle.

In the second half, the ultimate losers made desperate attempts to score, but the majority of their passes were knocked down by the vigilant Mendel backs, among whom Ray Murphy starred with his fine punts which kept the frantic upperclassmen at bay.

Aside from the game itself, it was gratifying to the sponsors to note that the turnout of Fedigan far exceeded their previous number.

In the first game of the week, played Wednesday afternoon, Austin Hall trampled all over the Day Hops' combine to the tune of 48-0.

Austin scored shortly after the opening kick-off, and after that, it was a complete rout. Mike Clavin scored four touchdowns all on long passes, while "Sonny" Connor ran sixty yards after intercepting one of the stray passes of the "Train and the Trolley Boys." The other scores were made by Murphy, Willis, and Meyers, all on line plays and end runs.

The Alumni Hall vs. Austin Hall game, played Sunday morning on the latter's field, was won by Austin 8-2, but was completed under protest. The Intra-mural Committee will act on this matter during this coming week.

PENN STATE FROSH SWAMP VILLANOVA

McFadden Scores Lone Tally as Kittens Lose, 38 to 7

FIRST CONTEST FOR CUBS

An endless stream of replacements wore down a fighting Villanova Frosh team when Penn State defeated the Wildcat Cubs by a 38 to 7 score at State College last Saturday.

The lone Villanova tally came late in the first half when Cy McFadden, former West Catholic star, dashed from midfield for a touchdown. Cy then place-kicked the extra point.

With the first half nearly over, the Villanova yearlings held the Center County Frosh, and forced a hurried punt from the State ten-yard stripe. Manno, the Villanova safety man, received the ball and advanced it ten yards to midfield. Successive line plunges by Hennessey and Barnes netted five yards. Headed by brilliant interference, McFadden started off right tackle, dodging, eluding tacklers, and with but two State men in front of him, dashed down the sidelines. Genovese, a tackle, and Fox, the acting Captain, were running interference. They piled into the State secondary, and Cy, pursued vainly by the State safety man, flashed across for the six-pointer.

State's first score was the result of a determined march down the field, Robbins, State fullback, plunged over for the opening score of the game. State's succeeding points, made by Rhoda, Girton Hess, Edgar, and Ellstrom, were from a variety of line plunges and passes.

The teams were evenly matched in the first half, but the ever-increasing influx of replacements exhausted the game Cubs. The new players rapidly tired the Main Liners.

In the last few minutes of the fourth quarter, Cy McFadden, while running down the sidelines, was tackled violently by two State men and forced out of bounds. His head struck the players' bench with stunning force, knocking him unconscious. After being carried off the field, he did not regain his senses for some time afterwards. Hennesey, the starting fullback, replaced at half.

The game was a preliminary to the Penn State-Lehigh game and was viewed by about twelve thousand.

The lineup:

Villanova Frosh		State Frosh
Fox	left end	Smith
McAuliffe	left tackle	Schuyler
Kane	left guard	Levinson
Geraghty	center	Murray
Morin	right guard	Battaglia
Genovese	right tackle	Barth
Downey	right end	Sunday
Manno	quarterback	Girton
McFadden	left halfback	Rhoda
Barnes	right halfback	Hess
Hennessey	fullback	Robbins

Touchdowns — Penn State: Robbins, Rhoda, Girton, Hess, Edgar, Ellstrom. Villanova: McFadden. Points after touchdowns — State: Ritzie; (Pass) Girton to Ritzie. Villanova: McFadden. Substitutions—

JAYVEE POSITIONS YET TO BE FILLED

Team to Meet University of Pennsylvania November 3

With a little more than two weeks of practice behind them, the Villanova junior varsity football team is rounding into shape. Coach Frank Skaff does not expect his team to go through an undefeated season, but he does expect his proteges to give a good account of themselves.

The number of candidates which has reported for the J. V.'s has been surprisingly small and Coach Skaff is working hard to get the players acclimated to their various positions. No player, however, has as yet clinched his job. All eleven positions are still unfilled.

Up until this time the practice sessions have been light. No actual scrimmages have taken place and the "regulars" will not be picked until all the candidates have been observed under fire.

There is no doubt that the spirit of the team is high and if the season is a success it will be because the men have shown plenty of fight both in practice and in the games.

The opening contest will be played in Philadelphia on November 3, when the Blue and White meets the junior varsity eleven of the University of Pennsylvania. The Villanova team is out to avenge the defeat which they were given last year by this aggregation.

Villanova's Future Opponents Show Form With 3 Victories and 1 Defeat

With about six weeks of the football season left to play, Villanova's prospects of maintaining her precarious perch near the top of the list are none too bright. To date the Wildcats have won three, lost one, and tied one.

Manhattan, that scrapping Green tide from New York, started very poorly against Brooklyn College Saturday, but finally gained momentum and rolled up a score of 28-0. The Wildcats will have to sharpen their claws to overcome the wearers of the Green, Saturday.

Villanova journeys to Reading the following week to engage Albright. Suffering two defeats in as many starts, the Albright hopes will not be raised any higher when game-time approaches with Villanova.

Boston College will furnish the Wildcats their next opposition. With three victories and one defeat they present themselves as formidable foes for the Wildcats. Their victories were at the expense of St. Anselms, Loyola of Baltimore, and Centre College. Their lone defeat was suffered at the hands of their traditional rival, Fordham.

With three victories and one defeat the Wildcats' greatest rival, Temple, will attempt to increase their string of victories to four when they meet Villanova November 25. Their one defeat was suffered at the hands of the powerful Carnegie Tech combine. Temple sports victories over South Carolina, the Haskell Indians and West Virginia.

Winding up the season the Wildcats meet Rutgers. The boys from New Brunswick gained two consecutive victories, one over F. and M., the other over Providence College. The fact that they were defeated by the Red Raiders from Colgate does not detract any of their glory. Colgate possesses one of the strongest teams in the East, having finished an undefeated and unscored upon season in 1932. Saturday Rutgers conquered P. M. C. by the score of 10-0.

Committee Appointed

The following are the appointments made by John J. Hughes, chairman of the committee on intra-mural sports, of the representatives participating in intra-mural sports. These appointments are made on the recommendation of the rectors of the dormitories and the day students. Alumni Hall, Gene Hartnett, '31; Austin Hall, Michael Clavin, '35; Day Students, William Boyle, '34; Fedigan Hall, William Hamel, '34; Mendel Hall, John Chapple, '37.

Penn State: Elstrom for Kitcham, Howard for Rhoda, Yorke for Radcliffe, Dilka for Hess, Edgar for Dilka, Ritzie for Smith, Salisbury for Barth, Klock for Levinson, Kernickie for Robbins, Celendolo for Murray, Bennis for Bataglia, Girton for Kitcham, Cromwell for Schuyler, Kirkendall for Hess, Morin for Sunday, O'Dowd for Levinson, Clifford for Girton, Edgar for Hess, Terry for Sunday, Radcliffe for Schuyler, Eisman for Murray, White for Ditka. Villanova: Cilibuskus for Barnes, Stead for Kane, O'Hara for Downey, Stahlnecker for Genovese, Hennessey for McFadden.

'CATS' MEOW

THE CATS evened up the series Saturday with the Bullets in quite a decisive fashion. In fact it ought to count as two games.

—V—

Little known are the ways of great men. Even a varsity football player is going to move his trunk to a hospital. Incidentally, he comes from the Far West, in fact from Montana.

—V—

Charles Cox, he of the great right hand, almost killed a few players on Saturday, when he swung that plastered bludgeon around they all ducked.

—V—

The only thing that we missed on Saturday was the Flit man from Bucknell. But Gettysburg was too far gone to do any good.

—V—

About 25 kids made a wreck of the Bullets' cheering section during the game. Every time that the cheer leader would call for a cheer the kids would holler, yell and scream at him, thereby disturbing the gentleman very muchly. It is now noised around that they were Lenzi's so-called "kids."

—V—

The two varsity ends have quite a following, as was seen after the game. How they do it we don't know, but when you are so handsome they can't resist you — or somethin'.

—V—

Coast-to-Coast Marcouse and Tower Keeley are planning to see the Manhattan game for $1.00, Angeline Grow is financing the trip.

—V—

At a pep rally at Penn State a speaker told the assembled throng that the visiting frosh team (Villanova) was one of the best frosh teams in the East, undefeated, and so on and so forth.

—V—

That airplane at the varsity game between State and Lehigh had the spectators on edge. Twice it circled over the field and the motor apparently went dead. That shows that athletics does not pay. The people were more interested in the airplane than they were in the football game.

—V—

Deep Sea Don is in love.

Sideline Slants

By The Sports Editor

Continued From Page Five

who are interested in the welfare of the Dayhops will have gone for naught. Sentiment is running strong against the members of the commuters for their apparent lack of interest in these sports. As things are going now, the same situation will arise this winter as occurred last. They will have trouble in assembling five men to form a basketball team. If their spirit does not improve in short order, they will find themselves on the outside of the league looking in.

Patzsch Off on One of His Frequent Gains Against Gettysburg

Courtesy Public Ledger

The flashy Villanova fullback is shown above as he skirted the end last Saturday afternoon for a gain of 23 yards. Toby Cavanaugh is acting as interference.

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

Roses in Jeopardy

The telephone bell rang in the fire station office. The fireman on duty picked up the receiver.

"Is that the fire station?" asked a timid voice.

"Yes'm, that's right," replied the fireman eagerly.

"Well," continued the voice, "I have just had a new rock garden built and I've put in some new plants . . ."

"Where's the fire?" asked the fireman.

"Some of these new plants are very expensive and . . ."

"Look here," said the fireman at last "you want the flower shop."

"No, I don't," said the voice. "I was coming to that in a minute. My neighbor's house is on fire and I don't want you clumsy firemen walking over my garden when you come here."

A Reporter Before St. Peter

I see a mar strut through a jam in the hall,
Take a seat 'mid the speakers and chat with them all.
"Is this Hoover," I ask, "that the crowd he defies?"
"No," says some one. "He's one of the newspaper guys."
And some days I'll walk by the great streets of gold
And see a man enter, unquestioned and bold.
"A Saint?" I'll inquire, and old Peter'li reply:
"Well, I should say not. He's a newspaper guy."

N. Y. T.

She Slipped Up on That

As a liner was approaching the Port of Athens, an old lady on board said to one of the sailors:

"Can you tell me what that white stuff is on the mountains?"

"Snow, madam," replied the sailor.

"That's what I thought," said the old lady, "but one of the passengers has just told me that it is Greece."

* * *

Allen (passionately): "Life to me was a desert until I met you!"

Mamie (coldly): "Is that why you once like a camel?"

* * *

Kindness During Life

I would rather have one little rose
From the garden of a friend,
Than to have the choicest flowers
When my stay on earth must end.

I would rather have one pleasant word
In kindness said to me,
Than flattery when my heart is still
And life has ceased to be.

I would rather have a loving smile
From friends I know are true,
Than tea.rs shed round my casket
When this world I've bid adieu.

Bring me all your flowers today—
Whether pink or white or red;
I'd rather have one blossom now
Than a truckload when I'm dead.

D. McC.

* * *

My love is like a butterfly,
She flits hither and yon;
The only thing I say for her,
She doesn't give a darn.

CASANOVA.

* * *

Welcome Frosh

Welcome Frosh to our doors
Come on in (and do the chores).
What did you come here for?
You're nothing but a campus eyesore,
With your silly little caps
Looking like a bunch of saps!
High school kids! A bunch of brats!
What you need is a kick in the slats!
Of each darn one we must make a man;
That is, o course, if we can.
As is the custom at Alma Mater,
We won't kill you tho' we "oughter"!
For you're just a bunch of rats,
And we're da guys what are da cats!

MUSE.

* * *

Native Ingenuity

"Are you a native of this place?" asked a traveler in Indiana of a colored resident.

"Am I what?" asked the other, puzzled.

"I say, are you a native here?"

While the man was still hesitating over his answer, his wife came to the door.

"Ain't you got no sense, Sambo?" she exclaimed. "The gen'l'man means was yo' livin' heah before yo' was born, or was yo' born before yo' began livin' heah. Now answer the gen'l'man."

SMILER.

FIELD DAY PLANNED FOR FROSH-SOPHS

Freshmen Have Opportunity to Curtail Wearing of "Regs"

TO SELECT OWN CONTESTS

The Villanova frosh at last are going to have their chance at getting back at the sophomores for any humility they may have had to suffer at the hands of the second year men. The first annual Soph-Frosh Field Day is to be held in the Villanova stadium and in various parts of the campus on November 1.

This new plan has been introduced to give the yearlings their opportunity to overcome the sophs, and if they should succeed, their reward will be the removal of "regs" on Armistice Day, November 11. If the sophomores should win, the "regs" will be required until after the last football game, which takes place December 2.

A series of contests will be held. These contests have not been chosen, but are to be left to the discretion of the students themselves. The freshmen and sophomores are requested to give their selection of contests to the editor-in-chief of the VILLANOVAN, Raymond Harter, or the sports editors, Harold Keating or Lou Marechal, before next Friday.

The Field Day is not to be a track meet or a football game. Contests such as a greased pole fight or a flag rush or tug of war or similar events are to be suggested. A point system will be devised by Coaches Harry A. Stuhldreher, Robert Regan and George Jacobs in whose hands the actual running of the affair has been placed.

For all accepted suggestions by the members of the two underclasses their class will be credited with points which will go toward deciding the winner of the Field Day.

The suggestions should contain a brief outline of the contest, if it is one of the better known events just the name is all that will be required. The name of the student and his class must also be on the paper so that the class may get credit for the suggestion.

The contest is not compulsory but all the members of both classes should take part in order to aid their class in victory. The Junior and Senior chassmen are cordially invited to attend, but they may not participate or in any way aid either the freshmen or the sophs.

The last date on which suggestions will be received is this Friday, October 27. Complete details will be announced and a schedule of events will appear in the next issue of the VILLANOVAN.

COLLEGE ENROLLMENT SHOWS SLIGHT DECLINE

Total Registration Including the Summer, Extension and Evening Schools Amounts to 1822

According to figures released by the administration at the close of the registration period, the total enrollment for the college, including the summer, extension and evening schools amounts to 1822 students.

Of the four schools on the campus, the Commerce and Finance School again leads the rest with a total of 219 students. The Science School again holds its place with 206 students, and the School of Technology lists third with 160, while the Arts School is last with 150 students to its credit. This brings the registration in the four schools to 735. Of this total 440 are resident students, and 295 are day students.

Comparing these figures with those given last year, the following tabulations are made. The Business School suffered the largest decline, its number falling 63 below that of last year. The next school to suffer from the decline was the Science School, where there are 48 less than last year. The Arts men lost 43 in their enrollment and are third in the rate of decline. The School of Technology suffered the least from the decline, losing only 21 men.

THIRTY-FIVE CENTS
Isn't Much!

MOST college allowances go only so far. But even at that you can probably spare 35 cents once a week.

It isn't much—35 cents—hardly the price of a movie or hair cut. Yet for 35 cents, if you know the ropes, you can telephone as far as 100 miles.

That probably means you can telephone home! Can 35 cents buy more pleasure than that? You can pick up a budget of family news . . . talk over your problems . . . share your interests. There's nothing like a "voice visit" with the folks back home to brighten your whole week—and theirs.

• • •

TO TAKE ADVANTAGE *of the* **LOW NIGHT RATES...**

Call after 8:30 P.M., and be sure to make a Station to Station call.

That means, ask the Operator for your home telephone, but not for any specific person.

If you've fixed a date in advance, the family will be sure to be there.

35 cents at night will pay for a 3-minute Station to Station call to anywhere within 100 miles.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

CATS DOWN BULLETS IN LAST HOME GAME

Score in Each Period of Game to Defeat Gettysburg Team, 40-0

WALSH ROMPS 25 YARDS

Continued From Page Five

36. Weisenbaugh got three yards through tackle and on the next play Randour ran 34 yards around end. Weisenbaugh carrying the ball on an off-tackle slant ran for a touchdown. Randour added the extra point. Score: Villanova, 33; Gettysburg, 0. For the remainder of the third period both teams fought on a fairly even basis but as this session drew to a close the 'Cats made three first downs in a row with Randour and Patzsch carrying the ball.

At the beginning of the fourth quarter, after three plays, Villan a lost the ball on Gettysburg's 12-yard line when Ott, Gettysburg's back recovered the ball which had gone wild on a lateral pass. Howard immediately kicked out of danger for the visitors but with the ball again in possession of the Blue and White, Patzsch and Weisenbaugh netted first down on two plays. However, the 'Cats were stopped and lost the ball when an attempted place kick went wild. Gettysburg took to the air but this method of attack was soon stopped and they kicked out of bounds on Villanova's 17. Walsh netted 25 yards in two attempts. After Patzsch had gained two more yards, the Bullets' forward wall held and Korchinski kicked to the visitors' 18. Passes again were the order of the day. One was completed for eight yards, two failed and a line buck netted no gain. Villanova again had the ball. Weisenbaugh aided by perfect interference ran around left end for the closing tally of the contest. Charley McGee dropped back and added the extra point. Two plays later the game ended.

Gettysburg had received their defeat in the ten games which have been played between the two schools.

Villanova		Gettysburg
O'Donnell	left end	Kozma
Zizak	left tackle	Messinger
Blanchard	left guard	Nye
Nowe	center	Bogar

lome d'instruction primarie-superieur in Paris.

Her extensive travels around the globe have taken her to the Near East, Far East, North Africa, Europe and America. She has specialized in botany, languages and general sciences.

Miss Kite is a charter member of the Institut-Francais de Washington, and is archivist of the American Historical Society. The most important event of her life occurred in 1906, when she was received into the Catholic Church at St. Mary of the Angels, Notting Hill Gate, London, England.

Dial-Log

Well, the old popularity contest is going right along, and at the time this was written about 150 of the student body had cast their ballots. Nine of the first ten who were mentioned last week are still in the lead but quite a change has taken place in their positions. Guy Lombardo and His Royal Canadians have dropped from first into third, and Glen Gray and Fred Waring and His Pennsylvanians have moved into first and second positions, respectively. Eddie Duchin was the only band to drop out of the first ten. A sudden wave of Don Bestor votes put Bestor into eighth place.

Here are the leaders and their point standings: Glen Gray and the Casa Loma Orchestra, 266 points; Fred Waring and His Pennsylvanians, 245 points; Guy Lombardo, 228 points; Hal Kemp, 152 points; Wayne King, 126 points; Isham Jones, 123 points; Paul Whiteman, 93 points; Don Bestor, 65 points; Ben Bernie, 64 points, and in tenth place is Vincent Lopez with 58 points.

Next Tuesday's VILLANOVAN will announce the final results, and we will list all the bands that have been mentioned. If you are not approached for your ballot, you may vote in either of the offices of this paper or on the paper in the rear of the dining hall.

The fall schedules of the broadcasting networks have been pretty well completed and new programs are not numerous, but there are several which make their debut this week.

Jeannie Lang, Scrappy Lambert and Jack Denny's Orchestra, formerly heard only over WABC, will come over WCAU and the associated stations every Monday, Wednesday and Friday at 6.45 P. M.

Fr. Coughlin began his series of discussions last Sunday over WOR and WCAU and will be heard every Sunday afternoon at 4 o'clock during the winter season.

Although not new, a program that is worthy of mention is the broadcast which can be heard over WJZ every Wednesday entitled "20,000 Years in Sing Sing." It is taken from the famous book by that name written by Warden Lawes. Various episodes of the lives of criminals and convicts are dramatized in a most realistic manner.

George Jessel, famous and popular comedian, began a new series of half-hour broadcasts over CBS last Saturday night at 10.30.

Thursday evening will bring to WPEN listeners and to other stations of the Amalgamated System a series of episodes entitled "101 American Nights." This program presents a throwback of events in American history. The broadcast begins at 9.30 P. M.

As to the dance orchestras again: Reggie Childs from the Roosevelt is doing six broadcasts a week, four via WJZ and two over WOR. . . . Hal Kemp can be heard broadcasting from the Blackhawk over WGN after October 25 when he returns to Chicago from a tour. . . . Clyde McCoy also starts broadcasting from Chicago over the same station. . . . Don Pedro, one of the youngest of the big band leaders, will spend the winter playing in Detroit. . . Art Kassel is still touring the Midwest. . . . Phil Spitalny will be heard shortly from the Parmount in New York. . . Jan Garber has signed a three-year lease to play in the Trianon Ballroom in Chicago. . . . Bernie Cummins, who has been its occupant for quite some time, will still be heard from Chicago stations.

Illustrated Talk Given to Pre-Meds

Continued From Page One

After a certain amount of blood has been received, the machine is then turned to the left, and a saline solution is then injected into the patient. Upon completion of the operation, the mechanism is cleansed with the remainder of the saline solution.

Mr. Drummond also showed a motion picture, taken at the Philadelphia General Hospital, demonstrating the operation of his invention in a blood transfusion case. Two methods of transfusion were illustrated, a normal and a venisection transfusion. The normal method was simply the insertion of a needle into a large vein. In the venisection method, a small vein was raised from the arm and a silk thread was passed underneath it. The vein was slit with a knife and the needle then inserted. To prevent the needle from slipping out of the small vein, the silk thread was tied around the vein thereby squeezing it around the needle.

P. K. P. FRATERNITY TO SPONSOR DANCE AFTER VILLANOVA-TEMPLE ENCOUNTER

Traditional Victory Dance, to Be Given as Usual in the College Gymnasium, November 25, Will Be High Light of Football Season

ORCHESTRA TO BE DECIDED

Function Will Be Known as the Villanova Engineers' Owl Hop

The annual dance of the Phi Kappa Pi, the engineering fraternity of the college, will be held on Saturday evening, November 25, in the gymnasium. The affair will follow the annual football classic between Villanova and Temple University. It will be informal.

Previous to this year, the dance had been known as the Owl Hop, and as such was advertised at the game with Temple. However, due to the fact that Villanova's arch rivals are known as Owls, there was some confusion as to the sponsorship of the affair. Therefore, in order to preserve the traditional name and at the same time be more specific, the dance will henceforth be known as the Villanova Engineers' Owl Hop.

At the first meeting of the engineering fraternity, C. Eric Storms, president, appointed the committee which has charge of the affair and instructed them to make plans for the dance immediately.

The first thing that was taken into consideration was the date for the affair. The committee was offered a choice of two dates, October 20 and November 25. Both dates were discussed, and it was decided that November 25, the night of the Temple game, would be more propitious, since it is traditional that the affair is a victory dance and has always been held on the evening of this big game. Previous to this year, the hop had usually been the first social affair of the season, but that honor went to the Sophomore Frolic this year.

The committee has not as yet decided upon decorations or favors, and the orchestra has not been selected but will be decided upon after the newly-formed Villanovans have been given an audition. Last year's affair was very successful, but the committee promises that this dance will surpass all previous efforts of the fraternity in the way of social activities. The price of admission, which will be very moderate, and the completed plans for the hop will be announced in the near future.

The decorations and favors will not only be unique but will be appropriate to the occasion and also will signify the sponsorship of the dance.

The committee in charge of the affair is composed of Joseph P. Callaghan, chairman; William Devenny, Frank Kraft, Charles McGough, Joseph Kehoe, Richard O'Shea, Charles Thiede, James McBrearity, Lawrence Shevland and John O'Hara.

DANCES TO BE HELD FOLLOWING GAMES

Prominent Orchestras Will Play in Gymnasium After Home Contests

EXTRA COST TO BE SMALL

An interesting announcement was issued last week from the office of the graduate manager, Alexander G. Severance, to the effect that plans are under way for dancing to be held in the college gymnasium following all varsity basketball games played on the home court this year.

In order to make the project self-supporting, Mr. Severance is considering several methods of taxation on those attending the contests so that the cost will not be prohibitive to the members of the student body and their friends. Negotiations are being made with several prominent orchestras to furnish music for the occasions.

Because the members of the student body have tickets admitting them to all home athletic contests, there will be only a small additional charge made for the privilege of dancing for two hours or more on the spacious floor.

Although no definite action has been taken, reports have been issued from the athletic office that the first dance in the series will take place on Saturday evening, December 16. That date marks the official opening of the basketball season on the Villanova campus, when the Wildcat cagers meet the Penn Athletic Club five, of Philadelphia.

ANNUAL STAFF TO MEET

Editor to Give Out Assignments to Members Thursday

John Corkill, newly appointed editor of the Belle Air, Senior class year book, plans to hold the first official meeting of his new staff Thursday of this week in Room 106, Mendel Hall, at 1 P. M. One of the principal reasons for his calling the pariey is to hand out assignments to the staff members.

Already steps are being taken by the new editor to insure the early completion of the annual publication. A representative from the firm to which the photographic contract has been awarded this year was kept busy last week taking pictures of the members of the varsity, 150-pound, and Junior varsity football teams.

APPOINTED TRUSTEE

J. Stanley Smith

SMITH IS ELECTED TO TRUSTEE POST

Directors of College Choose Prominent Alumnus at Recent Meeting

HOLDER OF FIVE DEGREES

At a recent meeting of the board of trustees of Villanova College, J. Stanley Smith, Villanova, '93, was elected to the board to fill a vacancy of several years' standing. Mr. Smith, a well-known lawyer, educator and clubman, is the first alumnus to hold such a position in many years.

Graduating from Villanova in 1893 with a Bachelor of Science degree, Mr. Smith entered the Law School of the University of Pennsylvania, from which he received his degree in 1897. He is the recipient of three other degrees from Villanova, a Master's degree in 1908, Bachelor of Philosophy in 1910, and an honorary Doctor of Law degree in 1911.

After his admittance to the bar, Mr. Smith became associated with his father in the practice of law in Scranton. This terminated at the death of his father, and after a year spent in Scranton he moved to Philadelphia, where he has resided ever since. He is married and is the father of three children.

Mr. Smith has always been active in Villanova alumni affairs. He was a member of the board of governors of the alumni association

ADDITIONS MADE TO STAFF

Nineteen Men Accepted for Various Positions on VILLANOVAN

Nineteen candidates who had been trying for positions on the VILLANOVAN staff were accepted in the various departments of the paper last week.

The circulation staff accounted for the largest group of new additions, one junior and seven freshmen. They are: Joseph Mele, '35; Henry Seibers, '37; Edward Gregory, '37; Edward Kelly, '37; Peter Faso, '37; Charles Betz, '37; John Mullin, '37, and Anthony Differ, '37.

The college staff, with a total of seven new members, was a close second. There is in addition to one junior, John O'Connell, two sophomores, Carmen Giordano and Carl Mayer, and three freshmen, Philip Murray, Francis Shealey and Pio Goggi.

The sports staff was increased by three new men: Frank A. Conway, '34, Francis B. Rogers, '36, and John A. O'Hara, '36; while the business staff gained two new members, Frank Bigley, '35, and Henry Schappert, '35.

Any men who may wish to try out for the VILLANOVAN staff may still do so by calling at the VILLANOVAN office and speaking to the editor.

FROSH-SOPH FIELD DAY WILL BE HELD TOMORROW IN STADIUM AT 9.30 A. M.

First Meeting of Classes Gives Frosh Long Awaited Opportunity to Engage Traditional Rivals in Athletic and Other Field Events

NEW ORGANIZATION CHANGES ITS NAME

Silver Wings Club Becomes Aeronautical Society of Villanova College

START MEMBERSHIP DRIVE

It was decided at the meeting of the Silver Wings Flying Club of Villanova College held last Wednesday, in Room 202, Mendel Hall, to change the title of the club to The Aeronautical Society of Villanova College. The reason advanced for this was that none of the members of the organization would actively participate in the practice of aviation while here at Villanova.

Owing to the fact that the club needs funds, it was agreed by all the members present, that dues of $1 shall be payable immediately, and that in the future, dues of the same amount will be paid each semester.

The total enrollment of the club at the present time is 14. It is for this reason that a membership drive, with a quota set at 75 members, has been inaugurated. The duration of the drive will be from October 26 to December 15, 1933. The committee in charge consists of John W. Hallahan, John J. Fox, and Joseph Dougherty.

It was explained by William F. Hammill, president of the club, that the organization will require the services of an instructor in order to secure an airplane and equipment from the United States Army.

In the future, except for special meetings, the society will meet on the second and fourth Thursday of each month.

CANDIDATES ADMITTED

North Jersey Club Accepts 10 New Members

At a meeting of the North Jersey Club last week, the following men were accepted as members of the organization: James Moss, Newark; Joseph McCabe, Jersey City; Theodore Osbahr, Montclair; Joseph Lyons, Orange; James Migliore, Jersey City; Harry White, Bronx, N. Y.; Ed. Reilly, Hoboken; John Cronin, Newark; John Scalera, Newark; Anthony Zanni, Newark.

Club members will be glad to hear that Joseph FitzHenry, of Bayonne, who was forced to remain out of school during this semester, will return in February to resume his activities in the organization.

VARSITY MEN TO REFEREE

"Regs" May Be Discarded if Freshmen Overcome Sophs in Fray

Plans for the Freshman-Sophomore Field Day have been completed, according to an announcement made by John Hughes, chairman of the committee on intramural athletics.

This new event, which will be held in the stadium, will give the Frosh their long-awaited chance to prove their superiority over the Sophs and also an opportunity to curtail the wearing of "regs." A point system has been planned, and the class earning the greatest number of points will be declared the winner. If the Freshmen win, they may discontinue wearing their "regs" on Armistice Day, November 11. If the Sophs maintain their supremacy they will be able to keep the Frosh in their present humiliating position until December 2.

The first contest of the field day will be at the stadium at 9.30. It will consist of football kicking, including punting for distance, placement kicks and dropkicks. There will also be forward passing for distance. The class winning this event will get 20 points toward its total.

The next event will be held at 10.30. This will be a pushball contest with all the members of both classes making up the teams. Fifteen points has been allotted to the pushball champions.

Greased Pig Contest

At 11 o'clock a greased-pig contest will be held and again the entire number may compete. To the class which captures the porkie, 10 points will be awarded. This event should be of interest to all, and all should be on hand to see the "porkie scram."

Following the pig chasing a horseback fighting contest consisting of ten teams representing each class will demonstrate a Wild West show in miniature at 11.30. The winner of this event will get 15 points. The last event in the morning will be the tug-of-war. It will be held on the practice golf course over by the pond. In this event the winner gets 25 points.

In the afternoon at 2 o'clock the contestants will engage each other in a game of touch football on Mendel Field. Each team will consist of eight men. Twenty-five points will be awarded to the winner.

All the plans for these events have not been completely worked out, and they are subject to revision, but the program, which is finally put into effect will give both sides an equal chance for victory. The

Survey Shows 16-Year-Old Freshman Is Youngest Student Registered Here

A modest, unassuming and verdant freshman, Gerald J. Piserchia, was revealed as being the most youthful student at Villanova College, as the result of a recent survey conducted by the VILLANOVAN Although no precedent was set by Piserchia, who is only 16 years of age, he is considered very young in comparison to the general average of college students.

The yearling, who is pursuing the science course, was born April 8, 1917. He is the son of Mr. and Mrs. Joseph Piserchia, whose residence is 223 McAdoo avenue, Jersey City, N. J. Before entering Villanova College, he attended Lincoln High School in his home city.

Another first-year man, James H. Pickel, a student of the School of Commerce and Finance, who was born February 17, 1917, closely follows Piserchia, while Louis J. Santamaria, a freshman in the School of Science, and Eugene F. McAuliffe, a freshman in the School of Commerce and Finance, were both born in 1917.

The youngest student in the sophomore class is Charles F. Kain, a student in the School of Technology and an aspirant for the 150-pound football team. He was born November 7, 1916. Paul Loughlin, of the School of Commerce and Finance, is the youngest student in the Junior class.

William F. Devenney is the youthful member of the Senior class. He was born March 14, 1915, and is only a few months older than Loughlin, who was born June 24, 1915.

Contemporary American Authors Discussed in Arts Seminar by Zeil

An interesting talk by William F. Zeil was the main feature of the Arts Seminar held last Thursday. The subject revolved around the respective merits of three contemporary American novelists, namely, Sinclair Lewis, Willa Cather and Gertrude Stein.

Before beginning his brief criticism, the speaker pointed out the fact that taste is a personal matter and that his listeners were at liberty to disagree with him.

According to Mr. Zeil, Sinclair Lewis is America's most widely known satirist. While conceding some credit for a not unpleasing style, he feels that this is overshadowed by the author's proneness to exaggeration with a resulting distortion.

The speaker then went on to compare the relative merits of Willa Cather's novels, "Death Comes for the Archbishop" and "Shadows on the Rock" to the detriment of the latter. Mr. Zeil concluded this criticism by saying that the authoress is sufficiently worthy to occupy a position in the ranks of America's novelists. "Gertrude Stein is a rebel," asserted Mr. Zeil. "However," he continued, "we must be cautious in our judgment of contemporary departures from tradition." To substantiate his statement, the speaker offered a striking example in the case of Christopher Marlowe and the attitude of Elizabethan England toward his efforts.

TUESDAY - - - - OCTOBER 31, 1933

LET'S PLAY OUR EQUALS

AFTER WATCHING the smooth-functioning Villanova gridiron machine stem the tide of a rugged Manhattan College eleven in New York last Saturday, members of the respective student bodies and a large number of impartial spectators who witnessed the game were of the opinion that the Wildcat gridmen are destined to rank with the foremost football teams of the country in a short time. We venture to wonder if Villanova has taken the full measure of its advantage to gain greater prestige. When the leading newspapers of the country proclaim the fact that Temple University has gained the services of the famed "Pop" Warner and when just last week the announcement was made that the strong Holy Cross College eleven had been added to the 1934 schedule of the Philadelphia institution, a wave of no little surprise rippled across the Villanova campus. Temple has seen the golden opportunity for greater prominence in these years of financial stress and has decided that the playing of teams of its own caliber is a wise investment. Therefore, we who consider our college, our team, and our coach second to none may take counsel from our rivals, and when the schedule for next year is considered, it should be remembered that with the exception of a few teams, Villanova has not scheduled colleges in its own plane.

IT'S UP TO YOU

APPROXIMATELY a year ago the students on this campus were chagrined by the deprivance of a convenience that was wholly taken for granted on their part. The convenience referred to is that of dormitory telephones. As is the case with many of our modern gifts to comfort, the telephones were not appreciated until their absence emphasized the import of their use. Some students not only made use of the facility offered them but went still further and tried to make a profit in the use of the instruments. The students concerned are well aware that the telephones were removed only because of the maltreatment and abuse inflicted on the apparatus and the loss imposed on the the telephone company. This year another attempt to oblige the unsufferable wail of students is being made. Let it be known beforehand that the telephone company will not tolerate the embezzlement of its wages. If, on one occasion, violence or any method of defraudment is employed by the students, the instruments will be removed without question or chance of reinstallation. The ultimatum has been given. Do you want the telephones or do you not? Your actions are the proof.

YOU OUGHT TO KNOW

HE IS FRIENDLY, cheerful, happy go-lucky, enthusiastic rather than lethargic, never contumelious, always keeping the common touch despite his achievement of the meritorious and praiseworthy, good sport, imaginative, perspicacious, a man of his own convictions who believes what he knows and has his doubts about all that which is not authenticated. For sure, he is honest, game, neither rash nor timid and is, in short, a real man. But, being human, he is not perfect, and his shortcoming is a lack of knowledge of his limitations for which fault he is called "gouger." Most people eat to live, but the true Villanovan lives to eat.

Russ Marcouse was called upon in English literature class to explain why the author of the poem under discussion wrote this of two goldfish: "Two angel forms were seen to glide." His ready answer came: "Because both angels and goldfish glide." The prof then syllogized: "Therefore, angels are goldfish." But Russ, knowing enough of logic to recognize reductio ad absurdum, remained quiet.

An English class discussion on the colon was the cause for Caillette being called upon to read from the text that sentence which most clearly sets forth its uses. The sentence contained the words: "Genesis 1:6" and it was before these words that our friend Caillette hesitated, yea halted. But with the prof's orders to continue he did in this fashion, "Genesis six minutes after one."

This invigorating fall weather is perfect for football. The eyes of the campus are now turned on the proteges of Frank Skaff. They play Penn this Friday afternoon, you know. Frank will make no predictions. He says, "It's not the winning nor the losing that important—rather, the enjoyment that the players derive." No do-or-die spirit there, but the idea of doing because there is so much more fun in the doing than in the not doing. Anyhow, death is so permanent.

We all understand that things which are or the left are known as sinister and that they bode no good. Is it then, because of this knowledge that many Juniors during class meetings glance suspiciously over to their left where sit en masse the dayhop students of the C. and F. school?

Leo Cordiale certainly passes a swell basket. That beaming smile of his won for the Red Cross many potatoes—to put it in the Damon Runyon vernacular. Perhaps they'll let you take up the collections on Sunday, too, Leo. Such fine work shouldn't go unrewarded.

Hugh Gallagher, the greatest thing in the way of feminine appeal to come out of Forty Fort, woefully tells me of a certain deb he has his connoisseur eye on. The cause for all the woe is that the fact that he . . . well, this is the way he puts it: "I could learn to love her in six lessons but can't afford the tuition."

For no particularly good reason we wandered down to Austin Hall last week in search of anything that would be worth reporting. As we entered the door, our ears were assailed by the most fearful and wonderful yodeling it has ever been our misfortune to hear. It was apparent that those who were giving this concert if you could call it such, were past masters at the art. From notes that seemed to have a subterranean origin, the voices rose in a masterful harmony to a high crescendo. After a bit of investigation we discovered that the leader and motivating spirit of the trio was none other than that old Swiss yodeler, Herr Carl Hickey, one-time intercollegiate hop, skip and jump champion.

Did you know that:

Laurels are due the former Villanova student who has fought and won a battle against T. B.? Al Gagliardi is Al Petone's uncle? Art Hare is to be found almost every afternoon 'tween 4 and 5 at the Greek's? A certain college racket that certain students have been working on others is near exposure? Ed Manion has discovered a way of buying golf balls at a fraction of their usual price? Those students who have been parking in the triangle had better move—a clean-up is due ere long? Joe Imbriglia's schedule cancels those dates he always used to have with his O. and O each Thursday yawning? Reports to the contrary, Bill Conway is NOT going to join the House of David? A. C. & F. Junior's face was reddened more than a little by the twice repeated refusal of his former flame for a date?

COLLEGIATE NEWSREEL

COURSES in temperance will be offered by all grade schools in Kansas this fall. We're wondering just what does constitute a course in temperance in such a situation. Picture a troop of adolescent youths rising and toasting the teacher with a glass of aqua pura to be followed by the inevitable demonstration of the worm-in-the-alcohol trick wherein the poor worm after swimming gloriously in our native crystal spring water would shrivel into a lifeless ball upon being steeped in the bad, bad alcohol. Which reminds us of the inebriate who upon witnessing a similar demonstration arose unsteadily to his feet and reached for the glass of alcohol saying, "Professor, I'm full of worms!"

• • •

What's in a name? At Fordham University Father Deane is dean; Father Whalen is dean of discipline; Mr. Shouten is debate coach, and Mr. Voekl is director of the glee club. We suppose that the name of the rowing team's coach is Pullman.

• • •

While the new school building is being constructed at Harco, Ill., the upper classes are meeting in the Red Onion dance hall.—"We Are Cramming With Tears in Our Eyes!"

• • •

Efforts of undergraduates at Brooklyn Polytechnic to earn money for their college tuition this fall were varied and unique during the past summer. Jobs ranged from driving beer trucks and running a one-man newspaper to acting as nurse to four small children and four dogs. Which reminds us of the enterprising student who offered a correspondence course on "How To Make Money Quick" for the small sum of one dollar. "Babe" Neylon sent his dollar in several weeks ago, and the other day received a short and snappy note saying, "Do as I do, brother!"

• • •

The Colorado School of Mines has a rule that prevents the sophomores from paddling the freshmen, so they now make the freshmen paddle each other. Not a bad idea, V. C.

• • •

A student of optometry at the University of Rochester recently fitted a patient with a pair of glasses without realizing that he had one perfectly natural eye and one glass one. Another case of "Eye hath not seen."

• • •

At Marquette, a student in a logic exam ran out of material after he had written only three pages. So he wrote: "I don't think that you'll read this far and just to prove it I'll tell you about the football game I saw yesterday." He was never called on to account for his five-page story of the game. Which reminds us of the lad who pulled the same thing at Villanova a year or so ago except that he wrote about a wild party that he had been on. The prof DID get that far!

• • •

Quotation from a small western college paper: "The turbulent waters of the upper Colorado River were conquered for the first time by a Dartmouth student, who 'bottled the 400 miles of foaming, roaring waters in a small rubber boot.'"

• • •

Can they eat! At a meeting of the alumni of Creighton University, the boys and gals put away over half a ton of provender at a barbecue. Five hundred and fifty pounds of meat, 50 gallons of coffee, 10 bushels of apples, 80 pounds of potato chips and 16 mammoth cakes found their way "down the hatch." Oh yes, we forgot something, they also had 2000 buns on the table. The alumni secretary did not receive a single telegram saying "So sorry I couldn't come."

• • •

Here's another one about exams. From The Tulane Hullabaloo we learned that a stude at the University of Chi was positively disgusted with an exam he was trying to wade through, so he wrote on the paper: "Only the Lord knows the answers to these questions." The next day he got his paper back with the prof's comment on it: "The Lord gets an A, you get an F."

• • •

Mae West just received her 25th letter simply addressed: "C'mup and see me sometime, Hollywood." Wonder who this chap, Hollywood, is?"

• • •

From The Torch at the University of Kansas we find the Prexy to a problem that had been worrying Harvard students for some time. "Although Harvard continues to use Yale locks on the doors of her buildings, the name 'Yale' must not appear on the locks."

The Salt-Shaker

THERE WE LIVE!

THE TURBULENT Elizabeth, Queen of England, storming about in the person of the superb Lynn Fontanne—the crafty Richelieu shaping the greatness of France with the masterful hand of Hampden—the Jew, Disraeli, suavely pinioning his diplomatic opponents and smiling the dry smile of George Arliss—Elizabeth Barrett Browning looking pensively at her world through the tragic eyes of Katharine Cornell—drama—drama. Can it give anything to the college student? Much. Very much.

There's more than glamour to the theatre. There's romance—tragedy—sublime heights—profound depths—mirth—horror—beauty. In a word—Life. Life as we live it, and life as we could never live it. Life as we know it, and life as we pray never to know it. Life.

This business of living — we become "fed up" on it. So we go to the theatre to forget about things. Immediately we are catapulted into tense situations, soothing moments of peaceful beauty, dramatic climaxes and scenes of wistful melancholy. We exult, we lament, we laugh, we cry—we live! Then we go back to the business of living with a renewed zest. Why? Because we had a chance to forget life for a moment? No. Because we lived more fully for a moment.

It is true, perhaps, that Charles Sprague's lament—"The Stage, the poor degraded Stage, holds its warped mirror to a gaping age!" would be even more apropos now than when he wrote it. This ultra-sophisticated era of ours dallies with unbeautiful things a bit too much to maintain a decent standard of decency in its theatre. But to condemn all theatrical art because the stage of today suffers from the immorality of today is akin to condemning all literature because today's literary output is stained by today's social sordidness.

The consummate artist, Le Gallienne, in "Liliom"—the Ethel Barrymore who was the nun in "The Kingdom of God"—the "Romeo and Juliet" of Jane Cowl and Rollo Peters—the drama has beauty, and to spare.

And good drama may be found this season, next season, and, we hope, every season. O. O. McIntyre slyly asserts that before long the legitimate stage will find that cleanliness is not only next to godliness, but also good box-office. A good sign.

Noel Coward uses his genius to give us regular bits of shoddy on the order of "Design for Living," and then comes forward with a "Cavalcade," triumphantly to wave his ability to do worth while things if he wishes. Another good sign.

Once during our early adolescence we reluctantly carried a musical-comedy mind to a Shakespearean performance for the sake of pleasing a maiden aunt. The result was a revelation! Two of the most highly gifted artists of the English stage submerged their own intense personalities completely and gave a Shylock and Portia which has stayed with us ever since.

But it's not the fact that good drama adds to our treasure-house of memories—though it does that; it's not the fact that it provides entertainment of a high order—though it does that, too; it's the fact that it stirs depths that surprise and delight us, combats mental stagnation by stimulating thought, and arouses noble emotions that make appreciation of the drama a real asset to the student who aims to combine with his college education a sincere effort to elevate the tone of his personal culture.

And the cultured gentleman attends dramatic performances of the best type because culture takes its pleasure only in things of true beauty.

SCIENCE STUDENTS HEAR TEMPLE PROF.

Dr. Livingston Gives Talk on Fundamentals of Pharmacology

GOOD WRITING NECESSARY

At the last regular pre-medical seminar, the fundamentals which should not be overlooked in the preparation for medicine, were discussed by Dr. Livingston, professor of pharmacology at Temple University.

Prof. Livingston emphasized the value of the pre-medical course and pointed out the necessity of mastering the subjects contained therein.

"The competition for entrance to medical school is keen," the doctor said, "and in preparing yourselves, scholastic standing must not be alone considered. The survey of leading medical men of this country consider character, personality, intellect, scholastic standing, culture and many other virtues when deciding the acceptance of an applicant to medical school."

The fact was then pointed out that even though one does have a thorough knowledge of the subjects contained in medicine, the writing and spelling of a doctor may hinder him from becoming a success. Specific cases were presented where doctors did more harm than good through careless writing and spelling in writing out prescriptions.

Student Tourist Sees the Country At Total Personal Cost of $13.44

By FRANCIS R. GROW

I have been requested to relate my experiences, during the past summer, of how I went to the World's Fair, Chicago, and on to California and return for a total personal expenditure of $13.44. My partner, Richard S. Knauss, a sophomore at Muhlenberg College, and I actually accomplished this feat in seven weeks.

How did we do this? Well, we went the way of the "knights of the road," actually riding freight trains, sleeping and eating in Salvation Army camps, in homes for homeless men, and restaurants financed by the R. F. C.

When we could not obtain lodging indoors, that is, in a Salvation Army refuge or some place of this type, we slept in the open under the stars, on someone's lawn or on park benches. When we got hungry, we went to a friendly back door and asked for work to earn a bite to eat. Hardly ever were we turned down, and rarely did we have to work for what we got to eat. When in the heart of a large town with no private homes in the vicinity of the business section, we would go to restaurant kitchens and "hit" the place for a meal, where, not infrequently, we had to work for it.

Perhaps the best experience we had was the two days we spent inside of the Century of Progress grounds in Chicago. Jumping the fence was not any too easy, so we spent two whole days in the Exposition grounds without leaving it. There we slept in an automobile which was used for display purposes and again worked in restaurants for our meals. Though we saw everything the Fair offered, we did not spend one dime for anything we saw or ate.

In Los Angeles we spent four very pleasant days. Having seen the business section and public library there and many other interesting sights we had quite an experience. Meals in Los Angeles are very inexpensive. Never does one pay more than 10 cents for any regular meal that would cost 35 cents, if not more, in the East.

One finds typically cosmopolitan people in California and especially in Los Angeles. In fact, almost everyone with whom we came in contact was originally from the Eastern part of our country. To be frank, the majority of them declared that they would never go West again, especially to California. (Florida newspapers please copy.)

At Long Beach, Cal., which is similar to Atlantic City, we saw many beautiful buildings and homes which were damaged or destroyed by the recent hurricane. The homes there close by the sea were beautiful, but on the outskirts of the town were oil wells as far as one could see.

We spent four glorious days in Hollywood. There we slept out-of-doors near Hollywood High School. Perhaps the best part of our trip there was our witnessing the showing of "Gold Diggers of 1933," in Sid Grauman's Chinese Theatre, the premier showhouse of Hollywood.

Unfortunately, we did not see any movie stars except Gary Cooper and George K. Arthur.

I do not believe there is a restaurant in the movie capital that either my buddy or I failed to try for a meal. So during our four days' sojourn there we never went hungry. Incidentally, I had supper in the kitchen of a restaurant next door to the fashionable Brown Derby Cafe.

Although California is reputed to be the land of sunshine, we did experience one rainy day in San Diego. (Another one for the Florida boosters.) In spite of the fact that the days are warm there, the evenings are very cool. Thus, sleeping out-of-doors in the evenings is not very comfortable in this noted land of sunshine.

When I was coming out of the cathedral of Hollywood one Sunday morning a man came up to me and asked if I had had breakfast. I replied in the negative and he took me to the same restaurant where, the evening before, I had been given a free supper.

Of course, anyone could tell by my appearance that I was making my way. Although my clothes were clean they were not of the best tailoring on a trip of that type. The only clothes we carried were those on our backs. When they became soiled, we washed them at a Salvation Army post or in a nearby stream.

Perhaps the longest train ride we had was going from Oakland, Cal., to Salt Lake City. It took us two days to make the trip. We stayed on the same train because it was an express. We had hardly anything to eat, not to mention a small quantity of water.

On this ride we crossed the great desert, plains, high mountains, and went by the famous Salt Lake. Leaving Salt Lake City, we crossed the Rocky Mountains and traveled over the highest railroad pass in the country.

In Salt Lake City, we spent the night as the guests of the local branch of the Salvation Army. There we slept in overalls while they fumigated our clothes during the night. We were served a regular dinner in a hospice run by the Seventh Day Adventists, and one could have all he wanted to eat for five cents. But in San Jose, California, we had a meal which cost us only one cent a dish, so for five cents you could eat quite a bit.

While in Salt Lake City, the town of public drinking fountains, we went through the Mormon Church Block. There we saw the famed temple, the Tabernacle, in which the large organ is housed. During the course of the tour, the religion and many interesting incidents relevant to its founding were explained to the party.

Many a restless night was spent trying to sleep in the rolling box

SUBJECTS SELECTED BY FOREIGN GROUP

Charles P. Goggi Continues as Secretary for Organization

NEW MEMBERS ADMITTED

All the intricacies of foreign relations and their importance in the economic world of today will soon be subject to close inspection by the members of the Foreign Relations Society which met in the lounge room in the college gymnasium, last Thursday night.

As soon as the aims and purpose of the society were explained to new members, they were accepted into the group. They are Robert A. Geist, John J. Stell, Robert McGrory, Philip Murray, Kevin Quinn and John J. Hughes. Charles P. Goggi, who was secretary of the organization last year, will continue in that capacity this year.

The Rev. Joseph C. Bartley, O. S. A., new moderator of the society, suggested that men who had experience with or in foreign countries be obtained to give their views as to the actual happenings in these countries This will eliminate biased opinions of newspapers and other forms of information which may be subject to outside propaganda.

Subjects for discussion for the time being have been limited to the great problems confronting the world today. The first to be considered is the German situation; second, the recognition of Russia by the United States; thirdly, the Disarmament Conference, and, lastly, the London Conference. While these topics have been given this order, they will be changed as the relative importance of one supersedes the other. Discussions of each of these topics will be in the form of an open forum with all the members of the society taking active part in them.

The club will meet every other week in the lounge room of the gym at 7.30. The next meeting will be Thursday, November 9.

EIGHT MEMBERS JOIN BETA GAMMA CHAPTER

Entertainment Provided Afterward in Form of Sketches, Giving Experience in Dramatics

Eight candidates gave evidence at the initiation held on last Monday of the Beta Gamma Chapter of the Villanova Literary Society that they are fitted for work in the field of debate. They, therefore, were received as members of the chapter. These new men are: Luis Cuyer, Joseph Denny, Anthony Denny, John McGrath, Gerard Racine, Joseph Carroll, Paul Kerr, and Aloysius Fitzpatrick.

The first entertainment for the members of the organization was held at the close of the initiation. The diversion consisted of a sketch entitled "Little Nell," which was acted by Edward Manion, and an old-time melodrama, "Virtue Is Its Own Reward." William Zell, Edward Manion, William Doyle, and Robert McGrory made up its cast. The latter play was written by a member of the organization.

It is a story of an old man and his daughter who are to be put out of their home for failure to pay the mortgage. Just as they are being thrown out, the daughter's lover, who has made his fortune in the gold mines of Alaska, arrives on the scene, and pays the rent. The story contained all the comedy that is usually found in these melodramas, and proved very entertaining.

It is the object of the society to give such sketches as often as possible, for, besides giving the members pleasure, it also affords them experience in dramatics.

Dial-Log

Well, the contest to pick the most popular dance orchestra of the Villanova student body has come to a close. Although we didn't get a ballot from every student, we did get more than a representative number so we feel that the winner has been picked by the majority and is really the favorite.

Villanova's favorite dance band is Glen Gray and his Casa Loma Orchestra.

On the ballot you were asked to pick your five favorites in order of preference. We gave five points for first choice, four for second, three for third and so on. The following is a list of the bands in the order of preference. The first 10 are listed with the points they received. The remainder are listed in the order which they finished.

First place is taken by Glen Gray, with 389 points; second is Guy Lombardo and the Royal Canadians, with 367 points; third, Fred Waring and his Pennsylvanians, 359 points; fourth, Wayne King, 289 points; fifth, Isham Jones, 280 points; six, Hal Kemp, 257 points; seventh, Paul Whiteman, 232 points; eighth, Don Bestor, 204 points; Vincent Lopez, 162 points; tenth, Eddie Duchin, 113 points.

The following are those who finished from 11th position to 38th. In order, they are: Ben Bernie, Ozzie Nelson, Rudy Vallee, Jan Garber, George Hall, Richard Himber, George Olsen, Jack Denny, Gus Arnheim, Phil Harris, Mal Hallett, Duke Ellington, Ray Noble, Red Weems, Ted Fiorito, Freddie Martin, Clyde McCoy, Anson Weeks, Rubinoff, Abe Lyman, Bernie Cummins. Leon Belasco, Paul Tremaine, Henry King, Harold Goodman, Meyer Davis, Doc Dougherty and Emmerson Gill.

Are you surprised? We were. Those orchestras which are listed at the end received the same number of points in many cases, and hence they are not really in the position listed, but are tied for previous positions. The greatest wonder is at the large number of bands which were listed by the voters. There are some mentioned which many of us have not even heard of, but they seemed to have captured the fancy of enough members of the student body to earn them a place on the list.

Now that this column knows the favorites, we will know the names which you will be most interested in reading about, and we will try, in the future, to keep you well posted about the things you like to hear most.

However, the real object is to keep you posted on new programs or the ones which are most interesting, so here goes.

Ed Wynn returns to the air tonight at 9.30 over WEAF and WLIT. He will be assisted by Graham McNamee and an orchestra under the baton of Don Voorhees. Wynn has been out on the West Coast making a movie.

The dirigible, Macon, was fitted up like a flying radio studio last Friday to broadcast the celebration of Navy Day. The broadcast included descriptions of sham battles held in San Francisco Bay and the concentration of the fleet in Los Angeles harbor.

Don Wilson, celebrated West Coast announcer of sporting events, has been brought East to do some games this fall for NBC. Listen for him. He is really a good announcer who knows something about collegiate America's favorite sport, football.

For those who have any "drag" with [illegible] connected with WCAU, we suggest that you try to get passes for the Waring's Pennsylvanians broadcast which emanates this week from the ballroom of the Bellevue-Stratford Hotel in Philadelphia. The cast will be the same as that which was heard last Wednesday evening which included the entire Waring orchestra and singers and as an added attraction the famous "Two Black Crows," Moran and Mack. Up until Friday this famous orchestra is appearing on the stage of one of Philly's vaudeville and movie houses.

Next week, we hope to be able to give you a brief history of the winner of our popularity contest for dance orchestras and with a little luck we may be able to show you their picture. Until then, keep listenin'.

Holyday Tomorrow

The attention of all members of the student body is called to the fact that classes will not be held in any department of the college tomorrow because of All Saints' day. Mass will be held in the college chapel at 8.30 P. M. Classes will be resumed Thursday at the regular time.

Smoke a Lucky

A FULLY PACKED CIGARETTE

Choice tobaccos—and no loose ends—make Luckies burn smoothly

This young lady is one of a small army of inspectors. Her job is to examine Lucky Strike—to make sure that it comes up to the exact standards we set. Every Lucky Strike she passes is full weight, fully packed, round and firm—free from loose ends. And no Lucky that she examines leaves without this OK. That's why each and every Lucky draws so easily—burns so smoothly.

ALWAYS *the finest tobaccos*
ALWAYS *the finest workmanship*
ALWAYS *Luckies please!*

ALTHOUGH Villanova was favored to down Manhattan last Saturday, few expected that the final score would be so much in favor of the Wildcats. Not that Manhattan was over-estimated, but because the Blue and White showed such tremendous power, the Jaspers folded up and went to sleep. We have never seen the Wildcats display such perfect co-ordination in blocking, and, after all, the Notre Dame system stresses this point strongly. It was the worst defeat ever suffered by a Meehan-coached team, and it served as a weapon of revenge for the defeat handed to Villanova three years ago by N. Y. U., which was then under the direction of Meehan. The game was surprising to us, at least, in more than one respect. Captain Randour was heavily handicapped by a "charley horse," and it was thought for a while that he would not see much action. Either such injuries don't mean a thing to him or some miracle was performed. The fact still remains that he was as outstanding as ever. That fullback position seems to be getting a good workout this year. Harry Patzsch and Joe Weisenbaugh alternate in the position and from the performances of both of them Saturday, a motion should be made to the football rules committee to have two fullback posts. Patzsch, although not of enormous stature, ripped the Jaspers' line to shreds. He showed the spectators what a stiff arm should contain and bucked the forward wall time and time for substantial gains. Then Weisenbaugh was substituted for Harry and immediately began to run the ends and off tackle. Coach Stuhldreher must be having his troubles deciding between them. Patzsch is a wonderful line crasher while Weisenbaugh excels at broken field running.

* * *

MANHATTAN rooters showed plenty of school spirit, but, unfortunately, it was not of the right kind. The Villanova players were dubbed "sissies" because they refused to run off plays while the Jasper fans were trying to prevent it by yelling when the quarterback was calling the signals. According to their way of thinking, Villanova was supposed to run the ball without bothering about plays, formations or the ball carrier. Evidently they were to hand the game to Manhattan team because the crowd wished it. That would be a very fine idea. The manner in which the authorities handled the game was entirely commendable, which fact is substantiated by the crowd that the game drew.

* * *

PERHAPS it is rather early yet to be bringing up the subject of holding a rally before the annual classic between Villanova and its rival, Temple, but we are trying to give this event plenty of momentum by starting it now. Last year's rally, although held indoors and without the customary bonfire because of inclement weather, was a success from all angles but one. This happens to be the angle that we have been driving at since school began. The attitude of the day students. They were conspicuous by their absence last year and all we can do is hope that they have changed their frame of mind since then. After all, such a rally is as much theirs as anybody else's, and it cannot be a complete success unless the entire student body supports it. The majority of them attend the games, and yet fail to give the team support in such an event as a rally. This rally, if held at all, will probably be held at night. The time is probably the real reason why there is such a lack of Dayhops. For one night in the year, Dayhops, why not splurge and stay for dinner?

* * *

THE "Antonys" seem to have got off on the wrong foot. They started the year with a defeat at the hands of the Manhattan Lightweights. That trip was wholly disastrous. On their way through the Holland Tunnel, the rear tires of the bus gave way and consequently they arrived at the game late. While rendering their all for the school, the referee made the mistake of placing the goal line on the three-yard marker, so Manhattan won, 7 to 0. Better luck next time.

CATS DOWN MANHATTAN; 47-0

Villanova Routs Jaspers, Scoring in Every Period

Wildcats Ramble Roughshod Over Manhattan as Patzsch, Randour, Wiesenbaugh and Cook Score

PATZSCH RUNS 65 YARDS TO TALLY

RUNNING ROUGHSHOD over their opponents like a bunch of bar-flies at a free beer stand, the Villanova Wildcats crushed Manhattan College in a manner that proved them to be much the better team. The crowd of 20,000 spectators, most of whom came to cheer for Manhattan, gave praise and credit in abundance for the smooth operation of the Villanova football machine. The game, played at Ebbets Field, Brooklyn, was the first contest between the two colleges for the last 30 years. The final score was 47 to 0, and it marked the worst defeat ever suffered by a Meehan-coached team.

Harry Patzsch and Joe Wiesenbaugh were outstanding because of their spectacular runs, but too much credit cannot be given the others of the team. The line and the backfield worked in almost perfect harmony throughout the entire game. Manhattan's outstanding player was Jim Downey. His accurate passing and defensive play was the only bright spot in Manhattan's entire game.

First Quarter

Villanova won the toss and chose to defend the south goal. Connell's first attempt went out of bounds on the 30-yard line. The second kick traveled to the 12-yard line and was returned to the 32-yard marker by Randour. Randour made three yards around right end. Cavanaugh threw a long pass to Randour but it was out of his reach. Randour made a quick kick to Manhattan's 20-yard line.

Downey made a yard at right tackle. Welch fumbled and Cavanaugh recovered at the 35-yard stripe. Manhattan penalized five yards. Randour hit right tackle for a yard, then ran a close end-play for four more. Patzsch circled left end and eluded Smith, Owen, and Barkaus, but he was thrown at the two-yard line by Welch. Randour made a yard at center then Patzsch scored through left tackle. Lee's try for the extra point was too low.

Lee's kickoff went over the goal line and Manhattan was given the ball on their own 20-yard line. Barkaus made two yards at center. Downey passed to McCarthy who was stopped on his own 42-yard stripe by Randour. Downey was stopped at the line. Patzsch intercepted Downey's pass on the Jaspers' 45-yard line and returned it two yards. Patzsch made 5 yards at left guard and Cook circled the end for three more.

Randour made three at center, then Patzsch was forced out on the 26-yard line. Cavanaugh fumbled on an attempted reverse play and recovered on the 31-yard stripe. Randour was tossed for a three-yard loss on a delayed line buck. Cavanaugh's pass to Cook fell wide. Randour kicked out of bounds on Manhattan's 19-yard line. Manhattan penalized 15 yards for holding. Welch made a great 66-yard kick to the 'Cats 40-yard line.

Randour advanced the ball 13 yards through left tackle. A pass, Randour to O'Donnell was incompleted, Cook made two yards at center. Another pass, Randour to O'Donnell was caught out of bounds. Manhattan penalized for roughing the passer. A third pass, Randour to O'Donnell was incom-

JAYVEES PREPARE FOR PENN BATTLE FRIDAY AFTERNOON

Skaffmen Vie With Teammates for Permanent Berths in Line-Up

MAKE INITIAL APPEARANCE

New Members Show Promise of Good Season in Daily Grid Scrimmages

With only three practice sessions remaining before their first game, the Villanova junior varsity football team is rapidly rounding into shape. Since last Wednesday the Jayvees have been scrimmaging almost every day and the fight for almost all the positions is closely contested.

In the scrimmages the members of the last year's squad who have returned are showing to good advantage. Among the veterans are McCarthy and Ocelus at end; Jack Hoey at tackle; Jack O'Connell at guard. Captain Bill Novelline and Bob Craig appear in mid-season form in their backfield efforts.

"Red" Miller, who was an outstanding guard on last season's eleven, is the latest addition to the J. V. roster.

The new men are giving the more experienced players a hard fight, and are making them exert their best efforts in order to retain their positions. The starting line-up for the opening game has not been selected according to a statement by Coach Frank Skaff. The men will not know who will start until just before the opening game with the University of Pennsylvania which will be played in Philadelphia this Friday afternoon.

Last season the Red and Blue handed the Main Liners a severe drubbing, and this season the boys are out to avenge the stinging defeat.

PREPARE FOR YALE

Lightweight Squad Goes Through Hard Practices for Old Rival

The 150-lb. football team is going through a strenuous workout this week in preparation for the game with the Yale lightweights, next Saturday, at New Haven.

Coach Lenzi was pleased with the showing that the team made against Manhattan, and, although they were defeated 7 to 0, Lenzi stated that the team had wonderful possibilities. Stan Wronski, line coach, was also complimentary on the team's showing and in particular, praised the work of Cavanaugh and Coyle. The team will probably leave by bus early Saturday morning.

Our Predictions—How Good Are They?

So far we are batting an even .800 per cent. which should qualify us for the role of the worst sort of amateur predictors. We have garnered 32 wins out of 40 picked. Here are our choices for next Saturday; the first named should win.

Syracuse vs. Penn State.
Harvard vs. Lehigh.
Duquesne vs. W. & J.
Minnesota vs. Northwestern.
Notre Dame vs. Navy.
Penn vs. Lafayette.
Temple vs. Drake.
Boston College vs. Georgetown.
Holy Cross vs. Detroit.
St. Mary's vs. Fordham.

BASKETBALL SQUAD BEGINS TRAINING

Prospects Are Bright With Return of Five Veterans of Last Year's Team

LYNCH AND FINN MISSING

Practice for the 1933-34 edition of the Villanova basketball team started last Thursday under the direction of Coach George "Doc" Jacobs.

When the first call was issued there were only two faces absent, those of Captain-elect Art Lynch and Huck Finn. The members of last year's varsity who reported were Johnny Shevlin, Jocko Hurley, Jack Torpey, Pop Travers and Johnny Barry. Four of the five are Juniors but yet they have had a wealth of experience last year which ought to fit them for the coming season. There has been talk of Jerry Daly returning in February, but it is as yet unfounded.

Among the number of candidates for varsity berths were six members of last year's star Freshman aggregation, Ben Geraghty, Tom Ryan, Bill Farris, Mike O'Meara, Bill Sweeney and Jack Robinson, all of whom are able to step in and fill the role of varsity players when the season begins.

With these 11 players hard at work, the caliber of the cage team should be above the usual standard set by Wildcat teams. Barry, Travers, Shevlin and Torpey all alternated at regular varsity berths last year and ousted several of the Senior players from their positions. Barry and Travers will probably be seen at forward, with Shevlin at guard and Torpey starting at center. The former Frosh team was outstanding, and Coach Jacobs is confident of finding several stars among them.

With a tentative schedule drawn up, the outstanding teams to be found on it are St. John's and Duquesne. The St. John's game will be played in Brooklyn, while Duquesne will make its appearance on the home floor. As the schedule stands, the 'Cats will open the season with Penn A. C. on December 16 and will continue into March.

ALBRIGHT FOEMEN LOOM FORMIDABLE

Reading Eleven Meets Wildcat Gridmen at Upstate City Saturday

IATESTA SCORING THREAT

Again the Wildcats look forward to see how their opponent for this weekend has made out during the past season. The next tester of the Cats' speed, power and deception is Albright. The contest will be held in Reading.

Up until last Saturday the Albright eleven looked far from impressive, but with the 47-0 defeat over St. Joseph's College, they loom as a more formidable test.

The boys from Reading started their season against Fordham and were downed under an avalanche of touchdowns and came out on the short end of a 52-0 score.

The following week, Marty Brill's La Salle College team took their measure by two touchdowns. Albright indeed seemed doomed to a disastrous season.

The St. Joe's game has undoubtedly helped to bolster their spirit and a more exciting battle is expected than before this defeat of the Hawks.

Iatesta and Hino are two backs whom the Wildcat forward wall will have to watch. Each man was responsible for two touchdowns and aided in paving their own way by long runs which led up to the opportunity to score.

The Wildcats are favored to win, but a stiffer test is expected than the one against Manhattan last Saturday.

Wildcat Lightweights Bow To Manhattan Team, 7 to 0

Cavanaugh and Coyle Star for 150-lb. Team as Periods Are Cut Because of Late Arrival of Villanova Squad

YALE WILL OFFER NEXT OPPOSITION

NEW YORK, Oct. 28—In a game that was nip and tuck from start to finish, the Villanova 150-pound team met defeat at the hands of the Manhattan lightweights by the score of 7 to 0. Delayed at the start because of a breakdown of the Villanova players' bus, the periods were cut to 10 minutes each so that the players would be able to attend the varsity game between Villanova and Manhattan.

The contest got under way with the Jaspers kicking off. The Villanova team returned the ball to the middle of the field and promptly began a march which was finally halted by the Manhattan forward wall on their own 30-yard line. Then the New Yorkers began their sustained drive which resulted in the only touchdown of the game. A series of line bucks, aided by several penalties against the 'Cats for offside, was responsible for the score. For the remainder of the first half the teams seesawed back and forth in the middle of the field, neither one able to obtain an advantage over the other.

After a very brief half-time intermission, play was resumed with the Ramblers kicking off to Manhattan's 10-yard line. The receiver was stopped in his tracks. With several wide end runs by Stone and Dumphy and two forward passes the Jaspers advanced to midfield but here the Blue and White line men held and the ball changed hands. Again Villanova was unable to gain first down and kicked.

Another seesaw battle began and continued throughout almost the entire second half with neither team being able to show any superiority over its rival. Many times, when it appeared that a runner was off for a long gain a tackler managed to come from out of nowhere and bring him down with only a very small gain as a result. With but a few minutes remaining, the Villanova team started a drive that netted them 35 yards, but before the game had ended with the ball deep in Manhattan's territory, a forward pass was intercepted and the game ended with the ball in the Jaspers' possession.

For the victors, Stone and Dumphy proved to be the outstanding stars. For Villanova the line play of Walt Coyle and Vince Cavanaugh was the spark that many times checked the enemy's advance.

The Line-Up

The line-up:

Manhattan 150	Position	Villanova 150
Flaherty	left end	Scerca
Villamail	left tackle	Hines
Wanzel	left guard	Neylon
Bourke	center	Dunnigan
Palermo A.	right guard	Kennedy
Palermo F.	right tackle	Cavanaugh
Guida	right end	Coyle
McGarrity	quarterback	McBride
Stone	left halfback	Kelly
Dumphy	right halfback	Kapic
Giacimmini (Capt.)	fullback	Menapace

Touchdowns—Giacimmini, 1. Extra point—Wanzel, placement. Substitutions: Manhattan—Clare, E. McGarry, Hunter, Bouchoux, Reciepiti. Villanova—Dwyer for Menapace, Keffer for Kennedy, Sheviand for McBride, Rodgers for Kelly, Murphy for Kapic, Acqua for Neylon, Marechal for Dunnigan, Shapiro for Coyle, Gough for Hines, O'Shea for Cavanaugh, Petinga for Sheviand, Patone for Marechal.

'CATS' MEOW

WE ARE sure now that the statement that we made last week to the effect that "Deep Sea Don" was in love was true for in the Manhattan game he went head over heels over a Manhattan player.

According to the dictionary, Jaspers, when polished, make beautiful ornamental articles. What a polishing! What a polishing!

They Jasp weren't good enough.

That cannon business was probably meant to be a funeral salute.

According to reports the cannon is fired at the beginning of each half and when Manhattan makes a touchdown. Note: The cannon was fired twice.

That program seller was wasting his time. He reminded us of Groucho Marx. Talk, and more talk. What a line!

Flash: The goal-posts are still there. . . . Well, we left something.

Said some: "If that was Brooklyn, give us Bryn Mawr, or the Greeks." Now, boys.

We had Patzsch and no patching. They needed Patzsch and plenty of mending. Ha! Fooled again.

Quick recoveries . . . Charley Hurlburt.

The Antonys went flat. That is, the bus did. Embarrassing moments: A flat tire in the Holland Tunnel.

RANDOUR HIGH SCORER

"Whitey" Leads in Points Scored at Bigger Colleges in East

Captain George "Whitey" Randour, Villanova scoring ace, assumed the individual high-scoring lead among the bigger colleges in the East last Saturday, according to a statement by the sports department of the Associated Press.

Danowski, of Fordham, who has held the lead for the past two weeks, went scoreless Saturday against Alabama while Randour racked up two tallies in the game with Manhattan College.

Among all the colleges in the East, large and small, Pete Young, of Bluefield College, West Virginia, leads the pack with 72 points, and is followed by four representatives of Davis-Elkins College, Winter, Flubrey, Tinney and Shelton, who have 61, 57, 57 and 48, respectively.

IT TAKES HEALTHY NERVES TO RUN 308 AT BILLIARDS!

A MATCHLESS BLEND

IT IS MORE FUN TO KNOW
Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Steady Smokers turn to Camels

"I know of no sport," says Erich Hagenlocher, "that places a greater strain on the nerves than tournament billiards. The slightest inaccuracy can ruin an important run. One simple rule for success is, 'Watch your nerves!' I have smoked Camels for years. I like their taste better. Because they are milder, they never upset my nervous system, and believe me, I smoke plenty."

* * *

There *is* a difference between Camel's costlier tobaccos and the tobaccos used in other popular cigarettes. You'll notice the difference in taste and in mildness — and Camels *never* jangle your nerves. You can prove this yourself. Begin today!

CAMEL'S COSTLIER TOBACCOS

NEVER GET ON YOUR NERVES... NEVER TIRE YOUR TASTE

Joe Lilly—"Shake brother, I haven't any money either."

Do Your Part

In modern times our business life
Has undergone a change;
And those who cling to easy ways
Are finding it quite strange
That processes, which used to work,
To methods which, in former days,
Quite easily got by.

Now men must work to reach success,
And all must plan their work;
And "Time" is a relentless foe
To those inclined to shirk.
A month is all too short in time
To accomplish what you may.
If one wishes a half of it.
The other half soon passes away.

But some there are that know full well
That, when a day is lost,
It takes two days to make it up
Or they must pay the cost;
And so they plan the night before
What they shall do next day—
Avoiding all uncertainty,
They obviate delay.

The days must count for those who win,
And each must work his plan,
Or else he will be classified
With those who "also ran,"
A month is just a run of days
Which fly away on wings;
A single day means nothing, if
One waits for what it brings.

But someone says—"Go easy, there,"
"I've heard all that before.
When any fellow tries his best,
He can't do any more.
Work as hard as anyone
And do the best I can,
But somehow I don't get the breaks
No matter how I plan."

We're always sorry for the man
Who seems to be obsessed
With the unfortunate belief
That he has "done his best."
If this were true, there'd be no chance
For anything ahead—
Might just as well be dead.

The greatest height that up till now
Has ever been attained
Is surely just a glimpse of what
In future can be gained.
The hardest battle ever fought
So far from being best,
Was merely an experience to
Prepare you for the rest.

But no one views it otherwise
Needs only to take heart.
And make resolve that from now on
He'll surely do his part.
He never yet has done his best
Nor yet the best he can,
Who—even though he plans his work—
Has failed to work his plan.

MUSE

Duke (with air of satisfaction)—"I understand that the young man next door to you is a finished cymbalist."

Financial Difficulties Solved by Junior Class

Petition Signed by 93% of Class Shows Good Spirit

PLAN ACTIVITIES

What appeared to be an unnavigable sea of financial stress, which threatened to engulf the present Junior class, has been finally calmed. Permission to erase the debt through the medium of deduction from the student breakage accounts, after a petition had been signed by 93 per cent. of the class, has been granted by Rev. Edward V. Stanford, O. S. A., president of the college.

John F. Butler, chairman of the committee appointed to approach the president on the matter, told the class, which met in Mendel Hall, last week, that Fr. Stanford made a concession to the juniors in permitting them to offset the indebtedness in the manner they proposed. He also stated that the remaining seven per cent. of the group who had not signed the petition could probably be counted on to do their share.

John Hoey, president of the class of '35, said that the payment of outstanding obligations has finally given the juniors a clean financial slate with a small sum in the treasury to start this year's activities. He declared that the good will of the members of the third-year group has been demonstrated by their spirit of co-operation.

Rev. Bernard O. McConville, O. S. A., moderator of the class, addressed the small number of juniors present, and stressed the importance of joint action in every matter which comes up for discussion before the group.

Hoey appointed the ring committee for the juniors, consisting of Edmund Piszczek, chairman; Edward Sullivan, Louis P. Marechal, Francis Bigley, John Kiekotka, Harold McGrath and Albert Cerulo.

The ring committee is functioning already, and its members plan to submit a report to the class as soon as all the bids submitted by the various firms for the contract have been taken into consideration.

Smith Is Elected To Trustee Post

CONCERT FOR YOUTH TO BE HELD NOV. 9

Music Will Be Played by the Philadelphia Orchestra Led by Stokowski

WERE POPULAR LAST YEAR

The second Concert for Youth of the current season will be given in the Academy of Music at 8.30 o'clock on Thursday evening, November 9. The music will be played by the Philadelphia Orchestra under the direction of Leopold Stokowski, its famous conductor.

Only young people between the ages of 13 and 25 are permitted to attend these concerts, the purpose being to arouse an interest in the finer types of music among the youth of the country.

A fine program has been arranged, containing for the most part numbers by modern composers. It includes "Rhapsodie Espagnol," by Ravel; "Jungle," by Josten; "L'Apres-midi d'un Faun," by Debussy, an oboe solo, "Swan of Tuonela," by Sibelius, and "Pictures at an Exhibition," by Mousgorgsky.

Tickets for this concert are on sale at Haly's Ticket Office and Presser's Music Store, on Chestnut street. There are two ways of buying tickets, either a single ticket for each concert or by buying a series of tickets for all the concerts at once. The price of single tickets ranges from 25c to $1.000, and tickets for the whole series run in price from $1.25 to $5.00.

These concerts are of a distinctly worthwhile nature, and deserve the backing of every student at the college. The extremely low price of the tickets make the affair within the reach of all.

There are to be five concerts including that to be played on November 9. The dates for the other performances are: January 11, February 22, March 22 and April 12. In addition to these a special Christmas Holiday Concert is to be given on December 28. Tickets for this special concert may also be purchased at Haly's Ticket Office.

Frosh-Sophs Meet In Big Field Day

cars as we covered 7855 miles in the seven weeks of our trip. Of this amount 6566 miles was made on a freight train; 672 miles in an automobile; 417 miles by passenger train on the "blinds."

We were in 14 States and Mexico. Among the large cities on our itinerary were Pittsburgh, St. Louis, Oklahoma City, El Paso, San Diego, Los Angeles, Hollywood, Oakland, Columbus, Indianapolis, Kansas City, Pueblo, Amarillo, Tucson, Yuma and Salt Lake City.

In conclusion, the trip was educational, interesting, sometimes dangerous, with lots of adventure, such as humming meals in restaurants and private homes and sleeping in box cars, or on anyone's lawn. When one felt the need of washing up, he directed his steps to a river or a Salvation Army shower bath.

When we had to shave, we went to a gasoline station because we could use the mirrors in their wash rooms. When we couldn't beg for a meal, we looked up a select restaurant where meals were sold for one cent, and if we were tired and wanted a bed for the night, we looked up a first-class hotel which rented beds for 15 or 20 cents a night.

It is a tough life on the road; so hard that even our more experienced colleagues told us that we were too young to try anything of this nature. Among the many persons one encounters on the roads are young girls and even whole families. It may seem incredible, but there were more than 300 fellow "guests" traveling on the same train with us when we crossed the border line of California.

Red Cross Contribution Made

Villanova's annual contribution to the Red Cross fund amounted to $15.50. Six dollars was contributed by the students of the Business School, and the remainder was collected from the students of the other schools on the campus.

The money was received last Wednesday by Leo Cordiale, chairman of the student council.

FOUR FORMIDABLE FOES STILL FACE WILDCATS

Albright, Boston, Temple and Rutgers Remain on Schedule; All Show Strength

The Villanova outlook for this week-end, according to past scores, is as bright as the Wildcats have faced so far this season. Our opponent is Albright. So far this year the Albright team has had one of the worst records in its recent history. It has played two games losing first to a powerful Fordham University squad to the tune of 52 to 0. Its second contest resulted in its second defeat, LaSalle this time was its conqueror and came out on the long end of a 12 to 0 score. Since the LaSalle game the boys from Reading have had a rest and have had plenty of opportunity to improve. They may offer more resistance than is expected.

Boston College, after being unscored upon by St. Anselm's, Loyola and Centre College, met her first defeat at the hands of Fordham, Last week-end she met her old rival from the Hub, Boston University, and the usual hard fought scrap resulted, B. C. still stands as a formidable opponent.

Temple, our opponent on November 25, met our conquerer in that never-to-be-forgotten Alumni Day game with Bucknell. Up until this time, the Owls had defeated South Carolina, lost to the powerful Carnegie Tech eleven and swamped the Haskell Indians. The Temple game, as always, will be close and hard fought.

Our last opponents have played four contests. Rutgers, however, was not really tested until they met Colgate and the result was a 25 to 2 defeat. It is still a long time till December 2 and with more than a month to go everything might happen.

Wildcat Lightweights Bow To Manhattan Team, 7 to 0

Cavanaugh and Coyle Star for 150-lb. Team as Periods Are Cut Because of Late Arrival of Villanova Squad

YALE WILL OFFER NEXT OPPOSITION

NEW YORK, Oct. 28—In a game that was nip and tuck from start to finish, the Villanova 150-pound team met defeat at the hands of the Manhattan lightweights by the score of 7 to 0. Delayed at the start because of a breakdown of the Villanova players' bus, the periods were cut to 10 minutes each so that the players would be able to attend the varsity game between Villanova and Manhattan.

The contest got under way with the Jaspers kicking off. The Villanova team returned the ball to the middle of the field and promptly began a march which was finally halted by the Manhattan forward wall on their own 30-yard line. Then the New Yorkers began their sustained drive which resulted in the only touchdown of the game. A series of line bucks, aided by several penalties against the 'Cats for offside, was responsible for the score. For the remainder of the first half the teams seesawed back and forth in the middle of the field, neither one able to obtain an advantage over the other.

After a very brief half-time intermission, play was resumed with the Ramblers kicking off to Manhattan's 10-yard line. The receiver was stopped in his tracks. With several wide end runs by Stone and Dumphy and two forward passes the Jaspers advanced to midfield but here the Blue and White linemen held and the ball changed hands. Again Villanova was unable to gain first down and kicked.

Another seesaw battle began and continued throughout almost the entire second half with neither team being able to show any superiority over its rival. Many times, when it appeared that a runner was off for a long gain a tackler seemed to come from out of nowhere and bring him down with only a very small gain as a result. With but a few minutes remaining, the Villanova team started a drive that netted them 35 yards, but before the game had ended with the ball deep in Manhattan's territory, a forward pass was intercepted and the game ended with the ball in the Jaspers' possession.

For the victors, Stone and Dumphy proved to be the outstanding stars. For Villanova the line play of Walt Coyle and Vince Cavanaugh was the [illegible] that many times checked the enemy's advance.

The Line-Up

The line-up:

Manhattan 150	Position	Villanova 150
Flaherty	left end	Scerea
Villamail	left tackle	Hines
Wanzel	left guard	Neylon
Bourke	center	Dunnigan
Palermo A.	right guard	Kennedy
Palermo P.	right tackle	Cavanaugh
Guida	right end	Coyle
McGarrity	quarterback	McBride
Stone	left halfback	Kelly
Dumphy	right halfback	Kapic
Giaclamini (Capt.)	fullback	Menapace

Touchdowns—Giaclamini, 1. Extra point—Wanzel, placement. Substitutions: Manhattan—Claire, E. McGarry, Hunter, Bouchoka, Reciepiti. Villanova—Dwyer for Menapace, Keffer for Kennedy, Sheviand for McBride, Rodgers for Kelly, Murphy for Kapic, Acque for Neylon, Marechal for Dunnigan, Shapiro for Coyle, Gough for Hines, O'Shea for Cavanaugh, Petinga for Sheviand, Patone for Marechal.

'CATS' MEOW

In any fellow tries his best,
He can't do any more.
He can as hard as anyone
And do the best I can,
But somehow I don't get the breaks
No matter how I plan."

We're always sorry for the man
Who seems to be obsessed
With the unfortunate belief
That he has "done his best."
If this were true, there'd be no chance
For anything ahead—
Might just as well be dead.

The greatest height that up till now
Has ever been attained
Is surely just a glimpse of what
In future can be gained.
The hardest battle ever fought
So far from being best,
Was merely an experience to
Prepare you for the rest.

But he who views it otherwise
Needs only to take heart,
And make resolve that from now on
He'll surely do his part.
He never yet has done his best
Nor yet the best he can,
Who—even though he plans his work—
Has failed to work his plan.

MUSE

Duke (with air of satisfaction)—"I understand that the young man next door to you is a finished cymbalist."

Count—"Is he? Thank goodness! I was just working up the courage to finish him myself."

Prof.—"Why don't triangles A and B coincide."

Frosh—"My goodness, Prof, before the one can coincide of the other."

Joe had taken a correspondence course in pharmacy and was very proud of his diploma. He felt his throat sore and prescribed for himself, taking the prescription to the local druggist.

The druggist read it, and then asked in all seriousness:

"Is the dog very big?"

AWA, AWA.

John—"Do you love me?"
Pauline—"No."
John—"Haw, haw, haw."

Charlie Goggi (presenting her with a ring and preparing to make an eloquent speech)—"My love for you is like this ring—without end."

She (giving him back the ring)—"And my love for you is also like the ring—without beginning."

Prof.—"What is your name?"
Student—"Jule, sir."
Prof.—"You shouldn't abbreviate. Your name is Julius. Next—What is your name?"

A half-scared voice piped out—"Billious."

SMILER

Financial Difficulties Solved by Junior Class

Petition Signed by 93% of Class Shows Good Spirit

PLAN ACTIVITIES

What appeared to be an unnavigable sea of financial stress, which threatened to engulf the present Junior class, has been finally calmed. Permission to erase the debt through the medium of deduction from the student breakage accounts, after a petition had been signed by 93 per cent. of the class, has been granted by Rev. Edward V. Stanford, O. S. A., president of the college.

John F. Butler, chairman of the committee appointed to approach the president on the matter, told the class, which met in Mendel Hall, last week, that Fr. Stanford made a concession to the juniors in permitting them to offset the indebtedness in the manner they proposed. He also stated that the remaining seven per cent. of the group who had not signed the petition could probably be counted on to do their share.

John Hoey, president of the class of '35, said that the payment of outstanding obligations has finally given the juniors a clean financial slate with a small sum in the treasury to start this year's activities. He declared that the good will of the members of the third-year group has been demonstrated by their spirit of co-operation.

Rev. Bernard O. McConville, O. S. A., moderator of the class, addressed the small number of juniors present, and stressed the importance of joint action in every matter which comes up for discussion before the group.

Hoey appointed the ring committee for the juniors, consisting of Edmund Piszczek, chairman; Edward Sullivan, Louis P. Marechal, Francis Bigley, John Klekotka, Harold McGrath and Albert Cerulo.

The ring committee is functioning already, and its members plan to submit a report to the class as soon as all the bids submitted by the various firms for the contract have been taken into consideration.

Smith Is Elected To Trustee Post

Continued From Page One

last year. Some of the prominent clubs to which Mr. Smith belongs are the Philadelphia Country Club, Seaview Golf Club and the University Club.

In educational circles he is known as the founder of the Kingsley Club, a school for those with defective speech. There is a school in Philadelphia and one in New York.

The addition of Mr. Smith brings the total membership of the board to seven. The other members are: Rt Rev. Mortimer A. Sullivan, O. S. A.; Rev. Edward V. Stanford, O. S. A., president of the college; Rev. Doctor Francis Tourscher, O. S. A.; Rev. J. J. Farrell, O. S. A.; Rev Charles J. Melchoir, O. S. A., procurator of the college; and Philip A. Hart, president of the Bryn Mawr Trust Company.

CONCERT FOR YOUTH TO BE HELD NOV. 9

Music Will Be Played by the Philadelphia Orchestra Led by Stokowski

WERE POPULAR LAST YEAR

The second Concert for Youth of the current season will be given in the Academy of Music at 8.30 o'clock on Thursday evening, November 9. The music will be played by the Philadelphia Orchestra under the direction of Leopold Stokowski, its famous conductor.

Only young people between the ages of 13 and 25 are permitted to attend these concerts, the purpose being to arouse an interest in the finer types of music among the youth of the country.

A fine program has been arranged, containing for the most part numbers by modern composers. It includes "Rhapsodie Espagnol," by Ravel; "Jungle," by Josten; "L'Apres-midi d'un Faun," by Debussy, an oboe solo, "Swan of Tuonela," by Sibelius, and "Pictures at an Exhibition," by Moussorgsky.

Tickets for this concert are on sale at Haly's Ticket Office and Presser's Music Store, on Chestnut street. There are two ways of buying tickets, either a single ticket for each concert or by buying a series of tickets for all the concerts at once. The price of single tickets ranges from 25c to $1.000, and tickets for the whole series run in price from $1.25 to $5.00.

These concerts are of a distinctly worthwhile nature, and deserve the backing of every student at the college. The extremely low price of the tickets make the affair within the reach of all.

There are to be five concerts including that to be played on November 9. The dates for the other performances are: January 11, February 22, March 22 and April 12. In addition to these a special Christmas Holiday Concert is to be given on December 28. Tickets for this special concert may also be purchased at Haly's Ticket Office.

Frosh-Sophs Meet In Big Field Day

cars as we covered 7655 miles in the seven weeks of our trip. Of this amount 6566 miles was made on a freight train; 672 miles in an automobile; 417 miles by passenger train on the "blinds."

We were in 14 States and Mexico. Among the large cities on our itinerary were Pittsburgh, St. Louis, Oklahoma City, El Paso, San Diego, Los Angeles, Hollywood, Oakland, Columbus, Indianapolis, Kansas City, Pueblo, Amarillo, Tucson, Yuma and Salt Lake City.

In conclusion, the trip was educational, interesting, sometimes dangerous, with lots of adventure, such as bumming meals in restaurants and private homes and sleeping in box cars, or on anyone's lawn. When one felt the need of washing up, he directed his steps to a river or a Salvation Army shower bath.

When we had to shave, we went to a gasoline station because we could use the mirrors in their wash rooms. When we couldn't beg for a meal, we looked up a select restaurant where meals were sold for one cent, and if we were tired and wanted a bed for the night, we looked up a first-class hotel which rented beds for 15 or 20 cents a night.

It is a tough life on the road; so hard that even our more experienced colleagues told us that we were too young to try anything of this nature. Among the many persons one encounters on the roads are young girls and even whole families. It may seem incredible, but there were more than 300 fellow "guests" traveling on the same train with us when we crossed the border line of California.

Red Cross Contribution Made

Villanova's annual contribution to the Red Cross fund amounted to $15.50. Six dollars was contributed by the students of the Business School, and the remainder was collected from the students of the other schools on the campus.

The money was received last Wednesday by Leo Cordiale, chairman of the student council.

FOUR FORMIDABLE FOES STILL FACE WILDCATS

Albright, Boston, Temple and Rutgers Remain on Schedule; All Show Strength

The Villanova outlook for this week-end, according to past scores, is as bright as the Wildcats have faced so far this season. Our opponent is Albright. So far this year the Albright team has had one of the worst records in its recent history. It has played two games losing first to a powerful Fordham University squad to the tune of 52 to 0. Its second contest resulted in its second defeat. LaSalle this time was its conqueror and came out on the long end of a 12 to 0 score. Since the LaSalle game the boys from Reading have had a rest and have had plenty of opportunity to improve. They may offer more resistance than is expected.

Boston College, after being unscored upon by St. Anselm's, Loyola and Centre College, met her first defeat at the hands of Fordham. Last week-end she met her old rival from the Hub, Boston University, and the usual hard fought scrap resulted. B. C. still stands as a formidable opponent.

Temple, our opponent on November 25, met our conquerer in that never-to-be-forgotten Alumni Day game with Bucknell. Up until this time, the Owls had defeated South Carolina, lost to the powerful Carnegie Tech eleven and swamped the Haskell Indians. The Temple game, as always, will be close and hard fought.

Our last opponents have played four contests. Rutgers, however, was not really tested until they met Colgate and the result was a 25 to 2 defeat. It is still a long time till December 2 and with more than a month to go everything might happen.

Randour, Patzsch, Wiesenbaugh and Carroll Cook Score for Villanova

PATZSCH RUNS 65 YARDS

Continued From Page Five

pleted. Randour's quick kick rolled to the one-yard line. Welch punted to the 43-yard line. Villanova penalized five yards.

Cavanaugh threw a lateral to Cook, who was downed at the 37-yard line. Randour made a yard at right tackle. Cook carried the ball on a double reverse play but was stopped at the line. Randour made 15 more yards at right tackle as the quarter ended. Patzsch made six yards through right guard. Cook went through left guard to the three-yard line. Randour scored on a drive through center. Lee made the placement.

Second Quarter

Lee's first attempt went out of bounds on the five-yard line, and the second went over the goal line. Welch made three yards at center. Downey quick kicked to the Villanova's 33-yard line and the ball was returned to the 48-yard marker by Randour. Cook stopped at the line. Cavanaugh's pass to Randour was incompleted. Manhattan penalized five yards. Patzsch made five yards through left guard. Villanova penalized 15 yards for clipping. Randour thrown for a two-yard loss on an attempted end run. Randour quick-kicked over the goal line. Downey was stopped at the line, and then made a yard at center. Welch punted to Randour on the Villanova 45-yard line and the ball was returned to the 17-yard line. Cook circled left end for eight yards. Patzsch was stopped at the line. Randour fumbled and Welch recovered on the 14-yard line. Owen made a yard around left end, and Welch did the same. Welch lost a yard when forced to run a bad pass for an intended punt.

Michaels broke through and blocked and recovered Welch's punt on the two-yard line. Patzsch made a yard. Randour failed to gain. Cavanaugh put the ball on the one-foot line, and Randour scored. Cavanaugh drop-kicked the extra point. Blanchard kicked off to the five-yard line, Downey fumbled the kick and was thrown in his tracks. Owen made two yards at right guard. Owen fumbled, but Manhattan recovered on their own 25-yard line. Villanova penalized five yards. Downey passed to Smith on the 35-yard line. Welch crashed the line for six yards, and Downey did the same for seven more. Downey passed to Smith on the Cats 40-yard stripe. Villanova penalized five yards as the half ended.

Third Quarter

Randour returned Kan's kickoff from the 10-yard line to the 27-yard line. Randour made a yard and Weisenbaugh made 21. Randour ran to Manhattan's 34-yard line, and made two more yards through right guard. Weisenbaugh streaked for 19 more yards. Randour lost three yards, and Weisenbaugh made nine yards on the next two plays. Randour thrown for nine yards. A pass, Spellman to Downey was incompleted. Spellman's quick kick was returned by Randour from the 11-to the 21-yard line. A 15-yard penalty on Villanova put the ball on its own one-yard line. Randour rushed the ball from a punt formation to the three-yard line, and kicked it to his own 33-yard line on the next play. Downey made two yards, and a pass, Spellman to Barkaus put the ball on the Villanova 25-yard line. Downey fumbled and was thrown for an 11-yard loss. Downey's pass to McCarthy was batted down by Cavanaugh. Randour was stopped on an end run, but Weisenbaugh ran 38 yards on a reverse play around left end. Villanova penalized 15 yards. Cavanaugh's pass to Cook was good on the three-yard line. Cook scored through left tackle and Lee kicked the extra point.

Connell kicked off and Zizac returned the ball three yards to the 38-yard line. Then Patzsch went through left tackle, and with great running and good interference he ran 62 yards for another touchdown. Lee kicked the extra point. Cook returned Connell's kickoff 17 yards to the 29-yard line. Patzsch fumbled and was thrown for a 10-yard loss. Walsh made 11 yards on the next two plays. Korchinski kicked out on Manhattan's 38-yard line. Spellman's pass intercepted by Cook on the 44-yard line. Walsh, Patzsch and Cook made five yards each in the next three plays.

Fourth Quarter

Weisenbaugh made four, Wetzler made one at left tackle, Walsh made two, and Wetzler made eight yards in four rapid plays. Hurlburt fumbled and Whalen recovered for Manhattan. Weisenbaugh intercepted Spellman's pass on the 23-yard line and returned it for 10 yards. Walsh made five yards on the next two plays. Wetzler ran the end for another yard, and Weisenbaugh broke through left tackle for the touchdown. He also kicked the extra point. Walsh returned Whalen's kickoff 25 yards to the 33-yard line. Weisenbaugh made nine yards, Manhattan penalized five yards. Weisenbaugh made two yards and Walsh ran for 16 more. Villanova penalized 15 yards. Weisenbaugh crashed left end for two yards, and then scampered through left tackle for a touchdown. Walsh's try for the extra point was blocked.

Walsh returned Whalen's kickoff from the goal line to the 24-yard line. Marion made five yards on the next two plays. Weisenbaugh lost a yard. Korchinski kicked to Spellman on Manhattan's 37-yard line. Girard made 11 yards through left tackle. Villanova penalized five yards. Marion intercepted Spellman's pass on his own 38-yard line and returned it for nine yards. Patzsch made three yards on the first, seven on the second, and eight on the third consecutive spinner through right guard. Marion made 10 yards on an end run, and Walsh likewise made two more. Patzsch's fumble was recovered by Dorn on Manhattan's 15-yard line.

Manhattan's last three plays netted two yards each for Downey in the first and third, and three yards for Owen in the second.

Pin Is Found

A 14k. gold pin containing 19 pearls with the initials C. R. M., was found on September 29, 1933, on Ardmore avenue, Ardmore. There is also a smaller pin with the initials A. O., which also contains 19 pearls. The pins may be claimed at the President's office, 139 Mendel Hall.

SWIMMING CANDIDATES REQUESTED TO REPORT

Names of Aspirants for the Team Should Be Turned In at the VILLANOVAN Office

Varsity swimming practice will begin this Friday, at 3 P. M., under the direction of Professor Martin L. Gill. All candidates are requested to be present promptly at that time. Candidates should leave their names in the VILLANOVAN sports office, near the rear of the dining hall.

Professor Gill expects to form a strong team this year, and plans to book a stiff schedule. As there was no team last year, he has no veterans to form a nucleus for this year's combination.

The list of events in which there will be participation is as follows: Freestyle, 50-yd., 100-yd., 220-yd., and 40-yd. dashes; back stroke, 100- and 150-yd. dashes; breast stroke, 100- and 200-yd. dashes. There may also be diving competition.

Those students desiring swimming instruction should report at the pool on Thursday or Friday at 2 P. M., when definite dates for instruction will be set.

FOURTEEN COMPANIES SUBMIT RINGS; GIVES JUNIOR CLASS WIDE SELECTION

Committee's Choice at Present Narrowed to Samples Submitted by Witteman and Co., and Bailey, Banks and Biddle Company, Both of Philadelphia

FINAL PRICE NOT DECIDED

Slight Change in Dyework on Present Ring Is Expected

The newly appointed ring committee of the Junior class has been working very diligently during the past week, and Edmund Piszczek, chairman of the committee, expects that the rings will be ready before Christmas. Bids for the contract, with respective samples of their workmanship have been received from at least 14 companies in this vicinity with established reputations. At the present time, however, the committee's choice seems to have narrowed down to two companies, namely, Witteman and Co. and Bailey, Banks and Biddle, both concerns being from Philadelphia.

This process of selection was performed by the committee, only after each ring had received a careful scrutiny by means of a microscope, and considerations were made for the price and corresponding durability of the ring. As to the exact nature of the ring, nothing of certainty is known. However, a deviation from last year's ring is expected, in regards to dyework.

Piszczek, when asked to make a statement concerning the progress of the committee, said: "I am very well pleased with the co-operation shown by members of the committee. Although it is too early to make predictions, I am quite sure that we shall be able to give the class a very fine ring from the viewpoint of design, price and serviceableness."

Assisting Piszczek on the committee are: Edward Sullivan, Louis F. Marechal, Francis P. Bigley, John Kietkotka, Harold D. McGrath and Albert Cerulo.

ORCHESTRA DECIDED FOR VICTORY DANCE

Villanovans Are Scheduled to Play at Annual Owl Hop

SUBSCRIPTION IS $1.50

The Villanovans were decided upon as the musical feature for the Villanova Engineers' Owl Hop Committee, the annual social function of the Phi Kappa Pi fraternity, to be held after the Villanova-Temple clash, November 25. This decision was reached at a recent meeting of the committee.

The committee, under the capable chairmanship of Joseph P. Callaghan, reports that after auditions of many locally popular orchestras, the decision was reached due to the fact that this year's Villanovans ensemble is the best it has ever been.

Paul D. Teel, the new musical director of the Villanovans, assures everyone that he will present a combination of musicians which will win approval from the severest critics of modern dance music. Mr. Teel, an accomplished musician, was very much pleased to express himself in such a manner because he bases his contention upon the fact that practically every member of the Villanovans has had at least seven years of musical education and has played in other orchestras during the summer vacations.

DEBATING LEAGUE DECIDES SCHEDULE

Paetrus F. Banmiller Is Elected President of Men's Division

ROUND ROBIN IS PLANNED

The initial meeting of the Philadelphia Inter-Collegiate Debating League was held in Houston Hall of the University of Pennsylvania, last Wednesday evening. The colleges represented were Villanova, Pennsylvania, Temple, LaSalle, Rosemont and Immaculata. Pennsylvania and Temple had representatives of both men's and women's teams present. The meeting was called for the purpose of electing officers and arranging the schedule of debates for the coming season.

Gerald Devlin, of the University of Pennsylvania, was elected president of the league and Mr. Spigley, of Temple, was made secretary. Paetrus Banmiller, of Villanova, and Mr. Harvey, of LaSalle, were elected president and secretary, respectively, of the men's division of the league, while Miss McDonald, of Rosemont, and Miss Price, of Temple, hold the same offices in the women's division.

Each team will meet the other teams in its own division once. The winners of each division will meet in a debate for the championship some time next spring. The schedule calls for Villanova debating Temple, December 11; LaSalle, February 5, and Pennsylvania; February 26. The place of these debates will be decided upon in the near future.

Besides the part it will play in league debating, Villanova is looking forward to an extensive program with colleges which are not members of the league. The manager of debates here at Villanova announced that many colleges have sent in challenges. He hopes to have a tentative schedule ready for the next issue of this paper.

In past years, there has been very little freshman debating done at Villanova. However, due to the large group of freshmen who have joined the Beta Gamma this fall, it is felt that the society has enough material to meet the first year teams of a number of colleges. Gerard Racine, of the Freshman Class has been chosen manager of the new team.

NEW APPOINTMENTS MADE ON ENGINEER

Magazine to Make Appearance in Latter Part of Week With Many Features

NEW COVER FOR DECEMBER

Two new appointments, to take effect immediately, have been made on the staff of the Villanova Engineer. William C. Levis, '34, and George A. Odewalt, Jr., '35, have been designated copy editors for the periodical.

In the feature section of the November issue of the Villanova Engineer which will appear in the latter part of this week, four interesting and informative articles have been written by members of the staff.

The first of these is called Engineering History and is an interview with R. H. Fernald, D. Sc., Ph. D., dean of the Towne Scientific School of the University of Pennsylvania and is written by Thomas P. Fitzpatrick. An article that should be of interest is an interview with A. F. Dogit, architect of the new Monastery now nearing completion. This interview is narrated by the editor, Paetrus F. Banmiller.

Two other features are written by Roberts Bouson and Russel F. Hurst. The former writes "Engineers to the Rescue," and the latter discusses, "The Engineer as a Manager."

Besides these features there is the usual campus and fraternity news and other interesting bits of information. For the December issue, the Engineer will appear in a new cover. According to the editor, this cover will be attractive, modernistic and at the same time informative.

Hitch-Hiker Travels to Los Angeles And Returns With Profit of $1.00

By RUSSELL MARCOUSE, '35

EDITOR'S NOTE.—Stirred by Francis Grow's story in last week's VILLANOVAN, Russell Marcouse, a junior in the Business School, has decided to relate his experiences. The following is the first of two episodes.

With $30 in my pocket at Philadelphia last summer, I hitch-hiked to the West Coast, saw the Grand Canyon of the Colorado, climbed to the summit of Pike's Peak, and experienced a number of other interesting and thrilling episodes. I returned with $31.

In going to Los Angeles, the only trouble I had in getting lifts was after I hit the mountains in Colorado past Denver. I took the wrong route and cut across the highest and least traveled part of the Rocky Mountains where the Government was just cutting thin new roads and building over old trails. On my second day from Denver I had only gotten about 60 miles. In the afternoon of the day I found myself in a little village of 70 inhabitants up in the mountains at the foot of a much higher mountain through whose summit the Continental Divide ran. I had been there for two hours and not one machine had gone by. About 4.30 P. M. a little Ford came down on the road which ran down from the Continental Divide. It stopped in front of the store where I was standing and a gray-haired man got out. He told me that he was getting provisions to take back to his camp up the mountains where he had his sister and her husband, who, because of financial reverses, had lost his mind. His doctor prescribed complete solitude for him. The gray-haired man told me that he would give me a lift up the mountains where I would probably have a better chance for

Spiritual Bouquet Offered For James Walsh's Mother

A spiritual bouquet, to be presented to the family of Mrs. John J. Walsh, mother of James Walsh, a Junior student in the Arts School, was offered by the student body in sympathy for her untimely death. Mrs. Walsh died in the Lankenau Hospital, in Philadelphia.

The bouquet consists of 384 Masses, 361 rosaries, 292 visits to the Blessed Sacrament and 271 Holy Communions. The bouquet contains the signatures of 208 of the resident students who pledged themselves to fulfill this obligation cheerfully and of their own accord.

Funeral services will be held on Tuesday morning at 8 o'clock, in Saint Benedict's Church in North Philadelphia. The VILLANOVAN wishes to express, in the name of the student body, its deepest expressions of sympathy to James Walsh in this dark moment of his life.

ENTHUSIASM RUNS AT PEAK ON CAMPUS AS STUDENTS ANTICIPATE ANNUAL TRIP TO HUB CITY FOR CLASSIC BOSTON GAME

Cheering Section Will Leave for New York at 1.15 P. M., Friday, in Buses; Will Take Boat to Fall River, Mass.

With enthusiasm running at its peak, the cry of "On to Boston" is a byword on the Villanova campus this week in anticipation of the annual student exodus to the Hub city, where they will witness the ancient gridiron tussle between the fighting Wildcat eleven and the strong Boston College team, next Saturday.

Rev. Bernard M. Albers, O. S. A., vice-president of the college, said that the demand for tickets, which went on sale in the bookstore yesterday, is already pointing to a large turnout of local spectators. The ticket sale for the New England pilgrimage closes promptly at noon, Thursday, so that the college officials may make final arrangements for sleeping accommodations and with the commissary department of the transportation company.

According to plans outlined by Fr. Albers for the VILLANOVAN, those making the trip may plan to leave the college next Friday afternoon at 1.15. They will make the trip from Villanova to New York City on the Short Line busses.

When the delegation arrives in New York, they will proceed to North River Pier No. 14, where the S. S. Commonwealth, crack liner of the Fall River Steamship Company, will leave at 5.30 P. M. The boat docks the following morning at Fall River, Mass. Busses will be waiting to transport the group to the Bos

PLANT OPERATIONS WILL BE INSPECTED

Mechanical Engineers Plan to Observe Metal Tubing Works in Conshohocken Plant

INITIAL TRIP THIS YEAR

A trip to a metal tubing company in Conshohocken for the purpose of inspecting and studying the various operations of the plant will be made by the students in the Villanova chapter of the American Society of Mechanical Engineers next Thursday. This is the first trip of its kind to be made by this group this year. It is expected that many interesting and instructive operations will be explained.

During the past few weeks the officers of the society have been very busy outlining plans for the school year of 1933-34 in order that the members may be assured of a complete program. Their plans are now nearing completion. The next trip to be made by the group will be to a coal mine, although the date for this trip has not as yet been announced. Other places to be visited will include an oil refinery and a cement plant.

At the first meeting of the year the new president, Victor L. Barr, '34, promised a more active year than the society has known heretofore. The other officers of the club who are working with him to fulfill this promise are Martin A. Donnelly, '35, vice president, and Frank J. McGinley, '35, secretary and treasurer. Thomas J. Morehouse, professor of mechanical engineering, is moderator for the society.

The meetings of the club are being held on the first and third Thursday of each month. Throughout the coming year at each one of these meetings a Senior member of the club will present a talk on some phase of engineering.

Membership this year is made up of two classes. Membership in the Student Branch of the A. S. M. E. entitles the student to participation in all contests sponsored by the national chapter, the use of the library club and the Engineers' Club in Philadelphia, the use of the students' loan fund and a subscription to the official publication of the society.

Freshmen engineering students as well as any upperclassmen who are interested in the society are requested to appear at the next meeting, which will be announced in the VILLANOVAN.

AWARDS MAY BE ISSUED

Catholic Press Apostolate Members May Receive Merit Cards

At the first meeting of the Catholic Press Apostolate, of Villanova College, held last Thursday evening in Room 210 Mendel Hall, there was a discussion on the advisability of issuing merit cards, as are issued to those students who participate in extra-curricular activities, to the members of the society.

The clipping boards in Mendel Hall, and in the Commerce and Finance School, for the general benefit of the student body, will be continued this year.

A prominent Catholic laymen of Narberth, Pa., will address the society at some future date. The subject to be presented will deal with Catholic authors.

TICKETS NOW ON SALE

Are Available in Book-Room; Early Demand Is Large

With enthusiasm running at its peak, the cry of "On to Boston" is a byword on the Villanova campus this week in anticipation of the annual student exodus to the Hub city, where they will witness the ancient gridiron tussle between the fighting Wildcat eleven and the strong Boston College team, next Saturday.

Rev. Bernard M. Albers, O. S. A., vice-president of the college, said that the demand for tickets, which went on sale in the bookstore yesterday, is already pointing to a large turnout of local spectators. The ticket sale for the New England pilgrimage closes promptly at noon, Thursday, so that the college officials may make final arrangements for sleeping accommodations and with the commissary department of the transportation company.

According to plans outlined by Fr. Albers for the VILLANOVAN, those making the trip may plan to leave the college next Friday afternoon at 1.15. They will make the trip from Villanova to New York City on the Short Line busses.

When the delegation arrives in New York, they will proceed to North River Pier No. 14, where the S. S. Commonwealth, crack liner of the Fall River Steamship Company, will leave at 5.30 P. M. The boat docks the following morning at Fall River, Mass. Busses will be waiting to transport the group to the Bos

ELECTRICAL GROUP NAMES COMMITTEES

A. I. E. E. Invites Interested Engineering Students to Join Its Ranks

TO MEET NEXT THURSDAY

The newly-formed Villanova Chapter of the American Institute of Electrical Engineers held its third meeting of the current year last Thursday.

Joseph P. Callaghan, president, appointed by-law, program and membership committees.

The by-law committee is composed of Edward McBride, chairman; John DeVine and Charles McGough. The duty of this committee is to draw up the laws and regulations of the chapter and present them to The Rev. Bernard M. Albers, O. S. A., vice-president of the college.

The program committee, consisting of Robert Andraca, chairman; John Steets and Paetrus Banmiller, will arrange trips and secure prominent speakers in the field of electricity to address the group.

The membership committee headed by William Burt, with Russel Flanigan and Joseph Gambionius as his assistants, will seek to increase the enrollment of the club, and invites all electrical engineers at Villanova to join. Meetings are held on the first and third Thursdays of the month.

The chapter owes its existence in

INVASION OF BOSTON

ANNUALLY the Wildcats invade Boston. The football contests between Villanova and Boston College have, in fact, become traditional. The entire Hub City has learned to anticipate these colorful combats when the invading Wildcats meet the defending Eagles in the latter's lair. This year, however, the battle promises to be even more colorful than in the past. Both teams boast of enviable records. Both institutions boast of spirited student bodies. The showing made by the student body two weeks ago, we believe, marked the revival of spirit in the Villanova cheering section. This weekend's excursion to Boston affords the opportunity to extend this enthusiasm to even greater heights. Considerable efforts have been put forth by the administration in order to provide the students with a convenient and interesting schedule. A bus ride to New York, an overnight sail on Long Island Sound, and a whole day in New York City are all included in the itinerary. Remember, a strong football team without a cheering section is like a group of military officers without an army. But a strong football team with a strong cheering section is a winning combination. We already have the strong football team. Let's give them the strong cheering section. Make the invasion of Boston an impressive and overwhelming victory.

"THOU SHALT NOT STEAL"

UNFORTUNATELY, it seems necessary to remind someone who has access to the day students' locker rooms that a violation of the Seventh Commandment is contrary to the laws of God and punishable under the laws of man. It seems absurd that it should be necessary to call this to the attention of anyone advanced in education to the extent of being a college student. It is, nevertheless, true that there have been a number of thefts committed in the locker rooms. There is no place in this college for the guilty party. The perpetrator of these felonious actions will be punished with the same consideration that he has manifested toward his own fellowmen. Students who have lost certain articles may have been lax in making their property secure with the use of a padlock. All are cautioned against leaving articles lying around. It would be safer not to offer the temptation to one who cannot resist taking the property of others. The students themselves are in the best position to check the actions of such a rebel. We would suggest that they lend their co-operation in apprehending the scoundrel. The authorities will take action promptly upon receiving substantial evidence.

YOU OUGHT TO KNOW

HATS OFF to Mr. Severance! What a splendid idea to run dances after the basketball games! Vacant seats at the games will now be the exception rather than the rule. No more will the fellow with the date appear as a side-show curiosity. The players should outdo themselves on the court with the one-and-only's eyes watching their play. From now on, Villanovans, our games will be successful financially, socially and athletically.

I suffered much embarrassment Hallowe'en. While standing before the Ardmore Theatre watching the masqueraders receive prizes for the unique nature of their costumes, I was seized under the arm by a burly cop. Believing that the arm of the law had stretched itself forth and finally nabbed me, I commenced to think up a suitable alias. But, strange to relate, I was taken before the judges of the night's minstrelry instead of to the cooler. The dawn came at length, and, divining their intentions to award me with the false-face prize, I broke down and confessed that the face wasn't worn just on Hallowe'en. Write in for a catalogue and I shall give you a complete list of the prices I charge to haunt houses.

The Radnor School bus that goes by the J.-V. football field in the afternoon, never passes but that a dozen very pretty hands and voices are raised in a friendly hello to Jim Fleming, the J.-V.'s stellar right tackle. Making tackles isn't the only thing in which Jim is adept.

Perhaps my column doesn't get better from week to week, but my typewriting certainly does. I love to typewrite and feel that this is the force that urges me on in the face of so much disapproval. There is something soothing in the tap-tap of my Remington. It's spell-binding and accounts for the hours I write heedlessly, as you, my dear readers unkindly say. No college man should be without this instrument. It's as necessary as your back suspender buttons. As economical to use as your roommate's stationery. It saves more time and inconvenience than your roommate's trips to the P. O. for you. Don't be without one, my friends, while my roommate and I will depart with ours for a very slight consideration. See us any time but during study hours. We're out then.

Frank Skaff, peeved at Bucenski's antics during J.-V. practice on Wednesday last, asked him in tones of impending danger whether he wanted to wrestle. Bucenski, deeming discretion the better part of valor, declined with this normalizing repartee, "Not today, Frank — It's a holy day."

Being imbibed with the full spirit of Hallowe'en and wishing to celebrate in a fitting and proper manner, that august and rotund individual who happens to be chairman of the Student Council had a swell time the other night. He was seen several times along the Main Line dressed in the latest feminine fashion. It is rumored that Leo's attire would have startled even the noted Mae West. Fellows, "Won't you come up and see me some time —any time?"

Did you know that: Even if you win on this "Eight winners out of 10 games" business, you're almost certain to lose? The football team next year will be far, far above expectations? A university in this State pays its pigskin toters $65 a month? Those in the know will give you 7-3 odds that the Wildcats will triumph over Temple? Lombardo will be in town ere long? A "fining 'Squire" got the best of Abe Ulitsky over in Jersey a week ago? Though he doesn't seem to realize it, a certain prof has a bad habit of telling the same funny (?) story time and again? Your date is likely to go "blah" over Bill McGraw; ours did at the Manhattan game? One of the football coaches would like to sell his car but can't do it? Charlie Cox's flame has died out? Hubie Gallagher pretends that he doesn't like to see his name in this column? Ralph Cherashore is apparently immune to the wiles of femininity, but he's going to be surprised not a little ere long? Earl, the bootblack, has a really fine voice and, if you coax him enough, he'll sing for you as he shines 'em up? Paul Loughlin, the blue-eyed baby of the junior class, no longer stays in Wayne 'til 12.10? Mike Clavin finds Bartlett (pears) just a bit sour at times? There's a really good reason for Fetlock Sholmes going up to New York so often?

COLLEGIATE NEWSREEL

IN THE University of Dayton News we came across a story that should prove that college boys still have the Harold Teen spirit: "That portion of the Denver populace not confined to sanitariums was treated to an unusual spectacle a few weeks ago when four students from the Colorado School of Mines drove a clanging street car of ancient vintage through the downtown streets of the city. The trolley, labeled 'Toonerville II,' was plastered with signs advertising an impending football game. The Denver constabulary made the escapade a short-lived affair. They stopped the car and arrested three of the students on charges of 'driving without a license, obstructing traffic and operating a trolley without a franchise.' The fourth member of the quartet was pinched for attempting to photograph his unfortunate brethren, police interpreting this action as 'trying to liberate prisoners'."

* * *

According to reports published by the Cleveland Board of Education, "boys fail their school courses more often than girls; but not because the girls are brighter. It is because boys pester their teacher more, and she consciously or unconsciously takes it out on them in the marking." We always thought that was the reason!

* * *

Minnesota co-eds are liable to a $10 fine or six days in jail if found wearing a fraternity pin, this being a violation of a State law. It would be very lovely if we only had a law in Pennsylvania that would help us to get ours back.

* * *

A Detroit City College track star, in need of dental work but out of funds, took three large gold medals to his dentist, which the molar expert melted, using part of the gold for filling the teeth and accepting the rest in payment.

* * *

At the University of Berlin students are allowed a period of six weeks to analyze and select their professors. Let's see now,—Nazi good, Nazi bad!

* * *

From the psychological clinic of the University of Hawaii comes the startling statement that 25 out of every 100 students will cheat if the chances of escaping detection are good. Inasmuch as practically everything else connected with college life is being insured, this form of "getting by" might just as well be considered.

* * *

Paging Leo Cordale and his Red Cross basket! "The region around Mobrara, Nebraska, is considered by the curator of the University of California as the most outstanding collection ground ever discovered."

* * *

At Black Mountain College, N. C., the conventional division of the college course into four classes has been abolished. Any student will be allowed to graduate when he can satisfy outside examiners that "he knows what he professes to know."

* * *

Did you know that Albert Einstein, eminent German scientist, considers the world to be cylindrical in shape, a theory held by a Greek philosopher in 600 B. C.?

Michigan 5-8430, please. Hello, hello, is Nertz there? Yes, it's Herman that I want. Believe it or not, there is such a person in Chi—call him up sometime!

* * *

In a radio talk the other evening a representative of Temple University said: "The babying influence of the home contrasts greatly with the independent influence of the university. College helps to bring out the character and individual personality of the modern youth, while home tends to deprive him of such personal development."

* * *

At Marquette all students living in fraternity houses have their names, characteristics and other foibles listed with the police.

* * *

Who said there is no chivalry in the modern college? The dean of Gettysburg College left a dance recently only to find his car occupied by a romantic young couple. Tipping his hat graciously, the dean proceeded to walk his wife home. We admire him, too!

* * *

North Dakota football fans are calling their team's schedule this year "Siouxcide."

* * *

Co-eds at the University of Missouri who pledged themselves not to eat more than fifteen-cents worth of food when out on a date are finding themselves popular.

The Salt-Shaker

A HUNDRED YEARS AFTER

IN THE classic halls of Oxford a small band of earnest and scholarly men, distressed by the growth of secularism, revived the almost forgotten concept of a city of God on earth." The 100th anniversary of that revival is being celebrated this year. It is difficult to congratulate the Anglicans without having that congratulation carry with it a tone of approval. Yet it must be conceded that Anglo-Catholicism has done much to instill into the hearts of modern Englishmen a love and reverence for things essentially Catholic. And so we voice our congratulations and, paradoxically, our disapproval.

An understanding of the position of the Anglican Church today must be preceded by a knowledge of the Oxford Movement, which dates its birth from July 14, 1833, when John Keble, an Oxford divine, preached a sermon entitled "National Apostasy," from the university pulpit. Generally speaking, it was an attempt made by zealous divines to introduce into the Established Church certain Catholic doctrines and practices which had been condemned by the so-called Reformation. The Established Church had shamefully neglected its religious duties. A rationalistic liberalism and a spirit of religious indifference were eating their way into the very marrow of English life and were gnawing at the vitals of society. Something had to happen. The Oxford Movement was that inevitable something.

The distinctive stamp of the Oxford Reformers was their sincerity. Typical Protestant Englishmen, as they were, they looked with horror on Rome. Catholicism they would accept, for that had been their ancient heritage, only now it must be English Catholicism, not Roman. Realizing, however, that Apostolic succession is a sure sign of the visible agency of the Holy Ghost, they attempted to establish their historical continuity from Christ. Newman, the master mind of the movement, undertook this difficult assignment. We all know how, in his attempt to establish this claim for the English Church, the indubitable authenticity of Rome's prerogative to unbroken succession was thrust upon him, and with that the consequent necessity of submission to Rome. Yet he did not submit without a struggle. Twelve years passed before the rays of the "Kindly Light" illumined his path, pointing out the signpost which read: "To Rome."

While there were many who followed Newman to Rome, there were many also who hesitated. Oxford was split into factions. No faction could definitely define its belief for the simple reason that it did not know what it believed. Keble and Pusey remained in the "Via Media," that is, they neither advanced to Rome nor did they revert to the Established Church as such. In other words, they attempted to awaken Catholicism without disturbing the Pope. This is about the same position the Anglicans hold today. They reject Papal Infallibility allegedly because of its narrowness and restraint, but actually because it means submission. They were Anglo-centric and Rome remained to them a foreign power. In place of Papal Infallibility they proclaimed the doctrine of individual liberty, which naturally engendered dissensions and separations.

What the future holds in store for them we can only conjecture. Undoubtedly they are on the path to Rome. The going is hard now because it is uphill, and pride and traditions and ties that are hard to break offer a stubborn resistance which will require a great exertion to overcome. But the Good Shepherd ever beckons them on. The final embrace within the fold will be a tender one. The severed branch will again cling to the Vine.

$1.00 PROFIT MADE BY STUDENT HIKER

Continued From Page One

a lift. I, being so disgusted, eagerly accepted his invitation and we rode up a steep, winding road. Soon we came to a little piece of flat land. There he stopped and let me out, explaining he had to go one-half mile in through the trees to where his camp was. Thanking him, I got out. As the noise of his motor died away, with nothing but snow-peaked mountains on either side of me, I stood feeling that I had even more solitude than the sick brother-in-law of his really needed.

For 15 minutes I stood there alone trying to feel at home among those Rocky Mountains peaks, but it was of no avail. They were cold and barren as the damp mist which was hanging over the mountains and which was gradually descending around me. It was growing colder and darker and I was getting stiffer and stiffer. I did not know what to do. My only companions were the mountains. I realized that the best thing to do was to make a fire. I made a bed of pine needles, gathered some pieces of dried wood and twigs, piled them up, bordered the whole thing with large rocks and put a match to it. It took more than one match to light it but soon I had a nice fire going. As my fire grew so did the mist until the clouds grew so heavy that they burst and that was the end of the fire. Standing there helpless, the cold rain pouring down, the mist scattering itself while floating around in the atmosphere, I timidly looked up at those big gray mountains feeling as if I were in the midst of great silent vaults. I believe I experienced what no other individual ever experienced before unless he was in the same situation. I don't know what I would have done if at that moment the gray-haired man had not come driving up bringing me some sandwiches and hot coffee. He explained that if it were not for his brother-in-law's condition he would invite me over to the camp. No sooner had he left when an old Ford came chugging up the road. Never had the sound of a Ford been so pleasant to my ears. It was a workman's car and he took me up to the camp which the Government had built for the road builders. I slept on sand bags in an open blacksmith shop. Never had I felt so secure even though I was told that there were mountain lions "Yere bouts." The next day I got out of the mountains into more civilized country but I had lost so much time that when at 11 o'clock that night I sleepily stumbled out of a truck in which I had been riding since 3 in the afternoon I jumped a freight which took me straight to Salt Lake City. After a "hot" trip over the desert, made during the day in an open truck, I arrived in Los Angeles more burned than alive.

The account of how Marcouse made his profit on the journey and then made the return trip home will be given next week.

Dial-Log

With radio taking a more important place in our life every day, many of the larger universities are beginning to offer courses in this interesting work. The latest college to add a radio course is the famous University of Southern California. The courses offered include the technique of broadcasting, control room operations and the other essentials which must be known before broadcasting becomes possible.

Many of the lecturers of the courses are guest speakers. U. S. C. has invited as one of their guests, George Givot, the famous "Greek Ambassador of Good Will." Givot will talk on the technique of kilocycle humor and will demonstrate his Greek accent.

But that's just in passing. Here are the new programs and the old ones which are still worthy of mention.

The season of orchestra openings continues with Eddie Duchin bringing his band back to the Central Park Casino. They will be heard three times a week over the Columbia hookup. Duchin will still be featured at the piano.

When Guy Lombardo and Fred Waring appeared as rival attractions in one of Chicago's theatres, the Pennsylvanians drew more people than the Royal Canadians. After seeing them last week in Philadelphia we know the reason why. That reminds us, the Lombardos follow the Warings shortly in a personal appearance on a Philly stage.

As for the dance bands, Little Jack Little's orchestra has finally materialized into the organization of which he has been dreaming, and he will move into the Hotel Lexington on November 8, replacing Ernie Holst... Mark Fisher will winter in the Baker Hotel, Dallas, Texas.... Dick Fiddler remains in the Lotus Gardens in Cleveland... Julian Woodworth is playing in New Haven... Jack Denny rests while Enrio Madriguera dispenses the rhythm at the Waldorf-Astoria in New York.

ENTHUSIASM KEEN OVER BOSTON TRIP

Cheering Section to Leave at 1.15 P. M., Friday, for Hub City

TICKETS NOW ON SALE

Continued From Page One

See field, about an hour's ride.

The athletic department of the college announced yesterday that the admission charge to Saturday's game will be $1.10 for students, and $2.20 for all other persons. Anyone desiring to take advantage of the ticket discount will be required to purchase the admission cardboards at the athletic office before the beginning of the trip.

As soon as the contest is over, it will be necessary that those planning to make the excursion leave the Boston College field immediately after the game for Fall River in order to make connections for the return trip of the boat.

Upon the arrival of the boat in New York, early Sunday morning, the delegation will proceed to old St. Peter's Church, three blocks from the boat dock in lower Manhattan, where Mass will be celebrated. From the time that Mass ends until the return to Villanova at 7.00 P. M. in the evening, the rooter's group may see the sights of New York.

Probably the highlight of the trip is the overnight trip to Boston on the boat. In addition to the famed cuisine of the Fall River Company, those making the trip will have the advantage of enjoying a trip to sea and the privilege of dancing on board to the strains of a prominent orchestra as well as the number of other entertainment facilities offered by the line.

The entire Villanova band will make the trip to Boston, and during the voyage, both going and coming, will serenade the passengers.

The scale of prices for the trip is as follows: Transportation from New York City to Boston, Mass., and return, $5.50; transportation to Boston, Mass., from New York, and return, with berth accommodations, two men to a stateroom, $6.50; transportation, stateroom, two dinners and two breakfasts, from New York City to Boston, Mass., and return, $9.00.

The cost of round trip transportation from Villanova to New York City will be $2.50.

Single full course meals may be purchased on the boat. Single breakfasts will be sold for 50 cents, and single dinners may be purchased for 75 cents.

a large measure to its founder, Harry S. Bueche, the new professor of electrical engineering. Prof. Bueche accompanied a group of the students into Philadelphia where they attended a meeting at the Engineers' Club. They later decided to form a chapter at Villanova.

WILKES-BARRE CLUB HOLDS INITIAL MEETING

Christmas Dance Plans Discussed but No Conclusions Reached; Nine Members Admitted

The first official meeting of the Wilkes-Barre Club for the current year was held last Thursday, for the purpose of initiating new members. During the course of the meeting, Rev. Bernard McConville, O. S. A., moderator of the club, gave a short talk to the new members, stressing the fact unity and cooperation were necessary in order that the club might retain the high standing that it has on the campus.

Plans for a Christmas dance to be held in Wilkes-Barre were discussed, but no definite conclusions were reached. This topic will be further discussed in a future meeting.

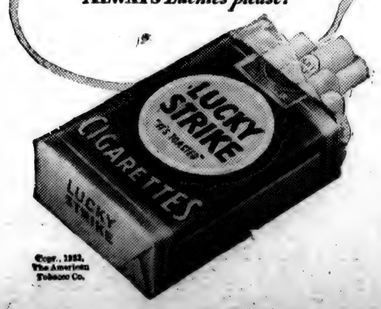
COSTLY TOBACCOS?

ALWAYS *the finest tobaccos*

ALWAYS *the finest workmanship*

ALWAYS *Luckies please!*



Copr., 1933, The American Tobacco Co.

Airplane view of American Tobacco Company warehouses at Reidsville, N. C.

One Hundred Million Dollars worth of fine Turkish and Domestic tobaccos are being aged by the makers of Lucky Strike

In fine warehouses like these—open to soft Southern breezes—a huge reserve of choice Turkish and Domestic tobaccos is aging and mellowing. 27 different kinds of tobacco, "the Cream of the Crop"—for nothing but the best is used to make Luckies so round, so firm, so fully packed—free from annoying loose ends. That's why Luckies are always so mild, so smooth.

"it's toasted"

FOR THROAT PROTECTION—FOR BETTER TASTE

Sideline Slants

By the Sports Editor

AS THE 1933 football season progresses, we have noticed one important improvement in the Villanova football team. Last year we would not have been greatly surprised had the score of Saturday's game been 18 to 0 instead of the 21 points garnered by the Wildcat's gridiron machine. As Saturday after Saturday rolls by, the importance of the extra point after touchdown looms across every gridiron horizon. Games have been won and lost by this vital art, and we can safely say that our experts rank with the best in intercollegiate football. Let us wander over some of the other games played Saturday in the various parts of the country. Dartmouth's 17th attempt to defeat Yale was again thwarted by the toe of Charley Curtin, who booted the two placements necessary to give Yale a 14 to 13 victory. Perhaps it is a coincidence that Curtin comes out of the line; in fact, out of the same position as our own Barney Lee. Western Maryland baited a powerful Bucknell team by the extra point, 14 to 13. Gettysburg upset Ursinus, 13 to 12. Michigan downed Illinois, 7 to 6. Then add onto these games eight others that we know of that were decided by the extra point. Barney Lee's performance on Saturday was remarkable to the extent that he has missed only one try for the point in 13 attempts. Lee seems to have the knack of direction as well as terrific power. All three boots went outside of the stadium Saturday, which is enough proof of their length.

• • •

BOSTON COLLEGE, traditional rivals of the Blue and White, will offer plenty of stiff opposition next Saturday at Boston. Defeating Georgetown is no mean feat, but when the Eagles made passes responsible for all their tallies, things don't shape up so well for the Wildcats. It has been evident all year that the one weak spot in the 'Cats' playing was their defense against passes. If the Villanova team hopes to give the Boston aggregation a drubbing they will have to solve their pass attack. This is the only salient feature in the Boston club and if the 'Cats can build an air-tight defense, the final score ought to be well in the favor of the Wildcats.

• • •

THE 150-lb. football team lost its second game of the year to the Yale lightweights on Saturday. The score was 12 to 0, which at this time is immaterial to us, at least. It is far more pleasing to us if they win, but win or lose, we are behind them all the way. The team was organized a few years ago for the purpose of giving students an opportunity to indulge in football and representing the college in this branch of athletics. These two purposes have become a reality, but far more important than these two, they have succeeded in establishing a spirit amongst themselves that is the last word in co-operation. Good fellowship is their motto, and this was brought to our attention very strongly by a few tales that we heard concerning them. Receiving a certain amount of money for expenses on their trips, the coaches found that it would not be sufficient to take all of the players on the trips. When the players who had assured themselves of permanent berths on the team heard of it, they generously offered to pay a proportionate amount of the extra expenses so that the rest of the squad could accompany the first-string men. Coaches Lenzi and Wronski have run into very bad luck this year, and yet we have not heard one excuse from them. They have taken the defeats in a manner that impresses us more than ever, and, moreover, they have succeeded in instilling into their players the real Villanova spirit.

• • •

THE ATTENDANCE of Villanova students at both the Manhattan and Albright games should have been very pleasing to the school authorities. Saturday the Wildcats journey to Boston to do battle with the Eagles, and we hope that there will be another large student aggregation to follow and support them. Lets get behind the team and show the boys that we are all with them.

ALBRIGHT DEFEATED, 21 TO 0

Wildcats Triumph Easily As Randour Scores Twice

Wiesenbaugh Also Tallies While Barney Lee Kicks All Three Points; Michaels and Blanchard Are Line Stars

THIRD QUARTER IS ABBREVIATED

INHALING DEEPLY in a game that was carded as a breather, a strong Villanova gridiron machine romped to an easy 21-0 victory over Albright College, at Reading, last Saturday afternoon.

Tallying twice in the second quarter and again in an abbreviated third period, the Wildcats stuck to plain football. Contented with punching holes in the center of the line and sweeping the ends, the Blue and White garnered their three markers without the use of passes.

Captain "Whitey" Randour and Joe Wiesenbaugh were responsible for Villanova's scores, with Wiesenbaugh and Randour crossing the final stripe in the second period, and Randour scoring again in the abbreviated third period. Barney Lee accounted for all three points after touchdown. On the line Eddie Michaels and Don Blanchard were outstanding for Villanova.

First Quarter

Blanchard kicked off to DeFranco, who returned the ball to the 20-yard stripe. After a five-yard penalty against the Wildcats, Albright still failed to gain and Conway dropped back to punt. However, a bad pass from center spoiled the play with a loss of 10 yards. Conway's subsequent kick went outside at the 40-yard line.

Randour's punt was returned to the 24-yard marker by Hino. The game then began to seesaw with Conway again kicking outside, this time at the 38-yard line in Albright's territory. Failure of the Wildcats to gain brought about a kick over the goal line by Whitey Randour. DeFranco's off-tackle thrust netted the Parsons 27 yards before Grimberg downed him on the 47-yard stripe. A kick went outside on Villanova's 18-yard line. Another seesaw play with a kick by Randour back to Albright's 30-yard stripe. Two incomplete passes netted the Parsons a five-yard penalty, after which Conway booted the ball back to the Blue and White's 38-yard line. Interference with the passer and it became first down. Another kick by Randour, going out on the 19-yard line, and Conway returned, with a punt to the 43-yard line. An incomplete pass by Randour and two plays by Patzsch and Whitey made a Wildcat first down. Then a break through the line by Cook and the period ended scoreless.

Second Quarter

Patzsch through center and then Randour on the same play netted two first downs and placed the ball on the nine-yard chalk line, from which Randour took the ball over the goal line for a six-pointer. The extra point was gained by Lee's kick. Blanchard kicked off to DeFranco who returned it to the 20-yard line. Conway's kick was returned by Randour to midfield, whence Cook took the oval to the 34-yard line.

Wiesenbaugh, substituting for Patzsch, ran the oval to the 28-yard stripe. Randour made a first down, placing the ball on the 14-yard line. With one down left, Wiesenbaugh took the ball over for a second tally. Once more Lee kicked the extra point.

Lee kicked off and Conway returned to the 24-yard stripe. A kick by Conway and Randour brought the ball back 35 yards to Albright's 34-yard line. After 20

The Line-Up

Villanova		Albright
O'Donnell	left end	Ostinio
Zizac	left tackle	Gass
Blanchard	left guard	Karlovich
Nowe	center	Lund
Lee	right tackle	Repler
Michaels	right guard	Lease
Grimberg	right end	Sutcliffe
Cavanaugh	quarterback	Hino
Randour	left halfback	De Franco
Cook	right halfback	Conway
Patzsch	fullback	Iatesta

Score by periods:

Villanova	0	14	7	0—21
Albright	0	0	0	0— 0

Referee—John R. Trimble, Duquesne. Umpire—A. M. Barron, Penn State. Head linesman—J. Howard Berry, Penn. Field judge—E. T. Merritt, Illinois. Time of periods—15 minutes.

Villanova	0	14	7	0—21
Albright	0	0	0	0— 0

Touchdowns—Randour, 2. Wiesenbaugh. Points after touchdowns—Lee, 3. Substitutions—Villanova: Wiesenbaugh for Patzsch, Hurlburt for Cavanaugh, Korchinski for Grimberg, Goggin for O'Donnell, Brodnicki for Lee, Wetzler for Cook, Foster for Michaels, Myles for Zizac, Vidnovic for Blanchard, Searight for Nowe. Albright: Holdeman for Sutcliffe, Yeutch for Holdeman, Buchie for DeFranco, Orr for Buchie, Lease for Yeutch.

Villanova's Strategic Quarterback

Toby Cavanaugh, the leading member of the Wildcat brain trust, whose clever calling of plays has enabled the varsity to run up large scores and whose trusty toe has placed himself among the foremost field goal kickers in the country.

Yale Lightweights Tally Over Wildcat 150-lb. Team

Game Marred by Numerous Penalties; Coyle Is Star

SCORE IS 12 TO 0

Special to the VILLANOVAN

NEW HAVEN, Conn., Nov. 4.—The Villanova 150-pound football team met its second defeat of the season last Saturday afternoon when it lost to the Yale Lightweights by a 12 to 0 score. The game, although very closely contested, was marred considerably by many penalties for offsides, and in most cases they were against the Main Liners.

The game opened with the Antonys kicking to the Elis. Yale, however, anxious to see what the visitors had to offer, immediately kicked and the Villanova team attempted to march up the field. One first down was made, but chances for another were considerably hampered when three offside penalties were called during the next four plays. Villanova kicked and Yale returned the ball to the middle of the field. A determined march followed and aided by several more penalties the Elis succeeded in scoring their first touchdown of the day. Kling, Yale right halfback, plunged over from the four-yard line for the tally. The try for extra point was blocked.

During the second quarter with the ball in their possession, the Antonys added two more first downs but the Yale forward wall held and Villanova again lost the ball near the middle of the field. Again the Yale offensive, running like clockwork, slowly but surely pushed Villanova backward. With but a few minutes remaining of the first half and the Elis in possession of the ball on the 'Cats' five-yard line, three line bucks were frustrated and it seemed that the Villanova team would hold, but on the last play a spinner off tackle with Shepard carrying the ball netted six more points for the home team.

During the third quarter the Villanova team on a sustained drive carried the pigskin from their own 30-yard line to the Yale 10-yard marker. Charley Menapace proved to be the spark which urged the fighting determined 'Cats onward. However, the Rambling Antonys' hopes were crushed when on the next play a 15-yard penalty was inflicted for holding. This seemed to take the spirit out of the visitors and for the remainder of the contest the two teams seesawed back and forth in the middle of the field, neither side again being in scoring position.

The line-up:

Yale 150s (12)	Pos.	Villanova
Murdock	left end	Shapiro
Terry	left tackle	O'Shea
Weigle	left guard	Caulfield
Smith	center	Falone
Knox	right guard	Acque
Gilpatrick	right tackle	Hines
Kelly	right end	Santanello
Degnan	quarterback	McBride
McClintock	left halfback	Murphy
Kling	right halfback	Kraft
Shepard	fullback	Dwyer

Touchdowns—Kling, Shepard. Substitutions: Yale—Lee, Chatfield, Hull, Byington, Tansey, Suttis, Allen, Heinap, Hughes, Phillips, Sector, Cates, Venter, Granberry. Villanova—Dunnigan, Neylon, Keffer, Cavanaugh, Gough, Scerca, Cayle, Sheviand, Menapace, Kelly, Kapic, Marechal, Rodgers, Petinga, Kane, Kennedy. Referee—Frechette, New Haven. Umpire—Talbot, New Haven. Linesman—J. King, West Haven. Time of quarters—12 minutes.

Our Predictions— How Good Are They?

With the defeat of Notre Dame and Holy Cross our average dropped some. Seven victories, two defeats and one tie marked our predictions last week. If we can't pick them better, we're going to resign. Honestly. Here they are for this week. The first named are going (?) to win.

Ohio State vs. Penn.
Army vs. Harvard.
Navy vs. Columbia.
Pitt vs. Duquesne.
Lafayette vs. Rutgers.
Fordham vs. N. Y. U.
Bucknell vs. Furman.
Albright vs. West Chester.
Holy Cross vs. Manhattan.
Southern California vs. Stanford.

AUSTIN FAVORITE TO CAPTURE TITLE

Fedigan Bows 18-6 to Austin; Alumni Scores Win Over Mendel Hall

Austin Hall, favorites to win the touch football championship, continued on its winning way Sunday morning on Mendel field at the expense of Fedigan Hall, humble occupants of the cellar. The score was 18-6.

Austin opened the proceedings by kicking off. Leahy ran the ball back to the 30-yard line and after two unsuccessful passes, Collins punted to Austin's 35. Murphy circled right end for 15 yards and on the next play tossed to Connors for 20 more. But at this point Fedigan tightened up and after gaining only three yards on three plays, Shevland punted out of bounds on the opponent's 10-yard line.

Shevland kicked off for Austin and Shea returned the ball to the 40-yard stripe. Collins made five yards on a reverse but Leahy's pass to Shea was incomplete. Nevertheless the frantic efforts of Collins and Leahy to complete a long pass finally bore fruit. On third down the latter tossed a sensationally long pass to Mahan who was on Austin's 15-yard line, but Connor leaped up and battered down the ball and

Villanova J. V.'s Defeated by Penn, 31 to 0

Ferdinand, Penn Ace, Makes 18 Points as Quakers Win

Buzenski Runs 35 Yards for Longest Romp of the Day; Violetti and Zimkus Star for Wildcats

TO PLAY RUTGERS JAYVEES TODAY

ONCE AGAIN the Villanova junior varsity team suffered defeat at the hands of the University of Pennsylvania jayvees in their second annual contest at Franklin Field. The Red and Blue team scored in every period to produce a 31-0 victory. Ralph Ferdinand led the victors, with three touchdowns, and James Suffredini, diminutive halfback, gave a good account of himself with his open-field running. Villanova's outstanding player was Buzenski, who did the punting. He also made a 35-yard run in the third period. Both Rea McGraw, Penn jayvee coach, and Frank Skaff, Villanova jayvee coach, made frequent substitutions to try out their material. The Kittens were too light and too inexperienced, as a team, to produce a sustained drive, and as a result the Pennies had the ball most of the time.

Suffredini's 31-yard end run paved the way for the first touchdown, and proved to be the highlight of the first half. A 23-yard pass over the goal line, which, after much juggling by several players was finally caught by Beck, gave Penn another touchdown. A pass for the extra point was missed.

Ferdinand scored again for Penn shortly after the opening of the third period. Villanova received the kick-off and failed to make any appreciable gain in the first three plays, Buzenski's kick was partially blocked and Penn got the ball on Villanova's 27-yard line. Six fast power plays put the ball on the five-yard line. Ferdinand then rounded left end for the touchdown.

Villanova then took to the air in an effort to score, but one of them was intercepted by Baker who returned it 17 yards to the Villanova 15-yard line. Penn made a first down through the line, and then Baker ran the end for the score.

The Villanova Jayvees were outplayed in every part of the game, but they gave a creditable showing in effort and courage. The members of the squad are not really veteran gridders, but they are students who played little or no football during their high school days; students who entertain such a liking for the game that they are willing to give up much of their spare time to practice. And on that basis of estimation, too much credit cannot be given to every member of the team.

Coach Skaff will put his squad through a stiff practice session in preparation for the game with Rutgers Jayvees today, in an effort to develop teamwork among the players.

Villanova J. V.	Line-Up	Penn J. V.
McCarthy	left end	Holland
Hoey	left tackle	White
O'Connell	left guard	Kennedy
Cocheo	center	Bloom
Corkill	right guard	Beers
Fleming	right tackle	Wister
Ocelus	right end	Beck
Craig	quarterback	Gates
Buzenski	left halfback	Ferdinand
Novelline	right halfback	Suffredini
Zimkus	fullback	Baker

Score:

Penn J. V.	6	7	12	6	—31
Villanova J. V.	0	0	0	0	— 0

Touchdowns: Ferdinand, 3; Baker, Beck. Point after touchdown: Baker. Referee: J. R. Trimble, Dubuque. Umpire: J. M. Ogden, Swarthmore. Head linesman: W. C. Longstretch, Haverford. Time of periods: 12 minutes.

JAYVEES FACE RUTGERS

Team to Be Full Strength Meeting Undefeated Foe

Having suffered a 31-0 defeat at the hands of the Penn jayvees in their first game of the season, the Villanova junior varsity football team has been priming itself for today's game with the Rutgers' junior varsity eleven.

The Rutgers jayvee team, coached by George E. Little, boasts of a strong club. In their first two starts they have defeated Panzer College, 32-0, and the Lafayette jayvees, 18-0.

Although Villanova took a severe trouncing in the Penn struggle, they emerged without a scratch and will meet Rutgers with their full strength. Frank Skaff, coach of the jayvees, figures that his squad has learned by experience and will put up a much better fight against the boys from the "banks of the old Raritan" than they did against Penn.

EAGLE AIR ATTACK LOOMS DANGEROUS

Wildcats' Speed and Trickery Expected to Overcome B. C. Aerial Machine

CLOSE GAME IS EXPECTED

The annual fray between Boston College and Villanova now looms more formidable than ever, for on last Saturday Boston took to the air and defeated a strong Georgetown aggregation to the tune of 39 to 0.

Passes, long and short, were the outstanding features of the game, for Boston's scores were all made possible through the use of a clever aerial attack, Freitas to Furbush; Kelley to Avery; Freitas to Ott; Moynihan to Avery were the reasons for the large score.

Last year Boston employed a strong running attack and a good aerial offense to advantage but this year it seems as if they are concentrating all their efforts on the passes. Passes down the sidelines, passes over the center, laterals, around, through and above a bewildered Georgetown eleven filled the air. In the first period two passes, from Freitas to Captain Maloney and then to Furbush sent the ball through the air for 68 yards for the first score of the game. Kelly, the extra point specialist, kicked the point, and after a recovered fumble on the 15-yard stripe, passed to Earl Avery for the second score of the day.

The third period had barely opened when Maloney intercepted a Georgetown pass and Dougan dove through center for the third touchdown. Soon after another fumble was recovered by the Eagles and a pass from Freitas to Ott sent the ball over the final chalk marker. The interception of a Hoyas pass was the forerunner of the fifth score of the day. Another pass from Moynihan to Avery scored for the Eagles. After a poor kick-off, Maiocca, the "Mighty Mite," crossed the end zone for the last tally.

Screened by fake runs and decoy receivers, the passer and receiver always had more than enough time to complete the play. Coach Joe McKenny gave the subs plenty of opportunity to show off and he was more than impressed by their showing.

However Villanova with its deceptive running attack, still has not opened up with its real aerial attack, and more than likely the spectators will see both teams go into the air in an effort to score.

In the Limelight

Charlie Brodnicki

AS OUR next subject for fame, we have aptly chosen Charley Brodnicki. Since this is football time, the subjects are mostly of that nature, and Charley is not only a football player but also a good one. Maybe he's even a little more than good, but that you can decide for yourselves.

From his actions you ought to be able to guess that he was born in Chicago, the home of the World's Fair, and the home of Brodnicki. What a coincidence! We might say, in addition, that Big Boy is in the vicinity of 23 years, having refused to divulge his exact age. His weight, about 208, which is a lot of meat or whatever it is. He is the predecessor of such famous men as Wronski, Lenzi and Foster, all of whom have prepped at Saint Rita's High School in Chicago. As you can learn, they grow them all sizes, all weights, but all the same kind of fellows. Good guys.

Charley's bid for fame, of course, is football. Football has been his love in sports and, according to him, always will be. Playing four years at Saint Rita's, which incidentally turns out some of the best teams in the Mid-West, Charley, in his Senior year was a member of the All-State team, chosen by sports writers and coaches in the vicinity. While at Saint Rita's, he also performed at guard on the basketball team, playing on the squad for three years.

Then Big Boy decided to cast his lot with Villanova. Promptly after arriving, he was a candidate for the Freshman team and after a few weeks of practice found himself as regular right tackle. This Freshman team, incidentally, was one of the best turned out at Villanova with Randour, Zizak, Marlon, Cavanaugh, O'Donnell, Carr and McGee. The following year as a Sophomore, the varsity naturally attracted his attention. But in this case he had the misfortune to be the understudy to one of the best tackles Villanova has ever produced, Dick Hickey. Hickey, who was then creating a sensation on the varsity, saw most of the action, but Brodnicki, when he took the place of Hickey, proved himself to be of varsity calibre. So for two years it was a battle between Dick and Charley. As it turned out later, Dick was elected captain of the eleven and, although nobody wants to be an understudy to the captain of a team, Charley went about his task with the same determination that had always marked his play.

This year he has definitely arrived. Still playing at his same position, right tackle, he was nominated as a regular after arriving a week late. This fact did not show in his form and after the first day he wore off the effects of a hard summer and retained his position on the varsity.

He was also a member of the Intra-Mural Champion basketball team, playing guard. It is rumored that he was the reason why the crowd from Alumni was called the Gougers. It is true. Having invented the name, we know it to be a fact. Six-foot-two, 208 pounds, with an appetite similar to that of a horse, he has earned the name. Through the medium of the press we can now disclose to you the things that have been nearest his heart. In other words, he thinks Sue Carol is ducky, would like to be like George Arliss and is crazy to lead an orchestra like Wayne King's. From these three selections you have an insight into his real nature.

'CATS' MEOW

A LIST of the country's leading football scorers is a sight for sore eyes. Two Villanovans are right up in there.

—V—

The list of the extra point kickers is also most enjoyable.

—V—

It makes us want to sing...HI Lee...HI Lo...HI LEE.

—V—

The third list worthy of mention is the high scoring teams of the country. C'mon you Wildcats!

—V—

As long as we are talking about lists, get the list of the gals' names from the eight social outcasts who rode on the "other bus" on the way up to New Haven.

—V—

Prospects for the Boston College game are considerably brightened. The boys know that they will have to score if they want to stay among the leading scorers.

—V—

That's another incentive for victory.

—V—

We wonder how Reading felt after "our gang" left?

—V—

No more remarks about Reading pretzels are necessary.

—V—

The Jayvees have heard a rumor that they were only toying with the Penn team.

—V—

There has been a motion made to the effect that all members of the student body who can do so should attend the Junior varsity game with Rutgers this afternoon in the stadium.

—V—

The motion has been seconded and carried by a unanimous vote. The Jayvees will get support.

—V—

As an added attraction the suggestion has been made that Al Ryan and Louie Deoud do exercises for the spectators before the game.

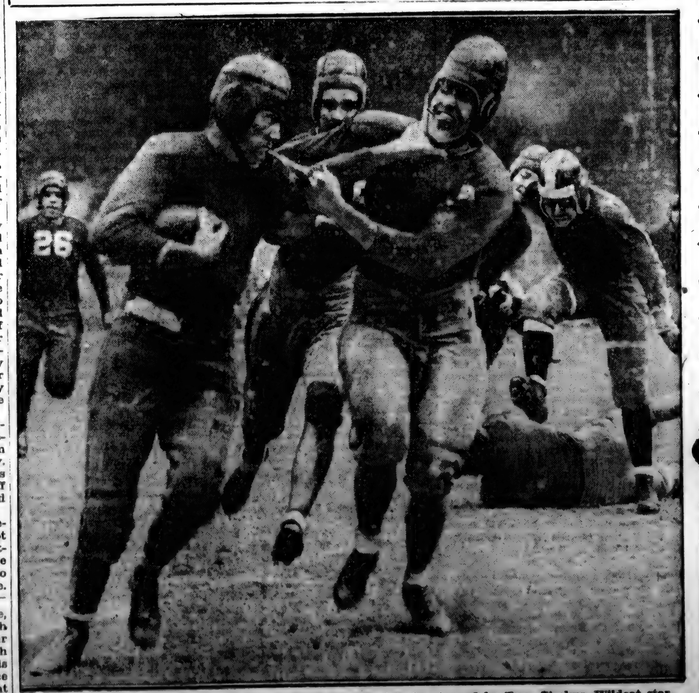
—V—

No more need be said. A capacity crowd is expected.

—V—

So with the closing phrases of this here column we say, "On to Boston."

Ferdinand Being Stopped by Zimkus



The above photo shows Ralph Ferdinand, Penn ace, about to be stopped by Tony Zimkus, Wildcat star. Al Ryan, of the losers, is coming up behind Zimkus. The picture was taken in the annual fray between the Villanova J. V.'s and Penn. The Quakers won, 31 to 0.

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

Jingle

There was a man from County Cork
Who was born on the day of his birth,
He was married they say on his wife's wedding day
And he died on his last day on earth.

Just Before the Battle

Roger—"I have been waiting for a long time, can't your assistant give me a shave?"

Jimmy—"No, he can't stand the sight of blood."

Here's to Man!

He is like a kerosene lamp
He is not particularly bright,
He is often turned down,
He generally smokes,
And often goes out at night.

Rudy—"Would you call me good-looking?"

She—"Why, of course. When shall I call you, big boy, when shall I call you?"

Scientifically Speaking

They say that thoughts are chemistry—
Each urge a plain reaction—
That I love you like old H2
Falls under O's attraction.

They say this feeling in my breast
Is nought but atoms mating.
Our passion runs according to
A formula they're stating.

I only know that when we part
Through chemical erosion,
There'll be (in good old text-book terms)
One glorious explosion.

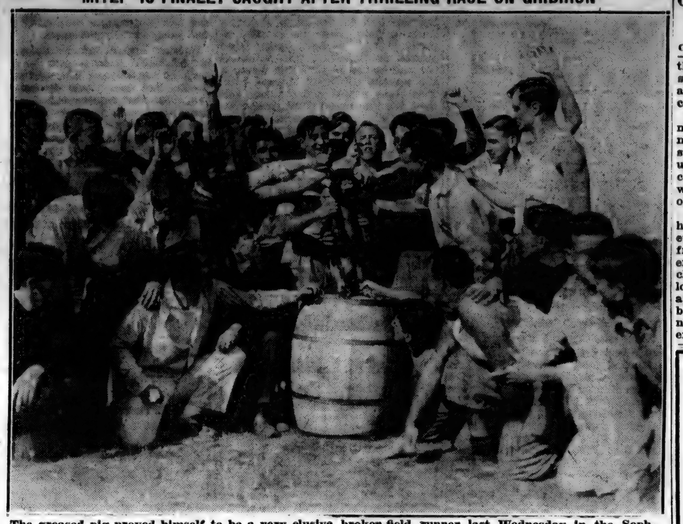
Johnny Hughes—"What's the good of having a time table if your buses are always late?"

Bill Hughes—"Well, how would you know they were late if you didn't have a timetable?"

SMILER

"MITZI" IS FINALLY CAUGHT AFTER THRILLING RACE ON GRIDIRON



The greased pig proved himself to be a very elusive broken-field runner last Wednesday in the Soph-Frosh field day, but he was finally thrown for a loss. Here he is shown being restored to his barrel by the victorious sophomores.

Sophs Come From Behind To Win First Field Day

First Year Men Have to Wear "Regs" Until Dec. 2

PIG IS FEATURED

By defeating the Frosh in a touch football game, the Sophs won the field day held last Wednesday at the stadium. Leading the Sophs by a 40-30 margin, the Frosh were confident of victory, but the second-year men came up from behind to edge out the yearlings with a final score of 45 points.

On account of this defeat, the Frosh will be required to wear their "regs" until after the Rutgers' game, December 2. Woe betide the Freshman caught without his "regs," for the Sophs promise instant punishment to anyone of the first-year men found lacking them.

The first event, the dropkick, had many entries, and was finally narrowed down to Frank Boretti, the Freshman representative and a Sophomore. Boretti finally prevailed over the Soph, and drew first blood for the Frosh. Score: Sophs, 0; Frosh, 15.

The most hilarious event of the day was the greased pig "wrassle." A lonely porcine was carried out on the field in an immense barrel, from which came shrill squeals at frequent intervals. Teams were picked, and Coach Stuhldreher uncorded the barrel. Mitzi, dashing hither and yon, broke for the wide open spaces through a tangle of legs. Pursued by the shouting mob, he cavorted down the field. A valorous Frosh, leading the rush, dove at the pig, landing on him with crushing force. The gang followed, piling on the hapless yearling and squealing porkie, nearly suffocating both. A wild scramble occurred, from which occasionally issued the valiants, pausing only for a breath, then rushing again into the fray, for the glory of their respective classes. Mr Stuhldreher finally dived into the melee and came up with the result. "The Sophs win." Groans and jeers emitted from the disappointed Frosh, while the second-year men cheered wildly. Score: Sophs, 15; Frosh, 15.

A combination of rugby and catch-as-catch-can came next. A ball was placed in the middle of the field, while the Frosh and Sophs grouped on the goal lines. The whistle being blown, the two lines rushed toward each other, meeting on the 50-yard line with a resounding crash. The Sophs, advancing the ball with a ferocious attack deep into Frosh territory, quickly scored the desired goal. Score: Sophs, 30; Frosh, 15.

Assembling at the pond, the highlight of the meet took place—the tug-of-war. It has been reported that the Sophs formerly tied the rope to a tree, with disastrous consequences for the Frosh. But the brave yearlings were just too smart this year. They posted watchers to circumvent this subterfuge, and the tug-of-war progressed merrily. Angered by previous defeats, the Frosh dug in and hauled the Sophs through the limpid waters of the pond with irresistible force. Ed Leahy, chairman of the V. C.'s, was particularly doused. He was first to go into the drink. Score: Frosh, 30. Sophs, 30.

The Frosh took the punting contest, winning it by a boot of about 50 yards. Score: Frosh, 40; Sophs, 30.

In the afternoon, a football game was staged between the two classes. A hectic contest followed, characterized by thrilling dashes around end and long passes. Much to the dismay of the Frosh, the Sophs finally edged out a victory, winning the game and meet. Score: Sophs, 45; Frosh, 40.

Orchestra Decided For Victory Dance

Continued From Page One

that the Villanovans will be a great success, is that the most talented and musically inclined men in the college are members of it.

When Mr. Teel was asked to comment on the possible success of his musical adherents, he said, "If the success of the Owl Hop depends upon our musical ministrations, I can say without a doubt that it will be the most successful function of the college's social season."

The subscription for the dance has been set at $1.50, the lowest fee ever charged for the traditional fraternity dance. "The price," as expressed by Joseph P. Callaghan, chairman of the dance, "has been lowered with the express purpose of appealing to the entire student body in preference to a smaller number who could afford a greater expense."

THIRTY-FIVE CENTS
Isn't Much!

MOST college allowances go only so far. But even at that you can probably spare 35 cents once a week.

It isn't much—35 cents—hardly the price of a movie or hair cut. Yet for 35 cents, if you know the ropes, you can telephone as far as 100 miles.

That probably means you can telephone home! Can 35 cents buy more pleasure than that? You can pick up a budget of family news . . . talk over your problems . . . share your interests. There's nothing like a "voice visit" with the folks back home to brighten your whole week—and theirs.

• • •

TO TAKE ADVANTAGE *of the* **LOW NIGHT RATES...**

Call after 8:30 P. M., and be sure to make a Station to Station call.

That means, ask the Operator for your home telephone, but not for any specific person.

If you've fixed a date in advance, the family will be sure to be there.

35 cents at night will pay for a 3-minute Station to Station call to anywhere within 100 miles.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

Villanova J. V.'s Defeated by Penn, 31 to 0

Ferdinand, Penn Ace, Makes 18 Points as Quakers Win

Buzenski Runs 35 Yards for Longest Romp of the Day; Violetti and Zimkus Star for Wildcats

TO PLAY RUTGERS JAYVEES TODAY

ONCE AGAIN the Villanova junior varsity team suffered defeat at the hands of the University of Pennsylvania jayvees in their second annual contest at Franklin Field. The Red and Blue team scored in every period to produce a 31-0 victory. Ralph Ferdinand led the victors, with three touchdowns, and James Suffredini, diminutive halfback, gave a good account of himself with his open-field running. Villanova's outstanding player was Buzenski, who did the punting. He also made a 35-yard run in the third period. Both Rea McGraw, Penn jayvee coach, and Frank Skaff, Villanova jayvee coach, made frequent substitutions to try out their material. The Kittens were too light and too inexperienced, as a team, to produce a sustained drive, and as a result the Pennies had the ball most of the time.

Suffredini's 31-yard end run paved the way for the first touchdown, and proved to be the highlight of the first half. A 23-yard pass over the goal line, which, after much juggling by several players was finally caught by Beck, gave Penn another touchdown. A pass for the extra point was missed.

Ferdinand scored again for Penn shortly after the opening of the third period. Villanova received the kick-off and failed to make any appreciable gain in the first three plays. Buzenski's kick was partially blocked and Penn got the ball on Villanova's 27-yard line. Six fast power plays put the ball on the five-yard line. Ferdinand then rounded left end for the touchdown.

Villanova then took to the air in an effort to score, but one of them was intercepted by Baker who returned it 17 yards to the Villanova 15-yard line. Penn made a first down through the line, and then Baker ran the end for the score.

The Villanova Jayvees were outplayed in every part of the game, but they gave a creditable showing in effort and courage. The members of the squad are not really veteran gridders, but they are students who played little or no football during their high school days; students who entertain such a liking for the game that they are willing to give up much of their spare time to practice. And on that basis of estimation, too much credit cannot be given to every member of the team.

Coach Skaff will put his squad through a stiff practice session in preparation for the game with Rutgers Jayvees today, in an effort to develop teamwork among the players.

Villanova J. V.	Line-Up	Penn J. V.
McCarthy	left end	Holland
Huey	left tackle	White
O'Connell	left guard	Kennedy
Cochco	center	Strem
Corkill	right guard	Beers
Fleming	right tackle	Wister
Orelias	right end	Beck
Craig	quarterback	Gates
Buzenski	left halfback	Ferdinand
Noveline	right halfback	Suffredini
Zimkus	fullback	Baker

Score:

Penn J. V.	6	7	12	6	—31
Villanova J. V.	0	0	0	0	—0

Touchdowns: Ferdinand, 3; Baker, Beck. Point after touchdown: Baker. Referee: J. R. Trimble, Dubuque. Umpire: J. M. Ogden, Swarthmore. Head linesman: W. C. Longstretch, Haverford. Time of periods: 12 minutes.

EAGLE AIR ATTACK LOOMS DANGEROUS

Wildcats' Speed and Trickery Expected to Overcome B. C. Aerial Machine

CLOSE GAME IS EXPECTED

The annual fray between Boston College and Villanova now looms more formidable than ever, for on last Saturday Boston took to the air and defeated a strong Georgetown aggregation to the tune of 39 to 0.

Passes, long and short, were the outstanding features of the game, for Boston's scores were all made possible through the use of a clever aerial attack, Freitas to Furbush; Kelley to Avery; Freitas to Ott; Moynihan to Avery were the reasons for the large score.

Last year Boston employed a strong running attack and a good aerial offense to advantage but this year it seems as if they are concentrating all their efforts on the passes. Passes down the sidelines, passes over the center, laterals, around, through and above a bewildered Georgetown eleven filled the air. In the first period two passes, from Freitas to Captain Maloney and then to Furbush sent the ball through the air for 68 yards for the first score of the game. Kelly, the extra point specialist, kicked the point, and after a recovered fumble on the 15-yard stripe, passed to Earl Avery for the second score of the day.

The third period had barely opened when Maloney intercepted a Georgetown pass and Dougan dove through center for the third touchdown. Soon after another fumble was recovered by the Eagles and a pass from Freitas to Ott sent the ball over the final chalk marker. The interception of a Hoyas pass was the forerunner of the fifth score of the day. Another pass from Moynihan to Avery scored for the Eagles. After a poor kick-off, Maiocca, the "Mighty Mite," crossed the end zone for the last tally.

Screened by fake runs and decoy receivers, the passer and receiver always had more than enough time to complete the play. Coach Joe McKenny gave the subs plenty of opportunity to show off and he was more than impressed by their showing.

However Villanova with its deceptive running attack, still has not opened up with its real aerial attack, and more than likely the spectators will see both teams go into the air in an effort to score.

JAYVEES FACE RUTGERS

Team to Be Full Strength Meeting Undefeated Foe

Having suffered a 31-0 defeat at the hands of the Penn jayvees in their first game of the season, the Villanova junior varsity football team has been priming itself for today's game with the Rutgers' junior varsity eleven.

The Rutgers jayvee team, coached by George E. Little, boasts of a strong club. In their first two starts they have defeated Panzer College, 32-0, and the Lafayette Jayvees, 18-0.

Although Villanova took a severe trouncing in the Penn struggle, they emerged without a scratch and will meet Rutgers with their full strength. Frank Skaff, coach of the jayvees, figures that his squad has learned by experience and will put up a much better fight against the boys from the "banks of the old Raritan" than they did against Penn.

In the Limelight

Charlie Brodnicki

AS OUR next subject for fame, we have aptly chosen Charley Brodnicki. Since this is football time, the subjects are mostly of that nature, and Charley is not only a football player but also a good one. Maybe he's even a little more than good, but that you can decide for yourselves.

From his actions you ought to be able to guess that he was born in Chicago, the home of the World's Fair, and the home of Brodnicki. What a coincidence! We might say, in addition, that Big Boy is in the vicinity of 23 years, having refused to divulge his exact age. His weight, about 203, which is a lot of meat or whatever it is. He is the predecessor of such famous men as Wronski, Lenzi and Foster, all of whom have prepped at Saint Rita's High School in Chicago. As you can learn, they grow them all sizes, all weights, but all the same kind of fellows. Good guys.

Charley's bid for fame, of course, is football. Football has been his love in sports and, according to him, always will be. Playing four years at Saint Rita's, which incidentally turns out some of the best teams in the Mid-West, Charley, in his Senior year was a member of the All-State team, chosen by sports writers and coaches in the vicinity. While at Saint Rita's, he also performed at guard on the basketball team, playing on the squad for three years.

Then Big Boy decided to cast his lot with Villanova. Promptly after arriving, he was a candidate for the Freshman team and after a few weeks of practice found himself as regular right tackle. This Freshman team, incidentally, was one of the best turned out at Villanova with Randour, Zizak, Marion, Cavanaugh, O'Donnell, Carr and McGee. The following year as a Sophomore, the varsity naturally attracted his attention. But in this case he had the misfortune to be the understudy to one of the best tackles Villanova has ever produced, Dick Hickey. Hickey, who was then creating a sensation on the varsity, saw most of the action, but Brodnicki, when he took the place of Hickey, proved himself to be of varsity calibre. So for two years it was a battle between Dick and Charley. As it turned out later, Dick was elected captain of the eleven and, although nobody wants to be an understudy to the captain of a team, Charley went about his task with the same determination that had always marked his play.

This year he has definitely arrived. Still playing at his same position, right tackle, he was nominated as a regular after arriving a week late. This fact did not show in his form and after the first day he wore off the effects of a hard summer and retained his position on the varsity.

He was also a member of the Intra-Mural Champion basketball team, playing guard. It is rumored that he was the reason why the crowd from Alumni was called the Gougers. It is true. Having invented the name, we know it to be a fact. Six-foot-two, 208 pounds, with an appetite similar to that of a horse, he has earned the name. Through the medium of the press we can now disclose to you the things that have been nearest his heart. In other words, he thinks Sue Carol is ducky, would like to be like George Arliss and is crazy to lead an orchestra like Wayne King's. From these three selections you have an insight into his real nature.

'CATS' MEOW

A LIST of the country's leading football scorers is a sight for sore eyes. Two Villanovans are right up in there.

—V—

The list of the extra point kickers is also most enjoyable.

—V—

It makes us want to sing...Hi Lee...Hi Lo...Hi LEE.

—V—

The third list worthy of mention is the high scoring teams of the country. C'mon you Wildcats!

—V—

As long as we are talking about lists, get the list of the gals' names from the eight social outcasts who rode on the "other bus" on the way up to New Haven.

—V—

Prospects for the Boston College game are considerably brightened. The boys know that they will have to score if they want to stay among the leading scorers.

—V—

That's another incentive for victory.

—V—

We wonder how Reading felt after "our gang" left?

—V—

No more remarks about Reading pretzels are necessary.

—V—

The Jayvees have heard a rumor that they were only toying with the Penn team.

—V—

There has been a motion made to the effect that all members of the student body who can do so should attend the Junior varsity game with Rutgers this afternoon in the stadium.

—V—

The motion has been seconded and carried by a unanimous vote. The Jayvees will get support.

—V—

As an added attraction the suggestion has been made that Al Ryan and Louie Deoud do exercises for the spectators before the game.

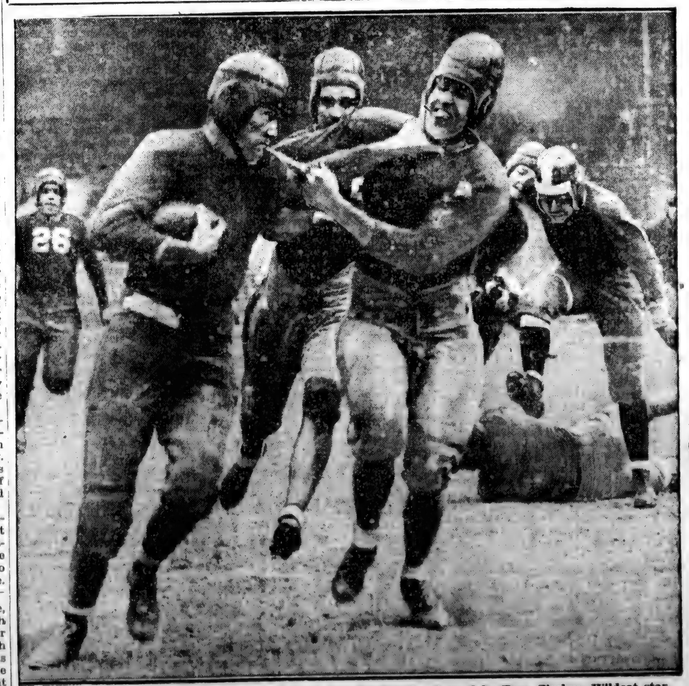
—V—

No more need be said. A capacity crowd is expected.

—V—

So with the closing phrases of this here column we say, "On to Boston."

Ferdinand Being Stopped by Zimkus



The above photo shows Ralph Ferdinand, Penn ace, about to be stopped by Tony Zimkus, Wildcat star. Al Ryan, of the losers, is coming up behind Zimkus. The picture was taken in the annual fray between the Villanova J. V.'s and Penn. The Quakers won, 31 to 0.

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

Jingle

There was a man from County Cork
Who was born on the day of his birth,
He was married they say on his wife's wedding day
And he died on his last day on earth.

Just Before the Battle

Roger—"I have been waiting for a long time, can't your assistant give me a shave?"

Jimmy—"No, he can't stand the sight of blood."

Here's to Man!

He is like a kerosene lamp
He is not particularly bright,
He is often turned down,
He generally smokes,
And often goes out at night.

Rudy—"Would you call me good-looking?"

She—"Why, of course. When shall I call you, big boy, when shall I call you?"

Scientifically Speaking

They say that thoughts are chemistry—
Each urge a plain reaction—
That I love you like old H2
Falls under O's attraction.

They say this feeling in my breast
Is nought but atoms mating,
Our passion runs according to
A formula they're stating.

I only know that when we part
Through chemical erosion,
There'll be (in good old text-book terms)
One glorious explosion.

A Public Utility

Johnny Hughes—"What's the good of having a time table if your buses are always late?"

Bill Hughes—"Well, how would you know they were late if you didn't have a timetable?"

SMILER

"MITZI" IS FINALLY CAUGHT AFTER THRILLING RACE ON GRIDIRON

The greased pig proved himself to be a very elusive broken-field runner last Wednesday in the Soph-Frosh field day, but he was finally thrown for a loss. Here he is shown being restored to his barrel by the victorious sophomores.

Sophs Come From Behind To Win First Field Day

First Year Men Have to Wear "Regs" Until Dec. 2

PIG IS FEATURED

By defeating the Frosh in a touch football game, the Sophs won the field day held last Wednesday at the stadium. Leading the Sophs by a 40-30 margin, the Frosh were confident of victory, but the second-year men came up from behind to edge out the yearlings with a final score of 45 points.

On account of this defeat, the Frosh will be required to wear their "regs" until after the Rutgers' game, December 2. Woe betide the Freshman caught without his "regs," for the Sophs promise instant punishment to anyone of the first-year men found lacking them.

The first event, the dropkick, had many entries, and was finally narrowed down to Frank Boretti, the Freshman representative and a Sophomore. Boretti finally prevailed over the Soph, and drew first blood for the Frosh. Score: Sophs, 0; Frosh, 15.

The most hilarious event of the day was the greased pig "wrassle." A lonely porcine was carried out on the field in an immense barrel, from which came shrill squeals at frequent intervals. Teams were picked, and Coach Stuhldreher upended the barrel. Mitzi, dashing hither and yon, wrote for the wide open spaces through a tangle of legs. Pursued by the shouting mob, he cavorted down the field. A valorous Frosh, leading the rush, dove at the pig, landing on him with crushing force. The gang followed, piling on the hapless yearling and squealing porkie, nearly suffocating both. A wild scramble occurred, from which occasionally issued the valiants, pausing only for a breath, then rushing again into the fray, for the glory of their respective classes. Mr Stuhldreher finally dived into the melee and came up with the result. "The Sophs win." Groans and jeers emitted from the disappointed Frosh, while the second-year men cheered wildly. Score: Sophs, 15; Frosh, 15.

A combination of rugby and catch-as-catch-can came next. A ball was placed in the middle of the field, while the Frosh and Sophs grouped on the goal lines. The whistle being blown, the two lines rushed toward each other, meeting on the 50-yard line with a resounding crash. The Sophs, advancing the ball with a ferocious attack deep into Frosh territory, quickly scored the desired goal. Score: Sophs, 30; Frosh, 15.

Assembling at the pond, the highlight of the meet took place—the tug-of-war. It has been reported that the Sophs formerly tied the rope to a tree, with disastrous consequences for the Frosh. But the brave yearlings were just too smart this year. They posted watchers to circumvent this subterfuge, and the tug-of-war progressed merrily. Angered by previous defeats, the Frosh dug in and hauled the Sophs through the limpid waters of the pond with irresistible force. Ed Leahy, chairman of the V. C.'s, was particularly doused. He was first to go into the drink. Score: Frosh, 30, Sophs, 30.

The Frosh took the punting contest, winning it by a boot of about 50 yards. Score: Frosh, 40; Sophs, 30.

In the afternoon, a football game was staged between the two classes. A hectic contest followed, characterized by thrilling dashes around end and long passes. Much to the dismay of the Frosh, the Sophs finally edged out a victory, winning the game and meet. Score: Sophs, 45; Frosh, 40.

Orchestra Decided For Victory Dance

Continued From Page One

that the Villanovans will be a great success, is that the most talented and musically inclined men in the college are members of it.

When Mr. Teel was asked to comment on the possible success of his musical adherents, he said, "If the success of the Owl Hop depends upon our musical ministrations, I can say without a doubt that it will be the most successful function of the college's social season."

The subscription for the dance has been set at $1.50, the lowest fee ever charged for the traditional fraternity dance. "The price," as expressed by Joseph P. Callaghan, chairman of the dance, "has been lowered with the express purpose of appealing to the entire student body in preference to a smaller number who could afford a greater expense."

WILDCATS DEFEAT ALBRIGHT, 21 TO 0, AS RANDOUR STARS

Lee Kicks All Three Points as Whitey Scores Twice and Wiesenbaugh Once

BLANCHARD BLOCKS KICK

Continued From Page Five

yards of combined penalties, Randour kicked. Hino received the ball and was tackled on the 12-yard stripe. The half ended as Iatesta broke through to the 37-yard line. Score, Villanova, 14; Albright, 0.

Third Period

The kickoff, Lee to Hino, set the ball on Albright's 24-yard line. Conway kicked to Villanova's 44-yard line. Randour returned with a kick over the goal stripe.

Conway's kick was blocked by Blanchard, who fell on it on the three-yard line. Randour made the touchdown around right end. Lee made the extra point with another placement kick.

Conway received Lee's kick, but was downed on his 25-yard line. Officials called the end of the period with the score: Villanova, 21; Albright, 0, the period having been cut to eight minutes.

Fourth Quarter

After the kickoff the first play, and attempted forward, resulted in a 10-yard loss. Conway kicked to Randour. Randour returned the ball to Albright's 36-yard strike, but a penalty of 15 yards for holding and then another of five yards for delaying the game forced Randour to punt, the kick going to the 26-yard line. Hino passed but Wiesenbaugh intercepted and was downed after a brilliant run of 40 yards to the Albright 15-yard line. Four downs netted the Wildcats five yards and Albright took the ball on downs on the 10-yard line.

Iatesta made a first down, bringing the ball to the 23-yard stripe. Then a pass, Hino to Iatesta, 31 yards. Held without gain Hino punted to Randour, who returned the ball to the 36-yard line where a slip on the soft turf downed him. Two plays netted a first down and then Wetzler raced through the Albright line to the Parsons' 35-yard line. The game ended with the visitors in possession of the pigskin. The final score was Villanova, 21, Albright, 0.

Austin Favored To Capture Title

Continued From Page Five

with it the hopes of Fedigan. But as was said before, Fedigan was not to be denied. Connor knocked the ball right into the bewildered but welcoming arms of Levis who had but to trot the remaining several yards to tally the score.

Connor kicked off to open the second half. Storms ran the ball back to his 40-yard line and after Collins lost two yards on an end run, McGraw intercepted Leahy's pass at the middle of the field. Murphy's toss to Clavin was knocked down but his pass to Shevland was good for 30 yards. At this point, Murphy circled left end for ten yards and then threw a pass into the end zone to Vaughn for Austin's third and last touchdown. Austin, 18; Fedigan 6.

In the afternoon, Mendel and Alumni hooked up in a game that was eagerly awaited by the residents of both halls. In their first meeting of the year, about three weeks ago the two teams played to a bitterly contested tie and a scoreless one at that. This meeting seemed destined to be an exact repetition for three periods but Alumni finally won out in a terrific struggle.

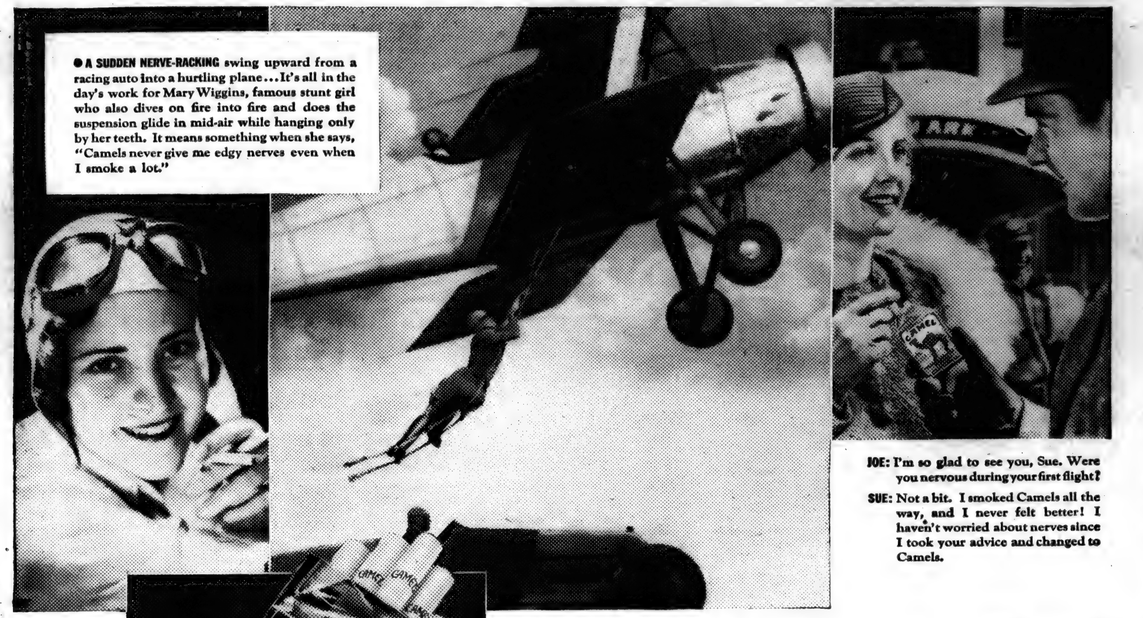
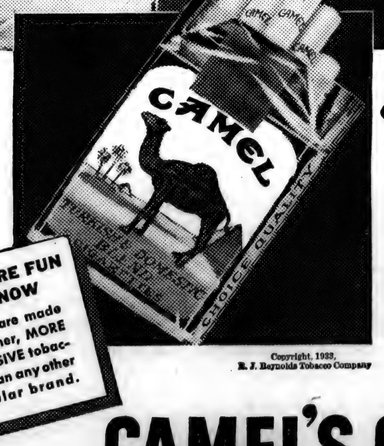
IT TAKES HEALTHY NERVES
TO BE AMERICA'S GREATEST STUNT GIRL

● A SUDDEN NERVE-RACKING swing upward from a racing auto into a hurtling plane... It's all in the day's work for Mary Wiggins, famous stunt girl who also dives on fire into fire and does the suspension glide in mid-air while hanging only by her teeth. It means something when she says, "Camels never give me edgy nerves even when I smoke a lot."



JOE: I'm so glad to see you, Sue. Were you nervous during your first flight?

SUE: Not a bit. I smoked Camels all the way, and I never felt better! I haven't worried about nerves since I took your advice and changed to Camels.



A MATCHLESS BLEND

IT IS MORE FUN TO KNOW
Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Copyright, 1933, R. J. Reynolds Tobacco Company

Steady Smokers turn to Camels

LISTEN TO MARY WIGGINS, greatest of all girl stunt performers, as she tells of her discovery that one cigarette is different from the others! She says:

"I have to be sure my nerves are healthy to do my stunts, changing from a speeding auto to a plane, the high dive on fire into fire, wing-walking while up in a plane, and the high-altitude parachute jump. As to smoking, I've found that Camels don't interfere with healthy nerves. I've tried all the brands. Camels are milder and better in flavor. They do not give me edgy nerves even when I am smoking a lot."

* * *

You'll like that rich Camel flavor and mildness. And your nerves will tell you the difference there is in Camel's costlier tobaccos.

VIENNA CHOIR BOYS TO RENDER PROGRAM OF RELIGIOUS SONGS

Recital Will Take Place in Commerce and Finance Auditorium

TICKETS OBTAINABLE NOW

Villanova Marks One of Few Stops on Itinerary Through Penna.

Twenty-two boys from Vienna, members of a choir founded by the Emperor Maximilian in 1489 to take part in the performance of religious music in the Court chapel at Vienna, are to give a recital in the auditorium of the Commerce and Finance School on Saturday evening, December 16.

Officially known as the Wiener Saengerknaben, or Vienna Choir Boys, this organization has had within its order many who later became some of the most famous composers and musicians. Josef Haydn and then Franz Schubert were of their order. Later the noted Wagnerian conductor, Felix Mottl, and still later the present director of the Vienna Opera, Clemens Kraus sang in the group.

These boys, whose ages range from 8 to 15, are recruited from the working classes and must pass rigid examinations as to both their scholastic ability and their musical talents before they can enroll in the school. In Vienna their number has been limited to forty. On tour the choir is composed of twenty-two.

From 1498 until the World War, the singing school felt no need of financial support other than that of the Crown of Austria. However, with the fall of that dynasty, the society encountered difficulties that threatened it with extinction. It was only through the generosity, courage and devotion of their pres-

WORK ON BELLE AIR BEGUN AT MEETING

Assignments Given to Staff With Request by Editor for Full Cooperation

NEW APPOINTMENT MADE

Active work on the year book was begun at a meeting of the year book staff, held last Thursday, in Mendel Hall. In an address given at the beginning of the meeting John Corkill, editor-in-chief of the publication, said, "If this year's Belle Air is to be a success, cooperation on the part of the staff is absolutely imperative. It is my desire that you work, not as individuals, but as a unit, both with me and with the moderator, Fr. McCall."

Corkill then gave out the assignments to the various members and requested them to do their write-ups carefully and to the best of their ability. All assignments are to be return d to the editors by December 4.

Fr. McCall then announced a change in the staff, Frank Kelly taking the place of Louis P. Marechal, as associate sports editor, the latter having resigned from the staff due to unforeseen circumstances which would prevent his giving the necessary time to the annual.

The members were also told that within the ensuing week the contracts for printing and engraving are to be signed. The editor also

Varsity Football Squad Invited to Jersey Dance

The Villanova varsity football team has been invited to attend the annual Thanksgiving Dance of the North Jersey Club at the Hotel Windsid Scott, Elizabeth, on December 2, the night of the Rutgers game.

Definite arrangements have been made for the music to be furnished by Dick Broome and his Commodores. This popular dance unit is playing a successful engagement at the Hotel Robert Treat, in Newark, at present. Visitors at the Jersey Shore last summer will remember his sparkling rendition of dance tunes at the Avon Inn. The committee feels that in the Commodores they have obtained one of North Jersey's most popular dance bands. A fine orchestra, an excellent ballroom, and a low priced bid of two dollars should combine to make the affair the Club's greatest success to date.

INSURANCE TALKS BEING PRESENTED

Edward R. Casey Is Giving Talks at Seminars of Various Schools

IS ALUMNUS FROM HERE

A very interesting and timely series of talks on life insurance are being delivered to the students of the various schools by Edward R. Casey during their seminar periods. Mr. Casey, who is assistant superintendent of the Prudential Life Insurance Company of Philadelphia, is an alumnus of Villanova of the class of '23 and was prominent as a football player here.

Mr. Casey explained that life insurance dates back to the days of Queen Elizabeth, when William Gibbons had his life insured for $1900 for which he paid a premium of $150 per annum.

"Life insurance is a safe and convenient method of saving," said Mr. Casey, "and it recognizes the all-important fact that it takes time to save." Mr. Casey went on to explain how, contrary to common opinion, this form of saving is a means of providing education and comfort for one's immediate family.

It was pointed out that thrift is largely a force of habit, and that if one would begin saving even a small amount when young, he would have developed a good habit.

It was interesting to note that when the stock market collapsed, how thoughtful men looked towards insurance companies to see what effect it had upon them. Fortunately, insurance companies suffered very little, thus proving the stability of the field.

Free Ride in Bus From Los Angeles Enables Hitch-Hiker to Come Home

By RUSSELL MARCOUSE, '35

EDITOR'S NOTE.—In the last issue of the VILLANOVAN we narrated the story of how Russell Marcouse, a junior in the Business School, reached California on the transcontinental tour that ended with a profit of $1.00 to him. This week we find him in Los Angeles.

In Los Angeles I got a job through the Y. M. C. A. selling programs at the Olympic games. I made four cents on a program and, as I averaged $1.00 per day for two weeks, my finances became reimbursed.

At the "Y" in Los Angeles, on seeing other fellows like myself sweeping and making up the beds in the dormitory, I asked the reason for this extra exertion. I was told that they strained a little muscle in exchange for a bed. Exerting a little muscle also, I was given my bed in exchange. My job was sweeping up the whole dorm. It was given to me because the fellow who had been sweeping previously thought he would rather sweep a deck than a floor and see the world at the same time.

One afternoon a Greyhound bus drove up in front of the "Y." It was from Swarthmore, Pa., and it felt mighty good to see faces from home. While speaking to the occupants I found that they were a group of young scouts on a tour being conducted by a faculty member of Swarthmore College. They had been to Yellowstone National Park and had come down to see the Olympic games on their way home. Of course, I told them that I had hitch-hiked from Philadelphia. In jest I asked for a lift back in exchange for any little service I could do on their return trip. Much to my surprise and delight, they told me I could come back with them if I payed my own little expenses.

On the way back they stopped at the Grand Canyon to which I could not easily have gotten myself. My visit there was the outstanding feature of my trip. To stand on the rim of that canyon and to look down in and around it is a sight

REDINGTON IS APPOINTED SENIOR DANCE CHAIRMAN

LIBRARY ACQUIRES ORIGINAL LETTER

Is of Interest to Students of Shakespeare and English Critics

WRITTEN BY H. H. FURNESS

There has recently come into the possession of the library of Villanova College an original letter of the famous Shakespearian scholar, Horace Howard Furness, the centenary of whose birth was celebrated recently.

The letter, which may be of some interest to Shakespearian students, was written to Henry Spackman Pancoast, another reputable scholar and critic of English literature. This letter deals with Furness' new interpretation of the King Lear passage. In it he says, "As I think I told you when you spoke to me of your new interpretation of the King Lear passage I am quite in accord with your views; this new rendering is infinitely more in character and is certainly finer in every way and I thank you for sending this special point of your communication to me." It remains for students of King Lear to determine what passage or point he had in mind or referred to in King Lear. The letter is now securely kept in the college library, together with other objects of historic interest and value.

Horace H. Furness was an American Shakespearian scholar. Born in Philadelphia, November 2, 1833, he was graduated from Harvard in 1854 and was admitted to the bar in 1858 but soon devoted himself to the study of Shakespeare. He accumulated a collection of illustration material of great richness and extent, and brought out in 1871 the first volume of a new Variorum edition, designed to represent and summarize the conclusions of the best authorities in all languages, textual, critical and annotative.

For his first volume he made an independent test, but beginning with Othello he used the first folio. Few American scholars have shown such great devotion to a formidable task.

Henry Spackman Pancoast, author and educator was born in Germantown, August 24, 1858. He was educated at Germantown Academy and by private tutors. He studied law and was admitted to the bar in 1822 but retired from practice in 1887 to devote himself to writing and teaching. He received the degree of L. H. D. from Trinity in 1912 and his A. M. from the University of Pennsylvania.

Innovation Seen Possible In Wearing Cap and Gown

Thomas F. McFeeley, Senior Class President, Makes Both Announcements Now to Insure Early Start on Work

DATE IS NAMED

February 9 Tentatively Set for Ball of Class of 1934

Two important announcements of interest to the Senior class were made by Thomas F. McFeeley, president of the class, yesterday when he released the names of the Senior Ball committeemen and then announced the possibility of an innovation at Villanova in the use of caps and gowns by the seniors.

Donald Redington, a senior in the School of Commerce and Finance, was named as chairman of the committee for the forthcoming social function of the class of 1934. Assisting him are Frank Kernan, Joseph Carroll, Charles McGee, Harry Lieberman, John Derby, Robert Craig, William Hines, Alfred Gagliardi, James Migliori, George Rendour, Louis Abbot, James Gallagher and Raymond Harter.

The date of the dance was tentatively selected by the Senior class leader as February 9, 1934.

In making public the names of the committee members and their chairman at such an early date, McFeeley is of the opinion that the Senior Ball will return to its old standing, that of being the outstanding function of the school year. Up until several years ago, all senior dances were held at an early date in the second semester.

A. S. M. E. MEMBERS VISIT TUBE PLANT

Are Shown Machines and Processes by Superintendent of Company

LECTURES ARE SCHEDULED

A very interesting trip was taken by the Villanova chapter of the American Society of Mechanical Engineers last Thursday, November 9. Through arrangements made by Chairman of Trips Robert C. Reid, the Summerill Tube Company, of Norristown, was inspected. Raymond Lawson, general superintendent of the company, escorted the men around the various departments and explained the mechanism and purpose of each machine.

Among the processes witnessed was the cold drawing of tubes from hot diameters. Tubes were drawn to twice their original lengths in one drawing, then annealed before being drawn again in order to relieve the high internal stress set up in each drawing. The making of dies and mandrels used in such drawing was witnessed. The laboratory where tests are made on the tubes was visited, and microscopic photographs were studied by the group.

The tubes manufactured by the company are used in airplane struts; small tubes of stainless steel are used for needles in syringes, hypodermics and many similar instruments used in the medical profession.

The mechanical engineers are looking forward to many future trips such as this one.

The local chapter invites all Freshmen engineers, particularly the mechanicals, to attend their next meeting on Thursday, November 16. A special effort will be made to make this meeting interesting to the first-year men. Among the things planned for the meeting is to be the first of a series of talks given by the Seniors, speaking on their respective theses. Frank J. McGinley has been appointed to discuss his thesis entitled, "The Punching and Drawing of Certain Metals." Such talks should be of particular interest to underclassmen, looking forward to the time when they will have to choose a thesis.

LITERARY SOCIETY ADMITS CANDIDATES

Selections From "Penrod," "Mikado" and "Macbeth" Given for Tryout

ONE-ACT PLAYS PLANNED

The meeting of the Belle Masque Chapter of the Villanova Literary Society last Monday night was one which proved most enjoyable. The night opened with the initiation of three men into the organization. Each of the candidates presented pieces of work which made them worthy for admission. Aloysius Fitzpatrick gave a selection from "Penrod." A scene from the "Mikado" was offered by Joseph Carroll. A word of congratulation is due Carroll for his presentation. The scene took in three characters, and was over five minutes in length. Not once did the candidate make a hesitation. The last man who convinced the society of his worthiness for membership was George Malhame who rendered the "letter" scene from "Macbeth." Prof. Joseph T. Jonas feels that he has received some worth while talent. These men are the last candidates who will be received into the organization this semester.

At the close of the try-outs, two one-act plays were offered by members. Peter Kerr and John Chapple presented "The Cremation of Sam McGee." "Rich Man, Poor Man" was then enacted by Gerald Racine,

Continued on Page Eight

DANCE PLANS PROGRESS

Programs and Favors Are Selected for Owl Hop

The committee in charge of the Owl Hop is spending considerable time in the selection of the programs and favors which will be presented at the dance. In order to furnish all those who attend a complete surprise, the exact type of program and the nature of the souvenirs will be kept a secret. However, the committee promises favors which will meet with the approval of the most exacting member of the fairer sex and her escort.

Arrangements are being made with Coach George "Doc" Jacobs in regard to the decorations of the gymnasium in order that there will be no interference with the regular basketball practice. The plans for decorations are more elaborate than any previously executed for this annual victory dance.

FOOTBALL COLOR

FOOTBALL HAS not earned its place in the hearts of American sports lovers merely because of its thrilling runs, its smashing plunges and its deception and speed. There is more to this autumn sport than mere physical combat. There is color. It brings with it bright blankets, bright eyes and yellow chrysanthemums. We thrill to the sight of a snappy band swinging down the field with flashy uniforms and the sun glinting on polished instruments. Villanova's football team has always been the better dressed squad on the field and has usually been the better trained and better coached team also. The team has never failed to leave the impression that Villanova is a big college. But the band is not a suitable companion for the team. The contrasts between our musical organization and those of the colleges we have played have been the cause of many criticisms from the spectators at the games regarding the uniforms of the band. These remarks have varied in their intensity from the most caustic, "The band looks like a bunch of bus drivers," to the more conservative and possibly more correct, "The uniforms do not do the band justice." Undoubtedly, reduced income has made it necessary for the college to curtail expenses during these distressing times, but, now that business is turning the corner, the era of a new day at Villanova would best be exemplified by band uniforms which would give us not only the better team on the field but the better band also.

SUCCESS

SUCCESS TO many of us is the reaching of a preconceived epitome in life which we have mapped out for ourselves as ideal. Success, as it should be, is without a doubt finally and truthfully summarized in the two words "ability" and "adaptability." True, there are no two of us who possess identical characteristics. Some of us do not possess the necessary traits and qualities that would guarantee success in a particular field. It would then necessarily follow that it is our duty to use our abilities to their best advantage in whatever field we are best adapted. Is it not true that whatever our ideas on success they are all dependent on the material things of life? Too many of us forget the more eminent side of success—the abstract or the spiritual. The material heights we gain are inconsequential. Giving our poor best to those in need, true friendships, doing for those we love—are not these the elements that bring the greatest satisfaction to any man? Let not the materials of life blind your soul to the good. When you have done all you can in whatever you can, you will have obtained both material and abstract success.

YOU OUGHT TO KNOW

RADIOS ALL over the campus were kept on 'way after "lights out time" election night. Hundreds of students gladly did forego a few more hours of sleep, which is a big concession, to hear Utah become the 36th State to ratify the repeal of the 18th Amendment. All were pleased to hear this noble experiment meet an ignoble end. Mince pies this Thanksgiving and Christmas should be much better.

I thought Oscar Grow had done very well in beating his way across the country for the insignificant sum of $13.44, but along comes Russ Marcoune and knocks me out of my chair with his account of how he crossed the Continent and showed a profit of $1. If Russ had lived in the 15th Century, I am sure Columbus wouldn't have had to wear out so many pairs of shoes flitting here and yon seeking financial support. "Coast-to-coast" could have devised a scheme for him wherein he could make his famous westward passage at no expense to the Queen or to himself and still show a profit.

Barney Lee, the expert dropkicker, alludes that Whitey and he are going around together now. "We stars must stick together," he says, "and that doesn't include Wiesenbaugh or Patzsch." Patzsch says that Barney has gone "Hollywood."

Last Tuesday I had the pleasure to witness a most interesting, forceful and entertaining debate. The topic, "Resolved: That Capital Punishment Should Be Abolished," was a hard-fought, closely contested debate. Although the unanimous decision of the Junior debating class favored the negative side of Bill Grimberg and Jim Elliot, the prof steadfastly maintained that the affirmative side of Frank Skaff and "Jo-Jo" Wiesenbaugh was the winner. A few of the highlights took place, for one, in "Jo-Jo's" opening address when he said, "And you, my worthy opponents, if I may call you as such." And again when Jim Elliot, in an unprecedented manner, informally referred to his partner as "my good friend, Billie Grimberg," thus breaking the austerity and formality with which all good oratory should be cloaked.

As the snow came down Wednesday, I thought how lucky it was that no one on our staff had been assigned to the task of prognosticating weather reports. Nowhere will one find such capricious weather as that which is peculiar to Villanova. One day summer dress is apropos, while on another winter's warm clothing is decidedly in keeping with good sense. I avoid embarrassing weather questions in this manner. Say, for instance, I am asked if I think it will rain. My ready answer is, "Yes. It always has." The same is applicable to all weather conditions.

Did you know that: His intimates call Joe Imbriglia the "Romeo of the Elevated"? Bill Conway is a fresh-air fiend to the nth degree? The phone call for which Al Pitone was paged last week was from a fair one at Mt. St. Joseph's with a bid for a forthcoming dance? Hubie Gallagher just can't seem to get Scranton out of his mind? Believe it or not, the reason Oscar De Shields gave his girl for not going out with her last week was that he had to study that Saturday night? The name of the forthcoming Turf and Tinsel Club show is to be "Hide and Seek"? It is more than likely that George ("Whitey," to you) Randour will go to the West Coast this year as a member of the All-East team for the New Year's game? Fetlock Sholmes was one of the few who crashed the recent Waring broadcast at the Bellevue? This column has a ghost? A number of the boys have taken a turn to the classical and are attending the Gilbert & Sullivan operettas in town? In a recent and very unofficial poll on the campus, this scrivener discovered that the popular opinion seems to be that Katherine Hepburn has plenty of what it takes to get along? The popular cry among the Senior pre-meds is, "Have you ever seen 'Blossom Time'"? Joe McKenna sat in Seventh Heaven to see "Gowns by Roberta" with his o. and o.?

Ask Frank Willis how come a particular girl friend persists in addressing him as "Wilkins"? At first thought we attributed it to his romantic personality which, logically, might confuse his name with that other figure of romance, explorer Wilkins. But upon second thought we remembered that where Wilkins' face is hairy, Willis' is not. So, with this cold water to our hypothesis, we gave up and are going to ask Frank why, just as we have recommended you to do.

COLLEGIATE NEWSREEL

A "NO-SHAVE" club, whose members will not remove their beards until the Indiana University football team wins a game, has been organized on that campus. We understand that the Loyal Order of Violin Players of America has been much encouraged by the move.

• • •

Remember when Rudy Vallee was the target for a well-aimed grapefruit while appearing on the stage of a Boston theatre several years ago? And weren't we sad! It seems that similar occurrences have been happening in a theatre on the West Coast according to The California Daily. Instead of using Sunkist ammunition, however, the boys have been using eggs with which they bombard the stars appearing on the movie screen. The management found the pasttime rather expensive and warned the egg tossers that the penalty inflicted on them would consist in having all eggs broken while still in the unfortunate's pockets.

• • •

We hear that Fr. Sparrow has been seriously considering going off the NRA, inasmuch as many of his philosophy students seem to think it means "No Reasoning Allowed."

• • •

In a survey at Hunter College, N. Y., it was found that of the 650 Freshman co-eds, only one intends to marry after graduation. The others are planning to work. Ah, but they'll learn!

• • •

Carnegie Tech recently advertised for cheer leaders as follows: "Cheer leaders wanted; must be intelligent, neat in appearance, honest and diligent."—One week later: "Cheer leaders wanted; no qualifications necessary." Our "V-V-Villa—" boys came in the third week.

• • •

Frosh women at Tulane University, according to The Purple and Gray, are forbidden to appear with the slightest trace of lip rouge. Sophomores were on hand to punish those who disobeyed. Three of the formers' dates were shot the other day because they persisted in singing "Gather Lip Rouge While You May."

• • •

From Hollywood fashion news we have learned that the latest things in men's clothes this season are women.

• • •

The incoming class of 422 students at Manhattan College is the largest ever entered at that institution. Perhaps there was something to that article by Coach Meehan in Collier's. Or maybe the frosh merely wanted to see what a 47-0 score looked like.

• • •

It has been estimated that students can obtain an education at the University of Tucson for as little as $320, including tuition and living costs. Which seemed quite reasonable until we discovered from Hop Long Lee that in China the annual tuition is $4.00. Social custom forbids self-support there. No wonder there's a depression!

• • •

Night football isn't so new after all. Otterbein and Ohio Medical played a night game, probably the first one on record, 31 years ago. Could there have been an eclipse, Fetlock?

• • •

According to the Notre Dame Scholastic, Vassar recently got out an injunction against a candy company for making "Vassar Kisses." The Harvard lads prefer theirs from Tuft's—so tough to get!

• • •

Fifty-four miles of tape was used to bind up the football players at the University of California during the last season. Which reminds us, for no good reason at all, that Temple has procured an attractive set of rubber goal posts for Villanova's frosh to play with after the coming game.

• • •

The prize freshman at the University of Minnesota is a youngster, 13 years old, who went through grammar school in five years and high school in two and a half. He's majoring in kindergarten now.

Dr. Herbert A. Miller, noted sociologist, who was ousted two years ago from Ohio University for his advanced social theories has been appointed professor of political and social economy at Bryn Mawr College.

The Salt-Shaker

LIFE HAS POSSIBILITIES

THIS IS a beautiful world, Mr. Patmore." When Coventry Patmore called upon Leigh Hunt for the first time, this is the greeting the poet extended him. Not a startling statement, that. A commonplace, in fact. Anyone could make such a remark. Yes, everyone knows that the world is a place of beauty; but between knowing and realizing, there is a gap which most of us never close. The world has just passed the climax of its beauty. Nature has splashed the leaves with "yellow and black . . . and hectic red." Mellow autumn has touched vine and tree with splendor. And yet, in the midst of all this glory we probably remained, except at rare intervals, unimpressed. Why is it?

The answer is not hard to find. The world about us is too familiar, too much a part of daily experience to make much of an impression on us. What is obvious is too often unappreciated. Then, too, we walk through life with our eyes closed. The struggle for place and name is too absorbing to allow for attention to such an impracticality as interest in our surroundings. Even our pleasure-seeking blinds us to the wonders that lie hidden in familiar objects, for we expect to find pleasure only in very complex and artificial things.

Generally speaking, we have lost what has been termed the divine sense of wonder. We no longer "get a kick" out of things that are simple and homely. And yet, both within and without us is a world of marvels far exceeding anything our boasted progress has brought with it. The vivid conception of a great artist fills us with a sort of awe; the world around us with its fresh beauty—the flaming sky at sundown, the rich hues of autumn, the vault of heaven a-glitter with diamonds—arouses in us little enthusiasm. A bird soars swiftly, wheels, swoops down and lights with delicate grace. We see nothing in this movement remarkable or admirable. But the flight of an awkward machine that seeks feebly to imitate the bird makes us marvel. Queer people, these men! We need not go beyond our own mind to find what should be a source of constant amazement. That marvelous instrument of the soul, the intellect, is a prodigy unappreciated. What machine, be it ever so delicately adjusted, can compare with it? The crowning glory of man is capable of operations most diverse and astonishing. Like a hound eager upon the trail, the mind penetrates the material crust of things and seizes upon their very nature. His intellect sets man off from all else in the world, for it enriches him with a twofold power: to abstract and to reflect.

But we move through life unaware of the glory that is on every side. Because we're too indifferent or too pre-occupied to look for it, much of the grandeur of simple, familiar things is lost on us. Oddly enough, life is blamed for not providing the thrills we expected, when we—not life—are at fault. Much of the ennui that closes down upon us like a heavy cloud would be dissipated if we would but open our eyes to the charm of the fairyland in which we live. The thrills are there. When we have reached out for them, we will realize this. And the quest for joy in simple things will lead from beauty to beauty until we are brought up short before the blinding splendor of Him who made it all.

We must bear in mind that joy and happiness are not realized in the material world. It is the soul in its untiring quest that sees and recognizes true good and happiness. The soul glorifies in the offerings of nature that suggest the future and its complete satisfaction.

VIENNA CHOIR BOYS WILL GIVE CONCERT

Recital Will Take Place in Commerce and Finance Auditorium

TICKETS OBTAINABLE NOW

Continued From Page One

ent dean, Fr. Schnitt, that the organization survived.

Since their arrival in this country a short time ago, these youths have been singing their way into the hearts of Americans, just as they have already done in Europe from Scandinavia to Greece, and from France to Czechoslovakia.

Judging from previous reports, a pleasurable evening awaits those music lovers who attend this concert. For foreign comment on the ability of these boys, we have from Le Figaro, of Paris: "Every appearance of the Wiener Saengerknaben is a sensation. They are extraordinarily talented and are under the direction of true masters." Says the Wiener Zeitung, of Vienna: "It was a musical ecstasy — the sonority of these children's voices was overwhelmingly fascinating."

A glimpse at the opinions given by our newspaper critics provides a picture of what is in store. Therefore when the conservative New York Herald Tribune uses the word "delectable," and the New York Sun says "irresistible," a powerful and beautiful form of entertainment may be expected.

Personal reaction to the work of the Vienna Choir Boys is described by the New York Times and the Brooklyn Eagle when they say, "overwhelming applause," and captivated audience."

The first part of the program given by the choir consists of sacred songs: "In Adventu Canite tuba in Sion," by C. Porta; "In Natvitate Domini: Pueri concinite," by J. Handl; "In Hebdomada Sancta: Adoremus te," by O. Lassus; "In festo Ascensionis: O Rex gloriae," by Praenestinus; "In festo Pente costes: Virute magnam," by C. Porta.

Then follows a comic opera by Jean Jacques Offenbach, "Wedding by Lantern-Light." This is given by the entire ensemble in costume.

A group of secular songs completes the program: "Stehet auf," by Otto Rosenberger; "Wiegenlied," by Franz Burkhard; "Nun will der Lenz uns gruessen," by Karl Pfleger; "Bruederlein und Schwesterlein," by Johann Strauss.

Tickets for this concert are on sale daily, except Sundays, from 9 A. M. to 6 P. M., at the information booth in Mendel Hall. Price of tickets is $1.10.

Dial-Log

All radio reports of present-day interest center in the opening of the new Radio City in New York. Paragraph after paragraph and column after column are published daily telling of the many new features which this radio marvel of the age offers to broadcasters and listeners. Stories tell how the air is purified in the studio, how sound proof glass permits performers to be seen and yet the audience interference will not be heard; how 325 clocks synchronize the studios proving how important time is to radio. All these and many more are mentioned, but no mention is made of better programs. The facilities are better, but the calibre of the programs is the same.

The first programs were sent out Saturday night. If it were not for the announcements that the program was from the radio city, no one would have noticed any difference. Sunday evening we heard a 400-piece orchestra from Radio City. Undoubtedly our ears are untrained to what is called a better class of music, but we are the average listener and Goldman's Band from the Mall in Central Park or the Philadelphia Symphony Orchestra from places other than the Radio City sounded just as well.

With all this, we suggest that when you go to New York you go to the Radio City and for a small charge "take in" a broadcast from this mecca of the radio world.

Friday night at 9.30 in the All-American Football Show, Coach Bible of the University of Nebraska will be interviewed from Pittsburgh by Christy Walsh. Nebraska meets Pitt the following afternoon.

And now for the dance orchestras, Little Jack Little and his newly-organized band are broadcasting from the Lexington in New York . . . Emerson Gill is now playing at the DeWitt Clinton Hotel in Albany . . . Mills Blue Rhythm Band is appearing in Philadelphia with the Cotton Club Revue . . . Abe Lyman opens at the Hotel New Yorker shortly . . . Barney Rapp, the present occupant of the New Yorker leaves Gotham for a tour as do Joe Haymes and Frank La Marr . . . number four in the contest (remember?) . . . Hal Kemp, can be heard regularly over WGN Chicago . . . William Stoess and the Flying Dutchman, one of the very best, seems to have deserted the airways for a while.

2 about Cigarettes

There are 6 types of home-grown tobaccos that are best for cigarettes

BRIGHT TOBACCOS
U. S. Types 11, 12, 13, 14.
BURLEY TOBACCO
U. S. Type 31.
SOUTHERN MARYLAND TOBACCO
U. S. Type 32.

U. S. Type 11 is produced in the Piedmont Belt of Virginia and part of North Carolina.

U. S. Type 12 is produced in eastern North Carolina.

U. S. Type 13 grows in South Carolina.

U. S. Type 14 is produced mostly in southern Georgia—a few million pounds in northern Florida and Alabama.

U. S. Type 31 includes what is called White Burley tobacco. It was first produced by George Webb in 1864. It is light in color and body, and is milder than the Burley used for pipes.

U. S. Type 32, Maryland tobacco, is noted for its "burn". In this respect Maryland excels most other tobaccos.

These are the kinds of home-grown tobaccos used for making Chesterfield Cigarettes.

Then Chesterfield adds aromatic Turkish tobacco to give just the right seasoning or spice.

Chesterfield ages these tobaccos for 30 months — 2½ years — to make sure that they are milder and taste better.

Tobacco being sold at auction on a Southern market.

Hiker Comes Home From Los Angeles

Continued From Page One

which remains indelible on the mind. Never will I forget that feeling of awe which came upon me as I stood there looking down into that flame-colored, jagged abyss. The only indulgence I allowed myself on the whole trip was a 40-minute aeroplane flight over it. I had never been "up" before but I allowed myself to be influenced by the enthusiasm of the young scouts and decided to take the trip. We drove over to the flying field, getting there by 6 P. M. Soon the plane came in sight overhead—my heart began to beat fast—it began to descend—my heart feat faster. The closer the plane came the faster my heart beat. Before I knew it I was up in the air holding on tightly to the arms of the seat, lest I move, thereby causing the plane to lose its balance and forcing the whole cargo to descend into that vast abyss. One of the more cheerful passengers asked me when we were over the middle of nothing if I did not think the trip was worth what we had paid. "Yes," I replied, "and it would be worth twice as much to be down on earth again."

It took five days to get back from there, and on a Sunday, eight days after we left Los Angeles, we arrived home.

Work on Belle Air Begins at Meeting

Continued From Page One

revealed the fact that within a few days he will announce the Freshman editor. There are four candidates from the Freshman class for this office which is competitive. The candidates will be tested on their ability to compose and on their originality, and the one who proves himself the most capable will be given the office.

Before concluding the meeting, Fr. McCall said a few words on the spirit that the staff members should have. He said that everyone interested in the book should set out to make this the most original and attractive Belle Air that has yet been issued. He commended the editor on his selection of staff members and declared that he thought he would have little trouble in accomplishing results.

INSURING FINE TOBACCO FOR
future Lucky Strikes

Not many smokers have seen a fine tobacco plant in full bloom, so we show you this picture. Only a few of these fine plants are permitted to flower and to produce seed. These carefully selected seeds reproduce the following year the "Cream of the Crop" for your Lucky Strike, for tobacco must be grown from seed each year. This careful breeding of fine tobaccos explains why Luckies maintain the same fine, uniform quality from year to year—so round and firm and fully packed—free from loose ends.

ALWAYS *the finest tobaccos*
ALWAYS *the finest workmanship*
ALWAYS *Luckies please!*

THIS following article we have been brooding over since the elections. Before you go too far, though, consider the fact that we are making this suggestion for the reason that we think it would be the best for all concerned. The question is as follows: Why not hold the Villanova-Temple game on Sunday, November 26? As it stands now we are scheduled to play Temple on Saturday, the 25. This is the afternoon of the Army-Navy game at Franklin Field and regardless of what people may say, Villanova and Temple will lose customers to the service men. The Temple game undoubtedly will be a better game from the football fans' viewpoint, but we must consider that the Army-Navy game is one of the greatest spectacles that King Football can offer. If the game is played on Sunday, we will be able to draw from the whole city, and not only from our own reliable following. The game being played on Sunday can offer no advantage to us, the Villanova student body, but in attempting to help the advancement of our college, we have offered this suggestion. After all, does not a packed stadium add to the color and spirit of our most important game, as well as improving the financial standing of the school?

* * *

HAVING just arrived from the Hub City, we are more able to think out the problem concerning the Wildcat defeat at the hands of the Boston Eagles. To you who were unable to attend the game, perhaps we can help you visualize the playing of the Villanova eleven. Remember the Villanova-Ursinus game this year? Well the Boston game in our humble opinion was the exact replica of that fateful contest. The team failed to click, and the line was not holding. Not that they lack the ability to perform these essential functions but two easy games in a row did not help the morale of the Wildcat eleven, and we are of the opinion that the team looked upon Boston as another victory.

* * *

WHILE attending the Boston game we were quite surprised by the following that the game attracted. By this we mean the Villanova following. They came by bus, by train, by boat, by car, and even by hitchhiking. How many there were we have no idea, except that the number was up in the hundreds. Has the spirit of the Villanova student body improved? Personally we think so. And we hope it will lead up to one of the most successful rallies ever held for a Villanova-Temple game. The boys are going to need it this year and it is up to us to put it over. Some hold that rallies are rah-rah stuff and are only for students in high school. We know from past years that this is a false impression, and our purpose is to show the team that we are behind them. Let's get together on this rally and put it over in big way.

* * *

ANT-NEY'S Ramblers face their most important game of the season this Thursday at Franklin Field when they meet the Penn Lightweights. To the coach and the players a victory in this game means a successful season even if they are defeated in all the other games. Coach Lenzi suffered a broken ankle when he fell in the locker room during the Yale-Villanova game the week before last. For the past week Lenzi has been absent from the practice field, but perched high up in a nook in Austin Hall, the watchful eye of the red head is focused upon each man on the field. So far this year the Ramblers have shown more spirit than we thought was possible on such a team. The student body owes it to both the coaches and the players to attend this game Thursday at the stadium.

* * *

IN the next issue of the VILLANOVAN we will give a complete summary of the doings of the Temple team this year in preparation for our annual contest with them, November 25. Each player will be described in order to give you an insight into the team. Photographs will be used as illustrations.

VILLANOVA DOWNED IN UPSET

Eagles Swoop to Victory As Wildcats Trail, 9-0

Freitas Paves Way for Kelley's Placement; Bullet Pass, Freitas to Maloney, Accounts for Other Tally

CHARLEY NOWE PLAYS ENTIRE GAME

SCORING ON the end of a perfect pass in the second period and a dramatic shot between the uprights in the first quarter, sent the Villanova gridiron machine down to defeat by a 9 to 0 score at the hands of a powerful Boston College team, last Saturday, at Alumni Field, Boston.

Frank Maloney, leader of the Eagles, caught a 20-yard pass over the goal line in the second period from the hands of Johnny Freitas. The toe of Ed Kelly, the identical one that sent the Fordham team tumbling to defeat last year, 3 to 0, accounted for the three-point marker earlier in the game.

It was the first victory since 1926 for a McKenny-coached team over the Wildcats, and the Hub City team made the most of its advantages by halting advances made by the Main Liners toward their goal line. Randour, the 'Big Bad Wildcat," as Boston dubbed him, was the mark that the Eagles shot at. Cries of "Stop Randour" were heard everywhere, and stop him they did. Whitey was only able to garner 63 yards from scrimmage and was severely handicapped from the surprising weakness of the Villanova forward wall.

Tosi and Freitas stood out like beacon lights for the Eagles and between the ground gaining and passing by the latter and the line work of Tosi, the 'Cats were unable to make any appreciable headway. Zizac and Michaels did most of the work for the Main Liners, ably assisted by Nowe and Blanchard.

In the first two minutes of the game, the 'Cats gave the impression that it was to be a walk over for them. After three plunges at the line gained only five yards, Randour punted over the goal line. Boston fumbled then on the 20-yard stripe and Nowe recovered the ball for Villanova, on the 18-yard line. Randour made four yards and then Wetzler lost seven. Randour then skipped to the five-yard line where he was forced out of bounds. Four plunges netted one yard and Boston regained the ball. Thus Villanova lost one of her early scoring opportunities.

Boston Scores

Later in the same period Villanova fumbled on their 35-yard marker and Boston made their own breaks by marching to the ten-yard line. Here Ed Kelly sent the Eagles into the scoring column by booting the ball between the uprights for a three pointer.

At the opening of the second period Randour's kick was blocked and recovered by Ohrenberger, and then the Boston team went through the Villanova line to the 20-yard stripe where Freitas tossed an aerial to Maloney who caught it over the goal line.

Trailing then 9 to 0, the Wildcats tried in vain to get going but were stopped at the line of scrimmage in most of their attempts to penetrate the Boston forward wall. Cook, Randour and Patzsch were unsuccessful in making any headway for as soon as one would gain any yardage the others would be spilled for losses.

Wildcats Return Strong

At the beginning of the second

AUSTIN VICTORIOUS IN ONLY GRID GAME PLAYED LAST WEEK

Hall Boys Gain League Lead as Train and Trolley Lads Meet Defeat

PASS ATTACKS FEATURED

Austin Hall defeated the Day Hops, 24-6, last Wednesday afternoon on Mendel Field and thereby took possession of first place in the touch football circuit. This game provided the only competition of the week.

Austin kicked off to open hostilities, and Thompson ran back 20 yards to his 40. After two passes failed, Jamieson punted to Murphy, who dodged his way up to the Austin 45. Then Mike Clavin tossed to Redington for a 35-yard advance, and two plays later Connor pulled down Murphy's pass and galloped for the first score of the game. Austin 6, Day Hops 0.

Clavin kicked off to resume play and Thompson was stopped as he picked up the ball on the 25. On the first play, Jamieson attempted a quick kick but Clavin broke through and blocked the punt. Burke scooped up the ball and ran over for Austin's second score. Austin 12. Day Hops 0.

Austin kicked off again, Connor providing the impetus. Kennedy ran back 30 yards to midfield. At this point, the "Train and Trolley Boys" evidenced a slight threat but finally lost the oval on downs on the Austin 25. Austin was penalized 15 yards back to their 1-0 and on the next play Murphy's pass to Connor was deflected as it left his hand and Kennedy intercepted on the 15. Here the Day Hops showed poor judgment and passed over the goal line on first down. The ball was grounded and Austin took possession on their 20. Murphy skirted end for 40 yards and Connor added 20 more, but all went for naught as the ball was lost on the enemy 10. McNamara punted out of danger immediately to Murphy on the Day Hops' 40. Spiegel intercepted Clavin's pass and ran to the Austin 15 before he was caught from behind by McGraw who sparkled on the defense throughout the game.

The Day Hops missed another fine opportunity as they lost the ball on downs on the 20, losing five yards in four plays. Dart punted poorly to his 30, but Connor intercepted McNamara's toss as the half ended.

The Day Hops kicked off to open the second half. Clavin received the kick and ran back to his 40. He immediately tossed a pass to Murphy, good for 20 yards. But after two incomplete passes and a penalty, Connor went back to kick.

Our Predictions— How Good Are They?

After tabulating the results of Saturday's football contests we searched for our official football prognosticator and ordered coffee and pistols for two. He picked only six out of ten winners in Saturday's contests, and we must uphold the dignity of the VILLANOVAN. Thus we gave a three-year-old child a pencil and a football schedule of next Saturday's gridiron tussles. Here are his teams with the probable winners named first.

Georgia vs. Alabama Poly.
Carnegie Tech vs. Georgetown.
Northwestern vs. Notre Dame.
Penn State vs. Penn.
Pittsburgh vs. Nebraska.
Princeton vs. Navy.
Holy Cross vs. Springfield.
Ohio State vs. Wisconsin.
Duke vs. North Carolina.
Columbia vs. Lafayette.

WEEKLY PRACTICES HELD BY SWIMMERS

Call for More Candidates Is Issued by Coach Martin Gill

WORK OUT EVERY FRIDAY

Prof. Martin Gill is confronted with the difficult task of forming a swimming team with no veteran material to rely upon. However, he is attempting to build up a presentable aggregation of mermen.

Due to lack of enthusiasm, the number of candidates who have reported so far is not as satisfactory as it might be. It is extremely difficult for an instructor to face a limited few and hope to form a strong team. Therefore all those who have not yet reported for practice are urged to do so.

Practice will be held once a week until the opportunity is had to hold it more often. Friday is the day that has been set for the weekly workout. Practice starts at 3 P. M. sharp and all candidates are requested to be on time.

In January the intra-mural championship meet will be held. Last year the Day Hops were crowned champions of the school. They intend to keep their name unblemished again this year. It is the duty of the resident students to see to it that the result is just the opposite. Those seeking to become members of their hall teams should report at the pool Friday at the regular weekly practice.

A little more pep than has been shown around the campus this fall is expected to be shown in regards to this swimming meet. Everyone capable of swimming and possessing a swimming card signed by the doctor is asked to represent his hall team. This notice is posted especially for the freshmen. They have always been represented by a strong team in past years and this year should be no exception.

ANTONYS' RAMBLERS PREPARE FOR PENN

Work Out Daily in Preparing for Game With Quaker City Lightweights

CENTER POSITION STRONG

With only two practice sessions remaining before their game with the University of Pennsylvania 150's, the Villanova lightweights are working hard in order to insure themselves their first victory of the current season.

Under the tutelage of Coach Stan Wronski, who has been carrying the coaching burdens on his own shoulders since the injuries to Coach Lenzi's ankle, the boys have scrimmaged almost every day since the game with Yale, and are determined to defeat the strong Quaker City eleven.

The line has been considerably strengthened since the return of Bill Hughes to his old position at center. The pivot spot seems very strong now with four men battling nip and tuck for the position. The other candidates are Dunnigan, Marechal and Pitone. Hughes was forced to withdraw from the race several weeks ago because of a run-down physical condition, but now he is again back with the squad enjoying the best of health.

The Penn game, in a sense, is a family affair, "Red" O'Neill, a leading candidate for the right halfback position on the Villanova team, and who is expected to see service in this game, will play against his brother, a regular right guard on the Red and Blue aggregation.

The many Philadelphians on the V. C. lightweights are determined that victory must come their way and all are hoping to play against their opponents.

This fray is the only game this season that the 150's play on their home sod.

Alumni Elect Officers

The Philadelphia Club of the Villanova Alumni Association held its annual election of officers in the Engineers' Club at 15th and Spruce streets, Philadelphia, last night. Officers open for election were president, vice president and secretary.

Villanova Junior Varsity Bows to Raritans

Rutgers Jayvees Defeat Wildcats by Lone Score

Spirited Defense by Villanova Halts Early Drive After Scarlet Team Reaches the Blue and White Three-Yard Line

BUZENSKI'S KICKING SENSATIONAL

THE UNDEFEATED Rutgers University Junior Varsity team visited Villanova last Wednesday and achieved victory over the Wildcat Jayvees by a single score. Loring Pepper, speedy right halfback of the visitors, proved to be Rutgers' "ace-in-the-hole" with his 45-yard sprint for the lone tally of the game.

Immediately after the opening kick-off, the Scarlet team started an offensive that carried the ball to the three-yard line. Only intense strengthening on the part of the Wildcats staved off an early-minute score. After that first drive, the rest of the first half was occupied by an exhibition of "orthodox" football. With few exceptions, every time either team had the ball it would try two plays and then punt the ball.

Five minutes after the kick-off in the third quarter, Rutgers was in possession of the ball on Villanova's 45-yard line. It was then that Pepper staged his spectacular run. He smashed off-tackle and, avoiding Villanova's secondary defense, ran 45 yards for the touchdown. Captain "Whitney" Keller failed in his attempt to convert the extra point.

Leon Clinton gave Rutgers an opportunity for a second score in the beginning of the final quarter. This burly guard recovered Craig's fumble on the Villanova 15-yard line. But the Scarlet team could not gain through the Cats' forward wall, and lost possession of the ball when Hancox's pass grounded in the end-zone.

The Main Liners have greatly improved since their last contest, mostly in their defensive play, but their offensive tactics are still weak. The outstanding Wildcat player was Buzenski. His 23-yard run in the second period was the longest sprint up until that time. His kicking once again marked the Villanova offensive.

The Rutgers Junior Varsity team has a most enviable record. Since the inauguration of junior varsity intercollegiate competition at Rutgers in 1932, they have not lost a single contest. The game with Villanova marked their third successive win this season.

Villanova	Pos.	Rutgers
McCarthy	left end	Lauras
Hoey	left tackle	Dunsmore
O'Connell	left guard	Magee
Cocheo	center	Zimmerman
Corkhill	right guard	Chando
Fleming	right tackle	Roriand
Schelle	right end	Van Winkle
Violetti	quarterback	Heller (C)
Busenski	left halfback	Lauro
Novelline (C)	right halfback	Pepper
Zimkus	fullback	Allgair

Rutgers	0	0	0	0—6
Villanova	0	0	0	0—0

Touchdown: Pepper. Substitutions: Rutgers—Brown for Dunsmore, Hancox for Allgain, Allgair for Pepper, Messeroll for Hancox. For Villanova—Craig for Violetti, Gagliardi for Zimkus, Banmiller for Novelline, Hamel for Cocheo, Ocsius for O'Connell. Referee: Evans, Ursinus. Umpire: Lavin, Penn. Head linesman: Wilson, Lehigh. Time of quarters: 15 minutes.

Notice to Organizations

The VILLANOVAN requests that every organization on the campus turn in at the VILLANOVAN office, 222 Mendel Hall, a tentative schedule of its meetings for the semester, stating the date, place and hour. No meetings of any organization will be announced in the VILLANOVAN Weekly Calendar if this condition is not fulfilled.

In the Limelight

Charlie McGee

VILLANOVA adds another member of the football team who is playing his last year of varsity competition to its Hall of Fame. He is red-headed Charley McGee, the comedian of the squad.

Charley hails from Salem, Mass., the home of witchcraft. He attended Salem High School there and starred on the football team to such an extent that he was elected captain for two consecutive years. After graduation he entered Clark Prep, where he brushed up on his studies and increased his knowledge and experience in football.

Entering Villanova in 1930, his height of 5 feet 11 inches and his weight of 180 pounds made him a prominent candidate for the end position.

In his Sophomore year, Charley became a member of the varsity squad. During this season, Villanova met the University of Baltimore, and, as the sun was casting its shadow across the field and the timekeeper was preparing to close the contest, our hero was called to enter the game. The score was something like 66 to 6 in favor of the Wildcats. Charley walked up to the coach and said sheepishly, "Well, coach, do you think it's safe now?" and from that time on he was branded the clown of the club.

He went through his Junior year on the team with one blemish, that of being off-side six consecutive times in the Temple tilt, but he expects to make up for this on November 25.

Charley's one ambition had always been to break into the scoring column, and he accomplished this in the Gettysburg game when he was called upon to kick the point after touchdown.

"Mac" expects to be a broker but as things look now, he will continue to be a shoe salesman in the Pie Shoppe.

Temple and Rutgers Only Remaining Games on Villanova's Grid Schedule

On November 25, the Villanova football team meets its big opponent of the entire season, and with a little less than two weeks to prepare for the fray, the Villanova team is going through its paces daily in an effort to reach its peak for the game with Temple.

To date "Pop" Warner's eleven has defeated South Carolina, Haskell, West Virginia and Drake. Last weekend the Owls did not play so their season's record is four victories and two defeats. Bucknell and Carnegie Tech were their only conquerors.

In this game, where anything might happen, it seems fortunate that the 'Cats' schedule has been arranged so that the Stuhldreher-men will have an extra week to put on the finishing touches.

The final opponent of the 1933 season during the past week-end journeyed from the banks of the Raritan to Easton and defeated Lafayette by a 20 to 13 score. Of the seven games played, the Rutgers team has met only one defeat. This was at the hands of the powerful Colgate aggregation. They emerged victorious over Franklin and Marshall, Providence, P. M. C., Springfield and Lehigh. The Rutgers game will be played on the Saturday after Thanksgiving at New Brunswick, N. J.

The Temple-Villanova game will be played in Philadelphia on the same day that Army meets Navy in the Quaker City but a large crowd is expected to turn out to see these two local rivals.

'CATS' MEOW

VILLANOVA joined the N. F. A. and went under the Eagle 9 to 0.

—V—

We hereby dub Charley Nowe Iron Man. He played the entire game.

—V—

This is not funny. In fact it's pretty sad. While taps were being sounded for Armistice Day, one member of the Villanova band was smoking a cigarette out on the field. Two others paraded with their hands in their pockets. What do you call it?

—V—

Let's give the palm to the alumni. They were there en masse. Well, if everything goes all right we will all be alumni some day.

—V—

Cook, 10 yards; Randour, 17 yards; Randour, 6; pass good for 12 more. Looks good. Fumble, loss 10. Oh, well!

—V—

Same score at the halves. That is, last year. But not at the end.

—V—

The press was treated unusually well. Warm press box and hot food. Thanx, Boston.

—V—

350 miles from home and snowing hard. What price football.

—V—

To turn to the Ramblers. Lenzi no where to be seen. Players loaf when Wronski can't see them. Next morning, Lenzi, "Hey, Ant-ney, what's the idea?"---etc. Houdini, we call him.

—V—

Skaffmen lose to Rutgers, 6 to 0. But what an improvement!

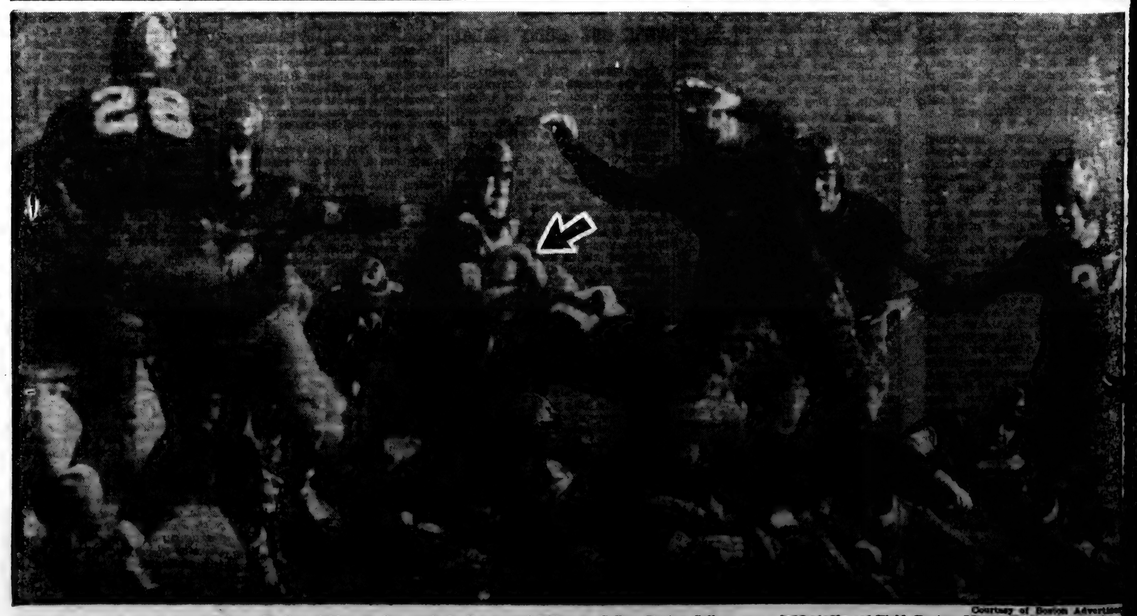
YEARLINGS PRACTICE

No Future Games Have Been Listed, but Frosh Continue to Work Out

The Villanova freshman football team is continuing to hold workouts. Although no games listed for the remainder of the season, the Frosh work out against the varsity using the opponents' plays which aid a great deal in preparing the varsity for their future contests.

The squad has diminished considerably since the beginning of the season but a sufficient number remains so that a full team is always available should a game be booked with another team or should any replacements be necessary.

Johnny Freitas, Boston College Ace, Gaining Five Yards Through Villanova Forward Wall



Courtesy of Boston Advertiser

The above photograph shows Johnny Freitas picking up five yards in the annual Villanova College-Boston College game, held at Alumni Field, Boston, Mass. Freitas is about to be stopped by Don Blanchard, No. 42, and Charley Nowe, No. 27. Tom O'Donnell is seen coming in from end. A pass from Freitas to Maloney was good for the touchdown while Ed. Kelly booted a field goal in the opening minutes of the first quarter.

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

Making Friends

There's one thing any man can get
An' never spend a dime;
Nobuddy's ever bought one yet,
In all the years of time!
But it's the greatest gift that life
Can give from start t' end
Except a true and faithful wife),
That's a faithful friend.
It's makin' friends always be
The secret of success—
I mean that folks like you and me
Will find more happiness
With one good friend, than all the
fools
The world has ever known
That use their fellow men fer tools,
Or go their way alone.
The art o' making friends—Why, say,
That's all we're livin' for!
There isn't any other way
T' find the open door
To all God's beauties everywhere!
You'll never reach the end
O' joy's bright pathway when you
share
Yer gladness with a friend.

EXCHANGE.

Frosh: "Mr. Snyder, do I have a breakage deposit?"
Mr. Snyder: "Yes, well?"
Frosh: "Well, I am broke."

BO.

"Borrowed guise fits not the wise,
A simple look is best;
Native grace becomes a face,
Though ne'er so plainly drest."

Howie Fanelli: "How did you get in the stadium?"
Tony Cocheo: "I sneaked in with the band."
Howie: "I guess you didn't have any trouble with that bugle."

Looking Back

No. Apples couldn't have been
The cause for man's first sin,
The tale you've heard so long
Of Adam and Eve is wrong;
'Tis but an ancient fable.

Not till their children grew
Did sin begin to brew.
'Twas then, it seems quite plain,
They were raising Cain
Well as they were Abel.

ACCHIONE.

Stranger: "What are you taking up at Villanova?"
Tom Whalen: "Space."

Not Scotch Either

Two instructors went fishing last summer with the understanding that the one who caught the first fish was to buy the "soda." One got a bite that almost broke his line, but he refused to pull it in. The other was fishing without bait.

John Barlow: "Do you know how to keep an elephant small?"
Grassi: "No."
J. B.: "Feed it condensed milk."

Jack Steets: "When is a straight line like a lazy dog?"
Pete Banmiller: "When it's a slope up!"

Journey's End

"During the World War a wounded man was being carried across No Man's Land on the back of a perspiring comrade. Rifle and machine-gun fire was heavy.

"Hey!" the wounded man suddenly expostulated. "How about turning 'round and walking backwards for a while? You're getting the Distinguished Service Medal, but I'm getting all the blankety-dash-bullets!"

Doesn't Smoke

Jack Hennesey: "If a number of cattle is called a herd and a number of sheep is called a flock, what would a number of camels be called?"
Charlie McGee: "A carton."

EXAM IS SCHEDULED

Medical Aptitude Test Will Take Place on December 6

The annual aptitude examination given by the American Medical Association as a requirement for entrance to the leading medical schools of the country will be held at Villanova on December 6, according to announcement made by Rev. Joseph M. Dougherty, O. S. A., dean of the School of Science, at the regular weekly seminar period of that department last week.

Fr. Dougherty advised that all students desirous of taking the exam present their applications as soon as possible. He also suggested that they review their freshman courses since a sound knowledge of these subjects will be necessary.

Committee Chooses Ring; Entirely New in Design

Contract Awarded to Bailey, Banks and Biddle Co.

SIZE UNCHANGED

The ring committee for the Junior class has been working diligently during the past week on the selection of rings and came to a decision at its last meeting. The members kept their decision secret until the class parley which was held last Thursday in the amphitheatre of Mendel Hall.

At this meeting, Edmund Piszczek, chairman of the committee, announced that the contract for the rings of the class of '35 had been awarded to Bailey, Banks & Biddle Co., of Philadelphia. Orders for the rings are already being taken, and those desiring to secure rings should have their orders in before Wednesday, November 15, if they wish to have their rings before the Christmas holidays.

Piszczek told the class members that it would take two weeks to make a die for the ring, and then the actual work on the delivery of rings would begin. He urged the Juniors to be prompt if they wished early delivery.

The committee decided that if it were at all possible they would change the design of the ring from that of other years. The Rev. Edward V. Stanford, O. S. A., president of the college, discussed the matter with the committee and gave his permission for a new design of the ring.

The company to whom the contract was awarded submitted a new design to the committee which discussed its qualities and finally passed upon it. The new design was then given to the president for his approval.

The ring is the same size as last year's except for a slightly larger stone. On one side near the top is engraved a scroll with the words, "Unitas, Veritas and Caritas." Directly underneath this is the date, 1935. Under this appears the official seal of Villanova College. Throughout, this side is worked in a torch, the same as appeared on last year's ring.

On the other side of the scroll near the top is inscribed the school in which the student is receiving his degree.

Underneath this appears the degree of B. S. or A. B. Then something that is new and entirely different has been added. The face of the Villanova Wildcat appears and again the flaming torch is worked in on this side.

The ring is ten karat and may be had in ten, 12 or higher, if the student so desires. It may be had in many finishes some of which are military gold and rose finish. The stone is synthetic, and there are a variety of stones from which the student may select. Around the top of the ring is written Villanova College and in between these two words is the date, 1842.

The committee selected this ring after a great deal of discussion, and it was decided that this company had submitted the best ring according to the knowledge of the committee.

The chairman also wished to make it known that if any Senior wished to obtain a ring this year he may do so by seeing either a member of the ring committee or a class officer. They will have their date of graduation inscribed instead of 1935.

The committeemen who will take orders for the ring besides Piszczek are Edward Sullivan, Louis P. Marechal, Francis P. Bigley, Harold D. McGrath, John Kletkotka and Albert Cerulo.

Redington Chosen Senior Chairman

Continued From Page One

Since the committee will not hold its first meeting until the latter part of this week no plans concerning the selection of the orchestra or the favors have been made.

Another group, known as the cap and gown committee, under the leadership of Charles Riley, is making an intensive study of the feasibility of obtaining caps and gowns for the Senior class at the beginning of each school year, instead of waiting until the commencement exercises, as has been the long-standing practice at Villanova.

Although no statement has been issued by the administration, Mr. Feeley said yesterday that he is of the opinion that a plan of this type will meet with their favor. The committee intends to report the results of its investigation to the Junior class for its consideration.

According to McFeeley, the wearing of the cap and gown by the fourth-year men at special occasions, such as debates, formal chapel exercises and other activities of this nature would lend distinction to the Seniors.

Under the present plan the members of the graduating classes hire the necessary attire for commencement exercises. One of the problems before the committee, however, is the possibility of each member of the class making an outright purchase of the costume for permanent keeping.

Assisting Riley on the committee are Emmett Prior, John Devine, Eugene Hartnett and Charles Goggi.

On the Special

The buses, as usual, started out in grand style—a flat tire before we even got off the campus.

At the next stop en route to New York, Mr. Teel played a game of bagatelle with Jim Downes and lost a good cigar that someone had given him last Christmas.

As the "Narcissus," alias the "Commonwealth," pulled out of Pier 14, Fugboat Annie was seen at the helm of the good ship crooning "Why Don't You Throw Up Sometime?"

After dinner on the boat Friday night, the famous (or is it notorious?) Villanova College Band gave a concert and was applauded with cheers a la Bronx. Carmen Giordano gave a piano recital and, among other tunes, presented his own "March of the Wildcats."

When the "horse races" started, Art Hart was at the wire throwing the dice. A bunch of the fellows are still looking for him.

Joe Mihalcek played No. Four because he had four cigarettes and more than $1.50 left. All of which reminds us, he also belongs to the courageous $1.50 football team.

Joe also wrote an eight-page letter. He insisted that it was to his mother, but we have our doubts.

As a result of the ride, all the fellows are pretty well stocked up on stationery. Girls, get ready for a letter with a Fall River head.

Among other amusements and distractions were: Dancing, inspection of the boat, gigoloing, crooning, etc.

Speaking of groaning (crooning when applied to others), Cheer Leader Louie DeAngelo had many vigorous requests to sing "Rolling Down the River."

Whether Frank Connell was intoxicated (with the salt air, of course) or just plain seasick, he did make a very good attempt at introducing a new tango. Maybe the boat and music swayed him a bit too much.

Drum Major Joe McKenna was unquestionably the most popular gigolo. If you don't believe us, just ask him.

The highlight of the trip was reached when DiJoseph asked the skipper if there was an "Ox Road" on board. The skipper said, "Take a stroll around the deck. You can't miss it."

Those good old doubledeckers in the rooms here never looked so good as they did Sunday night.

Aside from DeAngelo's distracting vocalizing, though, a good time was had by all. Incidentally, Louie promised he wouldn't go on the next trip and draw his first and last applause.

Villanova Junior Varsity Bows to Raritans

Rutgers Jayvees Defeat Wildcats by Lone Score

Spirited Defense by Villanova Halts Early Drive After Scarlet Team Reaches the Blue and White Three-Yard Line

BUZENSKI'S KICKING SENSATIONAL

THE UNDEFEATED Rutgers University Junior Varsity team visited Villanova last Wednesday and achieved victory over the Wildcat Jayvees by a single score. Loring Pepper, speedy right halfback of the visitors, proved to be Rutgers' "ace-in-the-hole" with his 45-yard sprint for the lone tally of the game.

Immediately after the opening kick-off, the Scarlet team started an offensive that carried the ball to the three-yard line. Only intense strengthening on the part of the Wildcats staved off an early-minute score. After that first drive, the rest of the first half was occupied by an exhibition of "orthodox" football. With few exceptions, every time either team had the ball it would try two plays and then punt the ball.

Five minutes after the kick-off in the third quarter, Rutgers was in possession of the ball on Villanova's 45-yard line. It was then that Pepper staged his spectacular run. He smashed off-tackle and, avoiding Villanova's secondary defense, ran 45 yards for the touchdown. Captain "Whitney" Keller failed in his attempt to convert the extra point.

Leon Clinton gave Rutgers an opportunity for a second score in the beginning of the final quarter. This burly guard recovered Craig's fumble on the Villanova 15-yard line. But the Scarlet team could not gain through the Cats' forward wall, and lost possession of the ball when Hancox's pass grounded in the end-zone.

The Main Liners have greatly improved since their last contest, mostly in their defensive play, but their offensive tactics are still weak. The outstanding Wildcat player was Buzenski. His 23-yard run in the second period was the longest sprint up until that time. His kicking once again marked the Villanova offensive.

The Rutgers Junior Varsity team has a most enviable record. Since the inauguration of junior varsity intercollegiate competition at Rutgers in 1932, they have not lost a single contest. The game with Villanova marked their third successive win this season.

Villanova	Pos.	Rutgers
McCarthy	left end	Laurans
Hoey	left tackle	Dunsmore
O'Connell	left guard	Magee
Cocheo	center	Zimmerman
Corkhill	right guard	Chando
Fleming	right tackle	Borland
Schelle	right end	Van Winkle
Violetti	quarterback	Heller (C)
Buzenski	left halfback	Lauro
Novelline (C)	right halfback	Pepper
Zimkus	fullback	Allgair

Rutgers	0	0	6	0—6
Villanova	0	0	0	0—0

Touchdown: Pepper. Substitutions: Rutgers—Brown for Dunsmore, Hancox for Allgair, Allgair for Pepper, Mesaroll for Hancox. For Villanova—Craig for Violetti, Gagliardi for Zimkus, Bannmiller for Novellino, Hamel for Cocheo, Oemisa for O'Connell. Referee: Evans, Ursinus. Umpire: Lavin, Penn. Head linesman: Wilson, Lehigh. Time of quarters: 15 minutes.

Notice to Organizations

The VILLANOVAN requests that every organization on the campus turn in at the VILLANOVAN office, 222 Mendel Hall, a tentative schedule of its meetings for the semester, stating the date, place and hour. No meetings of any organization will be announced in the VILLANOVAN Weekly Calendar if this condition is not fulfilled.

In the Limelight

Charlie McGee

VILLANOVA adds another member of the football team who is playing his last year of varsity competition to its Hall of Fame. He is red-headed Charley McGee, the comedian of the squad.

Charley hails from Salem, Mass., the home of witchcraft. He attended Salem High School there and starred on the football team to such an extent that he was elected captain for two consecutive years. After graduation he entered Clark Prep, where he brushed up on his studies and increased his knowledge and experience in football.

Entering Villanova in 1930, his height of 5 feet 11 inches and his weight of 180 pounds made him a prominent candidate for the end position.

In his Sophomore year, Charley became a member of the varsity squad. During this season, Villanova met the University of Baltimore, and, as the sun was casting its shadow across the field and the timekeeper was preparing to close the contest, our hero was called to enter the game. The score was something like 66 to 6 in favor of the Wildcats. Charley walked up to the coach and said sheepishly, "Well, coach, do you think it's safe now?" and from that time on he was branded the clown of the club.

He went through his Junior year on the team with one blemish, that of being off-side six consecutive times in the Temple tilt, but he expects to make up for this on November 25.

Charley's one ambition had always been to break into the scoring column, and he accomplished this in the Gettysburg game when he was called upon to kick the point after touchdown.

"Mac" expects to be a broker but as things look now, he will continue to be a shoe salesman in the Pie Shoppe.

Temple and Rutgers Only Remaining Games on Villanova's Grid Schedule

On November 25, the Villanova football team meets its big opponent of the entire season, and with a little less than two weeks to prepare for the fray, the Villanova team is going through its paces daily in an effort to reach its peak for the game with Temple.

To date "Pop" Warner's eleven has defeated South Carolina, Haskell, West Virginia and Drake. Last weekend the Owls did not play so their season's record is four victories and two defeats. Bucknell and Carnegie Tech were their only conquerors.

In this game, where anything might happen, it seems fortunate that the 'Cats' schedule has been arranged so that the Stuhldreher-men will have an extra week to put on the finishing touches.

The final opponent of the 1933 season during the past week-end journeyed from the banks of the Raritan to Easton and defeated Lafayette by a 20 to 13 score. Of the seven games played, the Rutgers team has met only one defeat. This was at the hands of the powerful Colgate aggregation. They emerged victorious over Franklin and Marshall, Providence, P. M. C., Springfield and Lehigh. The Rutgers game will be played on the Saturday after Thanksgiving at New Brunswick, N. J.

The Temple-Villanova game will be played in Philadelphia on the same day that Army meets Navy in the Quaker City but a large crowd is expected to turn out to see these two local rivals.

'CATS' MEOW

VILLANOVA joined the N.R.A. and went under the Eagle 9 to 0.

—V—

We hereby dub Charley Nowe Iron Man. He played the entire game.

—V—

This is not funny. In fact it's pretty sad. While taps were being sounded for Armistice Day, one member of the Villanova band was smoking a cigarette out on the field. Two others paraded with their hands in their pockets. What do you call it?

—V—

Let's give the palm to the alumni. They were there en masse. Well, if everything goes all right we will all be alumni some day.

—V—

Cook, 10 yards; Randour, 17 yards; Randour, 6; pass good for 12 more. Looks good. Fumble, lose 10. Oh, well!

—V—

Same score at the halves. That is, last year. But not at the end.

The press was treated unusually well. Warm press box and hot food. Thanx, Boston.

—V—

350 miles from home and snowing hard. What price football.

—V—

To turn to the Ramblers. Lenzi no where to be seen. Players loaf when Wronski can't see them. Next morning, Lenzi, "Hey, Ant-ney, what's the idea?"---etc. Houdini, we call him.

—V—

Skaffmen lose to Rutgers, 6 to 0. But what an improvement!

YEARLINGS PRACTICE

No Future Games Have Been Listed, but Frosh Continue to Work Out

The Villanova freshman football team is continuing to hold workouts. Although no games listed for the remainder of the season, the Frosh work out against the varsity using the opponents' plays which aid a great deal in preparing the varsity for their future contests.

The squad has diminished considerably since the beginning of the season but a sufficient number remains so that a full team is always available should a game be booked with another team or should any replacements be necessary.

Johnny Freitas, Boston College Ace, Gaining Five Yards Through Villanova Forward Wall

Courtesy of Boston Advertiser

The above photograph shows Johnny Freitas picking up five yards in the annual Villanova College-Boston College game, held at Alumni Field, Boston, Mass. Freitas is about to be stopped by Don Blanchard, No. 42, and Charley Nowe, No. 37. Tom O'Donnell is seen coming in from end. A pass from Freitas to Maloney was good for the touchdown while Ed. Kelly booted a field goal in the opening minutes of the first quarter.

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

Making Friends

There's one thing any man can get
An' never spend a dime;
Nobuddy's ever bought one yet,
In all the years of time!
But it's the greatest gift that life
Can give from start t' end
(except a true and faithful wife),
That's a faithful friend.
Yes makin' friends always be
The secret of success—
I mean that folks like you and me
Will find more happiness
With one good friend, than all the fools
The world has ever known
That use their fellow men fer tools,
Or go their way alone.
The art o' making friends—Why, say,
That's all we're livin' for!
There isn't any other way
T' find the open door
To all God's beauties everywhere!
You'll never reach the end
O' joy's bright pathway when you share
Yer gladness with a friend.

EXCHANGE.

Frosh: "Mr. Snyder, do I have a breakage deposit?"

Mr. Snyder: "Yes, well?"

Frosh: "Well, I am broke."

BO.

"Borrowed guise fits not the wise,
A simple look is best;
Native grace becomes a face,
Though ne'er so plainly drest."

Howie Fanelli: "How did you get in the stadium?"

Tony Cocheo: "I sneaked in with the band."

Howie: "I guess you didn't have any trouble with that bugle."

Looking Back

No. Apples couldn't have been
The cause for man's first sin,
The tale you've heard so long
Of Adam and Eve is wrong;
'Tis but an ancient fable.

Not till their children grew
Did sin begin to brew.
'Twas then, it seems quite plain,
They were raising Cain
Well as they were Abel.

ACCHIONE.

Stranger: "What are you taking up at Villanova?"

Tom Whalen: "Space."

Not Scotch Either

Two instructors went fishing last summer with the understanding that the one who caught the first fish was to buy the "soda." One got a bite that almost broke his line, but he refused to pull it in. The other was fishing without bait.

John Barlow: "Do you know how to keep an elephant small?"

Grassi: "No."

J. B.: "Feed it condensed milk."

Jack Steets: "When is a straight line like a lazy dog?"

Pete Bannmiller: "When it's a rope up!"

Journey's End

During the World War a wounded man was being carried across No Man's Land on the back of a perspiring comrade. Rifle and machine-gun fire was heavy.

"Hey!" the wounded man suddenly expostulated. "How about turning 'round and walking backwards for a while? You're getting the Distinguished Service Medal, but I'm getting all the blankety-dash-bullets!"

Doesn't Smoke

Jack Hennesey: "If a number of cattle is called a herd and a number of sheep is called a flock, what would a number of camels be called?"

Charlie McGee: "A carton."

EXAM IS SCHEDULED

Medical Aptitude Test Will Take Place on December 6

The annual aptitude examination given by the American Medical Association as a requirement for entrance to the leading medical schools of the country will be held at Villanova on December 6, according to announcement made by Rev. Joseph M. Dougherty, O. S. A., dean of the School of Science, at the regular weekly seminar period of that department last week.

Fr. Dougherty advised that all students desirous of taking the exam present their applications as soon as possible. He also suggested that they review their freshman courses since a sound knowledge of these subjects will be necessary.

Committee Chooses Ring; Entirely New in Design

Contract Awarded to Bailey, Banks and Biddle Co.

SIZE UNCHANGED

The ring committee for the Junior class has been working diligently during the past week on the selection of rings and came to a decision at its last meeting. The members kept their decision secret until the class parley which was held last Thursday in the amphitheatre of Mendel Hall.

At this meeting, Edmund Piszczek, chairman of the committee, announced that the contract for the rings of the class of '35 had been awarded to Bailey, Banks & Biddle Co., of Philadelphia. Orders for the rings are already being taken, and those desiring to secure rings should have their orders in before Wednesday, November 15, if they wish to have their rings before the Christmas holidays.

Piszczek told the class members that it would take two weeks to make a die for the ring, and then the actual work on the delivery of rings would begin. He urged the Juniors to be prompt if they wished early delivery.

The committee decided that if it were at all possible they would change the design of the ring from that of other years. The Rev. Edward V. Stanford, O. S. A., president of the college, discussed the matter with the committee and gave his permission for a new design of the ring.

The company to whom the contract was awarded submitted a new design to the committee which discussed its qualities and finally passed upon it. The new design was then given to the president for his approval.

The ring is the same size as last year's except for a slightly larger stone. On one side near the top is engraved a scroll with the words, "Unitas, Veritas and Caritas." Directly underneath this is the date, 1935. Under this appears the official seal of Villanova College. Throughout, this side is worked in a torch, the same as appeared on last year's ring.

On the other side of the scroll near the top is inscribed the school in which the student is receiving his degree.

Underneath this appears the degree of B. S. or A. B. Then something that is new and entirely different has been added. The face of the Villanova Wildcat appears and again the flaming torch is worked in on this side.

The ring is ten karat and may be had in ten, 12 or higher, if the student so desires. It may be had in many finishes some of which are military gold and rose finish. The stone is synthetic, and there are a variety of stones from which the student may select. Around the top of the ring is written Villanova College and in between these two words is the date, 1842.

The committee selected this ring after a great deal of discussion, and it was decided that this company had submitted the best ring according to the knowledge of the committee.

The chairman also wished to make it known that if any Senior wished to obtain a ring this year he may do so by seeing either a member of the ring committee or a class officer. They will have their date of graduation inscribed instead of 1935.

The committeemen who will take orders for the ring besides Piszczek are Edward Sullivan, Louis P. Marechal, Francis P. Bigley, Harold D. McGrath, John Kletkotka and Albert Cerulo.

Redington Chosen Senior Chairman

Continued From Page One

Since the committee will not hold its first meeting until the latter part of this week no plans concerning the selection of the orchestra or the favors have been made.

Another group, known as the cap and gown committee, under the leadership of Charles Riley, is making an intensive study of the feasibility of obtaining caps and gowns for the Senior class at the beginning of each school year, instead of waiting until the commencement exercises, as has been the long-standing practice at Villanova.

Although no statement has been issued by the administration, Mr. Feeley said yesterday that he is of the opinion that a plan of this type will meet with their favor. The committee intends to report the results of its investigation to the Junior class for its consideration.

According to McFeeley, the wearing of the cap and gown by the fourth-year men at special occasions, such as debates, formal chapel exercises and other activities of this nature would lend distinction to the Seniors.

Under the present plan the members of the graduating classes hire the necessary attire for commencement exercises. One of the problems before the committee, however, is the possibility of each member of the class making an outright purchase of the costume for permanent keeping.

Assisting Riley on the committee are Emmett Prior, John Devine, Eugene Hartnett and Charles Goggi.

EAGLES VICTORIOUS IN SURPRISE UPSET, TOPPLING WILDCATS

Freitas, Kelley and Capt. Maloney Make Score a Possibility

Continued From Page Five

half the Villanova team came out on the field determined to score. When Villanova got possession of the ball, Cook ran the ball for a first down, Randour scampered through tackle for 17 yards and another first down. Randour again cracked tackle for six and then threw a pass to O'Donnell for a first down. After three plays failed to gain, Patzsch fumbled and the ball was recovered by Ezmunt of the home team. And so went another chance for a Villanova tally.

In the third period the Wildcats made another bid to break into the scoring column. After rushing the ball to Boston College's 15-yard line, a triple pass, Randour to O'Donnell to Grimberg placed the oval on the Eagles' five-yard line. Randour fumbled and the ball was recovered by Boston. Quite a bit of dissension was heard on that triple pass. Grimberg was called out of bounds on the five, but many claimed that he was still within bounds. The play was called back after Grimberg had crossed the final chalk line.

From then on Villanova threw passes in a vain attempt to score but two of these were intercepted, blasting the hopes of the Wildcats.

and Robert Guinee. Both of these plays were very interesting. It might be said that unknown talent was brought to light in these presentations.

Plans are being made to offer a series of one-act plays to the public in the near future. It is the hope of the society to be able to present these plays in and around Philadelphia. The names of the plays and the men who will take part in them will be announced within the next week. The Belle Masque is also making preparations to give a major production the early part of next year.

Austin Victorious Over Day Hop Team

Continued From Page Five

The boot was blocked and recovered by Kennedy, whereupon the Day Hops started another scoring.

Austin took the ball on downs on the 20 and Murphy tossed to Vaughn for 35 yards. Murphy's pass to Connor was also complete this time for 25 yards. But Murphy's throw to Vaughn was grounded over the last wide stripe, and the Day Hops started again from their 20. Three passes failed and Thompson punted out on his 40. Burke attempted to kick on third down but the Day Hops blocked it and Sullivan recovered. Kennedy's pass to McNamara was good for 10 yards and on the next play Jamieson tossed to Sullivan for a touchdown. Austin 12. Day Hops 6.

This time "Trader" Horn kicked off for Austin, and the Day Dodgers started play on their 20. Two plays were good for no gain, and McNamara passed but Burke intercepted on the 25. Murphy circled end to the seven-yard stripe, and on the next play Dart ran over for a touchdown. Austin 18. Day Hops 6.

Connor kicked off to Kennedy who returned five yards to his 20. McNamara punted out on the opponents' 45. Clavin lost 15 yards and Burke punted out on the Day Hops' 35. Burke intercepted McNamara's pass and ran to the 25. Murphy's pass to Dart was good for 20 yards, and Clavin tossed to Willis for Austin's last score. Austin 24. Day Hops 6.

"Whenever I am in Philadelphia, I always make it a point to dine at the Le Fren Grill."

IT TAKES HEALTHY NERVES TO BE A CHAMPION BRONK RIDER!

RIDE 'EM COWBOY! Every second is crowded with danger for Eddie Woods, twice all-round cowboy champion at the famous Calgary Stampede. It sure takes healthy nerves to stay on board a fighting bronk! "Camels are my smoke," says Eddie Woods. "They never jangle my nerves."

"OUT ON THE RANCH I became *devoted* to riding and *smoking Camels*. Even if I am not in the championship class I need *healthy nerves*. And Camels do not upset my nerves. They are the *mildest* cigarette I know!"

A MATCHLESS BLEND

IT IS MORE FUN TO KNOW
Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Steady Smokers turn to Camels

EDDIE WOODS, one of the "top hands" of the cowboy world, says: "Ten seconds on the back of an outlaw horse is about the hardest punishment for a man's nerves that anybody can imagine. To have nerves that can take it, I smoke only Camels. I've tried them all, but Camels are my smoke! They have a natural mildness, and I like their taste better. Most important of all, Camels do not jangle my nerves, even when I light up one Camel after another."

If you are nervous... inclined to "fly off the handle"... change to Camels. Your own nerves and taste will confirm the fact that this milder cigarette, made from costlier tobaccos, is better for steady smoking.

CAMEL'S COSTLIER TOBACCOS

NEVER GET ON YOUR NERVES... NEVER TIRE YOUR TASTE

Lots of Pep! Temple Rally Friday Evening In the Gym At 8 P. M. Bonfire Afterwards

VILLANOVAN

After the Game The Victory Dance Help Celebrate Temple's Downfall. Support the Owl Hop Subscription $1.50

Vol. 6—No. 8 VILLANOVA, PA., TUESDAY, NOVEMBER 21, 1933 Price: Five Cents

STUDENTS TO CELEBRATE TEMPLE GAME AT ANNUAL OWL HOP SATURDAY NIGHT

Villanovans Under Direction of Paul D. Teel Will Present Novel Arrangements of Dance Numbers in the Appropriately Decorated Gymnasium

TICKET PRICE IS $1.50

Late Permission to Be Given to Resident Students Attending Affair

Villanova's gymnasium will be the scene of a gay dance Saturday evening when the members of the Phi Kappa Pi engineering fraternity celebrate the traditional Owl Hop. The spacious structure will be decorated in a blaze of color, and the Villanovans under the direction of Paul Teel, have sweet dance music for those planning to attend the annual affair.

Should the football team meet with victory in its annual encounter with the surging tide of a strong Temple eleven in the afternoon, the evening will be the occasion for a "double" celebration.

Although the Temple "Owl" and the name of the dance are synonymous, they are in no way related to one another. Back in 1919, before Temple and Villanova met on the gridiron, the Villanova engineering students were making merry at the colorful late Fall dance.

Joseph P. Callaghan, chairman of Saturday evening's dance committee, has a bag full of surprises and favors for all those attending the function. In addition to a very useful door souvenir, he has promised a special and unusual treat if the football feud is credited to the blue and white side of the ledger.

Although every member of the engineering fraternity is serving on the committee for the dance, the following have been named as members of the official committee with Callaghan: William Devenney, Rudolph Lopez, Frank Kraft, Charles McGough, Richard O'Shea, Charles Thiede, James McBrearity, Larry Shevlin, Joseph W. Kehoe and John O'Hara.

Decorations in the vicinity of the dance floor will begin tomorrow with every member of the School of Engineering lending a hand to

DESCRIPTIVE TALK GIVEN BY M'GINLEY

Principles of Punching and Dies Explained in Meeting to Engineers

SOCIETY TO VISIT MINES

At the last meeting of the Villanova Chapter of The American Society of Mechanical Engineers, Frank McGinley, '34, gave a lecture on his thesis entitled, "The Punching and Drawing of Various Metals."

He gave a short history on the punching and drawing of different metals and related the underlying principles of punching and dies. A description of the Bunch Press machine was given, showing its advantages and disadvantages. McGinley then compared the modern type press machine to the new machine which is being used in London, England, at the present time, but is not in operation in this country as yet.

It was originally intended that this meeting would be for the most part an opportunity for the freshmen engineers to attend the lecture and become members of this organization. Unfortunately, however, the freshmen had a class meeting that day and were unable to attend. However, the freshmen en-

CHANGE EFFECTED IN VACATION DATES

Limits Thanksgiving Recess to One Day; Christmas Holidays Extended

STUDENTS FAVOR ACTION

An official notification of a change in the college calendar was issued this morning from the office of the President, as follows: "Thanksgiving vacation will be limited to Thanksgiving Day. Christmas vacation will be extended from January 3 to January 7."

In reply to the petition concerning the Thanksgiving and Christmas vacations which was presented to the president of the college by the Student Council last week, Rev. Edward V. Stanford, O. S. A., issued an official statement indicating that the authorities would keep the exhibited attitude of the student body in mind in arriving at their decision.

Requests concerning the vacations were advanced upon the Student Council from both angles by the student body. In an attempt to settle the controversy, the Student Council conducted a poll. The question at issue whether the students wanted a Thanksgiving and Christmas vacation or an extended Christmas vacation and no Thanksgiving holidays other than the single day.

The texts of the Student Council's petition and Fr. Stanford's statement are as follows:

November 16, 1933

Rev. E. V. Stanford, O. S. A., Pres.,
Villanova College
Villanova, Pa.
Dear Father Stanford:

The question has arisen among the student body as to whether or not it would be more beneficial to the majority of students to eliminate the regular Thanksgiving vacation and in its place provide for a proportionate lengthening of the Christmas vacation

Since numerous appeals have been made to the Student Council by both sides, this body feels that it should take some action. In our minds a student poll appears to be the best way of arriving at a consensus of opinion.

We would like to know, therefore, if you would sanction such a poll? Furthermore, if it is the students' opinion that the Thanksgiving vaca-

Ten Percent of Student Body Here Is Engaged in Business After Class

The unemployment situation at Villanova College is not a dire circumstance, according to a census taken by the VILLANOVAN during the past week. The inquiry, conducted by a staff reporter, revealed that approximately ten per cent. of the entire student body are employed in some type of physical or mental labor after their classes are terminated. The positions held by these various students range from a newspaper distributor to a reporter, from a taproom proprietor to a beer distributor, from a waiter to a cafe owner and from a drug clerk to a registered pharmacist.

Those who comprise the newspaper distributors are Alexander Kramer, a junior in the School of Commerce and Finance; Joseph Fenstemacher, a senior in the same school and Joseph Costigan, a junior in the School of Technology. Edmond Reiley and Harold Keating, juniors in the School of Finance and editors of the VILLANOVAN, are reporters for various local newspapers. As the result of the recent beer bill, Vito F. Canuso, a junior in the School of Commerce and his brother Nicholas, a sophomore in the School of Science, operate a cafe and taproom while Julian Di Nubile, a freshman in the latter school is a distributor. John Fralinger, a junior in the Arts School, is a clerk in a drug store while Joseph Mira and Anthony Barransano, sophomores in the School of Science are employed as registered pharmacists.

At the St. James Hotel in Philadelphia you will find John McLaughlin, a freshman in the School of Science, operating an elevator from 11 P. M. until 7 A. M. Incidently, he sleeps from 6 P. M. un-

APPRECIATION CARD SENT TO STUDENTS

Family of Mrs. Walsh Thanks Student Body for Its Spiritual Bouquet

TEAM ATTENDS FUNERAL

A card of appreciation has been received by the student body of Villanova from the family of Mrs. John J. Walsh, recently deceased mother of James Walsh, a junior in the School of Commerce and Finance. The card was sent as a token of thanks for the spiritual bouquet which the student body of the college composed and presented to the family of Mrs. Walsh.

The card, which was addressed to "The Student Body of Villanova College, c-o Mr. Raymond J. Harter, Editor, The VILLANOVAN, Villanova, Penna.," read as follows: "The family of the late Mary E. Walsh acknowledges with grateful appreciation the kind expression of your sympathy."

The spiritual bonquet which is being offered for Mrs. Walsh comprises 384 Masses, 361 rosaries, 292 visits to the Blessed Sacrament and 271 Holy Communions. The names of 208 resident students were appended to the bouquet.

Mrs. Walsh, who died in the Lankenau Hospital, Philadelphia, was buried last Tuesday morning from Saint Benedicts' Church in North Philadelphia. The funeral services were attended by the entire football squad of the college, as well as by a number of members of the faculty.

Large Crowd Expected At Pep Rally Friday; Marty Brill to Speak

Student Council Completes Plans to Have Other Prominent Speakers Address Entire Student Body in Gym

DEBATING SCHEDULE FOR SEASON ISSUED

Beta Gamma Men Open Year Against St. Thomas' College, Dec. 7

FIVE TOPICS SELECTED

The debating schedule of the Beta Gamma Chapter of the Villanova Literary Society was announced last week by varsity debating manager, Charles P. Goggi. The varsity team will swing into action on December 7, against St. Thomas' College, Scranton, in a home and home debate. Opening its season before Christmas sets a precedent in the activities of Beta Gamma for in previous years it did not begin its inter-collegiate contests until after the first of the year.

The increased enrolment of the society, as well as the increase in the number of debates to be held, indicates that the forensic trend at Villanova is definitely upward and the debaters expect their most successful season.

The second debate of the month of December will take place on the 11th with Temple in a Philadelphia League contest. The topic will be, "Resolved: That the Recognition of Russia Was for the Best Economic Interest of the United States." The place for this meeting has not yet been decided.

Only one debate will be held in January and that will take place on the 11th with Haverford in another home and home affair.

The first month of the second semester finds the Beta Gamma members beginning intensive work. Three debates are scheduled for February: LaSalle College on the fifth; Charles Morris Price on the 15th, and the University of Pennsylvania on the 27th. The LaSalle and Pennsylvania contests are Philadelphia League debates. The subject argued with La Salle will be, "Resolved: That There Should Be Socialization of Medical Aid." The topic of the debate with the University of Pennsylvania will be, "Resolved: That the Establishment of a Permanent Dictatorship Would Be for the Best Interests of the United States."

Continuing its season, Villanova's debaters will oppose Manhattan on March 9. A debate on the same date is pending with St. John's College of Brooklyn. A home and home match with Rutgers will take place on March 22.

The University of Pittsburgh will be encountered at Villanova during

OLD CLOTHES WANTED

Apparel to Be Given to St. Vincent de Paul Society

Students who have any old clothes are requested by the Rev. Joseph O'Malley, O. S. A., to leave them at his office. Frequently transits stop at the school and ask for old clothing. The supply gathered last year by the St. Vincent de Paul's Society has been exhausted.

Instead of allowing old clothes to accumulate dust in closets, Fr. O'Malley asks the students to donate them to this worthy cause and allow someone else to get some use from them. Shoes, suits, coats, sweaters, or any other articles of wearing apparel are equally acceptable.

SUPPORT URGED

First Large Bonfire in Two Years Is to Be Built

Plans have been completed by the Student Council for a gala pep rally to be held Friday night, the eve of the annual football game with Temple University. The major attractions of the evening include addresses to the students by prominent speakers, and a gigantic bonfire which will be built by the entire student body under the supervision of the Student Council. The rally will commence promptly at 8 o'clock in the gymnasium.

According to latest developments, Marty Brill, former Notre Dame football star, and at present head coach of football at La Salle College, in Philadelphia, will address the crowd. Other speakers include Head Coach Harry Stuhldreher, assistant coaches Robert Reagan and Marty Gezser, and someone whose identity cannot be divulged at the present time. The identity of the last mentioned person will not be disclosed until the evening of the rally, being purposely held back as a "surprise" to all present. Besides these, connections have been made with Ed Walsh, sports writer on the Philadelphia Inquirer, and it is practically certain he will speak.

Immediately following the various addresses, the students will file out of the gymnasium, and proceed to the field opposite the Commerce and Finance building, where a bonfire will be held. This is the first time in two years that a bonfire has been held, and it is expected that a

EDITOR IS GUEST AT NEWS MEETING

Attends Convention of Intercollegiate Newspaper Association

NOTED JOURNALISTS SPEAK

Newspaper representatives from 30 colleges located in six States met at the annual fall convention of the Intercollegiate Newspaper Association, at which Raymond J. Harter, editor of the VILLANOVAN, was a guest as unofficial observer. The conference was held at the Johns Hopkins University, Baltimore, Md.

The convention, which extended over Friday and Saturday, was credited as being the best in the history of the association. Guest speakers who addressed the assembly at various times included most of the outstanding men of the field of journalism in this section of the country. Some of these men were Sir Wilmot Lewis, Washington correspondent of the London Times; Frank B. Noyes, president of the Associated Press; John E. Allen, editor of Linotype News; Harvey Rivkin, staff correspondent of International News Service; Byron Price, chief of the Associated Press Bureau in Washington, and a number of others.

Problems of a newspaper, from both the editorial and the business

COME ON, VILLANOVA, LET'S GO

VILLANOVA versus Temple! Even the mere mention of these words strikes a thrill in the heart of every Villanova man. The game is the classic of classics on each team's schedule. This year there is an added incentive which promises to make the coming game even more colorful than those in the past. Ever since "Pop" Warner was appointed coach of Temple, the supporters of both institutions have been looking forward to the Villanova-Temple game. Will the field general of the Four Horsemen be able to outsmart the "Old Fox" of football? The final answer to this question depends upon the student cheering section. Of course, the coach has to impart the technique of the game to his team, and the players have to put this technique into operation. We know, however, that all this has been done. The only part remaining is for the student body to create the necessary spirit. It is up to them to inspire the players with enthusiasm and fight. They will be the driving principle behind the team. Friday night, the pep rally in the gymnasium will afford the students the most opportune occasion to start that driving principle off on the right foot. Even now you may do your part. The feature of the pep rally will be the bonfire. A fire without fuel, however, is a physical impossibility. Consequently, let's all get going. Make the fire an immense conflagration. Make the rally a huge success. Inspire the team to victory.

USE, NOT ABUSE

UPON RETURNING to college this year the student body was astoundingly pleased in observing the complete transfiguration of the Pie Shoppe. Everyone was aware that the Pie Shoppe was in need of renovation. But the change that it has undergone is quite beyond any expectations. A glancing observation is sufficient to indicate that such a renewal is a costly item. It seems incredible that the students should be unappreciative of this improvement in their favor. But they have permitted abuses to be committed in the use of the equipment. Such actions as carving the chairs and tables, mixing salt and sugar, and so forth, are destructive. The Pie Shoppe is intended as a restaurant, and not a lounging or card room. Consideration should be shown to those who patronize the Shoppe. Patrons are not to be hindered in the use of the Shoppe by loungers. We all agree individually that we thoroughly enjoy the new atmosphere. We are more inclined now to use the Pie Shoppe more often and make use of its accommodations. It is none but the students who use and derive whatever good the alterations offer. Show your appreciation by using, not abusing.

YOU OUGHT TO KNOW

WHEN Hal Keating and Jesse Einhorn as debating partners are called upon to meet the opposition in worthy debate there will be worn by the audience of the first three rows, at least, rainy weather habiliment. For statistics won't be the only thing spouted by these two oratorical students.

Dame Rumor has it that if we again out-thrust and out-point the Knight Templars of Broad street this Saturday, when we meet on the green-sward of their stadium, our football team might spend their Christmas vacation in Florida, Miami U. is our would-be opponent for a football game in that season of corpulent, ruddy-cheeked, department store St. Nicks', carolers, plum-puddings and school vacations. For Villanova this would be a bid for national prominence as well as an opportunity for the football players to brush up on their geography!

With the advent of cold weather and snow the P. O. trips of thrice daily have been cut to the minimum of one. The postmaster tells me it affords more moments of leisure for his attendants and himself. This dearth of trips in cold weather proves the contention that the average Villanovan is just a fair-weather boy.

A discussion on all the trouble and pain one has to pu up with from his teeth prompted Frank Skaff to remark, "if you're not true to your teeth they'll be false to you." And, although Frank is correct, he must not lose sight of the fact that in some cases, like that of my comb, false teeth are greatly desirable.

In view of the fact that Vincent Totin is, with few exceptions, the first to arrive at the not stately but weather-beaten and battle scarred dining-hall doors, I would a suggestion make, To Vince, the dining-hall key should, with solemn ceremony, be presented in recognition of his punctual record. Only a Villanovan boarder can appreciate the stamina and courage the accomplishment of this record entailed. He should not go unrewarded.

Jerry Searight is seen these cold days walking in his bearskin, immune to the icy touch of King Winter. I wonder if Jerry destroyed the animal in the wilds of his home state, Oklahoma?

Rebuked by his parents for a misdemeanor, a small boy decided to leave home. His preparations for departure went unhindered, much to his surprise, and a half-hour later found him sitting on the curb around the corner hugging an old satchel filled with favorite toys. Footsteps aroused him from his mournful silence, and he turned his head to watch an approaching stranger. "Where does Mr. Smith live, Sonny?" the unknown asked. Getting slowly to his feet, the little fellow raised a pudgy finger and pointed to the distant house saying, "That's it," and added mournfully, "I used to live there, too."

Rotund Leo Cordiali, for the admirable fashion in which he conducted the vacation vote, is deserving of praise. Voters found no inconvenience in the way of loss of time or by lack of information as to how the ballots should be cast to make them count. There were no poll brawls or outbreaks of disorder and, although many voters were not in accord with each other's beliefs, there were no intimadations made. Villanova's students have shown that they are capable of expressing their opinions in the oldest and best manner of registering sentiment known to man—that of the vote.

Ed Cottrell certainly has a keen understanding as to what feminine beauty is and enough of that "savoir-faire" about him to attract this type to him. Hats off to you, Edgar! I hope she liked the game.

It is going to be a hard task this week trying to round up the activities of the week for your information and enjoyment, not meaning to assume too much. The greater happenings will take place in the confines of the dorm rooms, which for this week will admit no nonsense. Your humble columnist unwont to say die will struggle along with an ever open ear and eye to stray bits of news that might make subject matter for this column. I am not trying to win sympathy for myself, but to show the home folks how we students disregard everything else to study and pass our exams.

COLLEGIATE NEWSREEL

WHEN writing wasn't a profession and poets were equally poor, the bards were quite content to find a patron who would be grateful enough for their jingles and other headache remedies to place a bucket of ale on their doorstep every morning. Under this system things went swimmingly well, although the neighborhood cats would have preferred milk. But along came prohibition and alas, many things happened. At South Carolina University, B. V., it was the time honored custom for that institution to allot a quart a month to each student—unless he refused! You'll ask, "A quart of what?" because you are too inquisitive. We don't know, but we'd like to. Which might be impolite. At any rate, South Carolina University is undecided as to whether or not the tradition should be renewed The students think that: "Regardless of the outcome, university students will continue, as always, to be disinterested and totally indifferent." It's great to be a Stoic, or would you rather drive a Pontiac?

* * *

Shaving always has been a nuisance, even to the other Smith brother and those who go to college, but leave it to the American genius to find a solution. At South Dakota State College, Hobo Day and beards go together, according to The Torch, for no male student on the campus is allowed to shave for many weeks before the annual hobo celebration at that institution. Some of them have not seen the barber since the beginning of October.

* * *

A survey made by New York University has revealed "bull sessions" to be detrimental to scholarship. Their only justification for existence is to furnish recreation and to aid in the formation of opinion. Which seems to us to be reason enough.

* * *

Of interest to devotees of aviation should be the announcements just issued by the Boeing School of Aeronautics at Oakland, Calif., to the effect that the W. E. Boeing scholarships will be offered during the school year, 1933-34, to American university and college undergraduates who are interested in aviation as a career.

* * *

According to a news note, "it was the custom in the good old days at the University of West Virginia to ring a bell at nine o'clock warning students that they must retire. At 6 A. M. a cannon was fired at the armory to get them out of bed." Rather tough on the students living in the armory. We should think that it would be less bothersome to be shot at sunrise.

* * *

Students at Connecticut State demand half the royalties on their examination papers which are sold to humorous publications.

* * *

"Cone on, you fellows; get tough! Bust through the line and smear that passer!" instructed the coach of a Southern high school football squad to his first team. He went into the second team backfield to pass. When the play was completed they took the coach to the hospital. He had a broken leg! At the height of their spectacular game the next day both the coachless team and their opponents were scoreless with but a few minutes to the last whistle. The former ran off a trick play when an excited spectator jumped out of the stands and tackled the player running for a touchdown. As Joe Conlan would say, "Nothing but the truth!"

* * *

A professor at Worcester Tech mystified his class by a very complex equation. When finally cornered and asked just what the symbols meant, he admitted that he did not know, but said that it must be right, for he had used it in the same courses for years.

* * *

Those sentimentalists who have nothing else to do but stir up wars among innocent hard-working people, were given something to think about with the recent announcement of the discovery of a new poison gas against which gas masks are powerless. The formulators of the substance are professors in a French university and will give out the secret to the Government only in the event of war, in which case it would take only a week to make all the gas required.

* * *

The tooth of an Equs Occidentalis, an ancient Western horse which roamed round California some 20,000 years ago, was recently found by a geology student of the California Institute of Technology. The tooth was probably the only one that missed "The Last Ground-Up."

The Salt-Shaker

LEMAITRE . . . AND US

BUT, MY dear Einstein, regardless of the Gauss space-curvature, a congruence-transformation can always be effected in Riemannian and Lobachevskian space." Whew!

Yet something on this order is the everyday professional language of one Catholic priest—Abbe Georges Lemaitre.

This friend and acknowledgedly competent critic of Einstein was born in Belgium in 1894 and served his country in the World War. He received a degree from Louvain in 1920 and was ordained a priest in 1923. He studied at Cambridge and M. I. T., receiving the doctorate in physics from the latter. He became a professor at Louvain in 1927 and promulgated his theory of the "expanding universe" in 1929. He visited America in 1933, going to C. I. T. and Mt. Wilson Observatory, and was made a visiting professor of the Catholic University.

Of such a man, not only Louvain, but the whole Church may well be proud. He is a living refutation (there is none better) of the "opposition" between science and religion.

Why are there so few like him? The few noteworthy Catholic scientists are constantly complaining of the small proportion of Catholic scientists in comparison to the number of Catholics in the population.

Surely, the proportion of brainy, scientifically-inclined young men is no less amongst Catholics than others. The reason does not lie here. But what frequently happens to such a one? At first he is all eagerness for things scientific and has an unbounded admiration for scientists and their way of looking at things. It is not long, however, before he hears of the "conflict" of science and religion. Persons whose opinions he has been taught to respect slight his heroes, if they do not positively condemn them. They are eloquent on the harm they have done religion, on their self-sufficiency and arrogance, et cetera. Naturally his ardor cools. He begins to think that amongst Catholics a scientist is to be suspected. He feels he must apologize for his interest in science and his admiration for scientists. Finally, he takes up something else as his profession.

What is the remedy? The grain of salt. Undoubtedly, some scientists have greatly harmed religion's cause; equally undoubtedly, many others have greatly helped it. Furthermore, the wrong attitude of Catholics towards it has been greatly responsible for science's "conflict" with the Faith. Historically, the "conflict" arose when the early modern scientists attacked the decadent scholastic astronomy and physics (scholastic and Catholic were then practically synonymous). "Far from courting or welcoming . . the new scientific discoveries (the scholastics) turned away in terror from the current theories. . .The Aristotelian teaching they regarded as a sort of monument from which not a single stone could be removed without upturning the whole" (De Wulf). They condemned some teachings of the new science as "false philosophically and theologically." The scientists took them at their word; and when the scholastics' science had been completely discredited, they inferred the falsity of their faith: "Science had sounded the death-knell of religion, etc." . . . all wrong, of course, but very human.

Catholics today must beware of a like mistake. There are still many questions about which pious prejudice can do much harm. To rectify, as far as lies with us, the mistakes of the past and to contribute in whatever way we can to a better understanding between science and religion in the future is what the Abbe Lemaitre should mean to us.

OWL HOP TO CLIMAX GAME WITH TEMPLE

Unusual Features to Be Presented if Blue and White Win

LATE PERMISSION GRANTED

Continued From Page One

make the gymnasium appear attractive. Weird and colorful lighting effects are being created by members of the electrical enginering group of th fraternity.

It is the intention of the chairman to make the Owl Hop comparable to the various class dances, and for that reason he has been making extensive preparations for the evening's fun. He emphasized the fact that the committee especially appreciates the spirit of co-operation shown by "Doc" Jacobs, varsity basketball coach, who has suspended practice in the gymnasium for the remainder of the week so that the committeemen may be unhampered in their preparations.

Callaghan said yesterday that all resident students attending the Owl Hop will be granted late permission by the college authorities. The music will start at 9 P. M.

Proceeds from the dance will be used to build up the treasury of the Phi Kappa Pi Fraternity. The admission charge, which has been greatly reduced in comparison with former years, is $1.50 a couple.

Dial-Log

This week we are going to devote most of this column to a brief sketch of the orchestra that won our popularity contest a few weeks ago. As most of you recall, it was Glen Gray and His Casa Loma Orchestra.

Originally organized to fill an engagement at the Casa Loma, in Toronto, the band made such a distinct and immediate impression that they took steps to perpetuate their affiliations and incorporated the Casa Loma Orchestra legally, electing a set of officers, a board of directors, and setting up a business-like structure. Each of the men in the orchestra owns shares in the corporation, and is also an employe of the corporation, which declares quarterly dividends just as any other successfully conducted business enterprise.

In 1929, Glen Gray was elected president of the corporation and, since that time, the band has been growing steadily in popularity throughout the country.

In college towns the Casa Loma orchestra is an institution, for the band has played at 70 university functions in 40 States. This is a record for any orchestra up to the present time . Among some of the schools in this part of the country which have enjoyed the distinctive rhythms of the Casa Loma orchestra are Pennsylvania, Temple, Yale, Princeton, Cornell, Amherst, South Carolina, St. Joseph's, Lafayette, Holy Cross, and a host of others.

Not only does the Casa Loma orchestra hold the record for the number of college dances, but it also has the distinction of being the first orchestra to play at Princeton more than once, where it has been a tradition never to have an orchestra fill more than one engagement.

The band is made up of 14 men. The conductor is Mel Jenssen, who, besides his conducting, plays the violin. Four men make up the saxophone section, and double on the clarinet and flute. Glen Gray plays first sax and Ken Sargent, the featured vocalist, is another of the sax tooters.

Three trumpets and two trombones make up the brass section of the combination. "Pee Wee" Hunt, another vocalist, is one of the trombonists. A pianist, banjo player, drummer and bass complete the aggregation.

Gene Gifford, the banjoist and arranger, has a long list of song hits to his credit. Among them are the Casa Loma signature, "Smoke Rings," as well as "I Can't Forget," "Black Jazz," "Maniac's Ball," and many others.

At present this versatile group of musicians is playing a winter engagement at the Essex House, in New York City, and is already booked to return to the Glen Island Casino next summer.

This column regrets that it does not have room to run a picture of the campus favorites, but it would be nice if we could see them in person at the senior ball this February.

Well, that's that. Here is a little news about some of your other radio favorites, which might be of some interest.

Just in passing: Joe Penner used to use the same dialect made famous by Jack Pearl. . .Ben Bernie has a son at Culver Military Academy. . .Eddie Duchin has written a piano piece for the left hand only . . Joey Nash, the vocalist with Dick Himber's orchestra, is making movie shorts. .

10% of Students Work After Class

Continued From Page One

til 10 P. M., not in class. For the last four years Robert Reid, a senior in the School of Technology, has been working for a cement company from 6 P. M. until midnight.

During the evenings Thomas O'Connor, a junior in the School of Commerce and Finance; Carmen Giordano, a sophomore in the School of Arts. Stanley Lewandski, a junior in the same school and various other students who did not wish to have their names published work as musicians. Raymond Crooks, a first-year-man in the business school operates a gasoline station; Isadore Mikowski, a sophomore pre-medical student is a waiter in a resturant; Vincent Locassle of the same class is a butcher; Phillip Shore, a third-year-man pursuing the business course, is a clerk in a lawyer's office; Stanley Schizowski, who is taking an Arts course, is an usher at the Garrick Theatre in Norristown; Virgil Cortese of the same school is a jeweler; Joseph Albanese, a senior business student, is a contingent shoe clerk; Jesse Einhorn, a junior in the School of Commerce, is employed in a dress shop while Stanley Pupek, Jr., a sophomore in the pre-medical school, is a watchmaker.

Those employed in the tonsorial business after school hours are Manrico Trancelliti, his brother Mario, Michael Grollo and Peter Contino. All are in the School of Science. David Murphy, a junior business student, is an agent for the Shortline Bus System; Francis Grow, a junior in the business school, is employed as cashier in Louie's Pie Shoppe; Charles McGee, a senior in the same school and Gerald Searight, a sophomore of the same school are agents for different shoe companies; Lawrence Doherty of the business school is employed by a chain grocery store; Frank Grewer, a freshman engineer, is an attendant at the gymnasium's poolroom; Eric Storms, also an engineer, is the information clerk in Mendel Hall; Frank Witzted, is a hat salesman on the campus; Joseph Linsalata, a junior in the School of Commerce and Finance, is employed in a women's apparel shop; Richard Morrissey and James Elliot are agents for tailoring companies. Edward Lahey, Daniel Moriarity, James Mullin and Carl Meyer are also employed after school hours.

Descriptive Talk Given by M'Ginley

Continued From Page One

gineers are invited to attend the next meeting which will be held on Thursday, December 7.

At this meeting Robert C. Ried, '34, will give a lecture entitled, "The Comparison of the Open and Closed Circuit Cement Manufacture." This will be the second of a series of lectures to be presented by the seniors on their theses and by other underclassmen of the society.

The activities of the organization and its plans for the school year will include trips to various plants. Smokers and other interesting events are planned.

The next trip that will be taken by the society will be the annual trip to the coal mines. This visit will be made sometime next month according to latest reports.

CHANGE EFFECTED IN VACATION DATES

Limits Thanksgiving Recess to One Day; Christmas Holidays Extended

STUDENTS FAVOR ACTION

Continued From Page One

tion should be eliminated, will you sanction the necessary change on the college calendar?

Very truly yours,
(Signed) LEO E. CORDIALI
Chairman, Student Council

November 17, 1933

Mr. Leo E. Cordiali, Chairman,
Student Council,
Villanova College,
Villanova, Pa.

Dear Mr. Cordiali:

In our recent interview, relative to the request of the Student Council in regard to the Thanksgiving and Christmas vacations, I gave my consent to a student poll on the question.

Now that the results of the poll are in my hands, I am able to give you the following information:

The student poll seems to show conclusively that the majority of the students favor a longer vacation at Christmas time, rather than the extra days at Thanksgiving.

1. In the make-up of the calendar for the coming year, this preference will be kept in mind, and the vacation periods arranged accordingly.

2. Because of the fact that the student poll has come at a time so close to Thanksgiving Day, I am not at this time able to state definitely whether this change can be put in effect immediately The fact that the calendar has been published several months in advance may have influenced students both individually and as groups and also Faculty members, in planning for the few days' vacation at Thanksgiving time.

As soon as I can make suitable inquiry on the subject, I will inform you of the decision.

Very sincerely yours,
REV. E. V. STANFORD, O. S. A.,
EVS:MD President

Xmas Dance Planned

At a meeting of the Wilkes-Barre Club of Villanova College, held last Tuesday evening in the amphitheatre of Mendel Hall, it was decided that the club will hold a dance on Christmas night at the Hotel Sterling in that city.

The committee is composed of James O'Connell and James Gallagher, co-chairmen; Charles Burns, William Cleary, James Forkin, Hubert Gallagher, Frank Kelly, William McGraw, Edmund Piszczek and James Clark.

Pep Rally Will Be Held in Gymnasium

Continued From Page One

record crowd will attend, consisting not only of the student participants, but of the passersby on the Main Line.

The Student Council urgently requests that everyone should, at their earliest opportunity, procure wood and leave it at the field designated for the bonfire. If every student does not feel it incumbent upon himself, to get wood, the success of the rally will not be assured.

Debating Schedule For Season Issued

Continued From Page One

the first week of April. Dayton University will be the following week. The season will be brought to a close on April 28, with a home and home contest with New York University.

A number of debates are still pending with other colleges. Manager Goggi hopes to have the completed schedule ready in the near future. Gerard Racine, manager of freshman debates, has not as yet announced his schedule, but a more active season than usual is planned for the first year men.

So Round, so Firm, so Fully Packed

Luckies draw easily—burn evenly

It's easy to see why so many women prefer Lucky Strike. Luckies are fully packed with long strands of choice tobaccos, round and firm to the very tips. That means Luckies always draw easily, always burn smoothly. It also means no annoying loose ends to cling to lips or mess up the nice things in a woman's purse. And every day more and more women are showing their appreciation by saying "Luckies please".

By the Sports Editor

A QUESTION of great interest still exists among the student body. They still want to know why the date for the Villanova-Temple game shouldn't be shifted to Sunday, November 26. That might seem more logical than playing the game on the date of the Army-Navy game, but we have found the perfect answer. All true Villanova followers will come to see our game no matter what else may be offered to them. One avid Villanova fan states that not even free tickets to the Army-Navy game would lure him away.

* * *

IN LOOKING over the results of many games played throughout the country during the past weekend it is evident from the amount of tie scores that perhaps a few good drop-kickers could still be used. One outstanding incident of this deficiency among football players was the Michigan-Minnesota game. Michigan had been picked to win, and indeed they seemed to have the edge over Minnesota, but there was only one scoring opportunity during the whole game. Michigan had the ball on Minnesota's 15-yard line, and a try for field goal from placement was made. The kick was wide of the uprights and no further scoring opportunity was given either team for the balance of the game. A good drop-kicker of not so many years ago had the reputation of being able to drop kick a ball from the 35-yard line nine times out of 10. But such men seem to have become a memory. One comic strip in a Philadelphia newspaper featured the comment by a 10-year-old child that he knew a man who remembered when they used to kick footballs. Perhaps the whole style of play has changed during the past 10 years, but a good drop-kicker is entitled to a place on any team.

* * *

AN INNOVATION in the way of a new football that has recently made its appearance on the West Coast is made of two pieces instead of four. It has no seam at the ends, and the sides are sewed together in the same manner as a baseball. This new ball is supposed to be more accurate for punting and passing. But one coach has criticized it because the new ball seems less lively than the old one. Its inventor plans to introduce it next year with several teams in the West, and if it is accepted then he will try to have it declared official.

* * *

TEMPLE UNIVERSITY, the strongest traditional rivals of the Wildcats, will put forth its best team this Saturday at the Temple Stadium in Philadelphia. Temple has the distinction of having won every home game this season, their two losses being chalked against them while they were away from home. But it is an old tradition among football fans that when a home-town winner once weakens it may count that game lost. And Villanova will do its best to put a lot of punch into the first few minutes of the battle. If Villanova can keep the Temple team in hot water at the right moments, then the 'Cat should feast on boiled owl to his full content.

* * *

PROBABLE attendance at the Temple game is estimated at better than 25,000 people, and over half of them will be rooting for a Villanova victory. With all that cheering behind them the boys can't fail to win. The big pep rally for the game will be held in the gymnasium on Friday, November 24. We know that no student will fail to attend this rally, and, working on the old theory, "The more, the merrier," we cordially invite all the Villanova Alumni and fans that can possibly attend. The final feature of the evening will be the bonfire out in the old field. Contributions of barrels and boxes will be gratefully received. The rebounding spirits of the student body will have a chance for full expansion because of the open date since the Boston College game, and the comments of the students seem to indicate that anything short of a decisive victory would make them heartbroken. And also broke.

"Whitey" Randour, Wildcat triple-threat star, upon whom the hopes of the Villanovans will greatly depend on Saturday in the Villanova-Temple classic. His running should feature the Main Liners' attack.

Varsity Basketball Team Holds Inaugural Practice

Many Veterans Report to Brighten the Prospects

SCHEDULE HARD

As the football season wanes, the eyes of the sports followers wander to scan the papers for any basketball news. Such being the case, here is an early season glimpse of Villanova's squad for the coming season.

Coach Jacobs has his hands full in picking a definite quintet. He has a group of eager performers, each one of them trying to outstrip his rival. Only one position of the five possibilities seems in all probability settled. That is the pivot post held down so capably by John Torpey. A fine jumper and quite a scoring threat as well as strong on the defense, he seems to have the largest lead of all the candidates over their respective rivals.

Jocko Hurley, the only member of the senior class on the squad, is a strong candidate for one of the guard posts. Pushing him to the limit are Jack Shevlin and Ben Geraghty. Any two of these three, with one as an alternate, would compose as strong a pair of guards as a coach could wish for. When not playing in the back court they take the ball down the floor with plenty of speed and all three shoot with consistent accuracy.

Travers, Barry and Ryan are bidding for the forward posts. All three are fast and elusive and their shooting is of the highest caliber. Like the situation among the guards there is little or no choice between them. They all are striving and each is determined to win a post for himself.

Among the newcomers to varsity competition we find Geraghty, whom we mentioned previously, Robinson, Riley, O'Meara, Sweeney and Farris pushing the veterans. Members of a sterling freshman squad last year, they reported for varsity competition this year vouching no good for the favorites.

This sextet of newcomers handle the ball well and show signs of being representatives of many bumper seasons to come.

The schedule has not yet been fully arranged but it will in all probability include the following schools:

Penn Athletic Club, West Chester Teachers, Ursinus, Bucknell, St. Johns (Brooklyn), Temple, Ursinus (replay), Albright, Temple (replay), Dickinson, La Salle, Duquesne.

This year a successful effort was made to add Duquesne to our list of rivals. Their basketball squads

Bucknell vs. W. & J.
West Virginia vs. Georgetown.

Comparative Scores Show Teams Have Equal Ability

Both Clubs Have Defeated South Carolina and Lost to the Powerful Bucknell Eleven

VILLANOVA PINS HOPES ON RANDOUR

THE ANNUAL battle between the Wildcats of Villanova and the Temple Owls, destined to take place this Saturday, November 25, marks the climax of the season for both teams.

Although Villanova meets Rutgers the following Saturday, a victory over Temple signifies a successful season, regardless of victories or defeats in other games. Up until the Boston contest, the Wildcats' superiority over Temple was generally conceded, but a 9-0 reverse at the hands of the Hub City Eagles brings the two teams together with little, if anything, to choose from.

As we have seen this season, comparative scores mean little, but glancing at the records compiled by the squads this year, we find that in eight games Villanova has scored 192 points while the opposition has garnered 41. The Boston game was the only one in which the 'Cats failed to score. Temple, on the other hand, in seven games has tallied 110, while her opponents have chalked up 72 markers. Carnegie Tech held the Owls scoreless.

South Carolina and Bucknell offer the only comparison between the two teams. In the Carolina game Temple was the victor by the count of 26 to 6, while Villanova defeated the Southerners 15 to 6. Bucknell was the victor over both aggregations, nosing out the Wildcats, 19 to 17, and Temple, 20 to 7. Adding both up, we find that the two teams are evenly matched.

Quite a formidable line-up will be placed on the greensward of Temple stadium next Saturday for both teams. For the North Broad streeters the two most outstanding players are Don Watts, 168-pound quarterback, and Joe Pilconis, left end.

For the past season Watts, who is in his second year, stepped into the role of quarterback for the first game. He has held this position, and has thwarted all efforts of the more experienced players on the team to dislodge him. It is seldom that one finds a triple-threat man in the position of quarterback, but Watts seems to have all the capabilities to deserve this name. Consequently quarterback sneaks are a vital part of the Temple attack.

Pilconis on the other hand is a seasoned performer. For the past three years Joe has scintillated as the star left end of the Owl aggregation and has merited much praise both from his own and rival coaches. Opposing teams have found his end almost impregnable, just as they have been blinded by the left handed passes that Watts has thrown over, around and between them.

The end positions will be filled then by Pilconis at left end and Zanin on the other side. Zanin, who tips the scales at 178 pounds is one of the fastest men on the squad and his feature is running down the opposing receivers. Pilconis and Zanin are perhaps the two best wingmen that have graced the Temple field in some time. A sophomore and a senior have won the battle to represent the Owls at the tackle positions. Jim Russell, who is serving his initial year on the varsity, scales 190 pounds while

ALUMNI VICTORIOUS OVER AUSTIN TEAM

Skaff and Germac Satellites for Alumni Team in League Upset

AUSTIN'S FIRST REVERSE

The big feature of the week in Intra-mural sports was the upset of the league leading Austin Hall team by Alumni Hall, 13-0. Up to this point in the campaign for the touch football title, Austin had made a sweeping series of victories over their four rivals and was favored to win the coveted crown. But the boys from Alumni, a group which did not quite come up to expectations in the earlier stages of the race, hit their best form of the season and thus caused this startling surprise victory, which advanced them to within one point of Austin.

Alumni kicked off and Murphy ran the ball back to his 30. After two line plays, which gained but five yards, Burke punted out of bounds on the opponent's 25. Austin kicked after two downs also, after they failed to gain and the contest thereafter developed along these same lines, a punting duel between Burke, of Austin, and Germac, of Alumni, with the latter having a slight edge. This procedure continued on through the entire first half except for a brief moment in the second period when Sonny Connor intercepted Germac's pass to Frank Skaff on the Austin 30 and ran 40 yards before speedy "Sugar" Kane, caught him from behind. But Austin grounded a pass across the goal line on third down and the half ended with the score still deadlocked at zero.

Alumni kicked off to open the second half, and the fireworks started. Clavin tossed a pass to Dart from his 20 and the latter ran up the side lines to midfield. Murphy gained ten around right end and then threw to Connor for an additional 15. But here Germac intercepted a stray lateral and Alumni started from their 30, on a determined effort which was stopped only when Hughes fumbled on Austin's 15 and Burke recovered. Two running plays lost three yards and Burke dropped back to kick. But

Lightweights Hold Penn to 0 to 0 Deadlock

Wildcat Midgets Outplay Rivals in Frigid Weather

Forward Passes by Rodgers and Murphy Fail in Vital Periods of Game Because of Players' Numbed Fingers

SHEVLAND CLEVER AS QUARTERBACK

IT WAS A cold, crisp winter day, last Thursday, as the lightweights from the University of Pennsylvania and those from Villanova battled to a hard-fought scoreless tie. Witnessed by slightly more than 300 shivering but non-the-less loyal rooters, a most spectacular game was played for the entire four quarters. Both fought with more resolution and whole-heartedness than could have been expected from any teams in such weather, for the biting cold numbed the passer's fingers and made fumbling quite easy. However, the game proved to be fairly in favor of the Wildcats, as they played almost continuously in their opponent's territory, being in sight of scores several times, and it was not due to any lack of indomitable spirit that they did not tally. It was the unseasonable weather only that made beautiful passes by Rodgers and Murphy find numbed hands as the play seesawed back and forth across the center of the gridiron.

The Blue and the White had its best chance to score in the second half when Neylon blocked a Penn kick on the 35-yard line and Murphy moved it 13 yards for a first down. The ball was lost on downs and Penn kicked it out of danger. Their other great chance to tally came only a short time later when in the last quarter a pass, Murphy to Scerca, placed, the ball in scoring position. However, another attempted pass by Murphy fell into the endzone.

The features of the game were Rodgers' punting and passing, Murphy's line plunges, and Shevland's strategy as signal caller. Every player was as much in the game as his team-mates and it was due to this perfect functioning of the team that Villanova out-played the Penn light-weights.

The Red and Blue players put up a good fight, but they could not produce a sustained drive for over 30-yards at any time. Every time they began a march, they would go about thirty yards in strong line plays and then they would either fumble the ball or they would be held on downs.

Players of both teams provided several laughs in their humorous unintentional acrobatics when trying to recover fumbles. More often than not they actually dove on top of the ball, and in falling would wave their feet around in the air. The laughs came when other players, also in pursuit of the ball, tried to avoid contact with those waving feet, not always successfully.

LAFAYETTE SCORES OVER JR. VARSITY

Breaks Enable Visitors to Come From Behind and Win, 24-14

BUZENSKI TALLIES TWICE

The Lafayette junior varsity squad came to Villanova last Friday and triumphed over the Villanova Jayvees by the score of 24 to 14. The Kittens had the game clinched in the early part of the fray, but lost the game on a series of bad breaks. Even though this overflow of bad breaks is nothing new to the Villanova Jayvees, they were sorely distressed by those occurring in their last game.

Villanova played its best football in the first quarter, clicking like a really powerful team, and rolled up plenty of yardage. But after they had gathered a 14-point lead they seemed to relax on the strength of that margin and Lafayette started to score against them.

Buzenski scored both of Villanova's touchdowns, the first from the three-yard line, the second from the 30-yard line. Lafayette scored first on a blocked kick, then on a pass into the end zone. The third score

Continued on Page Seven

EDDIE ZUKAS (above), shifty halfback of the Owls, whose specialty is running back punts. Playing his last game for the Cherry and White, he will attempt to finish his career in a blaze of glory against the Wildcats.

DON WATTS (left), sophomore sensation, whose performance this season gives him first call for the quarterback position. His southpaw passing and punting have materially aided the Templars in their victories this season.

CARROLL COOK (right), prominent member of the Wildcat backfield. The battering plunges of this driving halfback have split the lines of many teams thus far. Temple will need a stonewall defense to stop his thrusts.

Jayvee Football Review

Junior Varsity Closes Season With Record of Three Losses and No Victories

NOW, that Villanova junior varsity team has completed its season, and the players have removed their uniforms for the year, some of them for the last time, a resume is being presented as to the sports department's salute to every man in the squad.

In an interview, Student Coach Frank Skaff said: "What if we did lose all three games? Winning isn't everything, even if it is nicer than losing; but the main point in sports is sportsmanship, and every man on the squad showed plenty of it. They were good sports at all times, and if their efforts were not successful, they were intensely sincere. I greatly enjoyed working with every man, and want to express my compliments to them all."

In the first game, against the University of Pennsylvania jayvees, they suffered a 31 to 0 defeat. After only two weeks of team practice they journeyed to Philadelphia to play against a heavier and more practiced and experienced squad. And it might prove interesting to learn that a Penn end who played almost the entire game against Villanova, did play the entire game for his varsity team against Penn State a few days ago. Also, Rea McGraw is a paid coach.

In the Rutgers game, they showed much more teamwork and more accuracy in their play. On four different occasions they held the Scarlet players on downs when the ball was within the five-yard line. When the team returned to the field for the second half, and put up real opposition, they surprised their opponents completely. In the final count they lost, 6 to 0, but Rutgers' coach, George Little, who is also their graduate manager of athletics, said that it was the best game his team had encountered this year. And Rutgers' jayvees have not been defeated since their organization in 1932. Frank Skaff also said that the Rutgers game was the most exciting for him.

In the Lafayette game they started off with a bang, and achieved quite a lead; but the Lafayette team proved to be the stronger team in the long run, the final count being 24 to 14.

The Villanova players are not "football men" by any means. They are a group of students who have had little or no experience in their respective high and prep schools, and who have not tried to to make the varsity team. Still, they wanted to play the game, and they joined the junior varsity squad because they felt that it was their best chance to make good.

Their greatest difficulties this year were inexperience in the game, and their uncertain teamwork. But when you consider that they had little to offer besides sportsmanship and willing effort, you will see that their season was successful after all—that they came through in the things that count.

This writer has not had much chance to comment on the individual merits of the players during the season, but too much praise cannot be given them. Henry Buzenski was the outstanding star of the season, not only for his kicking ability, but because he bore the brunt of the running attack with fairly good results. Captain Bill Novellino played a good game in the backfield and was at his best in defensive work. Others in the squad, Fleming, Banmiller, Hoey, Korkhill, O'Connell, Craig, Violetti, Nulty, Hamel and every other man each had his outstanding moments—moments when he stopped long run, when he gave perfect interference, when he was at his best. Each and every one deserves full credit, not only from his coach, but from the student body in general. Two members of the squad, both of whom were forced to leave the game because of fractured collarbones received during practice, recently expressed a desire to have been able to play those three games, even if every one was lost. That shows that sometimes the losing team is not always the least thought of.

Harry A. Stuhldreher, coach of Athletics at Villanova, said that Skaff had done well with his material, and that the players had played with full spirit. He, too, was loud in his praise of their sportsmanship

Basketball Team Begins Practice

Continued From Page Five

are not unlike their football teams, as far as strength is concerned, and they will afford plenty of opposition.

A definite schedule and the dates of the encounters will be published at a later date.

'CATS' MEOW

HURRAH, hurrah, Villanova J.V.'s, 14; Lafayette, J.V.'s, 0. Score at the end of the first quarter.

—V—

Oh, dear, oh, dear, Villanova J.V.'s 14; Lafayette J.V.'s 24. The score that really counted.

—V—

Well, that ends another season of J.V.'s football. Three defeats and no victories. Besides that, consider all the effort that was uselessly (?) expended.

—V—

Anyway, about 35 fellows got a lot of physical benefits and two got injuries. Remember the slogan.... always get something out of anything that you put something into.

—V—

Antony's Ramblers looked as if they were going to get their first victory, but the last five yards seem to be the hardest.

—V—

Two more rambles for the Ramblers. Up to Easton, tomorrow and over to New Brunswick for the Turkey Day tussle.

—V—

The Lafayette lightweights beat the Penn team so Antony's kids are again the unfavorite.

—V—

The Penn game proved that they had the stuff, but it didn't last long enough.

—V—

On the second play of the game the Red and Blue O'Neill tackled the Blue and White O'Neill—the result, a Black and Blue O'Neill.

—V—

Rumor has it that the O'Neill brothers will meet in the squared circle to decide which played on the better football team.

—V—

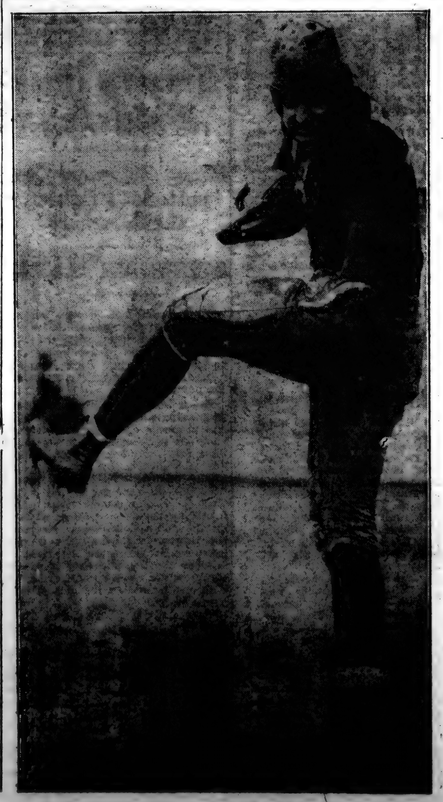
Get your throats in shape. Remember the game with Temple.

—V—

During this week no one will be permitted to speak above a whisper during class.

—V—

In fact, if you are caught speaking at all you will be thrown out. Know why? Quarterly exams. this week. Some pun, eh, boss?



SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

Work

Youth is swiftly done,
Men are quickly made.
Fortunes are begun
On the lowest grade.
Colleges and schools
Parents, rich and proud,
Turn out many fools
Splendidly endowed.

What you learn is not,
Whether false or true,
Worth the tiniest jot,
Only what you do
Counts with passing time.
Life wants sturdy wills.
Who desires to climb
Has to brave hills.

Hard at work today
Are tomorrow's men,
Boys who learn the way
To be masters, when
Time shall bring the chance
Eager, keen and wise,
Seeing at a glance
Where their fortune lies.

Pleasure may be sweet,
But in pain it ends;
Pride and self-conceit
Pay no dividends.
Colleges and schools
Ought to pound this in;
Those who shirk are fools;
Only workers win.

Study in Animal Husbandry

"Rastus, what breed chicken does you prefer?"

"De both has mighty good points. White ones is easy to locate but hard to hide an' black ones is hard to locate but easy to hide."

That Mysterious Lace Collar

A collar of lace
By a locker was found
That once 'round the neck
Of a sweet thing was bound.
Now if you should feel
That you want a square deal
Come around, little gal, come around.

AQUIN.

Landlord (to prospective tenant)—"You know we keep it very quiet and orderly here. Do you have any children?"

"No."

"A piano, radio or victrola?"

"No."

"Do you play any musical instrument? Do you have a dog, cat or a parrot?"

"No, but my fountain pen scratches a little, sometimes."

Masterpiece

There is a peaceful benediction
In a calm, serene old face,
Where a splendid, valiant spirit
Had courage to erase
All words except the majesty
That age alone can trace.

It is the rarest, richest splendor,
Sketched by the artist, Time—
Who uses toil and grief and tolerance
To write his page sublime;
In such a brave, benignant face
Deep tones celestial chime.

SCIENTIST,

In the Family

"Did you give the penny to the monkey, dear?"

"Yes, ma."

"And what did he do with it?"

"He gave it to his father, who played the organ."

November

A wind came out of the North last night;
Barberry leaves burn red and bright,
The ground is yellow with gold today;
A lone crow calls to a mad bluejay.

Phlox are faded, the larkspur lost,
Chrysanthemum smells of earth and frost.
The sky is a bell, there's wine in the air,
A red haw's caught in your hair.

Summer is gone. The year's in grief;
But love burns red as the maple's leaf.

MUSE.

"You shouldn't refuse to lend me a little cash. One friend should always be willing to help another."

"I know, but you always insist on being the other."

Prof. (in French Class)—"What is the Latin quarter?"

Lahey—"Two bits prof., two bits."

Me: "What would you give me for these shoes?"

Editor: "About ten yards start."

SMILER.

PHILADELPHIA CLUB SELECTS OFFICERS

Thomas J. McCoy Is Elected President; Houseman Is Vice-President

TROPHY TO BE AWARDED

At a meeting held last Monday night in the Engineers' Club, 15th and Spruce streets, Philadelphia, Thomas J. McCoy, '29; Joseph T. Houseman, 33; Martin L. Gill, Jr., 32, and Matthew A. Lynch, '23, were elected president, vice-president, secretary and treasurer respectively of the Philadelphia Club of the Villanova Alumni Association.

The retiring officers of the organization are: John A. Freney, '29, president; John M. Gillespie, '30, vice-president; Clement Busenkill, '32, recording-secretary, and U. P. Mooney, '24, treasurer. Martin L. Gill, who served as corresponding secretary during the past year was elected to the combined secretarial positions.

Selection of members to represent the Philadelphia Club on the National Alumni Board of Governors was settled at this meeting with the appointment of the newly-elected president, Mr. McCoy and Charles D. Loughlan, '23, as representatives.

The eleventh annual football dinner, to be held at the Hotel Adelphia, Philadelphia, on December 14, is under the co-chairmanship of Charles D. Loughlan and Thomas Garret. This marks the fourth time that Mr. Loughlan was chairman of the football dinner. The price of the tickets for this affair will be $1.75 with a possible reduction of rates for students.

The club is attempting to get as speakers, Jim Crowley, one of the four horsemen and now coach at Fordham, and Fritz Crisler, coach at Princeton. The second annual awarding of the football trophy will be made at this banquet.

Fr. Dougherty Speaks

Rev. Joseph M. Dougherty, O. S. A., presented a talk on Gregor Mendel this morning before the West Chester Normal School student body.

Lafayette Scores Over Jr. Varsity

Continued From Page Six

came when Meyers returned a punt for 65 yards, eluding several tacklers, and crossed the goal line in the clear. The last touchdown resulted when a 15-yard penalty against Villanova put the little Leopards in a fine scoring position.

In the first quarter Villanova played great football, advancing the ball through the line on almost every attempt, and this driving spirit carried them through the early minutes of the second quarter. But when they had piled up a substantial lead they relaxed before the increasing efforts of the Lafayette team and an almost-sure victory was turned into defeat. The Leopards kept up a constant drive from the second quarter until the closing minutes of the game, and, using their breaks to the best advantage, they scored four touchdowns; two of them in the last quarter.

Meyers was the outstanding player for the Lafayette junior varsity team, scoring two touchdowns, and being the greatest and most consistent ground gainer for our opponents.

In their last game of the season the Villanova Jayvees showed at their best, and exhibited all evidences of a real football team.

Toby Cavanaugh Says:

THERE'S ONE BEST TIME

To Telephone Home!

You'll agree, once you've tried it, that half past eight is the time to telephone home.

At half past eight the day's rush is over. Your time is free for a leisurely telephone chat.

At half past eight the same is true at home. It's the best time to catch the family all together.

At half past eight (and this is most important) low Night Rates go into effect on Station to Station calls. You can then save as much as 40% on your call. For example: If your home is 100 miles away, a three-minute connection will cost only 35 cents!

• • •

TO TAKE ADVANTAGE of the LOW NIGHT RATES ...

Call after 8:30 P. M., and be sure to make a Station to Station call.

That means, ask the Operator for your home telephone, but not for any specific person.

If you've fixed a date in advance, the family will be sure to be there.

Charges may be reversed.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

Lightweights Hold Penn to 0 to 0 Deadlock

Wildcat Midgets Outplay Rivals in Frigid Weather

Forward Passes by Rodgers and Murphy Fail in Vital Periods of Game Because of Players' Numbed Fingers

SHEVLAND CLEVER AS QUARTERBACK

T WAS A cold, crisp winter day, last Thursday, as the lightweights from the University of Pennsylvania and those from Villanova battled to a hard-fought scoreless tie. Witnessed by slightly more than 300 shivering but non-the-less loyal rooters, a most spectacular game was played for the entire four quarters. Both fought with more resolution and whole-heartedness than could have been expected from any teams in such weather, for the biting cold numbed the passer's fingers and made fumbling quite easy. However, the game proved to be fairly in favor of the Wildcats, as they played almost continuously in their opponent's territory, being in sight of scores several times, and it was not due to any lack of indomitable spirit that they did not tally. It was the unseasonable weather only that made beautiful passes by Rodgers and Murphy find numbed hands as the play seesawed back and forth across the center of the gridiron.

The Blue and the White had its best chance to score in the second half when Neylon blocked a Penn kick on the 35-yard line and Murphy moved it 13 yards for a first down. The ball was lost on downs and Penn kicked it out of danger. Their other great chance to tally came only a short time later when in the last quarter a pass, Murphy to Scerca, placed, the ball in scoring position. However, another attempted pass by Murphy fell into the endzone.

The features of the game were Rodgers' punting and passing, Murphy's line plunges, and Shevland's strategy as signal caller. Every player was as much in the game as his team-mates and it was due to this perfect functioning of the team that Villanova out-played the Penn light-weights.

The Red and Blue players put up a good fight, but they could not produce a sustained drive for over 30-yards at any time. Every time they began a march, they would go about thirty yards in strong line plays and then they would either fumble the ball or they would be held on downs.

Players of both teams provided several laughs in their humorous unintentional acrobatics when trying to recover fumbles. More often than not they actually dove on top of the ball, and in falling would wave their feet around in the air. The laughs came when other players, also in pursuit of the ball, tried to avoid contact with those waving feet, not always successfully.

LAFAYETTE SCORES OVER JR. VARSITY

Breaks Enable Visitors to Come From Behind and Win, 24-14

BUZENSKI TALLIES TWICE

The Lafayette junior varsity squad came to Villanova last Friday and triumphed over the Villanova Jayvees by the score of 24 to 14. The Kittens had the game clinched in the early part of the fray, but lost the game on a series of bad breaks. Even though this overflow of bad breaks is nothing new to the Villanova Jayvees, they were sorely distressed by those occurring in their last game.

Villanova played its best football in the first quarter, clicking like a really powerful team, and rolled up plenty of yardage. But after they had gathered a 14-point lead they seemed to relax on the strength of that margin and Lafayette started to score against them.

Buzenski scored both of Villanova's touchdowns, the first from the three-yard line, the second from the 30-yard line. Lafayette scored first on a blocked kick, then on a pass into the end zone. The third score

Continued on Page Seven

EDDIE ZUKAS (above), shifty halfback of the Owls, whose specialty is running back punts. Playing his last game for the Cherry and White, he will attempt to finish his career in a blaze of glory against the Wildcats.

DON WATTS (left), sophomore sensation, whose performance this season gives him first call for the quarterback position. His southpaw passing and punting have materially aided the Templars in their victories this season.

CARROLL COOK (right), prominent member of the Wildcat backfield. The battering plunges of this driving halfback have split the lines of many teams thus far. Temple will need a stonewall defense to stop his thrusts.

Jayvee Football Review

Junior Varsity Closes Season With Record of Three Losses and No Victories

NOW that Villanova junior varsity team has completed its season, and the players have removed their uniforms for the year, some of them for the last time, a resume is being presented as to the sports department's salute to every man in the squad.

In an interview, Student Coach Frank Skaff said: "What if we did lose all three games? Winning isn't everything, even if it is nicer than losing; but the main point in sports is sportsmanship, and every man on the squad showed plenty of it. They were good sports at all times, and if their efforts were not successful, they were intensely sincere. I greatly enjoyed working with every man, and want to express my compliments to them all."

In the first game, against the University of Pennsylvania jayvees, they suffered a 31 to 0 defeat. After only two weeks of team practice they journeyed to Philadelphia to play against a heavier and more practiced and experienced squad. And it might prove interesting to learn that a Penn end who played almost the entire game against Villanova, did play the entire game for his varsity team against Penn State a few days ago. Also, Rea McGraw is a paid coach.

In the Rutgers game, they showed much more teamwork and more accuracy in their play. On four different occasions they held the Scarlet players on downs when the ball was within the five-yard line. When the team returned to the field for the second half, and put up real opposition, they surprised their opponents completely. In the final count they lost, 6 to 0, but Rutgers' coach, George Little, who is also their graduate manager of athletics, said that it was the best game his team had encountered this year. And Rutgers' jayvees have not been defeated since their organization in 1932. Frank Skaff also said that the Rutgers game was the most exciting for him.

In the Lafayette game they started off with a bang, and achieved quite a lead; but the Lafayette team proved to be the stronger team in the long run, the final count being 24 to 14.

The Villanova players are not "football men" by any means. They are a group of students who have had little or no experience in their respective high and prep schools, and who have not tried to to make the varsity team. Still, they wanted to play the game, and they joined the junior varsity squad because they felt that it was their best chance to make good.

Their greatest difficulties this year were inexperience in the game, and their uncertain teamwork. But when you consider that they had little to offer besides sportsmanship and willing effort, you will see that their season was successful after all—that they came through in the things that count.

This writer has not had much chance to comment on the individual merits of the players during the season, but too much praise cannot be given them. Henry Buzenski was the outstanding star of the season, not only for his kicking ability, but because he bore the brunt of the running attack with fairly good results. Captain Bill Novelline played a good game in the backfield and was at his best in defensive work. Others in the squad, Fleming, Banmiller, Hoey, Corkhill, O'Connell, Craig, Violetti, Nulty, Hamel and every other man each had his outstanding moments—moments when he stopped long run, when he gave perfect interference, when he was at his best. Each and every one deserves full credit, not only from his coach, but from the student body in general. Two members of the squad, both of whom were forced to leave the game because of fractured collarbones received during practice, recently expressed a deaire to have been able to play those three games, even if every one was lost. That shows that sometimes the losing team is not always the least thought of.

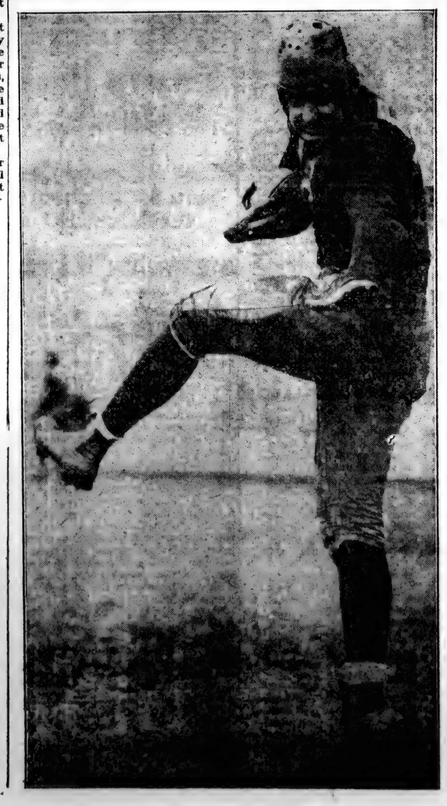
Harry A. Stuhldreher, coach of Athletics at Villanova, said that Skaff had done well with his material, and that the players had played with full spirit. He, too, was loud in his praise of their sportsmanship

Basketball Team Begins Practice

Continued From Page Five

are not unlike their football teams, as far as strength is concerned, and they will afford plenty of opposition.

A definite schedule and the dates of the encounters will be published at a later date.



'CATS' MEOW

HURRAH, hurrah, Villanova J.V.'s 14; Lafayette, J.V.'s, 0. Score at the end of the first quarter.

—V—

Oh, dear, oh, dear, Villanova J.V.'s 14; Lafayette J.V.'s 24. The score that really counted.

—V—

Well, that ends another season of J.V.'s football. Three defeats and no victories. Besides that, consider all the effort that was uselessly (?) expended.

—V—

Anyway, about 35 fellows got a lot of physical benefits and two got Injuries. Remember the slogan.... always get something out of anything that you put something into.

—V—

Antony's Ramblers looked as if they were going to get their first victory, but the last five yards seem to be the hardest.

—V—

Two more rambles for the Ramblers. Up to Easton, tomorrow and over to New Brunswick for the Turkey Day tussle.

—V—

The Lafayette lightweights beat the Penn team so Antony's kids are again the unfavorite.

—V—

The Penn game proved that they had the stuff, but it didn't last long enough.

—V—

On the second play of the game the Red and Blue O'Neill tackled the Blue and White O'Neill—the result, a Black and Blue O'Neill.

—V—

Rumor has it that the O'Neill brothers will meet in the squared circle to decide which played on the better football team.

—V—

Get your throats in shape. Remember the game with Temple.

—V—

During this week no one will be permitted to speak above a whisper during class.

—V—

In fact, if you are caught speaking at all you will be thrown out. Know why? Quarterly exams. this week. Some pun, eh, boss?

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

Work

Youth is swiftly done,
Men are quickly made.
Fortunes are begun
On the lowest grade,
Colleges and schools
Parents, rich and proud,
Turn out many fools
Splendidly endowed.

What you learn is not,
Whether false or true,
Worth the tiniest jot,
Only what you do
Counts with passing time.
Life wants sturdy wills.
Who desires to climb
Has to brave hills.

Hard at work today
Are tomorrow's men,
Boys who learn the way
To be masters, when
Time shall bring the chance
Eager, keen and wise,
Seeing at a glance
Where their fortune lies.

Pleasure may be sweet,
But in pain it ends;
Pride and self-conceit
Pay no dividends.
Colleges and schools
Ought to pound this in;
Those who shirk are fools;
Only workers win.

Study in Animal Husbandry

"Rastus, what breed chicken does you prefer?"

"De both has mighty good points. White ones is easy to locate but hard to hide an' black ones is hard to locate but easy to hide."

That Mysterious Lace Collar

A collar of lace
By a locker was found
That once 'round the neck
Of a sweet thing was bound.
Now if you should feel
That you want a square deal
Come around, little gal, come around.

AQUIN.

Landlord (to prospective tenant)—"You know we keep it very quiet and orderly here. Do you have any children?"

"No."

"A piano, radio or victrola?"

"No."

"Do you play any musical instrument? Do you have a dog, cat or a parrot?"

"No, but my fountain pen scratches a little, sometimes."

Masterpiece

There is a peaceful benediction
In a calm, serene old face,
Where a splendid, valiant spirit
Had courage to erase
All words except the majesty
That age alone can trace.

It is the rarest, richest splendor,
Sketched by the artist, Time—
Who uses toil and grief and tolerance
To write his page sublime;
In such a brave, benignant face
Deep tones celestial chime.

SCIENTIST.

In the Family

"Did you give the penny to the monkey, dear?"

"Yes, ma."

"And what did he do with it?"

"He gave it to his father, who played the organ."

November

A wind came out of the North last night;
Barberry leaves burn red and bright,
The ground is yellow with gold today;
A lone crow calls to a mad bluejay.

Phlox are faded, the larkspur lost,
Chrysanthemum smells of earth and frost,
The sky is a bell, there's wine in the air,
A red haw's caught in your hair.

Summer is gone. The year's in grief;
But love burns red as the maple's leaf.

MUSE.

"You shouldn't refuse to lend me a little cash. One friend should always be willing to help another."

"I know, but you always insist on being the other."

Prof. (in French Class)—"What is the Latin quarter?"

Lahey—"Two bits prof., two bits."

Me: "What would you give me for these jokes?"

Editor: "About ten yards start."

SMILER.

PHILADELPHIA CLUB SELECTS OFFICERS

Thomas J. McCoy Is Elected President; Houseman Is Vice-President

TROPHY TO BE AWARDED

At a meeting held last Monday night in the Engineers' Club, 15th and Spruce streets, Philadelphia, Thomas J. McCoy, '29; Joseph T. Houseman, 33; Martin L. Gill, Jr., 32, and Matthew A. Lynch, '23, were elected president, vice-president, secretary and treasurer respectively of the Philadelphia Club of the Villanova Alumni Association.

The retiring officers of the organization are: John A. Freney, '29, president; John M. Gillespie, '30, vice-president; Clement Busenkill, '32, recording-secretary, and U. P. Mooney, '24, treasurer. Martin L. Gill, who served as corresponding secretary during the past year was elected to the combined secretarial positions.

Selection of members to represent the Philadelphia Club on the National Alumni Board of Governors was settled at this meeting with the appointment of the newly-elected president, Mr. McCoy and Charles D. Loughlan, '23, as representatives.

The eleventh annual football dinner, to be held at the Hotel Adelphia, Philadelphia, on December 14, is under the co-chairmanship of Charles D. Loughlan and Thomas Garret. This marks the fourth time that Mr. Loughlan was chairman of the football dinner. The price of the tickets for this affair will be $1.75 with a possible reduction of rate for students.

The club is attempting to get as speakers, Jim Crowley, one of the four horsemen and now coach at Fordham, and Fritz Crisler, coach at Princeton. The second annual awarding of the football trophy will be made at this banquet.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

VILLANOVA READY FOR TEMPLE OWLS

Teams Appear Equally Matched for Game on Saturday

Continued From Page Five

George Venerosa at the opposite tackle berth weighs 189. Venerosa has been a regular performer for the past three years and is closing his college career in the Wildcat classic Saturday. Ed Smith and Joe Gallia will fill the guard berths. Smith, when compared to Gallia, is quite light, weighing only 183, while Gallia tips the scale at 194. This fray will also be the closing chapter in Smith's college career while Gallia has one more year to serve. The center is Dave Shapiro at 188.

The 1933 edition of Temple's backfield will in all probability comprise Don Watts at quarter, Danny Testa and Ed Zukas at the halves and Joe Stonik at full. Testa, a junior, has not come up to last year's form but is holding his own with the other aspirants for the job. Ed Zukas is probably the best open field runner on the squad and alternates with Watts in the safety position. Stonik's starting at full back is only problematical, for Warner is in perhaps the same position as Coach Stuhldreher with both Harry Patzsch and Joe Wiesenbaugh to call on for the starting line-up. The other alternating fullback is Stevens who has come along rapidly this year and threatens to displace Stonik as a regular.

As the line-up given for Temple is only tentative, Villanova's presentation is not definite until the teams take the field. However, Grimberg and O'Donnell will probably fill the end positions, Zizak and Lee will start at tackle and Michaels and Blanchard will be seen as guards. Nowe will hold down the center post to complete the line. Cavanaugh undoubtedly will be the starting signal caller for the Wildcats and Cook and Randour will lug that ball from the halfback positions. Patzsch will round out the backfield as starting fullback.

Team Standings

	W	L	T	Pts.
Austin	5	1	1	11
Alumni	4	0	2	10
Mendel	2	2	2	6
Fedigan	2	3	0	4
Day Hops	0	7	1	1

Schedule for the week

Friday, November 24—Fedigan vs. Alumni.

Sunday, November 26—Austin vs. Mendel; Fedigan vs. Alumni.

Monday, November 27—Mendel vs. Fedigan.

Alumni Victorious Over Austin Team

Continued From Page Five

August, enemy lineman, broke through and blocked the punt. The ball bounded back into the end zone and a wild scramble ensued. But August, resolved to make the score that he earned, wound up with the ball safely tucked away under his arm.

Alumni had drawn first blood. In their try for the extra point, Skaff faked a kick and lazily ambled around his opponents for the score. Alumni, 7; Austin, 0.

Alumni kicked off again and Austin opened a powerful drive that threatened to tie up the game. But as they were, unfortunnately, wont to do in this crucial struggle, they lost the ball on Alumni's ten-yard line after fighting their way down the field with a dizzy assortment of passes, end runs, laterals, and reverses. At this point the drive which netted Alumni's final score was started. Germac's passes to Kane, Skaff, Hughes and August were all completed and the ball was down to the Austin ten. Alumni was equal to the occasion and Germac threw to Skaff for a touchdown. Dart broke through and blocked Skaff's try for point, but the victory was practically assured and from that point on Alumni played inspired football and thwarted all of Austin's deperate attempts to score.

On Friday afternoon Austin defeated Mendel, 18-6, on Mendel field in the first game of the week. The Mendel combine was weakened by the absence of their regular team, and undoubtedly would have given their favored opponents a much harder battle. Austin got their first touchdown shortly after the game opened when Murphy threw a pass to Vaughn who scampered over for the score. Vaughn also tallied the second touchdown when he caught Connor's pass in the end zone. The score stood at 12-0 at the half.

Austin scored again shortly after the second half opened and the game for a minute looked like a rout but Mendel came back and tallied when Carleton threw to Ed Kelly for a touchdown after McGraw had fumbled a Mendel punt and a frosh had recovered.

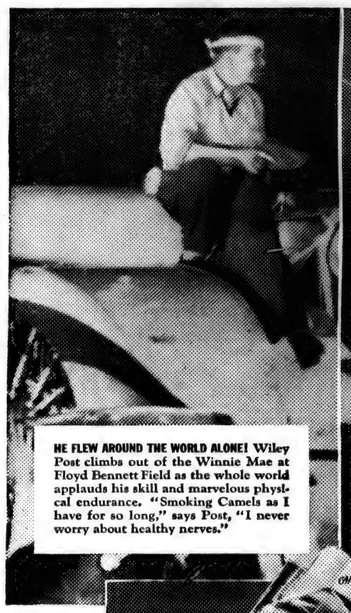
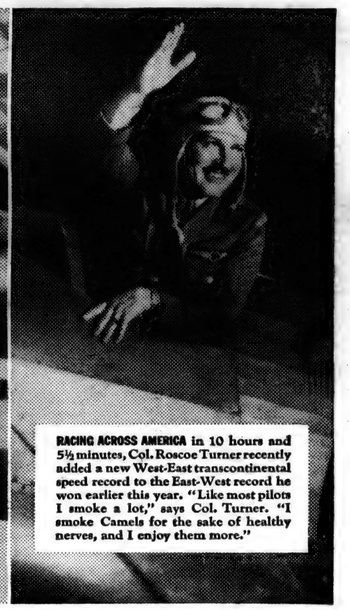
IT TAKES HEALTHY NERVES TO BREAK RECORDS IN THE AIR!



HE FLEW AROUND THE WORLD ALONE! Wiley Post climbs out of the Winnie Mae at Floyd Bennett Field as the whole world applauds his skill and marvelous physical endurance. "Smoking Camels as I have for so long," says Post, "I never worry about healthy nerves."

FLYING EIGHT DAYS AND NIGHTS without a stop, Frances Marsalis and Louise Thaden set the world's endurance flight record for women. Miss Thaden says, "For some years I've smoked Camels. They taste better." Also a Camel fan, Miss Marsalis says, "I've never changed because I can't afford to take chances with my nerves."



RACING ACROSS AMERICA in 10 hours and 5½ minutes, Col. Roscoe Turner recently added a new West-East transcontinental speed record to the East-West record he won earlier this year. "Like most pilots I smoke a lot," says Col. Turner. "I smoke Camels for the sake of healthy nerves, and I enjoy them more."

A MATCHLESS BLEND

IT IS MORE FUN TO KNOW
Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Steady Smokers turn to Camels

Men and women who are famous for their brilliant flying agree about smoking and healthy nerves. "I never worry about healthy nerves," they say, "because I smoke Camels."

They cannot afford to make a mistake in choosing their cigarette. They have to know. And it *is* more fun to know, because of the greater smoking pleasure they find in Camels. Camels are milder... better in taste. They leave no "cigaretty" aftertaste.

* * *

Change to Camels... and see for yourself that they do not get on your nerves or tire your taste!

CAMEL'S COSTLIER TOBACCOS

Attendance at Mass Should be Included in Your Plans for a Joyful Thanksgiving Day

LOCAL DELEGATION ASSIGNED CANADA FOR MODEL LEAGUE

Seventh Parley of Students to Be Held at Bucknell During April

THREE TOPICS SELECTED

Foreign Relations Club Will Send Three Experienced Members to Conclave

Villanova has been selected to represent the Dominion of Canada at the 1934 session of the Model Assembly of the League of Nations which is planned for April 12-14 at Bucknell University.

More than 20 colleges will participate in the novel student exercises. Each school's delegation will be composed of six members, although additional representatives to the parley will be permitted.

Among the topics which will be presented for the approval of the delegates will be the report of the committee of 21 appointed to study the Sino-Japanese situation, a discussion of legal and constitutional questions and a report of the committee on technical questions.

Represent Britain

Associated with Villanova, those schools representing the sessions of the British Empire include College of St. Elizabeth, Irish Free State; Vassar, Great Britain, and Wells, Australia.

Last year Villanova was represented at the conclave by three members of the present student body. They are Raymond J. Harter, Charles P. Goggi and Pactrus F. Bannmiller. In addition to these men, the members of the Foreign Relations Club plan to send several lower classmen from its ranks so that the college will have veteran delegates each year.

This year's meeting marks the seventh parley of the student group.

GIORDANO COMPOSES NEW DANCE RHYTHM

Dedicates "Belle Air Waltz," His Second Composition, to the College

LYRICS BEING WRITTEN

The campus composer, Carmen Giordano, a sophomore in the School of Arts, has dedicated another song to Villanova College recently. This song, "Belle Air Waltz," has been approved by the college administration and proclaimed by Martin L. Gill, a member of the faculty, and Raymond J. McKeon, publicity manager, as a very commendable musical composition.

Giordano, because of the historical background that Belle Air signifies concerning Villanova College, has chosen that name. The music of the song is in waltz time, and is played in ballroom style. Unfortunately, the lyrics, which are being written by Mr. Gill, with the assistance of Mr. McKeon, are not as yet ready for publication. The waltz will be played at the Belle Air Ball.

"The March of the Wildcats," his other composition without words, has had words written by Mr. Gill and Mr. McKeon recently, and will be played by B. A. Rolfe, on the "Terraplane" hour, the Saturday of the Rutgers game, if Villanova is victorious.

Giordano has mastered the piano, organ and without a single lesson can play the alto horn. He also has composed a rambling novelty piano solo during the past summer vacation called "Campus Capers."

Reservations for Photos Will Close on December 2

Seniors and juniors who plan to have individual photographs in the Belle Air, are requested to make arrangements for them by placing their names and a fee of two dollars with the Photography Editor, William P. McCarthy, in Room 216, Fedigan Hall.

The Deadline, after which it will be too late to make reservations, is December 2.

All seniors and juniors have been asked to co-operate with the Belle Air staff in this matter, since their interest will determine in a large measure the success of the 1934 yearbook.

CEREMONIES MARK THANKSGIVING DAY

Mass in College Chapel Will Open Holiday Exercises

DINNER TO BE SERVED

Thanksgiving Day will be commemorated with appropriate exercises at Villanova. In addition to four Masses which will be celebrated in the morning at the college chapel, the students and faculty who are unable to go home for the holiday will be served the traditional dinner with all the "fixin's."

The holiday will be commenced with student Masses at 7, 730, 8 and 8.30 A. M. This opportunity is being offered the students as a means to start the feast day in accordance with its significance.

Special Dinner Prepared

A special Thanksgiving dinner has been arranged for those students who remain on the campus for the occasion. The dinner will be served in the dining-room between the hours of 12 and 1 P. M.

The following is the menu to be served: Fresh cream of tomato soup with rice, celery, queen olives, roast Maryland turkey with celery dressing, fresh cranberry sauce, June green peas, white mashed and candied sweet potatoes, neopolitan ice cream and cakes, hot dinner rolls, assortted bread and butter, fresh apple cider, tea and coffee, assorted nuts and after-dinner mints.

Those students who have either gone to their homes or visited relatives or friends for the holiday will return to the campus the same evening at a specified time. Students who are not at the college on Thursday morning are urged to make an effort toward beginning the day in a manner similar to that scheduled for those on the campus.

It has been customary to serve a Thanksgiving dinner to the students a day previous to the Thanksgiving vacation. Due to the fact that there will be no vacation this year a greater number of the students will remain on the campus. Hence the dinner will be served on the proper day.

Villanova Wildcats Win, Trampling Temple Eleven

Perfect Teamplay Featured as Main Liners Run Up 24 Points Over Warner-Coached Aggregation

CAVANAUGH IS STAR AT PILOT POST

By Lou Marechal

With the speed of a comet and the agility of the felines after which they are named, the Villanova Wildcats rose to their highest peak of perfection to trample their greatest rival, the Temple Owl, before 25,000 thrilled spectators by a one-sided 24-0 score.

Never before this season has the powerful Blue and White eleven worked with such precision and regularity as they battled side by side to give the wearers of the Cherry and White the worst beating they have received since the Cat-Owl series began six years ago. Time and again the Villanova line shot holes in the Temple forward wall and enabled the fleet-footed backs to get out in the open and put the Main Liners in scoring position.

Eleven stars worked side by side with each man coming in for his equal share in the glory that was to come. The names of Randour, Michaels, Cavanaugh, Cook, Blanchard, Nowe and all the rest were on the tongues of all the spectators as the contest drew to a close. Each man had done more than one outstanding thing and each had helped the other to rise above the average.

Randour Gets 15 Points

The scoring honors for the day go to the flashy blond captain of Villanova, Whitey Randour, who accounted for 15 of the 'Cats' 24 points. Twice this shifty back, playing his last game against the Owls, crossed the final stripe for six points. The first was on a perfect pass from Cavanaugh into the end zone. His second touchdown came after Randour had run the ball on a sensational 47-yard sprint to the Temple 17. Two line bucks, one by the brilliant Harry Patzsch and the other by "Whitey" put the ball on the 3. A wide end run added six more points. Three points after touchdowns swelled his total to 15.

Second high scoring honors for the day go to Carrol Cook, playing his greatest game of the year when he outrar. two Temple backs in the second qurter and scored on an end sweep from the seven-yard marker.

The other score of the day came from the smart and brilliant quarterback, "Toby" Cavanaugh. A center pass from Nowe to Cavanaugh and a perfect drop kick from the Temple 28, was the opening score of the fray. The quarterbacking of this diminutive back was one of the highlights of the entire fray.

Michaels Stars on Line

Although they did not score, the linesmen too must come in for their share of glory. Time and again Ed Michaels, sensational sophomore guard of the Wildcats broke through and threw three Temple runners for large losses. Blanchard and Zizak on the other side of the line performed in equally brilliant style. Charley Nowe, the iron man center of the Main Liners, playing 60 minutes of the game, broke up more than one Temple spinner play besides intercepting a pass and breaking up several others.

Charley Brodnicki, another senior who played his last game against the Owls, gave a never-to-be-forgotten performance.

Too much cannot be said about the ends who kept the Temple plays well boxed and went down the field with express train speed under every punt. Th senior and the sophomore, O'Donnell and Korchinski, deserve the utmost praise.

Backfield Does Well

The backfield work of Harry Patzsch, who scored the decisive tally against Temple in 32, Joe Wiesenbaugh, who had a net total

ANNUAL PEP RALLY PROVES BIG SUCCESS

Coaches Harman, Brill Are Among Guest Speakers of Evening

BONFIRE PROVIDES COLOR

Last Friday night marked the annual "Beat Temple" pep rally and, incidentally, one of the most successful held in some time. In the past this demonstration has always been a colorful and enthusiastic affair but this year's rally probably eclipsed all previous events in the real spirit manifested by the large gathering in the Commerce and Finance auditorium.

The authorities were forunate in securing a number of well-known speakers for the evening, namely, Harvey Harman, head coach at the University of Pennsylvania; Marty Brill, coach of La Salle College; Reds Bradley, former varsity center for three years; John Freney, president of the Villanova National Alumni, and last but not least, Rev. John S. O'Leary, O. S. A., a past master of pep rally speeches.

Large Crowd Present

When the first speaker was introduced by Leo Cordiale, chairman of the student council, he faced a large and enthusiastic gathering. The auditorium was filled to capacity and many were forced to stand in the rear in order to take part in the proceedings. As the football squad filed into their seats in the first three rows, preparatory to the opening, a wave of cheers and applause swept the hall.

The speeches opened with an address by Mr. Freney who congratulated the team on its past performances and concluded by saying that many of the alumni would be in the stands on the following day rooting for a Wildcat victory. Marty Brill gave a short pep talk to the players and informed them that they had one of the game's finest coaches in Harry Stuhldreher.

Coach Harman Speaks

Red Bradley, former varsity center, spoke briefly on the thrills he experienced while playing against the Cherry and White and sending them down to defeat. Harvey Harman drew quite a few laughs with his dry humor. He declined to pick the winner but admitted that Villanova had a great chance for victory. However, it was Fr. O'Leary who stole the show, as usual, with one of his inimitable and fiery ad-

DANCE WILL FOLLOW RUTGERS ENCOUNTER

Dan Waters to Render Music for North Jersey Club Social Event

ORCHESTRA IS CHANGED

This Saturday night, December 3, as a fitting climax to the football season, the luxurious main ballroom of the Hotel Winfield Scott, in Elizabeth, N. J., will be the scene of one of the brilliant fall socials of the year, the second annual Thanksgiving dance of the North Jersey Club. The dance will commence promptly at 9 o'clock and last 'til 2. The price of admission is $2 per couple.

Continual dance music will be furnished by Dan Waters and His Danceonians, instead of by Dick Broome and His Commodores, as originally advertised.

Orchestra Is Popular

A misunderstanding in dates necessitated the aforementioned change. The Danceonians occupy a prominent place in the orchestral spotlight of the "Tri-States," and will be remembered for their delightful musical renditions at the Sophomore Frolic last month. Their repertoire, in addition to being replete with the poular favorites, is also inclusive of many novelty numbers, which should prove very pleasing to all who are present. Another item, which is sure to be of interest, is the attractiveness of the programs, which are bound in a conservative black suede and trimmed in an artistic silver design.

There was some discussion the past week, when it was officially

Pie Shoppe of Today Shows Progress Over the Original Lunch Counter

The Pie Shoppe of Villanova College caters to over 400 students every day, and it is estimated that about 50 per cent. of the students at the school make a purchase at some time or other in the course of the day.

According to Louie, the genial and jovial manager of the shop, business this year is fair. When interviewed by a staff reporter and asked the trend of business, his answer was "Oh, so-so. No one can complain these days. I guess I'm doing all right."

Louie, known to everyone on the campus by this appellation, but whose full name is Louis Ciamacchelis, lives at 2731 S. 9th St., in South Philadelphia. He is a barber by trade, at which profession he worked until his coming to Villanova twelve years ago. This year he is celebrating his fifth anniversary as custodian of the Pie Shoppe.

In spite of the many improvements made to the shoppe during the summer, Louie experiences no increase in business. Decreased enrollment and the curtailment of spending money have cast their mark upon the enterprising business of this diminutive son of Italy.

Just five years ago Louie launched upon his career as lunch dispenser. The starting point of this enterprise was the position now occupied by the dish-washing room in Mendel Hall. With only a dozen cups and a dozen spoons and one lone coffee urn, Louie endeavored to serve some two hundred students in a single hour. The variety of food on the Pie Shoppe menu at that time was limited to cinnamon buns, coffee and hot dogs. With but one sugar bowl and without the advantages of butter, this mid-day repast was anything but an extensive feast. He intimated

PLAN TRIP TO RUTGERS

Greyhound Buses Will Transport Wildcat Rooters Saturday

Preparations for Villanova rooters to witness the final football game on this season's schedule, when the Wildcats meet Rutgers at New Brunswick, N. J., next Saturday afternoon, are being made by David Murphy, student agent for the Greyhound Bus Company.

Murphy stated that it will be necessary for 33 persons to purchase tickets before a bus will leave the campus. Tickets for the round trip are being sold for $1.50 a person.

The bus will leave Villanova at 10.30 Saturday morning, and arrive at Rutgers in time for those making the trip to get a bite to eat before the big game. The party will return to Villanova immediately after the game.

TUESDAY - - - - NOVEMBER 28, 1933

A TASK WELL DONE

REJOICING and surprised delight are the keynotes of the week. Victory has come home to the Wildcats. As a result, each student's spirits are high, and his heart is light. Anxiety and tension permeated both the student body and the football squad long before the contest started. Even during the game, when the outcome was no longer in doubt, this strained nervous condition persisted. After it was all over a profound feeling of relief ran through the entire Villanova cheering section. The coaches turned in a masterful task in outlining the strategem for the contest. The players executed this strategem with a deftness and co-ordination never before seen in a Wildcat machine. Even the cheering section responded with genuine vitality and vigor. Their yells echoed and re-echoed within the walls of the stadium with such loyal sincerity that even the most disinterested spectator was moved to enthusiasm. With this victory under their belts the Wildcats can truly boast of a successful season. The Owls, with the much-famed "Pop" Warner at their head, were confident of a victory over Villanova. Their spirits today are as much dejected as ours are elevated. Warner was decisively beaten in his first engagement with Villanova. As a result, a psychological as well as a material victory has been gained.

FOOD FOR THOUGHT

THANKSGIVING DAY is interpreted by the majority of us superficially as meaning an extraordinarily good meal with plenty of roast turkey, delicious filling, roasted and candied potatoes, apple cider and pumpkin pie. Seemingly, it is almost a duty to present ourselves at the table fully prepared to digest a sumptuous assortment of food that will be unprecedented in richness and quantity for a year to come. Having thus performed our task with divers and intermediary expressions of comment and appraisal, we select a convenient soft chair, fold our hands over our stomach and give vent to words signifying satisfaction and thanks for our present replete condition. Were we to recall the birth of the feast, we would remember that the viands had a two-fold purpose. The feast was first of all a means of indicating thanks and gratitude for the possession of life and health, besides, in the case of some settlers, being the occasion to drown the pangs of starvation. Thanksgiving dinners this Thursday will accomplish both of the above purposes in specific cases. But let those of us who have been fortunate, those to whom the anguish of hunger is unknown—let all of us bend our knees and give thanks to God for our opportunities, for everything we claim to be our own, for life itself.

YOU OUCHT TO KNOW

BEFORE the quarterly exams there were sighs and groans of how much work there was to be reviewed and studied. With their termination, now comes the plaintive talk of low marks. To get at the source of this state of discontentment, one would have to go back to the garden of Eden, where, with the fall of Adam and Eve, the eternal dissatisfaction of mankind was decreed. So, fellow students, if you and your teachers, not to forget your parents, are not pleased with the outcome of the exams, why just remember that culpability rests with our first parents alone.

To those of us who, because of the proximity of home, will be able to attend that traditional last-Thursday-in-November feast, a word of advice: Act not like the Pharisee of old who lauded his achievements and good fortunes comparatively with those of that victim of circumstances, the publican. Don't paint a lurid picture of that turkey dinner you expect to partake of for the benefit of the less fortunate, who will have to forego that pleasure. In short, avoid rubbing it in.

The author of the paper that circulated in the junior class, which was made up in the form of a quarterly exam in music, certainly has a sense of humor. Some of the questions were: "Who's Afraid of the big bad wolf? And why? What happened at one minute to one? Explain fully. Are you kissable? Give nine reasons for your answer. Can you shadow waltz?" You'd have to be more than a radio addict to pass this exam. Anyhow it supplied a lot of comedy and as long as it doesn't happen again, we'll say no more.

It appears that Hugh Gallagher is setting a new mode in campus dress. This innovation is the wearing of the scarf under the sack coat, completely covering the neck. Though it is a radical departure from plain dress, it might, because of its several advantages, become popular. To name a few of the important is to mention the elimination of cravats and the complete concealment of shirts some of which, because of several days' wear necessitated possibly by laundry delay, would not be worn to advantage. So whenever you see the scarf worn as described, draw your own conclusion whether the occasion was prompted by Milady Fashion or mingled out by the mother of invention, Necessity.

Again it is incumbent upon this column to laud the student council. The speakers were experts in the art of football haranguing. The bonfire measured up to the great ones of the past, and it was heart warming to see this integral part of every real college rally, send its tongues of flames to the sky as an offering to the god of football for a victory. Thank you, student council, and keep up the good work.

Your columnist is like the doctor in "Grand Hotel" who despite the scenes of tragedy and comedy which were being unfolded on everyhand was prone to state that "nothing ever happens." A thousand and one happenings a week and the task of relating six or seven of them is a memory-racking proposition. It's a study in human nature which reveals the obliviuneess of man to the every-day events of which he is part and parcel. Forgive the observations. It's the effect of too many shows.

Did you know that: "The football racket, that is picking eight winners out of 12 choices, has almost completely been banished from the campus; you couldn't collect your winnings even if you did beat the game?" Baron Burtoff finds himself on the receiving end of so many practical jokes he is beginning to get slightly bored? Johnny de Virgilis seems to have little success in crashing into the heart of one of the nurses at Lakenau? If you want a really good laugh, get Dom Marion or "Whitey" Randour to tell you of the trick played on them by one of last year's grads, Larry de Francis? Like all orthodox ghosts, the column's personal one seems to have done a disappearing act? Mike Clavin seems to grow more affable daily? Al Ryan has a boiling point much too low? Al Gagliardi wears spats? Ed Manion's embryonic mustache played a dirty trick on him.? To see Red Lenzi you would think he was going to a Hallowe'en masquerade? Eddie Kilbane says the reason he didn't go up to Boston was that it was too cold?

COLLEGIATE NEWSREEL

IS YOUR chest still expanded, or are you just all worn out from celebrating? An exuberant atmosphere seems to be pervading the atmosphere in, around and beyond Villanova; keep deething breeply, and you're sure to enjoy the fruits of victory even as you cast appreciative glances at that gobbler on Thanksgiving Day—or would you rather have a stuffed Owl While the honors of writing up Saturday's play belong exclusively to the "Demon Reporter," we think it but fitting that we should momentarily pause to salute Villanova's men of action and their keen-eyed coach, Harry Stuhldreher.

* * *

While casting furtive glances about the Owl stadium during the half, we were much surprised and delighted to see among the 25,000 many familiar faces of old grads, some of whom had made long trips to get to the game. Rudy Lehnau came barging in at the half with his usual expansive grin on his countenance, closely followed by Fedigan's former champion mattress-crusher, Joe Conlan. Rudy nearly dropped over when he saw the 24-0 score, his only comment being, "They would have to wait till I graduated to play a game like this!" From the easy way the goalposts fell apart, it might have seemed that Temple feared the worst even before the game started.

* * *

Incidentally, The News, official Temple paper, ran a rather complimentary editorial last week commenting on the success of Villanova's athletic council in introducing the old tradition of having dancing after our basketball games. It is apparent that this has proved an added incentive to Temple to renew their campaign toward achieving a similar objective.

* * *

To be a successful husband in North Dakota, one must be on one's "pins" at all times. The other day we came across an account of a Sunday school picnic in which Mrs. Plunkett heaved a rolling pin 100 yards to win the rolling pin throwing contest. Shortly after, her husband won the 100-yard dash!

* * *

Editors beware! A short time ago, W. B. King, editor of the South Carolina University Gamecock, was the defendant in a $25,000 damage suit for alleged libel by a law student. However, it turned out less seriously than one might suppose, it being but a mock trial to give the law students a little practicing a la Scott. We nearly forgot the R. K.

* * *

Another case of guilty conscience! At Cornell, a professor in English announced that an essay had been handed in in which there was a perfect copy from a text. He said that if the guilty one would see him after class, he would hold nothing against him. After class he found five men waiting for him.

* * *

Inspiration? Members of the faculty of Miami University staged a "Faculty Follies" show for the benefit of the student loan fund last week. Now that the Temple game is ours, we hope that it will be staged again for our benefit when, and if, we see them on New Year's Day.

* * *

Having always had a fondness for following the graceful rhythm of eight-oared crews in their races down the Schuylkill, it was with interest that we came across an announcement posted by Rusty Callow, Penn rowing coach, down at the Palestra the other day. In asking for candidates he had written: "No man need report for crew unless he is six feet in height and not under 180 pounds in weight." If Lou Abbate and Jim Keeley were to pool their resources, they might have a chance.

* * *

No wonder the University of Southern California's football squad has been so good this year. According to the Notre Dame Scholastic the following headline appeared in their paper, the Daily Trojan: "Rosenberg Doped to Start Tomorrow's Tilt." Now it's, quick, Jones, the needle!

* * *

A freshman co-ed at West Virginia Wesleyan College, because of violation of the freshman rules, was forced to wear her clothes backwards for a week.

* * *

While the Mae West craze has left the girls Down East somewhat cold, the flaring curve seems to have retained its prominent position on the West coast, for Stanford University rules that this year's beauty queens must weigh at least 150 pounds.

The Salt-Shaker

THINKING—A LOST ART?

THAT THIS fast moving world of ours is in a most amazing state of transition is quite evident to one who dares to stop to think for a minute. Traditions and conventions long since divorced from the spiritual principles underlying them are collapsing on every side. The age is one that demands novelty and fascination regardless of the moral implication. True, we are making tremendous strides in material progress. But material progress at the expense of spiritual principles is retrogression.

There are two characteristics of this new trend of thought which are increasingly evident in American life, namely, an ever increasing passivity of thought among the general class of people and the growing part that pure sentiment plays in social and moral life. Thinking is a laborious task. People are not particularly anxious to think any more. The morning paper and cheap novel provide an easier substitute. Men accept conclusions acquired by a shallow process of thought; why they accept and hold such conclusions they know not. In direct proportion as the intellectual activity of the people ceases and they absorb the half-truths and sophisms so current today, sentiment takes its place.

This trend in modern thought is fostered by the superficial brand of education that molds the citizens of the land. The divorce of moral training from education is foisting upon us the type of citizen to whom principles mean little or nothing. There can be no hope for change until education suppresses the insane passion for factual knowledge and teaches the young citizen a philosophy of life other than the philosophy of cant and sentimental rot. And education begins in the home and not in the school. A morally famished child in a moral educational system gives the state an immoral citizen.

Sentimentalism and emotionalism are rapidly taking the place of sound thinking. The prospect of a civilization based on either is not pleasant. Agnes Repplier, whose 75 years have served only to sharpen her keen intellect, says very concisely, "The excess of sentiment, which is misleading in philanthropy and economics, grows acutely dangerous when it interferes with legislation or with the ordinary rulings of morality. The substitution of a sentimental principle of authority for the impersonal process of law confuses our understanding and undermines our sense of justice."

And is this not true today? Propaganda is by far the most powerful means of moving a people that has practically stopped thinking. The notorious criminal becomes a hero and is the object of unlimited publicity and applause. This insidious infiltration of unsound thought and sentiment is rising to such gigantic proportions that it threatens to shake the very foundations of Christian civilization. Our Legislatures are flooded with bills worthy of pagan Rome. Birth Control, Sterilization, Divorce and other panderings to the vices that human nature is capable of are the direct results of this era of shallow thought. And sadly does the court of justice bear witness to the terrific pressure sentiment is bringing to bear on it. When sentiment succeeds in overthrowing the scales of justice, our moral and social fabric is doomed, just as is doomed the false economic standard of the day.

We must think now if never before. We must combat sentiment with reason, passivity of thought with intelligent active thinking. Principles must survive and the fundamental doctrines of Christ must be the norm of general as well as individual welfare.

GAIETY PREVAILS AS ENGINEERS' HOP PROVES SUCCESSFUL

Dual Celebration Over Temple Victory Marks Annual P. K. P. Dance

MUSIC GAINS PLAUDITS

With the pleasant memory of the 24-0 defeat of the ancient Temple rival still vividly pictured before them, more than 200 couples changed Saturday evening's annual Owl Hop, held in the college gymnasium, from 9 to 12, into a gay victory dance.

To add to the list of the day's surprises was the unusually good music presented by the Villanovans. Playing from the stage in the orchestra shell, which was tastefully decorated with vari-colored lights and bunting, the college dance band presented both old and new melodies in a pleasant style.

A delightful arrangement of "College Days" was also rendered by the Villanovans.

Each couple who attended the engineers' function was presented with unique favors and other novelties, which were well received. A white cover on which was embossed the Phi Kappa Pi insignia, adorned the dance program. A blue and white cord completed the favor.

An additional note of color was added to the affair by the distribution of balloons to every couple who attended the dance. They were soon broken by the merrymakers, whose enthusiasm over the football victory was still at its peak.

The gymnasium was attractively decorated with a red and white false ceiling. The orchestra shell extended to the front of the stage On the sides of the band shell conspicuous figures mutely announced, "V-24," and "T-0."

Ferns were placed around the dance floor, and delightful lighting effects completed the decorations, which were admired by all those attending the affair.

Joseph P. Callaghan, chairman of the function, stated that he was well pleased with the support accorded the fraternity by the student body at large. The financial returns and the added social prestige gave the fraternity a chance for greater recognition on the campus.

Callaghan was assisted by William Devenney, Rudolph Lopez, Frank Kraft, Charles McGough, Richard O'Shea, Charles Thiede, James McBrearity, Larry Shevlin, Joseph Kehoe, and John O'Hara.

Dial-Log

One of the country's leading orchestras is appearing in person in Philadelphia this week. We refer to none other than Guy Lombardo and his Royal Canadians.

Twelve years ago, the four brothers who are the nucleus of this famous organization appeared in London, Ontario. As a musical quartet, they were well received and their success led them to the formation of the band which is known today as the Royal Canadians.

Guy, Carmen, Leibert and Victor were the foundation but since then the addition of eight more musicians has swelled their number to 12.

When the orchestra appears in person, Guy is always seen with his violin but to the amusement of the onlookers he never is seen playing it. The reason given is that the orchestra voted that Guy should stop playing and devote his entire time to the direction of the band. However, he really can play and played several solos on one of the Columbia network's "Meet the Artist" programs.

Guy still carries the violin because he has become accustomed to directing with the violin and bow but never plays it in public.

On Wednesday evening on his commercial program, Lombardo will broadcast from the studios of WCAU in Philadelphia. The Burns and Allen part of the broadcast will originate in Hollywood, and this famous comedy team is expected to be augmented by the presence of Chico Marx.

Now to get to some of the other interesting things which are happening in radio:

Elissa Landi, motion picture star, appears as guest artist during this week's broadcast of the Troubadours on Wednesday at 9 P. M. over WEAF and WLIT. In honor of Miss Landi's appearance, the orchestra will present selections featuring motion picture theme songs and talkie hits.

Colonel Stoopnagle and Budd are scheduled to return to WABC'S network on December 16. They will be on twice a week for 15 minutes on Wednesdays and Saturdays at 9.15. Jacques Renard and his orchestra and Vera Van will supply the melodies.

Tonight will mark the premier of the new Camel series of programs. This will be broadcast twice a week, on Tuesdays and Thursdays, at 10 P. M., over WABC and WCAU. It will feature the harmonies of Do Re and Mi and the music of Glen Gray.

The Bryd Antarctic expedition short wave broadcast takes place on Saturday night at 10 over the Columbia hookup.

Rudy Vallee's variety hour will be broadcast from Los Angeles beginning with the program of December 14. Rudy is going to make a picture version of George White's Scandals.

The Paul Whiteman program on Thursday has been renewed and will be heard every week as usual all during 1934.

The usual space for dance orchestra news is right here . . . Ben Bernie is expected to make a personal appearance in Philly in the near future . . . Benny Meroff, who has been heard from Chicago, will soon leave and go on a stage tour, . . . Listen late some night for the swell tunes of Ace Brigode and his Virginians over CBS. . . . Lyle Smith's orchestra is a new addition to Columbia networks. . . . Henry Busse will also be heard again over Columbia soon. . . . Joe Haymes is booked for a stay in one of Philadelphia's ballrooms. . . . Lew Conrad the formerly popular maestro, is now a featured vocalist with Meyer Davis . . . Listen for Little Jack Little's version of "Did You Ever See a Dream Walking." It really is smooth. . . . And so till next week, keep tempo.

SCIENCE MEN HEAR TALK BY ALUMNUS

Ignatius L. Hneleski, M. D., Tells Students to Develop Outside Talents

STRESSES HIGH MARKS

An interesting talk on the advantages of taking pre-medical work at Villanova College was delivered to the members of the School of Science in their weekly seminar last Thursday,, by Ignatius S. Hneleski, M. D.

Dr. Hneleski, a graduate of the School of Science of Villanova College, took his medical work at the Jefferson Medical College in Philadelphia. He was at one time the chief resident physician at the Philadelphia General Hospital.

He stated that Villanova's Pre-Medical School compares favorably with the best schools in the country. The facilities, teaching staff, laboratories, and equipment are of the finest and most modern.

Advice was given to the students, by Dr. Hneleski, to apply themselves to their studies and endeavor to get good marks, because marks are about the only correct method of determining a student's worth and therefore they play an important part in the acceptance of a student in medical schools.

Recommendation was also made to the embryo physician to take two years of interneship instead of one year, as this extra year enables the student to make business and social contacts and gives him greater opportunity for putting to practical application his vast amount of theoretical knowledge.

Dr. Hneleski also stated that doctors should develop their outside talents, because medical work depends a great deal on successful contacts with human nature. The practicing physician can only be regarded as excellent, in the patient's eyes, when he can converse freely on any topic which appeals to the client.

ALUMNUS DIES AT HOME

William J. Reilly, Medical Student, Is Victim of Hemorrhage

William J. Reilly, '32, died at his home in Waterbury, Conn., last Thursday night, a victim of internal hemorrhages brought on by incessant bronchial coughing. His burial took place yesterday.

Mr. Reilly, who would have begun his second year at Jefferson Medical College if his fatal illness had not interfered, was among the the leaders in scholastic and extra-curricular activities while a student in the Science School here.

Extra-curricular activities during his college life included: Junior Prom Committee, Mendel Bulletin staff, chairmanship of the Ring Committee, Belle Air Ball Committee, track and football.

NO PAPER NEXT WEEK

Due to the fact that the VILLANOVAN advertising schedule was made up in advance of the change of vacations, there will be no paper published on December 5, next week. The next issue will appear December 12.

Debate Is Cancelled

Due to a conflict in dates, the home and home debate with St. Thomas' College, of Scranton, Pa., will not be held as scheduled on December 7. However, both forensic teams are endeavoring to find a date that will be suitable for both schools. The question that was to be debated by a negative and affirmative group from Villanova and St Thomas', was "Resolved: That the Essential Features of the N. I. R. A. Should Be Adopted as the Permanent Policy of the United States Government."

Always the Finest Tobaccos

AND

Only the Center Leaves

Not only from our own Southland—but from Turkey—from Greece—from all over the world—the very cream of tobacco crops is gathered for Lucky Strike. And only the center leaves are used—no stem—no stalk. Each Lucky Strike is fully packed—firmly rolled. Even the ends of the cigarettes are filled—brimful of choicest tobaccos. No loose ends—that's why Luckies draw easily and burn evenly.

FOR THROAT PROTECTION—FOR BETTER TASTE

Sideline Slants

By the Sports Editor

THE Temple game is now three days past, and, although our memory grows dim with time, realization of the deeds of the Wildcat aggregation that day will live with us for some time. Looking back on that game, we wonder if you experience the same feeling that we do. First of all, the final score, 24 to 0; three touchdowns and a drop-kick; 24 points better than Temple; a school of over 15 times as many students; a heavier team. To those of you who witnessed the Temple-W. & J. contest a week previous, our game should take on a more significant atmosphere. The Owls battered a bigger line and crossed the final chalk mark twice in that struggle, and then along comes a team with a supposedly weaker line, which pushes the powerful Temple forward wall all over the field to let its elusive backs gain 336 yards from scrimmage while they held the Owl runners to 91. It does seem impossible. Then again we may feel that, as our coach expressed it the night of the rally, the game was decided by the breaks. But taking a glance at the figures and the account of the game itself, the Wildcats proved superior in all departments of the game. We beat them because we were the better team, because we had more light, and because of this triumph we are proud to be Villanovans. We are proud of our team and our coach. Let us prove it to them, and show them that we are grateful by supporting them in the coming Rutgers game.

* * *

THE rally that was held Friday night in preparation for the Temple game, turned out to be most successful. Among the speakers were Harvey Harman, head coach at Penn; Marty Brill, head coach at La Salle; our own Harry Stuhldreher, Reds Bradley, former star center at Villanova and many others. We take these four, for in the course of their talks several amusing incidents occurred. Mr. Harman, who impressed us as one of the most interesting talkers we have heard at pep rallies, had addressed the Temple student body a few hours previous. Consequently, he found himself in rather a ticklish position when asked whom he favored as the victor in the coming battle. Mr. Harman politely refused to choose. After the game, Coach Harman stated that he thought that the Villanova team would be hard to beat. That is getting out of a tough spot. Marty Brill, in very few words, expressed his views on the subject by saying that "We scrimmaged Villanova in the spring. Villanova will win." To Reds Bradley, we, on the part of the student body, invite you to speak at every Villanova rally from now until there are no more. As Mr. Bradley stated, "Every time I speak at your rally, you win." But now we have a sad instance to relate. Head Coach Harry Stuhldreher promised us that he would lead our snake dance if we won. He failed us, and we must say that we are disappointed in him. However, since he gave us so much opportunity to be proud of his team and incidentally himself, we reluctantly have to forgive him. Which is a hard thing to do (?). Next year we shall have the same opportunity, so we can hold him to it.

* * *

VILLANOVA'S basketball squad journeyed down to the Palestra last Friday to scrimmage with the University of Pennsylvania. This event brings out our prediction of some weeks back, that the cage quintet should be one of the strongest that has ever graced the wooden way at Villanova. The scrimmage gave us opportunity to discover facts that we were not sure of. Namely, that Jack Torpey is being pushed for the center post by Bill Sweeney and that Mike O'Meara looks better than ever and threatens to displace someone in the forward position, and that there will be waged about 10 battles for the five positions on the starting team. Coach Jacobs seems to have a wealth of material to work with, but a season can never be judged to be successful or not until the last game ends.

RAMBLERS BOW TO LAFAYETTE

VILLANOVA READY TO MEET RUTGERS

Raritans Only Team to Score on Powerful Princeton Club This Season

IS RANDOUR'S LAST GAME

As th concluding contest of an epochal gridiron season, the Villanova eleven is carded to face the Scarlet warriors from Rutgers University this Saturday. The game will be played at the Rutgers home field in New Brunswick,.

Villanova reached the climax of the season Saturday when the Blue and White gridders defeated Temple 24-0, but as an added attraction to the Villanova followers the Rutgers contest was booked as the 10th game of the season.

Much interest is centered around this fray for last Saturday Rutgers in her renewal of the oldest football rivalry in the country with Princeton University, although defeated, 26-6, became the first team to cross the Tiger goal line this season.

Head Coach J. Wilder Tasker has probably one of the smartest outfits to grace the Raritan institution in some years, and is confident of a victory at the expense of Harry Stuhldreher's minions. The Princeton fray Saturday was only the second defeat administered to the wearers of the Scarlet this season, the other coming from the hands of

Continued on Page Six

Our Predictions— How Good Are They?

We're off (what, again?) on the predictions. We have been off for the past three weeks, but this time the axe is going to fall as we say. At least that is what we think. The first mentioned should win in the games to be played this Thursday.

Cornell vs. Penn.
Pitt vs. Carnegie Tech.
Gettysburg vs. F. and M.
Devis-Elkins vs. St. Thomas.
Colgate vs. Brown.
Johns Hopkins vs. St. Johns (Md.).
Ursinus vs. Albright.
Tennessee vs. Kentucky.
V. P. I. vs. V. M. I.
Virginia vs. North Carolina .
Vanderbilt vs. Alabama.

TRACKMEN TO COMMENCE TRAINING ON BOARDS

Entire Track Will Be Reset Under Direction of Coach Reagan; Relay Outlook Bright

The members of the track team have been jogging cross country for the past month. They will soon transfer their activities to the board track behind the gymnasium for the final tuning up to be in readiness for the opening of the indoor track season shortly after the first of the year.

The entire board track will be realigned this year under the direction of Coach Bob Reagan. The trackmen will pound the boards until March 1, when they will return to the cinders. The track has ten laps to the mile, is banked at the turns, has a 70-yard straight stretch and is of sufficient width for four men to start.

Besides resetting the track, Coach Reagan will endeavor to develop the necessary facilities for jumping and pole vaulting.

Coach Reagan believes that he has the material for a crack one-mile relay team. The leading candidates, based on their work of last year are Jumbo Elliott, Alex Kramer, Henry Boberts, Frank Conway and Jim McConville. In addition to a relay team, those men showing the necessary speed and stamina will be entered in the individual events.

Lightweights Downed, 6-0, In Hard Fought Contest

Dave Murphy and Walt Coyle Play Brilliant Football as Lightweight Ramblers Lose Third Game of Season

RUSK TALLIES FROM 33-YARD LINE

A 6-0 FINAL SCORE proved to be the deciding factor in a hard-fought tussle between the Lafayette lightweights and the Villanova 150-lb. team last Wednesday at Easton. Link Lenzi's Ramblers, for the majority of the game, held the upper hand, but a 33-yard run by Rusk, halfback for the opposition in the first quarter, was all that kept the Antneys from securing a scoreless tie. The Wildcat lightweights played the best brand of ball that they have exhibited all season, in losing to the Leopards, and the work of Coyle, at end, and Murphy and Rodgers in the backfield, were the main factors in the 150-pounders' showing.

The game as a whole was a see-saw affair with both teams alternating in each other's territory. The 'Cats started the game with a powerful march into the Leopard's vulnerable territory, but a fumble gave the opposition the ball, the

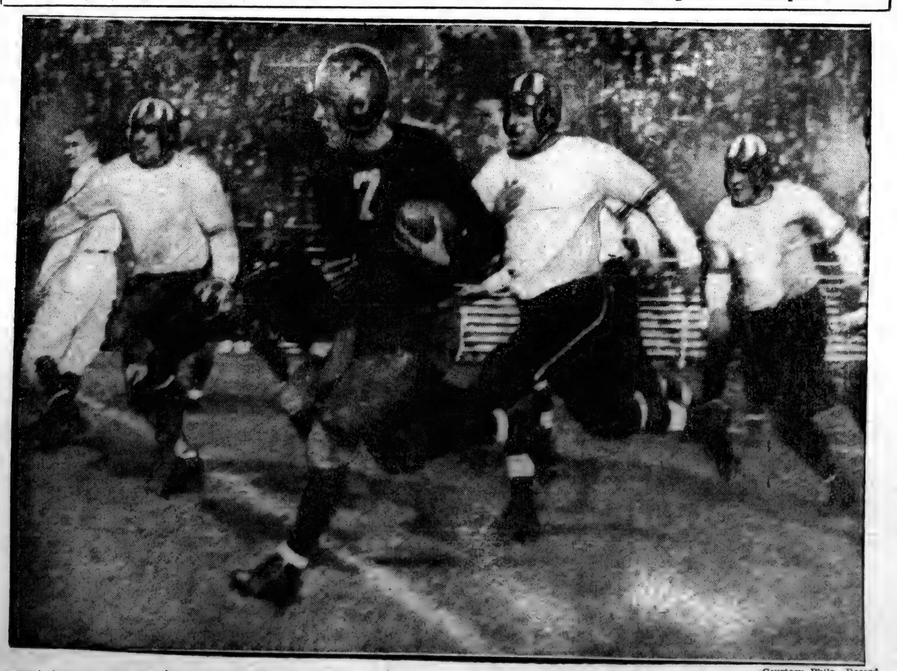
Whitey Randour, Wildcat Ace, Off on a 46-Yard Ramble Against Temple



Courtesy Phila. Record

Whitey Randour, fleet halfback for the Blue and White, on his way for a 46-yard gain against Temple. Shortly after, he circled right end for his second score of the day. Whitey kicked all three points after touchdowns and increased his scoring from 58 points to 73 for the season. The 73 points puts him in first place among major Eastern College scorers. The first score by Randour saw him on the receiving end of a pass from Cavanaugh. Randour conclusively proved that he is an outstanding candidate for All-American honors.

Randour Leads in Victory With 15 Points

WILDCATS CAPTURE EASY VICTORY FROM WARNER'S MINIONS

of 66 yards gained from scrimmage, Frank Wetzler, Jimmy Walsh and Johnny Higgins must also come in for mention as must the playing of Charley Cox, Barney Lee and Charley McGee.

Although the saying has it that to the victor go the spoils, it would not be fair if the name of "Pete" Stevens did not come in for some commendation. Stevens, Temple fullback, was the outstanding satellite for the losing cause.

Villanova		Temple
Korchinski	left end	Policinos

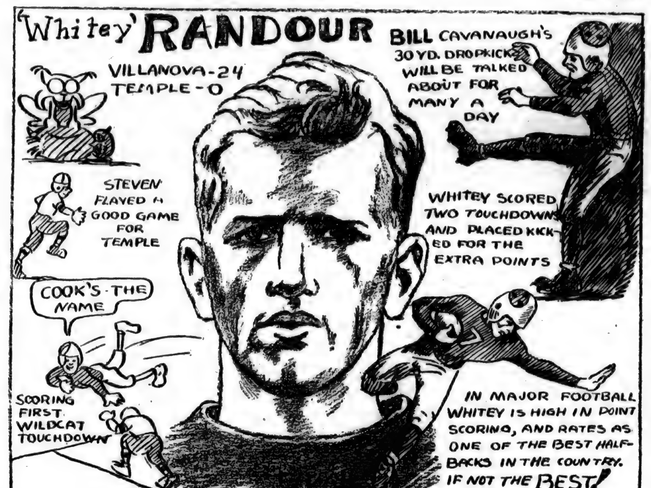
FUR AND FEATHERS FLY - - - - - - - By Witte



'CATS' MEOW

THE Temple "fly by nights" flew by day Saturday before a pack of snarling Wildcats.

—V—

Many a Whoo-o-o-o was uttered by the Owls as the Main Liners tore through their defense.

—V—

"Toby" Cavanaugh calling signals a la Stuhldreher.

—V—

The Owl linesmen singing "I'll never forget you" as Michaels gives them a playful hug.

—V—

Pop Warner had his goose cooked (Carroll Cook-ed).

—V—

"Gus Sonnenburg" Zizak on pins and needles waiting for the ball carrier to come his way.

—V—

The smooth syncopations of the Temple band playing Dinah set feet tapping.

—V—

The Villanova band also played.

—V—

Many a hat was lost as the goal posts were battered. Hurrah! More business for Frank Wixted.

—V—

Wanted: One taxidermist, the Owls had the stuffing knocked out of them.

—V—

Marty Brill didn't have anything on Cavanaugh in the way of blocking.

—V—

"Whitey" Randour getting a sample of the "flying mare" from four Temple players.

—V—

Pop Warner chanting dirge-like "California, here I come."

—V—

Don Blanchard playing Tarzan with the members of the opposition.

—V—

All set boys——Rutgers, here we come.

Kittens Show Teamwork

The greatly improved Villanova Freshman football team has been practicing regularly every afternoon with the varsity. The Kittens have been showing more general teamwork than they have displayed all season. With the addition of a few new linesmen who reported last week they have been rounding themselves into the strong aggregation distinctive of the Blue and White Frosh teams of other years.

Wildcats Are Ready To Meet Rutgers

Continued From Page Five

Colgate earlier in the season, 25-2. Colgate and Princeton are two of the East's outstanding teams and the Rutgers' crew have made impressive showings against both.

Colgate met the Scarlet squad with an undefeated and unscored-on record and the Raritan aggregation promptly pushed Colgate back over her own goal line for two points, marring her record. Princeton, also unscored upon until the game Saturday, was the victim of a long pass, and her record also went into the discard.

Six victories, two defeats and one tie grace the ledger for the New Brunswick lads, the tie occuring against N. Y. U., while triumphs were recorded at the expense of F. & M., 10 to 0; Providence, 21-0; P. M. C., 10-0; Lehigh, 27-0; Springfield, 34-0, and Lafayette, 20-13.

Villanova Lightweights Are Primed For Rutgers Thanksgiving Afternoon

The Villanova 150's are working hard in preparation for their last game of the season to be played on Thanksgiving afternoon with the lightweight eleven representing Rutgers.

With a one-day layoff after the Lafayette game the Villanova team again began practice Friday for the game which is expected to be their hardest of the season.

The Rutgers team has had a wonderful season and has listed among its defeated opponents the Lafayette team which beat the Ramblers last week by one touchdown. The Lafayette-Rutgers score was 26 to 6, so the wearers of the blue and white realize the kind of opposition that they are up against.

The game will be played over at New Brunswick and the Villanova team is determined to make a good showing against the boys from the banks of the Raritan and the large crowds which have marked the playing of the Rutgers' lightweight games this season.

Chandler, sensational colored halfback, is the man that the Main Liners will have to watch if they hope to take the measure of their final opponents. So far this season this lad has run wild against every team which the Rutgers aggregation has played and he is regarded as the best halfback in the lightweight circles.

Student Coaches Lenzi and Wronski feel that the Villanova team has the power and will show all they have and overcome their scoreless jinx which has been dogging them all season.

Maybe, the incentive of a turkey dinner to work for, the Wildcats will work up an appetite and tear the Jerseymen to shreds.

Paul, Temple Quarterback, Is Spilled by O'Donnell as He Returns a Villanova Punt

Courtesy Public Ledger

The above photo shows George Paul, substitute Temple signal caller, performing a handspring after being hit by Tom O'Donnell, Villanova end. After three plays Temple had to kick and Villanova scored shortly after. Michaels, No. 13, has just spilled Testa, and Cavanaugh, No. 4, and Nowe, No. 37, are seen coming into the play. The above photo is a ... le of the hard playing that was employed by both teams in the game. The play came about as a runback of a Villanova punt by Paul who made 15 yards on the return. The photo was taken during the annual Villanova-Temple classic played last Saturday at Temple Stadium. The game was won by Villanova by the score of 24-0.

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

The Way of the World

Laugh and the world laughs with you;
Weep, and you weep alone;
For this brave old world must borrow its mirth,
It has troubles enough of its own.
Sing, and the hills will answer;
Sigh—it is lost on the air!
The echoes bound to a joyful sound,
But shrink from voicing care.

Rejoice, and men will seek you;
Grieve, and they will turn and go;
They want full measure of all your pleasure,
But they do not want your woe.
Be glad, and your friends are many,
Be sad, and you lose them all;
There are none to decline your nectar wine,
But alone you must drink life's gall.

Feast, and your halls are crowded;
Fast, and the world goes by;
Succeed and give, and it helps you to live;
But no man can help you die!
There is room in the halls of pleasure
For a long and lordly train,
But one by one we must file on
Through the narrow aisle of pain.

SCIENTIST.

Careful?

Ed Burns: "I'm collecting for the poor; what do you do with your old clothes?"

Johnny Pickel: "I hang them up carefully in the evening and put them on again in the morning."

Read 'Em and Weep

Bill McGraw: "My roommate is without question the laziest man on the campus."

Tom McFeeley: "How come?"

Bill: "Why, he has his prayers typewritten and pasted on the wall, and when he goes to bed at night (if he does), he points to them and merely says, 'There they are, Lord read 'em.'"

Do a Good Turn Daily

John Doe heard his boss say that anyone who injured a dumb animal would be put in jail.

So John Doe thought this was a good idea.

So one day he saw a man kick a dog in the face.

So John Doe walked up to the man and said, "Friend, you shouldn't do that."

So the man said, "What's it to you?" and hit John Doe in the eye.

So John Doe got a black eye, and when he went home, his wife said, "Aha! drinking again?"

So John Doe got another black eye.

So John Doe went out the next morning and saw a dog trying to get a piece of bread out of a garbage can.

So John Doe pushed the can over so the dog could get it. So the policeman walked over to John Doe and said, "So, buddy, I caught you in the act. Dumping garbage on the street."

So John Doe got put in jail and had to pay a $10 fine.

So John Doe went up town and bought a parrot.

So, what?

GAMECOCK.

Football (Feminine Viewpoint)

I don't know what it's all about—
At the game I'm in a daze,
I never know when to scream and shout,
And I'm ignorant of all the plays.
To see the big brutes scramble after a ball
To me is an awful bore;
Yet I always look as though I know it all
When I don't even know the score.
Whether Yale beats Harvard, or Harvard beats Yale
Makes little difference to me.
That my feet are cold and my lips are pale,
Seems much more of a reality.
In short, I'm not a rah-rah college girl,
And I never get excited.
But you'll never see me refuse a game
Whenever I get invited.

TATLER.

Proof Enough

Jack Hoey (in the market for blazers): "You are certain that this is the very latest material?"

Salesman: "The very latest, Mr. Hoey, the very latest."

Jack (holding the material up to the light): "And it won't fade?"

Salesman: "Positivil not. why, it's been in our display window there for six months and hasn't changed a bit."

SMILER.

INTRAMURAL LEAGUE BASKETBALL SEASON TO OPEN DEC. 4TH

Schedule Drawn Up as Each Hall Is Represented; Two Day-Hop Teams

RULES ARE FORMULATED

The Intramural basketball season will open on Dec. 4, immediately after the close of the touch football campaign. The circuit will consist of the four halls on the campus as in touch football, but in place of one team representing the Day Hops, the Train and Trolley boys will be divided into two sections, one group comprising the students in the Business School and the other, all those that have their classes in Mendel Hall.

The rules and the schedule follow:

1. Any student who is in good standing with the College Authorities may participate in this league with the following exceptions:
   A. Any man who has won a Varsity letter in basketball may not participate.
   B. No one may participate in Varsity, J. V., or Frosh basketball concurrently.
   C. A person who has played in any regular scheduled game, or fraction thereof, with any of the above teams, can not participate in Intramural basketball during the same season.
2. Any team that forfeits two games without sufficient cause will be dropped from the schedule and their remaining games declared as no contest.
3. The officials for each game will be chosen by the Intramural Chairman in conjunction with the Varsity basketball coach.
4. An official's decision can not be protested against, unless such a decision involves a misinterpretation or misapplication of the rules or both.
5. Causes of a forfeit may be any one or all of the following:
   A. By not having five men on the floor at the time of the game.
   B. By not having their team scorer or manager on the floor at the time of the game.
   C. By not reporting properly equipped for play. (The only essential equipment is a pair of gym shoes.)
6. All protests must be filed to the Chairman of the committee within twelve hours after the game is completed; and the officials and the opponents' captain must be notified of the protest immediately after the protested play has occurred.

Day Students (Mendel) vs. Mendel, Dec. 6; Fedigan, Dec. 8; Austin, Dec. 13; Alumni, Dec. 15; Day Students (C. & F.), Dec. 19.

Austin Hall vs. Fedigan, Dec. 5; Day Students (C&F), Dec. 7; Mendel, Dec. 8; Day Students (Mendel), Dec. 13; Alumni, Dec. 19.

Dance Will Follow Rutgers Encounter

Continued From Page One

announced, following a student vote, that a Thanksgiving vacation would be denied the students, and that the Christmas vacation would be proportionately lengthened. The members of the club had decided to hold the dance at this time only because of the fact that it was during the Thanksgiving vacation, and if this way it would be possible for many of the student body to attend. However, the club feels that since the Rutgers-Villanova football game is to be played the day of the dance, it will serve as a very strong attraction, and the change in the school calendar will have very little effect, if any, upon the financial success of the affair.

Alumni Pledge Support

The dance committee has received word that the dance will receive the full-fledged support of the New Jersey members of the New York Alumni Club. The alumni at their last meeting were considering the feasibility of holding a dance, but when they heard about the Thanksgiving affair they decided they would postpone their plans.

The entire varsity football team has been invited to attend the function by the club. This invitation is in keeping with a traditional custom. The committee, in charge of the dance, includes Raymond Harter, chairman; Harold McGrath, Rafael Martinez-Alvarez, Joseph McKenna, Joseph Carroll, Robert Burke and John Butler.

Local Delegation Assigned Canada

Continued From Page One

It was originally intended to stimulate interest in foreign affairs among college students. Each school participating in the program is usually given the opportunity to hold the conclave in its respective school.

Other colleges participating in the Model Assembly and the countries they have been chosen to represent are Barnard, Spain; Bucknell, Denmark; Elmira, Czechoslavia; Haverford, Italy; Hobart, Jugoslavia; Lafayette, Bulgaria; Lehigh, Austria; New York University (Washington Square), Norway, Switzerland; Rutgers, Poland; Skidmore, Iraq; Syracuse, France; Temple, Lithuania; Union, Hungary; University of Rochester, Turkey, and Wilson, Belgium.

College Represented

Villanova College and the American Catholic Historical Society, Committee on Historical Research, was represented at the Sesqui-Centennial Commemoration of the Signing of the Treaty of Paris of 1783, at the Catholic University of America, in Washington, D. C., yesterday, by Very Rev. Edward V. Stanford, O. S. A., LL. D., president of the college.

AERO SOCIETY HAS EXTENSIVE PLANS

Airport Manager Scheduled to Address Group at Meeting

TO HOLD MONTHLY PARLEY

The Aeronautical Society, the newly formed organization on the campus of Villanova College, held its regular meeting last Thursday. At the first official meeting plans for the year were announced by the president, William Hamill.

The most important announcement made was that the society plans to hold a series of formal meetings on the first Thursday evening of each month. At this meeting John Rogers, manager of the United States Approved Repair Station No. 161, at the Flying Dutchman Airport, Somerton, Pa., will instruct the members present on the aero-dynamics of the modern airplane. Mr. Rogers was secured through the efforts of Hamill, and has agreed to give his time and experience in order that the members might become better acquainted with aviation.

At each meeting, outside of those held at night, one member will deliver a speech on a certain phase of aviation. The first of these talks will be given by John Fox, the treasurer of the society. The title of his talk will be, "The Aircraft Supercharger."

Due to the holiday this week, however, the first formal meeting will be postponed to Wednesday, December 6, at 7.30 P. M. The first of these meetings will be open to the student body in general in order that those who are interested in aviation may attend and become members of this organization.

On last Monday a motion picture entitled, "From Coast to Coast in 20 Hours With the United Airlines," was shown in the amphitheatre under the sponsorship of the Aeronautical Society through the courtesy of the Phi Kappa Pi engineering fraternity. The picture was well received by all those present and it is planned to continue this procedure by showing an aviation picture once a month.

Annual Pep Rally Proves Big Success

Continued From Page One

dresses to the squad. The soundness of the Rockne system was at stake, he said, and it was up to the players to vindicate both the system and its exponent, Harry Stuhldreher, before the eyes of a waiting football world. "Which shall it be, Warner or Rockne?", was his final exhortation, Coach Stuhldreher then arose to thank the speakers for their generous response.

The speeches were interspersed with a variety of college cheers led by the cheer leaders. Larry Reilly conducted the singing of the new school song, "March of the Wildcats," by Carmen Giordano.

The rally concluded with the marching of the students to the field opposite the gym and the lighting of the bonfire by Whitey Randour, captain of the team. The results of the rally were very gratifying and it is hoped that there will be more of such expressions of spirit by the student body in the future.

LECTURE ON "MAKE-UP"

Professor James Demonstrates Art of Stage Effect

A short lecture on "Make-Up" was rendered to the members of the Villanova Literary Society by Prof. Joseph T. Jonas, its moderator, on last Monday night.

Prof. Jonas endeavored to make the boys familiar with stage make-up. He had with him the various paints and powders which are used in preparing the character for the role he is to take in a production. In order to give a clear picture of make-up technique, Prof. Jonas made one of the members up for several different roles.

of 66 yards gained from scrimmage. Frank Wetzler, Jimmy Walsh and Johnny Higgins must also come in for mention as must the playing of Charley Cox, Barney Lee and Charley McGee.

Although the saying has it that to the victor go the spoils, it would not be fair if the name of "Pete" Stevens did not come in for some commendation. Stevens, Temple fullback, was the outstanding satellite for the losing cause.

Villanova		Temple
Korchinski	left end	Policinos
Zine	left tackle	Rusacli
Blanchard	left guard	E. Smith
Nowe	center	Shapiro
Michaels	right guard	Gallia
Brodnicki	right tackle	Venerosa
O'Donnell	right end	Schaefer
Cavanaugh	quarterback	Watts
Randour	left halfback	E. Zukas
Cook	right halfback	Testa
Patzsch	fullback	Stevens

Villanova	3	14	7	0—24
Temple	0	0	0	0— 0

Touchdowns—Cook, Randour, 2. Points after touchdowns — Randour, 3 (placements). Field goal—Cavanaugh. Substitutions: Villanova—Wiesenbaugh for Patzsch, Cox for Blanchard, Lee for Brodnicki, McGee for O'Donnell, Patzsch for Wiesenbaugh, Blanchard for Cox, Brodnicki for Lee, O'Donnell for McGee, Wetzler for Cook, Wiesenbaugh for Patzsch, Higgins for Cavanaugh, Lee for Michaels. Temple—Harry Smith for Testa, Sweel for Gallia, Kemmerer for Venerosa, Stonik for Stevens, Zanin for Schaefer, J. Zukas for Russell, Paul for Watts, Frey for E. Zukas, E. Zukas for Frey, Boyd for E. Smith, Venerosa for Kemmerer, Stevens for Stonik, Gallia for Sweel, Schaefer for Zanin, Russell for J. Zukas, Kondika for Stonik. Referee—J. E. Keegan, Pittsfield. Umpire—G. H. Lowe, Lafayette. Head linesman—A. R. Lake, Lafayette. Field judge—D. J. Kelley, Springfield.

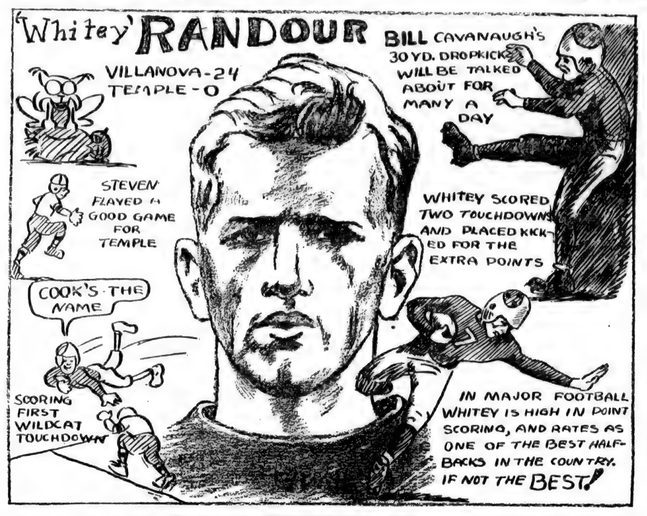
FUR AND FEATHERS FLY - - - - - - - - By Witte



'CATS' MEOW

THE Temple "fly by nights" flew by day Saturday before a pack of snarling Wildcats.

—V—

Many a Whoo-o-o-o was uttered by the Owls as the Main Liners tore through their defense.

—V—

"Toby" Cavanaugh calling signals a la Stuhldreher.

—V—

The Owl linesmen singing "I'll never forget you" as Michaels gives them a playful hug.

—V—

Pop Warner had his goose cooked (Carroll Cook-ed).

—V—

"Gus Sonnenburg" Zizak on pins and needles waiting for the ball carrier to come his way.

—V—

The smooth syncopations of the Temple band playing Dinah set feet tapping.

—V—

The Villanova band also played.

—V—

Many a hat was lost as the goal posts were battered. Hurrah! More business for Frank Wixted.

—V—

Wanted: One taxidermist, the Owls had the stuffing knocked out of them.

—V—

Marty Brill didn't have anything on Cavanaugh in the way of blocking.

—V—

"Whitey" Randour getting a sample of the "flying mare" from four Temple players.

—V—

Pop Warner chanting dirge-like "California, here I come."

—V—

Don Blanchard playing Tarzan with the members of the opposition.

—V—

All set boys——Rutgers, here we come.

Kittens Show Teamwork

The greatly improved Villanova Freshman football team has been practicing regularly every afternoon with the varsity. The Kittens have been showing more general teamwork than they have displayed all season. With the addition of a few new linesmen who reported last week they have been rounding themselves into the strong aggregation distinctive of the Blue and White Frosh teams of other years.

Wildcats Are Ready To Meet Rutgers

Continued From Page Five

Colgate earlier in the season, 25-2. Colgate and Princeton are two of the East's outstanding teams and the Rutgers' crew have made impressive showings against both.

Colgate met the Scarlet squad with an undefeated and unscored-on record and the Raritan aggregation promptly pushed Colgate back over her own goal line for two points, marring her record. Princeton, also unscored upon until the game Saturday, was the victim of a long pass, and her record also went into the discard.

Six victories, two defeats and one tie grace the ledger for the New Brunswick lads, the tie occuring against N. Y. U., while triumphs were recorded at the expense of F. & M., 10 to 0; Providence, 21-0; P. M. C., 10-0; Lehigh, 27-0; Springfield, 34-0, and Lafayette, 20-13.

Villanova Lightweights Are Primed For Rutgers Thanksgiving Afternoon

The Villanova 150's are working hard in preparation for their last game of the season to be played on Thanksgiving afternoon with the lightweight eleven representing Rutgers.

With a one-day layoff after the Lafayette game the Villanova team again began practice Friday for the game which is expected to be their hardest of the season.

The Rutgers team has had a wonderful season and has listed among its defeated opponents the Lafayette team which beat the Ramblers last week by one touchdown. The Lafayette-Rutgers score was 26 to 6, so the wearers of the blue and white realize the kind of opposition that they are up against.

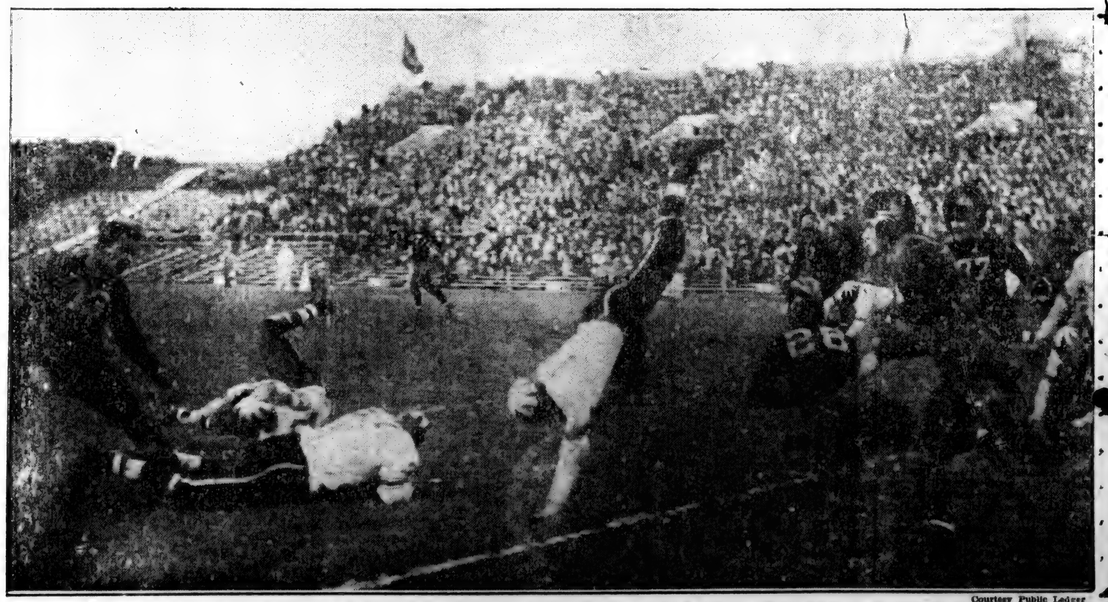
The game will be played over at New Brunswick and the Villanova team is determined to make a good showing against the boys from the banks of the Raritan and the large crowds which have marked the playing of the Rutgers' lightweight games this season.

Chandler, sensational colored halfback, is the man that the Main Liners will have to watch if they hope to take the measure of their final opponents. So far this season this lad has run wild against every team which the Rutgers aggregation has played and he is regarded as the best halfback in the lightweight circles.

Student Coaches Lenzi and Wronski feel that the Villanova team has the power and will show all they have and overcome their scoreless jinx which has been dogging them all season.

Maybe, the incentive of a turkey dinner to work for, the Wildcats will work up an appetite and tear the Jerseymen to shreads.

Paul, Temple Quarterback, Is Spilled by O'Donnell as He Returns a Villanova Punt



Courtesy Public Ledger

The above photo shows George Paul, substitute Temple signal caller, performing a handspring after being hit by Tom O'Donnell, Villanova end. After three plays Temple had to kick and Villanova scored shortly after. Michaels, No. 13, has just spilled Testa, and Cavanaugh, No. 4, and Nowe, No. 37, are seen coming into the play. The above photo is a ... te of the hard playing that was employed by both teams in the game. The play came about as a runback of a Villanova punt by Paul who made 18 yards on the return. The photo was taken during the annual Villanova-Temple classic played last Saturday at Temple Stadium. The game was won by Villanova by the score of 24-0.

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

The Way of the World

Laugh and the world laughs with you;
Weep, and you weep alone;
For this brave old world must borrow its mirth,
It has troubles enough of its own.
Sing, and the hills will answer;
Sigh—it is lost on the air!
The echoes bound to a joyful sound,
But shrink from voicing care.

Rejoice, and men will seek you;
Grieve, and they will turn and go;
They want full measure of all your pleasure,
But they do not want your woe.
Be glad, and your friends are many,
Be sad, and you lose them all;
There are none to decline your nectar wine,
But alone you must drink life's gall.

Fast, and your halls are crowded;
Fast, and the world goes by;
Succeed and give, and it helps you to live;
But no man can help you die!
There is room in the halls of pleasure
For a long and lordly train,
But one by one we must file on
Through the narrow aisle of pain.

SCIENTIST.

Careful?

Ed Burns: "I'm collecting for the poor; what do you do with your old clothes?"

Johnny Pickel: "I hang them up carefully in the evening and put them on again in the morning."

Read 'Em and Weep

Bill McGraw: "My roommate is without question the laziest man on the campus."

Tom McFeeley: "How come?"

Bill: "Why, he has his prayers typewritten and pasted on the wall, and when he goes to bed at night (if he does), he points to them and merely says, 'There they are, Lord read 'em.'"

Do a Good Turn Daily

John Doe heard his boss say that anyone who injured a dumb animal would be put in jail.

So John Doe thought this was a good idea.

So one day he saw a man kick a dog in the face.

So John Doe walked up to the man and said, "Friend, you shouldn't do that."

So the man said, "What's it to you?" and hit John Doe in the eye.

So John Doe got a black eye, and when he went home, his wife said, "Aha! drinking again?"

So John Doe got another black eye.

So John Doe went out the next morning and saw a dog trying to get a piece of bread out of a garbage can.

So John Doe pushed the can over so the dog could get it. So the policeman walked over to John Doe and said, "So, buddy, I caught you in the act. Dumping garbage on the street."

So John Doe got put in jail and had to pay a $10 fine.

So John Doe went up town and bought a parrot.

So, what?

GAMECOCK.

Football (Feminine Viewpoint)

I don't know what it's all about—
At the game I'm in a daze,
I never know when to scream and shout,
And I'm ignorant of all the plays.
To see the big brutes scramble after a ball
To me is an awful bore;
Yet I always look as though I know it all
When I don't even know the score.
Whether Yale beats Harvard, or Harvard beats Yale
Makes little difference to me.
That my feet are cold and my lips are pale,
Seems much more of a reality.
In short, I'm not a rah-rah college girl,
And I never get excited.
But you'll never see me refuse a game
Whenever I get invited.

TATLER.

Proof Enough

Jack Hoey (in the market for blazers): "You are certain that this is the very latest material?"

Salesman: "The very latest, Mr. Hoey, the very latest."

Jack (holding the material up to the light): "And it won't fade?"

Salesman: "Positivil not. why, it's been in our display window there for six months and hasn't changed a bit."

SMILER.

INTRAMURAL LEAGUE BASKETBALL SEASON TO OPEN DEC. 4TH

Schedule Drawn Up as Each Hall Is Represented; Two Day-Hop Teams

RULES ARE FORMULATED

The Intramural basketball season will open on Dec. 4, immediately after the close of the touch football campaign. The circuit will consist of the four halls on the campus as in touch football, but in place of one team representing the Day Hops, the Train and Trolley boys will be divided into two sections, one group comprising the students in the Business School and the other, all those that have their classes in Mendel Hall.

The rules and the schedule follow:

1. Any student who is in good standing with the College Authorities may participate in this league with the following exceptions:
   A. Any man who has won a Varsity letter in basketball may not participate.
   B. No one may participate in Varsity, J. V., or Frosh basketball concurrently.
   C. A person who has played in any regular scheduled game, or fraction thereof, with any of the above teams, can not participate in Intramural basketball during the same season.
2. Any team that forfeits two games without sufficient cause will be dropped from the schedule and their remaining games declared as no contest.
3. The officials for each game will be chosen by the Intramural Chairman in conjunction with the Varsity basketball coach.
4. An official's decision can not be protested against, unless such a decision involves a misinterpretation or misapplication of the rules or both.
5. Causes of a forfeit may be anyone or all of the following:
   A. By not having five men on the floor at the time of the game.
   B. By not having their team scorer or manager on the floor at the time of the game.
   C. By not reporting properly equipped for play. (The only essential equipment is a pair of gym shoes.)
6. All protests must be filed to the Chairman of the committee within twelve hours after the game is completed; and the officials and the opponents' captain must be notified of the protest immediately after the protested play has occurred.

Day Students (Mendel) vs. Mendel, Dec. 6; Fedigan, Dec. 8; Austin, Dec. 13; Alumni, Dec. 15; Day Students (C. & F.), Dec. 19.

Austin Hall vs. Fedigan, Dec. 5; Day Students (C&F), Dec. 7; Mendel, Dec. 8; Day Students (Mendel), Dec. 13; Alumni, Dec. 19.

Fedigan Hall vs. Austin, Dec. 5; Day Students (Mendel), Dec. 7; Alumni, Dec. 8; Day Students (C&F), Dec. 11; Mendel, Dec. 15.

Day Students (C&F) vs. Alumni, Dec. 4; Austin, Dec. 7; Fedigan, Dec. 11; Mendel, Dec. 14; Day Students (Mendel), Dec. 19.

Alumni Hall vs. Day Students (C&F), Dec. 4; Mendel, Dec. 5; Fedigan, Dec. 8; Day Students (Mendel), Dec. 15; Austin, Dec. 19.

Mendel Hall vs. Alumni, Dec. 5; Day Students (Mendel), Dec. 6; Austin, Dec. 8; Day Students (C&F), Dec. 14; Fedigan, Dec. 15.

Dance Will Follow Rutgers Encounter

Continued From Page One

announced, following a student vote, that a Thanksgiving vacation would be denied the students, and that the Christmas vacation would be proportionately lengthened. The members of the club had decided to hold the dance at this time only because of the fact that it was during the Thanksgiving vacation, and as this way it would be possible for many of the student body to attend. However, the club feels that since the Rutgers-Villanova football game is to be played the day of the dance, it will serve as a very strong attraction, and the change in the school calendar will have very little effect, if any, upon the financial success of the affair.

Alumni Pledge Support

The lance committee has received word that the dance will receive the full-fledged supp of the New Jersey members of the New York Alumni Club. The alumni at their last meeting were considering the feasibility of holding a dance, but when they heard about the Thanksgiving affair they decided they would postpone their plans.

The entire varsity football team has been invited to attend the function by the club. This invitation is in keeping with a traditional custom. The committee, in charge of the dance, includes Raymond Harter, chairman; Harold McGrath, Rafael Martinez-Alvarez, Joseph McKenna, Joseph Carroll, Robert Burke and John Butler.

Local Delegation Assigned Canada

Continued From Page One

It was originally intended to stimulate interest in foreign affairs among college students. Each school participating in the program is usually given the opportunity to hold the conclave in its respective school.

Other colleges participating in the Model Assembly and the countries they have been chosen to represent are Barnard, Spain; Bucknell, Denmark; Elmira, Czechoslavia; Hayerford, Italy; Hobart, Jugoslavia; Lafayette, Bulgaria; Lehigh, Austria; New York University (Washington Square), Norway, Switzerland; Rutgers, Poland; Skidmore, Iraq; Syracuse, France; Temple, Lithuania; Union, Hungary; University of Rochestgr, Turkey, and Wilson, Belgium.

College Represented

Villanova College and the American Catholic Historical Society, Committee on Historical Research, was represented at the Sesqui-Centennial Commemoration of the Signing of the Treaty of Paris of 1783, at the Catholic University of America, in Washington, D. C., yesterday, by Very Rev. Edward V. Stanford, O. S. A., LL. D., president of the college.

AERO SOCIETY HAS EXTENSIVE PLANS

Airport Manager Scheduled to Address Group at Meeting

TO HOLD MONTHLY PARLEY

The Aeronautical Society, the newly formed organization on the campus of Villanova College, held its regular meeting last Thursday. At the first official meeting plans for the year were announced by the president, William Hamill.

The most important announcement made was that the society plans to hold a series of formal meetings on the first Thursday evening of each month. At this meeting John Rogers, manager of the United States Approved Repair Station No. 161, at the Flying Dutchman Airport, Somerton, Pa., will instruct the members present on the aero-dynamics of the modern airplane. AUSTIN VICTORIOUS OVER MENDEL HALL

Austinites Score in Closing Minutes to Nose Out Frosh Rivals

REDINGTON OUTSTANDING

Austin Hall finished its tough football season Sunday afternoon with a breath-taking 10-9 victory over Mendel Hall in the most exciting and hard-fought game of the season thus far. This victory gives Austin a final total of thirteen points and a lead of three over Alumni Hall, their nearest rivals, but in no way insures the coveted championship for them, as Alumni has two more games to play and if they come through with a pair of victories will sneak under the wire with a lead of one very small but valuable point. And the odds on taking these final two games are with them as their opponent in both is lowly Fedigan, the team that has been fighting with the equally lowly Day Hops to keep out of the cellar all season. All in all, the fight is coming down the home stretch with the final week coming up, and surely the tight finish is gratifying to the authorities of the league.

The Austin-Mendel affair was played at the stadium, and though the boys did not have thousands cheering them on, they played a game that rivalled the never-to-be forgotten Bucknell fracas of a few weeks ago. Mendel kicked off and Connor returned the oval to the thirty-yard stripe and the epic struggle had begun. Austin started a pass attack immeditaely and carried the ball to the opponents thirty before they were forced to kick. Connor handled this assignment very well and punted out of bounds on the Frosh three-yard stripe. From this point on through the first quarter Mendel was forced to get off desperate punts in order to keep their opponents from crossing the last wide stripe. Time and time again Austin had the ball inside the twenty yard line and were unable to put it across. But Mendel finally weakened under the strain of playing under their own goal posts and Austin drew first blood as Sweeney was trapped behind his own goal line and Austin had earned a safety. Austin 2, Mendel 0. The quarter ended with Austin still holding this slight advantage.

Mendel had the advantage throughout the second period and undoubtedly would have scored had not penalties slowed them up, usually when they were in scoring position. The half ended and the boys sat down and talked things over.

The fire works started shortly after the second half opened. Austin kicked off to Mendel and the Frosh ran back to the opponents forty. The second play brought a piece of aerial work that would have done justice to Detroit's team. Sweeney went back, ran out toward left end and whirled and threw a lateral to Donovan, rotund Frosh. The latter then stepped daintily around, eluding charging linemen, and threw a pass to Chapple who was running diagonally across the field. The latter waited until he was about to be caught and then threw a lateral to Artie Carleton, who scampered across the goal line to give Mendel the lead. Joe Walmeyer drop-kicked the extra point. Mendel 7, Austin 2.

Mendel kicked off and Austin could run the ball back no further than to their twenty yard line. Donovan blocked Clavin's kick and the latter recovered, but only after he had pursued the pigskin into the endzone. He was tagged and the second safety of the struggle was recorded. Mendel 9, Austin 2.

At the beginning of the fourth-quarter Austin started a pass offense and came into scoring territory, but Clavin's pass to McCrory was grounded over the goal line. The fourth period was filled with thrilling football and worked up the boys for an inspiring finish. With three minutes to play, the ball was on Mendel's one-foot line in their own possession. Here the fighting Frosh pulled a tactical error. They intentionally grounded the ball across the line for a safety. Mendel 9, Austin 4.

Mendel free kicked from their twenty and Austin ran back to midfield, Clavin's pass to Reddington was good for twenty-five yards and on the next play Clavin threw a long pass into the end zone for the winning touchdown. Connors' placement kick for the point was blocked.

Their was scarcely time left for a kickoff and the game ended with the heart-breaking score of 10-9.

Lafayette Tramples Antony's Ramblers

Continued From Page Five

Easonites immediately presenting a strong running attack that carried the ball down to the 33-yard marker of the Ramblers. Rusk then broke off tackle for a touchdown, although he appeared to be stopped no less than five times by the little Villanovans. He continued on his way, however, and crossed the last marker unmolested. The extra point was blocked.

During the second quarter the Lightweights fought back with the best spirit that they have presented this year. Rodgers threw bullet-like passes that caught the Easton boys completely off guard, but the receiver failed to make any appreciable gain. At one time during the second quarter, the 'Cats rested off four first downs in succession, that brought the oval deep into Lafayette territory. But a fumble by a Villanova back marred their chances o' evening the count.

The second half was almost a replica of the first, with the ball seeing plenty of action, journeying from one team's portion of the playing field to the other's, but neither team could muster enough power at one time to push it across. Murphy, stellar halfback for the Ramblers, made 30 yards in four plays, but again a fumble proved costly to the Midgets, and the last scoring opportunity that presented itself in the game for the Wildcats was gone.

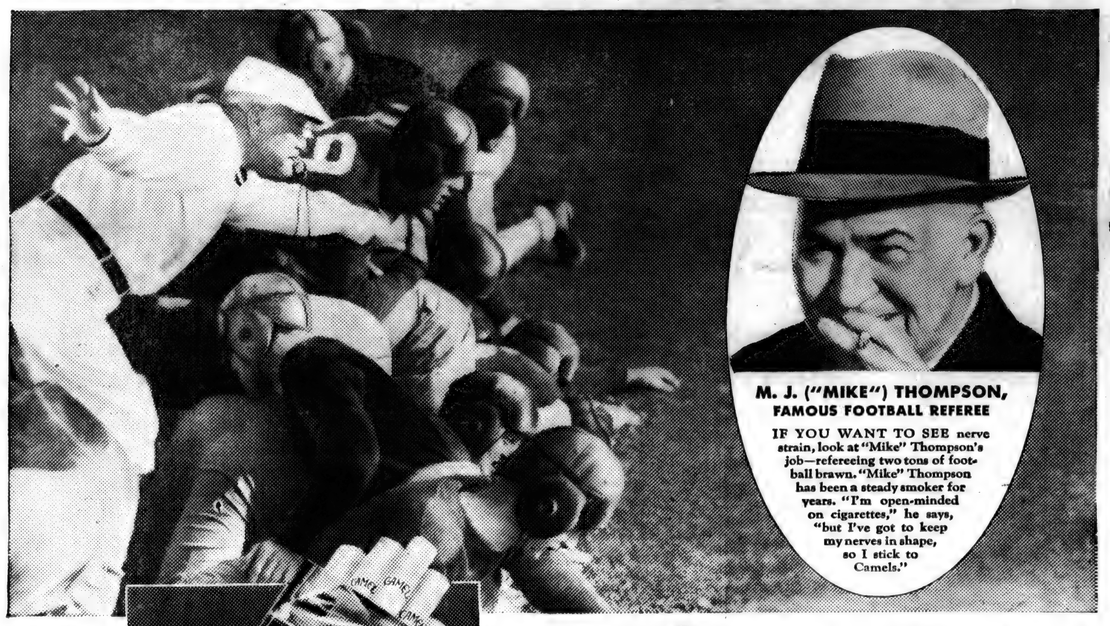
IT TAKES HEALTHY NERVES TO BE A FOOTBALL REFEREE



M. J. ("MIKE") THOMPSON, FAMOUS FOOTBALL REFEREE

IF YOU WANT TO SEE nerve strain, look at "Mike" Thompson's job—refereeing two tons of football brawn. "Mike" Thompson has been a steady smoker for years. "I'm open-minded on cigarettes," he says, "but I've got to keep my nerves in shape, so I stick to Camels."

A MATCHLESS BLEND

IT IS MORE FUN TO KNOW
Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Steady Smokers turn to Camels

M. J. ("Mike") Thompson, football's most famous referee, has to keep his nerves healthy. He says:

"Because nothing can be allowed to interfere with healthy nerves I smoke Camels. I have tried them all—given *every* popular brand a chance to show what it can offer. Camels don't upset my nerves even when I smoke constantly. And the longer I smoke them, the more I come to appreciate their mildness and rich flavor."

Many smokers who have changed to Camels report that their nerves are no longer irritable..."jumpy." Switch to Camels yourself. You will find that Camels do not jangle your nerves—or tire your taste.

CAMEL'S COSTLIER TOBACCOS

NEVER GET ON YOUR NERVES... NEVER TIRE YOUR TASTE

TEMPLE ENCOUNTER TOMORROW TO OPEN SCHEDULE FOR BETA GAMMA DEBATERS

Contest Marks Formal Opening of Newly-Formed Philadelphia Intercollegiate Debating League, of Which Both Teams Are Members

SOCIETY'S SIXTH SEASON

Debate to Be Home-and-Home Contest, Affirmative Speaking Away

A home-and-home debate with Temple University tomorrow night will open the sixth season of the Beta Gamma Debating Chapter of the Villanova Literary Society. It will also mark the formal opening of the newly formed Philadelphia Intercollegiate Debating League, of which Villanova and Temple are both members.

The question that will be discussed with Temple is, "Resolved: That the Recognition of Soviet Russia was for the best economic interests of the United States." The Beta Gamma will defend the affirmative side of the question at Temple and the negative side at Villanova.

The debate here at Villanova will take place in the amphitheatre in Mendel Hall and will commence at 8.30 P. M.

Zell Is Chairman

Villanova's affirmative team will be composed of Roberts Bouson, John Lyons and Paetrus Banmiller, while Francis Bigley, Louis Marcote and Martin Donnelly will make up the negative team. William F. Zell, president of the Literary Society, will preside as chairman at Villanova.

The first two speakers on each team will be allowed ten minutes for their constructive speeches, while the third speaker will be granted 12 minutes. After a short intermission there will be a rebuttal by each of the debaters.

La Salle to Furnish Judges

In accordance with the terms stipulated in the constitution of the league, the judges for the debates are to be furnished by a neutral institution. In this case they will be supplied by La Salle College.

The Beta Gamma team this year gives every indication of being a very capable one. Four of the speakers who will participate in tomorrow's encounter already have had considerable forensic experience in college ranks. Banmiller, who is the most experienced man on the team, is entering upon his third year of intercollegiate debating. Donnelly has had two years on his record, while Bouson and Bigley have both had one year of previous experience.

The other colleges besides Villanova and Temple, which comprise the Philadelphia Intercollegiate Debating League are Rosemont, La Salle, Pennsylvania and Immaculata.

TEST OF APTITUDE GIVEN TO PRE-MEDS

Exam Is Supervised Annually by Association of Medical Colleges

REQUIRED FOR ENTRANCE

Students of the Science School were given the medical aptitude test last Wednesday as partial fulfillment of the requirements for entrance to Medical School.

Annually, a test of similar nature is supervised by the Association of the American Medical Colleges as a prescribed admission requirement by all class A medical schools. Students in more than 600 colleges in the country are presented this test to be taken at the same time and date in all schools.

There were about 70 pre-medical students who took the exam on December 6. The majority of these were Seniors. It was required that each student submit one dollar in exchange for the test. This assessment was exacted from every student as a means of defraying the expenses incurred in giving the test.

Indicates Student's Ability

The result of the test is accepted as being indicative of the student's ability to assimilate and comprehend the necessary professional knowledge. Being similar to previous examinations, excepting the absence of a part which heretofore demanded outright pre-medical information in answer to direct ques-

COMMITTEE APPOINTED

Seven Men Selected to Investigate Junior Class Blazers

Seven students were selected at a meeting of the Junior class, last Thursday, to comprise the Junior Blazer Committee for this year. They are Michael Clavin, chairman; Steven Sylvestor, Vincent Totin, Marcus Fath, William Morris, Charles Thiede and Thomas Fitzpatrick. The selections were made by John Hoey, president of the Junior class.

Other business attended to at the meeting included a discussion of the class rings and the presentation by Edmund Piszczek, chairman of the committee, of a drawing of the ring.

Quarterly Infirmary Report Shows Large Group of Patients Treated

A report recently made by Rev. Charles P. Brown, O. S. A., and submitted to the VILLANOVAN for publication revealed that during the first quarter of the college year 609 patients—students, members of the faculty, and employes—have been given medical treatment at the college infirmary. Nine of these patients were confined to bed in the infirmary. A total of 153 meals were served during the period of 52 days.

According to the report, 129 students were treated for colds, and a like number received treatment for external injuries. A large number were treated for muscular strains, totaling 71 patients; 46 suffered with stomach and intestinal disorders; 36 had sore throats; 24 were treated for lacerations; 23 had some sort of skin infection, and 22 had eye ailments.

Other cases included ring-worm, dental trouble, ear ailments, boils, blisters, headaches, fractures, vaccination, and nasal trouble. There was one case of tonsillectomy.

From the total treated 92 were students of the Arts School, 118 of the School of Technology, 154 of the School of Commerce and Finance, 201 of the School of Science, 27 were members of the faculty and 17 were college employes.

As the report shows, the pre-medical students out-numbered all the rest of the students in receiving treatment.

The infirmary is under the guidance of Fr. Brown, has a registered nurse on duty at all times, and is visited by a physician every afternoon. William Brogan is the male nurse and Dr. Alexander Evans, who for a long time has been the campus physician and who is a graduate of Villanova College, gives the medical attention.

Individual Photographs Will Be Taken Tomorrow

Two Philadelphia firms, which held the contracts last year for printing and engraving materials in the Belle Air, Senior class annual publication, have again been named to aid the 1934 staff, according to John Corkill, editor. They are the Clark Printing House and the Lotz Engraving Company.

Tomorrow, representatives of the Zamsky Studios will start to photograph members of the Senior and Junior classes.

The customary fee of two dollars, which includes one framed portrait for permanent keeping, may be paid to William McCarthy, photographic editor, 216 Fedigan Hall, or in the reception room of Mendel Hall where the photographs will be taken.

EVENING MEETINGS ADOPTED BY CLUB

Service Manager of Flying Dutchman Airport Gives Lecture to Members

JOHN RODGERS IS SPEAKER

The first of a series of formal evening meetings of the Aeronautical Society was held last Wednesday evening at which time John Rodgers, service manager of the Flying Dutchman Airport, Somerton, addressed the members present.

The main topic of interest at this meeting was the explanation of the structure and elements of the wing curve or air foil. Mr. Rodgers also showed how the wing was a direct consequence of the theory of gases by Brunellis. Various types of wings were demonstrated to the members and the latter part of the meeting was devoted to open discussion. During this discussion many points, which heretofore were not clear to the members, were explained.

Graduate of Drexel

The society was very fortunate in having Mr. Rodgers to aid them, as he is a graduate engineer from Drexel Institute and is engaged in various activities dealing with aeronautics. He has been an instructor in various high schools and civic organizations, and at the present time is engaged in preparing an extensive aeronautical exhibit for Franklin Institute. C. Townsend Ludington, owner of the Central Airport in Camden, N. J., is helping him.

Mr. Rodgers, who was secured through the efforts of the president of the organization, William Hamill, was very well pleased with the attendance and expressed his desire that the interest which has been shown will not only continue but will increase as time goes on.

DATE OF DANCE IS SET

Favors Will Be in Form of Combined Compact and Card Case

Plans for the 11th annual dance to be given by the Wilkes-Barre Club of Villanova College are rapidly nearing completion. This year's dance will be held on Christmas night in the Hotel Sterling in Wilkes-Barre, Pa.

An innovation that will be present in the affair this year calls for the hop to be given in cabaret style. Kearney's Society Orchestra, a well-known musical organization, will supply the tunes for the dancing which will continue from 9 P. M. until 1 A. M.

The committee in charge is expending every effort to make the dance the most successful of the long series of affairs given by this active organization. The favors, which are sure to meet with the approval of the feminine members of the attendance, will be in the form of a vanity compact with powder and mirror with a compartment for cards and tickets. On the front of the souvenir will appear the seal of the college.

PHILADELPHIA ALUMNI ASSOCIATION TO HONOR GRIDMEN THURSDAY NIGHT

Eleventh Annual Banquet in Hotel Adelphia Marks Final Bow of Students and Grads to Departing Lettermen; Hon. Charles D. McAvoy Is Toastmaster

VIENNA CHOIR BOYS WILL GIVE CONCERT

To Take Place in Auditorium of Commerce and Finance Building Saturday Night

PRICE OF TICKETS $1.00

Saturday evening of this week, the auditorium of the School of Commerce and Finance will be the scene of a concert presented at 8.15 o'clock by the Vienna Choir Boys or Weiner Saegenknaben, as they are officially known in their native country.

The choir consisting of 24 boys while on tour and 40 while in Vienna, was founded in 1498, by the Imperial Decree of Emperor Maximillian as an adjunct of the famous Court Orchestra in Vienna.

From the time the choir was first started until the World War, the singing school was supported by the Crown of Austria, but with the downfall of that government it faced great financial difficulties. Through the efforts of the present dean, Fr. Schmitt, the organization has survived.

Range From 8 to 15 Years

These boys, whose ages range from 8 to 15, are recruited from the working classes and must pass strict examinations as to their scholastic and musical abilities before they are permitted to enter the school.

The press comments which precede them tell of their "irresistible charm," "tone of the choir is one of rare beauty," "sensational," "fascinating," and "audience wildly enthusiastic."

Their repertoire includes many charming operas, church choruses, national choruses and Christmas songs. The opening of the program is given over to the singing of sacred songs, which include: "In Adventu Canite tuba in Sion," "In Hebdomada Sacanta: Adoremus Te," "In Festo Ascensionis: O Rex Gloriae." Then follows a comic opera by Jean J. Offengach "Wedding by Latern-Light."

The program is concluded by the singing of secular songs: "Stehet Auf," "Wiengenlied," "Nun Will Der Lenz Uns Gruessen," and "Bruederlein and Schwesterlein."

Tickets for the recital are on

SMITH TO RECEIVE AWARD

Prominent Scribes and Grid Coaches Will Also Address Group

An event that has now become a tradition to alumni and sport-loving residents of the Quaker City will have its 11th annual session when the Philadelphia club of the Villanova Alumni Association entertains the members of this year's team at its football dinner in the Hotel Adelphia on Thursday evening, December 14, at 7 P. M.

It will be the final chance for the alumni, students and friends of the college to honor as a team, the men who, by their performance on the gridiron this year, have brought so much glory to Villanova.

Large Attendance Expected

That a great many alumni will be present is certain. Their attendance at past football banquets precludes any doubt in this regard. While the support the student body has given the team has been admirable, their representation at past dinners has been negligible. It is hoped that this will not be the case on Thursday night, as it is the undergraduates who benefit most by the good showing of their team.

The toastmaster will be the Hon. Charles D. McAvoy. Mr. McAvoy, who is the recipient of three degrees from Villanova, an A. B. in 1898, M. A., 1901, and an honorary L. L. D., in 1919, is at the present time United States Attorney for the Eastern District of Pennsylvania. He was appointed to this post by President Roosevelt on September 13 of this year.

Interested in Politics

Mr. McAvoy held the same position under President Wilson, and is believed to be the only man ever so honored by two Presidents. He has long been prominent in Democratic politics in Pennsylvania and is the Democratic leader of Montgomery County.

One of the principle alumni speakers will be J. Stanley Smith, '93, recently named to the Board of Trustees of the college. Mr. Smith is to be honored on this occasion by being the second recipient of the football award. This award, which is annually given to the alumnus who is outstanding in his chosen field during the year, was received last year by Charles A. McGeehan, late professor of electrical engineering.

Besides Villanova's own coaches,

Engineering Magazine Will Appear Embodying the Modernistic Motif

The December issue of the Villanova Engineer will appear on the campus the latter part of this week with a novel cover embodying the modernistic motif and emphasizing the various phases of engineering at Villanova.

In addition to the usual campus news, collegiate news and editorials, this issue, which in the opinion of the editor-in-chief and his staff represents the climax of their efforts thus far, includes many human interest and expository articles.

One of the attractions to be found in this issue will be a personal interview with Edward R. Armstrong, of Hoiyoke, Del., inventor of the famous Armstrong "seadrome," which recently claimed the attention of Government officials. Mr. Armstrong's plan appears feasible and if Government experimentation is satisfactory, the United States will appropriate $20,000,000 to construct five such dromes between Europe and America at 500-mile intervals. The interview was conducted by John M. Strong, '35.

Another article which is sure to prove of interest is "Quarts—A Source of Constant Radio Frequency," by Prof. Harry S. Bueche, new head of the electricity department. This is a discussion concerning the necessary precautions for obtaining favorable radio receptions. William F. Hamill, '36, offers "Scenic Splendor in Engineering," which adequately repudiates the idea that all engineering projects are cold, barren and lifeless objects. "The Engineer Versus Nature," by Thomas Darmody, '35, is an interesting description of the Osage Hydro-Electric Dam in Missouri. The old reliable "Tooth Gnasher" visits the Temple-Villanova game and the Victory dance with his newest and latest invention, which is a human mind-reader. The "Gnasher's" humorous account of his vagaries rounds out this month's issue of the Engineer.

INTERCOLLEGIATE DEBATING

ONCE MORE Villanova and Temple are brought together in competition. The occasion this time, however, is not athletics. It is intercollegiate debating. The contest, which will be held tomorrow evening, will mark the opening of the sixth consecutive year of intercollegiate debating at Villanova. When the Beta Gamma debaters first organized, it was on a small and humble basis. But from that meager beginning they have advanced in leaps and bounds. Each year new and more representative institutions were added to the schedule. By the time last season closed practically all the major colleges and universities in the East had been met. This year still another step was taken when the Beta Gamma joined the Philadelphia Intercollegiate Debating League. The record of Villanova debating victories in the past would certainly be a credit to any organization. The prospects for a continuation of these conquests appear encouragingly bright. Merely winning contests, however, is not all there is to intercollegiate debating. Practical and valuable benefits accrue through it to both the debaters and the audience. From the debater's point of view experience is obtained in logically gathering arguments and in presenting them before a public audience. The listeners, on the other hand, have the opportunity of hearing a balanced handling of the most outstanding topics of current discussion.

ARE YOU INSURED?

ANNUALLY, it is customary for the members of the graduating class to take out an insurance policy. In the near future each member of the senior class will be interviewed personally in this regard. Upon being approached with the term insurance a great many students are likely to turn away from what they consider to be an unnecessary evil. Some members of the senior class have been acquainted and are familiar with the value of personal insurance in particular. Insurance is no more than an accumulative protection against future contingencies. It is similar to a bank account except for its more valuable and advantageous returns. Senior students are not compelled to buy policies. The occasion is offered as an opportunity for the student voluntarily to safeguard himself. Besides the personal element the student can be of assistance to his Alma Mater, whose name is included in the policy and receives part consideration at its expiration. Let us not be selfish in our consideration of this matter. In later years we shall be happy that we have had some small hand in assisting the college to which we shall then attach dear memories.

YOU OUGHT TO KNOW

WELL rested after a week of grace, fingers not too well manicured, are turned once more to the business of making a typewriter punch out letters to form words in order to make sentences, some sensible, others characteristic of this column. Since last I endeavored to set forth the current events of the week many things, as the Bible is wont to say in its very best Biblical manner, have come to pass. A successful football season has terminated, and a new captain in the person of Bill Grimberg has been duly elected. The college has been adopted by a stray dog presumably a Heinz (57 varieties). Prohibition's requiem has been sung to the tune of "set them up again, Mike." Intra-mural basketball season has begun. Quarterly marks have been given out. And with that resume of last week's happenings I continue in favor of the present.

"Many a true word is spoken in jest!" is an adage that doesn't hold good for this column. If this column has been misinterpreted to give the impression that a well known campus figure has a swellhead, then it is time that it rectifies this misunderstanding. This column speaks derogatively of no one. Its quips are given for the sake of a laugh, and no harm meant.

We understand that two new clubs are in formation here on the campus. One is to be known as the Bald-Head Club and such names as Bill Gough, Geo. Covallo, Joe Dunnigan and Joe Caulfield will stand out in bold relief on the membership roll. The other, to be called the Wayne Club, will number such prominent members as Paul Loughlin, Bill O'Prey and Joe Costigan. It is expected that the membership lists of these two clubs will swell and include many of the campus "who's who."

Junior economic class observed, and rather amusingly, how often the first letter of the alphabet is used in sporadic recitation at the end of words. How funny this tacking of the letter 'a' to words appeared! Before this fault common to most students was pointed out by Fr. Bartley it went unnoticed, but thereafter unfortunate was he who gave his answers in the-a, this-a and that-a fashion. That's the way life is though. Who would have thought to laugh at the farmer who removed his boots at the round table from which he ate his square meals until some writer of etiquette exposed this little comfort seeking act as not being strictly in accord with Hoyle?

It comes to this column a little late perhaps, but, as the saying goes, "better late than never," that Charlie McGee, after a much publicised extra-point he made, commented upon this publicity in a not disdainful manner. Charlie, as far as we can gather, said, "I don't care what they say about me as long as they keep me in the public eye." This, we should say, smacks very much of Mae West Philosophy.

COLLEGIATE NEWSREEL

WHAT PRICE glory! And how much do you want to pay for it? That's what Ralph Metcalf, American sprint star, was wondering when he received from abroad a $200 trophy he had won at Dusseldorf, Germany, last summer. The award had been too cumbersome to carry home so the officials of the meet agreed to send it to him. Upon its arrival he found a little tag attached to it, reading: "Upon payment of $19 in duty the trophy is yours. Yours for bigger and better trophies. Uncle Sam."

* * *

An enterprising student at Carnegie Tech has discovered that the student who gets the least sleep before the season's opening game is not the grid team's captain, nor the soph quarterback in his first game, nor even the coach, but the drum major of the college band. Now that the season is over, Joe McKenna will still be able to keep up his reputation, juding by the strength of the feminine tide that surges after him!

* * *

A bored chemistry student was much surprised to find out the other day that "Baron atoms and neutrons result when alpha particles strike lithium atoms." All of which may be interesting, but most of us would rather hear Baron Munchausen collide with himself in front of the microphone every week. When the Baron heard, several weeks ago, that 5% beer was on the way, his only comment was: "The schooner, the better!"

* * *

According to the Student Prinz, of the Mississippi State Teachers College, there is a 12th position on the football team at Ohio State University. The addition has the title of "Humorist." His job is to keep the team in a happy frame of mind and to prevent them from becoming nervous before a big game. He wears a uniform at practice and sits on the bench during the games. At the end of the season he receives a varsity letter with the rest of the team.

* * *

We thought we knew that football was a pretty old game, but we were somewhat disnonchalanted to find out that its origin has been traced back to the Greeks, the Eskimos, the Polyponesians and possibly the Paw-Paw Indians.

* * *

The only college newsreel theatre in the United States has begun its second year at the University of Minnesota, its admission charge being five cents.

* * *

What do you do? Exactly one-half of the members of the Marquette University football squad read the sport page before they turn to any other part of the daily paper. One-fourth glance at the headlines first; a few find the comic strips as the first interest, and a solitary one enjoys the editorials. At least we know the first thing "Toby" Cavanaugh looks for—the cross-word puzzle!

* * *

Deans, of the University of Minnesota, acting as chefs and waiters, were at the beck and call of first-year men at the second annual bean feed in the Minnesota Union.

The Salt-Shaker

THE GOOD OL' INWARD CHUCKLE

THE PERPETUAL grin is usually slightly inane. The perennial smile is often vacant. The nervous giggle is always foolish. But the inward chuckle—it's the most sensible thing in the world.

Sense of humor—reams of ramblings have been written about it—has had a place in the mental meanderings of psychologists of all ages. It has made men great. It has kept men humble. It has produced the clowns of every generation—those blessed people who help mankind retain its sanity. It has tempered the minds of the greatest thinkers of every era—those intellectual giants who drive mankind upward to its destiny. It is the funniest thing men own. It's a most serious thing to try to acquire.

Almost every situation has its funny side. Lucky the fellow who can see it quickly and enjoy it. There are so many things in this world of ours that get under one's skin! To say "Laugh it off!" sounds bromidic, sometimes. And yet faith in God and a sense of humor have carried some men through ordeals that have driven others to despair. Things tighten up on us, and we let them. A crisis comes—or worse, we collect all our little troubles together and magnify them into a crisis—then we recklessly blow up and "shoot the works" in an angry tirade, a hysterical upheaval of long-stifled emotions or a thundering denunciation of everybody and everything which created our little crisis. Afterwards, of course, remorse, self-accusation, repentance, etc., etc.

But the inward chuckle—it's the saving grace for all occasions. The fellow with a raucous laugh must muzzle it most of the time. The fellow with a gleeful little chortle can't loose it anywhere and everywhere. But the fellow who harbors in the depths of his being a real inward chuckle can enjoy himself in almost any combination of circumstances.

He has every situation well in hand. He is a superior being. Pompous individuals, for instance, irritate most men. They give him a laugh. Suavely smiling I'm-for-you-old-pal acquaintances who hide hypocrisy with graceful phrases provoke in most men the assault-and-battery urge. In him they provoke a gargantuan laughter at the folly of guile. Bluffers of all kinds, four-flushers of every hue, and I've-got-the-dope-on-the-whole-thing boys of every description place most men in a belligerent frame of mind immediately. He enjoys them. They make him chuckle.

The greatest saints in the Church's calendar had a sense of humor, and most of them had a huge chunk of it. It would seem that an omniscient Providence fitted the back to the burden by arming them against persecutions with not only an abundance of heavenly Grace, but also a very human knack of seeing the joke behind many things in this vale of tears.

It is a peculiar fact that apparently the gravest types of society have that blessing—a sense of humor. Priests have it. They couldn't survive their seminary days without it. Doctors have it. Nurses have it. Nuns have it. The long years of grinding preparation and the continual strain of their daily lives make it almost an imperative necessity. True, in religions of both sexes there is that certain "joy in the Lord" that carries them triumphantly through most nerve-shattering ordeals, but the common, or garden variety of spontaneous appreciation of the ridiculous serves for riding over many minor calamities.

The inward chuckle is worth cultivating most seriously. It comes to a fellow's aid when he needs it. And when he doesn't need it, it makes life brighter anyhow. It is truly a priceless possession.

---- Dial-Log ----

THIS WEEK we will devote our column to little flashes from here and there which we have been able to pick up in the world of radio.

Dial-log starts with news of everybody's favorite, Bing Crosby. Bing is threatened with throat complications if he undertakes the strain of five shows a day in the near future, according to his doctor, so he remains in Hollywood for a complete rest between pictures and passes up two weeks at the New York Paramount at $5000 per, plus percentage.

Hugues Panassie, French music critic who is writing a book on jazz, picked up Claude Hopkins' "Harlem Serenade" from Paris with a long wave set and cabled Hopkins for information on his orchestra.

Eighty-six stations send out that Camel Caravan on Tuesdays and Thursdays at 10 P. M. over CBS featuring Glen Gray and the Casa Loma Orchestra with Irene Taylor and the Do-Re-Mi trio. The opening program was worthy of much commendation.

Ted Weems' Orchestra with Reginald Werrenath, take the place of Vincent Lopez on that Sunday night program over WJZ at 7 o'clock.

James Melton, George Gershwin and Leo Reisman will team up and go on a tour of the country soon after Christmas.

Jacques Renard's Orchestra will be on that program with our old pals, Colonel Stoopnagle and Budd which begins on December 16.

Irving Aaronson and his band, quite famous not so long ago, soon go on the air again via a big network.

Wayne King only misses two days of the week on a half hour commercial program, Thursday and Friday. However, on Thursday, Abe Lyman does a good job with the waltzes and partly makes up for Wayne's absence.

This is really worthy of mention for those who like syncopated rhythms. Listen on Saturday evening at 8.30 over CBS with WCAU as the Philly outlet, to the program featuring Seymour Simon and his swell orchestra. The best of these programs are when he plays some of his own hit tunes.

Stanley Walker, city editor of the New York Herald-Tribune, will tell some sidelights in connection with the compilation of his book "The Night Club Era," when he is interviewed by Bill Lundell, NBC interviewer, on Friday over WJZ at 5 P. M.

JERSEY CLUB DANCE ACCLAIMED SUCCESS

Rutgers Victory Celebration Supported by Students and Alumni

MUSIC BY "FAT" WATERS

A general spirit of gay rejoicing filled the main ballroom of the Winfield Scott Hotel, Elizabeth ,N. J., on the evening of the Rutgers' football game as both students and alumni celebrated the thrilling 18-13 victory at the second annual Thanksgiving dance of the North Jersey Club.

Approximately 100 couples, representing almost every geographical location in this section of the East, attended the function. All left the dance, proclaiming it to be easily the greatest social success of the club thus far and also ranking it among the best dances held off the campus in recent years.

Seven on Committee

The committee in charge of the dance was composed of Raymond J. Harter, chairman; Harold D. McGrath, Joseph Carroll, Joseph McKenna, John Butler, Robert Burke and Joseph Arthur.

Music for the occasion was rendered by Dan "Fat" Waters, who even surpassed his performance given at the recent Sophomore Frolic. His harmonious renditions and original adaptations immediately met with the warm approval of the revelers.

Originally, it had been planned to have Dick Broome and his Commodores present their rhythms, but a last-minute misunderstanding necessitated the change. No one who attended however, was in the least disappointed in the substitution that was made.

Favors Are Attractive

The ballroom was simply but nestly decorated with college banners and pennants. The programs, which were presented to each lady, were most attractive. They were made up of black cellusuede, decorated with silver trimmings and lined with gold cellophane.

Although a number of the students were prevented from attending the dance because of the change in calendar eliminating the Thanksgiving vacation, this deficiency was made up by the large alumni representation that attended.

When the dance was completed, the orchestra leader commended the committee upon the social success of the dance, while the management of the hotel complimented them upon the orderly and gentlemanly manner in which the function was conducted.

NEW ENCYCLOPEDIA

Library Gets New Volumes Which Contain 5,500,000 Words

A new encyclopedia, the result of three years' work of 1000 leading authorities under the direction of the late Dr. Henry Suzzollo, president of Carnegie Foundation for Advancement of Teaching, has been purchased by the college library.

This encyclopedia contains 5,500,000 words and has 5000 illustrations and contains the latest facts, information and scholarly opinion available today. It is a comprehensive ready reference library, accurate and interestingly written.

This work has ten volumes and is so designed that a revision service covering a period of ten years from the present, in the form of loose leaves, will keep the encyclopedia up to date. This work is believed to be the first of its kind ever attempted in the last 30 years.

ALUMNUS ADDRESSES PRE-MEDS' SEMINAR

Purpose of Home Owners' Loan Corporation Explained by John V. Doughten

SHOWS NEW DEAL'S AID

The weekly seminar of the Science School, held last Thursday, had as its guest speaker, John V. Doughten, Esq., a graduate of Villanova College of the class of 1926.

Mr. Doughten is now an attorney of the Home-Owners' Loan Corporation located in Philadelphia. His talk was on the purpose and work of that organization. Mr. Doughten emphatically stated that the Home-Owners' Loan Corporation is a true corporation incorporated by the Federal Government, whose purpose is to refinance those homes of the needy who are unable to continue payments on them. He also stated that homes that were sold through sheriff sales in the last two years also could be refinanced and given back to their former owners.

Gives Mortgagee's Rights

Only the house in which the owner lives may be refinanced. It must also be understood that the mortgagee has the sole right to decide whether he will exchange his mortgage for that of the corporation as it is unconstitutional to force the mortage holder to trade his mortgage

The advantage to the home-owners in the holding of the mortgage by the Home-Owners' Loan Corporation is that the payment of the principal and the interest is so arranged in monthly installments that at the end of 15 years the principal and interest are paid.

In some desperate cases the corporation will permit the home-owner to pay only the interest for the first three years, and in those cases where even the interest cannot be paid, the corporation will be still more lenient, and no payments whatsoever will be accepted for the first three years.

RINGS OF JUNIOR CLASS ARE UNIQUE IN DESIGN

Will Be Delivered on December 18; Miniatures May Be Had After the Holidays

The Junior Ring Committee at a meeting of the class held last Thursday afternoon announced that the rings will make their appearance on the campus on December 18.

The new rings are unique in design and are distinctly a variation from the rings of previous classes.

Around the bezel or the border of the stone are the words "Villanova College." Between the two words is the date of the founding of the college, 1842.

On one shank of the ring near the bezel are inscribed the words, "Unitas, Veritas, Caritas," brought out convincingly by a scroll effect. Below the scroll is the date, 1935, and immediately below the date is the seal of the college. In the background is the torch of knowledge flanked by a laurel leaf symbolizing glory and an oak leaf signifying strength.

On the other shank at the top near the bezel is a scroll with the name of the student's school and beneath it is the degree. Beneath and balancing the seal on the other shank is a wildcat depicting the athletic prowess of Villanova. The torch is again in the background. Running around both edges of the shanks is a continuous chain signifying unity.

The rings are of 10 karat but may be procured in 10 or 12 pennyweight or even higher if desired. Slater rings may be secured after the holidays.

Test of Aptitude Given to Pre-Meds

FOOTBALL PLAYERS WILL BE HONORED

Continued From Page One

Harry A. Stuhldreher and his assistant, Robert P. Reagan, other members of the football coaching profession, who are to speak at the banquet, are: Ed. Hunsinger, former line coach at Villanova and now freshman coach at Fordham University; Rip Miller, of Navy; Heine Miller, of Temple University, and Elmer Layden, who ended his most successful season at Duquesne, by accepting the appointment to coach the Notre Dame team.

Newspapermen who will address the gathering are: Ross Kaufman, from the Bulletin; Ed. Pollock, Public Ledger; Stoney McLinn, Philadelphia Record; Stan Baumgartner and Eddie Walsh, Philadelphia Inquirer. Music will be furnished by the Villanovans. Charles R. Laughlin, '23, and Thomas A. Garrett, '31, are chairmen of the dinner.

Tickets are $1.75, with a special rate of $1.25 for students only. Tickets may be obtained at the college from Albert S. Wagner, alumni secretary, in room 108, Mendel, Raymond J. McKeon, publicity director, in room 120, Mendel, or from Prof. Martin L. Gill.

20 FULLY PACKED Cigarettes
No Loose Ends

Copyright, 1933, The American Tobacco Co.

WHY LUCKIES ARE SO MILD, SO SMOOTH

Open a pack of Luckies and lay the 20 cigarettes side by side. You can't tell one from another. Every Lucky is round, firm and fully packed—with choice Turkish and domestic tobaccos. And every Lucky is free from annoying loose ends. The tips are clean-cut—the tobacco doesn't spill out. That's why Luckies draw easily, burn evenly—and are always mild and smooth.

ALWAYS *the finest tobaccos*
ALWAYS *the finest workmanship*
ALWAYS *Luckies please!*

NOW that the moleskins are packed away and the practice field shows a dearth of population, we are able to look back at the football season and recall moments of triumph and happiness, intermingled with moments of despair, as a mighty Villanova football machine climbed to the heights of success or momentarily slipped into the depths of failure. The football year of 1933 has been a successful one to our way of thinking, with seven victories gracing the win side of our gridiron balance sheet, two victories in the opposite column and one tie game in between. As we look back through the various games, the contests with Bucknell and Boston College, loom as the only barriers to an undefeated record, but in the schedule of every normal team some unfortunate breaks must come. Against Boston the team failed to click. Each man was playing to the best of his ability, but the co-ordination necessary for a winning team was lacking. The only reason for this apparent failure was that the squad had three comparatively easy games preceding and rolled up 108 points while they held the opposition scoreless. These games, in our opinion, did more harm than good to the morale of the team, and as a result came the defeat at the hands of a powerful Boston outfit. The Bucknell contest was lost in the last few minutes of play, and in the minds of the spectators several persons were at fault. The team took the defeat, standing up and so did the majority of us. It was an unfortunate break, but the less said about it the better. While on the subject of the year's success, may we quote from an article that appeared last week in The Philadelphia Inquirer by the Old Sport: "Villanova finished its season in a blaze of glory by achieving three touchdowns against Rutgers, and then limiting a last-period attack of the Scarlet to a pair of touchdowns. Villanova is not in the national championship picture, but must be recognized as the outstanding team in this football sector. The Wildcats rate above Penn, Drexel, La Salle, St. Joseph's, Swarthmore and Haverford, from here to there." Perhaps, at last, the newspapers are taking us seriously as a school that is endeavoring to be recognized in the football picture and not just as institution that is content to play for small stakes.

• • •

AS EVERY sports schedule ends, valuable material is lost. This year is no exception for when the Wildcat gridiron machine takes to the field for the first time next year, eight men will be among the missing having left Villanova through graduation. Captain George "Whitey" Randour, rated by some as the best offensive halfback over to don a Wildcat uniform, has played his last game. Bill "Toby" Cavanaugh, in our opinion the cleverest thinker and best blocking backfield man we have seen so far will also be gone. Tom O'Donnell, varsity end for the past three years, played his last game in the traditional Blue and White uniform Saturday, as well as burley Vince Zizak. Ziggy, one of the best-liked men on the squad, will be missed especially by Line Coach Bob Regan. Don Marion, Charley Hurlburt, Charley McGee and Charley Brodnicki are the others who complete the list. We claim to know the value of these men who are graduating, but only the coaches appreciate their true worth.

• • •

THIS year, a new and, from all appearances, a better junior varsity basketball team, will grace the wooden way in the search of fame, both for themselves as a team and for Villanova, under the direction of Coach "Buck" McFeeley. With the captaincy being placed in the capable hands of Fechery, the team ought to be out in front in most of their games. The schedule has been released and from the names appearing on it, the team has taken quite a job on its hands. Student co-operation at the contest played last year was far from satisfactory, but if the student body could appreciate the effort being put forth by the squad, the attendance would increase to a great extent.

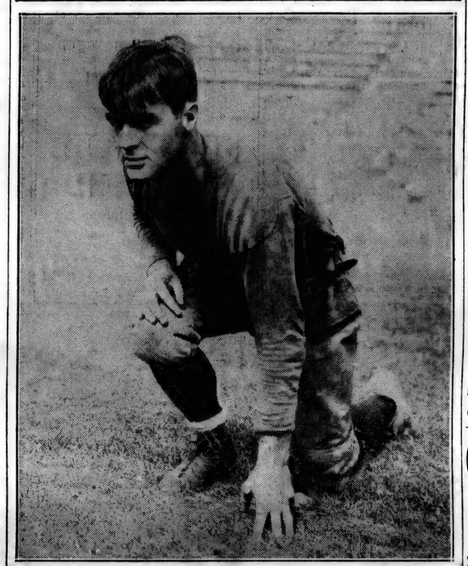
CATS SELECT "ALL-OPPONENT"

Chosen Leader of 1934 Grid Squad



Bill Grimberg, star end of the Wildcat football team for the past two seasons, who was chosen by his teammates to be their leader in the coming year. Grimberg is a junior in the School of Commerce and Finance.

Bucknell Gets Three Men On Team Named by Players

Unanimous Selection Given to Pete Stevens, of Temple, for Fullback Berth, and Tosi, of Boston College, at End

TEMPLE AND B. C. GET TWO PLACES

MEMBERS of the 1933 football team, in following a custom established several years ago, have chosen an all-opponent team from the teams met and played this year. The players named on this mythical eleven represent the outstanding men in each position in the judgment of the Villanova team.

As the two best ends encountered all year, the Wildcat squad named Pilconis, of Temple, and Tosi, of Boston College. Quite a surprise was sprung with the mention of Pilconis, for one of the outstanding features of the annual Temple-Villanova game was the bottling up of this Owl wingman.

But in the opinion of our varsity, Pilconis had all the characteristics that make a star end. Added to this is the fact that the Cats undoubtedly concentrated more on his part of the line than on any other, Tosi, on the other hand, was almost solely responsible for the defeat handed the Villanova team at Boston.

Tosi Is Versatile

Very few yards were made around his side of the line, and according to those who witnessed the contest he played the majority of the time in the Wildcat backfield. Speed, timing, courage and a wealth of football knowledge were embodied in this Eagle end, and this is the second year that he has been chosen for the all-opponent first team. Pilconis last year was named on the second squad.

Dempsey, of Bucknell, and Updike, of Rutgers, fill the two tackle positions on the mythical eleven. Dempsey, a 200-pound lineman, was outstanding against the Cats this season and accounted for nearly two out of every five tackles made in this memorable game. With so much weight it is unusual to find a lineman as fast as the Ridley Park lad, and his choice is a good one.

Updike was chosen for his all-around ability. He was a clean, hard tackler, and more than once stopped the thrusts the Wildcats made at his side of the line.

Albright Places

The guards are Karlovitch, Albright, and James, of Bucknell. The former is perhaps Albright's outstanding player, and was the star for the home team in this year's game. Rugged, yet as agile as they come, he deserves this position. James, who scintillated on the same side of the line as Dempsey, had as his running mates both the former and Farina, who was also first choice for the all-opponent team.

The center position was awarded to Farina, of Bucknell. For the past two years this pivot man has been outstanding in the annual contest staged between the Bisons and the Wildcats. Selected last season for the second team, he was really entitled to the first team position.

To Mauney, of South Carolina, goes the distinction of being the best quarterback encountered all season. A heady player, Mauney was also a first-class ball carrier. Freitas, of Boston College, and Barkus, of Manhattan occupy the halfback places.

Freitas, who really plays quarterback, was selected at this position because of his excellence at ball carrying. Barkus, in the absence of Pendergast, the big gun for the New Yorkers, carried the fight all the way against Villanova in their

GRIMBERG ELECTED 1934 GRID LEADER

28 Members of Varsity Squad Awarded Letters; Meeting Held Last Thursday

CLAVIN NAMED MANAGER

With the election of the 1934 football captain and the naming of this year's lettermen, the Villanova gridiron year officially came to an end.

To William (Bill) Grimberg went the honor of leading next season's football squad. Letters were given to 27 members of the team and to two managers. Grimberg, for the past two years has been the regular right end for the Wildcat aggregation and, in the opinion of Ed Hunsinger, former line coach, was one of the best ends he ever had the occasion to teach.

Bill hails from Williamsport, Pa., where he attended the local high school for three years before matriculating at Kingsley Prep in New Jersey. Last year he was also appointed student coach of boxing, a sport in which he is quite proficient.

Those who received letters were Captain George "Whitey" Randour, Bill Cavanaugh, Don Blanchard, Charley Brodnicki, Carroll Cook, Charley Cox, Frank Foster, John Goggin, Captain-elect Grimberg, John Higgins, John Johnson, Charley Hurlburt, Walt Korchinski, Nick Kotys, Barney Lee, Dom Marion, Charley McGee, Eddie Michaels, Charley Nowe, Tom O'Donnell, Harry Patzsch, Gerry Searight, Milan Vidnovic, Jimmy Walsh, Frank Wetzler, Joe Wiesenbaugh and Vince Zizak. Letters were also awarded to Senior Manager Johnny Hughes and Associate Manager Bill McGraw.

Science Debate

A debate on evolution will be had by the Junior class of the Science School in the near future. The topic of the debate will be, "Resolved: That the Theory of Evolution is supported by sufficient evidence to supplant the Theory of Special Creation."

The men selected for the affirmative team of the debate are Henry White, Arthur McGinnis and Joseph Medoff; the negative team will comprise Augustine Ranieri, Marcus Fath and Ralph Violetti.

Year's Record in Football Shows 7 Wins for Varsity

Victory Over Temple is 1933 Season's Bright Spot

The Villanova College football team opened its 1933 campaign on its home grounds on September 23, against the West Chester State Teachers College. The Teachers offered game opposition, but when set against the Cat's newly found power it was a feeble effort at best. The Main Liners' goal was not endangered once during the entire game, and the final whistle called a 45-0 victory. After only four minutes of play, Vince Zizac blocked a kick, which, after a wild scramble, was recorded as a safety. Then followed touchdowns by Cook, Randour, Wiesenbaugh, Wetzler, O'Donnell and Higgins, and a field goal by Cavanaugh. In the third period, Renshaw, a State halfback, received a serious knee injury that kept him out of athletic competition until two weeks ago.

Ursinus Pulled Surprise

On the following Saturday afternoon the Ursinus Bears visited Villanova and succeeded in holding the Cats to a tie. After more than two periods of somewhat lifeless play by both teams, Nick Kotys scored on a smash play from the two-yard line, late in the third period. In the early minutes of the final quarter, Calvert, an aerial expert, was substituted at fullback by Ursinus, and completed three passes out of four attempts — the last of which was caught in the end zone for a touchdown. The try for extra point was successful and the score was tied, 7 to 7.

On October 7 Villanova traveled to South Carolina and returned with a 15-6 victory. This marked the first time that an eleven from the North had ever defeated a Southern rival in a game played in that entire State. Randour scored early in the second period, and again in the third period. Michaels, playing his third varsity game at right tackle, played the entire 60 minutes. He was the outstanding defense player of the game, and in the third period he blocked a kick to score a safety. Randour, Patzsch and Wetzler were the bright lights in the Cat's offensive.

Bisons Furnished Thrills

On the following Saturday Bucknell came to town and managed to eke out a 19-17 victory. Villanova led in scoring until the last two minutes. On the fifth play of the opening period, Cavanaugh drop-kicked a field goal from the 35-yard line. On the first play of the second half, Randour broke through left tackle and ran 77 yards to score. On the third play after the ensuing kick-off the Bisons scored on a pass, Reznichak to Bean. Shortly afterward they intercepted a Villanova lateral and scored again. Villanova scored once more on a 42-yard run by Cook. At this stage of the game Villanova led 17 to 13, with less than a minute to play, and in possession of the ball on their own six-yard line. At this critical point Villanova decided to punt. The kick was blocked and was taken by Bucknell for a touchdown and victory.

In their fifth game of the season Villanova conquered Gettysburg by the score of 40-0. Patzsch scored early in the game, and shortly afterward Randour crossed for the second tally. On the first play of the second quarter Villanova recovered a fumbled punt and Wiesenbaugh tallied once in both the third and last quarters. After the final touchdown, Charlie McGee fulfilled his long-held desire when he kicked a placement for the extra point.

On Saturday, October 28, the Cats

Intra-Mural Basketball Season Inaugurated

Mendel Downed by Alumni As Fedigan Beats Austin

Galazen of Mendel, Racks Up 18 Points to Assume Scoring Lead for First Week; Germack Second With 14

BOTH DAYHOP TEAMS TASTE DEFEAT

THE INTRA-MURAL basketball circuit opened last Tuesday night at the new gymn, and Alumni and Austin, the teams that fought right down to the tape for the touch football crown, indicated that they have similar aspirations, and materials, to carry out these plans in the basketball race. They both came through in impressive fashion, Alumni over Mendel, 22-16, and Austin over Fedigan, 18-12.

The frosh from Mendel Hall put up a good fight against their larger and more experienced rivals, but could not overcome Alumni's lead of 12-2 at the half. Maximovich and Voran each contributed three field goals to their team's total of 11 and grabbed high-scoring honors for the game. Leo Schoppmeyer, with one field and three foul goals, for a total of five, and Bunny Galazen, with two twin-pointers, kept Mendel in the running.

Austin's inability to hold down one Fedigan player nearly caused their downfall but when they finally solved this perplexing problem they coasted through to victory.

Totin, Fedigan guard, garnered four goals and one foul in the first half of the game, and gave his team a lead of 11-5 at half time.

In the rest period, Austin commissioned White to take the pesky flash in the second stanza and the latter did just that and did it very well blanking his rival and managing to sneak in two baskets himself and take high scoring honors for his team. Fedigan, with Totin bottled up, could do very little and could only get one foul, and lost out 18-12.

Mendel Makes Comeback

Mendel Hall made a fine come back on Wednesday afternoon in the old gym by taking the Day Hops from Mendel Hall over the hurdles, 33-16. And this game produced the player to whom high scoring honors for the week must go. "Bunny" Galazen, Mendel center, tossed up nine field goals for 18 points, and more remarkable is the fact that this lanky frosh played less than half of the uneven tilt. It was Mendel's game all the way, the score at the half being 20-6. McNamara's six points and Welsh's eight, kept the game from being an utter rout.

Alumni copped its second victory at the expense of Fedigan, Thursday afternoon in the old gym. The final score was 45-17. Andy Germac and Frank Skaff were the ones that got the lion's share in this game, each ringing up five field goals and Johnny Higgins was not far behind with four. McGonigle, of the vanquished, had two field and three foul goals for seven and Gough had two field goals.

Austin Hall, by virtue of its two victories in the latter part of the

SCHEDULE RELEASED FOR J. V. COURTMEN

Start Season With Penn Jr. Varsity as Preliminary to Penn-Michigan Game

FEEHERY CHOSEN CAPTAIN

The Villanova junior varsity basketball team is holding daily practice under its new coach, Thomas F. McFeeley, in preparation for its opening game with the junior varsity aggregation representing the University of Pennsylvania on December 16.

Because of his excellent work on the junior varsity team last year, Bob Feehery, senior in the business school, was elected to lead this year's team.

The opening game with Penn will be played on the floor of the Palestra as a preliminary game to the Penn-Michigan fray. To date, ten games have been booked for the Wildcats' junior varsity and several others are pending.

Other Games Listed

Among the teams already engaged, besides the University of Pennsylvania, are home-and-home engagements with West Chester Teachers' J. V.'s, La Salle and Penn A. C. Single games have been listed with Hanks' Business College, and Conshohocken High School.

The first home game will be with West Chester as a preliminary to the varsity game with the same school, on the evening of December 19.

Besides the already large number of candidates who have reported to Coach McFeeley, another call has been issued. Practices are held daily at 2.30 P. M. in the new gym,

Continued on Page Seven

150-Pound Review

Lightweights Go Through Season Without Victory, But Afford Stiff Opposition for Opponents

ALTHOUGH the Villanova 150-pound football team went through the season without a single victory, there can be no doubt that the formation of this team has done more than accomplish its purpose. Originally, the lightweights were organized three years ago to give those players who were too light for the varsity an opportunity to meet outside competition.

The lightweights, or Antony's Ramblers, as they are better known, played the lightweight teams representing some of the best known colleges in the East. The opponents were Manhattan, Yale, University of Pennsylvania, Lafayette and Rutgers.

After three weeks of practice, which began on October 4, under the tutelage of student coaches "Link" Lenzi and "Stan" Wronski, the team journeyed to New York where they dropped their opening game to Manhattan by a 7 to 0 score. The game was closely contested throughout, but the Villanova team was unable to prevent the Gothamites from pushing over their lone tally.

The following week, the Ramblers went to New Haven, determined to defeat the Big Blue and gain revenge for the 33 to 0 trouncing which the sons of Eli handed the 'Cats in 1932. However, the Yale team proved too powerful and twice succeeded in pushing the ball over the final Villanova stripe, and the 'Cats again came out on the short end 12 to 0.

In their only home contest the Villanova team displayed their best brand of ball and succeeded three times in advancing the pigskin within five yards of the coveted Penn goal line, but each time something failed to click, and each time the boys in blue were halted. The Penn team Maroon and White could pierce the defense, but never once during the game were they in scoring position. The result was a scoreless tie.

Lafayette lightweights were the next team to play host to the Villanovans. The Maroon and White continued to keep the 'Cats scoreless meanwhile succeeding in pushing over a touchdown which spelled doom in the fourth contest.

On Thanksgiving afternoon, the Villanova team went to New Brunswick to meet Rutgers. Previous to this game the Rutgers' men had run roughshod over all their opponents with the exception of Princeton whom they defeated by one point. The Rutgers' team claimed that if they should beat Villanova they could claim the Eastern 150-pound championship. The Villanova team was determined to show the 5000 spectators that assembled for the fray that they were not to be trifled with, and the opening period looked as if the 'Cats were on the way to their only victory. During the second period new life seemed to come to Rutgers, and a brilliant bit of broken field running by Chandler, sensational colored halfback, gave them their first score.

Again during the second period the Rutgers' team scored, and Villanova was forced to wind up the season without a victory.

Randour Asked to Play on All-North Eleven at New York on December 24

In addition to the great team honors enjoyed by the 1933 Villanova football aggregation, several individual honors worthy of mention were also added.

To Captain "Whitey" Randour goes the distinction of being the leading eastern scorer among the major college football teams. Scoring honors were not enough for Randour, but through his own individual ability and the great aid given by his teammates he was placed in the backfield of the "All Eastern" team as chosen by "Pop" Warner and the "All America" board of football coaches, and in the second backfield of the "All Eastern" as selected by the Associated Press. In an "All Catholic" team based on observations of coaches and newspaper writers throughout the country, Randour was placed in the backfield with Danowski, of Fordham; Wilson, St. Mary's, and Nott, of Detroit. Honorable mention for "All American" was also given to "Whitey" on many of the teams selected by newspapers and football coaches. Among the foremost to list the Villanova captain were the Associated Press, The New York Sun, Eddie Dooley and Jock Sutherland.

"Toby" Cavanaugh, Villanova's great quarterback, and Ed Michaels, the stellar guard, also came in for honorable mention in the Associated Press selection.

Cavanaugh, besides being a great field general, was among the leaders in kicking field goals. Toby had a total of three goals from the field.

Besides Randour, the "All Catholic All American" gives mention to Tom O'Donnell and Bill Grimberg at ends, and Cavanaugh in the backfield.

Henry T. Bream, head football coach at Gettysburg College, has made his annual selection of an all opponent team for the 1933 season. Five Villanovans head the list. At the ends are O'Donnell and Grimberg, the guards are Blanchard and Michaels, and one of the halfback berths is filled by Randour.

Randour was also selected to play for the "All North" team against a team of southern representatives in New York City on December 24 at Ebbetts Field.

Wildcats Choose All-Opponent Team

Continued From Page Five

meeting, and was the best ground gainer Manhattan offered.

The fullback position was almost unanimously given to Stevens, of Temple. In the unexpected overwhelming defeat, Stevens was the iron man for the Owl aggregation. Kicking, running and passing fell to him that Saturday, and he accomplished these feats with a polish that stamps him as one of the best players encountered all season.

'CATS' MEOW

SAID Charley McGee, "So they got out the flags, bugles and uniforms and started around my end. What a parade, boys, what a parade."

—V—

They had horns, bells, train whistles, cannons, and hadn't just enough punch to push over that third tally.

—V—

Yeah, we're talking about the game of marbles the boys had with Rutgers.

—V—

That closed the season for the team and for Cavanaugh, Randour, Marion, Zizac, Huriburt, Brodnicki, McGee and O'Donnell, and almost closed the eyes of about a hundred ardent Villanova rooters.

—V—

The team spent a nice, quiet Saturday afternoon. It gave them a chance to rest up after that Thanksgiving dinner.

—V—

Both the cheerleaders and the student body of Rutgers called our team everything possible. A very nice school to play, that mob from the banks of the Raritan. Very nice.

—V—

The intra-mural basketball season has opened. Things haven't changed much. Score: Alumni, 72; Day Hops, 6. But it was canceled. So far so good.

—V—

"Pop' Warner, the old out-foxed. What again?

—V—

Take a glance at Manhattan's schedule for next year. You have to hand it to them. No small time about them.

—V—

Two suicides. Playing Rutgers' and Manhattan's schedule.

—V—

The boys from Gotham play 'em all in the big city.

—V—

Maybe the 'Cats could book on like that, too, if our Saturday afternoons during the fall months were spent in Philly.

—V—

It may be a suicide schedule but the suicide will get headlines in the papers.

—V—

It would be a pleasure to have a fighting chance against that kind of opposition.

COYLE ELECTED CAPTAIN

Leader for 1934 Lightweight Team Chosen Unanimously

At the final meeting of the 150-pound team, Walter Coyle was unanimously elected captain for the 1934 season. Coyle, who is a junior in the engineering school, attended Lincoln High School before matriculating at Villanova.

Coyle, by his great defensive play in the Rutgers game, left no doubt in the minds of the lightweight team that he is capable of leading next year's eleven.

Coaches Lenzi and Wronski were well pleased with the squad's choice, and stated that they were sure Coyle would come up to all expectations.

When Coyle was asked about next year's prospects he said, "If all the men that return from this year's squad report next seasoh, we will have a wonderful team."

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

Espanolita

With the tapping of her heels,
As she turns and bows and wheels,
Comes the click of castanets
In her dance.

With a swish of silken skirts
While she dances so, she flirts,
Saying with her gorgeous fan
In her dance.

With a flash of charming smile
Does she watch me all the while,
As she drops her deep red rose
In her dance.

With a smile Love takes his dart,
For she'd danced into my heart,
Little Spanish Senorita,
In her dance.

ETHOS.

A Free Wheel

Young Jimmie was pushing his baby sister's perambulator down the street. "Hey, Jimmie," cried another urchin from across the street, "do you get paid for that?"

"Naw," replied Jimmie, disgustedly, "this is a free wheeling job."

Hash

Ocelus: "Here's a piece of rubber tire in my hash."

Waiter: "No doubt. The motor is displacing the horse everywhere."

The Turkey and the Pig

A turkey and a pig were excellent friends;
Their friendship was the kind that never ends.

They lived upon a farm and played all day
And talked about the day they'd get away.

The turkey was a proud and boastful sort—
He'd strut and smirk with an awful snort.

The piggie was a shy and bashful guy
Who dreamed of doing big things by and by.

Said Turk, "I'll bet the folks are glad I'm living.
What would they do without me on Thanksgiving?

"Too bad you can't do something on that day.
You're just a pig—you'll have to stay away."

Poor pig went off alone and wept and moaned,
And cried against his cruel fate and groaned.

And as the autumn days just rolled away,
The turkey got more fat and proud each day.

One day he was removed amidst great clatter,
And slain and cooked and placed on a platter.

He ruled the world, but only for one meal.
His triumph was so short, 'twas scarcely real.

But piggie's skin was taken in the fall
And made into a shapely brown football.

And on Thanksgiving Day there was a game,
And Mister Pig was kicked by Notre Dame.

No one could call the turkey's triumph big,
But fifty thousand people saw the pig!

And here's the moral of this awful rhyme—
Don't bet on football games—you'll lose your dime.

TATLER.

Deductive Reasoning

Little Johnny (to Red Lenzi): "Why is it Stan hasn't got any hair?"

Red: "It's because he thinks so much."

Original Pest: "Well, why is it you have so much?"

Second Pest: "You better run along and play now, Anthony."

Me: "This line is devoted to Philip."

You: "Philip Who?"

Me: "To Philip Space . . . Haw . . . Haw."

Yowsah . . . she was only a school teacher's daughter, but, boy, she sure had some class.

SMILER.

VIENNA CHOIR BOYS WILL GIVE CONCERT

To Take Place in Auditorium of Commerce and Finance Building Saturday Night

PRICE OF TICKETS $1.00

Continued From Page One

sale on the campus at the gymnasium, the publicity office, and the information booth every day except Sunday between the hours of 9 A. M. and 6 P. M. They can also be bought in Philadelphia at Gimbel's Eighth and Market streets. The price of the tickets is $1.00, plus ten cents tax.

Sang Before Pope

Last spring the choir was invited to appear at the Vatican, and so satisfactory was their impression upon Pope Piux XI, that they were presented with a parchment testimonial by His Holiness proclaiming their voices "so flute-like and sweet, like angels' voices in paradise."

Haydn, Schubert, Mozart and other illustrious composers received musical training from the Saengerknaben Institution. Every year they are invited to sing with the entire Vienna State Opera and the Vienna Philharmonic Orchestra. The average age of the company is 12 years.

Performing operettas in costume, including even the feminine roles, the Vienna choir boys will render the same high type of music Saturday evening that has made them popular while they have been touring the country.

During July and August of each year the entire body of the singers migrate to a mountain resort in the Tyrol with their spiritual guide and director, where a magnificent Alpine home has been erected for them. Here they enjoy sports and fresh air, preparing their bodies for the rigors of what often is a strenuous winter.

Meeting Scheduled

The regular monthly meeting of the North Jersey Club will be held Thursday night immediately after chapel. A complete report on the dance will be given.

Schedule Released For J. V. Courtmen

and a blackboard talk is held each day at 1.00 P. M.

The completed schedule, to date, is as follows:

Dec. 16—University of Penn J. V. ..... Away
Dec. 19—West Chester T. C. J. V. ..... Home
Jan. 20—Penn A. C. ..... Home
Jan. 26—University of Penn J. V. ..... Home
Mar. 3—Banks' Business College ..... Home
Mar. 6—La Salle J. V. ..... Home
Mar. 13—Conshohocken High ..... Away

The dates for the remaining return games have not as yet been set, but an announcement is expected in the near future.

Intra-Mural Fives Inaugurate Season

Continued From Page Six

week plus its victory over Fedigan on Tuesday night, holds first place as the second week of competition gets under way. They routed the C. F. Day Hops Wednesday afternoon, 33-17, and continued their winning way with a well-earned victory over Mendel Hall on Thursday afternoon to the tune of 28-19.

In the game against the Train and Trolley boys, Stan Wronski, to the displeasure of a large gallery, hung up 12 points and Mike Clavin, recently appointed football manager for next year, had three field and one foul goals for runner-up with seven points.

The Mendel-Austin affair was a game that abounded with basketbal that was rough and hard fought. The referee kept out of the game almost entirely and consequently the participants were quite free with their fouling.

Dick Willis made eight points and Clark seven for aces in scoring but the success of the Austin team lay in the fact that every man in the line-up made at least one basket. Seibers and Sala were the frosh who proved to be the thorns in the sides of the victors and they had 11 of their team's total between them.

Represents Villanova

Prof. J. Stanley Morehouse, of the Mechanical Engineering department here, was the official representative of Villanova College at the 50th anniversary celebration of the graduation of Frederick W. Taylor, M. E., and industrial theorist and promoter of efficiency in industry. The celebration was held at the Stevens Institute of Technology.

THERE'S ONE BEST TIME
To Telephone Home!

YOU'LL agree, once you've tried it, that half past eight is the time to telephone home.

At half past eight the day's rush is over. Your time is free for a leisurely telephone chat.

At half past eight the same is true at home. It's the best time to catch the family all together.

At half past eight (and this is most important) low Night Rates go into effect on Station to Station calls. You can then save as much as 40% on your call. For example: If your home is 100 miles away, a three-minute connection will cost only 35 cents!

• • •

TO TAKE ADVANTAGE of the LOW NIGHT RATES...

Call after 8:30 P. M., and be sure to make a Station to Station call.

That means, ask the Operator for your home telephone, but not for any specific person.

If you've fixed a date in advance, the family will be sure to be there.

Charges may be reversed.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

DUQUESNE TO PLAY ON 1934 SCHEDULE OF BASKETBALLERS

Cage Quintet to Open With Lafayette December 15 at Home

SAINT JOHN'S GAME AWAY

With the introduction of Duquesne on the 1933-1934 Villanova basketball schedule, the season shows indications of a series of closely contested games, the previous selection of winners being merely a vague surmise. Another new college has also been in communication with Villanova. Lafayette, entirely strange to the Wildcat five, has been in communication with the A. A. office. A game is pending to be played at home on December 15. This game will be the opener for both squads, and with both teams as good as they are, the game promises to be fast and scrappy.

The prospects of the team are indeed bright. With the loss of only three of last year's squad, Conch Jacoba has built up a strong squad. He has two prospective stars in the persons of Geraghty and Robinson, two stars of last year's freshman team. Barry, Shevlin, Travers, Ryan and Torpey are the nucleus of his first team, and it is expected that of these, the cage mentor will choose his starting line-up.

The schedule, as has been announced, indicates the quality of the squad. All opponents are strong, and as their previous records have shown, are not to be taken lightly. The stellar attraction, however, will be the Duquesne game to be played in the Main Liners' gymnasium on February 19.

The games with Temple will naturally rival the contest with the Dukes. Last year the Wildcat five split even in the two games with the Owls, winning here in a thrilling fray after losing decisively in Philadelphia.

The schedule to date:

Opponent	Place	Date
Lafayette,	home,	Dec. 15.
W. Chester Teachers,	home,	Dec. 19.
Ursinus,	home,	Jan. 16.
Penn A. C.,	home,	Jan. 20.
Bucknell,	home,	Jan. 26.
St. John's,	Brooklyn,	Feb. 3.
Temple,	home,	Feb. 6.
Ursinus,	Collegeville,	Feb. 17.
Duquesne,	home,	Feb. 19.
Albright,	Reading,	Feb. 23.
Temple,	Philadelphia,	Feb. 28.
Dickinson,	home,	March 3.
La Salle,	home,	March 6.

Football Record Shows 7 Victories

Continued From Page Five

journeyed to Ebbets Field, Brooklyn, to engage Manhattan College. At the end of the game Villanova had amassed a total of 47 points and had held their opponents scoreless. This was the first football contest between these teams in 30 years, and it also marked the worst defeat ever suffered by a "Chick" Meehan-coached team. A few of the statistics on that game will serve to illustrate just what happened. Villanova made 408 yards in scrimmage to 28 for the Jaspers. The Cats returned five punts for a total of 76 yards, while their opponents returned seven punts for only five yards.

The following Saturday they went to Reading to engage Albright, and the final result was a 21-0 victory for the Cats. The game, as a whole, had no outstanding features except the touchdowns by Randour and Wiesenbaugh.

Boston Proves Downfall

On November 11 the Villanova team journeyed to Boston for its annual game with Boston College, and was defeated, 9-0. The Beantowners scored on a forward pass early in the second period, and Kelly made a field goal in the first period. The Cats played a great game, but the Boston forward wall held like a stone wall. Frietas and Tosi, the quarterback and right end respectively, were the outstanding stars of the entire game.

Then came the all-important game of the year, the Temple game. Much had been said of the game by both coaches, by the newspapers, and by coaches and experts all over the country. It was a great drawing game because of the records and ability of the two teams for the year, because it was the first professional meeting of the two coaches, because of the clash of the two major systems, and best of all, because of the fighting spirit that has characterized every game between the two teams. It was predicted for a close game, but the Cats walked all over the Owls in grand style, the final score being 24-0. Of the actual game, little may be said except to praise the excellent co-operation of the line and backfield. Even to the impartial observer, if there was one present at the game, it must have been gratifying to see a football team work so smoothly and effectively.

Victory Along Raritan

And for the final game of the season the Cats traveled to New Brunswick to play Rutgers. Villanova finally won out, 13-13, and gathered a feather by defeating the team that was the first to score against Princeton's great undefeated team.

At the close of a successful season, and resting on its record of seven won, two lost, and one tied, of scoring 246 points to its opponents' 54, the Wildcats have paused for relaxation and adjustment. Many good men have played their last football game for Villanova this year—Randour, Cavanaugh, Marion, O'Donnell, Zizac, McGee, Brodnicki and Hurlburt. Some of them have shone brighter than others, but all of them used the same working basis—to play the game to the limit. Randour, with a total of 73 points, is the high scorer in the East. Cavanaugh, with three field goals, led the entire nation in that department for the first few weeks of football, and each of the others led in some phase of the game.

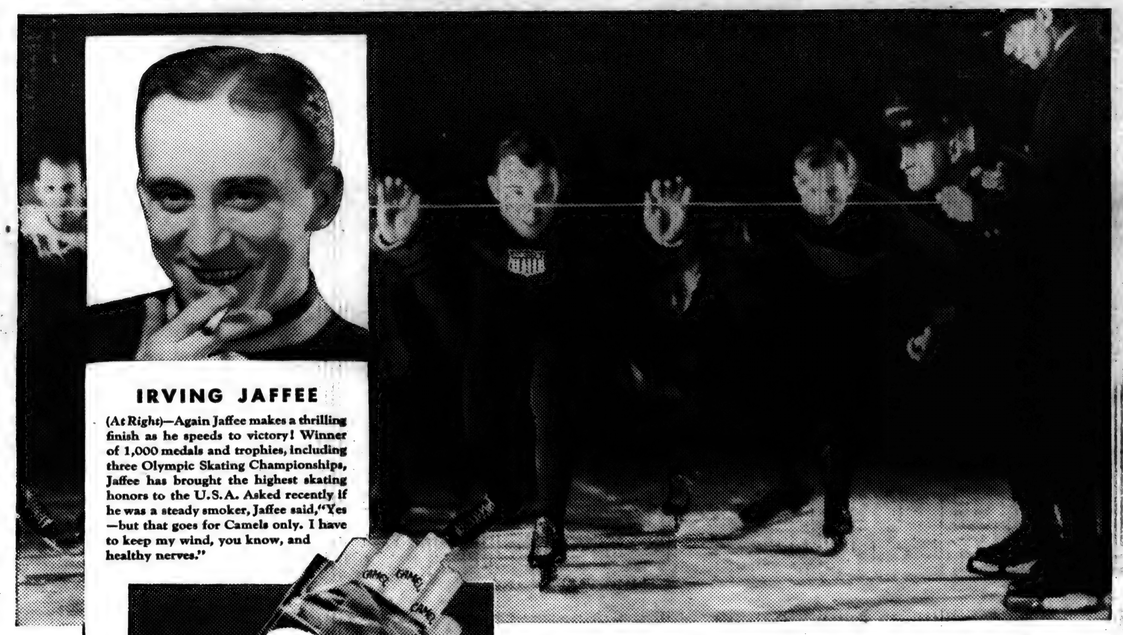
Lunch, Dinner and Late Supper

IT TAKES HEALTHY NERVES FOR JAFFEE TO BE THE WORLD'S CHAMPION SKATER



IRVING JAFFEE

(At Right)—Again Jaffee makes a thrilling finish as he speeds to victory! Winner of 1,000 medals and trophies, including three Olympic Skating Championships, Jaffee has brought the highest skating honors to the U.S.A. Asked recently if he was a steady smoker, Jaffee said, "Yes—but that goes for Camels only. I have to keep my wind, you know, and healthy nerves."

A MATCHLESS BLEND

IT IS MORE FUN TO KNOW

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Steady Smokers turn to Camels

You've often seen his name and picture in the papers—Jaffee, the city-bred boy from the U. S. A. who beat the best that Europe had to offer, and became the skating champion of the world! Speaking of speed skating and cigarettes, Jaffee says: "It takes healthy nerves and plenty of wind to be an Olympic skating champion. I find that Camels, because of their costlier tobaccos, are mild and likable in taste. And, what is even more important to a champion athlete, they never upset the nerves."

Change to Camels and note the difference in your nerves... in the pleasure you get from smoking! Camels are milder... have a better taste. They never upset your nerves. Begin today!

CAMEL'S COSTLIER TOBACCOS

NEVER GET ON YOUR NERVES... NEVER TIRE YOUR TASTE

UNUSUAL CONCERT RENDERED BY BOYS OF VIENNA CHOIR

The Weiner Saengerknaben, Touring Country, Sings in C. & F. Building

GROUP'S OLDEST MEMBER ONLY 14 YEARS OF AGE

Comic Opera, "Wedding by Lanternlight," Included in Program

Before small but select and enthusiastic audiences, the world-famed musical Vienna Choir Boys offered a distinctive concert performance in the auditorium of the Commerce and Finance Building, last Saturday.

The matinee concert began at 3 P. M., and lasted approximately two hours. Following the performance, the Weiner Saengerknaben, as they are known in their native country, were given a dinner and then escorted to the gymnasium where they indulged in various Austrian games and other means of recreation. The evening concert, beginning at 8:30 P. M., offered more delightful and pleasing entertainment, for the whole-hearted approval and enthusiasm of the audience made up for the limited numbers through its sincere and hearty applause so that the Choir Boys came before the footlights for four encores.

Comprise 18 Boys

The Weiner Saengerknaben, who have been touring America for the past seven months, winning the hearts of Americans with overwhelming success, comprise 18 boys ranging in age from 7 to 14 years. They are recruited from the working classes but before being accepted, they are required to pass rigid examinations as to their scholastic and musical tendencies and abilities.

The program, opening with the National Anthem, The Star-Spangled Banner, was divided into three

LIBRARY PRESENTED ETCHING OF CAPITAL

Many Research and Technical Books Also Given by Secret Donor

LOUIS ORR IS ARTIST

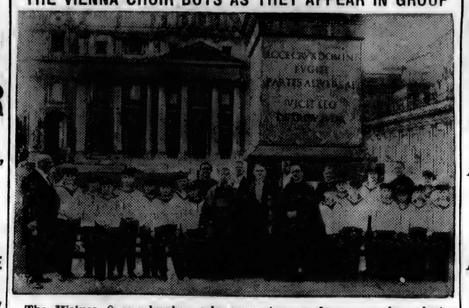
The library of Villanova College has recently received an etching of the National Capital in Washington as the gift of a donor who has requested that his name remain secret.

This etching is one made not long ago by Louis Orr, who enjoys the unique distinction of being the only living American etcher whose work is in the Louvre, and who has been three times commissioned by the French Government to make important etchings for France.

The same donor has made a second gift to the college library of a number of books which have been selected by the librarian and the deans of the various schools. These books cover in part, and are relative to the subjects given in these schools. Many other books are of a non-fiction and fiction type or are books suitable to the average college student for research purposes.

Under the provisions made by the donor the college has secured a total of approximately 150 new books, outstanding of which is an Outline of the Chronicles of America written by Benjamin Franklin.

THE VIENNA CHOIR BOYS AS THEY APPEAR IN GROUP



The Weiner Saengerknaben who gave two performances here last Saturday in the Commerce and Finance Building. It was founded in 1498 by the Imperial Decree of Emperor Maximillian.

SENIOR BALL PLANS PROGRESS RAPIDLY

Bids Received From Popular Orchestras Prove Favorable

FAVORS TO BE SURPRISE

Headway is definitely being made by the members of the various committees in charge of the Senior Ball to be held in the gym on the evening of February 9.

The item of most interest to the student body and the one which is presenting the largest problem to the committee is that of an orchestra. Donald Redington, chairman of the dance, gives every assurance, however, that a popular and well-known band will be hired.

Favorable quotations have already been received from Dick Himber, Julian Woodworth, Eddie Duchin, Jack Little, Bert Lown, Mal Hallett and Claude Hopkins, while contact has been made with a number of others which will come within the specified amount.

Surprise Promised

A very pleasant and interesting surprise is being promised from the committee on programs and favors. Bids have been received by various companies on both these articles, but no contract has been signed as yet.

The committees which are working for the success of this annual function are Decorations: Louis Abbate, chairman; Joseph Carroll, Krank Kernan and George Randour; arrangements: John Derby, chairman; Robert Craig and William Hines; advertising: Harry Lieberman, chairman; Alfred Gagliardi, James Migliore, James Gallagher and Charles McGee; publicity: Raymond J. Harter.

When interviewed concerning the dance, Redington said, "With the class treasury in sound condition there is no reason why this year's ball should not be one of the best ever held at Villanova. We shall undoubtedly have the best orchestra that can be obtained for the amount we are allowed to spend. The name of the orchestra will be announced shortly after the Christmas holidays."

ALUMNI ELECT OFFICERS

N. Y. Club Chooses John McDevitt, Jr., of Passaic, N. J., as President

At a meeting held Monday night, December 4, in Rutley's Restaurant, in Manhattan, the Villanova Club of New York, elected John J. McDevitt, Jr., '28, of Passaic, N. J., to the office of president. Other men elected to positions were: Vice-president, Phineas T. Vize, Jr., '23, of Brooklyn: treasurer, Richard F. Daly, Jr., Esq., '29, Staten Island; secretary, Edmund J. Duffy, '18, of Brooklyn.

Cletus A. Seaver, '27, of Staten Island, and Matthew T. Dominey, '17, of Brooklyn, were selected at this meeting to represent the New York Club on the National Alumni Board.

BETA GAMMA LEADS DEBATING LEAGUE

Takes Home-and-Home Contest From Temple Concerning Soviet Russia

WINS BOTH UNANIMOUSLY

Villanova's varsity debaters inaugurated their sixth season last Wednesday night with a double triumph over Temple University. While a negative team was defeating a trio from the Philadelphia institution on the topic, "Resolved: That the recognition of Soviet Russia was for the best economic interests of the United States," the Beta Gamma's affirmative representatives were successfully defending the same question in Mitten Hall, home of Temple University.

The debate also marked the formal opening of the Philadelphia Intercollegiate Debating League; Villanova and Temple both being charter members. The league was organized last spring for the purpose of fostering interest in debate in and around Philadelphia.

The debate here at Villanova took place in the amphitheatre in Mendel Hall, and was called at 8.30 P. M., by Chairman William F. Zell, president of the Villanova Literary Society. The Villanova team was composed of Roberts Bouson, John Lyons and Paetrus Banmiller. Temple's side of the question was defended by Mr. Cherry, Mr. Adams and Mr. Mettezer. The judges were: Francis Fagerty, John Skilton and Vincent P. McDevitt. These officials were selected by La Salle College, a neutral member of the league. They voted unanimously in awarding the decision to Villanova.

Strong Arguments Given

Temple based their arguments on an increase of trade which will be incurred now that recognition has taken place. The affirmative team held that Russia perferred American goods over those of other nations. Russia has great need for economic assistance. They also held that Russia is a good creditor as she had never defaulted in the payment of a debt.

On the other hand, Villanova held that while Russia has need for our products, the goods which they offer for exchange are of an agricultural nature of which we have a surplus. If we were to accept such products, it would bring more ills on our already suffering farmers. Again, if Russia does not give us her goods in exchange for ours, she will have to be given credit in this country in order to pay for purchased goods. America cannot afford to extend credit to Russia at this time. Finally, Russia and the United States are two separate, distinct civilizations with different and opposing economic systems. We cannot afford to offer ourselves for Soviet experimentation. Their communistic nature will, without a doubt, re-act upon our economic system.

The team which defeated the

Local Organizations Plan Yuletide Dances In Respective Cities

Annual Vacation Period Will Be Marked by Gay Celebrations as Students and Old Grads Reunite

ALBANY FEATURES EMERSON GILL

Information has been received from the offices of the Wilkes-Barre, Lawrence and Albany clubs recently, that virtually all arrangements are completed for the dances to be celebrated by these clubs during the Christmas vacation. These dances, which are held annually, are a feature of the home activities of each organization.

This time it seems the three clubs are seeking a conspicuously good year in regard to entertainment and financial value to be derived from the dances. Preparations have been going on for some time and it looks as though last year's high mark will be shattered.

Alumni and friends of the club members have always been well represented at these functions and they have never failed to provide a happy get-together for the students and those interested in them.

On the evening of December 25, in the Mirror Ballroom of Wilkes-Barre's Hotel Sterling, the Villanova Club in that city will celebrate its 11th annual Christmas dance. Dancing will be in order from 9 to 1, to the melodious strains of Will Kearney's eight-piece society orchestra.

Orchestra Is Popular

Mr. Kearney's band is recognized as about the best in that vicinity, and he is not unknown to the club members, having played for them on a number of occasions in the past.

The dance, a formal affair, will be celebrated in cabaret style. Decorations are being taken care of by the hotel, and the management of the Hotel Sterling is seeing to it that the Mirror Ballroom is embellished in an attractive style. Lady guests are to receive a novel favor. It is a combination mirror, powder puff and program somewhat resembling a ladies' leather vanity case. Tickets are $3 and tax per couple.

James J. Gallagher, senior pre-med., and James T. O'Connell, senior arts, are co-chairmen of the dance. Members of the dance committee are: Frank Kelly, senior pre-med.; William McGraw, senior commerce and finance; James Clark senior pre-med.; Edmond Piszczek, junior pre-med.; Hubert Gallagher, junior commerce and finance; Richard Bruno, junior pre-med.; Joseph Forkin, junior arts; William Clary, freshman commerce and finance.

Lawrence Club Celebrates

Up New England way, December 28, from 9 to 2 is the date and the time set for the Lawrence Club's function. The members have again selected the Crystal Ballroom in Shawsheene Village, which is just outside Lawrence, on the road to Boston, as the place where their yearly Christmas dance will be held.

Music is to be furnished by Billy Murphy's Arcadians The Arcadians have provided dance tunes for a number of the socials given by New England colleges, and they are highly rated in those parts. It is a singing band consisting of 11 pieces. There will also be entertainment during the orchestral intermissions.

Plan Attractive Decorations

Besides the banners of various schools, which are to be hung about the ballroom, the season of the year will conform to the decorative effects planned for the dance. Attire will be semi-formal. Tickets are $1.75, including tax, per couple.

John S. Derby, senior engineer, is chairman of the dance committee. Committee members are: Joseph Sciuto, junior pre-med.; Abraham Samia, freshman commerce and finance: Thomas Collins, sophomore, commerce and finance.

J. Stanley Smith, class of '93, who received the alumni award for noteworthy record in 1933.

NOTABLES ATTEND FOOTBALL BANQUET

Honorable Charles D. McAvoy Presided as Toastmaster of Ceremony

THREE HUNDRED PRESENT

The annual Alumni Reunion and football banquet, given in honor of this year's gridiron squad, was held last Thursday night in the Roof Garden of the Hotel Adelphia. Three hundred friends and members of the Alumni paid due homage to, as it was expressed that evening, one of the best teams ever to represent Villanova.

With a host of speakers that exceeded any previous year, the team as a whole and individually, was feted in a manner that would do justice to any organization. The Honorable Charles D. McAvoy, United States District Attorney for this sector, was toastmaster of the affair and introduced such speakers as the Rev. Edward V. Stanford, O. S. A., President of the College; "Rip" Miller, coach of the Navy; Harvey Harman, coach of Penn; Si Pauxtis, end coach at Penn; Marty Brill, of La Salle; "Heinie" Miller, of Temple; Alexander G. Severance, Graduate Manager of Athletics at Villanova; George Little, Athletic

SOMETHING LACKING

A COLLEGE education. What does it mean? Does it mean an overflowing abundance of "book knowledge"? Does it mean solely the ability to solve formulas and propound theories? We think not. A college education means something more, something that cannot be obtained merely by ploughing through volumes of text-books. That extra something is culture. It is the quality most desired in college men, yet the quality most seldom found. Courses are included in the various schedules, extra-curricular activities are organized, entertaining programs arranged —all in an effort to assist the student in his search for culture. Yet, these courses and activities are the least popular on the campus. Last Saturday, the Vienna Choir Boys, a world-renowned organization, gave a highly cultural recital right here on the campus. Not more than a dozen students attended. We have 150 students taking an arts course here. Exactly four of them attended the recital. What is the matter? Something evidently is lacking. Surely it cannot be that there is anything repugnant about the idea of culture in itself. It must be the attitude of the students. We strongly recommend that everyone ask himself, "Am I getting everything I should out of my college education?" We think the negative answers will predominate.

CHRISTMAS TIDINGS

ENTHUSIASM and anticipation have enveloped the students. But tomorrow evening the campus will be desolate. So it was on that night when, in a stable near Bethlehem, the Son of God came forth to bring joy and salvation to the hearts and souls of men. It is the feast of the Nativity that should be our foremost joy and spiritual uplifting in preparing and celebrating this festival. Aside from its all-important significance, Christmas has a compound meaning to students. A generous vacation accompanies the event. Consequently, it offers ample opportunity for students to forget studies for awhile and take advantage of the activities in season in the location of their respective homes. There will be parties, dances, games and sports to enjoy. Should there be an opportunity to represent or boost our Alma Mater, let us turn out with all the spirit, gentlemanliness and good conduct that is befitting the name to whom our good example is attributed. Clubs and other campus organizations will conduct dances. These dances, besides being entertainment for us, are also an outward indication to the home-towners of the calibre and conduct of Villanova students. Our actions will speak for the college.

YOU OUGHT TO KNOW

THIS column's swan song for 1933 is sung amid much show of joy and exultation. But it's not this column's demise, I hope, that motivates all this glee, rather the fact that tomorrow begins some eighteen days of Christmas vacation. The majority of the students already have lived their vacation. In sessions wherein the bull has had his shoulders repeatedly put to the mat the popular theme, "What I am going to do when I get home," has been touched and not lightly. In short, all have anticipated this vacation longingly, and now the day before it becomes a reality nerves are at the breaking point and all but the Camel smokers suffer from jangled nerves.

Mike Clavin is seen these days smoking fat, brown cigars which emit an odor not unlike that smell with which the air is filled on days when the wind is off the Schuylkill River. It is our humble opinion that this is just Mike's quiet way of celebrating his appointment to that much-coveted job of football manager.

It is unanimously agreed upon by the embryonic nurses of Bryn Mawr Hospital that the dullest period of the year for them is Christmas time. When you consider that their leave of absence numbers less than three days and that Villanova's approximates three weeks, it is not hard to understand why this lugubrious note.

Preparations for the annual side splitting, roll-them-in-the-aisles play given by the Turf and Tinsel Club now are being made. On good authority, it is learned that Don "Tarzan" Blanchard again will perform in the capacity of premier danseuse. The real difficulty, the production manager believes, will come in finding someone capable of being the swishing waves washing up on a desolate strand.

At last the scales have fallen, much to our dismay, from the eyes of the P. & W. management. No longer are Tower tickets good if detached from the return P. & W. ducats. It was a fine thing while it lasted. Spare moments, when lucre was even sparer, were spent at the Tower after a thorough combing of the dorms netted a ticket and a thumb-touring trip conducted under the auspices of Lady Luck hit on all four. Too bad indeed.

The annual football banquet was this year, as in the past, a huge success. Great praise and many thanks are due to the alumni. The speakers were, in particular, noteworthy. They praised our team and coaches to the skies. That All-American right-halfback of a few seasons ago, Marty Brill, paid a tribute to "Whitey" Randour that carried much weight. "Whitey" is to Brill, as he disclosed in his speech, the best left-halfback he has seen. Coach Stuhldreher gave cause for mirth when in his speech he asked Marty "who is the best right-half you have seen?"

COLLEGIATE NEWSREEL

THOSE of you who find the complications of the Greek alphabet too disconcerting may find the following suggestions of value: First of all, don't worry about it, there are plenty of other languages being equally maltreated, such as English. Next, try to add a little color and humor to the business, as—Alpha—We're Alpha a drink. Beta—You Beta not try. Delta—He's Delta terrible hand. Gamma—Brother, could you Gamma a dime? Theta—Who's Theta big bad wolf? Epsilon—I want a bottle of Epsilon salts. Nu—No Nus is good Nus. Lambda —I Lambda on my car. Mu—The cat went Mu. Sigma—Sigma to sleep! Omicron—Omicron up some time! Finally, go to the nearest fraternity house and see what they do.

* * *

The Holy Cross Tomahawk tells us that the following constitutes the metamorphosis of the college man. They are the seven "ations": Registration, contemplation, procrastination, prevarication, examination, consternation and probation.

* * *

It is the rumor at the University of Minnesota that one out of every 20 co-eds paints her toenails. Quite natural, we think, for one does get to the bottom of things in a depression.

* * *

After the St. Bonaventure-Canisius game, in which the former triumphed, Olean's Irish mayor ran over to Coach Mike Reilly and exclaimed: "They can't beat the Irish." To which Zayachek, Ganaposki, Kantikevich, Petrucelli, Ventura and Yankovich replied: "You're right."

* * *

A Holy Cross freshman refused to board a train at the Union Station because his grandfather had been a Confederate General.

* * *

In a recent number of the American Medical Journal, statistics were quoted to show that the general health of the college student is failing from the standards of some years ago. Research over a number of years revealed that the student's health grew worse during the years spent in school.

* * *

Dr. Frederick Rand Rogers, dean of Boston University's department of health, declared that the beautiful chorus girl is almost certain to be intelligent; that catch phrases, like "Beautiful but dumb," are merely superstitutions and that in the long run good things tend to go together.

* * *

Dr. J. F. Doneboo, an alumnus of Washington and Jefferson, has seen the last 201 football games played by teams representing his Alma Mater.

* * *

A tradition as old as the university itself was abolished recently when President Conant, of Harvard, acceding to the wishes of the students in the yard, agreed that the university's bells should not ring at 7 A. M. but remain silent until 8.40.

The Salt-Shaker

THOUGHTS IN SEASON

THE FAST ride through swirling snow . . . the happy homecoming . . . the greetings and presents . . . the laden table . . . the pastimes and light-hearted gaiety . . . Christmas.

And Christ-Mass?

The World's Christmas is heralded by an Advent of which the burden is "Do your Christmas shopping early." Its Christmas Office consists of a round of thoroughly worldly pleasures. For the modern pagan Christmastide is a season of happiness, good-feeling and philanthropy. But for the Christian worthy of the name it cannot be only this; it must be also a time of spiritual joy, religious feeling and charity. Many, indeed, who know not Christ celebrate Christmas; but the real Christian celebrates Christ-Mass also.

Christmas is the day when there are red and green decorations everywhere, and every home has a tree brilliant with colored balls and artificial icicles, and everybody is aglow with good cheer and fellow-feeling, and little children stand wide-eyed with wonder at what Santa Claus . . . that marvelous man who used to be St. Nicholas . . . has brought them. But is it nothing more than this? Certainly no Christian could be satisfied with such a Christmas alone.

Can it be that the change in pronunciation, the shift in stress, is a sign of something deeper . . . a change of viewpoint, a shift in radical significance? To many, undoubtedly, the word might as well be spelled "Krismus," for all that Christ has to do with their Christmas. And it is to be feared that the worldly spirit, always so insidious, is affecting Catholics also. What is behind the widespread abuses that have forced the abandonment in so many of our dioceses of that beautiful custom, the Midnight Mass? Why is the Christmas of many so full of worldly things that they can scarcely find time to attend even the prescribed Mass?

The true Christmas spirit is best expressed in the Christmas liturgy.

In the Midnight Mass the Church prays: "O God, who hast made this most sacred night to shine forth with the brightness of the true light, grant, we beseech Thee, that we who have known the mystery of His light upon earth, may enjoy also His happiness in Heaven."

In the Mass at dawn she says: "Grant, we beseech Thee, Almighty God, that we who are bathed in the new light of Thy Incarnate Word, may show forth in our works what by faith shines out in our minds."

The prayer of the third Mass is: "Grant, we beseech Thee, Almighty God, that the new birth of Thine Only-Begotten Son in the flesh may set us free who by the old bondage are held in thrall under the yoke of sin."

As Catholics we cannot, of course, condemn the legitimate pleasures that accompany this day of rejoicing; but we must insist that to rejoice over we know not what is folly; and so he does who seems to commemorate joyously Christ's birth, while that great step in the salvation of mankind occupies but the smallest part of his thoughts. Let us have plenty of rejoicing; but let us not forget why we are rejoicing.

We rejoice because on this day Almighty God, born for us as a helpless babe, first saw the light of day; because Heaven's King was born this day the poorest of Earth's poor for us; because He who is worthy of all praise and honor began for our sakes a life of humiliation and rejection; because He was born this day, Who came that men might have life and have it more abundantly.

---- Dial-Log ----

FROM a popular radio magazine we copy a news item which surprised your columnist very much: "Rumors have been rife about the Guy Lombardo-Burns and Allen cigar program, which starts another long term renewal at midmonth. Burns and Allen will definitely continue with the program, which will retain its accustomed Wednesday night half hour . . . the rumor that the Royal Canadians fade from the program at the end of January to be replaced by another orchestra seems to be the correct one."

For a long time this broadcast has been one of the highlights of the week's entertainment for those who enjoy the Lombardo style of music and the Burns and Allen wit. Undoubtedly the sale of cigars of the sponsors has increased because of this popular broadcast, but taking Lambardo from the half hour will cause their radio stock to decline if not the cigar sales.

However, the radio is full of surprises, another being the Waring's going on the air for Henry Ford in two half-hour programs each week one over NBC and the other over CBS.

The automobile sponsors seem to be coming out strongly for the radio method of advertising. Besides the new Ford program, Chrysler motors will put Clyde Hopkins on the air on January 7, with his band for a one-hour broadcast.

Pontiac began their programs last Saturday when we again heard Colonel Stoopnagle and Budd well supported by Jacques Renard and his orchestra.

Luis Russell and his band are substituting for Claude Hopkins and his boys while they are on the road and may be heard each Thursday night over the Columbia system on the Harlem Serenade broadcast.

Jack Denny and his orchestra commute every week from Boston to New York to fill the engagement on the American Revue program starring Ethel Waters.

The first Rudy Vallee hour from Hollywood was very good with a lot of new broadcasting material. Rudy is expected to turn up a lot more before he leaves the celluloid city.

Phil Spitalny, Claude Hopkins and Mal Hallett are all due in Philadelphia for dances on Christmas night. New Year's eve dances and celebrations have been considerably tied up because the eve is a Sunday night and nothing may start before midnight.

Since we have heard Jack Pearl mention that his cousin Hugo played substitute fullback for Villanova, the comedian seems to have taken on new interest for us but no further mention of Hugo's football ability has been made.

NIGHT PERMISSION EXTENDED TO 12:30

Extra Time Gives Students Opportunity to Take 12:05 Train

RINGS ARE VOTED UPON

The resident students who receive "Evening Permission" may return to the campus at 12.30 A. M. henceforth. This concession through the efforts of a special committee of the student council composed of Thomas J. Donahue, John F. McGrath and the chairman, Leo Cordiali, has been granted by Rev. Bernard M. Albers, O. S. A., through the medium of a letter to the chairman and the committee.

At the same meeting of the Council at which this letter was presented, the Junior class rings were brought up for adoption as the official ring of the college for all time. The Student Council, however, voted to put the ring on a year's trial and to vote upon it again at the beginning of next year. If by that time the ring has proven its worth, it will be adopted by the Council.

The letter from Fr. Albers to the Student Council concerning evening permission follows:

Gentlemen:

In response to your request submitted to me yesterday, I wish to state that "Evening Permission," that is, absence from the campus in the evening with permission, may henceforth be extended to 12.30 A. M. This concession is granted because of the impossibility, as you stated, of the students' being able to report in by 12.20 A. M. when using the Philadelphia and Western car which leaves 69th Street at 12.05 A. M.

I trust that this consideration of the desires of the student body will tend to produce one hundred per cent. observance of the regulations regarding "Evening Permission."

Also at this time I wish to take this means of thanking you and the various members of the Student Council for your co-operation with me for the furtherance of the better well-being of the general student body.

Sincerely yours,
(Rev.) B. M. ALBERS, O. S. A.,
Vice-President.

Students' Parents Die

The VILLANOVAN wishes to extend its sympathies to Vincent Zizac, whose mother died yesterday morning, and to James Murphy, whose father died yesterday afternoon.

Picture to Be Shown

A motion picture, entitled "Stevenson Creek Dam," will be shown before the members of the American Society of Civil Engineers at 1 P. M., in the amphitheatre today.

NO ISSUE OF PAPER

There will be no issue of the VILLANOVAN on Tuesday, January 9. The next issue will appear on January 16.

Gleanings

Did you know that: Tony Lamberti asked if Connie Mack himself got the $300,000 he received from various club owners for the ball stars he sold? . . . Bill Farris won't tell you where he got that white glove that was hanging on the wall of his room for so long? . . . Colonel Moe Sorkin is giving a big New Year's Eve party? . . . Harry Kornfield has a unique method of judging feminine pulchritude? . . . Art Wyman is among the recent converts to go down to Bryn Mawr College? . . . Johnny Fralinger is wearing the ring of a certain young lady? . . . Dom Marion is plentifully supplied with candy since he has met a certain someone? . . . Art Lynch has recently been attracted to Wayne, though Charlie Hurlburt has been going up there for almost four years? . . . Marty Caine has just had his hair cut, the first time in eight weeks? . . . John Del Lauro acts as a newsboy to Mt. St. Joseph's? . . . Vince Zizac hopes, some day, to teach ethics?

Also, Jack Dougherty insists on smoking dated cigarettes?

One young lady recently said: "Reds Wallin doesn't talk much. When he doesn't talk he's got to think, and when he thinks we're worried about him"? . . . Cherub Corkill always coughs ever so slightly before he starts a conversation? . . . Bob Gartland considered, for a while, bringing a saddle horse down to college? . . . Art Hart says: "Mickey McGee doesn't think, he just argues"? . . . You should get Fr. O'Brien to tell you his joke about the Bishop and the cabbage? . . . It was rumored that we were to play Rider College in football next year 'til it was discovered that that institution has no football team? . . . Huby Gallagher defeated Tom McFeeley in the battle of Rosemont by using three dozen roses as ammunition?

AIRCRAFT SUPERCHARGER DISCUSSED AT MEETING

John Fox, Sophomore, Delivers Interesting Paper at Aeronautical Meeting

The Aeronautical Society held its weekly meeting last Thursday, at which time John Fox, '36, the treasurer of the organization, addressed the members, giving as his talk a detailed description and discussion of the "Aircraft Supercharger."

Fox pointed out the various types of superchargers and dealt with the two most eficient types, namely, the Root and Turbo Compressor and the Turbo Compressor. The advantages and disadvantages were given for each type after they were described and discussed. The purpose of the supercharger was said to be its ability to keep air pressure and density in the carburetors constant in rarified air States high above sea level.

3 about Cigarettes

Not so long ago practically all cigarettes were made by hand

Now, Chesterfields are made by high-speed machines that turn out 750 cigarettes a minute, and the cigarettes are practically not touched by hand.

BY the use of long steel ovens —drying machines of the most modern type—and by ageing the leaf tobacco for 30 months—like wine is aged—Chesterfield tobacco is milder and tastes better.

Only pure cigarette paper—the best made—is used for Chesterfield.

And to make sure that everything that goes into Chesterfield is just right, expert chemists test all materials that are used in any way in the manufacture.

Chesterfields are made and packed in clean, up-to-date factories, where the air is changed every 4½ minutes. The moisture-proof package, wrapped in Du Pont's No. 300 Cellophane—the best made—reaches you just as if you went by the factory door.

In a letter to us, an eminent scientist says:

"Chesterfield Cigarettes are just as pure as the water you drink."

"Chesterfield cigarettes are just as pure as the water you drink"

© 1933, Liggett & Myers Tobacco Co.

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

Oriental Thoughts

I'm tired of the occident,
This ultra modern life;
I seek romance and mystery
And Oriental strife.
I long to lie in opium dens
In sensuous delight,
And, playing games of Chinese make,
I'd pass away the night.
Or else in flower-clad Japan,
A geisha by my side,
Paddling o'er a placid lake,
On a river's tide.
But my wife hates Orientals,
So I guess I'll have to be
Contented with Chop Suey
And the Chinese laundry.

GAMECOCK

Not So Good

Bill Sirica, having failed to pass a very important examination and wishing to break the news gently to his parents, sent the following wire to his brother: "Have failed to pass. Prepare father."

The brother replied: "Father prepared. Prepare yourself."

NRA Song

In Brains we trust,
We really must
The country's bust.

We're dry as dust,
We have no lust;
In brains we trust.

Let your brains rust,
Give us your trust—
You really MUST!
The country's bust.

OLD CROW

Curious

Teacher received her pay envelope and, after extracting the money, held it up for the class to see.

"What is this, Freddy Wilson?" she asked, by way of a general knowledge test.

"A pay envelope, Miss," said the boy.

"And what did it contain?" she went on.

"Money," said Freddy. "Your salary."

"Any further questions?"

"Please, teacher," said a little boy who had been studying the envelope in silence, "where do you work?"

Limerick

A Sultan at odds with his harem
Thought of a way he could scare 'em.
He caught him a mouse,
Let it loose in the house,
Thus starting the first Harem-scarem.

Ode to an Umbrella

My faithful old umbrella
For a long time was true blue;
Now from a dozen places
Rain on me comes pouring through.

People stare and slyly smile
When I carry it in sight;
I feel like shouting to them
That its age is my delight.

I'll use that old umbrella
'Till its barren ribs rust through—
I'd rather I were soaking
Than budgeting for a new!

GLEANER.

Pop (to his bright infant): "What's wrong?"

Son (12 years old): "I had a terrible scene with your wife."

Winning

It takes a little courage
And a little self-control
And some grim determination
If you want to win a goal.
It takes a deal of striving
And a firm and set chin,
No matter what the battle,
If you're really out to win.

There's no easy path to glory,
There's no rosy road to fame.
Life, however we may view it,
Is no simple parlor game;
But its prizes call for fighting,
For endurance and for grit,
For a rugged disposition
And a "don't know when to quit."

You must take a blow and give one,
You must risk and you must lose,
And expect that in the struggle
You will suffer from a bruise.
But you mustn't wince or falter
If a fight you once begin.
Be a man and face the battle—
That's the only way to win.

MUSE

Rosemont Nun (to Art Hart): "I'm sorry, but she said to tell you she isn't home."

Art: "Well, tell her that I'm glad I didn't call."

SMILER

SCHOLARSHIP FUND HONORS M'GEEHAN

Will Be Awarded Annually to Student Deserving Assistance

MUST BE GOOD SCHOLAR

A formal tribute to the memory of the late Charles A. McGeehan, former graduate manager of athletics and professor in the School of Technology, was recently paid by the administration through the establishment of a scholarship in his name.

The fund has been given the official title of "The Charles A. McGeehan Scholarship." It will be awarded each year, starting next fall, to some student who is deemed deserving of financial assistance.

Presentation of the scholarship will be on a non-competitive basis, but a student in order to be eligible for the award, must first show that he has a good scholastic standing and, secondly that he needs financial support.

The recipient of the award will be asked, "to emulate the sterling qualities of the alumnus for whom the scholarship is named and to strive to show forth in his life rugged honesty, inspiring leadership and deep penetrating sympathy.

Ever since the death of Mr. McGeehan, his friends and the alumni and faculty of Villanova have been endeavoring to do something to preserve his memory. The establishment of this fund was hit upon as the most desirable method.

At the present time the fund represents a sum of $500, which has been placed in a trust account. This amount, however, is merely the beginning. It is hoped by those backing the movement that the fund will ultimately reach $20,000, the sum necessary to grant a 100 per cent. scholarship to a student.

Alumni, friends and many others have consequently been asked to contribute to the fund. A complete record will be made of all donors, while the name of the scholarship and the recipient will be carried in th college catalog.

Junior Group Meets

The Junior Blazer Committee held a preliminary meeting last Friday in Room 212 Mendel Hall. The purpose of the assembly was to acquaint the members of the business which will be transacted in the future.

The assemblage for the next meeting has been set for an indefinite date after the mid-year examination period.

Arts Seminar Has Novel Discussion On Merits of Fr. Coughlin's Talks

An interesting discussion on the merits of Rev. Charles E. Coughlin, the pioneering priest of Detroit, was the feature of the Arts Seminar held last Thursday. The subject matter of the question was prepared by two members of the freshman class, each taking opposite views on whether or not Fr. Coughlin should be restricted in his addresses to the American public. Anthony J. Differ, a first year student, delivered both papers.

Fr. Coughlin, according to the affirmative side of the issue should be restricted because he is attacking personalities without apparently reliable evidence, and because his views, being as they are, delivered by a Catholic priest, might be interpreted by the public as the opinions of the Church of Rome. In this latter happening lies the real danger, the paper concluded.

The opposite aspect stated that Fr. Coughlin has approached all questions absolutely independently of politics. It is not a political question in that it is partisan. It is an American question, and God's question, and certainly his purpose in his radio discourses is humanitarian enough to justify him.

The members of the seminar then began an open forum, discussing the relative merits of the two papers.

Prof. Joseph T. Jonas announced that he is inaugurating an innovation in the seminar by having two members of one class prepare essays on significant issues of the present day. These compositions will then be delivered in the following seminar.

SENIOR DELIVERS LECTURE AT MEETING OF A. S. M. E

"Comparison of Open and Closed Circuit Cement Manufacture" Is Title of Talk

The monthly meeting of the Villanova Chapter of the American Society of Mechanical Engineers was held last week, at which time the second of a series of lectures was delivered by Robert Reid, '34.

The title of Reid's talk was "The Comparison of the Open and Closed Circuit Cement Manufacture." He first drew a comparison between the open and closed circuit and secondly showed their advantages and disadvantages. The theory was not dealt with in this lecture as Reid wished to present a clear knowledge of these circuits to the members at a latter date. He will then continue his talk and deal with the theory of the circuits of cement manufacturer.

The society was supposed to make another one of their proposed trips of the school year last Thursday, but due to the inclement weather the trip was postponed until after the holidays. The society had planned to visit the Diamond Fibre Company, and also the Cochrane Foundry Company, of Norristown.

Beta Gamma Leads Debating League

Continued From Page One

Temple debaters at Mitten Hall was made up of Francis Bigley, Louis Marcots, and Martin Donnelly, and it was opposed by a team consisting of Marcus Perloff, Malcolm Webb, and Donald Spigler. Here, too, the judges all voted in favor of the Main Liners.

The receiving of all the votes in both debates gives Villanova six points in the league standing.

FOR A MERRY CHRISTMAS

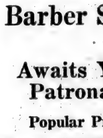
***Telephone* Home!**

Now—before you go home for Christmas—telephone the family. There are Christmas gifts to discuss . . . traveling arrangements to make . . . family plans to consider before you can make your own.

A few words by telephone will settle every detail. Just as during the college term it is the best way to keep in touch with Home, so now that the term is ending, the telephone will pave the way for a joyous home-coming!

• • •

"VOICE VISITS" *are* SURPRISINGLY INEXPENSIVE



Wait for 8:30 P.M. to take advantage of the low Night Rates that then go into effect on Station to Station calls.

Just give the Operator your home telephone number and "hold the line."

Charges may be reversed.

Sideline Slants

By the Sports Editor

LAST THURSDAY the grads held their annual banquet and reunion in honor of the football team of 1933. Held at the Hotel Adelphia, it proved to be the most successful one since their inception several years ago. The story and account of the affair is related in this week's edition, and it is not our purpose to review it. But a word of comment and congratulation to the members and the committee of the Philadelphia Club for their success in this undertaking certainly would not be amiss. You who attended the rally held the eve of the memorable Temple game witnessed the caliber of some of the speakers who attended Thursday's affair. Marty Brill, Harvey Harman, Harry Stuhldreher and others. Some of the remarks made that night certainly gave us a somewhat new slant on several matters. Recalling for a moment the remark made by our own coach, Mr. Stuhldreher, when he said, "A football season to the team and myself is similar to a ladder. In other words we endeavor to take every game as it comes and put forth our utmost ability to win the game. It has been voiced about that we would rather lose all our other games in a season and win the Temple game, and still count the year a success. If a thing of this sort occurred, the position of the coaches would not be too secure in the minds of the alumni. Every game is a Temple game to us." To tell the truth, we have been of the same opinion maintained by most students, that a season with eight or nine losses and one victory over Temple would mean a successful year. Certainly a triumph over our arch rivals would mean a lot to us, but not that much. The speakers were most entertaining and not a dull moment was spent the entire evening. Here's to more banquets of this caliber.

• • •

THE ONE thing that we of the sports staff try to eliminate is the publishing of our opinion as to who is the most valuable player on any team at Villanova. After all, it perhaps gives the other members of the squad the idea that we do not appreciate their worth, or that we have a favorite player amongst them. It is human nature that, in a person's mind, one thing or individual stands out above the rest. We have ours, you have yours. The player to whom we refer, in our humble opinion, has not received the praise that is due him. Whether he has noticed this or not, we don't know, but it is our bet that he hasn't. After all, there are some like that. To Toby Cavanaugh goes our vote this year. Perhaps there are some who will disagree with us. Most likely there are. As a blocker and a passer, there is nobody that surpasses him. As a field general, you could count the mistakes that you know, providing that you understand the sport thoroughly, on the fingers of one hand, and still not use them all.

• • •

ALL THAT the sports staff needs is a few more pages to give the complete list of All-teams that named Villanova men in their selections. For instance this week we are printing the All-Catholic. Last week's issue featured the All-East, Associated Press All-American, and others. Recently the Gettysburg team gave their All-Opponent selections and numbered among their players the names of Randour, Grimberg, Michaels, Blanchard and O'Donnell. This All-business seems to have struck the fancy of every coach and sports writer, but where they get the nerve to make public a mythical eleven of their own choice composed of players that they have never seen is beyond our ken. We could name ours, placing such players as Cotton Warburton, of Southern California; Ceppi, of Princeton; Krausse, of Notre Dame; Buckler, of Army, and others that we have heard of, but if we saw them play perhaps we would change our humble opinion of them. Nevertheless, coaches and writers of this sort have their oddities and as long as they don't hurt our feelings, let them have their fun. Soon our day will come when we will name the All-Intra-Mural.

Michaels	0	0	0	1	2	0
McGee	0	1	0	0	1	0
Totals	33	25	3	2	246	2646

Final Statistics Show Randour Ahead In Points As Well As Yardage Gained

"Whitey" Racks Up 849 Yards and Leads His Closest Backfield Rival, Weisenbaugh, Who Tallies 481 Points

The final statistics for the football team have been completed and arranged. The tabulations show that Captain Randour leads his mates in both scoring and yards gained, racking up 73 markers this year and gaining 849 yards. The record compiled by the blond-headed leader of this year's gridiron aggregation was remarkable when it is considered that he averaged seven points in every game, and chalked up over 84 yards in each contest played.

Following Randour was Joe Wisenbaugh with 55 points and 481 yards from scrimmage. Joe was more erratic than Randour, scoring two or three times in a single game and then going scoreless for two games. In a way, his record is more surprising than Randour's because he played the role of a substitute, alternating with Harry Patzsch at the fullback position. The latter followed his alternate with 24 points, the same number being recorded by Carroll Cook. However "Light Horse Harry" has 442 yards as to 401 for Cook. Jimmy Walsh, fleet-footed halfback, crossed the final chalk mark only once this season, but he gained 153 yards as to 98 to his closest competitor, Frank Wetzler, who also had 7 points to his credit.

In the way of field goals kicked, Toby Cavanaugh led all others by an absolute margin. He succeeded in booting three across the posts for 9 points and kicked two points after touchdown for a total of 11 points. Barney Lee, however, was the ace after-touchdown-kicker, succeeding 12 times out of 13 attempts.

Two safeties were scored by Villanova players, one by Eddie Michaels and the other by Vince Zizac. The Villanova team tallied 33 touchdowns, 25 points after touchdown, 3 field goals and two safeties for a total of 246 points for the season.

JAYVEES DEFEATED EASILY BY VARSITY

Entire Squads of Both Teams See Action in Interesting but Decisive Tourney

O'MEARA IS HIGH SCORER

Putting on the finishing touches before entering into their first game of the season tonight, the varsity basketball team engaged the up and coming junior varsity last Thursday at the gymnasium. The contest proved interesting although the Jayvees were humbled to the tune of 47 to 6.

The varsity were on their toes throughout the better part of the game and hung up field goals from all parts of the floor, although at times their passing left something to be desired. Mike O'Meara, flashy forward for the varsity, was the high scorer, sinking six field goals for a total of 12 points, being followed by Robinson and Barry with seven each.

The entire squads of both teams saw action, 13 men at different times representing the Jayvees with 10 seeing action for the varsity. The varsity held the juniors scoreless from the floor for the most part, and it was late in the fourth quarter that the jayvees were able to split the cords for their first tally, by Barney Lee.

For the varsity, the play was dominated in the first half by the play and shooting of Johnny Barry and the defensive work of Pop Travers and Jack Shevlin. With O'Meare entering the game in the second half, he took the spotlight from everybody, chalking up six tallies during his stay in the game.

The biggest improvement shown by any single member of the varsity aggregation was that of Jocko Hurley who has developed into a stellar guard. Barry and Travers at forwards, Shevlin and Hurley at guards and Torpey at center, composed the first string combination that Coach "Doc" Jacobs sent on the floor at the game's inception. Up until this time this was thought to be the starting line-up for the game tonight but the work of O'Meare and Robinson gave a different aspect to the situation.

Nothing can be judged from the play of the varsity in this contest for Ben Geraghty, ace freshman forward of last year, was the only member of the squad missing, and did not participate in the game.

Line-up:

VARSITY

	F.G.	F.	Pts.
Barry forward	2	3	7
Travers, forward	1	0	2
Hurley, guard	3	0	6
Shevlin, guard	1	1	3

Red and Blue Too Powerful For Villanova Aggregation

Mooney, Substitute Center, Scores Seven Points But Blue and White Team Unable to Cope With Penn Long Shots

PRELIMINARY TO PENN-MICH. FRAY

VILLANOVA'S jayvee basketball squad, coached by Tom McFeeley, traveled to the Penn Palestra Saturday night and met defeat at the hands of the Penn jayvees, 33-18, in the preliminary to the varsity Red and Blue-Michigan encounter.

The defeat of the Blue and White was foreseen, but they really showed more than their most optimistic followers expected, and held their favored rivals fairly even until the last several minutes of play, when the Penn sharpshooters tossed in a series of long shots in an exhibition that showed either uncanny skill or lots of good luck. Buck Taylor, Villanova forward, was injured midway through the third quarter and was removed to the hospital, but fortunately his injuries were found to be slight and he was discharged.

Substitution Helps

After several minutes had elapsed, with both teams attempting to work in for a short pass, Dobiski, lanky Penn pivot man, started scoring with a field goal. He repeated a minute later and Mooney replaced Shelley at center for Villanova. This substitution bolstered the Blue and White considerably and they put up a stubborn defense to Penn's efforts. Taylor scored first for Villanova with a beautiful shot from almost the center of the floor and Penn led 4-2. At this point, the game gave every indication of being a low-scoring struggle, for both teams were guarding closely and shots were scarce. The basketball was very sloppy and both teams were frequently guilty of elementary errors; the passing was bad and all of the shots were far off line.

Mooney tossed in a field goal as the second quarter got under way and the score was tied at four apiece, but Fine and Bradford came back with a field goal each for Penn and these plus the latter's foul put Penn out in front again 9-4. Catrabone, of Villanova, converted one of two foul tries and Totin broke away for a field goal and Villanova pulled up to 9-7. Here Totin and Bradford were guilty of a double foul and the latter converted. A moment later Bradford was fouled again and again made the free try and Penn increased its lead to 11-7. At this point Dart was substituted for Totin, who was already guilty of three personal fouls, and he immediately scored on a well executed out. Wexler, of Penn, made a field goal as the half ended and the boys went to the showers with Penn leading 13-9.

Game Improves

Mooney made two field goals shortly after the second half opened and the Blue and White was on even terms once again after having trailed since midway through the first half. However, Penn retaliated and field goals by Wexler and Bradford put them out in front never to be headed. Milumed came through with a foul and Penn led 18-13. Wexler made another field goal and Dobiski who had been tied up completely by Mooney finally broke through for two points and Penn led 22-13. Milumed made a foul and Penn had a lead of ten points with only five minutes remaining. The playing of both teams in this half was a big improvement over the form they exhibited in the first half and shots were more ac-

FOOTBALL SCHEDULE HAS 2 NEW TEAMS

La Salle and Western Maryland Listed for First Time on Wildcat Roster

TO MEET BOSTON AT HOME

With the addition of two new teams, the Athletic Office officially released the 1934 football schedule yesterday. Western Maryland and La Salle are the teams to be seen on the Wildcats schedule for the first time. Detroit who was met in 1932 again appears on the card for next year.

The Cats will play five games at home, numbering amongst their opponents Ursinus, Western Maryland, La Salle, Detroit and, for the first time in four years, Boston College. Bucknell will be met in Lewisburg, Manhattan in New York and Temple in Philadelphia.

The Villanova team will open the season, September 29, when they meet Ursinus at the stadium. The Bears have grown to be quite formidable opponents, holding the Cats to a 7 to 7 stalemate this year.

The following game will also be played at home with Western Maryland providing the opposition. The Southerners made an impressive showing this year, numbering amongst their defeated rivals, Georgetown, Maryland and Bucknell, while they dropped close decisions to Duquesne and Boston College.

La Salle will inaugurate a new series of rivalries when they visit the stadium, October 13. This game promises to be one of keen interest for Philadelphians, for there is a tremendous local interest in both teams.

Detroit, after the lapse of a year, again comes to the stadium on October 20. Presenting an array of stars this year, they defeated such opponents as Washington and Jefferson, Marquette, Holy Cross, Catholic University and Michigan State.

Bucknell, on a home-and-home basis will be met in Lewisburg, October 27. The game this year created quite a turmoil, and it will be with the odds against them that the Cats journey to the Bisons home grounds next season.

Boston College will make its initial appearance in four years when they will be seen, November 3, at

Alumni Leads Intra-Murals at First Quarter

Austin in Second Position With 4 Wins and 1 Defeat

Mendel Wins in Last Minute Over C&F Day-hops to Gain Third Place, Winning Three and Losing Two

1933 CHAMPS REMAIN UNDEFEATED

WITH BUT two games left to play in the first quarter, the fight for first place in the intra-mural basketball circuit is becoming hotter and hotter. In fact the fight for both ends of the list is an inferno, Austin and Alumni battling for the top of the ladder and both the Day Hop teams scrapping for the lower end.

The Mendel Hall Frosh broke into the win column again Thursday afternoon by nosing out the C&F Day Hops, 18-16. It was anybody's game until the final minutes, when the Frosh kept the Commuters from scoring that all important basket which would cause an overtime period.

Morin went on a scoring spree and chalked up 11 points. He was everywhere on the floor passing and dribbling and making impossible shots. However most of his success was due to the fine teamwork of Rodman who worked the ball into position for most of the scores. Gebka was outstanding for the losers, scoring five points toward their total.

Austin Beats Mendel

The Mendel Day Hops were taken into camp quite conclusively by Austin Hall, Wednesday, to the tune of 24-17. Harry White set the pace for the winners with six points while McGovern and Willis tied for second honors with four points. McNamara was the losers' best bet with a total of five points. Austin was never threatened during the contest but held a comfortable lead throughout.

The C. & F. Day Hops suffered their second defeat of the week at the hands of Fedigan Hall. The score at the half-way mark was 16-8, with Fedigan enjoying a comfortable lead. The big guns of Fedigan in the first half were silenced in the second frame and the lesser noises in the previous half came through with a bang in the final canto. McGonnigle with but two fouls to his credit in the first half pepped it up a bit in the second half and tallied six more points. To Steve Kremer went the individual scoring honors, he having netted 12 points. Gough followed him with nine points. Marechal and Fittipoldi were obliged to share the scoring honors for the losers, with nine points each.

Mendel, 13; Fedigan, 11

Friday night, the players took to the new gym and there were staged the two fiercest battles of the season. Mendel Hall rose to the heights and humbled Fedigan amid much rejoicing on the part of some and surprise on the part of others. When the whistle ended the game Mendel was out in front by the score of 13-11. Mendel Hall entered the battle as underdogs but they outplayed the upper classmen from whistle to whistle. The score at half time was 7-6, with Fedigan out in front but a determined Mendel team took the floor at the beginning

VILLANOVA OPENS WITH WEST CHESTER

Wildcats Anxious for Victory in Opening Contest in Gym Tonight

JUNIOR VARSITY TO PLAY

The Villanova basketball team will be primed and anxious for their first victory of the current season when they meet the West Chester Teachers' squad at the gym tonight.

Coach "Doc" Jacobs has many of last year's veterans besides several new additions from the 1933 frosh team.

Harold (Jocko) Hurley is the only senior member of the new edition of the Wildcat five and is expected to start in his old position.

All of last year's sophomores with the exception of Jerry Daly, who did not return to school, are expected to see action tonight.

The pivot post will probably be held by Jack Torpey, with John Shevlin, Pop Travers, Jack Barry and Jocko Hurley rounding out the starting five.

From the former frosh squad are Jack Robinson, Ben Geraghty, former St. Benedicts Prep star, Bill Sweeney, Mike O'Meara, Bill Ferris and Tom Ryan. Any or all of these players may see action and final last minute changes may place them in the starting line-up.

The opening game was originally scheduled for last Friday night with Lafayette providing the opposition, but because of other arrangements made by the Lafayette authorities this contest was cancelled.

With this cancellation, the West Chester Teachers' game is the only one which the Wildcats will play until after the Christmas holidays when Ursinus provides the competition.

As a preliminary game, the Villanova junior varsity club will meet the Teachers' second team. The Cat jayvees met their first defeat last Saturday night when they played the University of Pennsylvania junior varsity as a preliminary to the Penn-Michigan game. The Blue and White team is equally determined that this shall be their first win and make the evening doubly successful for Villanova.

In the Limelight

FOREMOST among Villanova's gridiron constellations is the diminutive William "Toby" Cavanaugh. Toby needs no herald to announce his presence on the campus. He is known to everyone as one of the headiest field generals to matriculate at Villanova.

Brilliant though Toby's college playing has been, it hardly eclipses his prep school career. Toby, a senior in the Arts School, lives in Norwood, Mass., where he attended Norwood High School. There he was an all-around athlete, gaining 11 varsity letters, four in baseball, in which sport he was captain his last two years; three in football and basketball, and one in hockey.

Upon graduating from Norwood, Bill decided to enter Dean Academy, where he again starred in the three major sports, football, basketball and baseball. It was in this school that Toby prepared for his collegiate career.

Toby entered Villanova in the fall of 1930 and reported for the Freshman football team. It was not long before he convinced the coach that he was of varsity caliber, and directed the team through an undefeated season.

In his Sophomore year Bill won a second-string quarterback position and gained his varsity "V." In the spring of the same year he reported for the baseball team and saw enough action to be rewarded with another varsity letter.

Toby's Junior year again saw him starring on both the football and

Toby Cavanaugh

baseball teams and again winning letters in each sport.

Up until this time Toby has in all won five letters, having partaken in enough competition to assure him of his third letter in football. He has another season to play baseball and is almost sure of landing a varsity job.

Upon graduation Toby expressed his desire to land a coaching job, and we think he has all the qualifications of a good coach.

'CATS' MEOW

AT LAST we have been enlightened concerning the meaning of "Rain of the Roof" Regan.

—V—

Nick (The Vipe) Fittumopoldi and Carl (Machine Gun) (Fly Speck) Kelly are ready to start a 150-lb. pro-football team. Get the pro.

—V—

Walter (Blonde) Korchinski has been trying to change his complexion. Fie, fie on you, Walter, taking facials. This is the end.

—V—

Our debating team unanimously won both sides of an argument with Temple. They are just taking up where the football team left off.

—V—

The football season is absolutely over. The boys ate on the eye and made up for lost time.

—V—

Grimberg ate everything from soup to soup.

—V—

In the way of sports, this pinochle fad in Mendel has been creating quite an uproar.

—V—

In the Dec. 16 issue of the New Yorker, Milan Vidnovic was given honorable mention on the All-American team, chosen for a list of players whose names are hard to pronounce. One way or another Milly.

Football Schedule Has 2 New Teams

Continued From Page Five

the Stadium, at which time the Villanova squad hopes to obtain revenge for the defeat inflicted on them this year in Boston.

Manhattan and Temple, on November 17 and 24, respectively, complete the schedule. Manhattan will be played at Ebbets field, and Temple at Temple stadium.

Although the schedule lists eight games, efforts are being made to book George Washington University for the open date on November 10. This team, from all reports, has been playing to twenty and thirty thousand people in Washington and has secured quite a home following. The past year they numbered amongst their victims, North Dakota, Auburn, West Virginia Wesleyan and Washington and Jefferson. They were defeated by Tennessee, Tulsa and Kansas.

The completed schedule is as follows:

Sept. 29—Ursinus	home
Oct. 6—Western Maryland	home
Oct. 13—La Salle	home
Oct. 20—Detroit	home
Oct. 27—Bucknell	away
Nov. 3—Boston College	home
Nov. 10—Open	
Nov. 17—Manhattan	away
Nov. 24—Temple	away

and the Boston A. C. meets.

Coach Bob Reagan has the nucleus for a crack team in Fenstemacher, Jocko Hurley, Jumbo Elliott, Alex Kramer, Bob Bobertz, Jim McConville and Frank Conway in the running events. Carl Hickey will be Villanova's Barney Berlinger and Don Blanchard, Frank Macek and Frank Wetzler will be the entries in the weight events.

"Whitey" Randour Accepts Invitation To Play on All-North Team, Dec. 24

Heaping laurels upon the Villanova football team seems to be the rule this season. After having enjoyed the honors of having players placed on All-Eastern, All-Catholic and All-Philadelphia teams, and honorable mention on All-American squads, there now comes the added distinction of having Captain "Whitey" Randour selected to play first-string halfback on the All-North team.

The game, played on December 24, will be a contest between stars of Northern colleges and picked men from Southern institutions. This traditional fray, held in New York before capacity crowds, is always a highlight of post-season football games.

Captain Randour has already left for New York, where he started practice along with the other members of the picked squad, which includes players from Fordham, Duquesne, Colgate, Boston, Temple, and other well-known colleges.

Randour was almost a universal selection on "All" teams named by sports writers and coaches. He was picked on teams composed by Eddie Dooley, Jock Sutherland, the Associated Press, the New York Sun, the Philadelphia Record, and many others. The game on December 24 will bring to a close the college football career of one of the most colorful and outstanding players ever to wear the moleskins of Villanova.

CINDERPATHERS ENTERED IN FIVE INDOOR MEETS

Practice Will Begin Immediately After Christmas Vacation; Veterans Ready

The track team is in need of replacements due to the loss of several of its members through graduation. Captain Joe Fenstemacher is anxious to uphold the record which the team has compiled in the last two years and, therefore, urges the candidates to secure their equipment before the Christmas holidays if possible in order to insure an early start after school reopens.

The veteran members of the squad are ready to start the indoor season. Assistant manager Edgar Cottrell has sent the team's entry to the A. A. U. office, thereby making the college eligible for competition in indoor meets sponsored by that association this year.

Five meets are listed for the coming indoor season. They are the West Virginia, New York K. of C., New York Melrose, Boston K. of C.,

NOTABLES ATTEND FOOTBALL BANQUET

Honorable Charles D. McAvoy Presided as Toastmaster of Ceremony

THREE HUNDRED PRESENT

Continued From Page One

Manager of Rutgers; J. Stanley Smith, Coach Harry Stuhldreher, Ed Hunsinger and many others.

J. Stanley Smith, a Philadelphia attorney, was given the annual award presented to a member who has done the most outstanding service for the college. Mr. Smith, who graduated in 1893, is the founder of the Kingsley Club of Philadelphia, New York and London for the correction of impediments in speech.

The outstanding talk of the evening was presented by Fr. Stanford, who congratulated the members of the Villanova Club of Philadelphia for their faithfulness in arranging, for the past 10 years, the annual dinner in honor of the football team. He then went on to state that the Philadelphia Club had never honored a more deserving team than the present one.

Fr. Stanford, in concluding his talk, said that at the conclusion of a most successful season, the authorities had every reason to be proud of the football team, not only for the victories and defeats on the written record but also for the high caliber of the unwritten record. He extoled the splendid spirit of cooperation and earnestness that they had shown in their work, and for the complimentary reports that had come to the authorities of their gentlemanly conduct, both on and off the field.

Another popular talker of the evening was found in the person of Ed Hunsinger, former coach at Villanova, and now an assistant at Fordham. Several amusing incidents were supplied by Mr. Hunsinger's talk which was one of the most entertaining of the evening.

"Rip" Miller, Harvey Harman, Jinie Miller and Marty Brill, who are among the foremost college coaches in the country, praised the Villanova team for the splendid record that they compiled during the past season, and for the splendid spirit that they had shown in all their games.

UNUSUAL CONCERT RENDERED BY BOYS

The Weiner Saengerknaben, Touring Country, Sing in C. & F. Building

Continued From Page One

parts; first, a group of songs in honor of the Holy Year; secondly, a rendition of a delectable comic opera in costume, "Wedding by Lanternlight," by Jean Jacquer Offenbach) and thirdly, a group of Austrian songs which concluded with "Bruederlein und Schwesterlein," a waltz by Johann Strauss. For encores they presented four very popular compositions. They were: "Blue Danube," "My Mother Was a Viennese," "Way Down South in Dixie," and "Silent Night, Holy Night."

Play Feminine Roles

It would be unfair to pass without mentioning with what precision and effectiveness the opera was charmingly executed. Boys, not yet or hardly in their teens, took the parts of both boys and girls with such finesse and talented ability that it seemed they were little geniuses of remarkable understanding. Although handicapped by a language foreign to most of the audience, they were able to let the audience experience and follow the opera perfectly by their irresistable manner and skill of presentation.

The Weiner Saengerknaben, founded in 1498 by the Imperial Decree of Emperor Maximillian, was supported by the Austrian Crown until the World War, when, faced with financial difficulties, it was forced to look to other means of support. The choir has survived, however, only through the untiring efforts of its present dean, Rector Josef Schmitt, and its capable musical director, Hans V. Urbanek. The concert was presented by S. Hurok.

COLLEGE HONORS OUTSTANDING ALUMNUS OF 1933

Photo shows Thomas J. McCoy, '29, president of the Philadelphia Chapter of the National Alumni Association conferring the award for meritorious service during the past year on J. Stanley Smith, '93.

Illustrated Lecture Given At Science School Seminar

Three Pictures Are Demonstrated by Dr. Dintenfass

PROBLEMS SHOWN

The students of the School of Science had the renewed pleasure of listening to Dr. Henry Dintenfass of the Graduate School of Medicine of the University of Pennsylvania in the weekly seminar, last Thursday. In a lecture illustrated with motion pictures, Dr. Dintenfass discussed a few topics, namely "A Tonsil Operation," "A Simple Mastoid Operation," and "An Operation for the Curing of An Infected Condition of the Frontal Nasal Sinus."

Punctuated with frequent touches of humor, Dr. Dintenfass explained the various operations necessary in his work. The doctor introduced a new motion picture to the students. This picture was of great importance because it showed the various movements of the vocal chords photographed through mirrors from an actual operation. Another new feature was the demonstration of bloodless methods used in operations for tonsils.

The picture of the operation on the nasal sinus was pointed out by Dr. Dintenfass as a coming problem for dentists. It is gradually being understood by medical authorities that this special type of operation will gradually come under the specialization of the dentist. The operation consists in cutting the flesh away from the roots of the upper teeth, chiseling through the upper maxillary bone and effecting a drainage to the nasal passages. The severed flesh is then stitched with catgut, and the patient can be discharged in a short time. The method of cure or of alleviation in this operation, as well as those of the mastoid operations, is to make a drainage canal allowing the everforming purelent matter to escape, thus resulting in a gradual but effective cure.

The motion picture illustrating the talk on a simple mastoid operation proved especially interesting to the students. The symptoms of a mastoid condition, it was pointed out, are usually an earache and a general swelling of the mastoid area, located ventral and caudal to the ear.

After the necessary precautions have been taken, a small incision is made in the position already mentioned. After clearing away the fascia and muscle fiber, the bone is reached. The bone is then chiseled until a passage to the mastoid process bone is made. From this the pus is seen to extrude and a cotton

ALUMNI IS LEADING AT FIRST QUARTER

Continued From Page Six

of the second half and things began to happen. It was Rodman and Morin again who stood out for the victors on the offense but the star on the defense was without a doubt Jack Donovan. He was constantly breaking up plays and spoiling what looked like sure shots that would garner points. McGonnigle still continues to be the thorn in the side of Fedigan's opponents. In this game he accumulated four points. The feature shot of the evening was Bruno's quick pop which bounced around on the rim of the basket in such a manner that everyone beneath the basket was jumping up to get it when it fell. But it very nicely dropped through the net and another two points was chalked up for Mendel.

Alumni vs. Austin

The big game of the week was held Friday between Alumni Hall and Austin Hall. The outcome of that hectic battle spelled victory for Alumni although many thought that Austin was a sure winner. The final score was 14-13. Frank Skaff led the attack with nine points while Willis showed the way for the losers with seven. The game was packed with dynamite and the aggressive playing on the part of both teams was a source of great interest to the spectators. Two players were banished from the game because of personal fouls. They were Harry White of Austin, and John Higgins of Alumni. The former's football tactics were the spice of the evening (to the spectators only). The last few minutes of the contest were the most exciting for the basketeers from Austin took a shot every time they could but not one of them sank the tying hoop.

The final game of the week was played Saturday in the old gym. The Mendel Day Hops returned to school to tangle with a very tired Alumni team.

Penn Too Powerful In Jayvee Five

Continued From Page Five

curate with the result that the score rose quickly.

Here Villanova made a determined bid. Willis and Barney Lee each tallied twin pointers and the Blue and White pulled up to within six points of their rivals. However, it was here that Penn came through with their aforementioned epidemic of long shots. Mack came through with two baskets and Wexler, Hamilton and Danilowicy with one apiece gave Penn a total of 10 points in about two minutes. Mooney broke through this string and threw up a foul for Villanova's last point of the game. The final score was Penn, 33; Villanova, 18.

Individual scoring honors went to Mack, of Penn, with his four field goals, all of the sensational variety. Dobiski, of the Red and Blue, and Mooney, opposing centers, got the runner-up honors with totals of seven points. The defensive stars were Milumed, of Penn, and Feehery and Barney Lee, of Villanova.

Alumni Leads Intra-Murals at First Quarter

Austin in Second Position With 4 Wins and 1 Defeat

Mendel Wins in Last Minute Over C&F Day-hops to Gain Third Place, Winning Three and Losing Two

1933 CHAMPS REMAIN UNDEFEATED

WITH BUT two games left to play in the first quarter, the fight for first place in the intra-mural basketball circuit is becoming hotter and hotter. In fact the fight for both ends of the list is an inferno, Austin and Alumni battling for the top of the ladder and both the Day Hop teams scrapping for the lower end.

The Mendel Hall Frosh broke into the win column again Thursday afternoon by nosing out the C&F Day Hops, 18-16. It was anybody's game until the final minutes, when the Frosh kept the Commuters from scoring that all important basket which would cause an overtime period.

Morin went on a scoring spree and chalked up 11 points. He was everywhere on the floor passing and dribbling and making impossible shots. However most of his success was due to the fine team-work of Rodman who worked the ball into position for most of the scores. Gebka was outstanding for the losers, scoring five points toward their total.

Austin Beats Mendel

The Mendel Day Hops were taken into camp quite conclusively by Austin Hall, Wednesday, to the tune of 24-17. Harry White set the pace for the winners with six points while McGovern and Willis tied for second honors with four points. McNamara was the losers' best bet with a total of five points. Austin was never threatened during the contest but held a comfortable lead throughout.

The C. & F. Day Hops suffered their second defeat of the week at the hands of Fedigan Hall. The score at the half-way mark was 16-8, with Fedigan enjoying a comfortable lead. The big guns of Fedigan in the first half were silenced in the second frame and the lesser noises in the previous half came through with a bang in the final canto. McGonnigle with but two fouls to his credit in the first half pepped it up a bit in the second half and tallied six more points. To Steve Kremer went the individual scoring honors, he having netted 12 points. Gough followed him with nine points. Marechal and Fittipoldi were obliged to share the scoring honors for the losers, with nine points each.

Mendel, 13; Fedigan, 11

Friday night, the players took to the new gym and there were staged the two fiercest battles of the season. Mendel Hall rose to the heights and humbled Fedigan amid much rejoicing on the part of some and surprise on the part of others. When the whistle ended the game Mendel was out in front by the score of 13-11. Mendel Hall entered the battle as underdogs but they outplayed the upper classmen from whistle to whistle. The score at half time was 7-6, with Fedigan out in front but a determined Mendel team took the floor at the beginning

VILLANOVA OPENS WITH WEST CHESTER

Wildcats Anxious for Victory in Opening Contest in Gym Tonight

JUNIOR VARSITY TO PLAY

The Villanova basketball team will be primed and anxious for their first victory of the current season when they meet the West Chester Teachers' squad at the gym tonight.

Coach "Doc" Jacobs has many of last year's veterans besides several new additions from the 1933 frosh team.

Harold (Jocko) Hurley is the only senior member of the new edition of the Wildcat five and is expected to start in his old position.

All of last year's sophomores with the exception of Jerry Daly, who did not return to school, are expected to see action tonight.

The pivot post will probably be held by Jack Torpey, with John Shevlin, Pop Travers, Jack Barry and Jocko Hurley rounding out the starting five.

From the former frosh squad are Jack Robinson, Ben Geraghty, former St. Benedicts Prep star, Bill Sweeney, Mike O'Meara, Bill Ferris and Tom Ryan. Any or all of these players may see action and final last minute changes may place them in the starting line-up.

The opening game was originally scheduled for last Friday night with Lafayette providing the opposition, but because of other arrangements made by the Lafayette authorities this contest was cancelled.

With this cancellation, the West Chester Teachers' game is the only one which the Wildcats will play until after the Christmas holidays when Ursinus provides the competition.

As a preliminary game, the Villanova junior varsity club will meet the Teachers' second team. The Cat jayvees met their first defeat last Saturday night when they played the University of Pennsylvania junior varsity as a preliminary to the Penn-Michigan game. The Blue and White team is equally determined that this shall be their first win and make the evening doubly successful for Villanova.

In the Limelight

Toby Cavanaugh

FOREMOST among Villanova's gridiron constellations is the diminutive William "Toby" Cavanaugh. Toby needs no herald to announce his presence on the campus. He is known to everyone as one of the headiest field generals to matriculate at Villanova.

Brilliant though Toby"s college playing has been, it hardly eclipses his prep school career. Toby, a senior in the Arts School, lives in Norwood, Mass., where he attended Norwood High School. There he was an all-around athlete, gaining 11 varsity letters, four in baseball, in which sport he was captain his last two years; three in football and basketball, and one in hockey.

Upon graduating from Norwood, Bill decided to enter Dean Academy, where he again starred in the three major sports, football, basketball and baseball. It was in this school that Toby prepared for his collegiate career.

Toby entered Villanova in the fall of 1930 and reported for the Freshman football team. It was not long before he convinced the coach that he was of varsity caliber, and directed the team through an undefeated season.

In his Sophomore year Bill won a second-string quarterback position and gained his varsity "V." In the spring of the same year he reported for the baseball team and saw enough action to be rewarded with another varsity letter.

Toby's Junior year again saw him starring on both the football and baseball teams and again winning letters in each sport.

Up until this time Toby has in all won five letters, having partaken in enough competition to assure him of his third letter in football. He has another season to play baseball and is almost sure of landing a varsity job.

Upon graduation Toby expressed his desire to land a coaching job, and we think he has all the qualifications of a good coach.

"Whitey" Randour Accepts Invitation To Play on All-North Team, Dec. 24

Heaping laurels upon the Villanova football team seems to be the rule this season. After having enjoyed the honors of having players placed on All-Eastern, All-Catholic and All-Philadelphia teams, and honorable mention on All-American squads, there now comes the added distinction of having Captain "Whitey" Randour selected to play first-string halfback on the All-North team.

The game, played on December 24, will be a contest between stars of Northern colleges and picked men from Southern institutions. This traditional fray, held in New York before capacity crowds, is always a highlight of post-season football games.

Captain Randour has already left for New York, where he started practice along with the other members of the picked squad, which includes players from Fordham, Duquesne, Colgate, Boston, Temple, and other well-known colleges.

Randour was almost a universal selection on "All" teams named by sports writers and coaches. He was picked on teams composed by Eddie Dooley, Jock Sutherland, the Associated Press, the New York Sun, the Philadelphia Record, and many of others. The game on December 24 will bring to a close the college football career of one of the most colorful and outstanding players ever to wear the moleskins of Villanova.

CINDERPATHERS ENTERED IN FIVE INDOOR MEETS

Practice Will Begin Immediately After Christmas Vacation; Veterans Ready

The track team is in need of replacements due to the loss of several of its members through graduation. Captain Joe Fenstemacher is anxious to uphold the record which the team has compiled in the last two years and, therefore, urges the candidates to secure their equipment before the Christmas holidays if possible in order to insure an early start after school reopens.

The veteran members of the squad are ready to start the indoor season. Assistant manager Edgar Cottrell has sent the team's entry to the A. A. U. office, thereby making the college eligible for competition in indoor meets sponsored by that association this year.

Five meets are listed for the coming indoor season. They are the West Virginia, New York K. of C., New York Melrose, Boston K. of C., and the Boston A. C. meets.

Coach Bob Reagan has the nucleus for a crack team in Fenstemacher, Jocko Hurley, Jumbo Elliott, Alex Kramer, Bob Bobertz, Jim McConville and Frank Conway in the running events. Carl Hickey will be Villanova's Barney Berlinger and Don Blanchard, Frank Macek and Frank Wetzler will be the entries in the weight events.

'CATS' MEOW

AT LAST we have been enlightened concerning the meaning of "Rain of the Roof" Regan.

—V—

Nick (The Vipe) Fittumopolidi and Carl (Machine Gun) (Fly Speck) Kelly are ready to start a 150-lb. pro-football team. Get the pro.

—V—

Walter (Blonde) Korchinski has been trying to change his complexion. Fie, fie on you, Walter, taking facials. This is the end.

—V—

Our debating team unanimously won both sides of an argument with Temple. They are just taking up where the football team left off.

—V—

The football season is absolutely over. The boys ate on the eye and made up for lost time.

—V—

Grimberg ate everything from soup to soup.

—V—

In the way of sports, this pinochle fad in Mendel has been creating quite an uproar.

—V—

In the Dec. 16 issue of the New Yorker, Milan Vidnovic was given honorable mention on the All-American team, chosen for a list of players whose names are hard to pronounce. One way or another Milly.

Football Schedule Has 2 New Teams

Continued From Page Five

the Stadium, at which time the Villanova squad hopes to obtain revenge for the defeat inflicted on them this year in Boston.

Manhattan and Tempie, on November 17 and 24, respectively, complete the schedule. Manhattan will be played at Ebbets field, and Temple at Temple stadium.

Although the schedule lists eight games, efforts are being made to book George Washington University for the open date on November 10. This team, from all reports, has been playing to twenty and thirty thousand people in Washington and has secured quite a home following. The past year they numbered amongst their victims, North Dakota, Auburn, West Virginia Wesleyan and Washington and Jefferson. They were defeated by Tennessee, Tulsa and Kansas.

The completed schedule is as follows:

Sept. 29—Ursinus	home
Oct. 6—Western Maryland	home
Oct. 13—La Salle	home
Oct. 20—Detroit	home
Oct. 27—Bucknell	away
Nov. 3—Boston College	home
Nov. 10—Open	
Nov. 17—Manhattan	away
Nov. 24—Temple	away

NOTABLES ATTEND FOOTBALL BANQUET

Honorable Charles D. McAvoy Presided as Toastmaster of Ceremony

THREE HUNDRED PRESENT

Continued From Page One

Manager of Rutgers; J. Stanley Smith, Coach Harry Stuhldreher, Ed Hunsinger and many others.

J. Stanley Smith, a Philadelphia attorney, was given the annual award presented to a member who has done the most outstanding service for the college. Mr. Smith, who graduated in 1893, is the founder of the Kingsley Club of Philadelphia, New York and London for the correction of impediments in speech.

The outstanding talk of the evening was presented by Fr. Stanford, who congratulated the members of the Villanova Club of Philadelphia for their faithfulness in arranging, for the past 10 years, the annual dinner in honor of the football team. He then went on to atate that the Philadelphia Club had never honored a more deserving team than the present one.

Fr. Stanford, in concluding his talk, said that at the conclusion of a most successful season, the authorities had every reason to be proud of the football team, not only for the victories and defeats on the written record but also for the high scaliber ot the unwritten record. He extoled the splendid spirit of cooperation and earnestness that they had shown in their work, and for the complimentary reports that had come to the authorities of their gentlemanly connduct, both on and off the field.

Another popular talker of the evening was found in the person of Ed Hunsinger, former coach at Villanova, and now an assistant at Fordham. Several amusing incidents were supplied by Mr. Hunsinger's talk which was one of the most entertaining of the evening.

"Rip" Miller, Harvey Harman, Jinnie Miller and Marty Brill, who are among the foremost college coaches in the country, praised the Villanova team for the splendid record that they compiled during the past season, and for the splendid spirit that they had shown in all their games.

UNUSUAL CONCERT RENDERED BY BOYS

The Weiner Saengerknaben, Touring Country, Sing in C. & F. Building

Continued From Page One

parts; first, a group of songs in honor of the Holy Year; secondly, a rendition of a delectable comic opera in costume, "Wedding by Lanternlight," by Jean Jacquer Offenbach) and thirdly, a group of Austrian songs which concluded with "Bruederlein und Schwesterlein," a waltz by Johann Strauss. For encores they presented four very popular compositions. They were: "Blue Danube," "My Mother Was a Viennese," "Way Down South in Dixie," and "Silent Night, Holy Night."

Play Feminine Roles

It would be unfair to pass without mentioning with what precision and effectiveness the opera was charmingly executed, Boys, not yet or hardly in their teens, took the parts of both boys and girls with such finesse and talented ability that it seemed they were little geniuses of remarkable understanding. Although handicapped by a language foreign to most of the audience, they were able to let the audience experience and follow the opera perfectly by their irresistable manner and skill of presentation.

The Weiner Saengerknaben, founded in 1498 by the Imperial Decree of Emperor Maximillian, was supported by the Austrian Crown until the World War, when faced with financial difficulties, it was forced to look to other means of support. The choir has survived, however, only through the untiring efforts of its present dean, Rector Josef Schmitt, and its capable musical director, Hans V. Urbanek. The concert was presented by S. Hurok.

Illustrated Lecture Given At Science School Seminar

Three Pictures Are Demonstrated by Dr. Dintenfass

PROBLEMS SHOWN

The students of the School of Science had the renewed pleasure of listening to Dr. Henry Dintenfass of the Graduate School of Medicine of the University of Pennsylvania in the weekly seminar, last Thursday. In a lecture illustrated with motion pictures, Dr. Dintenfass discussed a few topics, namely "A Tonsil Operation," "A Simple Mastoid Operation," and "An Operation for the Curing of An Infected Condition of the Frontal Nasal Sinus."

Punctuated with frequent touches of humor, Dr. Dintenfass explained the various operations necessary in his work. The doctor introduced a new motion picture to the students. This picture was of great importance because it showed the various movements of the vocal chords photographed through mirrors from an actual operation. Another new feature was the demonstration of bloodless methods used in operations for tonsils.

The picture of the operation on the nasal sinus was pointed out by Dr. Dintenfass as a coming problem for dentists. It is gradually being understood by medical authorities that this special type of operation will gradually come under the specialization of the dentist. The operation consists in cutting the flesh away from the roots of the upper teeth, chiseling through the upper maxillary bone and effecting a drainage to the nasal passages. The severed flesh is then stitched with catgut, and the patient can be discharged in a short time. The method of cure or of alleviation in this operation, as well as those of the mastoid operations, is to make a drainage canal allowing the everforming purelent matter to escape, thus resulting in a gradual but effective cure.

The motion picture illustrating the talk on a simple mastoid operation proved especially interesting to the students. The symptoms of a mastoid condition, it was pointed out, are usually an earache and a general swelling of the mastoid area, located ventral and caudal to the ear.

After the necessary precautions have been taken, a small incision is made in the position already mentioned. After clearing away the fascia and muscle fiber, the bone is reached. The bone is then chiseled until a passage to the mastoid process bone is made. From this the pus is seen to extrude and a cotton

ALUMNI IS LEADING AT FIRST QUARTER

Continued From Page Six

of the second half and things began to happen. It was Rodman and Morin again who stood out for the victors on the offense but the star on the defense was without a doubt Jack Donovan. He was constantly breaking up plays and spoiling what looked like sure shots that would garner points. McGonnigle still continues to be the thorn in the side of Fedigan's opponents. In this game he accumulated four points. The feature shot of the evening was Bruno's quick pop which bounced around on the rim of the basket in such a manner that everyone beneath the basket was jumping up to get it when it fell. But it very nicely dropped through the net and another two points was chalked up for Mendel.

Alumni vs. Austin

The big game of the week was held Friday between Alumni Hall and Austin Hall. The outcome of that hectic battle spelled victory for Alumni although many thought that Austin was a sure winner. The final score was 14-13. Frank Skaff led the attack with nine points while Willis showed the way for the losers with seven. The game was packed with dynamite and the aggressive playing on the part of both teams was a source of great interest to the spectators. Two players were banished from the game because of personal fouls. They were Harry White of Austin, and John Higgins of Alumni. The former's football tactics were the spice of the evening (to the spectators only). The last few minutes of the contest were the most exciting for the basketeers from Austin took a shot every time they could but not one of them sank the tying hoop.

The final game of the week was played Saturday in the old gym. The Mendel Day Hops returned to school to tangle with a very tired Alumni team.

Continued From Page Five

curate with the result that the score rose quickly.

Here Villanova made a determined bid. Willis and Barney Lee each tallied twin pointers and the Blue and White pulled up to within six points of their rivals. However, it was here that Penn came through with their aforementioned epidemic of long shots. Mack came through with two baskets and Wexler, Hamilton and Danilowicy with one apiece gave Penn a total of 10 points in about two minutes. Mooney broke through this string and threw up a foul for Villanova's last point of the game. The final score was Penn, 33; Villanova, 18.

Individual scoring honors went to Mack, of Penn, with his four field goals, all of the sensational variety. Dobiski, of the Red and Blue, and Mooney, opposing centers, got the runner-up honors with totals of seven points. The defensive stars were Milumed, of Penn, and Feehery and Barney Lee, of Villanova.

MONASTERY NEARS COMPLETED STAGE

Heating System Is in Use; Plumbing and Plastering Are Underway

Advancement toward the completion of the Monastery is becoming rapid with the external features of the building having been practically finished.

The brick work, roof, windows, frames and drain pipes have been constructed and installed. The outside of the new structure is just about completed. A few external trimmings will bring to a close the superficial work.

The ground surrounding the Monastery is being leveled and cleared of the superfluous stone and debris. A generous number of shrubs and trees will be planted in appropriate locations about the building in the near future. Driveways to the entrances of the building will be constructed as soon as the last of the debris has been removed and the ground is sufficiently settled.

Inside, the structure has assumed the long imagined and anticipated arrangements heretofore confined to blueprints. All the wall partitions are in place. The steel lathing has been erected and is now receiving the first layer of plaster.

The heating system has been installed and is in use. At present, the portions of the building undergoing the process of plastering are supplied with heat as an aid to the proper drying of the plaster. The plumbing fixtures and piping are also well under way.

It is expected that the Monastery will be entirely completed by Easter. At this time the long inconvenienced members of the faculty will take over the building as a permanent and more desirable abode.

Local Organizations Plan Xmas Dances

Continued From Page One

cember 28, a co-operative enterprise, is being given in conjunction with the Albany Club's of Fordham University, Manhattan College. They have selected the stately Crystal Ballroom of the De Witt Clinton Hotel in the State Capital city as the location for their holiday dance.

Present Radio Band

The combined clubs have engaged Emerson Gill's Orchestra to render the music for the occasion. Mr. Gill's orchestra is nationally known, having broadcast for a long time over the NBC network from the Lotus Garden in Cleveland. Tickets for this formal dance are $3.00 per couple.

Joseph A. Hoenig, senior commerce and finance, is the chairman for the Villanova Albany Club's committee.

Members of the Connecticut Club had also planned to hold some sort of a social function during the holidays but from present indications it appears as though their plans will have to be cancelled since it is too late at this time to make complete arrangements.

The only alternative open to the club is to join with some other collegiate group in a joint dance. Members of the organization however, are not very favorable to this idea, and consequently it is expected that all arrangements will be dropped

Survey Indicates 19% of Students Have Relatives Among Alumni Group

Direct evidence of the influence exerted by the alumni in sending students to Villanova was indicated in a survey recently conducted by Albert C. Wagner, alumni secretary, to determine the number of present students who have relatives among the alumni.

The survey revealed that, of the students currently enrolled at the college, 19 per cent. have relatives of varying degrees of relationship who at one time or another attended Villanova. Although it may not be claimed that in each case the alumnus was directly responsible for his relatives registering here, it may be assumed that he did have some influence in the matter.

Furthermore, it was revealed that 23 per cent. of the present Freshman class have relatives who graduated from here. This figure is seven per cent. higher than the percentage among the upper classmen and four per cent. higher than the percentage among the freshmen and upper classmen combined.

Considering the nature of the relationship, the survey found that 38 per cent. of the relatives are first cousins, 37 per cent. are brothers, 11 per cent. are nephews and six per cent. are sons.

The calculation of these percentages was based upon personal interviews with 55 pe cent. of the student body. Although there are still a considerable number of students who were not interviewed, it was considered that the percentage covered by the survey was sufficiently large to draw fairly accurate conclusions.

Among the father-son group are John M. Strong, who is the son of Harry U. Strong, '94; Joseph A. Foran, the son of Stephen A. Foran, '98· John N. Torpey, son of John N. Torpey, '08; and Michael J. McNerney, son of Michael J. McNerney, 06.

swab is smeared into it; a bacteriological culture is later made from this smear to determine what type of bacteria may be the cause of the infection. The space is then plugged up with medicated gauze and this gauze is later taken out a few inches at a time until a period of two weeks has passed, when the patient is discharged. Dr. Dintenfass declared that the mastoid operation is one of the most important in surgery, since a mastoid condition is very often the cause of paralysis and cerebro-spinal-meningitis.

NEW MEMBERS ACCEPTED

L. K. D. Fraternity Limits Number of Freshmen to Twenty

A meeting of the Lambda Kappa Delta Medical Fraternity was held Friday, with the purpose of electing pre-medical freshman students into the society.

Due to the unusually large number applying for entrance, Frank Ditchey, president of the organization, and his committee have decided to limi the number admitted to a selected group. Thus, rigid qualifications for entrance to the fraternity were set up with the intent of selecting only 15 or 20 freshmen.

The old members will then welcome those who are selected into their society. The initiation committee has already been chosen. They will conduct the formal acceptance of the new members into the Lambda Kappa Delta Fraternity about January 10.

The Biggest user OF FINE TURKISH TOBACCOS

Copyright, 1933, The American Tobacco Company.

—why Luckies taste better, smoother

On certain mountains in the Near East is a limited collar of earth—called in Turkish, "Yacca." Tobaccos grown there cost as high as $1.00 a pound. Carefully they are examined, leaf by leaf. Often it takes a man a whole day to select two pounds of certain of these fine tobaccos. Lucky Strike is the world's biggest user of fine Turkish tobaccos. For these tender, delicate Turkish leaves are blended with choice tobaccos from our own Southland—to make your Lucky Strike a cigarette that is fully packed—round and firm—free from loose ends. That's why Luckies taste better, smoother.

ALWAYS the finest tobaccos
ALWAYS the finest workmanship
ALWAYS Luckies please!

ABBE GEORGES LEMAITRE IS PRESENTED MENDEL MEDAL AT FACULTY RECEPTION

Illustrious Belgian Priest-Scientist Was Feted in Mendel Hall Last Night; Has Gained Widespread Renown for His Theory of Expanding Universe

BISHOP RYAN IS PRESENT

Rev. E. V. Stanford, O. S. A., Confers Prized Award on Recipient

Prominent laymen and educators met at a faculty dinner last evening in Mendel Hall to pay homage to Abbe Georges Lemaitre, Belgian priest and author of the theory of the expanding universe, who has been named 1934 recipient of the Mendel Medal presented annually by the college to a Catholic for "distinguished service to science."

The Abbe, professor of astral-physics at the University of Louvain and visiting professor at the Catholic University, Washington, D. C., has had his theory cited by Professor Albert Einstein as being "the most satisfactory yet presented."

The Very Rev. Mortimer A. Sullivan, O. S. A., S. T. L., LL. D., Provincial of the Augustinian Order in the United States, presided at the dinner and pronounced the invocation. The program of events included a short discourse previous to the presentation of the medal by the Very Rev. Edward V. Stanford, O. S. A., M. S. LLD., President of the college. He was thanked in turn by Abbe Lemaitre.

Originates Hypothesis

His Excellency James H. Ryan, Bishop of Modra, rector of the Catholic University, gave the final invocation.

The priest-scientist is the originator of the atomic explosion hypothesis which contends that in the beginning, about ten billion years ago, everything was concentrated in a single mass, which exploded and flew in all directions, making the universe as it is known today. The Abbe believes that everything still is expanding because of the cosmic force and that it will continue

ALUMNI TO SPONSOR SERIES OF TALKS

Members of Villanova Faculty Start Appearances Next Tuesday

It was decided by the Board of Governors of the Villanova Alumni Association at a recent meeting, to sponsor a series of lectures to be given by members of the faculty of Villanova during the winter months. The subjects of these lectures will be based on current social and economic problems.

Behind the board's action in indorsing these lectures is a two-fold purpose. Firstly, to arouse a new interest for the alumni in their school, bringing them back to renew acquaintances with their former professors, and, secondly, to stimulate an interest by the parents of students living in this vicinity in the views and principles of the professors of Villanova.

Topics Are of Interest

The board feels sure that the contents of these talks will be of great benefit to those people interested in the present day problems of international concern. It will also give the alumni a chance to hear the opinions of their former professors on these subjects.

Beginning next Tuesday, January 23, the first in this series of three discourses will be given by Rev. Joseph M. Dougherty, O. S. A., Ph. D., S. T. L., Professor of Bacteriology and Histology, and dean of the School of Science. The subject of Fr. Dougherty's lecture will be, "Gregor Mendel, the State, and the Problem of Heredity."

On Monday, February 19, Rev. John M. A. Sparrow, O. S. A., Litt. D., S. T. L., Professor of Philosophy in the Arts School, will deliver an address on "Ethics for the Man in the Street."

Fr. Bartley to Speak

The concluding lecture in this inaugural series is to be held on Tuesday, March 20, when Rev. Joseph C. Bartley, O. S. A., Ph. D., S. T. L., Professor of Economics and dean of the School of Commerce and Finance, will address the assemblage on, "Present Status of the Monetary Question."

On the committee are the following prominent people: Regina T. Clark, Esq., Governor of the International Federation of Catholic

FACULTY UNDERGOES VARIOUS CHANGES

Fr. O'Malley Transferred to Illinois to Take Up New Duties There

Several changes in the faculty at Villanova took place during the Christmas holidays at the order of the Very Rev. Mortimer A. Sullivan, O. S. A., provincial of the Agustinian Order.

First among the changes was that of Rev. Joseph F. O'Malley, O. S. A., chaplain of the college. Fr. O'Malley has been transferred to St. Thomas' High School, Rockford, Illinois, where he will do parish and school work.

Fr. O'Malley was born in Hoosick Falls, New York, December 14, 1904. He was ordained on June 10, 1929 at the Immaculate Conception Shrine, Washington, D. C. He received his A. B. and M. A. degrees at Villanova. In the same summer of his ordination Fr. O'Malley was sent to St. Rita's Parish in Chicago, Illinois, where he assisted with the parish work. Returning to Villanova in the fall he took up the work of prefect in Mendel Hall, at the same time finishing his studies in Theology.

After being here for about a year he was transferred in the summer of 1930 to St. Augustine's Church in Havana, Cuba, where he did both parish and school work. After the provincial chapter in the summer of 1932, Fr. O'Malley was re-

SENIOR DANCE GROUP SECURES ENOCH LIGHT FOR ITS ANNUAL BALL

Internationally Famous Orchestra Is Heard Regularly Over Columbia Network; Features Mary Danis as Soloist

VACATION DANCES ARE WELL ATTENDED

Local Functions Are Held by Wilkes-Barre, Albany and Lawrence Clubs

During the holiday season three of the most active sectional organizations on the campus sponsored home-town dances, and, according to the statements issued by the chairmen of the various functions, each affair was both a social and financial success. The clubs which entertained during the fortnight's vacation were The Wilkes-Barre Club, the Lawrence Club and the Albany Club, which gave a co-operative enterprise in conjunction with the Albany Club's of Fordham University and Manhattan College.

The Mirror Ballroom of Wilkes-Barre's Hotel Sterling was the scene of the eleventh annual dance given under the auspices of the Villanova Club of that city, on the evening of December 25. The attendants at this affair danced from 9 to 1, to the enticing melodies of Will Kearney's eight-piece society orchestra. Mr. Kearney's band is recognized as about the best in that vicinity, and it is not unknown to the club members, having played at previous dances held by the club. The affair was formal and was celebrated in cabaret style. The ladies who attended received a useful and novel favor. More than 150 couples were present.

Two Choirmen

The success of this dance was attributed to the preparations made by the committee under the co-chairmanship of James J. Gallagher and James T. O'Connell. They were assisted by Frank Kelly, William McGraw, James Clark, Edmond Piszczek, Hubert Gallagher, Richard Bruno, Joseph Forkin and William Clary.

The New Englanders from Lawrence held their function on December 28 in the Crystal Ballroom in Shawsheene Village on the outskirts of Lawrence. Music emanated from Billy Murphy's Arcadians. The Arcadians, who have provided dance tunes for numerous New England Colleges, played the new Villanova song, "March of the Wildcats" for the 250 persons who attended.

The committee consisted of John S. Derby, chairman; Joseph Sciuto, Abraham Samia and Thomas Collins.

The co-operative enterprise held by the Albany Clubs of Villanova, Fordham University and Manhattan

PLAYS SMOOTHLY

Now Being Featured at Governor Clinton Hotel, N. Y.

After much consideration and deliberation on many popular musical groups, the Senior Ball Committee has finally acquired the services of the internationally known Enoch Light and His Orchestra, which features Mary Danis as vocal soloist, along with the versatile leader himself.

Enoch Light directs his orchestra from the Governor Glinton Hotel, in New York, and is heard over the WABC-Columbia chain six times weekly by many ardent fans and music lovers. Light, who is one of the more conservative types of leader, not depending on the ballyhoo showmanship employed by so many others, liberally interpolates the lyrical fancies of the moment with numbers he picked up in France and Germany while he was taking his band on a tour through Europe. With this method of going about things, he has found a way of making popular songs last longer and with better success.

Provides Novel Entertainment

Every member of the band contributes much in the way of feature entertainment. Rather than having instrumental soloists, Light presents a novelty combination with Armand Bergo playing the accordion, accompanied by Charlie Bracks and Al Muller on the flute, and Charile Wieckel on the clarinet. Besides Enoch and Mary alternating as vocal soloists, all the other boys sing, joining in on comedy numbers, offering distinctive and

PHOTOGRAPHY DRIVE STARTED BY EDITOR

Seniors and Juniors Urged to Make Reservations for Belle Air Pictures

An intensive drive has been started by the photography editor of the Belle Air, William P. McCarthy, assisted by junior business managers Louis D'Angelo, John Butler, Edward Cottrell and Joseph Costigan to have each member of the Senior and Junior classes insert his picture in the first all-Villanova year book.

The Senior men have the choice of either of two types of photographs. They may be taken in cap and gown, or in a business suit. The members of the Junior class are to be taken in the business suit only.

It is the earnest hope of McCarthy, that members of both classes will submit their names together with a fee of $2.00, when approached by one of the business managers. The fee entitles the subscriber to a finished portrait mounted on a leatherette frame, eight and three-quarters by 10½ inches.

Souvenir Frame Given

The frames to be used this year, are a decided improvement over those used last year. The photographer is maintaining a precedent established last year, by donating a

DINNER-DANCE HELD BY LITERARY GROUP

Social Function at Pierre's Marks First Occasion of Its Kind for Society

The first social function of the Villanova Literary Society took place last Thursday night at Pierre's in Philadelphia. It was in the form of a dinner-dance. The holding of the affair materialized an ambition which has long been the hope of the society.

An excellent dinner was served to the members and their guests in a special dining room which had been reserved for them. Several members of the faculty were present at the affair. When the meal was over, the toastmaster, John W. Hallahan, introduced the speakers of the evening. The first speaker was the Rev. Bernard M. Albers, O. S. A., vice-president of the college. He was followed by William F. Zeil, president of the society, and the members of the faculty present. They were: the Rev. John F. O'Brien, O. S. A.; the Rev. John Vrana, O. S. A. and the Rev. Bernard T. McConville, O. S. A.

Manion Entertains

As a bit of light entertainment, Edward Manion rendered "Little Nell," a piece which he has given many times at the meetings of the organization. In conclusion, Prof.

Sterilization Experiment Doomed, According to Science School Dean

Sterilization of defectives as a means of attaining a nation of perfect Germans is doomed to failure, according to a paper compiled by the Rev. Joseph M. Dougherty, O. S. A., dean of the School of Science.

"The first contribution of definite knowledge concerning the laws of heredity must be attributed to the keen observation and painstaking efforts of an Augustinian priest, Father Johann Gregor Mendel," Fr. Dougherty said. "Patiently laboring in an obscure monastery garden at Brunn, Austria, from 1855 to 1870, Mendel established the foundation for all subsequent research in heredity.

"Mendel concentrated his efforts on the individual characteristics of the common garden pea. He kept accurate pedigree records and actually counted the number of individuals of each type. From these experiments Mendel evolved what has come down to the scientific world as the Mendelian Laws of Heredity.

Hitler's Aims

"One of the most interesting sidelights on the current studies of the Mendelian Laws is the unqualified application of Mendel's fundamental principles to the complex problem of human heredity. It is obviously the intention of Hitler to apply the Mendelian Laws to the people of Germany with the hope that future generations will be free from all the defects of the present age.

"On the contrary, it is with extreme caution that the basic principles of Mendel are to be applied to the intricate problem of heredity. Although scientific investigation of the inheritance of human

CHANGES MADE IN STAFF

Thos. J. Donahue Resigns as Business Manager of VILLANOVAN

Several changes have been necessitated on the staff of the VILLANOVAN as a result of the resignation of Thomas J. Donahue, a junior in the School of Commerce and Finance, from the position of business manager.

Joseph W. Fenstemacher, a senior in the School of Commerce and Finance, who has been holding the office of circulation manager, will assume the duties of business manager for the remainder of the year. Paul Ball, a junior in the Arts School, has been promoted to the office of circulation manager.

PARENT - COLLEGE RELATIONSHIPS

VILLANOVA this year has an enrollment of something over 700 students. In itself this statement is not so very important. But when we consider that for every student here there are two parents at home, it does become significant. It means that there are well over 2000 persons who have a very strong, a very vital interest in Villanova. As far as the students are concerned, their interest can be satisfied. They have daily contact with the professors, with the other students, and with college life itself. But what of the parents? Naturally their interest in their son's education is as strong as that of the son himself. Mothers are anxious about their sons' care and guidance. Fathers wonder if they have entrusted their sons' educations to competent hands. Starting next Tuesday, the college will sponsor a series of three lectures on topics of interest to everyone. These lectures will be given by members of the college faculty. Their primary purpose is to acquaint the parents with their sons' college, their courses and their faculty. Hence, they supply the opportunity for which the parents have been looking. Mothers and fathers will have the chance to meet the men who are molding the futures of their sons. They may hear them, they may speak with them, they may study them. The lectures should be the entering wedge towards a closer parent-college relationship. No one should pass up the opportunity.

NEW YEAR THOUGHTS

SCARCELY more than two weeks ago, on the eve of January 1, there was celebrating and rejoicing throughout civilization. But just why are we so gallant in bidding farewell to a year that calmly passes the line as have so many others? Why do we hail the new year with grim joy and an exhilarating feeling of a new chance? At the approach of the new year we are wont to attribute all our failings, blemishes, wrong-doings and unhappiness to a vengeful and unjust year. With the first stroke of the chime we look to the new year with high hopes. In some cases the demands are such as to hold the year responsible for whatever fate we meet. But do we never realize that for the greater part the year will be for us just what we make it? If we want the hopes and desires for a successful year fulfilled, we will have to bring them about through our own efforts. It is only through sincerity, will-power and ambition in our occupation and daily life that we will attain this end. We can bring success to ourselves, but the new year of itself will not bring it.

YOU OUGHT TO KNOW

WITH the old year behind and the new now occupying the fore, the serious business of accounting for its happenings in this hebdomadal column rests with your favorite columnist. To have this, yes, privilege pleases him no end. As a New Year's resolution, he has placed upon himself the obligation of giving nothing but his best to this work, the same of which you might say isn't much.

Vacation's termination was not an unhappy one, in this respect, that it again united dear friends, the faces and the voices of whom were not a part of the individual's holidays. Each student felt as if he were the prodigal son returning after the enthusiastic way in which he was greeted. The greatest enjoyment came, however, in the swapping of yarns and, believe you me, they were plenty—for a VILLANOVAN does things and is not inarticulate to explain them.

Those of us who returned before darkness enveloped the campus were swelled with pride upon viewing the facade of the new monastary building brought closer to completion by steady work during the school vacation. This beautiful structure has given charm to an already beautiful campus.

Captain Grimberg, Bill to, you during the holidays came into much publicity via the newspapers. The story would have ended with that if all this publicity had not included a picture of Bill's father. Since it did, the story continues to inform that Bill's father takes a more youthful picture than his son. Now, Bill has to put up with questions of "Why doesn't your father impart to you his secret of how to stay youthful?" and the like.

Russ Marcouse, better known on the campus as "Coast to Coast," finds that the theatre isn't only a place to see a show but also a swell place to snatch forty winks. "It gives an artificial darkness had nowhere else," says Russ.

Coach Kelly's C. & F. Dayhop basketball team is having the time of it in trying to gain its initial win. The dayhops' diminutive star, Fitapoli, blames the dearth in games won on the lack of espirit de corps among those who are capable of playing good basketball for the C. and F. team but won't be bothered to come out.

This coming weekend will be made up of just the usual schooldays as far as freedom from studies is concerned. The reason why is evident in the approach of midyear examination week, which needs must give cause for much study. It is too bad that this cold water has to be sprinkled around, but then recall that the press is a creature that knows not sentiment nor prejudice, but simply the facts.

"Link" Lenzi defines an alumnus as being just another private in that great army of unemployed. A crude but graphic definition, don't you agree?

COLLEGIATE NEWSREEL

MOST of our seniors know the distinguishing marks of college men—apart from the language of flunks. But perhaps others may not have had sufficient opportunity to recognize them: Freshmen—Bury their heads in notebooks and take minute records of everything the professor says, even though he is only relating some of his experiences in Tallahassee during the Christmas vacation or extolling the virtues of the repeal of prohibition. Sophomores —Place their textbooks for other courses inside of their binders so as to study for the next period. This is bound eventually to cause nervous collapse or at least a little embarrassment. Juniors — Have perfected the art of lecture drawing and desecrate their notebooks with sketches of beautiful girls, strong men and questionably picturesque landscapes. And, ah-n, seniors! Well, you may as well know it—most of them don't take notes. They have learned that everything worth knowing from their point of view is "in the book." Or else someone's father took that course once, so his notes are used.

Would you like to know that the the governing board of Patrick Pearse College in Ireland has voted to expel any student heard speaking the English language? If you think it's a good idea, just try to speak Gaelic sometime!

• • •

A new and interesting slant on college life from the St. Bona Venture: College bred is a four-year loaf in which one is constantly kneading dough. It might be verse.

• • •

The Dakota Scientist runs a column called the "Hell Box." An explanatory note follows: "Hellbox: 'A receptacle into which a printer throws his broken type. (Webster). Into this column we throw our odds and ends of humor.'"

• • •

Every once in not so often the private affairs of "Pate" Banmiller just have to break into print. Some had thought that when "Pate" had deserted the altar of our muchremembered princess at Georgian Court that he had left behind a wave of desolation, etc. We have just learned through the Georgian Court Page that the reverse would seem to be the case. Perhaps everybody's happy.

• • •

The Daily Californian reports of an engineering student who walked up to his professor and handed in a large oundle of assignments. Noticing a sheepish look on the face of the student, the professor asked suspiciously "What's all this?" "These are my Mae West problem sets," answered the stude. "Mae West?" "Yeah, I done 'em wrong.'

According to an investigation at the University of Iowa, only one out of 11 college engagements result in marriage.

The Salt-Shaker

GIANTS IN THESE DAYS

THE ENTHUSIAST, insofar as he is an enthusiast, is a big man. He can see farther than his nose. While other men, cramped and narrowed by the struggles of the hour, lose sight of their high purpose, he presses on toward the realization of his ideal in spite of the press of circumstances that threaten to swamp him. Enthusiasm for a cause may blind him to other equally worthy causes. Even at that, he is more to be admired than his blase neighbor who never knows the stirring of zeal for anything. He's a rather extraordinary figure, too, the man with enthusiasm. Your average citizen is inclined to be sceptical; he is with difficulty aroused. A vast number of broken-down hopes has left him suspicious of whatever calls for fervid feelings. This is the very thing that puts the zealot on a higher plane—he refuses to be discouraged by fortune's frown.

England today boasts an unusual group of men warmly enthusiastic in a battle for a great cause. It is a brilliant company made up of writers richly endowed with intelligence and powers of artistic expression. To list the entire group would be tedious. A few names—familiar to all—will suffice to identify it. There is Chesterton, Belloc, Dawson, Hollis, Sheed, and a host of others. The cause for which they fight is the cause of Catholic Christianity. So totally dedicated are their lives to the service of the Catholic Church that they might almost be said to live for her. All their great powers as thinkers and writers are used to bring the Church to their countrymen, and their countrymen to the Church.

England is not the only nation, however, that can count such ardent zealots among its countrymen. Other countries also have them. It is only the fact that this particular group is so outstanding that we single out England for mention here.

What is it that makes these laymen—and scores of others like them—labor so strenuously for the interests of the Faith? Surely such enthusiasm as they show is worth investigating. To these men the Faith is not a garment to be put on for a half-hour or so on Sunday morning. They see their religion as it is—a Life. It is as much a part of them as their thought. It enters into every phase of their lives, coloring their views, shaping their actions. The fact that they are Catholic is to them the most significant of all facts. Each of them has looked into the eyes of the Holy Mother Church and knows that never after could there be for them another love. At her feet have they laid their powers, like knights of another and more generous age, and have gone forth in the spirit of crusaders fired with the desire to restore the holy places — men's souls — to the Lady from whom they had been torn.

The world is puzzled over these modern knights. This singular interest in spiritual things on the part of men who are not clergymen went out of fashion long ago. After the broadsides delivered religion by the materialists of the past century, it was thought that no thinking man would ever get excited over it again. And here these queer creatures carry forward the standard of belief as though nothing had happened.

This surprise is no extraordinary phenomenon. The world has often before made a like mistake — the mistake of thinking that the life of the Church had at last been stifled and that, accordingly, no manifestation of vitality would ever again appear in her. That life can no more be snuffed out than eternal hills can be levelled. But the world never learns. "They will not be persuaded though one rise daily from the dead."

---- Dial-Log ----

ALTHOUGH by this time most New Year resolutions have been broken, radio seems to be holding true to its promise of presenting to its audience better entertainment. For already we have intimations of a big year in radio from two reports that tell of a change of personnel in two programs that are among the most popular on the air.

A pair of West Coast dance orchestras are the names that make the news. The first, Ted Fiorito, whose home spot is in the St. Francis Hotel, in San Francisco, will take the place of one of radio's most popular, Fred Waring and His Pennsylvanians, on that Wednesday evening cigarette program. Ted and his gang will be remembered by a few as the feature of a washing machine program of three or four years back. More recently, he has been heard every Saturday midnight over the CBS and viewed in the film, "Sweetheart of Sigma Chi."

The versatile Pennsylvanians will switch their talents to a new series of programs under the sponsorship of Henry Ford, to be heard every Sunday and Thursday evenings, one program on the NBC, the other on the CBS.

The other big shake-up presents Gus Arnheim, from the famous Cocoanut Grove of the Ambassador Hotel, in Los Angeles, in place of Lennie Hayton, as the accompanying orchestra for Bing Crosby on Monday evenings.

Undoubtedly the New Year will produce the usual number of those who rise to fame in the radio world and here are a few which we think are good bets: Pinkey Hunter and His Orchestra, from the Lotus Gardens, Cleveland; Ace Brigode and His Virginians, from Chicago; the Rhythm Rogues, from WOR; Jimmie Lunceford, whose band has now replaced Cab Calloway at the Cotton Club; Edith Murray, who sings the blues over CBS; Enoch Light and His Orchestra, who is now "knocking them dead" at the Governor Clinton in New York. This last organization can be heard six times weekly from CBS.

The Mills Brothers broke all theatre records in Los Angeles by more than 8000 people last week at the Paramount in that city.

Have you heard: Hal Kemp and His Orchestra, from Chicago, play, "Come Up and See Me Sometime"? Eddy Duchin's new signature on that sponsored program? Bing Crosby sing "Black Moonlight"? Ozzie Nelson don his "Old Gray Bonnet"? William Scotti's beautiful signature? Harlan Lattimore, "the Bing Crosby of Harlem," singing with Don Redmon? Eddy Stone, with Isham Jones, sing, "Got the Jitters"? Enoch Light's signature?

PENNSY PRESIDENT INTERVIEWED IN ISSUE OF ENGINEER

W. W. Atterbury's Discussion of Engineering Problems Is Interesting

FAMOUS AVIATOR GIVES POINTERS ON AIR RACING

The January issue of the Villanova Engineer will make its appearance on the campus on Friday, embodying two articles by well-known figures in the engineering field.

"Forward March!" an interesting discussion on present-day problems in engineering, by Brigadier-General W. W. Atterbury, president of the Pennsylvania Railroad, is the main feature of the edition. In conjunction with the article appears also the biography of this well-known railroad magnate, depicting the various stages in the life of a man who aided in revolutionizing an international industry. The interview was conducted by Paetrus F. Banmiller, '35, editor of the publication.

The thrills of aviation are vividly presented by Anthony "Tony" Little, famous airplane racer, Mr. Little relates the aviation highlights during his colorful and daring career in a clear, concise and entertaining fashion.

Other up-to-the-minute articles include: "The Problem of Understanding Ourselves," by Russel F. Hurst, '33, a discussion of 20th century problems in the engineering, medicine and universal endeavor. "Spies to Check the Lightning Bolt" and "The Electric Nose," are two enlightening features describing the latest inventions of the day.

The editor-in-chief has announced two new additions to the staff of the Engineer. Joseph C. Costigan, '35, was appointed in the capacity of associate editor to handle the managing of the entire magazine, and William F. Hurst, '36, was made assistant business manager.

SOPHOMORES DISCUSS NRA AT SEMINAR OF ARTSMEN

Two Review Its Benefits, Answer Interrogations on President's Plan

Two sophomore Arts students, Edward Lahey and Daniel Murphey, were the speakers at the Arts Seminar held on last Thursday The seemingly inexhaustible subject, the NRA, was the topic for discussion.

Lahey, the first speaker, described the beginning of the presidential program. He elaborated upon the letters sent out by the President to the employers regarding the agreement as to minimum wages and maximum hours. It will be remembered that these agreements were made voluntarily and were to serve only until the various codes were formulated. He explained the action of President Roosevelt in regard to the abolishment of child labor and said that for that action alone the Chief Executive's name should go down in posterity.

The second speaker, Murphey, continued in the same vein and went on to describe in detail the codes for the various industries and the degree of success they have attained to date. There have been comparatively few violations of the codes and in these isolated cases the action of the authorities has been swift, he declared. The second speaker concluded with an explanation of the CWA and its place in the reconstruction program.

The seminar closed with a number of questions raised and ably answered by the two speakers.

Gleanings

Did you know that: Eddie Murtha, the Campus Carnera, may middle aisle it before another New Year's Eve? . . . . "Whitey" Randour is taking lessons on the drum? . . . . Bill Grimberg is rapidly gaining fame as an after-dinner speaker? . . . . Fr. O'Brien thought that it was Southern California whom Columbia defeated in the Rose Bowl game? . . . . His intimates call Nick Fitipoldi "Chico Marx"? . . . . Hubie Gallagher came back from the holidays considerably saddened? . . . . Ed Manion and Jim Mason agreed to disagree? . . . Art Noble has been going down to Bryn Mawr Hospital because of heart trouble, nothing serious though? . . . . "Toby" Cavanaugh is likely to go feminine in the Turf and Tinsel Club show? . . . . The plans of "Handsome Bill" McGraw and "Reds" Wallen for last Saturday evening went slightly haywire? . . . . Colonel Moe Sorkin made the mistake of ordering champagne on New Year's Eve? . . . . The L. K. D. initiation was enjoyed by all excepting those initiated?

Also Abe Tlitsky is not thinking of going to Italy, but he would like to see more of Florence? . . . . For some reason or other, Pepper Hall in the Philadelphia library has suddenly become very popular? . . . . A certain senior received $5 for writing the assignment of another senior? . . . . The first mentioned cut an entire day so that he could complete the task? . . . . "Smoke Gets In Your Eyes" is the most popular song of the day? . . . . Vince Zizac is doing his best to teach the boys in Austin Hall the rudiments of wrestling, "Chase" Reilly being one of the star pupils? . . . . Bill Conway has neatly solved the question by spending the evenings in Wayne and weekends in New Yawk? . . . . Carrol Cook is terribly glad that Peggy lives in Germantown? . . . . Freddie Myers, though, is not so fortunate—he has to travel all the way to Pittsburgh to see his "o. & o."? . . . . Bill McFaddin sometimes joins Cook on those expeditions to Germantown?

Plan of Germany Doomed, Says Dean

Continued From Page One

traits and tendencies has abundantly justified the assumption that the subtle qualities of the personality are transmitted in accordance with Mendel's Laws, yet these qualities are so difficult to evaluate, and their bearing and interaction, one upon the other, are so involved that broad general deductions often obtained from insufficient data are not to be considered seriously.

Will Meet Difficulties

"One can easily visualize the difficulties to be encountered in applying Mendel's Laws to problems of human heredity by a consideration of Mendel's own work. Mendel labored with a few well-defined characteristics of a single species. His experiments extended over a long period of years. The application of Mendel's Laws to problems of human heredity presupposes the careful evaluation of involved and interchangeable characteristics.

"Furthermore, the observation of these characteristics necessarily involves years of careful study in the case of each individual. Mendel had, in many instances, the actual characteristics of the individuals of several generations of the plant which he studied. Thus he was able actually to compare them and to draw his conclusions from tangible evidence.

"In the case of human beings, however, mental characteristics can be compared only indirectly and it is in exceptional instances alone that individuals of three or more generations can be assembled for comparative study. Thus the tracing and study of the very elusive mental characteristics of human beings in most instances can be attained only indirectly through records.'

Vacation Dances Are Well Attended

It means something

..that Chesterfield *has a modern up-to-date Tobacco Factory* in far-off historic *Smyrna*

So important is the handling of Turkish tobacco in making Chesterfield cigarettes that Liggett & Myers Tobacco Co., maintains this specially equipped plant right in the heart of the famous Smyrna tobacco section.

It is the largest and most modern tobacco factory in the Near East.

Turkish tobacco, you know, is the best "seasoning" there is for cigarettes. At all times Chesterfield has in storage—at this plant and in America—about 350,000 bales of the right kinds of Turkish tobacco.

FACULTY MEMBERS ATTEND MEETINGS DURING HOLIDAYS

Two Concurrent Conventions in Pittsburgh Are Attended by Three Priests

DISCUSS SOCIAL VALUES

While the majority of the student body was enjoying its Christmas vacation, a series of conventions and receptions were occupying the time and interest of several members of the faculty.

The first convention at which Villanova was represented was the ninth annual meeting of the American Catholic Philosophical Association. The meeting was held at Duquesne University, Pittsburgh. It was attended by Rev. Edward V. Stanford, O. S. A., president of the college; Rev. Joseph F. O'Malley, O. S. A., chaplain, and Rev. Francis A. Deihl, O. S. A., professor of philosophy, who is also a member of the executive council of this association.

Discussion at the convention centered generally around the subject of the philosophy of society. More specifically, the questions concerned the philosophy of social values, the philosophy of law and the effect of various social forces on society.

Historical Meeting Held

Meeting concurrently with the American Catholic Philosophical Association was the fourteenth annual meeting of the American Catholic Historical Association, which was held in the Hotel William Penn, Pittsburgh. This convention was likewise attended by Fr. Stanford and Fr. O'Malley.

The general subject of discussion here was the Catholic philosophy of history. Some of the particular problems considered were "St. Thomas Aquinas and the Missing Link in the Philosophy of History" and "The Catholic Philosophy of History: the Key to the World's Progress."

The first convention of the new year at which the college was represented was the Convention of Pennsylvania Colleges to Discuss an Athletic Policy. It was held in Harrisburg on January 6 and was attended by Rev. Joseph M. Dougherty, O. S. A., dean of the School of Science.

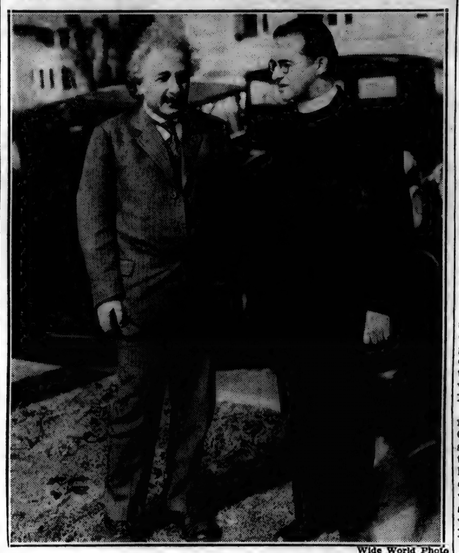
Fr. Stanford at Banquet

Since the opening of the school year, Fr. Stanford has attended the testimonial banquet which was tendered to the Very Rev. Thomas J. Higgins, S. J., president of St. Joseph's College, Philadelphia. It was given by the alumni association of St. Joseph's and was held in the Bellevue-Stratford Hotel, January 8.

Immediately prior to the holidays Rev. Joseph C. Bartley, O. S. A., dean of the School of Commerce and Finance, attended a meeting of directors of appointment bureaus and teacher placement services held by the Department of Public Instruction at Harrisburg. The purpose of the meeting was to co-ordinate the efforts of the various placement services and appointment bureaus in the colleges and universities towards doing emergency educational relief work.

On January 18 and 19, Fr. Stanford will attend the twentieth annual meeting of the Association of American Colleges at the Hotel Jefferson, St. Louis, Mo. The theme of the convention will be, "The Search for Values."

NOTED EUROPEAN SAVANTS MEET ON AMERICAN SOIL



Wide World Photo

Professor Albert Einstein and Abbe Georges Lemaitre, 1934 winner of Mendel Medal, as they met in Pasadena, Calif., where they were both carrying on research work at the California Institute of Technology.

Abbe Lemaitre Is Sixth of Series Of Noted Mendel Medal Scientists

Abbe Georges Lemaitre, Belgian priest-scientist and Mendel Medalist for 1934, is the sixth of a line of illustrious Catholic scientists who have been recipients of this coveted award.

Presentation of the medal was inaugurated in 1929. The purpose of the award at that time was, and still is, to honor some Catholic who has achieved distinction in the promotion of science and at the same time to honor the memory of that famous Augustinian priest, Father Johann Gregor Mendel.

The distinction of being the first recipient of the Mendel Medal was given to John A. Kolmer, M. D., head of the department of bacteriology and pathology of the Research Institute of Cutaneous Medicine. Dr. Kolmer was presented the medal for his specialized work in blood and bacteriology. He is recognized today as one of the country's foremost immunologists.

Dr. Zahn Honored

In 1930 the medal was conferred upon Dr. Albert F. Zahn for his outstanding work in the field of aeronautics. Dr. Zahn was one of the organizers of the First International Aeronautical Congress, he is the inventor of an instrument for accurately recording wind measurements, and he is the designer of the modern method of launching planes. Besides, he was the organizer of the first modern aeronautical laboratory. He has been appointed by the Government as Chief of the Division of Aeronautics of the Library of Congress.

Karl F. Herzfeld, M. D., was the Mendel Medalist for 1931. Dr. Herzfeld, who, before he came to America, was known as one of the foremost physicists of Europe, is noted for his work in the field of quantum theory, physical chemistry and statistics. He was the James Speyer Visiting Professor at the Johns Hopkins University in 1926. He has written several papers on the philosophical viewpoint of science.

The Mendel Medal for 1932 was awarded to Francis P. Garvan, M. D., head of the Chemical Foundation, Inc., New York City. Dr. Garvan is especially active in the promotion of chemical research and in the advancement of practical chemistry in the United States. He received the award of the Chemical Foundation in 1929.

Last year the recipient of the Mendel Medal was Hugh Stott Taylor, D. Sc., chairman of the Chemistry Department of Princeton University. Dr. Taylor's extensive work in chemistry gained for him the right to this honor. He is associate editor of the journal of the American Chemical Society, of which society he was the Nichols Medalist in 1928; vice-president of the American Electro-Chemical Society, chairman of the Committee of Photochemistry of the National Research Council and a fellow of the Royal Society of London.

souvenir frame to all those whose photograph he takes.

All requests for photographs, whether group or individual should be in the hands of the photography editor as soon as possible in order to allow any errors to be rectified before the publication goes to press. All proofs of photographs are to be held by students until a member of the company, which is doing the photography work, calls for the pictures.

Inasmuch as each student will receive a copy of the Belle Air this year, the fullest amount of cooperation on the part of the student body is requested.

Due notice will be given of the time and date of the next sitting.

BELGIAN SCIENTIST GIVEN 1934 AWARD

Abbe Georges Lemaitre Is Presented Mendel Medal at Dinner Last Night

Continued From Page One

to expand until it dissolves into nothingness.

Abbe Lemaitre was born in Charleroi, Belgium, in 1884. His education was interrupted in 1914 by the outbreak of the World War. He served throughout the war as an adjutant in the infantry and the artillery. He was awarded the Croix de Guerre by his government.

At the close of the war he resumed his studies at the University of Louvain from which he was graduated in 1920 with the degree of Doctor of Science. He then entered the seminary of Malines, where he was ordained a priest in 1923 by the late Cardinal Mercier.

After his ordination Abbe Lemaitre went to the University of Cambridge, in England, for further study under Sir Arthur S. Eddington, Plumian astronomer. In 1924 he came to the United States and continued his studies at the Harvard Observatory and at the Massachusetts Institute of Technology, where he obtained the degree of Doctor of Philosophy in Science.

Upon his return to his native land, he was appointed professor of astral-physics at the University of Louvain.

In 1932 the Abbe spent some time in this country at the California Institute of Technology and the Mount Wilson Observatory, where he engaged in astronomical studies.

Last summer he accepted an appointment as visiting professor at the Catholic University in Washington. He recently completed a course of lectures on "Astronomical Applications of the Theory of Relativity," at the institution.

In addition to the members of the faculty and the athletic department, a partial list of invited guests included Dr. Hugh Stott Taylor, Mendel Medalist for 1933; Dr. Leo Burns, rector, Roman Catholic High School; T Bayard Beatty, principal, Radnor High School; Brother E. Anselm, president of La Salle College; Hon. Charles D. McAvoy, U. S. District Attorney; Phillip A. Hart, president, Bryn Mawr Trust Company; Milton G. Baker, superintendent, Valley Forge Military Academy; J. Stanley Smith and Rev. John F. McElwee, rector, Northeast Catholic High School.

William N. Parkinson, M. D., dean of Temple Medical School; Rev. Joseph G. Cox and Dr. H. J. Sangmeister, assistant Superintendents of Schools in Philadelphia, and Rev. Joseph A. Quigley, of St. Charles Seminary.

Dinner-Dance Held By Literary Group

Continued From Page One

Joseph T. Jonas, moderator of the society, was asked to say a few words. He thanked the speakers for their words of congratulation and wishes for future success in the society's endeavors. He stated that it was his earnest hope to make both the Belle Masque and Beta Gamma chapters stand second to none among Eastern colleges. Prof. Jonas concluded his address by saying that the Belle Masque will soon start rehearsing for the major production of the year.

IT COSTS BUT LITTLE
To *Telephone Home!*

MOST pleasures cost money—some too much. No wonder home folks say "go easy" to sons at college.

But you'll never (well—hardly ever) hear that warning when you telephone home. For Father and Mother the pleasure of hearing your voice far outweighs the trifling cost.

After 8:30 P. M. (if you use Station to Station Service) you can telephone a hundred miles for 35 cents. What greater pleasure can such a small sum buy? A "voice visit" home is next best to being there!

• • •

PARENTS ENDORSE *these* SUGGESTIONS . . .

Keep a regular telephone date with Home. Then you can count on the family being there when you call.

Set the "date" for after 8:30 P. M. to take advantage of the low Night Rates on Station to Station calls.

Just give the Operator your home telephone number.

Charges may be reversed.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

Sideline Slants

By the Sports Editor

IT IS now a week and a day since we greeted the Alma Mater once more to resume the pleasure of class work. Since that time a great many things have been noticed by us students, foremost among which is the fact that our coach has not taken up the duties as Dartmouth's tutor, that is, not as yet. The varsity basketball team has long since resumed practice, and, as it appears to us, have improved considerably. Coach "Doc" Jacobs still remains pat on his starting lineup, Geraghty and Barry, forwards; Shevlin and Hurley at guards, and, of course, Torpey at center. The junior varsity now has a schedule that would make our previous Jayvee squads blush with envy. As to the Frosh team, don't ask. Perhaps we are wrong, but no news has come to our ears as to their progress, material, or schedule. Maybe, if they come across, we will give you some information later. Prof. Gill has organized a tank team, and it gives us much pleasure that Villanova has added one more sport to its roster.

• • •

THE varsity basketball team is due to open tonight against Ursinus. Calvert and Greenawalt are due to start in this encounter, and in them the Wildcats will encounter two good courtmen, in fact they are well above the average. To those who witnessed the West Chester tilt, the standing of our cage quintet is perhaps dubious. Ben Geraghty, who last year was without equal, in our minds, has not come up to his form of that year. That he is in new surroundings may explain it, and we hope it does. Ben was one of the best frosh players that has ever attended Villanova and high hopes are held out for him. Johnny Shevlin is exhibiting some of the best defensive work witnessed around these parts and, paired with Jocko Hurley, forms an ideal guard combine. Hurley is not the same player that worked on the squad last season, and his improvement has been one of the biggest upsets we have heard of in Wildcat sports. Johnny Barry, running mate of Geraghty on the starting team, still possesses his eagle eyes. Fond recollections are brought back of the second Temple game last year when Coze ran berserk. He punched holes in those Owl eyes so many times in that fray that Johnny Ualton is said to have a special play worked out to put Johnny in the can. One of the most natural players on the team, and a boy that ought to go far in the sport, is Mike O'Meara. Mike seems to have that inborn quality of knowing just when to do the correct thing.

• • •

QUITE some time ago we were reprimanded for printing a word or two, concerning the sports schedule that had been prepared for one of our teams. We were given the opportunity to secure a suitable opponent and show what we could do along that line. Needless to say, we refused that opportunity. From this we gathered that our team did not have the ability to compete with bigger and more famous teams. There is no need in our arguing on this point, for any sane minded person who saw the Villanova-Temple contest should agree on the point that our team on that memorable day could have pulled the Tiger's tail out. And when you talk about trimming an undefeated team like Princeton, it is rather strong. Why wasn't Randour an All-American? Why at least, wasn't he on the All-East team? Why were there only, on an average, about five thousand people attending our home game? You know the reason; we all do. Teams like Ursinus and West Chester won't make us famous. We want to see the school make a name for itself. The only way that it can be done is athletically, not academically. True, a school should be noted for its scholastic standing. Villanova, in our minds, rates as high as any we know of. Therefore why not boost our name athletically? It has been done, and it can be done again.

42 Victories Are Earned By 1933 Varsity Squads

Cinderpathers in First Place With .1000 Average; Football Follows With 7 Wins, 2 Losses, 1 Tie

SKAFF LEADS HITTERS IN BASEBALL

FOR THE second consecutive year Villanova has shown an increase in effectiveness in athletic competition. During the last calendar year, the various varsity and freshman teams piled up a total of 42 wins out of 59 contests, giving them an average of .712. The varsity average alone, .761 for 34 wins out of 46 contests, compares very well with the averages of .707 for 1932, and .351 for 1931.

Without a doubt it proves that the teams of the Blue and White are constantly becoming more formidable to their opponents, and it becomes a still more significant item in view of the fact that only five other colleges in the East were able to improve their athletic averages, two of them doing so by less than five points.

Frosh Below Average

In 1931, every team except the tennis and football teams were below the half-way mark, and in 1933 only the freshman football team was so unfortunate, being defeated in their only game of the season.

The track team took the lead this year with three wins and no defeats. Captain Ed. Donohue's cindermen chalked up their outstanding victory when they defeated Temple, 67 1-3 to 58 2-3, for the first time in two years.

Carl Hickey was the outstanding individual by virtue of his two first places in the Penn Relay Carnival, and because he is the most versatile in the entire squad. He is virtually a one-man track team. Joe Fenstemacher, captain elect for the coming year, distinguished himself in the 100-yard event.

Football Places Second

Second place goes to the football team with a record of seven wins, two losses, and one tie. Again the outstanding victory was over a Temple team, and the decisive score was 24 to 0. This game was of national interest by reason of the reputations of the respective coaches.

Two other important victories were that over South Carolina State, 15 to 6, and over Rutgers, 18 to 13. The former was not only revenge for the game they won the preceding year, but it also marked the first time that any team from South Carolina had ever been defeated on its home grounds by a team from the North. The latter was prominent because Rutgers was the first team to score against the Princeton Champions last year.

Other victories were earned over West Chester, Gettysburg, Manhattan and Albright; defeats were suffered at the hands of Bucknell and Boston College, and the Ursinus game was tied at seven all.

Randour Outstanding

Captain "Whitey" Randour was the outstanding player in the squad. He is a real triple-threat man, a consistent ground gainer, and he was the highest scorer in the East. And close behind is Toby Cavanaugh, the finest quarterback to wear the Blue and White for many years. Toby tied with two others for national honors in drop-kicked field goals.

Third place in the ranking goes to the baseball team with a record of 10 wins and four losses. The Wildcats started off the season with four victories, dropped the next three, won another, faltered again, and closed the season with five more victories. One of the bright

Cats Meet Bears Tonight In Initial Tilt of New Year

Starting Line-Up Retained by Jacobs

FROSH TO PLAY

The varsity cage quintet will open the new year by meeting the Ursinus Bears tonight in the gymnasium. Being the first start of the team since the holidays, the outcome is in doubt due to the strong showing made by the Bears in their last few encounters.

The game will mark the opening of a tough string of competitive teams, including among them Bucknell, Duquesne, Saint Johns and Temple. All four teams have been reaping success in their past contests, with Saint Johns appearing as the toughest of the lot.

The curtain raiser of the season was played with West Chester State Teachers, the team being scheduled with the probable intent of it being a warm-up contest for the boys, but the game proved close and interesting, the score being at the end of the game, 32 to 26, in favor of the Wildcats. West Chester since then went on to defeat St. Johns by a good margin with the Hawks retaliating in a strong fashion against Temple, being nosed out 38-27. Although there was 11 points difference in the final tally, Temple did not appear any too strong against the Hawks.

Coach "Doc" Jacobs still stands pat on his original starting line-up, with Geraghty and Barry as the forward posts, Hurley and Shevlin at the guard positions and Jack Torpey at center. The squad appears to be in top form and will be ready for the opening gun of the game. Practically the whole squad is due to see action, with such players as O'Meara, Robinson, Sweeney, Farris, Travers and Ryan filling the subordinate roles.

The Wildcats met the Bears twice last year, being defeated at Collegeville and then securing their revenge at home in the following game. Ursinus has two probable stars who will make themselves prominent if preceding rumors mean anything. Calvert and Greenawalt, who have been playing bang-up ball for the Collegiates this year, are favored to star for Ursinus.

STUHLDREHER ADDRESSES HOLY NAME GATHERING

Villanova Coach Listed Among Prominent Sportsmen at Communion Breakfast

Head coach of football, Harry Stuhldreher, told more than 250 members of the Holy Name Society of St. Madeline Sophie's Church, Germantown, who held their annual Communion-breakfast at the Mayfair House, Sunday morning, that professional football is not stealing the show from intercollegiate competition.

The Villanova mentor, who was on the program with such notable leaders of the sporting kingdom as Tommy Loughran, Connie Mack, Heine Miller, Jimmy Dykes, Benny Bass, Eddie McNichol and other prominent members of the legal profession and the business world, said that he believes professionalism on the gridiron is rather a help than a hindrance to the colleges.

During his discourse, Coach Stuhldreher gave the opinion that Fritz Crisler, Princeton University football pilot, has been responsible for the upturn in the swing to the supremacy of the Eastern colleges over their Western colleagues in football, by his inspired leadership of a comparatively weak aggregation.

In closing his address the Wildcat leader, who admitted that he is suffering from the annual attack of "contract pains," defended the fumble rule enforced in grid contests. He declared that it gives an opposing player unearned glory over a man who may make only one slip of this nature during an entire season.

SWIM MEET PENDING

Candidates Are Asked to Report for All Practice Sessions

Swimming candidates have been requested to attend all the swimming practices in the near future because there is a meet pending. This meet is to be held with the School of Osteopathy early in the month of February. A return encounter will be held the following week. This first meet will be held away, the second, of course, to be held in the school pool.

In the future practice will be held immediately after chapel on Tuesday and Friday evenings. This change has been made to afford everyone the opportunity to attend each practice.

FROSH BASKETEERS TO PLAY TONIGHT

Clash With Ursinus Yearlings in Preliminary Contest at Gymnasium

Under the capable direction of Art Lynch, the freshman basketball team will open its season tonight in a preliminary game, meeting the Ursinus Frosh.

Lynch, one of last year's basketball greats, has moulded together quite a formidable quintet, and, although they do not seem to have the ability exhibited by last year's five, they ought to give a good account of themselves in this evening's encounter.

At present a squad of 12 men are endeavoring to place in the first five, and rumor has it that Glazin, Manno, Shopmeyer, Robinson and Sala will form this quintet. No word has come from Lynch, as to what starting line-up he intends to use in the Cub's contest, and until the team steps out on the floor for their initial game, the issue will not be decided.

A schedule of eight games has been prepared for the Kittens, two with Ursinus, the first of which occurs tonight, two with Temple, two with West Chester State Teachers, and one each with Wayne I. A. C. and Lansdowne High. The first three mentioned are, of course, on a home and home basis. The game with Lansdowne will be played tomorrow night at Lansdowne.

Among the outstanding candidates for berths on the cage team are McCabe, Monahan, Seville, Sala, Cibuiskis, Kopcha, Maxamovitch, Manno, Pickle, Robinson, Shopmeyer and Glazin.

The complete 1934 football schedule as released by the Athletic Association is as follows:

Sept. 29—Ursinus	at Villanova
Oct. 6—Western Maryland	at Villanova
Oct. 13—La Salle	at Villanova
Oct. 20—Detroit	at Villanova
Oct. 27—Bucknell	at Lewisburg
Nov. 3—Boston College	at Villanova
Nov. 10—South Carolina	at Villanova
Nov. 17—Manhattan	at New York
Nov. 24—Temple	at Philadelphia

Alumni Hall Leaders in Basketball League

League Toppers Trounce Austin, Mendel, Day Hops

Germac, Voran, Hughes, Higgins Star in All Three Contests; Mendel Hall Offers Stiffest Opposition

TEAM SHOWS SUPERB CO-ORDINATION

THE TERMINATION of the holidays renewed the intramural basketball feud. The recess seemed to have done the league-leading Alumni quintet a world of good, for they trounced three teams this past week. Among those teams was Austin Hall, their runner-up in the first quarter round. The biggest surprise is the poor showing Mendel Hall has made so far. From a scrappy, heady outfit, they have turned to a more or less bungling array of hoopsters. They have been defeated in their two starts after the vacation.

The new quarter was scheduled to open with a double-header, but the C. & F. Day Hops forfeited their game to the Mendel Day Hops. The other game was held between Alumni and Mendel Hall. Alumni ran up a 13-3 score. Germac was high scorer for the victors, with six points. Collins, a newcomer to the Mendel Hall outfit, made the losers' only field goal, while Morin sank a foul shot to make the sum total of three points.

LEAGUE STANDING

Alumni Hall	3	0
Austin Hall	6	2
Mendel Hall	4	4
Fedigan Hall	3	5
Day Hops (M.)	3	5
Day Hops (C. & F.)	0	8

Fedigan Hall seems to be the only resident team which cannot withstand the onslaughts of the Day Hops. They stand tied for fourth place with Mendel Hall Day Hops with three on the right side and five on the wrong side of the ledger. The notorious C. & F .Day Hops bring up the rear with a grand total of eight defeats and no wins.

Alumni, 72; Day Hops, 1

After warming up in the Mendel Hall encounter, Alumni proceeded to get hot with the Day Hops. The final score of the rout was 72-1. Germac again was high scorer for the victors with 16 points. Fittipoldi, of the losers, broke into the scoring column and netted a foul shot to save his team from a shutout.

The Mendel Day Hops showed superb form in playing Austin, but they were not quite able to stem the tide of the latter. The final score was 31-28. McGovern led the attack with nine points closely followed by Vaughn with eight. Barr set the pace for the losers with nine.

Alumni, 31; Austin, 23

The team that gave Alumni the greatest competition in the first quarter submitted helplessly to a beating or rather a baffling Friday night to keep the winners' slate clean. Austin Hall fell in defeat to the tune of 31-23. The contest, like the last one played between them in the first quarter, was spoiled by exceeding roughness in spots. Signs of bad blood were quite evident between the two teams. Several players were evicted on fouls althought many aggressive tactics passed unnoticed.

Fedigan Hall whipped the Mendel Day Hops, 28-17. Kramer led the fireworks with seven points while McGonnigle netted six. Scerca and McNamara tied for the scoring honors for the losers. Each made four points.

Fedigan Hall has the first-half honors practically clinched. They sport an average of 1000 with eight victories and no defeats. Austin Hall is at present in the runners-up position with six wins and two losses, both suffered at the hands of their old Nemesis, Alumni Hall. The fighting Frosh from Mendel Hall hold down third place with an average of 500 due to four to four.

JAYVEES TO PLAY FIVE MORE GAMES

Penn Athletic Club to Furnish Opposition for Kittens January 20 at Home

One of the most extensive schedules ever to grace the files of the athletic office has been prepared this year for the junior varsity basketball team.

Seven games have been definitely booked for Coach "Buck" McFeeley's combine with three games tentatively scheduled. Two of these games have already been played, those against the University of Pennsylvania junior varsity and West Chester State Teachers J. V.'s. Dropping these two contests, it appeared that the squad was due for a hard year, but practice, and plenty of it, has definitely improved their playing, and the spectators who have been attending the practices are looking forward to the next game with the Penn Athletic Club J. V.'s.

Coach McFeeley has plenty of material in such men as Captain Feehery, Barney Lee, Frank Willis,

Continued on Page Seven

In the Limelight

Harold "Jocko" Hurley

OUR most recent applicant for immortality in Villanova athletics is Harold Hurley. No one ever knew his name was Harold, his tag in college being "Jocko," for some reason or other. Jocko, in case you have poor eyes, is a gentleman of medium height, with blue eyes and dark hair. (The debutante's delight).

It might be said that he was born with a basketball in his fist, for he has been playing organized ball for over 11 years. He was born in 1911, in Holyoke, Mass., up in the neighborhood of Toby Cavanaugh and Tom O'Donnell. The earth must have shook when those three birds hit Massachusetts.

Before entering St. Jerome's High School, in Holyoke, Jocko was playing as a regular in a club organized in his district, a fast snappy outfit, which won the Independent Boys' City Championship. He went into high school in 1926. In December, he reported for the varsity basketball squad and made the first team. When the spring rolled around, he came out for track and baseball, receiving a letter in the latter sport. He played in three varsity sports, receiving eight letters in baseball and basketball, which he captained, and competed in varsity track when he wasn't doing anything else.

He carried the torch in the same fashion when he entered Villanova in 1930. He reported for Frosh basketball, made the team and was elected captain. On the same Frosh team were Art Lynch, Finn, Brochmyer and Prucha. Following the same schedule as he did in high school, Jocko came out for Frosh baseball, and with his customary ease, knocked that cold too, making a regular place for himself in left field and as customary, landed on the first squad. He won a few juicy first places for himself and Villanova, added a few more laurel leaves to his diadem and several more numerals to his chest. In place of the touch of Midas, who turned everything he touched to gold, Jocko seemed destined to have an astral touch; everything he touched turned to stardom for him.

But don't think that Jocko spent all his hours with the turf and cinder men. No, indeed, he also shone brilliantly in his social activities, shining so brightly that he found himself chairman of the Freshman Hop Committee. Continuing in the same line, he was signally honored by an appointment to the Student Council, a noted distinction, and one well merited by Jocko.

Jocko is 22, with no definite preference in orchestras, blondes or brunettes. He hasn't any definite plans as to what he intends to do with himself when he graduates, or he hasn't told anyone, anyway. With his sterling qualifications, a coaching job should be a cinch, but at any rate, he will sure make himself felt, wherever he goes.

Marked Improvement in Intra-Mural Activities Shown by Students' Interest

The intra-mural activities for the past year have shown a marked improvement in the interest shown by the students, and in their attendance at the games.

Alumni Hall again carried off the honors for the year with a total of 66 points. They were first in basketball, baseball and soft ball; second in boxing and swimming; third in volleyball and track, and fourth in wrestling.

Austin Hall ranked second with a total of 51 points. That hall was first in track; second in soft ball; third in boxing, wrestling, basketball and swimming, and fourth in baseball and volleyball.

The Day Hops were third with a total of 46.5 points. They were first in wrestling, boxing and swimming; second in volleyball and track, and last in basketball, baseball and soft ball.

Fedigan Hall came fourth with a total of 38.5 points. That hall had no first places, but were graded second in wrestling, basketball and baseball; fourth in boxing, swimming, track and soft ball, and fifth in volley ball.

In fifth position there was Mendel Hall. The teams representing this hall are largely composed of freshmen, and their showing has been comparatively good. They came in first in volley ball; third in soft ball and baseball; fifth in boxing, basketball and swimming, and last in wrestling. They amassed a total of 30.5 points.

Good Counsel, in last place, really should not be considered. That hall was forced to disband because of the decrease in the number of students, However, on the basis of their earlier efforts, they compiled a total of 13.5 points. They were fifth in wrestling; fourth in basketball; fifth in soft ball, and sixth in boxing.

In the matter of games won, Alumni Hall led with 34 victories out of 42 contests. Austin Hall had 23 wins and 20 losses. The Day Hops had five wins and 15 reverses. Fedigan Hall had 17 wins and 21 losses. Mendel Hall had 21 wins and 20 losses, and Good Counsel Hall, for its partial existence this season, had 12 wins and 13 losses.

All these games and statistics given above are based on the past calendar year, not on the scholastic year or semester.

'CATS' MEOW

AN oddity-student states. "Boy I feel swell. All rested up after the holidays." If he did, he would be dubbed a sissy.

—V—

The 150-pound team will get letters soon. "Fly Speck" Kelly, "Vipe" Fittipoldi and "Sweetheart" Hodgers were almost killed in the rush.

—V—

Lou Marechal is absent, and if the paper is not up to standard, you know the reason. So says Lou.

—V—

We hoped that Don Blanchard would recover over the holidays, but he has fallen in love again.

—V—

All personalities mentioned in this week's edition were concocted by "Curley" Chapple and "Snatcher" Murphy, of the Raymond Murphys.

—V—

"Lippy Leo" Schoppmeyer, Frosh basketball star, is lamenting the loss of a goodly portion of his famous schnozzle.

—V—

Joe McGovern reports that there is a "shadow" in his path. May we quote him as saying "Bedam—it."

—V—

The teachers were given an about face, and we taught them a little something of how the game on the wooden way should be played.

—V—

"Big Bill" Ferris drops another—blind date. Not only that but imagine a trip from Bryn Mawr to Villanova in ten seconds flat. Or who was it that was flat.

—V—

Ursinus is the next victim. We hope.

—V—

The sports staff has a toastmaster par excellence. Ask the members of the Literary Society.

—V—

The old tradition—Alumni, 6; Day Hops, 6.

—V—

The Mendel Day Hops have one consolation. They have yet to play the C. & F. trolley boys.

—V—

The sports staff retreated to a corner Sunday night when Jimmy Allan, of the slip-stick sophs joined their ranks.

—V—

Somebody's in for a few tough afternoons next fall. The West Point Cadets report the acquisition of a tackle weighing 275 pounds. He only throws the 12-pound marble 52 feet. All-Southern tackle before he comes to West Point. The papers report that with a little experience he'll become quite a tackle. Even we are inclined to agree with them.

—V—

Angeline is gone, long live Angy. Oscar (Love Lorn) Grow has a new girl.

WEEK'S SCHEDULE

Wednesday, January 17
Mendel vs. Mendel Day Hops, Old Gym, 3.45 P. M.
Thursday, January 18
Alumni vs. Mendel Day Hops, Old Gym, 3.45 P. M.
C. & F. Day Hops vs. Fedigan, Old Gym, 2.30 P. M.
Friday, January 19
Austin vs. C. & F. Day Hops, Old Gym, 2.00 P. M.

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

Recollections

College, I've come back again;
I'm here to visit you
And loiter for a little while,
The way I used to do;
To look the old place over,
Alma Mater, where I did
So many million lines "in jug"
When I was still a kid.

But Tempus, in his fugiting,
Has managed such a change,
In you, old Villanova,
That your face looks new and strange;
At least it does to me, and
You will pardon, I feel sure,
A damphule who bedeviled you
'Way back in ninety-four.

I see new buildings all around,
And, as you've had them reared,
The old landmarks I knew so well
Have vanished, disappeared.
Who, reading this, I wonder,
Would be able to recall
Those long forgotten landmarks now,
If I should name them all?

But time and space forbid me
To name more than just a few
Of the "special points of interest"
The boys of my time knew:
The horse-shed where, quite friendly,
A long and bloody fight
Was hailed by all non-combatants
With feelings of delight.

The laundry, near the orchard
Where big apples used to grow;
And what kid of my college days
Forgets the old "Chateau"?
The stable yard and hog-pens;
Who ever can forget
Their aromatic odor?
It seems to linger yet.

Who'll not remember Felix,
And how a kindly breeze
Would carry to our eager ears
The names he'd call the trees?
We thought his brand of English
Was magnificent, sublime;
His most expressive adjectives
And nouns will outlast time.

The boys, old Villanova,
Who are with you here today,
Will find no lucid meaning
In the words I've had to say;
But everything I've mentioned,
And many, many more,
Will sound familiar to
You boys of Eighteen Ninety-Four.

JOSE M. FUERTI, '34.

* * *

Visitor: "Eighty-eight is certainly a ripe old age, Mr. Jones."

Mr. Jones: "That's nothing. If my father were alive, he'd be a hundred and twenty."

* * *

In the Soup

"What do you think of the new member," asked an old member of the luncheon club, speaking to the chairman.

"Remarkable, in his way," replied the chairman thoughtfully. "I've heard soup sucked and gargled and siphoned, but upon my word, he's the first man I've met who could yodel it!"

* * *

After the Holidays

Of course we're glad we're back in school
(At least that's what we're saying)
And now we'll settle down
To some serious bridge playing.

Instead of murmuring Hamlet
As once we know we did,
We have our own soliloquy
"To bid or not to bid."

And in this new regime of ours
A flunk is not disgrace;
Only one thing brings you shame,
To trump your partner's ace!

TATLER.

* * *

A Question of Position

"All we need now," roared the political speaker, "is a working majority."

"You're wrong," yelled a weary listener. "What we need is a majority working."

* * *

True Progress

Driving a new high-powered car at lightning speed, a well-known professor roared at his companion: "We've got it at last!"

"Got what?"

"Perpetual motion. I can't stop the thing."

* * *

Self-Protection

Finicky Stude: "Waiter, this soup is cold. Give me some that's hot."

Waiter: "What do you want me to do? Burn my thumb!"

SMILER.

Musical Comedy Scheduled For Production in April

"Let's Go Places," to Be Offered by Turf and Tinsel Club, Will Be Group's Second Annual Show

The second annual production of the Turf and Tinsel Club will take place sometime during the month of April, according to an announcement released by the Rev. Bernard McConville, O. S. A., moderator of the club. This year's play is also in the realm of the musical comedy and is entitled "Let's Go Places." Further details relative to the exact nature of the play will not be known until a later date.

The production is under the expert direction of George Keough, who was responsible for the success of last year's show, "Look Who's Here." Mr. Keough, formerly associated with George M. Cohan, well-known playwright and actor, has not as yet selected a dancing director, Miss Helen Pfaff instructed the chorus in its routines last year, but it is not known whether or not she will act in that capacity again this year.

At a recent meeting of the club more than 30 members were present. Practically all those who participated in "Look Who's Here" have signified their intentions of joining the cast of "Let's Go Places," including Charles McGee, Barnard Lee, George Gartland, Carroll Cook, Carl Hickey, Charles Nowe and others. In addition to these players, there is quite a number of new men desirous of "going places."

It is expected that the chorus will be graced with approximately 20 wisps of femininity, while there will also be a glee club of the same number. Anyone, no matter whether his oral utterances are preponderantly bass, alto or tenor, is kindly asked to hand his name in to either Fr. McConville or Mr. Keough.

William Conway and Charles Riley are again the managers of the show, while Charles Hurlburt is stage manager, assisted by J. "Babe" Neylon.

Varsity Teams Show .712 Percentage As Balance on 1933 Sports Ledgers

Continued From Page Five

spots was the victory over the U. of Penn.

Skaff Hard Hitter

Frank Skaff, hustling third baseman, led his teammates in batting, extra base hits, and home runs. George King was the outstanding pitcher with five victories, and in passing it should be stated that Jack Montgomery pitched in tough luck all season.

He pitched 30 innings in the first five games of the season, and was not credited with either a win or a loss. He saved several games by staunch relief work, but received no credit because he went in with a slight lead. His one win, though, was an exhibition of real pitching against Penn.

The tennis team captured fourth place with three wins out of four meets. The only reversal came at the hands of Bucknell. Because of loss of several veteran players by graduation the team was severely handicapped, but the "racqueteers" made a good showing even in defeat.

Courtmen Are Fifth

The basketball squad ranks fifth with nine victories and four defeats. Probably the most outstanding victory was that achieved over the team from St. John's, Brooklyn. Previous to that game, the 'Cats' opponents had won 12 consecutive games, three of them from stronger college teams. But Villanova's deceptive passing, the excellent mid-court play, and accurate shooting brought home a 38 to 32 victory.

The golf team ranks last with two victories out of three matches. The players had been hampered all season by inclement weather, and several matches had to be called off.

Considered all in all, the varsity had a rather successful year for all sports, each team's results comparing favorably with the winning averages for similar teams in the two previous years, and, if all goes well the Wildcats can look forward to an even better season for athletics.

Kitten Cagers Shine

The Kitten basketball team made the best showing of all yearling teams with six victories in eight games. Coach Bill Tracy's aggregation was flashy if nothing else. The first three wins of the season, all by one-sided scores, were marked by seemingly tireless playing, at a strong pace, and by quite a few long difficult shots.

But Bill Tracy soon smoothed out the team's operation after the 31 to 28 defeat at the hands of the Washington Central High School, and for the balance of the season there was an appreciable improvement in team play. The only blot that was marked against the Kittens was their defeat at the hands of the Temple freshmen in the last game of the season.

The baseball team broke even for the season, winning two games out of four. The first game was won over the frosh team at Haverford, 12 to 2. In the second game they were defeated by Ursinus. The third game, a return match with the Ursinus Cubs was the highlight of the season.

Stopped Winning Streak

The Kittens scored a shut-out, 6 to 0, and stopped their opponents' 17-game winning streak. The final game was dropped to the Conshohocken High School team, 5 to 4. Several other games, tentatively scheduled for the Kittens, had to be called off because of inclement weather and conflicting schedules.

The frosh football team was the only losing proposition on the campus. They dropped the only game of their entire season to the Penn State frosh, 38 to 7.

Jayvees to Play Five More Games

Continued From Page Six

Vince Totin, Frank Dart, Joe Clark, Bob McGrory, Leo Mooney, Frank Schelle and Buck Taylor. Feehery, Lee, Taylor, Totin and Mooney now form the starting combination, and in them Villanova has the strongest team ever to represent it on the wooden way in the form of a junior varsity.

The following game after the Penn A. C. contest will be against Penn, after that Banks Business College, La Salle and Conshohocken High will follow in order. Tentative frays with West Chester State Teachers, Penn A. C. and La Salle are on the cards, all of these games being played in the form of return matches and all will be played on foreign courts.

The schedule follows:
January, 20, Penn A. C., home;
January, 26, Penn A. C., home.
March, 3, Banks Business College, home.
March 6, La Salle, home.
March, 13. Conshohocken High, away.

SENIORS TO MEET

An important meeting of the entire Senior class will be held tomorrow afternoon in the Mendel Hall amphitheatre at 1 P. M. Definite plans for the Senior Ball, to be held February 9, will be discussed. Thomas F. McFeeley, president of the class, urgently requests that all members attend.

Duke University
SCHOOL OF MEDICINE
DURHAM, N. C.
Four terms of eleven weeks are given each year. These may be taken consecutively (M.D. in three years) or three terms may be taken each year (M.D. in four years). The entrance requirements are intelligence, character and at least two years of college work, including the subjects specified for Grade A Medical Schools. Catalogues and application forms may be obtained from the Dean.

Faculty Undergoes Various Changes

Continued From Page One

called to Villanova to act as chaplain. Along with his duties as chaplain he taught religion and history.

Because of his genuine love for Villanova and his keen interest in the welfare of every student, Fr. O'Malley is greatly missed at the college. His genial personality combined with many initiative qualities won many friends for him.

The second change is that of Rev. Louis A. McMenamin, O. S. A., who has been transferred from St. Thomas' High School, Rockford, Illinois. Fr. McMenamin will take over Fr. O'Malley's classes. Lastly, Rev. Thomas A. Kiley, O. S. A., has been transferred from St. Mary's Parish in Lawrence, Massachusetts, to St. Mary's Hall, Villanova. He will teach Greek.

MANY CHANGES ENHANCE APPEARANCE OF CAMPUS

Replanting and Removal of Trees With Other Alterations Complete Scheme

A vast improvement in the appearance of the campus landscaping is now underway. All maple and horse-chestnut trees are being transplanted from the center of the front lawn to the adjacent side southwest of the lawn. The old maple trees along the pike that are dead or were distorted by telephone wires and storms will be removed and twelve maples put in their places eighteen feet from the curb, so as to remove them from any future developments of the pike.

The center path will be removed and a solid green lawn formed to replace it. The hedge at the end of the path will be closed and the stone post placed at the entrance of the path leading from the P. & W. station to the church. All shrubberies and old trees will be substituted by new ones in front of the monastery as soon as the landscaping is finished. Numerous evergreens have been placed around the various halls.

Thus, with the addition of these new trees and the new rearrangement of the lawn, the buildings will become more visible, and the campus more attractive.

EVOLUTION THEORY IS PROVED FALSE IN SCIENCE DEBATE

Pre-Medical Students Engage in Interesting Discussion at Seminar Period

FR. DONNELLON PRESIDES

An innovation in the weekly pre-medical seminar was introduced last Thursday morning when six juniors of the Science School staged a debate on the question "Resolved: That the theory of evolution is supported by sufficient evidence to supplant the theory of special creation."

The debate was won by the negative team, which was composed of Augustine Ranieri, Marcus Fath and Ralph L. Violetti. The men on the affirmative team were Henry White, Arthur McGinnis and Joseph Medoff.

The Rev. Joseph M. Dougherty, O. S. A., dean of the School of Science, had arranged this debate in order to arouse interest among the science students in the forensic art. Fr. Dougherty realizes the need of debating and hopes that this discussion will materially increase the popularity that debating has acquired during past years.

Fr. Donnellon Chairman

The speakers had been assisted in their preparation by the Rev. James Donnellon, O. S. A., professor of Genetics and Physiology. Fr. Donnellon also officiated in the capacity of chairman.

The affirmative group brought forth their evidences, which are found in the sciences of Genetics, Embryology, Geology and Paleontology, in a firm and convincing manner.

The members of the negative team argued that the evidence presented was not proof enough to be valuable for the holding of the evolution theory. Ranieri made a convincing statement when he said that a theory to be accepted must be a theory that holds true for all the results found. Fath showed how, by the established theories of Gregor Mendel, recessive factors if present will always appear. So far, no recessive man or throw-back has been found.

Violetti demonstrated the inaccuracy of the Paleontology evidence. He showed how "by the fancy of ardent evolutionists, the famous ape-men or fakes—called the Pithecanthropus, the Heidleberg Man, the Piltdown Man, and the Neanderthal Man—were drawn or reconstructed from a few fragments of bone."

The debate was very constructive and entertaining. The board of judges was composed of the Rev. Francis Coan, O. S. A., the Rev. Francis Ludwig, O. S. A., and Professor Martin L. Gill, Jr.

SENIOR COMMITTEE SIGNS ENOCH LIGHT

Famous Orchestra Plays Six Times Weekly Over the Columbia Network

Continued From Page One

varied entertainment. All of his arrangements are prepared by George Cole, a graduate of Brown University.

Mary Danis, who sings the "cute" songs and who has "that certain something," started out to be an actress. After having gone to Sargent's Dramatic School, she appeared in several Broadway shows, but decided there was more fun and also more money in singing.

Nick Kenny, well-known radio critic of the Daily Mirror, says of her: "Enoch Light's girl vocalist would make any band stand out, even if it didn't have the famous Light touch and personality."

Sings Foreign Tunes

Enoch has the ability also to sing foreign tunes in their original tongue. He once studied to be a surgeon at Johns Hopkins University and had to master the languages for a medical career, although he never dreamed how he would one day make use of them. While in Europe, he had an opportunity to brush up on his accents, and now he is always glad to oblige with foreign numbers, especially those "oo la la" songs of Chevalier, such as "Dites Moi Ma Mere," and "Valentine."

Light is making a specialty of inter-fraternity nights at the Governor Clinton Hotel. However, just now he is wandering around from one campus to another, acting as his own goodwill ambassador, inviting the boys and girls to come up and hear him some time.

Introducing New Numbers

He likes to introduce new song numbers because he gets a great kick out of seeing them catch on and become hits. At the present time, he is starting on its way to success a tune called "Railroad Sam," a sequel to "Casey Jones." His theme song, "Deep in the Blue," draws more fan mail than any other number and is very popular. His individualistic manner of playing tunes has placed him as a favorite top-notch director and musician.

There is no mistake about this musical ensemble being extraordinary. In Europe it is rated above Paul Whiteman's orchestra, and among musicians Enoch Light himself is considered a master.

Anyone interested in the orchestra may hear it at 4.45 this afternoon over WABC.

Luckies

Reach you fully packed

THE TOBACCO DOES NOT SPILL OUT

Good tobaccos... real good tobaccos... that's the reason for Lucky Strike's fine, smooth quality. We use only the center leaves of the finest Turkish and domestic tobacco plants. Not the top leaves—because those are under-developed. Not the bottom leaves—because those are inferior in quality. We use only the center leaves—because these are the mildest leaves—fully ripe for perfect smoking. Only these choice tobaccos are used to make Luckies—so round, so firm, so fully packed—and no loose ends to spill out. That's why Luckies are always mild and smooth. That's why always "Luckies please". And don't forget—"It's toasted"—for throat protection—for finer taste.

DEAN WILL SPEAK ON GREGOR MENDEL AND HEREDITY LAWS

Fr. Dougherty to Give First of Talks Sponsored by Alumni Group

TO EXPLAIN PRINCIPLES INVOLVING STERILIZATION

Live Animals, Flowers, Slides Will Be Used to Help Illustrate Points

Live animals, flowers, and slides will be used by Rev. Joseph M. Dougherty, O. S. A., Professor of Bacteriology and Histology, and dean of the School of Science, in his address tonight on "Gregor Mendel, the State and the Problem of Heredity."

Fr. Dougherty's lecture will be the first in a series of recently announced discourses to be given by members of the faculty on subjects of current social and economic interest. These talks, sponsored by the alumni association, are all to be given in the auditorium of the Commerce and Finance School. The lecture tonight, as well as those following at future dates, is scheduled to begin at 8.30 P. M.

To Review Mendel's Life

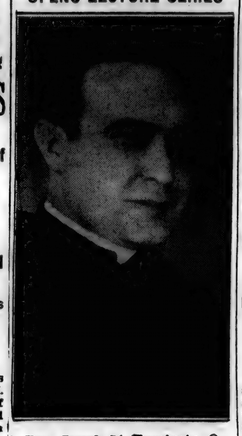
Fr. Dougherty will begin his discourse by giving those present a view of the life and times of that great Augustinian priest-scientist, Fr. Johann Gregor Mendel. The political and social conditions prevailing during Mendel's existence and the highlights of Mendel's life will be described.

Continuing, he will explain briefly some fundamental biological principles which must be known in order to understand Mendel's work.

Laws to Be Portrayed

The laborious and painstaking efforts performed by Fr. Mendel, his work with the common garden pea and how from these experiments Mendel evolved what has come down to the scientific world as the Mendelian Laws of Heredity will next be portrayed by the speaker.

OPENS LECTURE SERIES



Rev. Joseph M. Dougherty, O. S. A., Ph. D., S. T. L., Professor of Bacteriology and Histology, and dean of the School of Science, who will be the first speaker in the series of lectures by the members of the faculty, which opens tonight.

AIRPORT MANAGER SPEAKS TO SOCIETY

Aeronautical Group Hears Talk by John Rodgers on Wing Design of Planes

The Aeronautical Society, the new society formed by a group of engineering students interested in aviation, held its evening meeting last Thursday at which time John Rodgers, manager of the Somerton Airport, gave an interesting lecture. Mr. Rodgers kindly gave his services to these students and it is through his cooperation that the society is gaining such popularity.

At the meeting Mr. Rodgers presented a lecture on the type and design of the wings used in the different types of airplanes such as the racing, transport and endurance planes. He also demonstrated, by means of graphs and graphical illustrations, the actual methods and construction work employed in designing and building wings for planes. Particular interest was shown in the discussion of the thick tapering wings most universally employed at the present time.

Questions Asked

After the lecture a great many questions were asked and answered and an open discussion was held on the topic explained.

These meetings are open to the entire student body and it is the desire of the officers to have as many as possible attend.

SENIOR ENGINEER DISCUSSES THESIS

Comparison of V-Type Motor to In-Line Engine Was Subject of First Talk

The Villanova Chapter of the American Society of Mechanical Engineers held its first meeting of the new year on Thursday at 1 P. M., in Room 206, Mendel Hall.

The president of the chapter, Victor R. Barr, '34, was the speaker of the day and discussed his thesis, the title being, "The Design of a V-Type Eight Cylinder Motor." As has been the custom, each senior gave a talk on his thesis and it is hoped that the underclassmen will find these talks helpful to them not only in their studies, but also in selecting their theses.

Barr first drew a comparison, giving the advantages and the disadvantages of the V-type motor over the straight internal combustion engine. He then explained the method for designing an entire motor and engine, and also produced sample calculations with his method.

Will Visit Plant

The next trip for the society will be held on Thursday, February 1, when the members of the society

Gym Amplification Being Studied By Two Engineers for Thesis Work

Throughout the past two weeks John K. Steets and Roberto Andraca, two members of the senior engineering class, have been working on a new amplifier system to be installed in the gym. These two men have received this assignment for their senior thesis.

Aiding Steets and Andraca is Edward Casey, a freshman in the engineering school, who is very familiar with the operation of radios. He is an amateur radio operator and has his own station, W3CJA. In speaking of his assistance, Steets said, "He will be of great aid to us due to the fact that what we are doing is so closely connected with radio work." Harry S. Bueche, professor of electrical engineering, is supervising the work being done and will assist these three students in their assignment. Incidentally, Steets helped materially in setting up the loud speaker in the stadium during the football season.

The equipment for the amplification has been secured from Station WFI, Philadelphia. With these supplies they intend to experiment and locate a suitable section of the gym where they may install from one to four amplifiers. Added to this, they are trying out a new turntable system for playing records.

The most difficult task confronting them in their work is the elimination of echoes which resound throughout the gym as sound is raised above a subdued tone. They will attempt to overcome this difficulty by padding those sections in which the echoes originate and by placing the loud speakers in the most advantageous positions.

SENIORS ASSESSED TO INSURE SUCCESS OF BELLE AIR BALL

Payment Entitles Members to Dinner-Dance and Half Payment to Dance

PENALTY TO BE IMPOSED ON FAILURE TO COMPLY

Individuals Unable to Meet Demand Will Confer With Proper Authorities

In order to insure the financial success of the Belle Air Ball, all seniors have been assessed $2, and the payment of this levy on or before February 8 entitles each senior to the privilege of attending a closed class dinner-dance to be held during the latter part of the present scholastic year.

There is also the added advantage to the payment of the assessment in that it goes toward the price of the ball ticket. According to Rev. Francis J. Ludwig, O. S. A., class moderator, and Thomas F. McFeeley, class president, all seniors who refuse or fail to pay the tax will be penalized and regarded as a member not in good standing. A senior who unfortunately cannot meet the requirement may explain his case before Fr. Ludwig and McFeeley, and they will pass a joint decision on his status.

Plea For Co-operation

For those seniors who do not gather the full significance of their assessment McFeeley has this message: "We all understand the necessity of an assessment. In the past years our class had been fortunate in its financial reserves and has not had to rely too strongly on this type of taxation. This year, however, we know that our treasury holds but little strength, and it is imperative that we stress payment of the $2 tax in order to insure success for our dance. You have elected your class president and officers to uphold your constitution and to work for the benefit of the class.

"This, they are straining every effort to do in conjunction with the committee, which is working untiringly and unselfishly. Show the fine spirit that has characterized your attitude toward previous class functions. You are urged to meet the assessment immediately in order that this, our last scholastic social function, may have the greatest success of all."

Orchestra Approved

The orchestra selected by the committee seems to have met with much approval among the students. Since the announcement of its selection appeared in the VILLA-

LETTER OF APPRECIATION ADDRESSED TO STUDENTS

Message of Thanks Is Received for Spiritual Bouquet Sent to Parents of Bereaved Student

Recently the student body of Villanova received a letter of appreciation from the family of Mrs. Hannah C. Murphy, as a token of thanks for the spiritual bouquet and the flowers sent by the student body in sympathy with the death of James Murphy's father.

The letter, which was addressed to Leo E. Cordiali, chairman of the student council, follows: "It is with grateful appreciation that we thank the students of Villanova for their beautiful floral offering and for the chaplet of prayers that was so touching in our great bereavement. May God bless and shower his favors on you."

Mr. Murphy, who died in Lawrence, Mass., of heart disease, was buried Wednesday, December 20, from St. Augustine's Church, in Lawrence.

Two Veteran Speakers Selected for Retreat To Start Next Sunday

Fr. McLeod and Fr. Ronan, Both Prominent on Mission Band, Will Conduct Annual Three-Day Set of Exercises

LECTURE IS GIVEN TO STUDENT BODY

David R. Roache, Philadelphia Accountant, Discusses Irish Drama

In the highest form of delivery David R. Roache, a Philadelphia accountant, lectured to the students of Villanova College last Wednesday. Through the auspices of the Gaelic Art Club, Mr. Roache was able to give this discourse on the dramatic history of Ireland and of the Abbey Players of Dublin.

He affirmed the fact that these Irish players, who have been responsible for the success of their native drama, have been unwarrantedly given a poor reception in foreign countries. He said they are not compensated in any form for their labors. In a very descriptive and choice vocabulary he narrated the history of the Irish from the Romantic Age until the present Age of Realism, which is, incidentally, the history the Abbey Players wish to portray.

Organized in 1902

As a result of this dramatic struggle, this society of players originated in 1902. The speaker continued his delivery by saying that the Abbey Players are touring the world in an endeavor to enact Irish plays to the Irish immigrants in order that the mirror be held up to the Irish people. However, they were given the poorest reception ever received when they appeared in Philadelphia. Those who attended said that the players were not portraying the Irish people realistically, but endeavored to ridicule their native land.

In Ireland the players are very highly lauded for their accomplishments and are supported very wholeheartedly. The National Theatre of Ireland, the only one of its kind which enacts only Irish drama, is the nucleus of the Abbey Players.

Prof. Joseph T. Jones, who introduced the speaker said that Mr. Roache is trying to do the same thing for the Irish people as Eva La Gallienne, an eminent actress and lecturer, is doing in her portraying of realistic America.

SEPARATE TALKS

Day Students to Have an Individual Schedule

Villanova will mark the 91st annual retreat for its students with appropriate exercises in the college chapel beginning next Sunday evening at 8.30 o'clock for resident students, with the opening talk and Benediction, and ending Thursday morning with the members of the entire undergraduate ranks receiving Holy Communion.

Word has been issued by the administration that the services of two veteran missionaries, Rev. Thomas C. McLeod, O. S. A., and Rev. Francis D. Ronan, O. S. A., have been secured for the annual event

Separate Exercises

The daily program for resident and day students includes similar routines on Monday, Tuesday and Wednesday, that of attendance at Mass, three conferences, Stations of the Cross and Benediction, and concluding on Thursday with Mass and reception of the Sacrament of Holy Communion. Because of the lack of ample seating facilities to accommodate the entire student body at one time in the chapel, it will be necessary, as in the past, to hold separate exercises for the boarding and non-resident students.

The morning Masses have been set aside as follows: For the special intention of the deceased students, particularly those who died in the past three years, on Monday; for deceased faculty members, on Tuesday; for deceased alumni, on Wednesday and for the intention of the students on Thursday.

According to those in charge, the

PHILADELPHIA CLUB OUTLINES PROGRAM

Alumni Group to Sponsor Four Major Social Events Each Year

Business and social activities for the coming year were the topics of discussion at the general meeting of the Philadelphia Club of the Villanova Alumni Association held recently at the Hotel Adelphia.

It was decided during the course of the meeting, that in the future the club will annually sponsor four major events. Each of these affairs, which are to feature the social activities program of the club, will be preceded by short business sessions.

The first affair is scheduled to take place during the fall on Homecoming Day. This, however, is subject to the provision that it will not in any way conflict with the national alumni group's plans for that day.

Banquet to Be Given

Shortly after the football season, the customary banquet to the coaches and members of the varsity will be given. This has become a tradition with the club and is eagerly looked forward to by sport-

OBSTACLES?

REPEATEDLY at scheduled intervals many students are confronted with apparent obstacles — exams. Examinations, however, are not truly obstacles to the real student. To the youths who have come to college to be students, but who have not as yet acquired that attitude, examinations are obstacles in every sense of the word. Some will be unable to overcome the barrier and will succumb. There are students among us, however, who, through their organized study, approach their mid-years almost with indifference and come out on top. Then, too, there are the individuals who have been slightly negligent or careless and also those who have flauntlessly allowed work to accumulate to unsurmountable heights. You are certainly aware into which category we can justly place yourselves. Regardless of the injustice you have brought about by sheer laxity to yourselves and to others, do not go further astray and resort to unfair methods for information. If your work has been neglected, and it is insufficient to meet the demands, learn what you can and cram if you must, but avoid cheating. Cramming, though it is not the best policy, is more manly than is cribbing. Your best policy for the future is to bring out some of those dormant qualities and start immediately to apply yourselves regularly that you may steadily progress through your own efforts.

TIME FOR RETROSPECTION

IN THE course of every man's life there should be certain periods set aside for retrospection. Business organizations periodically audit their books; industries systematically review their development; governments constantly trace their progress. So also should individuals pause regularly to review their lives. Ordinarily it is up to the person himself to choose his own time and means for reflection. At college, however, the administration supplies the occasion by holding annual retreats. A more opportune time for holding these retreats could not be chosen. We have already placed a full semester of academic work behind us. The tedious and trying mid-year examinations will be over. The duties of the second semester have not as yet begun. Consequently, our minds should be at ease. We should be free to do a little moral retrospection, to think back over our past lives and to ascertain our standing with God. If we find ourselves lacking in some respects, the occasion is offered for starting anew in the proper direction. Others undoubtedly will find themselves still on the "straight and narrow." They, in turn, will be given the opportunity to thank God and to obtain the grace necessary to persevere.

YOU OUGHT TO KNOW

THE MAN who said, "Love conquers all" certainly had the correct slant on things. It causes one to do things which under ordinary circumstances he would avoid doing, fight battles that from the very outset seem lost, drop habits that are the culmination of a lifetime and as much a part of the person's life as the very air he breathes. For love he will do anything—even go to work! One chappie, here on the campus, Al Cerulio, has even undertaken the tedious task of learning to dance. In passing, might I say that he is doing well and should have no trouble keeping his own at the Georgian Court Prom he will attend, shortly, with his all-important she.

Yes, indeed, this is the much dreaded, greatly abhorred week of weeks. It is the bane of all college students. No college man looks kindly on this, the week of mid-year exams. Show me one who does and I'll show you the biggest freak since Jo-Jo the dog-face boy. We fear these exams, for it is inherent to be afraid of the unknown. Every child is fearful of the dark, simply because it represents the unknown. Once assured there is nothing in it to hurt, he wonders why he ever looked upon it apprehensively. So it is with us with regard to our examinations. We fear them because we know not what is contained therein. After meeting and, to stretch a point, passing them we kick ourselves for being so puerile as to let them excite us so. There is almost a tinge of regret manifested because the expected calamity never happened.

The sidelights of the Uranus game Tuesday night were the saving grace that prevented the contest from lapsing into one of dullness. Bill Sweeney supplied the pugilistic interest in trying to flatten the face of his opponent with a straight left. Ben Geraghty interjected a little comedy into the game by making faces at the referee and faking a pass to him the same of which if not faked would have knocked the taken back referee's head off.

Song singers, in rendering songs the words of which have slipped the memory, find they can decorously cover up by using incoherent words, the nature of which is anonymous, coupled along with some serious humming. Tom O'Donnell, leading prayer recitation the other evening in chapel, employed a new technique to smooth over forgotten words. Tom simply ignored them terminating the prayer where his memory lay down on him and going on to prayers better remembered.

The senior class is taking no chances of having their annual ball, to be held February 9, conflict with other social events. The date has been placed at a time when limited pocketbooks have no cause to hold up a restraining hand and say, "Easy, there's the Junior Prom to think of." This strategic move should reap the harvest.

COLLEGIATE NEWSREEL

AT LAST we have succeeded in our long quest for the world's most suppressed college newspaper. It would seem to be The Collegian, published by the Maryland College for Women. Publicity seekers are doomed to disappointment, for "scare crow" (?) headlines are forbidden, column headings being restricted to only one-sixteenth of an inch. The paper is also the despair of cigarette advertisers, for ads must not be any deeper than one inch. Likewise, all pictures are strictly taboo. Outside of such minor technicalities, however, its writers seem to have the usual feminine facility for enlivening things regardless of limitations.

• • •

The absent-minded professor pops to the fore again after a long absence—a professor at Albright almost lost his life because he forgot that he knew how to swim!

• • •

Do you think you will have any trouble standing at the bar? Probably not, if you intend to follow the custom just innovated at Louisiana State. Law students there have decided to follow the example of European law schools by wearing derbies and carrying canes at all times during the second semester.

• • •

In the days when the Knights of the Bath were pretty well washed-up individuals, their sister collegians had little hope of ever being able to start a similar sorority of their own. A quotation from The Manhattan Quadrangle illustrates their plight: "A catalog published 200 years ago at one of the schools for the daughters of the nobility at St. Cyr, France, has the following provisions: Pupils are entitled to have one pair of stockings and two handkerchiefs a month. Foot baths, once a month. Complete baths, three times a year. Pupils unable to take their baths on the appointed day must wait until the following month."

• • •

Can you imagine trying this at Villanova: "Fifty students at Valdepin, Spain, locked two professors in a room until they promised to pass the whole class without an examination."

• • •

About this time it is a consolation to know that Lindbergh flunked out of the University of Wisconsin; Dr. W. J. Mayo, of the Mayo clinic, flunked out of the U. of Michigan Medical School; and Stewart Edward White and Franklin P. Adams were likewise shown the door of the same institution.

• • •

Lawson Robertson, Penn track expert, advocates reducing football teams to nine men by eliminating the guards. At least the girls wouldn't have such a job following the game!

• • •

An examination at the U. of Mississippi asked for the principle parts of any Latin verb. Upon one paper was written: "Slippeo, slipere, falli, bumptus." The returned paper had these words: "Fallo, failere, fluncto, suspendum."

---- Dial-Log ----

BEFORE the Senior Ball committee brought to Light the name of Enoch we gave the band little or no mention, but after hearing of his selection for the ball we immediately looked him up on our chart. According to our schedule, the Light Orchestra presents more programs than any dance band on the Eastern airwaves with the possible exception of George Hall. Six times a week is the maximum for both bands. Mary Danis, the featured girl vocalist, is high up in the rating of the songsters, and the combination of the band and the girl should present a most pleasing musical background for the 1934 Senior Ball.

Although the Senior Ball of last year, presenting Teddy Black, was branded a success, in the real sense of the word it was not. It may have been the attitude of the maestro, or it may have been that the crowd was just in a quiet mood, but there was lacking what goes to make up a good college prom — laughter and apparent enjoyment on the part of the dancers. Several of the boys on the campus who have seen and heard Enoch Light "in person" believe that this dance will equal, if not better, the "Ozzie" Nelson dance of several years ago, and that the band alone will supply enough amusement to make February 9 a grand success.

If you listen Saturday afternoon to WABC at 12.30, you can hear Enoch Light for a half hour. This afternoon at 4.30 he will be on the same station for 15 minutes.

It has been definitely settled that Jimmy Durante will again replace Eddie Cantor on that Sunday night program when the latter returns to the coast.

For the Lombardo fans, the good news is that Guy and the Canadians will continue on their cigar program indefinitely and will not quit, as we had previously rumored.

The two new Waring programs are due to conflict with two of the air's most popular hours. Thursday night the former Old Goldsters will conflict with Captain Henry's Showboat, and on the Sabbath the Eddie Cantor program comes on at the same time.

Ted Florito, who is to take the place of the above, has a hard task on his hands filling in their former spot on Wednesday, but the West Coast leader has a band almost equal to the Warings in every department, and should do a good job. Incidentally, Florito may come to New York in the near future and continue his programs from there.

Just in passing we note the leading radio magazine seems to get its publicity sheets from the same places that we do, but they publish them a week later. It couldn't be that they copy them from us! ! !

The Salt-Shaker

CATHOLIC ACTION — A SLOGAN?

IT WAS characteristic of President Roosevelt that, when he felt the need of the support of the nation for his Recovery Program, he assigned an expert to find a slogan that would appeal to American instincts and would sweep the country with an emotional wave which could not fail to arouse a groping people to follow an inspiring leader. The consequent clamor and noise of people at least proclaiming to do their part was, and is, a tribute to the psychological finesse of the president. It is also an implicit rebuke to the American people who are rather pleased to imagine themselves well educated and cultured. While regretting the necessity of appealing to our people by means of slogans which often mean nothing and are oftener misunderstood, we cannot but compliment the president for his keen insight into American mass-psychology.

Slogans have their place in human life, but we are inclined to think that their place is vastly exaggerated at present. A slogan is at best a very partial picture, and quite often an untrue one. It is therefore most regrettable that the tremendous program of a vigorous Pontiff should come so dangerously close to being considered a slogan, and nothing more, by many apparently well-informed Catholics.

Catholic Action is much bruited about today. It is on the lips of many and enjoys much space in the Catholic press. Catholic Action is the thing of the hour. One really must make allusions to "Catholic Action" in the course of every speech before Catholics. It means so much, you know. To speak of Catholic Action is to give that delicious impression that one is just rushing forth with the vanguard of Catholic thought and giving great impetus to the advancement of things Catholic.

It is poor logic to define anything by stating what it is not. And yet such logic is justified when the object under consideration is sadly confused in the minds of many. The Pope himself could not but be a trifle dismayed by the hodge-podge that sallies forth under the colorful banner of Catholic Action. The rubbish must first be cleared before the new is presented.

Catholic Action does not consist in sponsoring bean dinners and chicken suppers. Catholic Action is not concerned with the successful staging of dances and card parties, laudable as these things are. Nor is it even remotely concerned with the innumerable eccentricities of well-meaning persons who rush about proclaiming mightily their conception of Catholic Action. Their activity is almost as saddening as the stupor of thousands of Catholics who are in almost complete ignorance of what Catholic Action is and what its objective must ever be.

It is beyond the possibilities of this column to expound adequately a program about which volumes have been written. But, if we can impart the fundamental principle of Catholic Action, we will have succeeded in doing much. Lest we, too, fall into the error of foisting a subjective concept on interested Catholic people, we go to the founder, the inspirer, of Catholic Action—Pius XI. "Catholic Action consists not merely of the pursuit of personal Christian perfection, which is, however, before all others its first and greatest end, but it also consists of a true apostolate in which Catholics of every social class participate, coming thus to be united in thought and action around those centers of sound doctrine and multiple social activity legitimately constituted and, as a result, aided and sustained by the authority of the bishops . . . It is the co-operation of the laity in the apostolate of the hierarchy."

SPRING SPORT HOP TO BE SPONSORED BY SCIENCE GROUP

Geist Is Appointed Chairman of Dance to Be Held in Gym April 20

DINNER - DANCE PLANNED

Marion Heads List In Charge of Fraternity's Second Function of 1934

The Lamba Kappa Delta Fraternity will open the year 1934, socially, with their Spring Sport Dance to be held on April 20. This affair will be open to the members of the student body, and promises to be one of the highlights in the social calendar for the next six months.

Dancing will be continuous from 9 to 1, with music supplied by the Villanovans, who made a great showing at the Owl Hop some time ago. Besides dancing to their rhythmic melodies a few novelty numbers will be arranged.

The gym will be decorated in an enticing and seductive manner, thus putting it in an atmosphere appropos for the occasion.

Robert A. Geist, a senior, has been appointed by Frank Ditchey, president of the fraternity, as chairman of the dance committee. The members who compose the remaining part of the committee are: Tickets: Harold Kornfeld, Gabriel Maryah, and Benjamin Maloney; programs: Peter Fasco, Mario Tranceletti, John Acampora; orchestra: George D. Gartland and Frank Wixted; advertising: Pio Goggi and William Holmes.

In regard to the programs, the committee has arranged to put out something new and unique. It will be out of the ordinary, attractive and distinctive. The price for the bids was discussed by the fraternity members and was very liberally placed at $1.50 a couple.

Following this dance, the Lamba Kappa Delta will hold a closed dinner-dance probably at the Rittenhouse. No definite date or arrangements will be made until a future date. Dominic Marion, another senior science student, will act as chairman of the committee.

The dances of this fraternity have always been outstanding affairs. This season's events give every indication of surpassing all others previously held by the fraternity.

Gleanings

Did you know that: Harry Kornfield has started a new fashion in gloves? . . . It was good news to hear that "Doc" Curran is back again in his old stand in the infirmary? . . . The newest song of merit, one you are bound to hear plenty, is "Lovely?" . . . Many Day Hops have discovered that it isn't necessary to go to Harlem to get "Hot Foot?" . . . An old derby caused more than a little trouble in the Pie Shoppe last week? . . . You should ask "Whitey" Randour what all the excitement was about last week in Religion class? . . . Bill Conway has a new lady love . . . who it is, no one knows? . . . "Reds" Wallen was discovered exercising with a bar-bell at midnight?. . .Johnny Corkill came in a poor second in a duel several days ago, dinner plates being the weapons? . . . RETREAT-MASTERS GIVE STUDENT BODY SELECTED READINGS

Appeal to Students to Read Catholic Literature During Retreat

AIDS ORIGINAL THINKING

An urgent appeal to the student body to participate in some good Catholic reading during the retreat period is being made by Rev. Thomas C. McLeod, O. S. A., and Rev. Francis Ronan, O. S. A., retreat-masters for the 1934 retreat.

In their appeal they stressed the fact that many students confine themselves merely to reading the newspapers and in that way merely assimilate the thoughts of another. In this way, however, they are doing no original thinking.

The appeal follows:

"What food is to the stomach, reading is to the mind, and it is more unreasonable to poison the mind by bad reading than it is to ruin one's bodily health by bad foods. The value of good reading in fostering thoughts and noble aspirations is inestimable.

"It stands to reason that if a book or a newspaper is an occasion of sin, it has to be given up or let alone. All Catholics are taught—and no other doctrine can be reconciled with the Gospel of Jesus Christ—that if a thing is sinful to do, it is sinful to expose oneself unnecessarily to a temptation to do it, and sinful to dwell upon it in the heart, with desire, or even with any kind of lingering consideration.

"It may be said with truth that all idle reading is hurtful and bad. To read for honest recreation even silly books that are not otherwise objectionable, need not be condemned. But continuous idle reading of romantic, sentimental or exciting narratives spoils one's life and causes a general laziness and looseness in one's whole nature, unfitting the mind for exertions and the body for self-denial.

"The newspaper presents not only news, but ideas, reflections, views, inferences and conclusions of every kind. As the reader takes in all this prepared and digested matter, he is deluded with the notion that he is thinking and exercising his mind. He is doing nothing of the kind. He is putting on another man's clothes, and fitting himself out with another man's ideas. To do this habitually is to live the life of a child; one is amused and occupied, and one is enabled to talk second-hand talk; but that is all. Men were better men, if they thought at all, in the days when there was less to read. It is pitiable to reflect how many there are in all the ranks of life who depend for ideas on the utterances of their newspapers. And who, after all, are the writers of newspapers? Men by no means specially endowed or qualified; men who have to write in a hurry, with little learning or training, on all kinds of subjects, some of them the most momentous; and men who have strong temptations to speak rashly and flippantly on all things connected with religion and morality. Immoderate newspaper reading leads, therefore, to much loss of time and does no good either to the mind or to the heart.

"Retreat is a time when a person takes an inventory of his soul's wealth and his only real standing—his standing with God. Reading of good books is a valuable aid to a most invaluable asset—a knowledge of God and of one's self."

It is with this end in mind that the following list of Catholic books were suggested for reading during the retreat:

Bolshevism, Its Cure—Goldstein-Avery.

A Catholic Looks at Life—Walsh.

The Church and Labor—Ryan.

The Heroic Life of St. Vincent de Paul—Lavedan.

The Public Life of Our Lord Jesus Christ—Goodier.

"My" Mass—Newcomb.

Truths to Live By—Ross.

The Masterful Monk—Dudley.

Why Rome—Delany.

The Catholic Church and the Home—Gillis.

Marriage—Scott.

The Life of Christ—Cochem.

Lucky Strike *the fully packed cigarette — no loose ends*

Always the finest tobaccos and only the center leaves are purchased for Lucky Strike cigarettes. We don't buy top leaves—because those are under-developed. And not the bottom leaves—because those are inferior in quality. The center leaves—for which farmers are paid higher prices—are the mildest leaves. And only center leaves are used in making Luckies—so round, so firm—free from loose ends. That's why every Lucky draws easily, burns evenly—and is always mild and smooth. Then, too—"It's toasted"—for throat protection—for finer taste.

Lucky Strike presents the Metropolitan Opera Company
Saturday at 1:55 P. M., Eastern Standard Time, over Red and Blue Networks of NBC, LUCKY STRIKE will broadcast the Metropolitan Opera Company of New York in the complete Opera, "Aida."

NOT the top leaves—they're under-developed

Sideline Slants

By the Sports Editor

TO those who read the newspapers, one fact in sports must be apparent, that it is constantly before the public eye. The popularity of football and baseball has put them on a plane that is second to no other activity, unless it may be that sport called politics. Baseball, especially, has been appearing in newspapers throughout the country during the winter months, although the teams have disbanded. Various changes, both in the management and players have been effected by the constant desire by fans of some word concerning their favorite team. Football also has been basking in the spotlight of fame for weeks past, and the most noticeable point is that the teams mentioned are mostly amateurs.

• • •

SINCE the acquisition of "Pop" Warner at Temple the Owls have been having more than their share of newspaper limelight. Recently, the North Broad street institution released their gridiron schedule for next year. When comparing it with the card for the year past, we find that the Owls are determined to reach the pinacle occupied by only the foremost universities in the country. Marquette, Indiana and Holy Cross have been added to the roster for Warner's minions for the coming year, to say nothing of V. P. I. and Texas A. and M. This past year the Warnermen were beaten by Carnegie, who again make their presence felt on the '34 card, by 25 to 0 and by our own Villanova, need we say it? 24 to 0. Yet Temple's team in our humble opinion, did not compare with the '32 edition. In fact they lacked the fight that the former eleven had. Well, time will tell.

• • •

ONE of the newest features of our 1934 football schedule is the debut of La Salle. This struggle between two local rivals should prove more interesting than the majority expects. First and foremost is the fact that the Sallies will point for the Villanova game because, if they make a creditable showing, their standing in the football field will be increased greatly. Secondly it will be a game of foremost local rivalry. The two institutions are well in the spotlight of Philadelphia fame, and this will give an added zest to the fray. Lastly, the two teams employ almost the identical tactics, namely, the Notre Dame system.

• • •

THE latest addition to Villanova's varsity sports is swimming. Under the capable direction of Professor Martin Gill, the tank team has been striding towards the development of the sport in a most noteworthy manner. About ten men are at present appearing on the varsity, and they are all due to see action when the Wildcats open their first season against the Philadelphia College of Osteopathy, Feb. 10. Villanova has been without the representation of a tank team since the sport began to lend an added interest to collegiate life. Now the time has come, and what the student body will accomplish along this line is entirely up to themselves.

• • •

AS the sport progresses, Intra-Mural basketball has taken on new weight in interest, and the resident teams have risen to a high degree of importance. Such is not the case with the Day-Hop aggregations, and it is doubtful if they will be in existence for any length of time. One thing is certain, however, that if they fail to strengthen the interest in their ranks, they will pass out of all activities in the college. A failure in this regard will mean a total abolishment of Day-Hop activities, not only in sports, but in all college affairs. There are a few that have been doing their utmost in this line.

• • •

THE INTERCOLLEGIATE boxing matches with Temple will provide the Wildcats with another opportunity to scratch the Owls. The representatives of both schools will be able to swap punches legally for the enjoyment of the spectators.

CAT CAGERS ANNEX TWO MORE

FROSH BASKETBALL TEAM DROPS GAME TO URSINUS CUBS

Kittens Lose First Contest to Collegeville Five, 30-28, Tuesday Night

'CATS FAIL TO CLOSE GAP IN THE CLOSING MINUTES

Pieckle and Shopmeyer Star on Frosh Team With Sparkling Shots

Villanova's freshman team opened its 1934 basketball schedule against the Ursinus Frosh as the preliminary battle to the varsity at the Villanova gymnasium, Tuesday night. The game proved close and interesting but the Kittens were unable to close up the gap of two points that separated the teams in their closing rally, the Cubs winning out 30 to 28.

Coach Art Lynch opened the game with Pieckle and McCabe at the forward posts, Shopmeyer and Seville at the guard positions and Galazin at the pivot post. After the opening gun the Cubs went into the lead with a field goal from the floor. The Collegeville quintet had four points to their advantage before the Kittens were able to break the ice, McCabe breaking through a scrimmage at mid-court and scoring on a short shot under the basket.

Ursinus Climbs

Ursinus increased its lead when the basket was split with two free tosses. During the first half the Villanova team was vulnerable in several spots, and Ursinus kept adding to its total until at the halftime whistle the Cubs were in the van 16 to 10.

At the start of the second portion of the contest the Ursinus center dumped in a field goal to widen the margin to 18-10. At this point the Kittens opened up. The crowd sensed that the Wildcats had started their march. In about six minutes the Blue and White cohorts scored as many points to reduce the Ursinus lead to two points. The first goal was scored by Galazin on a long shot from the floor. Then the Frosh stormed the Cubs' basket and McCabe tallied from short right. Then the Frosh in a melee under the cords scored again. Ursinus then retaliated when they converted a foul shot. Shopmeyer split the cords with another shot making the score 19 to 17 in favor of the Cubs.

Kittens Again Rally

Ursinus spurted and gained a lead of seven points, but the Kittens again put on one of their usual

DANCING AFTER GAME

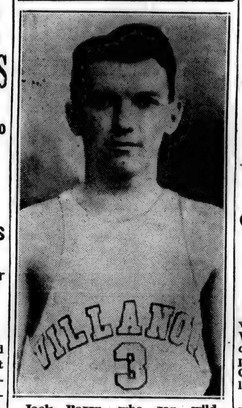
Villanovans to Supply Music for Social After Bucknell Contest

Dancing will follow the Bucknell basketball game in the gymnasium this Friday evening, according to an announcement issued from the athletic office. Music will again be furnished by the Villanovans.

For those students who bring a girl the charge will be 40 cents for the girl. The student will be admitted on his athletic card. For those students who come "stag" the charge will be 25 cents for the dancing.

Dancing will start at approximately 10 o'clock.

Stellar Forward



Jack Barry, who ran wild against Ursinus, scoring 12 points, but saw fit to stay in the background against the Penn A. C. team and aid his teammates in their third straight victory.

SWIMMING IS ADDED TO 'CATS' ROSTER

First Meet Is to Be With Osteopathy on February 10; Return Meet Here

The latest innovation to Villanova's sporting roster is swimming, the curtain of which will be raised February 10 when the tank team meets the Philadelphia College of Osteopathy in Philadelphia. This is the first of a home-and-home series between the two schools, Villanova entertaining the Osteopaths of the 17th of the same month.

Prof. Martin Gill, in whose capable hands the success of the team rests, has issued a new call for candidates, especially for those who have any ability in diving.

The meet with Osteopathy will mark a new era in swimming for Villanova. Although the school maintained a team last year, it was not active and participated in no meets.

Six Men for Dashes

At present there are about ten candidates striving for positions on the varsity, with more expected the week after next. Six men will fill the positions in the 50-yard events, with Harry White, Jack Hosey, Johnny Mehaffey, Bill Hines, LaRosa and Olivaries being the candidates.

John Strong, who was outstanding in the intra-mural meet last year, will hold forth in the 100-yard dash, with Sylvester Deehan in the backstroke, Paul Loughlin in the breaststroke and Walter Foley in the 220-yard event.

Lacks Divers

One department in the sport is woefully lacking in material, that being the diving events. As yet Coach Gill is without a diver who can successfully hold up his own end in this department, and he has asked that any student having ability along this line report at the pool. Practices are held twice a week, on Tuesday and Friday nights, with the exception of the week of exams.

Coach Gill stressed the sincerity with which the present members of the squad are going about their

Ursinus — Penn A. C. Bow To Speedy Villanova Team

Barry and Hurley Each Register 12 Points Against Bears While Ben Geraghty Runs Wild Against Clubmen

VILLANOVA REMAINS UNDEFEATED

Opening Game of 1934 Reveals Remarkable Team Play

Attended by more than 1500 wildly-enthusiastic spectators, the Wildcat quintet romped fiercely over the basketballers of the reputedly strong squad from Ursinus College, to the score of 47 to 19, last Tuesday night.

This game saw the start of a real new year in basketball playing by the Villanova squad, as they thoroughly and completely outplayed their opponents in every minute of play. The game proved to be intensely interesting as the already electrified audience witnessed a rough and tumble affair, punctuated at short intervals by what might be termed the punch of the evening.

Ursinus Scores

Ursinus broke the ice within a few seconds of the starting whistle, when, in only five exchanges of the ball Roy Johnson placed the leather through the ring for two points. A foul, sunk by Shevlin, failed to disheartien the Bears in the slightest, for close upon the second jump, Sommers tossed a beautiful one-handed field goal from near the center court.

Here Villanova broke into the scoring section in the person of Johnny Shevlin, who began what was probably the most brilliant playing of the game when he intercepted a forward and dribbled up the floor, missing the basket, however, but Barry shot it home.

Game Gets Thrilling

Hereupon occurred one of the thrillers of the evening, as both teams began swift, hard playing in determination to gain the decision. The result was a foul by Hurley upon Grenawalt, who sank it.

Geraghty stepped into the limelight with perfect playing and would have gained a field goal had he not been fouled. As the ball was jumped, Johnson was fouled. He missed and in the shortest play of the evening, Hurley recovered and took the ball straight down the floor for a goal.

One play in particular, repeated twice more during the game, showed clearly the perfect teamwork that characterizes the Villanova quintet. The ball was taken out by Villanova. Torpey tossed in to Johnny Barry, who received and tossed again in one motion. The ball went unerringly through the hoop for another goal for the home team.

The play continued quite stormy as Davidson and Barry sank one and two respectively. The ball was jumped and several *fast* plays brought the half to an abrupt end with the score Villanova 21, Ursinus 10.

Second Half

The second period opened without any change in the story as far as scoring was concerned. However, here ensued the fastest playing of the entire game. Most of the players were literally on the floor and a bit of a free-for-all took place, with a foul upon Ursinus as the result.

Johnny Barry made one of the best plays of the half when Villa-

Philadelphians Fall and Wildcats Gain Third Win

The Villanova Wildcats, for th third consecutive time this seaso chalked up an easy victory ov a supposedly-strong opponent, whe the Blue and White defeated th Penn A. C. team by a score of 4 to 27. The Clubmen, although the had the advantage of having talle and heavier players, were neverth less outplayed and outscore throughout the course of the gam

Ben Geraghty and Harold Hurle Villanova's forward and guard, r spectively, shared the honors of th two high scorers, although Geragh ty gained four fouls that gave hi the top notch. It was due to Be Geraghty's exceptional passing an dribbling attack and to "Jocke Hurley's superb long shots that a most invariably found the range the basket, that what was predic ed to be a close decision was turne into a veritable landslide for th Wildcats.

Torpey Scores

The Clubmen were vulnerab from other points also, as Jac Torpey, Blue and White cente soon discovered as he converte four more baskets from the cour Johnny Shevlin, Jim Travers, Joh Barry and Tom Ryan placed th leather through the ring for the re maining Wildcat scores.

The Pennac quintet were repre sented in the tallying column b Kayer, Osborne, Walters, Shaff an Bonniwell, of whom Osborne wa high scorer with eight point Sunkes and Bloomberg converte two and one respectively for th Clubmen.

A rough-and-tumble and hard fought game was the order of th evening with Shevlin playing th part of pivot man. Pennac too the jump, but within a short in terval the Wildcats had begun thei parade of tallies. The score showe Villanova in the lead by 8 to 0 with in the first four minutes of play.

Clubmen Overzealous

Undaunted, the Clubmen put u a fast battle, and had it not bee that they were overzealous in th majority of their plays, the Blu and White might have found th going a bit tougher. The Penna team were in view of scores sev eral times only to lose the ball o a wild pass or an overshot basket The first half was all Villanova and every member of the team con verted before the half ended with the score at Villanova 22, Penn A. C. 14.

As in the game last Wednesday the second half saw most of th speed as well as much of the hard playing.

With Johnny Shevlin at the pivo post, Geraghty, Hurley and Jac Torpey, found the basket wel opened to their fire and the criss cross forwarding between these men so bewildered their opponents that the way was laid clear for the large one-sided score that was the inevitable result.

Hurley Stars

"Jocko" Hurley, with six field goals to his credit, was one of the stars of the game. His long, high tosses that so often found the range

Alumni Wins First-Half Intra-Mural Crown

Austin Gains Second Place With Total of Eight Wins

Defending Champions Suffer Single Defeat, While Fedigan and Mendel Hall Tie for Third Place

MENDEL DAY-HOPS SHOW STRENGTH

THIS FINAL week of the first-half race for the basketball diadem has proved two things, one expected and consequently not surprising—the other entirely unexpected even to the point of producing the biggest upset of the year in intra-mural sports.

The first definite fact is that Alumni Hall has won the first-half honors, beating out Austin Hall by the margin of one full game. The victorious quintet finished the chase with the fine total of nine wins and one loss in its ten games. And it is this one loss that brings us the second definite point. Alumni Hall can be beaten—a fact of which every team in the league was dubious until Fedigan Hall finally turned the trick in one of the most exciting games of the half-completed season. The final score was 19-16.

The game was close throughout with Alumni holding a slight edge until the last few minutes when Bill Gough and Ed Lahey showed their stuff under fire, the former with two tying fouls and the latter with the winning field goal. Levis was fouled as the game ended and converted, adding the final point to the victors' total.

Fedigan Downs Day Hops

This was Fedigan's first triumph in the week's play and branded it as a strong contender for second-half laurels. And they continued giving a strong impression with a one-sided victory over the Day Hops from the C. and F. building, by the score of 65-8. McGonnigle was the high point man with 21 markers. Levis, who led his team with nine points against Alumni, was also up near the top in this game with 12 points following Steve Kramer who had 16.

Mendel Hall lost its chance to take third place or to at least get in a tie for that position when they were defeated by the Mendel Hall Day Hops in the old gym on Wednesday afternoon. The Day Hops, with McNamara and Carney leading the attack with nine points, grabbed an early lead and were never headed except for a brief moment at the start of the second half. The final score was 33-25 but the margin of victory would have been much wider were it not for the sensational shooting of Rodman, stellar Mendel forward, who five times hit the cords with remarkable shots that kept his mates in the running.

Alumni Wins

Alumni Hall got right back to its winning form on Friday afternoon with an unimpressive 34-26 victory over the Mendel Hall Day Hops. Alumni led all the way but even at the point of its biggest lead didn't show any semblance of its early season form. In fact, it is expected that Fedigan Hall will break up their monopoly of intra-mural honors in the second-half race. The Mendel Day Hops have improved considerably over their earlier showing and closed the half strongly, but were too far behind to cause any worry to the leaders.

Austin closed its first-half bid with an easy 24-12 victory over Mendel on Tuesday evening. Austin played uninspired basketball but even at that won over inexperienced rivals handily. Willis and O'Prey were the leading scorers for the victors and Henny Morin shone for the losers.

Although Alumni seems to have slowed down a bit nearing the end of the first half, nevertheless it has the impressive record of nine wins and only one defeat. The biggest upset of the intra-mural season was the lone defeat at the hands of Fedigan.

Austin Hall played a sterling brand of ball throughout, but was unfortunate in dropping two games to its old Nemesis, Alumni.

Close Race Expected

During the second half a hot fight is expected between Fedigan, Austin and Alumni and in the event that Fedigan or Austin overcomes the present champions, the final playoff will be between Alum-

WILDCAT JAYVEES TAKEN OVER, 24-17

Pennac Junior Quintet Uses Formidable Attack in Preliminary Contest

The Villanova Jayvees took on the junior varsity aggregation of the Penn A. C. Club as the preliminary to the Villanova, Pennac clash Saturday night and lost 24 to 17. The game opened for Villanova with "Wee Willie" Willis and Franny Dart at the forward posts, Leo Mooney at center and Bernie Lee, the placement kicker of the football team, paired with Captain Bob Feehery completed the line-up as the guards.

The clubmen presented a formidable array with Bonniwell and Wayne Bloomberg at forwards, Stillman at the pivot and Scott and Hidell.

The visitors were a little too experienced for the Villanovans and they jumped into the lead at the opening gun and were never headed throughout the game. Bonniwell and Bloomberg passed their way down the floor and Bloomberg scored again and again. If the Wildcats had bottled up Bloomberg as they did Bonniwell the game would have had an entirely different aspect. Wayne scored over one-half the Clubmen's points.

Feehery Stars

Pennac outscored the 'Cats 12 to 7 at the end of the first half. Most of the Jayvee scoring was done by Captain Bob Feehery from his forward position. For all-around ability and team-play, the Blue and White showed more than Pennac although the score does not indi-

Continued on Page Seven

In the Limelight

VILLANOVA'S outstanding bid for All-American honors, Captain George "Whitey" Randour, is the focusing point of the Limelight this week, and no better subject could be found than this star among a team of stars. A career, spectacular to the nth degree, lies in the wake of the Wildcats' key man. His lengthy list of accomplishments has been augmented by being named the leading high point man of the major colleges in the East. To his credit are chalked up no less than 11 touchdowns, embellished by seven extra points, a grand total of 73.

His football career began way back in 1926, as a freshman in McDonald, Pa., High School, near Pittsburgh. He played the first game of the year as varsity quarterback and continued in this position with few exceptions until he was graduated in 1930. Here he held the enviable honors of two years' captaincy.

Terminating his high school career was a spectacular run of 103 yards. He entered Villanova College, and, wasting no time, he played almost every minute on a freshman team that knew no defeat. Their lowest triumph was a score of 32 to 0 over Valley Forge, and their highest was 39 to 0 over Wyoming Seminary. "Whitey" tallied thrice for 18 points.

George, the youngest man on the Frosh eleven, considered his greatest thrill of the gridiron to have been the first scrimmage against the varsity, which, by the way, was only one week after reporting for practice.

Once again Randour takes a title as a man among men, for he has become the youngest player ever to captain a Villanova team. Not only that, but he is the smallest and lightest captain the Wildcats have ever had.

As a first string halfback in his first year of varsity football, he played in every game, chalking up the first score in the first game of the season both in 1931 and in 1932. That he must have been subjected to thrill upon thrill in the Boston College game can readily be imagined. The Wildcats, trailing by nine points at the half, came back into the game to win by a final score of 20 to 9.

Just what "Whitey" did in that game is difficult to specify, for he did practically everything, passing, punting, receiving, dashing his and Villanova's way to a great, history-making triumph.

His friends identify him this year, as they did in the past, by his quick-kicking as well as for his speed and accuracy. Remembering that Captain Randour only started this quick-kicking last season against Bucknell, he has acquired an outstanding degree of swiftness and accuracy. And while on the subject of the Bucknell game, permit us to recall his 77-yard run for a touchdown which helped in no mean measure to make the day a glorious one for the Blue and White.

"Whitey" reached the peak of his brilliant career in the Temple game last season when he scored two six-pointers and converted three extra points to help bring the game to the most successful score of 24 to 0.

George's public life is universally known. May we now mention a private note of "Whitey's" career. It seems that a certain blue-eyed blonde, attending the Teacher's College in Harrisonburg, Virginia, has been wearing down her dainty fingers dialing a certain captain's telephone number every Saturday morning, with but one or two exceptions.

Don't make any mistake, however, for on those mornings when the telephone bell was resting, a uniformed boy from Western Union, (or was it some other telegraph company) marched his way up to Randour with an envelope bearing the name of a sending station in Harrisonburg. The signature was Adelaide, was it not, Whitey?

Stuhldreher Not to Coach Dartmouth; No. Carolina Gets Bucknell Mentor

All thoughts of Coach Harry A. Stuhldreher leaving Villanova to coach at Dartmouth were dispelled last Wednesday when the Dartmouth Athletic Council announced that Earl "Red" Blaik had been named head coach of the Big Green for the next two years. Blaik has been backfield coach at West Point for the past several years and, along with Harry Ellinger, an Army line coach, and Andy Gustafson, of Pittsburgh, as assistants, signed contracts which will carry them through the 1934 and 1935 seasons.

On the same day as the Dartmouth announcement it was also learned that Carl G. Snavely, head coach of football at Bucknell for the past seven years, has signed as mentor of the University of North Carolina team, the contract calling for three years of service. Snavely possessed an admirable record while at Bucknell, his teams having won 43 games, lost 16 and tied seven. In 1931 he gave Bucknell the only undefeated team in the East.

Villanova followers can all recall the many hard fighting teams which the Bisons pitted against the 'cats and the 19-17 game of 1933 will not be forgotten for many seasons to come.

Frosh Basketball Team Drops Game

Continued From Page Five

scoring rallies and with two and one-half minutes to go the Villanova rooters had all but given up hope. The Villanova quintet rapidly closed up the gap until with one minute to play the scoreboard showed that the Blue and White team had 26 points while the Collegeville outfit still sported their two-point lead.

Ursinus scored again after a scrimmage under the basket. Shopmeyer, one of the game's stars, made a beautiful shot from the corner to reduce the score 30 to 28. With the timekeeper poised to fire the gun, the Kittens made a rush for the basket. Shopmeyer let loose on a long shot from the center of the floor,but the ball bounced off, and the gun was fired, the Kittens losing their first game by the margin of two points, 30 to 28.

For Villanova, Shopmeyer, Monahan and Pieckle were the outstanding players, while three Ursinus players were tied for the scoring lead with 10 points each.

'CATS' MEOW

IT MAY be cold and dreary outside but cheer up boys, only 85 more school days till June 8.

—V—

Next week remember what Cornwallis said, "Retreat."

—V—

Pennsylvania has laws against the race track, "No Ponies."

—V—

Remember Villanova has 'em too. This is exam week.

—V—

Villanova's powerful basketball team continues its streak.

of the basket, were the most perfect witnessed so far this season.

Osborne was the feature player of the Penn A. C., but his speed and aim failed to outdo the perfect team play of "Doc" Jacobs' proteges.

The final score of 47 to 27 in the Blue and White's favor shows all too clearly that the game was all-Villanova and very little Penn A. C.

SMILES

"True humor lies not in laughter, but in smiles which lie far deeper."

When I was young I used to wish
The years would quickly pass,
So I could do as father did
And stand before the glass,
And soap and strop and shave and soap.

He always used to twist his mouth
While shaving certain places,
And mother'd say, "For goodness sake,
Why do you make such faces?"
And sometimes he'd say, "Look out, Charlie!"
And turn and give my face a daub.

And once I got his shaving mug
And smeared my face with lather
And stared into the mirror and
Pretended I was father.
And I can still hear Mother say:
"Young man, you put those things away!"

Those boyhood thrills were long ago
And before I start
My task each day I must pursue
The darn tonsorial art;
But what I think is very far
From what I thought while watching Pa.

Then there is the story of the absent - minded professor who thought he had forgotten his watch at home and then took it out to see if he had the time to go back after it.

• • •

"Has daddy finished dressing?"
"I don't think so, mummy. I can hear him talking to his collar."

• • •

Eyes

How eloquent are eyes!
Not the rapt poet's frenzied lay,
When the soul's wildest feelings stray,
Can speak so well as they.

How eloquent are eyes!
Not music's impassioned note
On which love's warmest fervors float
Like them bids rapture rise.

Love, look thus again—
That your look might light a waste of years,
Bring the beam that conquers cares
Thro' the cold showers of tears.
Love, look thus again!

P. B. S.

In Every Classroom

"Cut out the talking,"
Screamed the prof,
He thinks that squawking,
Means a lot.

He doesn't realize
That we, the students,
Are very wise,
And have some prudence.

For when he talks,
And stops our squawks,
We let him balk
And finish his talk.

And then comes calm
For he shows his palm
In explaining to us
Things we must discuss.

So ends this tale
Of a poor dumb male
Who in circles talks
And continually squawks.

VETERAN SPEAKERS NAMED FOR RETREAT

Fr. McLeod and Fr. Ronan to Conduct Annual Set of Three-Day Exercises

Continued From Page One

students have a special treat in store through the acceptance of Fr. McLeod and Fr. Ronan as retreat-masters.

Fr. McLeod was last heard here in 1927 when his retreat exercises met with great favor by the entire student body. At one time Fr. McLeod, a graduate of Villanova, was rector of St. Mary's Hall, the seminary preparatory school on the campus. He was ordained to the priesthood in 1919 and has been actively engaged in missionary work for the major portion of his long career.

Fr. Ronan, it will be remembered, was in charge of the one-day retreat conducted here last fall. Also a graduate of Villanova, Fr. Ronan makes the parishof St. Nicholas Tolentine, Flushing, L. I., his headquarters when he is not on the mission band. He will be remembered by the old-timers as prefect of Alumni Hall in 1921.

Punctuality Requested

The retreat exercises take the place of class work on Monday, Tuesday and Wednesday. The necessity of being present and punctual for all the exercises has been stressed. Students are cautioned to be sure to present attendance cards at all exercises.

Following breakfast Thursday morning, on which day students as well as boarders have been invited as guests of the college, classes will be resumed at 10.45 A. M.

The resident students who have designated their willingness to serve during the retreat exercises are John Derby, Fred Landau, William Hines, Frank Estrada, John Dougherty, William Zell, Robert Geist, Eric Storms, John Pickell, Charles Goggi, Donald Redington, William O'Prey, James O'Connell, Raymond Harter and William Hines.

The day students who will serve in this capacity are Frank McNamara, Joseph Lilly, Robert Ferry, John Crowley, William Burt, Victor Barr, Joseph Callaghan, Thomas McDonnell, Edward McBride, Cornelius McGarrity and Alfred Gagliari.

Wildcats Meet Bisons

The varsity basketball team will meet the Bucknell Bisons in the gym, Friday night at 8.30 o'clock. Dancing will follow the game.

FEATURED FOR BALL

Enoch Light, popular maestro, who will be featured with his Hotel Governor Clinton CBS band at the Belle Air Ball, in the gymnasium, February 9.

Seniors Assessed for Belle Air Ball

Continued From Page One

NOVAN, Enoch Light's Hotel Governor Clinton Orchestra has been a regularly listened-to attraction, via the radio, on the campus.

Enoch Light, who does admirable work as a vocalizer, also has the vivacious Mary Davis singing the "cute" numbers, while novel entertainment is provided by various combinations of Armand Bergo with the accordion, accompanied by Charlie Bracks and Al Muller on the flute, and Charlie Wieckel on the clarinet.

Music Receives Recognition

Enoch Light's musical company is heard over the WABC-Columbia chain six times weekly. Bill Meyers of the Newark Star Eagle says this of Light and his orchestra in his Radio Review: "This ensemble of dance tune makers has had the advantage of European tours and important American engagements which accounts for its smoothness on the air following a radio vacation of a year or more. Many of the world's most famous people have danced to Enoch Light's music, and radio fans were surprised and elated at the same time when his music recently came through the loudspeakers again from the Hotel Governor Clinton grill in Manhattan.

Continued From Page Six

cate that such was the case.

As the second half got underway, the 'Cats were trailing by five points but within four minutes Villanova tied the score at 14 all, due to the brilliant shooting of Feehery, Totin and Dart.

The entire game was fast, hard-fought and replete with beautiful passing and shooting on both sides. At this stage of the game Villanova relaxed and the visitors forged ahead in the closing minutes of a curtailed second half.

The second half of the game was cut short by six minutes, as the varsity game had to start on schedule. The 'Cats showed signs of gaining impetus at this period of the game and had the game gone its scheduled limit, the story might have ended quite differently in favor of the fighting 'Cat quintet. As the gun went off to end the game the scoreboard read: Penn A. C. J. V., 24; Villanova J. V., 17.

SCIENCE DEAN ADVISES STUDENTS ABOUT EXAMS

Rev. Joseph M. Dougherty, O. S. A., Condemns Slight of Hand Methods as Resort

The regular science seminar procedure of having a visiting speaker was cancelled last week. Instead, Rev. Joseph M. Dougherty, O. S. A., dean of the science school, took the opportunity to speak to the students and advise them concerning their examinations.

In the course of his talk, Fr. Dougherty commended the students on the serious attitude that they have taken toward their studies during the first semester. He also complimented them on their general conduct and appearance on the campus and urged the students to maintain the standard they have set for themselves.

Speaking in connection with the preparation for examinations, Fr. Dougherty called to the minds of the students the unfairness and the results of cheating. Furthermore, he mentioned that if some students would put the same amount of time on their studies as they do in making out cribs, they would learn sufficient to pass the exam.

IT COSTS BUT LITTLE
To Telephone Home!

MOST pleasures cost money—some too much. No wonder home folks say "go easy" to sons at college.

But you'll never (well—hardly ever) hear that warning when you telephone home. For Father and Mother the pleasure of hearing your voice far outweighs the trifling cost.

After 8:30 P. M. (if you use Station to Station Service) you can telephone a hundred miles for 35 cents. What greater pleasure can such a small sum buy? A "voice visit" home is next best to being there!

• • •

PARENTS ENDORSE *these* **SUGGESTIONS . . .**

Keep a regular telephone date with Home. Then you can count on the family being there when you call.

Set the "date" for after 8:30 P. M. to take advantage of the low Night Rates on Station to Station calls.

Just give the Operator your home telephone number.

Charges may be reversed.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

VILLANOVA TO FORM FIRST BOXING TEAM IN RECENT YEARS

Showing in Intra-Mural Bouts Will Aid in Selection for Intercollegiate Frays

WRESTLING IS FEATURED BETWEEN BOXING BOUTS

Boxing and Wrestling Teams May Meet Temple and Ursinus

Villanova's first attempt in recent years to organize a boxing team for intercollegiate competition will take place beginning a week from next Thursday. At this time a call will be issued for all who are going to take part in the annual intra-mural bouts and the contestants who show the possibilities will be selected to represent Villanova in the Intercollegiate dual meets which are in the process of being arranged with Ursinus and Temple.

Joe Foley and Charley Cox have been selected as coaches of the newly formed team and they will post a schedule of the various times when the candidates may hold workouts. Foley was assistant boxing coach at Penn State College and is at present a professional boxer. Foley has worked out with such stars of the ring as Tommy Loughran, present contender for the world's heavyweight championship, and Steve Hamas, another present-day topnotcher.

Ring Set Up

The boxing ring, which was used for the intra-murals last year has again been assembled and has been placed in the back of the stage until February 16, when the intra-murals will be held.

Many of last year's contenders have again returned and several other promising candidates have have turned up. Among the leading candidates for boxing honors are Fred Myers, former captain of the Staunton Military Academy team; Red Lenzi promising welterweight, Eck and Badamo in the bantamweight class; Lou Lipschultz, a lightweight; John Shevlin, middleweight; Charley Cox, a lightheavy, and Ed. Michaels, a heavyweight.

Bill Grimberg, who fought in the lightheavyweight division last year will be unable to take part this season because of a broken jaw which he received in football. Grimberg will aid coaches Foley and Cox.

Training Essential

Rules for entering the intra-murals have not yet been completed, but it has been settled that no one will be permitted to participate unless he has been in training before the bouts take place.

Besides the boxing bouts, wrestling contests will also be held and the promising candidates will represent Villanova in a possible meet with Temple.

In both boxing and wrestling many candidates are needed in every division and all those interested should report as soon as possible to the various coaches. Boxers should hand in their names to Cox, Foley or Grimberg. The wrestling contenders should see Vince Zizak.

NO PAPER NEXT WEEK

Because of various conflicts with the mid-year examination schedule, there will be no issue of the VILLANOVAN published next Tuesday, January, 30. The next issue will appear on Tuesday, February 6, as scheduled.

DEAN AFFIRMS COURSE

Senior Business Men to Take Statistics Next Semester

Rev. Joseph C. Bartley, O. S. A., dean of the School of Commerce and Finance, has announced that the course in statistics will again be presented to the senior business students.

Classes in this subject will begin immediately after the mid-year examinations.

The task of teaching the subject has been assigned to Leo Schaefer, professor of accounting and income tax.

The course last year was given by Karel F. Ficek, who has since resigned from his post to take up other duties.

nova took the jump and Barry tossed a goal from mid-court. Johnny again proved that he was the star of the game by rushing under the basket, tossing, missing, catching again and then tossing directly back of his head and into the ring for another spectacular goal.

Here the game was punctuated by a slight argument between Sweeney and Johnson with the result of a foul awarded to each. Neither converted and the tilt went on.

Shevlin sank two more and the ball was jumped again with Robinson making the last tally of the evening. One more jump and the ball went out as the game ended. The final score: Villanova, 47; Ursinus, 19.

STUDENT CHOIR FORMED TO RENDER MASS HYMNS

Carmen Giordano and Walter Coyle Show Gratifying Results in Conducting Rehearsals

An innovation in the form of a student choir has been instituted on the campus. The purpose of the choir is to furnish vocal accompaniment to the Thursday and Sunday morning Masses. Although in its embryonic stage, the organization gives every indication of future success.

The choir made its debut by furnishing the Christmas music in the college chapel last year, when it rendered appropriate carols. Lawrence Riley was the soloist, and gave a masterful rendition of the "Adeste Fideles." Since then the choir has been rehearsing with very gratifying results, with credit due to Carmen Giordano and Walter Coyle, student-organists, who are training the men.

The following men comprise the choir in its present form: Charles Bruno, John Chapple, Louis D'Angelo, William Dobrowolski, John Donovan, Frank Estrada, Richard Foote, Cornelius Guinne, Edward Kelley, Thomas Kucker, Joseph McCabe, Robert McGrory, Belmonte Riccairdelli, Lawrence Riley, Joseph Mele and Leo Schoppmeyer.

al and the winner of the second-half crown.

A tie for fourth place resulted by virtue of the Mendel Hall Day Hops' victory over Mendel Hall, each team having won four and lost six games.

The Mendel Day Hops have shown a decided improvement and during the second half they are expected to better their team standing. In the closing minutes of the Alumni Hall game the Day Hops staged a rally that threatened to upset the present champions but a brilliant rally soon put the Train and Trolley Boys out of the running.

The C. and F. Day Hops have yet to break into the winning column, having lost ten straight games. Their showing since the Christmas holidays has taken a decided drop. Before this the Businessmen had been steadily on the upgrade but a lack of interest on the part of those of marked ability has kept the team constantly in last place. Only once during the season has the C. and F. team really displayed a good brand of basketball, but Lady Luck was against them and in the final minutes of play they were nosed out by two points and dropped the game to Mendel Hall. With the fresh start accorded them by the beginning of the second half, it is to be hoped that the C. and F. Day Hops will come back with renewed vigor and make the race for team honors more interesting.

CLASS PRESIDENT NAMES COMMITTEES FOR JUNIOR WEEK

Paetrus Banmiller Made Prom Chairman; John Butler Heads Week's Events

PLAN SEPARATE GROUPS FOR DAILY ACTIVITIES

No Definite Plans Are Made but Chairman Promises Several Innovations

Appointments of committees for the traditional Junior Week activities were recently made known by John Hoey, president of the Junior Class. John Butler, an Arts student, was made chairman of Junior Week, while Paetrus Banmiller, an Engineering student, and William Walsh, an Arts student, were assigned chairmanships of the Junior Prom and the Blazer Ball respectively.

The duties with which Butler will concern himself are numerous. Among them are impressive opening ceremonies, the planting of the ivy, the raising of the flag, and other appropriate exercises which will mark this year's Junior Week as one of the most successful ever held at Villanova.

Innovations Planned

Although nothing definite in the way of a program of events has been decided upon as yet, Butler and his committees promise that it will compare favorably with past Junior activities because of several innovations. There are separate committees planning the events for each day, thereby assuring variety in entertainment. Among the forms of amusement in contemplation are tennis, boxing, wrestling and a track meet.

The committees for planning daily activities during this colorful week are: Monday, Joseph Mihalcik Walter Alessandroni and William

PLANS BEING MADE FOR DINNER-DANCE

Active Members of VILLANOVAN May Be Feted at Pierre's

Plans are definitely under way for a dinner-dance to be tendered the active members of the VILLANOVAN staff, according to an announcement made recently by Rev. Edward B. McKee, O. S. A., moderator for the publication.

Final details as to the date and place have not as yet been determined but will be decided upon in the very near future.

Since Easter is the time when the old staff retires and the new staff takes over the duties of publishing the paper, the date of the function in all probability will be put as close as possible to that date. The place for the occasion will be either Pierre's or some similar restaurant where there is an orchestra.

Keys to be Presented

Advantage will be taken of this occasion to announce the names of the students who will be the editors for the forthcoming year. There will also be the awarding of gold keys to the retiring editors, as well as the presentation of other awards for meritorious work.

This event will mark the first time in the history of the paper that any such function has been held. It is hoped, however, that it

HEADS COMMITTEE

Donald S. Redington, chairman of the committee sponsoring the Senior Class annual Belle Air Ball, which will be held in the gymnasium Friday evening.

SPANISH STUDENTS FORMING NEW CLUB

Purpose of the Organization is to Give Students Better Vocabulary

Another club will be well on its way to being added to the list of those already established on the campus, when those students who are interested in acquiring a workable knowledge of Spanish and those who come from countries where Spanish is spoken as the native tongue, meet on Thursday in the amphitheatre of Mendel Hall at 8.30 P. M., in order to organize the Spanish Club of Villanova.

Desire for such an organization grew out of the need expressed by the students for a better opportunity to exercise the principles and vocabulary of the foreign language, than is ordinarily provided by classroom sessions.

Fr. Fresno is Moderator

Rev. Basilio F. Fresno, O. S. A., S. T. L., professor of Spanish in the Arts School, has recognized the need on the campus for such an organization, and he has, with the help of Spanish students, set about the formulation of this group. After its organization he will assist them in his capacity as faculty moderator.

The club will have for its purpose

SUCCESS IS PREDICTED FOR BELLE AIR BALL

PAPAL BENEDICTION MARKS RETREAT END

Two Missionaries Give Voice to Praise for Spirit Students Manifested

The 91at annual retreat for the students of Villanova College came to a close, last Thursday morning, with Mass celebrated at 7.30 and 8.30 for the resident and day students, respectively. At each celebration the students received Holy Communion in a body and had the Papal Benediction bestowed upon them.

The Rev. Thomas C. McLeod, O. S. A., and the Rev. Francis D. Ronan, O. S. A., two veteran missionaries, conducted the three-day set of exercises. Fr. Ronan was remembered by the students because of the fact that he conducted the one-day retreat last fall.

In the opening discourse on the first day of the exercises, the necessity of a retreat in the life of every individual was pointed out and the attitude that should be taken by those attending the services was explained.

Sin Is Explained

The second conference on Monday consisted of a thorough explanation of mortal and venial sin. The final instruction of the day was linked with the second inasmuch as it treated of the Sacrament of Penance.

The second day's conferences dealt with the Ten Commandments. In the first discourse the first three Commandments were analyzed and explained. These Commandments were treated together because they concern our duties and obligations to God.

The next sermon continued by explaining the 5th and 8th Commandments. These two were linked together because one states that we must not kill the body while the other says that we must not kill a person's character by bearing false witness.

Stealing Discussed

The 7th and 10th were discussed together because one forbids actual stealing and the other forbids the unrestrained desire to acquire what belongs to others. The conference was concluded with an analysis of the 6th and 9th Commandments. The third lecture of the day concerned death and life after death.

On the final day the subjects were the choice of a vocation, and the Holy Eucharist. In the first

Enoch Light's Band To Furnish Rhythms

Popular Columbia Broadcasting Unit Comes Here From Hotel Governor Clinton; Brings Mary Danis as Soloist

LECTURE ON MENDEL IS WELL ATTENDED

Fr. Dougherty Explains in Detail the Complexity of Mendelian Laws

The first of a series of lectures on current topics under the auspices of the Alumni Association was presented by the Rev. Joseph M. Dougherty, O. S. A., dean of the School of Science, in the auditorium of the School of Commerce and Finance, Tuesday evening, January 23.

Fr. Dougherty's talk consisted of a detailed discussion of the Laws of Gregor Mendel, the State, and the Problem of Heredity. Slides and live specimens were used to illustrate more clearly some of the more complex parts of the lecture.

Although the laws of Fr. Mendel have been accepted and applied by scientists to the vegetable and animal kingdom with some degree of success, it does not follow from this that these laws can be applied to human beings.

Many Theories Unfounded

The dean further stated, "At the present time, there are many unfounded theories regarding these laws of Mendel and the functions of the State.

"The State exists for the protection of the individual, and the safeguarding of his rights. Therefore, to secure the well-being of the individual citizen and the happiness of the family is the paramount function of the State."

Touching on the problem of sterilization, Fr. Dougherty spent a few minutes in order to refute one of the most outstanding theories of the modern world, which was supposed to have been based on Mendelian Law. These theorists stated that the United States spends millions of dollars, in attempting to raise the most perfect hogs and cattle possible, and the Government spends comparatively little or no money to perfect the citizen, who is the backbone of the Government. Fr. Dougherty in his refutation of the theory stated, "Very little logic is necessary to refute this argument, for these people are classifying human beings as animals."

Cites Famous Cases

In his treatment of the problem

WILL BE FORMAL

Gym to Be Decorated; Attractive Favors to Be Given

Villanova's first formal dance of the 1934 student social season will take place in the form of the traditional Belle Air Ball of the Senior Class, Friday evening of this week, in the college gymnasium, from the hours of 10 P. M. to 2 A. M. Admission is four dollars a couple.

Ever since the signing of Enoch Light and his famous Hotel Governor Clinton Orchestra, exclusive artists featured six times weekly on the Columbia Broadcasting System from the Manhattan metropolis, was made known on the campus, chairman Donald Redington has been instructing the members of the dance committee to urge prospective patrons of the affair to purchase tickets at an early date so that they will be assured of admittance to the colorful function.

Success Assured

Thomas F. McFeeley, president of the class of '34, stated yesterday that if the present attitude of the members of the Senior Class may be taken as any criterion, the dance is already virtually assured of being an outstanding social and financial success.

McFeeley said, "We are of the opinion that we have a right to appeal to the entire student body for their wholehearted co-operation in regard to this dance. We have selected the very best orchestra obtainable with our limited appropriation, and Enoch Light's band should be more pleasing than the Phil Emerton unit we presented last year."

Members of the various sub-committees directing the progress of the dance include chairman Louis Abbate, Joseph Carroll, Frank Kernan and George Randour, decorations; chairman John Derby, Robert Craig and William Hines, arrangements; chairman Harry Lieberman, Alfred Gagliardi, James Migliore, James Gallagher and Charles McGee, advertising; chairman Raymond J. Harter, publicity.

Redington Makes Statement

Redington also declared yesterday at an informal meeting of his committee that he believes "This year's Belle Air Ball will be undoubtedly the most successful senior social in the history of the college.

"We base our optimism on the fact that this dance will be particularly well patronized in view of the fact that there will not be any other class dance on the campus until late in the spring season, and this social is the last of its kind until after the Lenten season."

A representative of the firm from which the senior committee purchased the favors for the ball told a VILLANOVAN reporter last week that the group has secured the most attractive souvenir ever presented at a Villanova class function.

Will Bring Amplification

Work on the unusual decorative scheme planned for the interior of the gymnasium by the committee will be started tomorrow in order to insure its readiness by Friday. In former years the orchestra was placed on the stage, but this year Light's unit, which carries its own amplification apparatus, will be assembled on the dance floor in the

Debaters to Meet La Salle Monday; Medical Aid Socialization Is Topic

The Villanova varsity debaters will open their 1934 season next Monday night in a home-and-home encounter with LaSalle College, of Philadelphia. It will be Beta Gamma's second encounter under the auspices of the Philadelphia Intercollegiate Debating League. The team's first contest was with Temple, last December, and resulted in a double triumph for the Main Liners.

"Resolved: That there should be a socialization of medical aid" is the topic which will be discussed with the LaSalle orators. An affirmative team of that college will journey here to Villanova to meet the Beta Gamma's negative trio. At the same time, Villanova's affirmative representatives will be meeting the LaSalle negative team on the latter's home territory. Prof. Joseph T. Jonas has picked a negative team composed of Peter Kerr, John W. Hallahan and Louis Marcote, and an affirmative one composed of Paetrus Banmiller, Francis Bigley and Roberts Bouson, to represent Villanova. The judges for the occasion will be furnished by Temple University, a neutral member of the league on that night.

This encounter should prove quite interesting, for the outcome of it will play an important part in determining the final standing of the teams. Each of these two colleges has six points to its credit, LaSalle having been awarded an unanimous decision over Pennsylvania in the early part of the season. If one of these teams can gain an unanimous decision in both debates on next Monday night, it will stand a good chance of winning the championship of the men's division as it would only have to capture three more points in order to clinch the title.

The debate here at college will take place in the amphitheatre in

Continued on Page Seven

DANCE TONIGHT

Villanovans Will Again Play After the Basketball Game

Dancing will again be held in the gymnasium this evening following the basketball game between the varsity and Temple. As usual, the Villanovans will furnish the music.

The same regulations will prevail as far as admission and permissions are concerned. The price for students' guests will be 40 cents. Students will be admitted to the game on their athletic cards. A charge of 25 cents will be made for those students who wish to dance after the game.

Those students who take dates to the game will be given night permission until 1 o'clock. Dancing will cease at 11.30.

VILLANOVA TO FORM FIRST BOXING TEAM IN RECENT YEARS

Showing in Intra-Mural Bouts Will Aid in Selection for Intercollegiate Frays

WRESTLING IS FEATURED BETWEEN BOXING BOUTS

Boxing and Wrestling Teams May Meet Temple and Ursinus

Villanova's first attempt in recent years to organize a boxing team for intercollegiate competition will take place beginning a week from next Thursday. At this time a call will be issued for all who are going to take part in the annual intra-mural bouts and the contestants who show the possibilities will be selected to represent Villanova in the intercollegiate dual meets which are in the process of being arranged with Ursinus and Temple.

Joe Foley and Charley Cox have been selected as coaches of the newly formed team and they will post a schedule of the various times when the candidates may hold workouts. Foley was assistant boxing coach at Penn State College and is at present a professional boxer. Foley has worked out with such stars of the ring as Tommy Loughran, present contender for the world's heavyweight championship, and Steve Hamas, another present-day topnotcher.

Ring Set Up

The boxing ring, which was used for the intra-murals last year has again been assembled and has been placed in the back of the stage until February 16, when the intra-murals will be held.

Many of last year's contenders have again returned and several other promising candidates have have turned up. Among the leading candidates for boxing honors are Fred Myers, former captain of the Staunton Military Academy team; Red Lenzi promising welterweight, Eck and Badamo in the bantamweight class; Lou Lipschultz, a lightweight; John Shevlin, middleweight; Charley Cox, a lightheavy, and Ed. Michaels, a heavyweight.

Bill Grimberg, who fought in the lightheavyweight division last year will be unable to take part this season because of a broken jaw which he received in football. Grimberg will aid coaches Foley and Cox.

Training Essential

Rules for entering the intra-murals have not yet been completed, but it has been settled that no one will be permitted to participate unless he has been in training before the bouts take place.

Besides the boxing bouts, wrestling contests will also be held and the promising candidates will represent Villanova in a possible meet with Temple.

In both boxing and wrestling many candidates are needed in every division and all those interested should report as soon as possible to the various coaches. Boxers should hand in their names to Cox, Foley or Grimberg. The wrestling contenders should see Vince Zizak.

NO PAPER NEXT WEEK

Because of various conflicts with the mid-year examination schedule, there will be no issue of the VILLANOVAN published next Tuesday, January, 30. The next issue will appear on Tuesday, February 6, as scheduled.

Stealing Discussed

The 7th and 10th were discussed together because one forbids actual stealing and the other forbids the unrestrained desire to acquire what belongs to others. The conference was concluded with an analysis of the 6th and 9th Commandments. The third lecture of the day concerned death and life after death.

On the final day the subjects were the choice of a vocation, and the Holy Eucharist. In the first

LECTURE ON MENDEL IS WELL ATTENDED

Fr. Dougherty Explains in Detail the Complexity of Mendelian Laws

The first of a series of lectures on current topics under the auspices of the Alumni Association was presented by the Rev. Joseph M. Dougherty, O. S. A., dean of the School of Science, in the auditorium of the School of Commerce and Finance, Tuesday evening, January 23.

Fr. Dougherty's talk consisted of a detailed discussion of the Laws of Gregor Mendel, the State, and the Problem of Heredity. Slides and live specimens were used to illustrate more clearly some of the more complex parts of the lecture.

Although the laws of Fr. Mendel have been accepted and applied by scientists to the vegetable and animal kingdom with some degree of success, it does not follow from this that these laws can be applied to human beings.

Many Theories Unfounded

The dean further stated, "At the present time, there are many unfounded theories regarding these laws of Mendel and the functions of the State.

"The State exists for the protection of the individual, and the safeguarding of his rights. Therefore, to secure the well-being of the individual citizen and the happiness of the family is the paramount function of the State."

Touching on the problem of sterilization, Fr. Dougherty spent a few minutes in order to refute one of the most outstanding theories of the modern world, which was supposed to have been based on Mendelian Law. These theorists stated that the United States spends millions of dollars, in attempting to raise the most perfect hogs and cattle possible, and the Government spends comparatively little or no money to perfect the citizen, who is the backbone of the Government. Fr. Dougherty in his refutation of the theory stated, "Very little logic is necessary to refute this argument, for these people are classifying human beings as animals."

Cites Famous Cases

In his treatment of the problem

WILL BE FORMAL

Gym to Be Decorated; Attractive Favors to Be Given

Villanova's first formal dance of the 1934 student social season will take place in the form of the traditional Belle Air Ball of the Senior Class, Friday evening of this week, in the college gymnasium, from the hours of 10 P. M. to 2 A. M. Admission is four dollars a couple.

Ever since the signing of Enoch Light and his famous Hotel Governor Clinton Orchestra, exclusive artists featured six times weekly on the Columbia Broadcasting System from the Manhattan metropolis, was made known on the campus, chairman Donald Redington has been instructing the members of the dance committee to urge prospective patrons of the affair to purchase tickets at an early date so that they will be assured of admittance to the colorful function.

Success Assured

Thomas F. McFeeley, president of the class of '34, stated yesterday that if the present attitude of the members of the Senior Class may be taken as any criterion, the dance is already virtually assured of being an outstanding social and financial success.

McFeeley said, "We are of the opinion that we have a right to appeal to the entire student body for their wholehearted co-operation in regard to this dance. We have selected the very best orchestra obtainable with our limited appropriation, and Enoch Light's band should be more pleasing than the Phil Emerton unit we presented last year."

Members of the various sub-committees directing the progress of the dance include chairman Louis Abbate, Joseph Carroll, Frank Kernan and George Randour, decorations; chairman John Derby, Robert Craig and William Hines, arrangements; chairman Harry Lieberman, Alfred Gagliardi, James Migliore, James Gallagher and Charles McGee, advertising; chairman Raymond J. Harter, publicity.

Redington Makes Statement

Redington also declared yesterday at an informal meeting of his committee that he believes "This year's Belle Air Ball will be undoubtedly the most successful senior social in the history of the college.

"We base our optimism on the fact that this dance will be particularly well patronized in view of the fact that there will not be any other class dance on the campus until late in the spring season, and this social is the last of its kind until after the Lenten season."

A representative of the firm from which the senior committee purchased the favors for the ball told a VILLANOVAN reporter last week that the group has secured the most attractive souvenir ever presented at a Villanova class function.

Will Bring Amplification

Work on the unusual decorative scheme planned for the interior of the gymnasium by the committee will be started tomorrow in order to insure its readiness by Friday. In former years the orchestra was placed on the stage, but this year Light's unit, which carries its own amplification apparatus, will be assembled on the dance floor in the

DANCE TONIGHT

Villanovans Will Again Play After the Basketball Game

Dancing will again be held in the gymnasium this evening following the basketball game between the varsity and Temple. As usual, the Villanovans will furnish the music.

The same regulations will prevail as far as admission and permissions are concerned. The price for students' guests will be 40 cents. Students will be admitted to the game on their athletic cards. A charge of 25 cents will be made for those students who wish to dance after the game.

Those students who take dates to the game will be given night permission until 1 o'clock. Dancing will cease at 11.30.

THE CLIMAX

THE CLOSING chapter of another book is about to be written. The book is "The Social Record of the Class of 1934 of Villanova College." Three chapters have already been completed. They are, respectively, "The Freshman Hop," "The Sophomore Cotillion," and "Junior Week." Each of these three in its turn thrilled all those who participated in it. Each was widely proclaimed an outstanding success. In our book, however, they are merely the steps leading to the climax. Like all good books, this, too, opens with a somewhat humble beginning. The story, though, moves smoothly along in a rising action until the climax is reached. Chapter Four, "The Senior Ball," is to be that climax. Those who fortunately were participants in Chapter Three may doubt the ability of the authors to increase the interest sufficiently to make the climax successful. The authors, however, are complacently confident. Everything is in readiness. The time, the setting, the principal characters —all point towards an unprecedented success. There remains but one thing—the reception by us, the public. In our hands lies the ultimate success of the volume. Our enthusiastic participation will make it the most successful compiled to date at Villanova. Let's all lend them a hand.

DINING ROOM DEPORTMENT

DISSATISFACTION has been expressed concerning student conduct in the dining hall. Beyond a doubt there is no student on the campus who is not fully aware of the condition of rowdyism that has become prevalent in the refectory. A person peering in at the proper time would be inclined to misunderstand the occasion for a free-for-all. But why should such outrages occur? The students are responsible for their own actions in the dining hall. There is no prefect, and they are not policed. They are left on their own to manifest their sense of responsibility. Could this condition be an answer to the generation's cry for freedom and self-responsibility? Yet, given the opportunity, we find that this generation utterly fails in the first principles of common courtesy. Not so much is it the fault of all. Rather, there are a few inconsiderate rascals who have brought about the situation. Such action is certainly more a reflection on home training than on college education. Yet, the same individuals would deplore the condition if consulted. Somewhat of a relief has been shown during the past week. The retreat, no doubt, has been in a great part responsible for the improvement. They have been given the opportunity to show in a practical way their dependability. Now is the time of trial. Let us see if they can continue or even better the improvement of last week.

YOU OUGHT TO KNOW

FOR some, this new semester is the last mile of collegiate endeavor, to many others, simply one of a number yet to be realized. How many of us are there, with no other ulterior motive than the desire to be graduated for the sake of graduating, anxious and well pleased to write finis to it all in June? A survey would be interesting, but the statistics not surprising!

Does the cool and calm card player, impassive to the taunts of opponents and deaf to the admonitions of the kibitzer, really exist? If there be such a stoic, within not difficult reach, one Steve Kramer wouldst of him wise counsel seek. Stevie, it seems, during times of ill luck at pinochle, suffers provocation no end, concurrently with an interior rapid oxidation marked by a reddening of the face and blind playing such as might happen when smoke gets in your eyes.

The lift-takers have been formally justified before the whole world through the acceptance of a ride by Queen Mary when her regal limousine acted stubbornly and refused to go. I don't mean to say that heretofore all thumb tourists were social outcasts. No, I just wish to pass along weight-carrying information to aid my contemporaries in combating the "No Riders" theory.

The junior's basketball team was made to eat humble pie from the hands of the freshman quintet last Wednesday. In former days such a display of audacity would be punished summarily by hard swung paddles. Not to be unsportsmanlike, but to contrast the past with the present, do I mention this.

To the couple that, in the common parlance, "broke the ice," at the dance following the Bucknell game should go a reward of some sort. What a display of nerve, what courage and self assurance, what complacency in the face of unnerving applause It was positively stupendous! Rather would I go through another week of examinations than become the focal point of a thousand eyes in a solo dance such as this couple performed.

Mass was well on its way, and the priest who had patiently stood at the entrance collecting chapel tickets had started up the aisle to record the absentees when our hero, Henry Bobertz, made his eleventh-hour appearance. Breathless, indicative of a last minute rush, he entered to see his chance of being marked present going up the aisle. Unhesitatingly, with wide swinging arms and high stepping legs he was off in pursuit, overhauling the priest before the sacristy, and in a manner characteristic of the relay runner gave him his ticket. It was a close race and as someone said, set the new chapel record.

COLLEGIATE NEWSREEL

WHEN students of the University of Pretoria, South Africa, chose for a debate subject: "Resolved: That we should return to a communism among wives as advocated by Plato," the faculty director decided not to make the hall available unless the subject was changed to "Resolved: That any subject is fit for debate."

• • •

A columnist in The La Salle Collegian has had the temerity to chide the 600 Villanova students who have received medical consolation at the infirmary this year and concludes a series of derogatory remarks by calling us "softies." However if the truth were but known, it would be evident that the La Sallites have not as yet had enough experience with life to get sick of it.

• • •

When one of the college buildings at St. John's College was burning, a profound-looking professor exclaimed: "This preposterous calamity was caused by a simultaneous combustion." At this the fire looked up in astonishment, gave a sigh and died out in disgust.

• • •

According to The Gettysburgian, the students at Princeton recently held a debate on the following topic: "Resolved: That the shorter the kiss, the longer the bliss." Of course, you know the negative won.

• • •

The Albany Club has a rival, known as the Troy Club—only, it's not across the river! Its members are composed of all co-eds at the University of Michigan who pleasantly respond to the name of Helen. It's hardly probable that there will be such a thing as a Paris Club.

• • •

Co-eds at the University of Vermont have decided that this year's perfect man must be tall, dark, handsome, with a keen sense of humor, blue eyes, and a liking for sports. He must also be a good dancer, and have a well-groomed appearance. However, they still marry the other kind!

• • •

A University of Wisconsin professor interrupted a lecture with the comment that he didn't mind the students looking at their watches but he complained that he did get slightly irritated by those who held them up to their ears to see if they had stopped.

• • •

China is supposed to be unsafe for the adherents of the philosophy of Marx. The usual procedure is a brief trial and execution. Chinese students say that it's even dangerous to mention the word communism. Our only wish is that the four Marx Brothers would go to China!

• • •

The Scotch are at it again! The students of Glasgow University in Scotland upset the whole of Great Britain by publishing a fictitious yarn about the crash of a trans-Atlantic aviatrix and then took up a collection for their charity fund when a crowd appeared at the scene of the supposed crash.

The Salt-Shaker

APOLOGIA PRO MAGISTRIS

COLLEGE LIFE is not a path of roses. We venture that statement without fear of contradiction. From time to time the harmony of collegiate existence is shattered by squalls that burst upon the campus—minor cataclysms that momentarily blot out the blue sky. No matter how varied the causes of these tempests may be, one hapless individual is almost invariably singled out for the major share of the abuse—verbal or mental—that is heaped upon things in general by the collegian aroused. That individual is the professor. He's at the bottom of all the trouble that falls to the lot of students. He's inconsiderate, inhuman, a slave-driver whose only ambition is to torture the unfortunate who enroll in his course—that's the professor as the melancholy collegian sees him.

Like most misunderstandings, this one arises from a very common form of near-sightedness—the inability to see the other fellow's viewpoint. Perhaps the situation takes on a new aspect when looked at from the professor's side of the fence.

We overlook more often than not what his work means to the professor. Teaching isn't just a job; it's a high calling. This concept of devoting oneself to teaching for something higher than mere pecuniary considerations is unknown to the average student. The man who spends his life in instructing others is pursuing a noble vocation, is attempting to realize a lofty ideal. Your professor—if he is worthy of the name at all—has a large supply of ambition of a very superior kind. Without this ambition he is just another employe. No matter what his subject, he has a real desire to communicate to others something that means a great deal to him. He's not just a salesman peddling ideas; the professor should rather be called an evangelist in the generic sense of the word—one who has a helpful message to convey. The professor is deeply interested in communicating to students not only the subject matter of his course, but some of his own enthusiasm for that subject.

His classroom experience is a rude jolt to ideals and ambitions. He encounters three types among those whom he is supposed to teach. First, there are these time-servers whom parents less wise than indulgent have hustled off to college without stopping to consider whether they were built to be a truck-driver or an architect. The interest of these worthies is not what you would call keen. Another group comprises the credit-mongers, who see in the subject nothing more than the possibility of yielding a certain number of "points." Those who have a genuine interest in the course make up the third division. Even though the last-named were the most numerous, the professor would have to acknowledge failure in any attempt to give them his own appreciation of the subject. While to him it is something absorbing, he realizes that the students, for the most part, regard it as just another unit in the process called "getting an education." Small wonder that in the face of such conditions he sometimes loses heart.

No, the professor isn't an inhuman monster at all. In fact, he is very human. We might remember that. Admittedly, he isn't always the most pleasant company; but, then, who is at all times the acme of geniality? Instead of condemning him as lacking humanity in those dark moments when he evinces the characteristics of our nature which are not so agreeable, we should pronounce him very human indeed. In fact, a closer relationship with him may give us a genuine appreciation of his personality.

---- Dial-Log ----

FOR THOSE of you who read The Villanova Engineer you will remember words to the effect that the Senior Ball committee will probably name some band for their dance that was not even mentioned in the VILLANOVAN radio poll.

Well, The Engineer hit it right on the head, but their statement was almost a sure bet because, for the amount allotted for the band, it is almost impossible to get a nationally known popular orchestra. As far as the music goes, good bands can be had for the price which the seniors were allowed to pay, but a good band with a reputation demands and gets more.

Speaking of Villanova dances, remember when Roger Wolfe Kahn played for the Senior Ball at Villanova? After being out of the picture for several years, Mr. Kahn is organizing another orchestra and is recruiting some of the best musicians in Manhattan. He will probably be heard on the air again in a few weeks.

Tomorrow night Ted Fiorito, to whom we have been listening on Saturday nights, comes into the limelight with the difficult task of replacing Fred Waring and His Pennsylvanians. The time will be the same and the Columbia network will again carry the program.

Sunday night the Warings began for Henry Ford, and will be heard every Sunday and Thursday hereafter.

To turn to comedy for a minute, we recommend Smackouts, heard almost every weekday afternoon at 2.30 over WJZ. One fellow and one girl take the parts of all the characters heard, and do it so well that most people believe they are all separate persons.

George Gershwin, composer of "Rhapsody in Blue," and many other song hits, will conduct his own orchestra on a commercial program which begins at the end of February.

For anyone who has listened to the March of Time lately and wondered why President Roosevelt's mimic is no longer heard, here is the reason. Too many people thought it was the President himself, and the White House requested that it be stopped. It is, however, quite a compliment to Bill Adams, the "ghost" for Mr. Roosevelt, that it sounded so real, but the compliment puts him out of a job.

Another recommendation (if it means anything): Listen to Sleepy Hall and His Orchestra over WJZ on Thursday at 2 P. M., and Irving Aaronson and His Commanders around 1.30 P. M., Tuesday, over WEAF. Both are old-timers and show that they still know music by the swell bands which they are using for their comebacks.

OFFICERS PREDICT SUCCESS OF BALL

Annual Senior Class Function Features Unusual Music of Enoch Light

center of the room at the foot of the stage.

Late permission will be granted to all resident students who attend the senior ball, and officials of the Philadelphia and Western Railroad have announced that all persons attending the dance, via their lines, may purchase transportation tickets for a couple at half the regular price, providing a ticket of admission to the dance is also bought at the 69th street terminal.

Colorful Decorations

In addition to the false ceiling and kaleidoscopic lighting effects used for decorating the interior of the structure, palms and ferns will be placed in the various sections of the dance floor to enhance the appearance of the gymnasium. There will also be private booths placed along the sides of the floor, which have been reserved for members and friends of the various fraternities and classes.

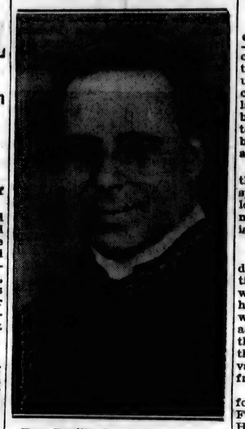
One of the features of Enoch Light and his internationally-known dance orchestra is that his band scored the first musical sound picture to be made in France. He is the only jazz conductor who ever brought his band to the Elysee Palace at the request of the President of France.

Popular With Columnists

Radio commentators, representing various New York newspapers, have been warm in their praise of the young maestro, his organization of talented musicians, and his attractive girl songstress, Mary Danis.

Peter Dixon, of the New York Sun, says, "Light, in better musical circles, is recognized as the outstanding interpreter of Mozart. When in a certain European town the festival of Mozart was celebrated, they sent to America for Enoch Light to conduct a hundred-piece symphony.

LEADS NEW CLUB



Rev. Basilio F. Fresno, O. S. A., S. T. L., professor of Spanish in the College of Arts, whose untiring efforts have brought about the organization of Villanova's first Spanish club.

Spanish Students Forming New Club

Continued From Page One

improvement of the members' knowledge of Spanish, both from the standpoint of technique and of facility. As a means of accomplishing this end, members will give lectures in Spanish on Spain and Spanish America, and in general disseminate or convey information on things Spanish.

Under the guidance of Fr. Fresno, an effort will be made to correspond with students in Spain on current subjects of mutual interest.

If the club receives the support from Villanova students which it deserves, an attempt will be made to have debates in Spanish, present Spanish plays and take part in the social activities on the campus.

Papal Benediction Marks Retreat End

Continued From Page One

conference Fr. McLeod discussed the priesthood and the married and unmarried states. Under the discussion of marriage the Church's law against divorce was shown to be a warning to those who intend to marry and should cause them to be more careful in their choice of a life partner.

In the second discourse of the third day of the retreat, Fr. Ronan spoke of the miracles of Christ, His love for mankind and the Sacrament of the Holy Eucharist which is called the Sacrament of Love.

Perseverance Urged

The last conference of the retreat demonstrated the necessity of continuing in the state of grace in which the retreat was intended to have placed the students. They were urged to pattern their lives according to the discourses which they had heard and to show by their lives and examples the advantages which they have received from a Catholic education.

Those who gave their services for the retreat exercises were: Frank J. Estrada and William A. Hamil, Sacristans; Walter Coyle and Carmen J. Giordano, organists; John Derby, Alfred Landau, William Hines served Sunday evening; Mr. Estrada, 7.30 Mass; servers for the Stations of the Cross were John Dougherty, William Zeil, Robert Geist; for Benediction, Eric Storms, John Pickell and Charles Goggi. The following served for the day students: Mass at 8.30, Frank McNamara; Stations of the Cross, Joseph Lilly, Robert Ferry and John Crowley.

Gleanings

Did you know that: In a certain room in Austin Hall are posted the names of the frosh at Rosemont, and after each name is a critical analysis of the young lady? The analysis, by the way, is anything but academic in nature?. . .Coach Stuhldreher is a bug for proper pronunciation? . . . Charlie Cox puffs on an unlit cigarette during exams? . . . Sir Hubert Gallagher wasted all those roses at Rosemont? . . . Harry Patzsch had a good reason for going ice skating the other night? . . . The tune "Black Moonlight" has all those qualities which go to make up a hit? . . . Day by day, Baron Burtoff is beginning to thaw out more and more? . . . Fr. O'Brien had a particularly good reason for not wanting a certain work of Shakespeare's to be class-read? . . . If you would be three months ahead of the rest of the crowd and if your hair is not too black—let your next suit be a brown herringbone? . . . Leo Zollo's orchestra at the Ben Franklin rates big time enthusiasm? . . . The majority of the radio comics (so-called for want of a better name) aren't the least bit amusing? . . . Al Ryan once threatened to beat what little life is left from this colyumnist's hulk? . . . After graduation, Cherashore and Ulitsky plan to tour the country by the thumb method? . . . There was quite a migration last Thursday?

Also, Louie still doesn't exhibit a Blue Eagle in the Pie Shoppe? . . . Bundling is making strides daily to become one of the most popular indoor sports? . . . Greta of the Garbo family will do much to regain her lost popularity with "Queen Christina"? . . . Eddie Murtha pretends that he doesn't exactly like the name with which we christened him? . . . Lovers of the Calloway type of moosic will like "Got the Jitters," but we contend that "Mine" is one that will last?

THE CLIMAX

THE CLOSING chapter of another book is about to be written. The book is "The Social Record of the Class of 1934 of Villanova College." Three chapters have already been completed. They are, respectively, "The Freshman Hop," "The Sophomore Cotillion," and "Junior Week." Each of these three in its turn thrilled all those who participated in it. Each was widely proclaimed an outstanding success. In our book, however, they are merely the steps leading to the climax. Like all good books, this, too, opens with a somewhat humble beginning. The story, though, moves smoothly along in a rising action until the climax is reached. Chapter Four, "The Senior Ball," is to be that climax. Those who fortunately were participants in Chapter Three may doubt the ability of the authors to increase the interest sufficiently to make the climax successful. The authors, however, are complacently confident. Everything is in readiness. The time, the setting, the principal characters —all point towards an unprecedented success. There remains but one thing—the reception by us, the public. In our hands lies the ultimate success of the volume. Our enthusiastic participation will make it the most successful compiled to date at Villanova. Let's all lend them a hand.

DINING ROOM DEPORTMENT

DISSATISFACTION has been expressed concerning student conduct in the dining hall. Beyond a doubt there is no student on the campus who is not fully aware of the condition of rowdyism that has become prevalent in the refectory. A person peering in at the proper time would be inclined to misunderstand the occasion for a free-for-all. But why should such outrages occur? The students are responsible for their own actions in the dining hall. There is no prefect, and they are not policed. They are left on their own to manifest their sense of responsibility. Could this condition be an answer to the generation's cry for freedom and self-responsibility? Yet, given the opportunity, we find that this generation utterly fails in the first principles of common courtesy. Not so much is it the fault of all. Rather, there are a few inconsiderate rascals who have brought about the situation. Such action is certainly more a reflection on home training than on college education. Yet, the same individuals would deplore the condition if consulted. Somewhat of a relief has been shown during the past week. The retreat, no doubt, has been in a great part responsible for the improvement. They have been given the opportunity to show in a practical way their dependability. Now is the time of trial. Let us see if they can continue or even better the improvement of last week.

YOU OUGHT TO KNOW

FOR some, this new semester is the last mile of collegiate endeavor, to many others, simply one of a number yet to be realized. How many of us are there, with no other ulterior motive than the d sire to be graduated for the sake of graduating, anxious and well pleased to write finis to it all in June? A survey would be interesting, but the statistics not surprising!

Does the cool and calm card player, impassive to the taunts of opponents and deaf to the admonitions of the kibitzer, really exist? If there be such a stoic, within not difficult reach, one Steve Kramer wouldst of him wise counsel seek. Stevie, it seems, during times of ill luck at pinochle, suffers provocation no end, concurrently with an interior rapid oxidation marked by a reddening of the face and blind playing such as might happen when smoke gets in your eyes.

The lift-takers have been formally justified before the whole world through the acceptance of a ride by Queen Mary when her regal limousine acted stubbornly and refused to go. I don't mean to say that heretofore all thumb tourists were social outcasts. No, I just wish to pass along weight-carrying information to aid my contemporaries in combating the "No Riders" theory.

The junior's basketball team was made to eat humble pie from the hands of the freshman quintet last Wednesday. In former days such a display of audacity would be punished summarily by hard swung paddles. Not to be unsportsmanlike, but to contrast the past with the present, do I mention this.

To the couple that, in the common parlance, "broke the ice," at the dance following the Bucknell game should go a reward of some sort. What a display of nerve, what courage and self assurance, what complacency in the face of unnerving applause It was positively stupendous! Rather would I go through another week of examinations than become the focal point of a thousand eyes in a solo dance such as this couple performed.

Mass was well on its way, and the priest who had patiently stood at the entrance collecting chapel tickets had started up the aisle to record the absentees when our hero, Henry Bobertz, made his eleventh-hour appearance. Breathless, indicative of a last minute rush, he entered to see his chance of being marked present going up the aisle. Unhesitatingly, with wide swinging arms and high stepping legs he was off in pursuit, overhauling the priest before the sacristy, and in a manner characteristic of the relay runner gave him his ticket. It was a close race and as someone said, set the new chapel record.

COLLEGIATE NEWSREEL

WHEN students of the University of Pretoria, South Africa,, chose for a debate subject: "Resolved: That we should return to a communism among wives as advocated by Plato," the faculty director decided not to make the hall available unless the subject was changed to "Resolved: That any subject is fit for debate."

* * *

A columnist in The La Salle Collegian has had the temerity to chide the 609 Villanova students who have received medical consolation at the infirmary this year and concludes a series of derogatory remarks by calling us "softies." However if the truth were but known, it would be evident that the La Sallites have not as yet had enough experience with life to get sick of it.

The Scotch are at it again! The students of Glasgow University in Scotland upset the whole of Great Britain by publishing a fictitious yarn about the crash of a trans-Atlantic aviatrix and then took up a collection for their charity fund when a crowd appeared at the scene of the supposed crash.

---- Dial-Log ----

FOR THOSE of you who read The Villanova Engineer you will remember words to the effect that the Senior Ball committee will probably name some band for their dance that was not even mentioned in the VILLANOVAN radio poll.

Well, The Engineer hit it right on the head, but their statement was almost a sure bet because, for the amount allotted for the band, it is almost impossible to get a nationally known popular orchestra. As far as the music goes, good bands can be had for the price which the seniors were allowed to pay, but a good band with a reputation demands and gets more.

Speaking of Villanova dances, remember when Roger Wolfe Kahn played for the Senior Ball at Villanova? After being out of the picture for several years, Mr. Kahn is organizing another orchestra and is recruiting some of the best musicians in Manhattan. He will probably be heard on the air again in a few weeks.

Tomorrow night Ted Fiorito, to whom we have been listening on Saturday nights, comes into the limelight with the difficult task of replacing Fred Waring and His Pennsylvanians. The time will be the same and the Columbia network will again carry the program.

Sunday night the Warings began for Henry Ford, and will be heard every Sunday and Thursday hereafter.

To turn to comedy for a minute, we recommend Smackouts, heard almost every weekday afternoon at 2.30 over WJZ. One fellow and one girl take the parts of all the characters heard, and do it so well that most people believe they are all separate persons.

George Gershwin, composer of "Rhapsody in Blue," and many other song hits, will conduct his own orchestra on a commercial program which begins at the end of February.

For anyone who has listened to the March of Time lately and wondered why President Roosevelt's mimic is no longer heard, here is the reason. Too many people thought it was the President himself, and the White House requested that it be stopped. It is, however, quite a compliment to Bill Adams, the "ghost" for Mr. Roosevelt, that it sounded so real, but the compliment puts him out of a job.

Another recommendation (if it means anything): Listen to Sleepy Hall and His Orchestra over WJZ on Thursday at 2 P. M., and Irving Aaronson and His Commanders around 1.30 P. M., Tuesday, over WEAF. Both are old-timers and show that they still know music by the swell bands which they are using for their comebacks.

The Salt-Shaker

APOLOGIA PRO MAGISTRIS

COLLEGE LIFE is not a path of roses. We venture that statement without fear of contradiction. From time to time the harmony of collegiate existence is shattered by squalls that burst upon the campus—minor cataclysms that momentarily blot out the blue sky. No matter how varied the causes of these tempests may be, one hapless individual is almost invariably singled out for the major share of the abuse—verbal or mental—that is heaped upon things in general by the collegian aroused. That individual is the professor. He's at the bottom of all the trouble that falls to the lot of students. He's inconsiderate, inhuman, a slave-driver whose only ambition is to torture the unfortunate who enroll in his course—that's the professor as the melancholy collegian sees him.

Like most misunderstandings, this one arises from a very common form of near-sightedness—the inability to see the other fellow's viewpoint. Perhaps the situation takes on a new aspect when looked at from the professor's side of the fence.

We overlook more often than not what his work means to the professor. Teaching isn't just a job; it's a high calling. This concept of devoting oneself to teaching for something higher than mere pecuniary considerations is unknown to the average student. The man who spends his life in instructing others is pursuing a noble vocation, is attempting to realize a lofty ideal. Your professor—if he is worthy of the name at all—has a large supply of ambition of a very superior kind. Without this ambition he is just another employe. No matter what his subject, he has a real desire to communicate to others something that means a great deal to him. He's not just a salesman peddling ideas; the professor should rather be called an evangelist in the generic sense of the word—one who has a helpful message to convey. The professor is deeply interested in communicating to students not only the subject matter of his course, but some of his own enthusiasm for that subject.

His classroom experience is a rude jolt to ideals and ambitions. He encounters three types among those whom he is supposed to teach. First, there are these time-servers whom parents less wise than indulgent have hustled off to college without stopping to consider whether they were built to be a truck-driver or an architect. The interest of these worthies is not what you would call keen. Another group comprises the credit-mongers, who see in the subject nothing more than the possibility of yielding a certain number of "points." Those who have a genuine interest in the course make up the third division. Even though the last-named were the most numerous, the professor would have to acknowledge failure in any attempt to give them his own appreciation of the subject. While to him it is something absorbing, he realizes that the students, for the most part, regard it as just another unit in the process called "getting an education." Small wonder that in the face of such conditions he sometimes loses heart.

No, the professor isn't an inhuman monster at all. In fact, he is very human. We might remember that. Admittedly, he isn't always the most pleasant company; but, then, who is at all times the acme of geniality? Instead of condemning him as lacking humanity in those dark moments when he evinces the characteristics of our nature which are not so agreeable, we should pronounce him very human indeed. In fact, a closer relationship with him may give us a genuine appreciation of his personality.

OFFICERS PREDICT SUCCESS OF BALL

Annual Senior Class Function Features Unusual Music of Enoch Light

center of the room at the foot of the stage.

Late permission will be granted to all resident students who attend the senior ball, and officials of the Philadelphia and Western Railroad have announced that all persons attending the dance, via their lines, may purchase transportation tickets for a couple at half the regular price, providing a ticket of admission to the dance is also bought at the 69th street terminal.

Colorful Decorations

In addition to the false ceiling and kaleidoscopic lighting effects used for decorating the interior of the structure, palms and ferns will be placed in the various sections of the dance floor to enhance the appearance of the gymnasium. There will also be private booths placed along the sides of the floor, which have been reserved for members and friends of the various fraternities and classes.

One of the features of Enoch Light and his internationally-known dance orchestra is that his band scored the first musical sound picture to be made in France. He is the only jazz conductor who ever brought his band to the Elysee Palace at the request of the President of France.

Popular With Columnists

Radio commentators, representing various New York newspapers, have been warm in their praise of the young maestro, his organization of talented musicians, and his attractive girl songstress, Mary Danis.

Peter Dixon, of the New York Sun, says, "Light, in better musical circles, is recognized as the outstanding interpreter of Mozart. When in a certain European town the festival of Mozart was celebrated, they sent to America for Enoch Light to conduct a hundred-piece symphony.

LEADS NEW CLUB

Sideline Slants

By the Sports Editor

AN article in one of the New York papers last week attracted our attention in more ways than one. It seems that out in the fair State of Indiana, the State from which our own Bill Farris hails, there exists one of the most organized forms of basketball in these United States. Indiana, whether the greatest basketball center or not, challenges any other State to conduct a sport on a larger organized basis. At present nearly 800 Hoosier high schools are in the midst of regular schedules, which permit a maximum of 20 games. Each school is permitted to engage in two tournaments in addition to the championship elimination. This organization is called the Indiana High School Athletic Association and at present embodies exactly 800 teams. The only teams that do not belong to this group are teams that have no floors or whose student enrollment is not large enough to support a team. The annual dues for this association is $1.50, a price low enough to permit the poorer schools to participate. When the annual tournament is held, the stands are sure to be packed with spectators, and out of the profits each one of the 16 finalist teams are allowed $300 in addition to all expenses. One scout maintained that he traveled 15,000 miles throughout the state in order to scout the teams that he thought might reach the final stages in the tournament, in order to have his team prepared for them. This type of an organization is really for the good of the teams and undoubtedly tends toward building the better type of athlete. If you have your doubts, ask Farris.

BASKETBALL, for several years back, has proved to be the stumbling block for the major schools and the source of much advertising for the smaller institutions. It is one activity in which the reputation of any one group means little when the teams step out on the floor. For an example, take the quintet that annually represents City College of New York. Embodied in this group we find the best material in greater New York and in the surrounding territory. In the fall, when King Football is at the height of his power, C. C. N. Y. is practically unknown, but when the moleskins are hung up at the end of the year, this college jumps to the fore and remains there throughout the basketball tenure. Quintets like City College, Saint John's and Saint Francis are continually knocking on the door of the bigger institutions and there are many coaches who would much rather have their charges play Yale, Harvard and Princeton than one of the above-mentioned smaller schools. This sport equalizes all schools and puts them on an equal footing in the majority of cases.

THE Wildcats ran into a tartar in meeting Saint John's and were nosed out by one field goal. The final score, 31-29, is a bitter pill to swallow, but perhaps it was for the best. Tonight the 'Cats meet the Owls, and one defeat under the belts of our team will probably do them more good than if they were undefeated. This was the case last year, and we hope it will work out that way this season.

SATURDAY nite, we sauntered into Mitten Hall to see Nat Holman's crew go to work on Temple. The final score was close, but in no way gave the true story of the game. City College at the outset was the obvious winner, but at times Temple drew up close enough to put fear into the hearts of the visitors. Passing, not shooting, was the main weapon used by City College, and when they scored, they did so after the ball had circulated sufficiently to catch the Owls napping. Temple, although defeated, gave a good account of themselves, and they were never so far behind as to give the spectators the feeling that the game was a push-over. By their play, the 'Cats are due to have plenty of trouble tonight, but we honestly feel that "Doc" Jacobs and his boys are capable of coming out on the long end of the final score.

4-Game Winning Streak Is Broken by St. John's

Bucknell Bows for Villanova's Fourth Win as Wildcats Go on Scoring Rampage and Win, 47 to 27

4,000 WITNESS NEW YORK GAME

THE VILLANOVA Wildcats extended their winning streak to four games by virtue of their victory over Bucknell, but the hopes of lengthening the successive victories were shattered by St. John's last Saturday night in New York.

The Bucknell victory removed one of the 'Cats' biggest obstacles in their attempt for an undefeated season, but the nemesis which has prevailed over Villanova teams in New York for the past nine years could not be surmounted.

NEW YORK, N. Y., Feb. 3—The "Gotham Jinx" which has been causing the downfall of Villanova basketball teams here for the past nine years continued to hold sway, and the latest edition of the Wildcat courtmen lost their first game of the season in a thrilling contest to St. John's by a 31 to 29 score.

Four thousand people were kept constantly on edge as the teams battled on even terms throughout the entire game. So closely were they matched that at no time did more than six points separate them. In the closing minutes of play the score was tied twice, once at 26 all, and again at 29 all.

Wildcats Score First

Clever execution of the bucket play and a brilliant side shot gave the 'Cats an early lead. Kaplinsky, St. John's forward, started two plays that resulted in the count being knotted at 6-6. Two field goals by Shevlin and one by Ben Geraghty put Villanova up to 12. Beginning with a foul shot by McGuire, the Redmen rallied and soon tied the score again at 12 all. For the first time, St. John's went into the lead by virtue of a brilliant pass from Kaplinsky to Oeding who was fouled while shooting and his shot put the score at 13 to 12. McGuire added another point as did Shevlin and the first half ended with the count 14 to 13.

At the half, both teams tightened considerably, but Villanova soon broke loose with a brilliant rally and boosted their score up to 20. A foul by Barry and field goals by Torpey and Geraghty accounted for the five-point lead.

Geraghty Ties Score

However, St. John's continued to peck away and eventually gained a 24 to 23 lead. Sweeney's foul and Geraghty's field goal for the 'Cats knotted the count again at 26 each.

The Johnnies, aided by a foul by McGuinness and a field goal by Gotkin, advanced to 29, but Sweeney's hawker and Shevlin's foul, with a little more than a minute to go, tied it up at 29 all.

The excitement reached such a peak that the rafters of the 102nd Engineers' Armory fairly shook.

Jack Gotkin blasted the hopes of the Blue and White when he dropped in a quick shot from the corner and not long after, with the ball in possession of the Gothamites, the final whistle blew announcing the end of the game.

This was the Wildcats' only chance this season to slay the jinx which seems to exist over them. For 10 years Villanova has met St. John's and the only victory for the 'Cats was recorded last year when the Redmen journeyed to Villanova and suffered defeat at the hands of the Jacobsmen for the first time.

The fourth game in Villanova's winning streak was played in the college gym Saturday night, Janu-

Intra-Mural Swim Meet Set for Tomorrow Night

Dayhops Will Defend Their Crown Won Last Year

Wednesday night marks the date of the second annual intra-mural swimming meet which is scheduled to take place in the college pool. Last year the contest was introduced with the garnering of premier laurels by the Day Hop natators.

The purpose of the meet is twofold. It is designed to round out more fully the intra-mural program, and most important, it is being held to reach those embryo swimming stars who have not reported for organized practice. It is felt that in the school there are many swimmers of varsity caliber, who, through some oversight or lack of ambition, have failed to report to Professor Gill, the coach of the team, and have not engaged in organized swimming practice.

Seven Events Listed

The events as scheduled for the intra-mural meet are: 220-yard freestyle, 100-yard freestyle, 50-yard freestyle, 100-yard relay, 50-yard backstroke, 50-yard breaststroke, and diving.

The different halls are requested to choose entries for each of these events. All contestants who show promise of ability will be included in the varsity squad. These will begin practice immediately for a series of events scheduled for February and March.

The first swimming meet of the season will take place when Villanova meets the Philadelphia College of Osteopathy at the West Branch Y. M. C. A., 52nd and Sansom streets, West Philadelphia, Saturday, February 10.

The line-up for this meet has not been announced as it is hoped that the intra-mural meet will reveal some hitherto hidden stars. The need for divers is most urgent, as the team has no really creditable representative.

The events for Saturday's meet include: 100-yard relay, 100-yard freestyle, 220-yard freestyle, 50-yard sprint, freestyle; 50-yard backstroke, 50-yard breast stroke, and diving.

COACH REFUSES TO MAKE STATEMENT ON CONTRACT

Stuhldreher Fails to Sign New Contract Upon Lapse of Last Year's

Six days have passed since the football contract of Harry Stuhldreher has expired. As yet, Coach Stuhldreher remains silent on his intentions.

February 1 was supposed to be the deadline, and on that day the authorities of the school apparently expected a final answer.

In a statement to the local papers last week, Mr. Stuhldreher stated that he was trying to make connections with a larger school, and until he was certain that he could not improve upon the job proffered to him by Villanova he would not sign.

A rumor was circulated that Ohio State was anxious to secure his services for the coming year, but as yet it has proved groundless. Dartmouth was another school that was a possibility, but that school is definitely out of the running now, with the recent signing of a new coach.

Mr. Stuhldreher still refusees to make any statement concerning his contract, but an answer is expected in the near future.

FOOTBALL TRAINING STARTED YESTERDAY

Entire Freshman Team Is Now Added to Remaining Varsity Squad

Yesterday afternoon witnessed the start of football training for the coming 1934 season, under the direction of Coach Harry Stuhldreher.

The remaining members of last year's squad were on hand to resume activities, as well as the entire freshman team, now eligible for varsity competition. The squad will begin with indoor workouts every afternoon until such time as the weather permits outdoor practice.

Grid practice has begun a trifle earlier than was expected, but evidently Coach Stuhldreher is anticipating a tough job in moulding the present frosh candidates into familiarity with the Notre Dame system.

Frosh to Learn System

Last year's frosh team played only one game, and the majority of the material that is deemed valuable for varsity competition next year, was not on hand at that time and consequently they have had no experience with the intricacies of the famous system.

This week will see only preliminary practice, and will help to round out the athletes into good physical condition for the more strenuous practice which will come within the next few weeks.

As is the accepted custom, the 'Cats will engage in three or perhaps four spring practice tilts, with Penn, F. & M. and perhaps Saint Joe's listed as probable opponents. La Salle, annual rivals in these spring tilts, will undoubtedly be among the missing this year, because of a scheduled game in the fall.

BASEBALL SCHEDULE LISTS 15 CONTESTS

Princeton, Fordham and Penn Top List of Opponents for 1934 Season

Facing one of the most formidable schedules in its history, the Villanova College baseball team will be forced to attain new heights in order to complete a successful 1934 campaign.

Three new teams will be met, according to the schedule officially released by the Athletic Office yesterday, with the possibilities of a fourth with Boston College. Albright, West Chester, Teachers College and Drexel are the additions to the new Wildcat baseball roster. Relations with Lafayette, Gettysburg and Osteopathy have been dropped.

This innovation in the Villanova schedule is expected to provide keener competition throughout the season.

Eight Home Games

The 'Cats will play eight games at home, numbering among their opponents Penn A. C., Dickinson, Ursinus, West Chester Teachers, Albright, Lehigh and Drexel. The games played on foreign grounds include Princeton, Fordham and Penn; the return games with Ursinus, West Chester Teachers and Temple.

The Villanova team will open its season, on April 2, with Princeton on the latter's field. The Tigers will be out to avenge the 8-7 defeat handed to them by the Wildcats last year. The following game with Penn A. C. will be played at the stadium on April 7. Last year's game with the Pennacs was not played on account of bad weather.

Will Meet U. of P.

The University of Pennsylvania will provide the opposition for the third game at Franklin Field, April 11. This game promises to be of keen interest to the local fans, because of the tremendous following of the Quaker team.

Dickinson will inaugurate a new rivalry when they visit the stadium, April 14.

Lehigh will continue its series with Villanova on April 18 when the teams meet at Bethlehem. Lehigh was handed a 3-0 setback at the hands of the Wildcats last season.

Next on the layout will be Ursinus, at home, April 21. The fighting Bears always provide a good

Freshman Team Victorious In Inter-Class Play-Off

Juniors After Defeating Seniors Succumb to Underclassmen in New Intra-Mural Championships Last Week

EMMERLING AND MAXIMOVITCH STAR

In the first interclass championships the team representing the Freshman Class took the crown by virtue of their victory over the juniors. In the opening pairings, the freshmen met the sophomores, and the game resulted in a 32 to 17 victory for the underclassmen.

In the most hectic battle of the championships between the two upperclass teams, the juniors succeeded in nosing out the seniors by a narrow margin of one point.

Last Wednesday the youngsters wasted no time in proving to their supposed superiors, the sophomores, that they were capable of besting them in at least one thing. The frosh started right off and with the exception of the first few minutes were never headed by the sophomores. As the whistle blew announcing the end of the first half, the first-year men had a 13 to 8 advantage, and during the second session of the fray they scored 19 points to their opponents 9.

Emmerling, playing a brilliant game at center for the victors, accounted for 12 points, five being shots from the floor and two via the foul line. The best individual work for the sophs was turned in by Gierwok, who personally accounted for three field goals and two fouls.

The following evening the juniors met the seniors, and when the final whistle had blown, all senior dignity had been cast to the wind as the team left the floor on the short end of a 28 to 27 score.

Johnny Krajsa proved to be the spark for the victors in this fray and piled up nine points as did his opponents' star, Whitey Randour.

In the championship the frosh completely outplayed their junior brothers. The score at the end of the first half gave them a 26 to 8 lead and never during the contest was the issue left in doubt.

Rodman, playing a great game at forward for the winners, scored seven field goals and was aided by Emmerling, who tallied nine points and Maximovitch with eight.

For runners-up Johnny Krajsa again was the star and dropped five shots from the floor through the hoop.

The final and deciding score of the first class championship in favor of the frosh was 39 to 22.

'CATS' MEOW

WITH weather conditions like they are, Villanova is seriously considering the addition of a snowball team.

—V—

We hope that a few flunks won't have any effect on the good playing of the basketball team.

—V—

And tonite we present, Villavona vs. Temple.

—V—

Why not limit our opponents to Temple and Bucknell in every sport? These games always cause enough excitement to last a whole season.

—V—

Of course, for variety, they could schedule Southern California occasionally when it became too cold in the East.

—V—

If Temple and Bucknell should become too hot for us, then play some Alaska colleges.

—V—

With all the bulbs out there will still be Enoch Light to see your way around the gym.

Those untidy habits come from jangled nerves

It's bad enough to look untidy—ill-groomed.

But it's twice as bad when you think that those nervous habits are a sign of *jangled nerves*... a friendly signal that says, "Find out what's the matter."

So, if you catch yourself mussing your hair, biting your nails, chewing pencils—or suffering from any other of those countless little nervous habits—

Get enough sleep and fresh air—find time for recreation. Make Camels your cigarette. You can smoke as many Camels as you please, for Camel's costlier tobaccos never jangle your nerves.

How are YOUR *nerves?*

TEST NO. 16

Place a cork upside down on top of a bottle... Back up six paces... Extend your right arm and sight with your index finger... Walk rapidly toward the bottle, without wavering your arm... See if you can knock off the cork with the first flip. Most people try this test six times before they succeed.

Anton Lekang (Camel smoker), National 1932 ski jumping champion, flipped the cork off the first try.

VILLANOVA-TEMPLE CONTINUE RIVALRY IN GAME TONIGHT

Clean Sweep Over Owls Object of Jacobsmen in Game at Villanova Stadium

TEMPLE TEAM IS PRIMED AND ANXIOUS FOR WIN

Cherry and White Determined to Avenge Defeat Handed to Footballers

Tonight in Villanova's gymnasium, the Villanova Wildcat and the Temple Owl clash again, this time on the wooden way.

This game promises to be one of the best court encounters seen in these parts for some time. Aside from the fact that whenever these traditional rivals meet the fur always flies, this game has several additional reasons conducive toward making victory for either team very sweet indeed.

Who will ever forget that memorable night last year when a fighting Villanova quintet conquered the favored Owl five in the closing minutes of the game? As a result of this defeat Temple will bring a fighting team to Villanova, a team with but one purpose in mind—to wipe out the ignominy of that last-minute defeat last year.

Records Are Good

As regards the records of both teams for the current season, Jimmy Usilton has molded together another strong Temple team. The Owls have been upset three times this year. After a run of three straight victories, the Temple five was upset by a strong Michigan team, by Georgetown U. in a conference league game, and on last Saturday night by the fast-stepping C. C. N. Y. team, a squad which has racked up 16 straight victories.

On the other hand the Wildcats have played five games, gaining four straight victories before they were set back on Saturday night in the home town of their nemesis by a strong St. John's quintet. The first defeat sustained by the Blue and White was a heart-breaking affair in which they tied the score twice in the closing minutes of the game, before surrendering 29-31.

Will Seek Vengeance

Temple and Villanova, having both been defeated Saturday night, will go into this game with the same object in view — to avenge their Saturday night's losses.

If victory goes to Temple, it will help to soothe the wound inflicted on the Temple Owl one Saturday afternoon last November by Harry Stuhldreher and his cohorts.

Contrarily, Coach "Doc" Jacobs' charges, not to be outdone by the football team, will be in there to win and to hand Temple's athletes their second defeat of the school year.

Probable line-up:

Villanova		Temple
Barry	forward	Mesaikomer
Geraghty	forward	Rosan
Torpey	center	Fox
Shevlin	guard	Freiberg
Hurley	guard	Brown

of heredity, Fr. Dougherty cited as specific examples, the cases of three family groups, the Jukes, the Edwards and the Kallikaks, in order to bring out more clearly the causes of the two most prominent of all the classes of sub-normal people. These two classes are those possessing mental defects, and those possessing criminal instincts. In the case of the Kallikak family, the children born of the first marriage turned out to be failures in the eyes of the community. For the most part they were of a criminal nature. The remainder were given to insanity. By the second marriage, the children born grew up to be outstanding members of society, one of them being a minister.

JAYVEE CAGE TEAM DEFEATED BY PENN

Feehery, Mooney and Lee Star for Wildcats; Kauffman Is Outstanding for Penn

Finding the Penn Jayvees too powerful for the second time this season, the Blue and White junior varsity quintet failed to avenge their former defeat in the game preliminary to the varsity tilt with Bucknell, Friday, January 26.

Favored to win, the Red and Blue showed their worth, and piled up tally after tally. Invariably the jump was taken by either Dobiski or Hamilton, the two Penn centers, and together with every other man on their squad, they contributed to make the evening a success for the visitors.

Led by Feehery, Mooney and Barney Lee, the Villanova quintet played fast, hard basketball, but their opponents played faster.

Penn Tallies First

Within a few minutes after the start, Dobiski took the jump, Fine brushed past the referee, grabbed the ball, and on a fast pass to Bradford under the basket, Penn tallied their first double-pointer of the game.

Swift, hard playing recorded the remaining points for the Red and Blue five. Time and time again Dobiski outjumped Mooney, and with perfect team play he and his mates found access to the Villanova territory made easy.

The first half ended, and the second began without any change in the complexion of the game. It was in the latter half, that the Penn forward, Kaufman, found the range of the basket repeatedly, and his long, perfectly placed shots became the real highlight of the night.

Penn closed strong, tallying the final ten points within but a few minutes of the gun, making the final score: Penn J. V., 38; Villanova J. V., 26.

Plans Being Made For Dinner-Dance

will become a permanent fixture on the publication's calendar of activities.

Fr. McKee also announced that only those members of the staff who, in the minds of the moderator and the editor, are performing their duties in the best possible manner, will be invited to attend. Besides these, there will be a small number of outside invited guests.

Debaters to Meet LaSalle College

Continued From Page One

Mendel Hall, and will begin at 8.30 P. M. William F. Zell will act as chairman.

Word has been received from the Charles Morris Price School that the debate scheduled for February 15, with Villanova has been cancelled because of illness of one of their speakers. If the necessary arrangements can be made, the two teams will meet later in the season.

Student Council

An important meeting of the Student Council will be held Thursday, meeting in Room 210, Mendel Hall, immediately after the evening prayer services.

Juniors to Meet

Every member of the Junior Class is requested to be present at a meeting to be held this afternoon promptly at 1.00 P. M. in the amphitheatre in Mendel Hall. Junior Week arrangements and blazers will be discussed.

THIRTY-FIVE CENTS *Isn't Much!*

MOST college allowances go only so far. But even at that you can probably spare 35 cents once a week.

It isn't much—35 cents—hardly the price of a movie or hair cut. Yet for 35 cents, if you know the ropes, you can telephone as far as 100 miles.

That probably means you can telephone home! Can 35 cents buy more pleasure than that? You can pick up a budget of family news . . . talk over your problems . . . share your interests. There's nothing like a "voice visit" with the folks back home to brighten your whole week—and theirs.

• • •

TO TAKE ADVANTAGE *of the* LOW NIGHT RATES...

Call after 8:30 P.M., and be sure to make a Station to Station call.

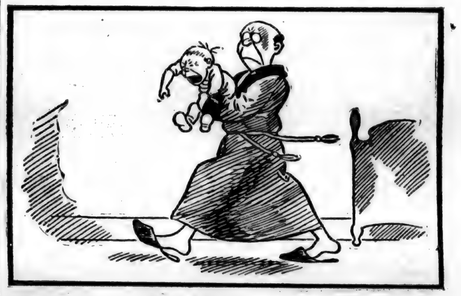
That means, ask the Operator for your home telephone, but not for any specific person.

If you've fixed a date in advance, the family will be sure to be there.

35 cents at night will pay for a 3-minute Station to Station call to anywhere within 100 miles.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

"WHEN A FELLER NEEDS A FRIEND"



There's genial sunshine and comfort in BRIGGS Pipe Mixture . . . the delightful new tobacco that is winning smokers everywhere. Mellowed in the wood for years, until it's biteless, mild, and rare in flavor! Try a tin of BRIGGS and let it talk in your pipe instead of in print.

GOTHAM C[illegible]T ACES SNAP 'CAT [illegible] TREAK IN FINAL [illegible]NUTES

Villanova Takes 31-29 Defeat Before 4000 S[illegible]ectators on Foreign Soil

Continued From Page Five

ary 6, against the quintet from Bucknell, with a final score of 47 to 27 in the Wildcats' favor. For the third consecutive time the Wildcats finished a real bang-up game with 47 points to the good.

Starting with the first jump and continuing throughout the entire evening, the Blue and Write played the same remarkable and spectacular basketball that has now become their descriptive adjective.

Geraghty Tallies

Ben Geraghty brought home the first two points within but 45 seconds of the starting whistle, and he and his teammates let nary a single chance escape their notice.

A team of Crimson decked mammountains trotted out on the court to give battle to a Wildcat five that were dwarfed by their size. However, the old adage held true, and the spectators soon found that the quality and not the quantity counted.

Leading throughout the game and without even a hint of being beaten, Geraghty, Shevlin, Hurley and the entire squad gave themselves no rest and continued to pile up the tremendous score.

James Stars

As usual the Bucknell team came out to the wooden way for the second half much more determined but they soon lost their courage, for the Wildcats were no easy prey.

Owen James was the only real star for the visitors and he did play a fine game.

Among the highlights of the night, were the famous, long, high shots of "Jocko" Hurley, as well as the fast, hard playing of Johnny Shevlin. These players, together with such as Torpey, Barry, Geraghty, and Jack Robinson and the others, can well be classed as a perfect team, for their absolute teamplay and timing is hard to equal anywhere.

Baseball Schedule Lists 15 Contests

Continued From Page Five

scrap when they are pitched against the 'Cats.

On April 25 West Chester Teachers will make its initial appearance on the schedule at the Main Line stadium.

Fordham Game, April 28

The Fordham Rams, who created quite a turmoil by breaking Villanova's winning streak last year, will be met on the Fordham front, April 28.

May 1 will find Villanova meeting a new opponent, Albright, at the stadium.

The traditional rival, Temple, will be entertained on the home diamond, May 4. This feud has grown very intense since the Owls defeated the Wildcats in two encounters last year.

The following games are return engagements: May 9, West Chester Teachers, at West Chester; May 16, Temple, at Philadelphia; May 18, Lehigh, at Villanova and May 23, Ursinus, at Collegeville.

The final game on the card is with Drexel, to be played May 25 at the stadium.

CANDIDATES SHOW GOOD BOXING FORM

Showing in Intra-Mural Bouts Will Aid in Selection for Bout With Temple

Villanova's second annual boxing bouts, staged by the Intra-Mural Committee will be held in the gymnasium on the evening of February 16. The following Friday night Villanova will make its debut in intercollegiate competition by engaging Temple University in the gym.

Those candidates that have already reported have shown great promise. There are good men at every weight, and the problem of selecting the best ones will be difficult because they seem to be so evenly matched. Joe Foley will probably have a hard time in making the proper choices despite his knowledge of the sport, but it is certain that his selections will give the best results.

Need Candidates

Boxing coaches Charley Cox and Vince Zizac have issued a call for more candidates, particularly in the 112-pound class. Because of the absence of many of last year's men, there are many positions open for the candidates; in fact, no berth is certain at present. It is their desire to have men of each of the fighting weights from each of the dormitories in order to fill out the intra-mural sports competition to its greatest extent.

All present candidates, and those who may desire to join in this sport will report to the coaches in the gymnasium at 2 P. M. every day. The new men are requested to report as soon as possible in order to enable the coaches to make more accurate selection of material, and insure themselves of a greater opportunity for success.

Matmen Work Out

The wrestling team is working out in the gymnasium every day, and from what we have seen, the intra-mural meets should prove the hit of the season. Coach Don Blanchard has asked for new recruits in all the weights. The weights are classed from 125 pounds, 10 pounds range for each class, to 136 to 195 pounds and over.

The dates for the intra-mural meets are, as yet, uncertain; but they will take place before February 16. The first set will be between Austin and Fedigan dormitories, the second set between Mendel and Alumni. The individual victors in these two sets of matches will meet on the evening of February 16, these bout, to alternate with the boxing bouts.

Matches are also pending with the grapplers from Temple and Ursinus. Confirmation of these pending engagements will be printed later on if they are agreed upon by the respective schools. Another feature of the coming inter-dorm wrestling bouts is that all matches will be held under professional rulings. If the two pending matches are accepted, the bouts will be regulated by the current collegiate rulings.

JUNIOR WEEK CHAIRMAN PLANS ROUND OF ACTIVITIES FOR ANNUAL EVENT

John F. Butler Declares Class of 1935 Will Establish Campus Precedent With Wide Range of Diversions at Traditional Celebration

SEEK POPULAR ORCHESTRA

Hoey Makes Report at Meeting of Class; Finance Committee Named

Preparations for the Junior Week activities of the class of 1935 have already been started, according to John Butler, chairman of the third year men's annual celebration. It is the intention of the present junior class to establish a precedent on the campus for a complete week of activities, and the various subcommittee chairmen, whose names were announced a week ago, have been planning special sessions of their respective groups at the earliest possible date.

Butler said yesterday that the junior class members could be assured of a fuller program of events for Junior Week this year than any preceding functions of this type in the history of the college. Although no definite plans are available for publication, Butler declared that the list of the week's activities will include a varied sports program.

"All indications at the present time point to a full round of activities," said Butler.

Prom Committee to Meet

Paetrus Banmiller, recently appointed to the chairmanship of the Junior Prom committee, is also optimistic about the success of Junior Week activities. It is his intention to call a meeting of the members of his committee in the near future so that some definite steps may be taken to secure the services of a nationally popular orchestra.

Last week, the third year class

MEMBERSHIP DRIVE PLANNED BY CLUB

Lectures Will Be Continued by Manager John Rodgers of Somerton Airport

The Aeronautical Society held its monthly meeting last Thursday night, at which time several announcements of importance were made known by the president, William Hamill.

Now that the society has been functioning so successfully for the past semester, the members are going to start a membership drive in order that they may persuade every student interested in aviation to join the society and partake of the various activities and opportunities offered by the club. The membership drive is on at the present time. No definite time for the conclusion has been set, but it will most likely be concluded at the next monthly meeting.

Talks to Be Continued

The night meetings, which have been held every month with great success, will be continued as in the past, and the same speaker, John Rodgers, of the Somerton Airport, will again conduct the lectures at the meetings. He will continue his description of the construction and workability of the various parts of the airplane and will hold an open discussion at the end of each lecture.

If any student who was unable to attend any of the past lectures would like to read them or consult them for certain data, he may have

BUSINESSMEN HEAR TALK ON INSURANCE

Speaker Shows Its Relative Importance in Country's Financial Structure

Astonishing facts concerning the size of present-day insurance companies and the important position they occupy in the financial structure of the country were revealed last Tuesday morning by Dwight G. Johnson of the Prudential Life Insurance Company in a seminar talk which he gave before the senior and junior students of the School of Commerce and Finance.

Mr. Johnson, who has been in the insurance business since he was 14 years of age and who has written 30 millions of dollars of insurance in the course of his career, proved the importance of the insurance business by comparing it with banking in this country.

Quotes Statistics

The people of this country today, he stated, are carrying approximately 100 billions of dollars in life insurance. Banks on the other hand, have a total of only 40 billions in deposits.

Total assets among insurance companies, amounting to 22 billions of dollars, by far exceeds bank assets; in fact, some insurance companies have surpluses alone which exceed the total assets of many of the larger banks in the country.

When comparing the records of these two types of financial institutions, it was found that during the past few years numerous banks have been forced to close their doors. In this same period not one cent was lost on the claims of any of the insurance companies.

Deal Heavily in Bonds

On the stock exchange daily approximately one-fifth to one-third on the transactions in bonds are by insurance companies. About one-fourth of all the underlying securities of the railroads are held by insurance companies. Likewise they hold about one-fourth of all

HELEN PFAFF TO DIRECT DANCING IN NEW COMEDY

Turf and Tinsel Club Obtains the Services of Last Year's Ballet Mistress

Plans for the annual performance of the musical comedy given by the Turf and Tinsel Club are rapidly nearing completion. As has already been announced, this year's production is named "Let's Go Places."

George Keough, who had charge of last year's production and who has been affiliated with George M. Cohan and other celebrities of the legitimate stage, is again in charge of this year's production with Helen Pfaff as ballet mistress. Miss Pfaff will be remembered for her very commendable work in training last year's "dainty" six-footers in their routines.

Rev. Bernard M. McConville, moderator of the organization, requests all those who desire to participate in the production to let his intentions be known. There are still several vocal parts which have not been filled, and it is desired to have them filled as soon as possible, so as to expedite the proceedings. A rehearsal will be held tomorrow evening in the gymnasium.

Dancing to Be Eliminated After Games During Lent

An official announcement has been issued that, because of the beginning of Lent this Wednesday, there will not be any dancing after the basketball games for the remainder of the season.

The furnishing of music for dancing has been welcomed by many students and others who have attended the games in the past, but with the coming of this season the authorities have ruled that for the remainder of the current basketball schedule no more dancing will be permitted.

The Villanovans under the direction of Paul D. Teel had been supplying the music at these functions.

BETA GAMMA MEETS LA SALLE COLLEGE

Debate Staged Last Night on the Socialization of Medical Aid

First place position in the Philadelphia Intercollegiate Debating League was captured last night by the winner of the debates between La Salle College and the members of the Beta Gamma. The decision in the contest was reached too late to permit publication in this issue of the paper.

The debate, which was a home-and-home encounter, was upon the topic, "Resolved: That There Should Be Socialization of Medical Aid."

Villanova's negative team, which spoke in the amphitheatre here, was composed of Paetrus Banmiller, Francis Bigley and Roberts Bougon. The La Salle speakers, who opposed them, were Norman P. Harvey, Joseph Crowley and Joseph Flubacher.

Zeil Is Chairman

The chairman for the home contest was William F. Zeil, president of the Villanova Literary Society.

Edward F. Matthews, chairman of the debating society of the American Institute of Banking for the last ten years, was presiding judge. Mr. Matthews, who was chosen by the debating team of the University of Pennsylvania, was assisted by two associate judges of his own choice.

At La Salle the Villanova affirmative team was composed of Peter Kerr, John Hallahan and Louis Marcote. They were opposed by John J. Doherty, Edward J. Coverdale and John Shea of La Salle College, who spoke on the negative side of the question.

Challenge Accepted

This debate was the second league encounter for both organizations. Both won their opening contests, La Salle defeating the University of Pennsylvania, while the Beta Gamma defeated the debaters from Temple University.

In the course of the past week the Beta Gamma speakers also accepted a challenge from the St. Joseph's College debating team to meet in a radio debate on the afternoon of March 2. The topic is "Resolved: That the Civil Service Examination Should Be a Requirement for All Government Positions." The debate will be broadcast over Station WLIT.

FROSH TO NOMINATE

Meeting Will Be Held Tomorrow in Amphitheatre at 1 P. M.

Nominations for Freshman class officers will take place tomorrow at 1 P. M. in the amphitheatre in Menrel Hall. Elections will be held next Monday between the hours of 12 noon and 1.15 P. M., in the rear of the dining hall. Sophomores will hold nominations for Student Council members this Thursday at 1 P. M. in the amphitheatre, and the elections will take place Monday in connection with the Freshman elections.

Both nominations and elections for Freshman and Sophomore officers will be conducted by the Student Council.

1934 CHRISTMAS VACATION TO BEGIN ON DECEMBER 15 AND END ON JANUARY 2

Student Council Decides Upon Earlier Date to Afford All Students Ample Opportunity to Gain Employment During the Vacation Period

BALL IS ACCLAIMED HIGHLY SUCCESSFUL

Annual Senior Class Dance Is Set in Gayly Decorated Gymnasium

The traditional Belle Air Ball, which is sponsored annually by the senior class, took place most successfully last Friday evening in the college gymnasium, which was appropriately and artistically decorated for the occasion.

Apparently oblivious of the abnormally frigid weather conditions in the "outer world," the couples present swayed gracefully to the melodious strains of Enoch Light and his famous Hotel Governor Clinton Orchestra of New York, who are featured artists on the Columbia Broadcasting System.

Formerly the orchestra entertained from a shell which was placed on the stage, but since Light's orchestra had its own amplification apparatus, the orchestra was assembled in a shell which was placed directly in front of the main entrance to the dance floor. This allocation of the orchestra improved immeasurably the acoustics of the gymnasium and the music could be heard equally well from any section of the dance floor without any echoes whatsoever.

Music Was Diversified

Mr. Light, who acquiesced very graciously to any request numbers, had a very diversified arrangement of songs, including in his repertoire waltzes, tangoes, fox-trots and novelty numbers.

In addition to the smoothness of the orchestra, that which claimed the attention of the dancers was the singing of the coquettish and vivacious Mary Danis, the featured soloist. Every time Miss Danis sang the couples swarmed around the orchestra to get a "peek" at the one who was responsible for those "kittenish" emanations. In the unanimous opinion of many who attended the dance, Enoch Light presented one of the most delightful orchestras which ever played at a Villanova dance, from the stand-

Continued on Page Four

COSTIGAN IS PROMOTED ON VILLANOVA ENGINEER

Is Named as Associate Editor of Publication; Others Are Dropped From Staff

Joseph P. Costigan, a junior in the School of Technology, has been appointed associate editor of The Villanova Engineer from his former position of assistant to the editorial staff. Costigan will have charge of the make-up of the periodical for the remainder of the school year.

Coincidentally with his naming of Costigan as associate editor, Paetrus Banmiller, editor-in-chief, announced that because of restrictions arising out of the allotting of merit awards, a number of staff members have been dismissed.

Staff elections to fill the posts of circulation manager, art editor and news editor are to be held in the near future. All students in the School of Technology are eligible to participate.

Definite duties will be assigned to each member of the staff at the next regular meeting to be held sometime next week.

Aspirants for positions on the staff of the Engineer should hand in their names to either Banmiller or Costigan.

DANCE FAVORS DISCUSSED

Organizations Should Decide by Vote Whether or Not to Have Them

Definite dates for the 1934 Christmas vacation were decided upon at a meeting of the Student Council, last Thursday evening. The vacation will commence on Saturday, December 15, and will close on Wednesday evening, January 2. Classes will be resumed with the first period on January 3.

The discussion of the Christmas vacation was occasioned by the fact that there was some dissension on the campus through the elimination of the Thanksgiving vacation this past year. It was decided, however, that since the students had voted for the one vacation, the decision should remain.

The question was then brought up as to whether the extension of time should be granted before or after Christmas. It was finally decided that it should come before Christmas, since in that way many students will be given the opportunity to find employment during the vacation.

Balance Sheet Necessary

Class and club reports on dances next came under discussion. It was decided that all organizations holding dances would have to fill out a standard balance sheet now being compiled by Leo Schaefer, professor of accounting in the School of Commerce and Finance. This balance sheet will have to be filled out and presented to the administration after each dance.

It was then proposed that favors be eliminated from the dances and

BELLE AIR PHOTO DATES SCHEDULED

February 14, 15, 16 Decided as Final Opportunities for Upperclassmen

With the 1934 edition of the Belle Air, annual year book of Villanova College, rapidly taking shape, John T. Corkill, editor-in-chief of the senior publication, has issued an announcement of the final dates on which seniors and juniors may have individual photographs taken.

February 14, 15, and 16 have been designated as the final dates on which sittings may be secured by those members of the two upper classes who have not as yet had their pictures taken. Payment of the $2 fee may be made at the time of the sitting.

Co-operation Needed

This extension of time has been made because of the lack of co-operation on the part of the juniors who have not responded by having their photographs taken on previous dates. Corkill wishes to remind these third year students that this year they have additional reasons for having their pictures placed in the annual since this year every member of the student body is entitled to a copy of the Belle Air thus making the 1934 editions of the publication the first "All Villanova Year Book."

Corkill also commented on the fact that every senior and junior who has his individual portrait taken will receive an eight by ten inch picture in an attractive frame.

GET INTO THE GAME

ATHLETICS at Villanova have very definitely ceased to be the pastime for just the chosen few. True, there was a time when one had to measure up to rigid requirements before he could make one of the teams at college here. But that was in the days when varsity sports alone were officially encouraged by the college. Those days have now become a matter of history. Today there is being offered such a wide variety of sports in such a wide variety of classes that every student has become eligible for participation. No longer must he have that extraordinary amount of ability necessary to make the varsity team. The junior varsity and intramural teams are only too eager to get candidates who cannot make the varsity grade. Basketball, boxing, wrestling, swimming and track—all these sports are available right now to everyone on both a varsity and intra-mural basis. Surely every student should have some ability in at least one of these sports. If you have, you owe it to your dormitory to support it in competition. If you lack ability in all of them, you have an obligation to yourself to widen your field of activity. These programs are arranged for your own benefit. They are meant for all the students, not for just a few. Show a little activity. Get into the game.

COLLEGE HUMOR

FUN! HUMOR! Laughter! All the world seeks them. Crowds jam the theatres to see the comedies, musical comedies and burlesques. Motion picture producers reel off one comedy after another. Millions of people unfailingly follow the comic strips in the daily newspapers. Thousands of humorous magazines are sold daily to a hungry public. Millions more listen to their favorite comedians each night on the radio. Why? Because the world wants to laugh. They want to have fun. And the great majority of this humor comes from none other than the youth of the world. That there are veteran humorists cannot be denied. But what is most successful today is the fresh, crackling wit of youthful minds. Since this is so, then, why not encourage it in the most logical place? Why not introduce courses into the college curriculum? That the students have a capacity for humor is evident from the "wise-cracks" that are passed around in class, from the puns that are made in regular conversation, from the "tall stories" that are narrated in "bull sessions." The benefits of such courses, we think, are likewise evident. They would equip the student for one of the most lucrative fields of employment. And what else is the purpose of college education if not to equip one for future life?

YOU OUGHT TO KNOW

WINTER has made a personal appearance on the campus and sent most of us scurrying to our dorms to escape his blood congealing breath. Last Friday had the distinction of being the coldest day in the history of the college. The temperature was approximately 20 below—which is plenty cold! Although the New Englanders were inclined to scoff and pass it off as just another day, they didn't fool anyone. Their ears and noses were just as frostbitten as the next person's.

To some is given the faculty, fortunate or the converse, as you will, of making the news print time and again. Russ Marcouse is just such a person. Now it comes to our ears of a two-cent check a lady friend sent him. She sent it after a conversation with Perry Frank who told her that Russ didn't call her up because he lacked the necessary nickel. The girl friend being of a magnanimous nature promptly dispatched a two-cent check to Russ as something to build on.

The junior class, as yet, is undecided whether or not blazers will be in this year. At the last class meeting President John Hoey reported an unseemly rise in their prices. This, plus impecunious pocketbooks presage, and weightily, a Junior Week conspicuous for its absence of the traditional blazer. What will happen to the Blazer Ball if this forecast is true?

The Turf and Tinsel Club is having its troubles these days rounding up a sufficient number of male chorines to do those dances that were the cause of most of the sidestitches suffered at last year's show. Gracefulness and a sylph-like figure must be something you haven't got to qualify for this chorus.

Intra-mural swimming Wednesday night, though unmarked by a large audience was successful. It had its periods of tensity and excitement as well as its occasions for laughter. These meets should be continued in the future just as Ed Cottrell should seek to improve himself in the backstroke.

The frosh basketball game with Temple, Tuesday, in its combination of the serious with the frivolous was paradoxical. The efforts of the players went from the ridiculous to the sublime, and vice versa. A magnificent interception would bring the audience to its feet only to have it fall back in a spasm of laughter when the interceptor, in great haste starting for the basket, would stumble over his own feet and end up sprawled on the floor. However, it was a game that Villanova shall ever be proud to win.

Charlie McGee, the man of many enterprises, bemoans the labor and bother wasted last week renting formal wear. Four hard days of work netted him a little over a dollar, which wouldn't have been so bad if he didn't, from his own pocket, have to make up the money on a reneged high hat order. Ten cents isn't a sizeable profit for four days work, and he can hardly be censured for the imprecations made on one "Whitey" Randour.

COLLEGIATE NEWSREEL

A STUDENT at Holy Cross College was recently asked by his political science prof as to what the U. S. Government was doing to preserve wild life in America, to which the young lad brightly replied, "They repealed the Eighteenth Amendment."

* * *

Two lay professors at Notre Dame decided to enroll in the University Law School. They seemed to have been enjoying the course immensely until one day the law professor called on one of them for a case. The student professor hemmed and hawed a bit, and then: "I'm not prepared," he said.

* * *

The definition of a professor, by a professor: "A professor is a man who learns more and more about less and less until he can tell you nothing about anything."

* * *

This is supposed to be an example of sunny California wit: "Upon noticing the notice, 'Dates assigned for English exams,' a University of California student remarked, 'There are hardly any more functions here, to which a gentleman can go stag.'"

* * *

Only a woman could get away with this and live! A co-ed from the University of Texas signaled a passing trolley. The motorman dutifully obliged. Then the young lady nonchalantly placed one dainty foot on the step, tied her shoe lace, thanked the conductor and walked away. The jury recommended mercy.

* * *

If students at the U. of California make grades of A, they receive a $5 rebate on their tuition.

* * *

The belief on the part of many that they can do their best work after having had "a little drink" was shown to be erroneous in a series of experiments recently conducted at Cornell. We should have liked to have been present at the experiments.

* * *

Because college petters parked their cars before his home, a professor at N. Y. U. asked trustees of his suburban home not to have snow removed from the roads so that he could spend some peaceful evenings.

* * *

In England there is a college with a faculty of 40 professors, although the student enrollment is never over 18.

* * *

American writers, states Dr. John Ransom, professor at Vanderbilt University, have the brains and the ability to become great writers, but they work too fast, too hurriedly, and are too slipshod.

* * *

Butler University, the pioneer in a course in marriage, is now offering a course in the art of staying married.

* * *

A professor at the University of Columbia has designed a device that flashes a lurid "Welcome" to those students who are tardy.

* * *

Some of our pre-meds might like to say this some day, "I'm cutting class now," said the medical expert as he operated on the millionaire heiress.

---- Dial-Log ----

JUST IN passing, we notice Connie Boswell replaces Irene Taylor with the Camel Caravan on February 13; Bing Crosby was more excited about shooting a 74 at the Lakeview Golf Club, in Los Angeles, than about rescuing the club manager and secretary, tied up by bandits, when he returned to the club house; the Mills Brothers will sail for London after they complete two more pictures; Joe (Last Round-Up) Morrison has left George Olsen and has gone to Hollywood to make a movie; Wes Vaughan, formerly with Guy Lombardo and Ted Weems, will vocalize with Freddy Martin; Enoch Light sounded much better "in person" than he does over the radio; Ted Fiorito's hands are insured for $300,000; Ed Wynn, for a very special reason, had his car licensed in New Jersey. His tag reads 8-0000. Graham MacNamee will be glad to hear that the Chief has forsaken his horse.

Last week seems to have been a big week for the junior class in many colleges. For their Junior Prom St. Bonaventure's College presented Dick Fiddler and His Orchestra; Creighton University had Jimmy Joy; Notre Dame danced to Ted Weems; Catholic University enjoyed Jacques Renard, and the Dorsey Brothers set the tempo at Boston College. This Friday Bucknell offers Ozzie Nelson and his dandy aggregation, while Claude Hopkins has been booked for the Sophomore Hop at Penn State.

And now for the broadcasts: Next Sunday night Eddie Cantor will be heard from Florida and Rubinoff from New York on that coffee hour; Colonel Stoopnagle and Budd will join the Casa Loma orchestra beginning tonight at 10 P. M.; Henry Burbig and his Rhythm Boys have teamed up and present an amusing 15 minutes every Monday, Wednesday and Friday at 6.45 P. M. over WEAF; Frank Buck will be the guest artist on the Waring program on Thursday evening.

If last week's recommendations proved satisfactory here is another one which you may enjoy. Forsake Ed Wynn and Eddie Duchin on Tuesday at 9.30 and listen to the Eton Boys backing up Mildred Bailey. When George Jessel interrupts, you can turn the dial to the Chief or Duchin. Speaking of recommendations, we recommend that the networks get together and quit presenting Waring's Pennsylvanians, Eddie Duchin and the Showboat all at the same time on Thursday night.

The Salt-Shaker

CATHOLIC EDUCATION—A PROBLEM

HERBERT SPENCER said that education is the preparation for complete living. Most people agree to this readily enough, but they sharply disagree on what complete living is.

For the Catholic it is the full development of all the powers latent in the individual—of body, mind and soul. Knowing as he does that God has set Himself as the end and purpose of living, he sets the development of the moral man above the merely physical or intellectual. In proof of this conviction, of his own free will, he spends annually millions of dollars. His public school taxes he must pay; but as he cannot, in conscience, send his children to the public school unless the only alternative is no education at all, he maintains his own schools. In these they get all the public school could offer them, plus the necessary religious training.

But the Catholic further believes that the state is doing him an injustice in thus making him contribute to the support of schools he cannot in conscience use. His protest has not hitherto been very loud—almost inaudible in fact. The bull of public opinion was hard enough to withstand when infected by the A. P. A. and kindred diseases, and that was no time to wave such a red flag before him. But now those days are gone forever, we hope. It is time to insist that he and his institutions are not alien and merely to be tolerated by the State, but an intrinsic and constitutive part of it. There are those who think the state is the supreme authority on earth, and its acts and laws final, and not amenable to a higher tribunal. It dictates what its slaves (they are no better) shall have, and how much, and they must humbly accept or do without. But all right-minded men revolt at such a concept of the state. Rather,they think, the state is ordained for the good of its individual constituents and is bound before God to respect their rights.

The right to educate belongs, in the first place, to the parents alone. But as often they are unable to perform their duty perfectly in this matter personally, the schools to which they send their children share their fights. Then, as the proper education of children is important to the state also, it has certain rights in the school—to see that it conforms to the health laws, that it teaches no revolutionary doctrines, etc. And because an educated citizenry is the state's best asset, it may legislate universal compulsory education, and levy taxes to pay for it. But it cannot violate the more fundamental right of the parent to have his offspring educated as he wishes or force him to send them to the state school.

But how, practically, to right the great injustice Catholics suffer in this country, is a thorny problem. To let the country know our grievances and the redress that is due us and trust to the national conscience is the first step; all are agreed on that. But if state aid is ever granted to Catholic schools, it is natural that the state will demand certain rights of inspection and supervision. How far concessions should be made in this direction all Catholics are not agreed. But one can always point to the precedent the Church has set in the great concessions she has been able to make with consistency in many European countries — in Germany, e. g., where even the seminaries are state-controlled, and the Government is not particularly friendly toward the Church.

Whatever may be the final stand taken on this question by the Catholic leaders and bishops, there is every reason to press our case before the public, leaving its solution and the manner of it in the hands of God.

ENGINEERING BOOK TO BE DISTRIBUTED DURING NEXT WEEK

Special Article Is Written by Prof. August Kunzenbacher on Phases of Chemistry

WAR GASES AND FLOODS IN AFRICA ARE NARRATED

Possibility of Pleasure-Type Publicly Owned Planes Is Announced

The Villanova Engineer will come out the week of February 19th with two feature stories. August K. Kunzenbacher, professor of chemistry, has written an article entitled "The Various Phases of Chemistry." In this short resume of chemistry, Prof. Kunzenbacher relates the different wonders of this science and their value to man.

The second article, written by John Micklos, former editor of the magazine, is entitled "Why Blame Science." It is the opinion of most people that modern science has caused considerable trouble. In this essay, Micklos points out why science progressed in such an astounding fashion.

In addition to these articles Thomas Fitzpatrick discusses the numerous gases used in the World War. Roberts Bouson has an article on floods in Africa and the dangers of a dam bursting in these parts. This story should be of great interest to all because these floods occur quite frequently, and due to the fact that they take place in such a remote section of the world we do not hear of them very often. Bouson brings in this article a few noteworthy facts about the conditions that exist, and the ways in which a flood of this sort is usually checked.

Letter Is Printed

A letter has been received by the business manager from the Bureau of Aeronautics of Commerce, in Washington, stating that the Government has taken steps to finance the building of some new $700 Ford pleasure planes for the public to buy. However, before loaning a half million dollars to an airplane factory, a committee investigated the feasability of the plan, and after doing some considerable amount of questioning a report was sent in to the Bureau approving this suggestion. Production of these planes is now well under way and a number of them should be completed in a short time. This letter will be printed in the magazine. At the present time the engineers are planning to form a basketball league of their own. The magazine will have full details on this new sport development and games will be scheduled for the near future.

Gleanings

Did you know that: We have it on good authority that Art Hart impressed Alice more than a little after the Temple game by carrying her more than 50 yards through the snow? . . . The telephone company gets considerable revenue from the calls Tom Delaney frequently receives from Vassar? . . . It's almost too easy to crash the dances after the basketball games? . . . It does the old heart good to see Joe Fitzhenry back again? . . . Three seniors are considering the formation of a "Veterans' Club"? . . . The L. K. D. spring dance should attract many because of the low tax? . . . The newest trend in shirts is away from the tab collar and toward the adoption of these new button-down collars? . . . The chairmen of one of the most important junior committees is a junior in name only? . . . The real head of one of the classes is the president of last year, and not the incumbent officer as you might propery believe? . . .

Also, a tune recently added to the Follies, "Wagon Wheels," will probably have a long and very audible life? . . . Should you wish to impress your o. & o. more than you already have, take her to the Cafe Margueray to be dazzled? . . . Those people who keep so quiet usually do so because they can't find anything to say? . . . Walt Alessandroni is still calling the same old phone number after all these years? . . . Chicago is not the only place, by any manner of means, where rackets exist? . . . That extensive and vociferous argument you probably heard in the Pie Shoppe last week was about heredity? . . . All the boys were wishing that they could cut in on Charlie Nowe at the Temple game dance? . . . Plenty of the slide rule boys were forced to drop their outside activities due to the ever present bogey of marks? . . . One of the most prominent of the Philadelphia sports writers was forced to use his knee as a desk during the Temple game?

—the abc of pipe tobacco

The best tobacco for pipes comes from Kentucky . . and it's called "White Burley"

WE use White Burley in making Granger Rough Cut. It comes from the Blue Grass region of Kentucky—ripe, mild leaf tobacco that just about tops them all for fragrance and flavor.

From the right place on the stalk we select the kind that's best for pipes. Then we make it into Granger by Wellman's Method and cut it up into big shaggy flakes.

White Burley tobacco—made the way old man Wellman taught us how to make it—that's Granger.

"Cut rough to smoke cool" is the way pipe smokers describe Granger—try it

a sensible package
10 cents

Granger Rough Cut

the pipe tobacco that's MILD
the pipe tobacco that's COOL
—folks seem to like it

BALL IS ACCLAIMED HIGHLY SUCCESSFUL

Continued From Page One

point of both music and entertainment.

Booths Constructed

The gymnasium was very tastefully decorated. In addition to the false ceiling and kaleidoscopic lighting effects, there were also private booths, which were placed along the side of the dance floor. They were reserved for the exclusive use of the members and friends of the senior class.

The complimentary favors which were presented at the ball were of an attractive and practical nature. Each couple that attended the dance was the recipient of a handsome set of book-ends, which were made of a dark blue leather and bore the inscription, "Belle Air Ball."

The committee responsible for the success of the first formal dance of 1934 was headed by Donald Redington, a senior in the School of Commerce and Finance. Assisting Redington on the committee were Louis Abbate, Joseph Carroll, Frank Kernan, George Randour, John Derby, Robert Craig, William Hines, Harry Lieberman, Alfred Gagliardi, James Migliore, James Gallagher, Charlie McGee and Raymond Harter.

Jerseyites to Meet

The regular monthly meeting of the North Jersey Club will be held Thursday evening in Room 210 Mendel Hall immediately after chapel. Plans for the Easter dance will be discussed. Hence, all members are requested to attend.

Saturday at 1.45 P. M., Eastern Standard Time, over Red and Blue Networks, of NBC. LUCKY STRIKE will broadcast the Metropolitan Opera Company of New York in the complete opera, "FAUST."

GOOD TASTE—YOU CAN'T MISS IT

Luckies' finer smoother taste comes from the finest Turkish and domestic tobaccos. We use only the center leaves for they are the mildest, most tender leaves. And every Lucky is so round, so firm, so fully packed.

Always the Finest Tobacco and only the Center Leaves

NOT the top leaves—*they're under-developed—they are harsh!*

The Cream of the Crop
"The tenderest, mildest, smoothest tobacco"

NOT the bottom leaves—*they're inferior in quality—coarse and always sandy!*

Sideline Slants

By the Sports Editor

DOC Jacobs' boys pulled the unexpected Tuesday night and gave our future opponents, including Duquesne, plenty to think about. To say that their victory was unexpected by the many is to put it mildly, but no one can say that it was not deserved. Basketball is on the upgrade at Villanova, and has increased its popularity, not only with the students, but with outsiders as well until the stands are well filled at all our home games. "Doc" has done a remarkable job in moulding the team this year. It may be said by some that the team is a natural and that with the material no coach should fail in turning out a representative squad. Such statements do not conform to the good sense of ordinary people. Take, for example, the 1933 football team at Notre Dame. The material was on hand, but the squad lacked that essential something. Perhaps the coach was not at fault, but the team failed to win games. The fight displayed by a championship aggregation, and the harmony was missing. Our present quintet has fight and, we hope, the harmony of a first-class team. In our desire to praise a team, both individually and collectively, we sometimes forget the person behind the team. The brain that holds it together is the essential quality that makes it go.

* * *

WHILE we are on the subject of last Tuesday, we can't forget the Frosh. A 22-21 victory over a quintet that had eight straight to its credit is something to boast about. We were agreeably surprised and perhaps a trifle dumbfounded when the final whistle blew and the Kittens were in the van by one point. Somehow, the freshman basketball team reminds us of the present track team. When the current year started it was the general opinion that the two would be dismal failures, but the course of supposed events has turned, and we find that they have exceeded our expectations. The question now stands, whether or not they can keep up the good work. Certainly the quintet will not meet any stiffer competition than the Temple Frosh, while the track team met some of the best runners in the South, and almost triumphed.

* * *

INCIDENTALLY that showing that the cinderpathers made at West Virginia was most commendable. Pitt arrived at the meet with a squad of 29 men and Michigan State with over 20. The Wildcats arrived in one carload. Four men and a coach. Yet when the final scores were tabulated, it was found that Pitt had eked out the team prize by two points over our team, and the Wildcats with four men beat Michigan State. We can't ask for any more than that.

* * *

THE only defeat suffered by a Villanova team in the past week, was the triumph which the Philadelphia College of Osteopathy scored against our first swimming team. Villanova failed to garner a first place, yet it was the first appearance of an Osteopathy team in swimming circles. There is a reason for this, and simply stated it means that Coach Gill has not received the co-operation that is due him. With a student enrollment considerably larger than that of our opponents, we should have been able to muster a better team than they sported. We have our own pool. They have to travel some distance to practice. The morale is that the team, because it is new, should receive more co-operation than it has been.

* * *

SATURDAY night's game with Ursinus should provide a "breather" for what will probably be the toughest game of the season on next Monday evening. Duquesne will provide stiffer competition than any team the varsity has met thus far. The Dukes defeated the strong Pitt quintet which was the first team to defeat the Notre Dame outfit in 22 games. Duquesne did drop a second contest with the Panthers and bowed to the Westminster College five, but the Villanova varsity will be extended to the limit to snatch victory from the Smoky City outfit.

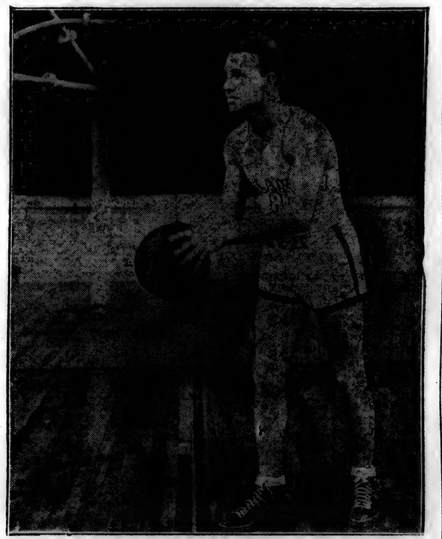
TEMPLE NOSED OUT, 20 TO 19

Stellar Guard of Wildcat Quintet



Johnny Shevlin, whose two last-minute field goals helped the Wildcat basketball team to defeat Temple last Tuesday in a thrilling 20 to 19 battle. Shevlin was high scorer with eight points.

Villanova Earns Victory In Final Minutes of Play

John Shevlin's Field Goals Decide Winner After Teams Battle on Even Terms Throughout Entire Game

GERAGHTY IS OUTSTANDING STAR

THE VILLANOVA quintet, playing host to the Temple five in the first contest of their home-and-home series for the current season, once more defeated the Owls' representatives in a thrilling game, 20-19.

The game had been comparatively slow until the last five minutes, but those few minutes left the crowd figuratively hanging on the ropes. The game appeared to be a contest between two great teams, each one respecting the stamina and scoring ability of the other, and each one wary of giving its opponent a scoring opportunity. Then, with about four minutes to play, Johnny Shevlin broke loose and scored two difficult field goals.

Villanova Scores First

Villanova put the ball in play from the first tap-off. The Blue and White players rushed the ball up the floor and after much close passing beneath the basket, an attempted goal rebounded from the backboard into Temple's possession. However, a poor pass was recovered by Hurley and a trick half-spin, Geraghty to Barry, resulted in a field goal from side-court. Rosan scored a foul shot, and Shevlin sank a field goal within the next minute. Torpey, tall center for the Wildcats, completely blocked and retained possession of the ball on an attempted goal.

The wariness of both teams was apparent, and the crowd was shouting for action. Geraghty dribbled the ball almost the entire length of the court, and embellished his work with two complete spinners almost beneath the basket in an attempt to get a clear shot. It was also apparent that Villanova was getting more shots, but that all of them were hitting the rim.

Temple Leads, 13-11

For the balance of the first half all the scoring resulted from foul shots, with only three goals between the two teams. Rosan made a field goal from mid-court, a beautiful long shot that whipped the cords without touching the rim. "Pop" Travers, a substitute for Barry in the closing minutes of the half, passed to Torpey beneath the basket for another goal. Temple led at halftime, 13-11.

The second half was also slow in the beginning, and was marked by both teams losing the ball while playing beneath their own baskets. Later checking-up revealed that long passes by the Villanova players were not completely accurate due to the close guarding by their opponents, and the difficulty in finding an open space on the floor.

Sweeney Sinks Fouls

Jocko Hurley made what proved to be the flashiest shot of the entire game when he raced in from the side court and sank a beautiful, one-hand overhead spin shot that curled the rim twice before dropping through. Sweeney, a substitute center for Villanova early in the third quarter, made good on both shots of a double foul and put Villanova ahead by a point for the first time since the end of the first quarter.

Then the pace quickened, and the guarding tightened up. The passing became noticeably harder and more accurate and the Villanova team, sensing victory, rushed in to make the killing, and the Temple team strove to regain the lead. Geraghty was knocked on the floor

TRACK TEAM TAKES TWO FIRST PLACES

Fenstemacher Wins 70-Yard Dash in 7.3 Sec.; Elliott Second in Half-Mile

MORGANTOWN, West Va., Feb. 10.—Four leading members of the Villanova track team journeyed here and covered themselves and the name of Villanova with more than their share of glory. The four men competed in five events and earned two first places, two seconds and a third place. The quartet finished second in the team scoring, first place going to the Pitt team, which had a squad of 29 men entered in the University of West Virginia Indoor Track Carnival. Third place in the team scoring honors was taken by Michigan State, who had more than 20 entrants.

Carl Hickey was the outstanding member of the quartet, annexing first place in the broad jump with a leap of 21 feet 6 inches and second place in the pole vault at 12 feet.

Fenstemacher Wins

Joe Fenstemacher, the Villanova captain, led the field in the 70-yard dash covering the distance in 7.3 seconds.

Jim Elliott, competing in a thrilling half-mile run, was beaten out by a mere six inches by Otto Ponsgrace, who finished third in the intercollegiates last fall.

Alex Kramer, the fourth member of the squad joined his teammates to make up a medley relay team. The team competed against some of the best relay teams in that part of the country and after a strenuous afternoon finished in third place. Kramer started the event by running three laps, Hickey then took the baton for one turn around the track, number three position was upheld by Joe Fenstemacher with Jim Elliott running the last four laps. Michigan State won the event with Pitt second, Villanova third, Penn State fourth and West Virginia in fifth.

Nine Medals Taken

Nine medals were the results of the strenuous afternoon, two were awarded to Carl Hickey for his individual performances and one each to Fenstemacher and Elliott with each man on the relay team receiving an award for third place.

With four such Trojans as these as a nucleus Villanova should give a good account of itself on the cinderways this season.

Osteopathy Defeats 'Cats In First Swimming Meet

Villanova Fails to Get a First Place; Score, 40-19

WHITE IS STAR

The Villanova mermen opened their 1934 campaign Saturday night and suffered defeat at the hands of the swimmers from the School of Osteopathy in Philadelphia. The splashers from the city held too much speed for the Main Liners and took every first place, consequently winning the meet with little trouble and scoring 40 points to their opponents' 19.

The Osteopathy mermen showed a versatile array of swimmers who had plenty of speed in the dashes and great form in the diving events. The four members of the victorious relay team each took at least one other first place.

The victors had two iron men in Si Lubin and Ray Spanger. The former not content with being a member of the winning relay team took first honors in the 40 and the 100-yard free-style events. The latter first took the diving honors, then proceeded to outdistance the rest in the 80-yard breaststroke.

White Takes Honors

Villanova's best bet was Harry White, who stole the individual honors at the intra-mural swimming practice last week. He placed second in the 40 and 220-yard free style. Jack Hosey, a freshman day student, put up a great battle in the 80-yard backstroke, but his older rival, George, from the School of Osteopathy, won out. Walt Coyle, the captain-elect of the 150-pound football team, placed second in the 100-yard free style, and Paul Loughlin did likewise in the 80-yard breaststroke.

The summary:

160-yard relay: First, Osteopathy (G. George, Ray Spanger, Charles Norton, Si Lubin). Time: 1.25 1-5; second, Villanova (J. McGee, W. Hines, J. Hosey, H. White).

Diving: First, Jack Hexter, Osteopathy, 29 points; second, Ray Spanger, Osteopathy, 25; third, James Downey, Villanova, 23 points.

40-yard free style: First, Si Lubin, Osteopathy; second, H. White, Villanova; third, C. Meyer, Osteopathy. Time: 20 4-5 seconds.

80-yard backstroke: First, G. George, Osteopathy; second, Hosey, Villanova; third, N. Ostroff, Osteopathy. Time: 1.29 9-10 min.

220-yard free style: First, C. Norton, Osteopathy; second, White, Villanova; third, Foley, Villanova. Time: 2.50 2-10 min.

80-yard breaststroke: First, Spanger, Osteopathy; second, Loughlin, Villanova; third, O'Hara, Villanova. Time: 1.01 2-10 min.

100-yard free style: First, Lubin, Osteopathy; second, Coyle, Villanova; third, McGee, Villanova. Time: 61 sec.

SQUAD STARTS WORKOUTS IN PHYSICAL TRAINING

Head Coach Stuhldreher Supervises Exercises Which Consist of Calisthenics and Passing

Physical training preliminary to spring football practice began on last Monday, under the tutelage of Coach Harry Stuhldreher.

This training program is an innovation this year, in order to have the players fit and limber for the more serious outdoor practice sessions in the spring. The program consists solely of calisthenics and instruction in the proper method of throwing a forward pass.

The Villanova system of forward passing, developed by Coach Stuhldreher, is one that to be effective must be standardized. It is the purpose of this training program to teach more fully the proper method of throwing a pass, as most of last year's frosh team were entirely unacquainted with the style devised by Stuhldreher, and it is his aim to teach the first-year men his system.

The regular spring practice for the 1934 football season is expected to start as formerly about March 15.

BALL IS ACCLAIMED HIGHLY SUCCESSFUL

Continued From Page One

point of both music and entertainment.

Booths Constructed

The gymnasium was very tastefully decorated. In addition to the false ceiling and kaleidoscopic lighting effects, there were also private booths, which were placed along the side of the dance floor. They were reserved for the exclusive use of the members and friends of the senior class.

The complimentary favors which were presented at the ball were of an attractive and practical nature. Each couple that attended the dance was the recipient of a handsome set of book-ends, which were made of a dark blue leather and bore the inscription, "Belle Air Ball."

The committee responsible for the success of the first formal dance of 1934 was headed by Donald Redington, a senior in the School of Commerce and Finance. Assisting Redington on the committee were Louis Abbate, Joseph Carroll, Frank Kernan, George Randour, John Derby, Robert Craig, William Hines, Harry Lieberman, Alfred Gagliardi, James Migliore, James Gallagher, Charlie McGee and Raymond Harter.

Jerseyites to Meet

The regular monthly meeting of the North Jersey Club will be held Thursday evening in Room 210 Mendel Hall immediately after chapel. Plans for the Easter dance will be discussed. Hence, all members are requested to attend.

GOOD TASTE—YOU CAN'T MISS IT

Luckies' finer smoother taste comes from the finest Turkish and domestic tobaccos. We use only the center leaves for they are the mildest, most tender leaves. And every Lucky is so round, so firm, so fully packed.

NOT the top leaves—*they're underdeveloped—they are harsh!*

The Cream of the Crop
"The tenderest, mildest, smoothest tobacco"

NOT the bottom leaves—*they're inferior in quality—coarse and always sandy!*

Always the Finest Tobacco and only the Center Leaves

Sideline Slants

By the Sports Editor

DOC Jacobs' boys pulled the unexpected Tuesday night and gave our future opponents, including Duquesne, plenty to think about. To say that their victory was unexpected by the many is to put it mildly, but no one can say that it was not deserved. Basketball is on the upgrade at Villanova, and has increased its popularity, not only with the students, but with outsiders as well until the stands are well filled at all our home games. "Doc" has done a remarkable job in moulding the team this year. It may be said by some that the team is a natural and that with the material no coach should fail in turning out a representative squad. Such statements do not conform to the good sense of ordinary people. Take, for example, the 1933 football team at Notre Dame. The material was on hand, but the squad lacked that essential something. Perhaps the coach was not at fault, but the team failed to win games. The fight displayed by a championship aggregation, and the harmony was missing. Our present quintet has fight and, we hope, the harmony of a first-class team. In our desire to praise a team, both individually and collectively, we sometimes forget the person behind the team. The brain that holds it together is the essential quality that makes it go.

* * *

WHILE we are on the subject of last Tuesday, we can't forget the Frosh. A 22-21 victory over a quintet that had eight straight to its credit is something to boast about. We were agreeably surprised and perhaps a trifle dumbfounded when the final whistle blew and the Kittens were in the van by one point. Somehow, the freshman basketball team reminds us of the present track team. When the current year started it was the general opinion that the two would be dismal failures, but the course of supposed events has turned, and we find that they have exceeded our expectations. The question now stands, whether or not they can keep up the good work. Certainly the quintet will not meet any stiffer competition than the Temple Frosh, while the track team met some of the best runners in the South, and almost triumphed.

* * *

INCIDENTALLY that showing that the cinderpathers made at West Virginia was most commendable. Pitt arrived at the meet with a squad of 29 men and Michigan State with over 20. The Wildcats arrived in one carload. Four men and a coach. Yet when the final scores were tabulated, it was found that Pitt had eked out the team prize by two points over our team, and the Wildcats with four men beat Michigan State. We can't ask for any more than that.

* * *

THE only defeat suffered by a Villanova team in the past week, was the triumph which the Philadelphia College of Osteopathy scored against our first swimming team. Villanova failed to garner a first place, yet it was the first appearance of an Osteopathy team in swimming circles. There is a reason for this, and simply stated it means that Coach Gill has not received the co-operation that is due him. With a student enrollment considerably larger than that of our opponents, we should have been able to muster a better team than they sported. We have our own pool. They have to travel some distance to practice. The morale is that the team, because it is new, should receive more co-operation than it has been.

* * *

SATURDAY night's game with Ursinus should provide a "breather" for what will probably be the toughest game of the season on next Monday evening. Duquesne will provide stiffer competition than any team the varsity has met thus far. The Dukes defeated the strong Pitt quintet which was the first team to defeat the Notre Dame outfit in 22 games. Duquesne did drop a second contest with the Panthers and bowed to the Westminster College five, but the Villanova varsity will be extended to the limit to snatch victory from the Smoky City outfit.

TEMPLE NOSED OUT, 20 TO 19

Villanova Earns Victory In Final Minutes of Play

John Shevlin's Field Goals Decide Winner After Teams Battle on Even Terms Throughout Entire Game

GERAGHTY IS OUTSTANDING STAR

THE VILLANOVA quintet, playing host to the Temple five in the first contest of their home-and-home series for the current season, once more defeated the Owls' representatives in a thrilling game, 20-19.

The game had been comparatively slow until the last five minutes, but those few minutes left the crowd figuratively hanging on the ropes. The game appeared to be a contest between two great teams, each one respecting the stamina and scoring ability of the other, and each one wary of giving its opponent a scoring opportunity. Then, with about four minutes to play, Johnny Shevlin broke loose and scored two difficult field goals.

Villanova Scores First

Villanova put the ball in play from the first tap-off. The Blue and White players rushed the ball up the floor and after much close passing beneath the basket, an attempted goal rebounded from the backboard into Temple's possession. However, a poor pass was recovered by Hurley and a trick half-spin, Geraghty to Barry, resulted in a field goal from side-court. Rosan scored a foul shot, and Shevlin sank a field goal within the next minute. Torpey, tall center for the Wildcats, completely blocked and retained possession of the ball on an attempted goal.

The wariness of both teams was apparent, and the crowd was shouting for action. Geraghty dribbled the ball almost the entire length of the court, and embellished his work with two complete spinners almost beneath the basket in a attempt to get a clear shot. It was also apparent that Villanova was getting more shots, but that all of them were hitting the rim.

Temple Leads, 13-11

For the balance of the first half all the scoring resulted from foul shots, with only three goals between the two teams. Rosan made a field goal from mid-court, a beautiful long shot that whipped the cords without touching the rim. "Pop" Travers, a substitute for Barry in the closing minutes of the half, passed to Torpey beneath the basket for another goal. Temple led at halftime, 13-11.

The second half was also slow in the beginning, and was marked by both teams losing the ball while playing beneath their own baskets. Later checking-up revealed that long passes by the Villanova players were not completely accurate due to the close guarding by their opponents, and the difficulty in finding an open space on the floor.

Sweeney Sinks Fouls

Jocko Hurley made what proved to be the flashiest shot of the entire game when he raced in from the side court and sank a beautiful, one-hand overhead spin shot that curled the rim twice before dropping through. Sweeney, a substitute center for Villanova early in the third quarter, made good on both shots of a double foul and put Villanova ahead by a point for the first time since the end of the first quarter.

Then the pace quickened, and the guarding tightened up. The passing became noticeably harder and more accurate and the Villanova team, sensing victory, rushed in to make the killing, and the Temple team strove to regain the lead. Geraghty was knocked on the floor

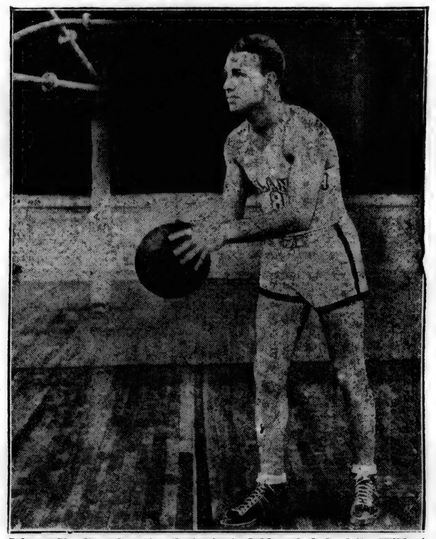
Stellar Guard of Wildcat Quintet



Johnny Shevlin, whose two last-minute field goals helped the Wildcat basketball team to defeat Temple last Tuesday in a thrilling 20 to 19 battle. Shevlin was high scorer with eight points.

Osteopathy Defeats 'Cats In First Swimming Meet

Villanova Fails to Get a First Place; Score, 40-19

WHITE IS STAR

The Villanova mermen opened their 1934 campaign Saturday night and suffered defeat at the hands of the swimmers from the School of Osteopathy in Philadelphia. The splashers from the city held too much speed for the Main Liners and took every first place, consequently winning the meet with little trouble and scoring 40 points to their opponents' 19.

The Osteopathy mermen showed a versatile array of swimmers who had plenty of speed in the dashes and great form in the diving events. The four members of the victorious relay team each took at least one other first place.

The victors had two iron men in Si Lubin and Ray Spanger. The former not content with being a member of the winning relay team took first honors in the 40 and the 100-yard free-style events. The latter first took the diving honors, then proceeded to outdistance the rest in the 80-yard breaststroke.

White Takes Honors

Villanova's best bet was Harry White, who stole the individual honors at the intra-mural swimming practice last week. He placed second in the 40 and 220-yard free style. Jack Hosey, a freshman day student, put up a great battle in the 80-yard backstroke, but his older rival, George, from the School of Osteopathy, won out. Walt Coyle, the captain-elect of the 150-pound football team, placed second in the 100-yard free style, and Paul Loughlin did likewise in the 80-yard breaststroke.

The summary:

160-yard relay: First, Osteopathy (G. George, Ray Spanger, Charles Norton, Si Lubin). Time: 1.25 1-5; second, Villanova (J. McGee, W. Hines, J. Hosey, H. White). Diving: First, Jack Hester, Osteopathy, 29 points; second, Ray Spanger, Osteopathy, 25; third, James Downey, Villanova, 23 points.

40-yard free style: First, Si Lubin, Osteopathy; second, H. White, Villanova; third, C. Meyer, Osteopathy. Time: 20 4-5 seconds.

80-yard backstroke: First, G. George, Osteopathy; second, Hosey, Villanova; third, N. Ostroff, Osteopathy. Time: 1.29 9-10 min.

220-yard free style: First, C. Norton, Osteopathy; second, White, Villanova; third, Foley, Villanova. Time: 2.50 2-10 min.

80-yard breaststroke: First, Spanger, Osteopathy; second, Loughlin, Villanova; third, O'Hara, Villanova. Time: 1.01 2-10 min.

100-yard free style: First, Lubin, Osteopathy; second, Coyle, Villanova; third, McGee, Villanova. Time: 61 sec.

TRACK TEAM TAKES TWO FIRST PLACES

Fenstemacher Wins 70-Yard Dash in 7.3 Sec.; Elliott Second in Half-Mile

MORGANTOWN, West Va., Feb. 10.—Four leading members of the Villanova track team journeyed here and covered themselves and the name of Villanova with more than their share of glory. The four men competed in five events and earned two first places, two seconds and a third place. The quartet finished second in the team scoring, first place going to the Pitt team, which had a squad of 29 men entered in the University of West Virginia Indoor Track Carnival. Third place in the team scoring honors was taken by Michigan State, who had more than 20 entrants.

Carl Hickey was the outstanding member of the quartet, annexing first place in the broad jump with a leap of 21 feet 6 inches and second place in the pole vault at 12 feet.

Fenstemacher Wins

Joe Fenstemacher, the Villanova captain, led the field in the 70-yard dash covering the distance in 7.3 seconds.

Jim Elliott, competing in a thrilling half-mile run, was beaten out by a mere six inches by Otto Ponsgrace, who finished third in the intercollegiates last fall.

Alex Kramer, the fourth member of the squad joined his teammates to make up a medley relay team. The team competed against some of the best relay teams in that part of the country and after a strenuous afternoon finished in third place. Kramer started the event by running three laps, Hickey then took the baton for one turn around the track, number three position was upheld by Joe Fenstemacher with Jim Elliott running the last four laps. Michigan State won the event with Pitt second, Villanova third, Penn State fourth and West Virginia in fifth.

Nine Medals Taken

Nine medals were the results of the strenuous afternoon, two were awarded to Carl Hickey for his individual performances and one each to Fenstemacher and Elliott with each man on the relay team receiving an award for third place.

With four such Trojans as these as a nucleus Villanova should give a good account of itself on the cinderways this season.

SQUAD STARTS WORKOUTS IN PHYSICAL TRAINING

Head Coach Stuhldreher Supervises Exercises Which Consist of Calisthenics and Passing

Physical training preliminary to spring football practice began on last Monday, under the tutelage of Coach Harry Stuhldreher.

This training program is an innovation this year, in order to have the players fit and limber for the more serious outdoor practice sessions in the spring. The program consists solely of calisthenics and instruction in the proper method of throwing a forward pass.

The Villanova system of forward passing, developed by Coach Stuhldreher, is one that to be effective must be standardized. It is the purpose of this training program to teach more fully the proper method of throwing a pass, as most of last year's frosh team were entirely unacquainted with the style devised by Stuhldreher, and it is his aim to teach the first-year men his system.

The regular spring practice for the 1934 football season is expected to start as formerly about March 15.

White Captures Two Wins In Practice Swim Meet

Paul Loughlin, Austin, Triumphs in 50-Yard Race and Diving Contest; Hosey Captures 50-Yard Backstroke

INTRA-MURAL MEET IS POSTPONED

The annual intra-mural swimming meet which was scheduled for last Wednesday had to be postponed due to insufficient time for preparation. The swimmers who usually take part in this meet were not prepared to compete, hence the limited few that appeared prevented the meet from being held. However, a practice swim was held as a warm-up for the coming meet.

The individual star of the evening was without a doubt Harry White, of Austin Hall. He splashed his way into first place in the 50-yard free style, the 100-yard free style, and he swam anchor man on the winning relay team. Next in line for honors came Paul Loughlin, who won the 50-yard breaststroke and the diving events. Jack Hosey, a freshman day hop, won the 50-yard backstroke with ease from O'Hara, another day hop and Cottrell. To round out the evening, after placing second in the 50-yard free style he was number one man on the winning relay team.

Foley Places First

The marathon race of the evening, the 220-yard free style, was taken without any opposition whatsoever by Foley from Austin Hall. O'Hara, having competed in two previous races, could not afford him any competition to speak of, Foley thereby winning by a little over a length and a half. The 100-yard relay topped off the program, with the team composed of Hosey, Downey, Hines and White winning by a hair's breadth from their opponents.

The intra-mural meet will be held in the near future, and it is hoped that more entries will be filed. An added attraction, such as was furnished last year, is to be the feature of the evening. Last year Prof. Gill succeeded in acquiring three former national diving champions to perform for the spectators. This year he intends to duplicate this feature with some other outstanding performers.

The summary of events is as follows:

50-yard free style: (1) White, Austin; (2) Hosey, Day Hop; (3) Hines, Fedigan. Time: 27.4 seconds.

50-yard breast stroke: (1) Loughlin, Alumni; (2) O'Hara, Day Hop. Time: 38.4 seconds.

50-yard backstroke: (1) Hosey, Day Hops; (2) O'Hara, Day Hops; (3) Cottrell, Austin.

100-yard free style: (1) White, Austin; (2) Coyle, Austin; (3) Hines, Fedigan. Time 1 min. 4 sec.

220-yard free style: (1) Foley, Austin; (2) O'Hara, Day Hops. Time 3 min. 11 sec.

100-yard relay—Won by Day Hops: Hones, Hosey, Downey, White. Time 52 sec.

Diving won by Loughlin, 39 points; (2) Downey, 38 points; (3) Coyle, 33 points.

Committee to Meet

A meeting of the members of the committee for the Spring Hop of the Lambda Kappa Delta fraternity will be held tomorrow at 1 o'clock. It is essential that everyone attend.

BOXING TEAM MEETS OWLS, FEBRUARY 23

Leather Pushers Progressing Rapidly Under Tutelage of Coach Joe Foley

Coach Joe Foley, who is leading Villanova's first venture into the field of intercollegiate boxing, is highly optimistic about the prospects of his pupils for the Temple fray on February 23.

Foley has been energetically coaching his proteges in the masterful art of pugilism during the past few weeks, and has recovered from that first discouraging sight of his green material. His recovery is due mainly to the speed with which the hitherto "green 'uns" have adapted themselves to their new undertaking, and are shaping up as "comers."

Candidates Look Good

The leading candidates at the present time for the various weights are: Tom Kennedy, a freshman, in the 115-pound class. In the 125-pound class is Joe "Rebel" Walmeyer, a freshman from Richmond, Virginia.

At the 135 marker, the most experienced man on the squad will hold forth, Freddy Meyer, former captain of Staunton Military Academy's fine team and Southeast Interscholastic champion at his weight a few years back. "Red" Lenzi will carry on his habit of the "ol' fight" in the 145-pounders, ably assisted by Ray "Snatcher" Murphy. Johnny Shevlin will undoubtedly add to his already growing fame as an athlete by taking on comers in the 165-pound regid. Ray Mullen, freshman, is a clever substitute for Shevlin. Charley Cox is the leading light heavyweight on the squad, but is being forced to the utmost to show better form than Tony Sala, another freshman. Ed Michaels was Charley's opponent. Also in the heavyweight division will be big Carroll Cook who is coming around nicely.

The team as a whole is improving rapidly and it will be interesting to note what strides they have made when they exhibit their wares in the series of test matches to be held this Friday night. The Intramurals were originally set for this date but have been put off until the latter part of March.

The meet against Temple will take place on Friday night February 23, and if present tentative plans materialize, will be doubly

Day-Hop Quintets Battle; Mendel Winner, 24 to 22

Walt Korchinski Sets New Scoring Record of 37 Points as Alumni Defeats C&F Day Hops

CY McFADDEN STARS IN TWO GAMES

The second half of the 1933-34 intra-mural basketball league got off to a flying start last week, and from the results of the opening, the second-half race is due to be much closer than the initial frame.

The first-half champions, Alumni Hall, started with a bang by trouncing the oft-beaten C & F Day Hops, 37 to 25. Walter Korchinski set what is probably a new league high-scoring record, accounting for 37 points. Seventeen field goals and three completed foul tries made up the "Blond Flash's" sensational performance.

Cy McFadden was the spark of the Train and Trolley boys with three field goals and a foul.

Day Hops in Close Game

The most sensational and exciting game of the week was waged between the two day hop teams with the final score in favor of the Mendel team reading 24 to 22. Cy McFadden again was the high scorer for the losers and Burt stood out for the winners.

Fedigan Hall, however, made up for the Mendel Day Hops' win and handed them their defeat of the week by a 30 to 16 score. McGonigle, Fedigan center, was the high scorer for his team with four field goals and two fouls out of four tries. Kramer, at forward for the Gigolos, was second high man with nine points. Burt, day hop center, led his team with three field goals.

Austin, 19; Mendel, 10

The Austin-Mendel bout was the low scoring game of the week with the final score being 19 to 10 in favor of the Austinites. O'Prey, of Austin, and Rodman, for the Frosh, shared the scoring honors with three field goals each. At the end of the first half of this game, only seven field goals had been scored by both teams with Austin having a two-point advantage in the scoring. In the second half, however, the Austinites opened up and at the final whistle they had added five more double-deckers and a lone foul. The best Mendel could do was to drop in two twin-pointers.

Alumni, 27; Fedigan, 22

The fifth game of the week was the 27 to 22 contest waged between Alumni and Fedigan. Germak, first-half star of the intra-mural league, led his team in victory with 11 notchers. Five field goals and a foul went toward his total. Kramer tallied the same number of points for the Fedigantes but five of the markers came via the foul line.

At the first half the score stood 15 to 10 in favor of the defending champions and this margin was carried safely through to the end of the game.

The following is a schedule of the games which are to be played this week: Tuesday, Austin vs. Alumni and Mendel vs. Fedigan; Wednesday, 2.30 P. M., C&F Day Hops vs. Austin; 3.45 P. M., Mendel vs. Mendel Day Hops; Thursday, C&F vs. Fedigan at 2.30; Alumni vs. Mendel Day Hops at 3.45; Friday, Austin vs. Mendel Day Hops at 3.45.

Chairman John Hughes has requested that all members of the Intra-Mural Committee be present at his room, 323 Alumni Hall, at 3.45 P. M., today.

Christmas Vacation Dates Are Changed

Continued From Page One

only programs be distributed. This suggestion was made on the grounds that the price of admission could thereby be held down to a more reasonable figure.

Considerable argument followed the proposal, some suggesting that favors be allowed at one dance, for instance, the Junior Prom, and be prohibited at the others. It was finally decided, however, that each organization should put the matter to a vote of its members before its respective function.

Swim Meet Saturday

This Saturday afternoon, the Villanova swimming team will again meet the Osteopathy mermen, and the Villanova team is out to reverse the decision which they received last Saturday evening in Philadelphia.

Many of the men on the campus failed to respond last Saturday, who have been out for the team and it is hoped that during this week they will work out regularly so as to be in condition for the second aquatic encounter.

FR. FRESNO IS ILL

Spanish Professor Operated Upon for Hernial Ailment

Recently, Rev. Basilio F. Fresno, O. S. A., professor of Spanish, had to give up his classes due to a serious illness.

Fr. Fresno was operated on for a hernial ailment last Tuesday, February 6, at St. Agnes' Hospital, Broad and McKean streets, in Philadelphia. Fr. Fresno has stated that he would be greatly pleased to have members of the student body visit him during the time he is in the hospital.

Due to these circumstances the members of the proposed Spanish Club have been forced to postpone their meeting of the organization indefinitely.

NEW LAUNDRY VILLANOVA COLLEGE

A. S. M. E. PLANS TRIPS; FIRST TO LEE TIRE CO.

Membership Drive Being Planned for Freshmen and Sophomores; Meeting Thursday

The Villanova Chapter of the American Society of Mechanical Engineers held its meeting last week, at which time the president of the organization announced that several trips are being planned for the members of the group.

The first trip will be made on February 22 or 23, at which time they will visit the Lee Tire Company, of Conshohocken. This trip was to be made a few weeks ago but had to be postponed due to unforseen difficulties. The next trip will be made two weeks from that date, on March 8, when the society will travel to Phillipsburg, N. J., to visit the Ingersoll Rand Co.

A membership drive is being planned at the present time so that those students, especially the freshmen and sophomore engineers, who are not members may join the organization for the remainder of the second semester. The fee for this membership will be one dollar. All the mechanical engineering students are invited to attend the next meeting on Thursday in Room 207, Mendel Hall, so that they may obtain membership blanks.

The trip to the coal mines has been discussed and the society will again travel to the mines and inspect them. The trip will be made sometime in April, due to the spring weather. This will make the trip more pleasant and details will be made known at a later date.

PRESS APOSTOLATE SETS NEW TASKS ON MEMBERS

Fr. Brown Is Presented as the New Moderator; He Asks for More Interest

The regular monthly meeting of the Catholic Press Apostolate was held Tuesday evening immediately after chapel services. William Zeil, the president of the society presented Rev. Charles P. Brown, O. S. A., the new moderator to the other members of the society.

The duties for the next semester were discussed and the necessity of carrying out these duties was stressed by Fr. Brown. He urged the members to take a livelier interest in the work of this association.

The important subjects of discussion during the meeting were those dealing with the distribution of religious pamphlets and the remailing of Catholic literature to missions and homes and the like where they will do a world of good.

The duties of the clipping board will remain in the hands of Edward Kelly and Benedict Maloney. Maloney will also handle the distribution of the pamphlets. The assignment of the remailing of the Catholic literature was given to John Pickell.

Businessmen Hear Talk on Insurance

Continued From Page One

the government Liberty bonds that have been issued.

Mr. Johnson continued by showing that insurance companies, besides giving protection to their clients, furnish the finances for numerous enterprises, especially home projects. One company, he stated, holds more than 400,000 mortgages in its portfolio.

The reasons which were given for this remarkable development are threefold. First, there is the love which individuals entertain towards the members of their families. Secondly, there is the desire for security in old age. Thirdly, there is the necessity of safeguarding one's own creditors.

Activities Planned By Junior Chairman

met in Mendel Hall at a formal meeting, and President John Hoey spoke to them on the progress that the Blazer committee is making. He asked those present at the parley to make suggestions in regard to the type of blazers they desired, and all constructive criticisms will be carefully studied by the committee.

Before adjourning, Hoey appointed a finance committee to study a feasible means of raising funds for the large expenditures in the junior class. The group headed by the class treasurer, William Grimberg, includes Harry Patzsch, Edmund Malhame and Thomas Donahue.

from behind while trying for a goal, and he made one of the two shots. Shevlin scored a goal from a reverse spin, Freiberg scored a foul for Temple, and Shevlin scored another goal after dribbling the ball the full length of the court. Freiberg, in the last minute of play, sank a shot from beyond mid-court without hitting the rim.

Final Score, 20-19

The final play of the game was an attempted field goal by Rosan that was short of its mark. Before the ball fell into the hands of a waiting player the gun sounded to end the game in favor of Villanova, 20-19.

The line-up:

Villanova

	G.	F.	Pts.

Boxing Team Meets Owls, February 23

Continued From Page Six

interesting to the spectators. Coach Joe Foley attended Penn State College, and during his years there became closely associated with Steve Hamas, who needs no introduction to sport fans.

The wrestling team under the tutelage of Don Blanchard has been working out every day in the gym for quite some time, and at last the recruits are starting to get the rudiments of the intricate art. Don is being assisted in his coaching by Vince Zizac, an experienced matman, and between them they are getting results.

The object in view right now is to present a likely looking group of grapplers at the boxing-wrestling exhibition to be held Friday night in the gym, and Blanchard has arranged a series of four matches.

Card Set for Friday

In the first match, Fat Foley and Carroll Cook will get together. Dan Murphy and Joe Weisenbaugh will hook up in the next bout on the card, and Blanchard himself will exhibit his wares against Ed "Sully" Sullivan in the semi-windup.

The feature match on the card will bring together Vince Zizac and Abe Samra. Abe will weigh in at 220 pounds, and will have 20 on Zizac. All other matches on the card with the exception of the Murphy-Weisenbaugh set-to will also involve heavyweights. The matches will be each ten minutes long, under professional rules and no decisions will be made at the duration of the time limit.

The proposed match with Temple is still pending. Definite word will be received on it in the near future.

P. K. P. to Meet

The regular weekly meeting of the Phi Kappa Pi fraternity will be held on Monday at the usual time.

FROSH WIN TWICE IN COURT CONTESTS

Kittens Nose Out Temple by One Point in Exciting Game

As a preliminary to the Villanova-Temple varsity game, the yearling teams of both schools put on one of the liveliest contests ever witnessed in the Villanova gymnasium. It rivaled the major contest in the heat and intensity of play, and it contained a large share of thrills and humor. The contest closed with a victory for the Kitten yearlings by the score of 22-21.

Both teams played fast ball, and the shots attempted were worthy of veteran players. Almost half the shots tried by both teams were side-court shots that ranged all over the rim. Schoppmeyer led the victors with a total of seven points; Wolfe held the same place with the losers with seven points also.

Full of Thrills

Several times during the match the ball escaped from the players and rolled across the floor with members of both teams in fast pursuit. Schoppmeyer furnished several extra thrills by coasting across the floor on his back after being thrown while dribbling the ball through his opponents.

Both teams exhibited good passing in mid-court, but were subject to juggling when near their respective baskets. Their strength in the game and the heat of the fast contest provided all the interest that could be asked of any basketball game.

The game also marked the first defeat suffered by the Temple yearlings this year. Their record was broken at eight consecutive victories.

Defeat West Chester

The Villanova Frosh annexed their second win of the week by defeating the yearlings of West Chester Teachers College by a 43 to 26 score.

The game came as a somewhat unexpected contest, but the Villanova Frosh were quickly rounded up and lost little time proving their superiority over the Teachers.

Galgazin was the high scorer of the fray with ten field goals to his credit. Robinson was second high man with a total of 12 points.

At no time from the beginning of the contest was the issue in doubt and from the outset the Villanova boys ran rings around their opponents who were somewhat disheartened by the fact that Villanova students were refereeing the contest.

However, the visitors struggled valiantly but to no avail, for the final whistle nipped a Kitten scoring spree and the game ended 43 to 26.

Manno and Cutodean were outstanding for the West Chesterites, each scoring three field goals and a foul.

3 DATES IN APRIL ARE SET BY CLUB FOR MUSICAL SHOW

Color and Glamour of Old Spain Will Be Background for 2d Annual Comedy

OVER SIXTY STUDENTS ARE IN HEFTY BALLET

Arthur Noble to Have Leading Male Role; John Butler Has Leading Female Role

Spain, with all its color and glamour, is the background for "Let's Go Places," the second annual presentation of the Turf and Tinsel Club, planned for the evenings of April 12, 13 and 14 in the college gymnasium.

According to Rev. Bernard T. McConville, O. S. A., moderator of the organization, the cast of the musical show includes more than 60 students, who commenced practicing last Wednesday.

As announced in a previous edition of the VILLANOVAN, Miss Helen A. Pfaff and Edward A. Keough have been engaged as dance instructress and director of the show, respectively. Both were prominently identified with last year's premiere production of the club, and Mr. Keough is the author of the new offering, which has never been presented to the public before.

Ballet is Outstanding

Probably the outstanding feature of "Let's Go Places" is the hefty ballet of young men, who are going through strenuous dance routines in order to acquire the grace of dark-eyed senoritas. The antics of the pony ballet in last year's performance brought tumultous applause.

Although the first endeavor of the Turf and Tinsel Club was purely experimental, and still is for that matter, the show made expenses, and its public reception surprised even the producers.

Thus with the success of the pre-

AUGUSTINIAN GUILD WILL GIVE BENEFIT

Newly Formed Organization to Hold Its First Party and Dance in Gym

Mothers, relatives and friends of the Augustinian Order in the vicinity of Villanova are organizing in order to form an association known as the Augustinian Guild. The purpose of this organization is to help to defray the expense of educating young men for the priesthood in the Augustinian Order.

Under the direction of Rev. Walter G. Rafter, O. S. A., Prior of the Augustinian House of Studies in Washington, D. C., the Augustinian Guild Association is preparing to hold a mammoth card party, dance and entertainment in the gymnasium at Villanova on Tuesday evening, April 10.

This occasion will serve not only as a social evening but also as the initial social affair at which money will be raised to help meet the above cause. The event is to be the largest affair of its kind ever held in this section.

Various Committees Planned

The guild intends to have seven committees taking care of tickets, programs, refreshments, transportation, cards and tables, prizes and finances. These committees are to

PRESENTS SERMON

Rev. Francis X. Coan, O. S. A., who gave the first of a series of Lenten sermons in chapel on Ash Wednesday evening.

FIRST LENTEN TALK GIVEN BY FR. COAN

Speaks on a Happy Death as the Ideal of Every College Student

In the first of a series of Lenten talks Rev. Francis X. Coan, O. S. A., professor of biology in the School of Science, gave a discourse on a happy death as the ideal of every man at the chapel services on Ash Wednesday.

Fr. Coan first pointed out the necessity of every man having an ideal or hobby during life. Men in every walk of life have spent much time and money in developing their particular ideals and hobbies, but what of that ideal that is going to carry us into eternity—the ideal of a happy death?

This was the ideal which Fr. Coan stressed and which he urged each of the students to endeavor to establish.

Certainty of Death Cited

He further pointed out the certainty of death and the uncertainty of the time, place and manner in which we die. In his talk he described the death of the just and of the unjust, laying particular stress upon the death of one who had always led a good, Christian life.

Fr. Coan said, "Have we not seen men in the full vigor and strength of manhood leave their homes in the morning and be brought back

VILLANOVA ALUMNI CHOOSES APRIL 6 AS DATE FOR BALL

Thomas J. McCoy and Harry L. Connor Given Full Authority to Select Committees

TENTATIVE DATES SET FOR ALUMNI REUNION

Board of Governors Also Decides Other Activities for Members

The second annual Alumni Ball will be held on Friday night, April 6, in the college gymnasium. This was the foremost decision reached by the board of governors of the Alumni Association at a regular meeting and dinner held in the college refectory on Sunday.

Two chairmen were selected for the affair, Thomas J. McCoy, '29, of Merion, and Harry I. Connor, '27, of Philadelphia, were given full power to select their committees and to take charge of everything connected with the dance.

No orchestras have been considered as yet, but Albert C. Wagner, alumni secretary, stated that one nationally famous orchestra and another of lesser prominence will probably be selected.

Activities Planned

Tentative dates selected for Alumni Days are Friday and Saturday, June 1 and 2. Formerly all activities of the alumni reunion were crowded into one day, but this year a precedent will be established by the scheduling of two days. Among the events which will take place are a smoker to the Senior Class, a baseball game between the varsity and an alumni squad, a reunion of the classes of '24 and '29 and an informal dance which will be held in Philadelphia.

The annual alumni meeting will be held on June 2 at a dinner on the campus. No chairmen or committees for the various events have as yet been appointed. Alumni President John A. Freney will on one of these two days select a committee to nominate officers for the annual alumni elections.

No definite date has been set for Homecoming Day, but it most likely will be the day on which the Detroit football game will be played.

The Annual Retreat for the graduates has been set for September 7, 8 and 9. The board of governors picked Matthew A. Lynch, '23, of Philadelphia, as chairman in charge of the retreat program,. Mr. Lynch is an experienced retreat worker and a lay organizer of several religious societies.

Mr. Wagner reported on the vote

Second Opportunity Will be Given Unphotographed Seniors and Juniors

Owing to unforseen circumstances arising out of a misunderstanding between the Belle Air staff and the photographer, he was unable to accommodate all those who presented themselves to be photographed on the last scheduled date, February 16.

Edward V. Ocelus, business manager of the publication, wishes to inform all who have not been photographed, that they will have another opportunity to do so on Thursday, March 1, in the Mendel Hall Reception Room, between 9 A. M. and 4 P. M.

There are quite a number of both seniors and juniors who have yet to be photographed. The juniors have been especially poor in the co-operation they have manifested. Ocelus, therefore, issues a special appeal to all juniors to avail themselves of this final opportunity.

Seniors who have not been photographed to date are: School of Science: Raymond Baratta, Martin Caine, Armond DeVittorio, Frank Kelly, Richard Morrissey, and Arthur Wyman. School of Commerce and Finance: Joseph Albanese, John Burke, George Casey, Leo Cordiale, John Crowley, Ralph DeUriarte, Leonardo DiBerardine, William Hughes, William McCall, Thomas McDonald, William McGraw, Thomas O'Donnell, William O'Prey, Rudolph Pancheri, Arthur Shyne, Edward Tinney, Fred Wallen and Richard Willis. School of Engineering: John Anderton, Edmund Burke, John DeVine, Alexander Lewis, Edward McBride, Howard McMullin, William Orcutt, Robert Reed. School of Arts: William Cavanaugh, William Conway, Joseph McKenna, James O'Connell, George Randour, William Zeil and Vincent Zizak.

BURKE WINS ELECTION FOR FROSH PRESIDENT

Engineers Place Two Students in Offices of Vice-President and Secretary; Science Men Are Blanked

LECTURE ON ETHICS GIVEN LAST NIGHT

Rev. J. B. Gallagher, O. S. A., Speaks in Place of Rev. J. A. Sparrow, O. S. A.

The second in a series of lectures which are being presented to the general public under the auspices of the Alumni Association of Villanova College, was delivered by Rev. James B. Gallagher, O. S. A., Ph. D., Monday evening. Fr. Gallagher's lecture was entitled, "Ethics For the Man on the Street."

Owing to the death of his mother, Rev. John A. Sparrow, O. S. A. A. M., Litt. D., S. T. L., who was originally scheduled to give the lecture, was unable to present it. Fr. Gallagher consented to deliver the lecture in place of Fr. Sparrow.

In developing his topic, Fr. Gallagher started out with the true definition of ethics. It is not a set of fundamental rules which point out to us the most expedient method of getting what we want. This is economics. Rather ethics concerns itself with right and wrong, good and evil. It should set up a standard for human behavior to which we have a relation or duty. Moralists as well as moralizers agree on this concept of ethics. But there is a divergence in their conclusion. Their disagreement results from their inability to agree upon the standard by which human behavior is judged.

Utilitarianism Defined

Continuing along these lines Fr. Gallagher showed how the nineteenth century had given us so many and such varied forms of moral systems. Relative morality considers acts good insofar as they meet with the approval of custom or are sanctioned by law. After discussing in detail this topic the speaker went on to illustrate other forms of moral codes. Continuing, he said that a utilitarian viewpoint holds that acts may be intrinsically good or bad, but the standard by which we are to judge them is their usefulness. It is the old principle that the end justifies the means disguised in a new dress.

Fr. Gallagher then went on to say that an individual conscience cannot be the norm of morality. Man is subject to the natural law whether he wishes it or not. It would be a perversion of the order of the world to admit that man is without a law, while other things lower than man are guided by law.

True norm is man's rational nature. Since man's nature is always the same, it is wrong to suppose that man's sins, politics or business may be governed by one code of morality, while in private life he

Continued on Page Three

FINANCE GROUP MEETS

Committee Discusses Possibility of Raffling Tickets for Revenue

The finance committee of the junior class held a meeting last Thursday to discuss means of raising funds for the large expenditures necessary in connection with Junior Week.

Two plans were discussed, the raffling of tickets to the Junior Prom, and the selling of local theatre tickets from which a certain percentage will be received. A meeting will be called next week to decide on the method to be used. The committee is headed by William Grimberg, and includes Harry Patzsch, Edmund Malhame, Thomas Donahue and James Walsh.

VOTING IS CLOSE

Stead and Kunz Are in Tie for Office of Treasurer

In an election that was nip and tuck right up to the very last ballots John P. Burke, a student in the School of Arts, just managed to eke out a victory yesterday over Willian Cleary, a member of the Commerce and Finance School, for the office of president of the Class of '37.

Voting throughout the other three offices was equally as close. The closest polling, nowever, came in the election of a treasurer, where the final count resulted in a tie between Lawrence Stead, a student in the School of Science, and Gerald Kunz, a student in chemical engineering in the School of Technology.

Kunz had originally been nominated for the office of president, but by means of campaigning on the outside, his supporters placed him on the list for treasurer and succeeded in gaining a tie for him.

Engineers Place Two

The two remaining offices both went to students in the School of Technology, Joseph F. Rane obtaining the office of vice-president and Francis Williams securing the post of secretary.

Of those students who were elected, Burke and Williams are both resident students. Kane, the vice-president, is a day student. In the case of the tie for treasurer, Kunz is a boarder, while Stead is a day student.

It is interesting to note that the Science School, which has the largest freshman class, did not succeed in placing a single officer, although they did get a tie vote with one. This is undoubtedly due, however, to the fact that they had such a

JERSEYITES DECIDE UPON EASTER DANCE

Annual Affair to Be Held in Either Newark or Jersey City on April 2

Members of the North Jersey Club definitely decided at their meeting, Thursday night, that they would hold their second annual Easter dance on the evening of April 2.

A committee with Thomas Delaney, a junior in the School of Science and the treasurer of the club, as chairman was appointed by Thomas F. McFeeley, president of the organization. Assisting Delaney are, Raymond J. Harter, John Bubler, John Erbeck, Daniel Harkins, Frank Connell, James Migliore, John Scalera, Joseph McCabe and John Torpey.

As yet no very definite plans have been made concerning either the orchestra or the location for the dance. However, so many favorable comments were received concerning the music of Dan Waters at the last Thanksgiving dance that he may be signed again for this function.

Place Being Sought

Several members favored a return to Jersey City with the dance, but the general consensus of opinion was that the dance should be

Newly Formed Organization to Hold Its First Party and Dance in Gym

Mothers, relatives and friends of the Augustinian Order in the vicinity of Villanova are organizing in order to form an association known as the Augustinian Guild. The purpose of this organization is to help to defray the expense of educating young men for the priesthood in the Augustinian Order.

Under the direction of Rev. Walter G. Rafter, O. S. A., Prior of the Augustinian House of Studies in Washington, D. C., the Augustinian Guild Association is preparing to hold a mammoth card party, dance and entertainment in the gymnasium at Villanova on Tuesday evening, April 10.

This occasion will serve not only as a social evening but also as the initial social affair at which money will be raised to help meet the above cause. The event is to be the largest affair of its kind ever held in this section.

Various Committees Planned

The guild intends to have seven committees taking care of tickets, programs, refreshments, transportation, cards and tables, prizes and chances. These committees are to

PRESENTS SERMON

Rev. Francis X. Coan, O. S. A., who gave the first of a series of Lenten sermons in chapel on Ash Wednesday evening.

FIRST LENTEN TALK GIVEN BY FR. COAN

Speaks on a Happy Death as the Ideal of Every College Student

In the first of a series of Lenten talks Rev. Francis X. Coan, O. S. A., professor of biology in the School of Science, gave a discourse on a happy death as the ideal of every man at the chapel services on Ash Wednesday.

Fr. Coan first pointed out the necessity of every man having an ideal or hobby during life. Men in every walk of life have spent much time and money in developing their particular ideals and hobbies, but what of that ideal that is going to carry us into eternity—the ideal of a happy death?

This was the ideal which Fr. Coan stressed and which he urged each of the students to endeavor to establish.

Certainty of Death Cited

He further pointed out the certainty of death and the uncertainty of the time, place and manner in which we die. In his talk he described the death of the just and of the unjust, laying particular stress upon the death of one who had always led a good, Christian life.

Fr. Coan said, "Have we not seen men in the full vigor and strength of manhood leave their homes in the morning and be brought back

VILLANOVA ALUMNI CHOOSES APRIL 6 AS DATE FOR BALL

Thomas J. McCoy and Harry L Connor Given Full Authority to Select Committees

TENTATIVE DATES SET FOR ALUMNI REUNION

Board of Governors Also Decides Other Activities for Members

The second annual Alumni Ball will be held on Friday night, April 6, in the college gymnasium. This was the foremost decision reached by the board of governors of the Alumni Association at a regular meeting and dinner held in the college refectory on Sunday.

Two chairmen were selected for the affair. Thomas J. McCoy, '29, of Merlion, and Harry L Connor, '27, of Philadelphia, were given full power to select their committees and to take charge of everything connected with the dance.

No orchestras have been considered as yet, but Albert C. Wagner, alumni secretary, stated that one nationally famous orchestra and another of lesser prominence will probably be selected.

Activities Planned

Tentative dates selected for Alumni Days are Friday and Saturday, June 1 and 2. Formerly all activities of the alumni reunion were crowded into one day, but this year a precedent will be established by the scheduling of two days. Among the events which will take place are a smoker to the Senior Class, a baseball game between the varsity and an alumni squad, a reunion of the classes of '24 and '29 and an informal dance which will be held in Philadelphia.

The annual alumni meeting will be held on June 2 at a dinner on the campus. No chairmen or committees for the various events have as yet been appointed. Alumni President John A. Freney will on one of these two days select a committee to nominate officers for the annual alumni elections.

No definite date has been set for Homecoming Day, but it most likely will be the day on which the Detroit football game will be played.

The Annual Retreat for the graduates has been set for September 7, 8 and 9. The board of governors picked Matthew A. Lynch, '23, of Philadelphia, as chairman in charge of the retreat program,. Mr. Lynch is an experienced retreat worker and a lay organizer of several religious societies.

Mr. Wagner reported on the vote

Second Opportunity Will be Given Unphotographed Seniors and Juniors

Owing to unforseen circumstances arising out of a misunderstanding between the Belle Air staff and the photographer, he was unable to accommodate all those who presented themselves to be photographed on the last scheduled date, February 16

Edward V. Ocelus, business manager of the publication, wishes to inform all who have not been photographed, that they will have another opportunity to do so on Thursday, March 1, in the Mendel Hall Reception Room, between 9 A. M. and 4 P. M.

There are quite a number of both seniors and juniors who have yet to be photographed. The juniors have been especially poor in the co-operation they have manifested. Ocelus, therefore, issues a special appeal to all juniors to avail themselves of this final opportunity.

Seniors who have not been photographed to date are: School of Science: Raymond Baratta, Martin Caine, Armond DeVittorio, Frank Kelly, Richard Morrissey, and Arthur Wyman. School of Commerce and Finance: Joseph Albanese, John Burke, George Casey, Leo Cordiale, John Crowley, Ralph DeUriarte, Leonardo DiBerardine, William Hughes, William McCall, Thomas McDonald, William McGraw, Thomas O'Donnell, William O'Prey, Rudolph Pancheri, Arthur Shyne, Edward Tinney, Fred Wallen and Richard Willis. School of Engineering: John Anderton, Edmund Burke, John DeVine, Alexander Lewis, Edward McBride, Howard McMullin, William Orcutt, Robert Reed. School of Arts: William Cavanaugh, William Conway, Joseph McKenna, James O'Connell, George Randour, William Zell and Vincent Zitak.

BURKE WINS ELECTION FOR FROSH PRESIDENT

Engineers Place Two Students in Offices of Vice-President and Secretary; Science Men Are Blanked

LECTURE ON ETHICS GIVEN LAST NIGHT

Rev. J. B. Gallagher, O. S. A., Speaks in Place of Rev. J. A. Sparrow, O. S. A.

The second in a series of lectures which are being presented to the general public under the auspices of the Alumni Association of Villanova College, was delivered by Rev. James B. Gallagher, O. S. A., Ph. D., Monday evening. Fr. Gallagher's lecture was entitled, "Ethics For the Man on the Street."

Owing to the death of his mother, Rev. John A. Sparrow, O. S. A., A. M., Litt. D., S. T. L., who was originally scheduled to give the lecture, was unable to present it. Fr. Gallagher consented to deliver the lecture in place of Fr. Sparrow.

In developing his topic, Fr. Gallagher started out with the true definition of ethics. It is not a set of fundamental rules which point out to us the most expedient method of getting what we want. This is economics. Rather ethics concerns itself with right and wrong, good and evil. It should set up a standard for human behavior to which we have a relation or duty. Moralists as well as moralizers agree on this concept of ethics. But there is a divergence in their conclusion. Their disagreement results from their inability to agree upon the standard by which human behavior is judged.

Utilitarianism Defined

Continuing along these lines Fr. Gallagher showed how the nineteenth century had given us so many and such varied forms of moral systems. Relative morality considers acts good insofar as they meet with the approval of custom or are sanctioned by law. After discussing in detail this topic the speaker went on to illustrate other forms of moral codes. Continuing, he said that a utilitarian viewpoint holds that acts may be intrinsically good or bad, but the standard by which we are to judge them is their usefulness. It is the old principle that the end justifies the means disguised in a new dress.

Fr. Gallagher then went on to say that an individual conscience cannot be the norm of morality. Man is subject to the natural law whether he wishes it or not. It would be a perversion of the order of the world to admit that man is without a law, while other things lower than man are guided by law.

True norm is man's rational nature. Since man's nature is always the same, it is wrong to suppose that man's sins, politics or business may be governed by one code of morality, while in private life he

FINANCE GROUP MEETS

Committee Discusses Possibility of Raffling Tickets for Revenue

The finance committee of the junior class held a meeting last Thursday to discuss means of raising funds for the large expenditures necessary in connection with Junior Week.

Two plans were discussed, the raffling of tickets to the Junior Prom, and the selling of local theatre tickets from which a certain percentage will be received. A meeting will be called next week to decide on the method to be used. The committee is headed by William Grimberg, and includes Harry Patzsch, Edmund Malhame, Thomas Donahue and James Walsh,

VOTING IS CLOSE

Stead and Kunz Are in Tie for Office of Treasurer

In an election that was nip and tuck right up to the very last ballots John P. Burke, a student in the School of Arts, just managed to eke out a victory yesterday over Willian Cleary, a member of the Commerce and Finance School, for the office of president of the Class of '37.

Voting throughout the other three offices was equally as close. The closest polling, however, came in the election of a treasurer, where the final count resulted in a tie between Lawrence Stead, a student in the School of Science, and Gerald Kunz, a student in chemical engineering in the School of Technology.

Kunz had originally been nominated for the office of president, but by means of campaigning on the outside, his supporters placed him on the list for treasurer and succeeded in gaining a tie for him.

Engineers Place Two

The two remaining offices both went to students in the School of Technology, Joseph F. Rane obtaining the office of vice-president and Francis Williams securing the post of secretary.

Of those students who were elected, Burke and Williams are both resident students. Kane, the vice-president, is a day student. In the case of the tie for treasurer, Kunz is a boarder, while Stead is a day student.

It is interesting to note that the Science School, which has the largest freshman class, did not succeed in placing a single officer, although they did get a tie vote with one. This is undoubtedly due, however, to the fact that they had such a

Continued on Page Four

JERSEYITES DECIDE UPON EASTER DANCE

Annual Affair to Be Held in Either Newark or Jersey City on April 2

Members of the North Jersey Club definitely decided at their meeting, Thursday night, that they would hold their second annual Easter dance on the evening of April 2.

A committee with Thomas Delaney, a junior in the School of Science and the treasurer of the club, as chairman was appointed by Thomas F. McFeeley, president of the organization. Assisting Delaney, are, Raymond J. Harter, John Butler, John Erbeck, Daniel Harkins, Frank Connell, James Migliore, John Scalera, Joseph McCabe and John Torpey.

As yet no very definite plans have been made concerning either the orchestra or the location for the dance. However, so many favorable comments were received concerning the music of Dan Waters at the last Thanksgiving dance that he may be signed again for this function.

Place Being Sought

Several members favored a return to Jersey City with the dance, but the general consensus of opinion was that the dance should be

LET'S GO PLACES

EVERYONE enjoys a good stage production. Yet how few are willing to lend a hand to make that production possible! Members of the Turf and Tinsel Club are at present planning the production of their second annual musical comedy. Consequently, several calls were issued for candidates for the cast. From the viewpoint of quality the response to these calls was most encouraging. From the viewpoint of quantity, however, the response was not quite so heartening. We all recall the show of last year. How could we ever forget it? We filled the auditorium on two successive nights. We rolled in laughter as the performers cavorted about the stage. In short, we enjoyed it immensely. Would it not be fair and sporting, then, to show our appreciation by lending a hand to this year's production? The play is of such a nature that previous stage training is not necessary. There is plenty of room for men who have never before faced an audience. In fact, it is a splendid opportunity to gain some experience in the theatrical line. Some may be under the illusion that the cast is open only to varsity men. This is not so. Everyone is eligible. Everyone is welcome. Let's see a record turnout at the meeting tomorrow night. Let's go places with "Let's Go Places."

AN OUNCE OF PREVENTION

ALL BOARDING educational institutions are equipped with some form of infirmary facilities. But these facilities vary in their degree of efficiency. Hence, it is with a spirit of genuine approval that we observe the present advance in our own institution. This indispensable organ is now one of the foremost departments on the campus. The result of much effort has been rewarded. A thorough redecoration, together with the installation of new equipment, has been effected. John J. Curran, a senior in the School of Science, who was in charge last year, is again attending the infirmary. Alexander R. Evans, M. D., is the visiting physician and is available daily. Thus far, there have been 1450 cases treated in the dispensary. It would appear from this that the majority of students are using the infirmary to their advantage. Yet there are some who neglect themselves and others who heedlessly delay. It is in these cases that the more serious trouble can arise. Consequently, those in charge have issued a request that all students report at the infirmary when the first symptoms of illness are apparent. "An ounce of prevention is worth a pound of cure" may be an old saying, but it can still be applied. See that you keep it always in mind.

YOU OUGHT TO KNOW

LENTEN season has begun with its days of self-sacrifice, extra devotions, and change of diet. The abstainer must now contend with intensive and vivid descriptions of the merits and keen delights that the things abstained from have to offer, as set forth by teasing friends whose abstinences differ from his own. It has been the butt of many a joke and the means of much grace.

Capitalizing on the mistakes of others is the particular forte of the blackmailer and the columnist. Both use the extraordinary events of a person's existence to abet their ends. The difference between the two is that the blackmailer takes money for keeping quiet, whereas the columnist earns his dinero by talking through the medium of his column.

"Jo-Jo" Weisenbaugh, the argumentative sports statistician extraordinary, was among those remembered on St. Valentine's Day. It might not be amiss here to say that the wording of the valentine was an open confession of love. Tsh, tsh, Joe, we're surprised! What is your power, and all that stuff?

Lash away with your means to stir names, and you won't annoy Bill McCarthy. Yes, even call him late for breakfast and see if he isn't still convivial. Do this and more, but never on your life call him "Fire Chief." We wonder if his aversion for the name lies in the similarity of his nose to that of Ed Wynn?

The principle that rent does not determine price, long a bone of contention in Economics III class, was again put to discussion last Wednesday. Knit were the brows and perplexed the faces when Red O'Neill volunteered to expound his views on the enigma. Directly addressing Fr. Bartley, he offered this supposition, "Suppose you were to buy a dress on Fifth avenue. . ." Fr. Bartley's response that such was not likely added little to the class' enjoyment of the faux pas. Admonished to use "one" in place of "you," Red continued and, though I can't say he shed much light, did finish grammatically correct.

Dessert at noontime meals is a luxury that all students enthusiastically welcome. Its addition to the daily menu will do much to make the regular simple Lenten fare more palatable.

The fan at the swimming meet Saturday who asked if Paul Loughlin's dive was a half nelson wins my vote for oblivion.

Joe Linsalata experienced the unique sensation of getting a hop on a fire engine. Last Friday afternoon, while Joe was waving his thumb to passing motorists, a fire engine running to Philly from Downingtown obligingly pulled over, and, after Lindy had ascended to the front seat right behind the siren, the engine continued on its way.

COLLEGIATE NEWSREEL

THE process of acquiring a college education a la Mehicano presents quite a different aspect when viewed with the system in vogue in the United States, according to a recent discussion of the matter by a former student of the University of Mexico now holding a scholarship at the University of Texas. An interesting note is that the only time a Mexican collegian has to attend class is for the final examinations. Such things as "pop quizzes" and note-taking are unknown, the custom being to buy the textbooks the professors have written and to study them just before the finals. Perhaps cramming isn't so bad after all! Such a method enables the students to work while receiving an education.

Incentive to learning is spread to all the people of Mexico by "cultural crusades"—small groups of students visiting all parts of the country, stimulating interest in education and encouraging the building of schools and libraries. Mexican universities are in indirect control of the students, the faculty being elected by their representatives.

Social life is not as important as in the colleges of the United States but sports are a definite part of the curriculum. Accustomed as we are to homogeneous campus life, as at Villanova, we would probably spend half our time in locating classes at the University of Mexico, for the buildings are scattered all over the city. No wonder that everyday non-attendance is overlooked!

• • •

Some small consolation may be had out of the fact that Villanova is not the only college that has been bothered by the plague of telephonia maniacs, for an observation in The Greyhound of Loyola College indicates that they have been similarly bothered with the pests. Perhaps it hasn't occurred to the Bell Telephone Company of Pennsylvania that a positive way of curing the trouble would be to install the system now in effect in Chicago. In that city every public phone is equipped with an individually distinct slot into which only a corresponding keyed slug can be placed, thus the slugs being the equivalent of a nickel and purchased at the location of the phone—an inexpensive and highly effective device that has saved thousands of dollars for the telephone company. If practical out West, why not here?

• • •

Reflecting on the high merit of last week's editorial which advocated the return of true humor to the American campus we recall that an "anti-pun" society has been organized by the students at Stevens Institute of Technology to deal with the advocates of the "lowest form of humor"—i. e. "puny puns!"

• • •

A professor at Union College has just issued a report in which he claims that the average American is more intelligent than the old U. S. Army Alpha tests revealed. We wonder how much more though, for those tests have placed the average mentality at only about 13 years!

---- Dial-Log ----

NEXT to the moving picture business, radio is the foremost exponent of the so-called "publicity gag." A good publicity stunt in most cases deserves praise, but the one that follows would be a primary argument for the abolition of the publicity agent.

Several weeks ago this article appeared, "It seems incredible, but it is, unfortunately, true. Joe Nash, the swell singer with the Dick Himber orchestra, has suddenly gone deaf. During his recent illness, it became necessary for him to undergo an operation for the correction of jangled cerebral nerves, and the surgeons reached these nerves through his ears.

"Joey now sings with the band, although he cannot hear himself. Neither can he hear the orchestra. Only the fact that he possesses the rare gift of pitch permits him to pursue his career."

The following week a "smart" radio columnist comes out with the line "Mentioning Himber reminds me to chuckle some more over the way most of the radio scribblers fell for the swell publicity gag about the warbler Joey Nash losing his hearing after an operation."

Although your columnist thinks that Richard Himber has one of the best bands on the air and that Joe Nash is a grand vocalist, such cheap publicity threatens to lessen anybody's opinion of an artist once enjoyed. Such publicity should not be laughed at, but should be cause for the agent to get the well-known "gate."

This season seems to be ripe for the renewal of contracts. Among the foremost renewals we list Joe Penner, who has signed with his present sponsor till June, 1935, and with an option running for two years more. Will Rogers is another who signed on the line.

Little Jack Little, whose new band is one of the best, will be heard on a commercial program, Tuesdays at 8 P. M., over the Columbia network. WIP will be the Philadelphia outlet.

If the following rumor is true, a lot of the boys on the campus will be disappointed. Although listed as Babs and her Brothers on the Waring Programs, Charlie is Babs' husband and the third member of the swell trio is her brother-in-law.

Warden Lawes, of Sing Sing, is anxious to broadcast an electrocution because he believes that this would go a long way toward the abolition of capital punishment.

Several have told us that they tried out our recommendations and that they were O. K. Here is one of the best. Listen to William Stoess and the Flying Dutchman on WEAF-WLIT at 10:30, Friday night.

The Salt-Shaker

MIRROR FOR TOBY

WE ALL read, at least occasionally, and few there are who have not at one time or other ventured to dip into that special kind of prose writing called the novel. In fact novels have become so much a part of the average person's reading that ridicule or pedantic disdain no longer can influence the reader. From the solid phalanxes of memorial editions on library shelves we all know of the existence of great novelists. But while the best novels of another day stand in staid rows—pent-up floods of pleasure and good reading — their bright - jacketed young brothers rush hither, thither and yon seeing the world in the company of a cosmopolitan group of readers.

It is suspected (be it said) that these gaudy young vagabonds flaunt their roguery to conceal their lack of inner content. Obliging publishers see to it that the not-too-heavy fiction—"Just the thing for a rainy afternoon" — "Ideal for that monotonous ride" — "For an unoccupied hour or two"—is abundant. How quickly such novels are cast aside! Vagabonds and waifs they truly are, for there are cases on record where the ardent author, meeting his opus of last season on some book-stand, has failed to recognize his creation.

Blatant novels that shriek at one from newspaper, magazine and book-stand pall on even their hardiest consumers. Such ephemeral fiction is dragging the novel as a legitimate form into disrepute. But the novel that presents life with the joys and griefs, told in a way to make our own more enjoyable and better, is a valuable addition to our literature. When one discovers a work of this kind there is an irresistible impulse to share it with others. Such is "Mirror For Toby," by Cecily Hallack.

The impression is all too common that Catholic novels are about impossible people doing childish things — concoctions wholly divorced from life as it really is. Behold a book to disabuse one of such notions! With rare skill and womanly wit, Miss Hallack unfolds for the reader not a romance in the weak sense of the word but a vitally interesting story of a man and a woman.

When one realizes that Christianity received Matrimony as one of Christ's seven Sacraments, the enobling nature of the wedded state becomes apparent. Here and there God has a particular place for certain men and women in His Church; another small group live their lives in single blessedness, but marriage is the normal and usual state of man. That splendid union of husband and wife, a compact joining them in true love, has its strength from the best in human nature and the blessing of God.

There is so much said about the changing state of latter day standards that the presentation of the Catholic view done with refreshing candor, life and artistry is a treat for any reader. To the average Catholic "Mirror For Toby" should come as a most welcome addition to the increasing number of books which present our Faith in a manner any reader will enjoy and profit by as well. It need not be emphasized that those who have the Faith will view their heritage in a new and striking manner, thanks to Cecily Hallack's book.

A romance in its best sense—that which brings prospective husband and wife together—is a theme of almost universal appeal. "Mirror For Toby" possesses this appeal in an eminent degree. The title is singularly appropriate, for it sums up in a rare figure the splendid qualities of Toby's Virginia.

WILKES-BARRE CLUB SELECTS ITS DATE FOR EASTER DANCE

Banquet, to Precede Function, Is Limited to Members of Club Only

KELLY NAMED CHAIRMAN

The fifth annual Easter dance of the Wilkes-Barre Club will take place on Easter Saturday, March 31, according to an announcement which was made last week by Donald M. Redington, president of the organization. The dance will be held in Wilkes-Barre.

As has been the custom of the club in previous years, the dance will be preceded by a banquet which will be reserved exclusively for the members of the club. The dance itself, will take place from 9 P. M. to 1 A. M., and may be patronized by both club members and their friends. In addition, invitations to the function are to be extended to all the alumni of the organization.

Kelly Is Chairman

The committee in charge of the dance, which is headed by Francis Kelly, a senior in the Science School, has not as yet decided upon either the hotel or orchestra for the affair. Kelly, when asked for a statement relative to the progress being made in this direction, said, "We have received many attractive offers from prominent hotels and orchestras in the Wilkes-Barre district, which are being carefully considered by the committee. Meanwhile, it will be sufficient to say that the committee expects to make selections in this regard which will be in conformity with the high precedent established by previous club dances."

Since this affair marks the close of the club's social festivities for the year, it will be more or less of a farewell dance with six seniors receiving gold keys as a token of the club's respect for their services. The seniors who will be the recipients of these awards are Redington, Kelly, James Gallagher, William McGraw, James O'Connell and Francis Berger.

The members of the club who are assisting Kelly on the committee are O'Connell, Gallagher, William Driscoll, Hubert Gallagher, Arnold Betz, Joseph Noll and William Bruno.

is to be guided by one altogether different.

The first of these talks was given by Rev. Joseph Dougherty, O. S. A., Ph. D., S. T. L., on the explanation of the Mendelian Laws of heredity. Rev. Joseph C. Bartley, O. S. A., Ph. D., S. T. L., will conclude the series on March 20 with a discussion of the present world monetary crisis.

MARY A. SPARROW DIES

Mother of Fr. Sparrow Dies After Long Illness at Rosemont

Mrs. Mary A. Sparrow, mother of Rev. John A. Sparrow, O. S. A., M. A., Litt. D., S. T. L., professor of philosophy in the Arts School, died early last Sunday morning at Rosemont Fr. Sparrow accompanied the body to Lawrence, Mass., Monday night. Burial was held Wednesday from St. Mary's Church, Lawrence.

Fr. Sparrow sang the Solemn High Mass, Rev. John J. Farrell, O. S. A., was deacon, and Rev. Edward V. Stauped, O. S. A., was subdeavon.

Mrs. Sparrow was born 70 years ago in Belfast, Ireland. She spent most of her life in Lawrence, Mass.

Foreign Relations Meeting

A meeting of the Foreign Relations Society will be held Thursday evening in the Mendel Hall reception room at 7 o'clock. All members are requested to attend since assignments will be given out.

Gleanings

Did you know that: Orchids, as W. W. would phrase it, are due those who were responsible for printing the financial statement of the seniors? . . . We have been told that this should be done with all the classes? . . . One member of the court squad has found that his hat is beginning to cramp his head a bit? . . . "Moulin Rouge" and Constance Bennett are to be avoided at all costs? . . . Pugilist Kennedy plays one of the female leads in the Turf and Tinsel show? . . . Those four spiked shoe boys—Fenstemacher, Hickey, Elliott and Kramer—earned all the praise they are receiving? . . . The Villanova Engineer, the magazine we admire more than we admit, scores its second scoop with that letter from the Department of Commerce? . . . First it was the Vigilance Committee and now it looks as if the Blazers were to go out the back door into discard as well? . . . Someone pulled a faux pas by scheduling both the lecture and the Wednesday game for last evening? . . . Frozen ears were so common that this paper didn't even mention it?

Also, reverberations from the Senior Ball are still being heard? . . . News about coaching contracts is as scarce around Villanova as are Buddhists in Brooklyn? . . . Police in a none too distant community are still on the lookout for certain malefactors? . . . St. Valentine's day at Villanova will be remembered very forcibly by more than one student? . . . Eddie Kilbane proves himself invaluable in more than one way? . . . The heat from the photographer's lamps last week was sufficient to make even a Mona Lisa frown? . . . Ray Barratta apparently made the mistake of leading with his face? . . . Walter Huston in "Dodsworth" is to be placed on the list of "you must see!"? . . . Last Thursday and Friday most seniors were exceptionally well dressed, at least from the waist up? . . . Frank Foster seems to have the right to sing the blues? . . . Our perennial friend, Mr. Randour, made the very regrettable error of going into the wrong room the other yawning at the Hollywood Cafe? . . . The words "six months' probation" make the face of a certain student ashen? . . . Of late, "Shipwreck" Kelly has been coming to school alone?

First Lenten Talk Given by Fr. Coan

Continued From Page One

to their families in the evening cold and lifeless in death. Many a child leaves its mother's womb, breathes the first breath of life, and its first breath of life is a gasp of death. For it is appointed unto men once to die, and death is then most certain."

In conclusion, Fr. Coan urged that all college men should keep this ideal of a happy death in mind and that they prepare well for that great day when the cold hand of death will claim each and every one.

Loading a pipe, son,
is like building a fire

"NOW if you want to build a fire you've got to have the right kind of chimney, and you've got to have the right kind of wood, seasoned right and packed right in the fireplace. If you've got all this, it's easy to light up.

"It's pretty near the same way in smoking a pipe. Now if you've got Granger Tobacco—the right kind of pipe tobacco—any old pipe will do.

"And if you put in a pinch at a time and pack it down good and tight—the way to load a pipe—all you need to do is strike a match.

"Granger smokes sweet and cool right down to the bottom of the bowl.

"That's *pipe* comfort, I tell you."

BETA GAMMA BOWS TWICE TO LA SALLE

Both Affirmative and Negative Teams Lose on Question of Medical Aid

La Salle College moved into first place in the standings of the Philadelphia Intercollegiate Debating League by defeating the Beta Gamma debaters of Villanova in a home-and-home contest last Monday night. The decision of the judges was unanimous in awarding the contest to the Philadelphia institution.

La Salle now has ten points against six for Villanova, a lead which the local debaters will find very difficult to overcome.

The question debated was, "Resolved: That there should be a socialization of medical aid." Villanova's affirmative team in the amphitheatre here was composed of Peter Kerr, John Hallahan and Louis Marcote. They were defeated by a negative team consisting of John J. Dougherty, Edward J. Covердale and John Shea.

Two Judges Vote

The judges who officiated at this encounter were E. F. Matthews and Daniel A. Marris. The speakers were introduced by William F. Zell, president of the Villanova Literary Society, who was chairman for the evening.

While Beta Gamma's affirmative trio was being defeated on its home territory, its negative representatives were meeting the same fate at La Salle. Villanova was represented there by Paetrus Banmiller, Francis Bigley and Robert Bouson. The winning orators were Norman P. Harvey, Joseph Crowley and Joseph Flubacher.

Villanova's next league encounter will be with Pennsylvania, while La Salle has to meet Temple. In these contests, if Villanova can triumph, and at the same time the La Salle debaters fall victims to Temple, there will once more be a tie for first position.

Villanova Alumni Sets Dance Date

taken by the alumni body on the constitution of the association. The board of governors approved the report and the constitution was ratified.

A vote of appreciation to Rev. Joseph M. Dougherty, O. S. A., for his lecture was passed by the board. Fr. Dougherty gave the first of a series of talks sponsored by the Alumni Association to interest relatives and friends of the students in the work that is being done by the college.

vious show, the entire cast is looking forward to capacity audiences in the gymnasium during the three evenings it is presented on the campus. Popularly priced seats at fifty and seventy-five cents are believed to be assurances of large crowds.

In addition to elaborate costuming and scenery for the massive stage in the gymnasium, the Villanovans are busily engaged in preparing and rehearsing the musical score of the production.

Arthur Noble, sophomore arts student, comparatively unknown before the footlights at Villanova, has been selected as the male lead. He will be supported in the female leading role by John Butler, a junior from the same school.

Special amplification of the entire production is being considered at the present time by the sponsors.

Although rehearsals are already in progress, Fr. McConville asked the VILLANOVAN to stress the need of two dozen more candidates for the chorus. He emphasized the fact that the less experience one has had in this type of work, the more he will be welcomed into the cast.

Many of the students have been of the opinion that the Turf and Tinsel Club is an organization only for varsity lettermen. Fr. McConville stated that this idea is erroneous, inasmuch as it was originally conceived by the Spike and Shoe Club, and later incorporated into a campus-wide organization without limited membership.

Burke Wins Election For Frosh President

large number of nominees running for office.

Others who were nominated for the office of president included George Fox, Ignatius Wallmeyer, Benedict Maloney, John T. McLaughlin, and John Kopcha.

Those nominated for vice-president included John Horney, John Geraghty, Thomas Maye and Frank Peavey.

Those named for treasurer, besides those in the tie, were Marcel Cailliet and Francis Shealey.

The secretary nominees were John Donovan, Robert Barnes, Henry W. Parkins, Pio Goggi, Edmund Virusky, Edward Kelly and David Allingham.

Both the elections and the nominations were conducted by the members of the Student Council.

Augustinian Guild Will Give Benefit

represent various parts of Philadelphia and vicinity. The sections so far represented are Germantown, Chestnut Hill, Ardmore, Rosemont and all of Philadelphia. The final appointment of committees and selection of committee members will be named at a meeting on Tuesday evening, February 27.

The parents of the scholastics in the sections named have shown great interest and are very willing to help the worthy cause. Within a few days more than 4000 tickets are to be sent to those who are thought to be true friends of the Augustinian Scholastics. It is hoped that all those receiving these tickets will do their utmost to make this occasion successful in proportion to its purpose.

Very Rev. Mortimer A. Sullivan, O. S. A., Provincial, has approved of the plans and has granted permission for the Augustinian priests stationed in this locality to take an active part in the proceedings.

The help and support of all those who are interested in this cause is earnestly solicited. With the cooperation of all the affair cannot help but succeed, and a gala social evening will materialize for all attending.

The Largest user OF FINE TURKISH TOBACCOS

...one reason why Luckies taste better, smoother

In Turkey too, only the finest tobaccos are selected for Lucky Strike—the mildest leaves, the most delicate, the most aromatic. Lucky Strike is the world's largest user of fine Turkish tobaccos. Then these tender, delicate Turkish leaves are blended with choice tobaccos from our own Southland—to make your Lucky Strike a cigarette that is fully packed—so round, so firm—free from loose ends. That's why Luckies taste better, smoother. "It's toasted"—for throat protection—for finer taste.

Direct from the Metropolitan Opera House

Saturday at 1:45 P. M., Eastern Standard Time, over Red and Blue Networks of NBC, LUCKY STRIKE will broadcast the Metropolitan Opera Company of New York in the complete Opera, "Tannhauser."

Sideline Slants

By the Sports Editor

CENTER position on a cage quintet is deemed by some to be of most importance. Height is the essential factor for a good tap-off man, so critics say. All rules must have exceptions, but what we are leading up to is that on the basketball team a certain fellow by the name of Torpey has been holding forth for Doc Jacobs' minions since January of '33. This Torpey stands six feet, or perhaps a trifle over, and his work at the pivot post has been most complimentary. His best feature is that he excels in floor work, a rarity in centers. We might say that he has gotten the tap more times this year than he has missed. Height, in our opinion, is not of prime necessity for a center, because tall athletes do not make the best high jumpers. It's the spring in the legs that counts in the long run. Which reminds us of a story. In New York City there is a school by the name of Trinity, and the athletic director of the school, whose name is Bill Simpson, has hit upon a novel scheme to improve centers. Caught without a ball tap-man he took the best he had, and rigged up a pulley contraption from the ceiling. On the end of the suspended cord was a basketball. Pulling the free end until the ball was about six feet eight inches high, he then made the prospective center jump. After, and if, he succeeds the ball is raised one inch at a time. He keeps it at that height until the center succeeds in tapping it. In this way his improvement is noted and a certain degree of effectiveness is obtained.

• • •

OUR newly - organized swimming team dropped another decision to the same outfit, namely Osteopathy. The statistics show that Villanova again failed to garner any firsts, but in the summary, a wealth of seconds and thirds were chalked up for the 'Cats. However, this did nothing in the way of putting the team in the van, but it at least shows that we have possibilities. One of the best men that we have seen is Johnny Strong. For some reason or other John was absent from the pool during the fall and part of the winter, and now that he has returned we feel that we can expect more of him. Paul Loughlin, it seems, is a diver. We never knew that until we saw him in action. Well, strange things can happen. Coach Gill has the makings of quite a team. At least it seems that way. We said before, if you remember, that more men are needed. That statement still holds true.

• • •

THE baseball battery men are due to start their workouts in the gymnasium in the very near future. Prospects, just as they were last year, are rather bad. The infield, outfield and one-half of the battery are up to par, in fact, they may be deemed a little over par. The one-half of the battery that is missing is the pitching staff. With the absence of Jack Montgomery and George King, Coach Jacobs is hard hit. Tom O'Donnell and Steve Sylvester are the remaining men from last year, but O'Donnell's arm is not as strong as it used to be, and Sylvester is lacking in experience. The team of necessity will have to depend on last year's frosh pitchers. First base will be open, but Mahan will probably fill the vacancy. Second base will be occupied by Captain Stan Wronski, and short probably by Cavanaugh. We say probably. If Toby is able to play, there will be no doubt of his getting the call. Third base will have Frank Skaff, the home run king, as its guardian thus filling up the infield. This combination is as strong as any found in collegiate ranks, at least in this part of the country. Then in the garden there are Jimmy Murphy, Charley Hurlburt, both of whom held down positions regularly last year, Jocko Hurley, Bill Grimberg and perhaps Steve Sylvester. Among the substitute infielders, Tony Zimkus is the most promising. Link Lenzi will undoubtedly be first string catcher with Krajsa filling in. Vaughn, as rumors go, will see the majority of the work in the pitcher's box.

WILDCATS AGAIN BEAT BEARS

OSTEOPATHY BEATS VILLANOVA MERMEN IN SECOND MEETING

Philadelphians Annex First Place in Every Event in New Pool

COACH GILL'S TANK MEN SHOW REAL IMPROVEMENT

Hines and Loughlin Garner Two Places Each for Wildcat Team

In a meet which marked the dedication of Villanova's new swimming pool, the Blue and White lost the decision to Osteopathy in an encore by the two teams. Several weeks ago Villanova was defeated in the Osteopathy pool, and even in home waters they were unable to reverse the decision. This time the score was 37-22.

Ostopathy swept all seven first places and, although Villanova acquired a goodly number of seconds and thirds, this handicap was too great for them to overcome. The Osteopaths started their string of firsts with a victory in the 200-yard relay. The time was 1:47.2. Lubin, Norton, Barnhorst and Hylander made up the winning quartet. Paul Loughlin, of Villanova, garnered the Blue and White's only place in the diving. He was runner-up to Hexter and barely beat out Spanjer, the margin being eight tenths of a point. The winners total was 30.8.

Strong Places Second

Barnhorst's time of 26.1 was good enough to beat out Strong and Hines, Wildcat entrants who finished second and third respectively, for the 50-yard free-style. Lubin contributed his share to the Osteopaths total with a first place in the 100-yard backstroke. John Hosey, Villanova, took second place and finished several yards ahead of Os-

'Cats Oppose Temple in Boxing Bouts Next Friday Night in the Gymnasium

Villanova plans to make its debut in intercollegiate boxing this Friday night against Temple, and the team is rapidly rounding into their best form for this all important struggle. Coach Joe Foley has learned the comparative abilities of all of his charges, and is spending these last few days in polishing up the lads who will see action.

Coach Foley gives the following as the starters in the various weights: Tom Kennedy will get the call in the 115-pound class. Tom is of the crafty type, and will be a hard man to beat; Bobby Haskins in the 125-pound class will have one good advantage. He is gifted with very long arms and will undoubtedly have the reach on most any man in his class; Freddy Meyer, without a doubt Villanova's most finished performer, will certainly make a good showing in the 135-pound class. Fred is tall and rangy, and has a well-trained left hand which carries TNT.

Red Lenzi (himself) will make his presence felt in the 145-pound class. Red is gifted with that wonderful quality—color, and he is an interesting man to watch in a ring. He is cagy and packs a wallop in either mitten.

Either Frank Shealey, fresh from his victory over Ray Murphy, or Ray Mullen will "carry the mail" in the 155's. Shealey is possessed with unlimited energy, and always has plenty left when that last round comes around, while Mullen's claim for fame lies in his ability to fight a good defensive battle.

Johnny Shevlin, basketball star, will represent the Blue and White in the 165-pound class. Shevlin showed quite conclusively in the intra-murals last Friday night that he knows what it's all about. He has the natural gift of fighting, and he has to be hit hard and frequently before he will say "quits."

Tony Salas, who surprised everyone with his great victory over Charley Cox in the intra-murals, will probably battle with Joe Pilconis, of Temple football fame. The star end also does well at boxing, but will have to step to take Salas, probably the hardest puncher on the Villanova squad.

Either Eddie Michaels or Charley Cox will be the man in the unlimited class. Both are well known by the fans and no matter which one is chosen, Villanova will not be disgraced.

TRACKMEN WORK OUT

Outdoor Wooden Track Repaired; Candidates Are Requested

With the four men who starred in the West Virginia meet as a nucleus, the Villanova track squad is continuing to hold daily workouts.

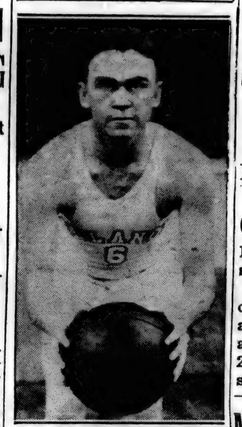
The outdoor wooden track has been repaired and the runners are getting in shape over these boards.

Any members of the student body who are desirous of trying out for the team should report to Coach Reagan any afternoon at the gymnasium.

Football Letters

Today is the last chance for members of the 150-pound and junior varsity teams to obtain letter sweaters. All those desirous of purchasing sweaters should signify their intention to Lincoln Lenzi this afternoon.

Injured Star



Jocko Hurley, lone senior on the Villanova basketball squad, who did not play in the Ursinus game because of an injured ankle which he received in the St. John's game two weeks ago.

Return Game With Ursinus Nets Sixth Villanova Win

Shevlin High Scorer for Blue and White; Breisch, Ursinus Forward, Shows Way, Tallying 14 Points

DUQUESNE IS 'CATS' HARDEST FOE

COLLEGEVILLE, Pa., Feb. 17 — The Villanova basketball team continued on its winning way with the Ursinus Bears, getting its sixth triumph in seven starts by a 39-27 score.

At no time from the very outset was the supremacy of the Blue and White contested. The Villanovans started a steady pounding at the locals' basket and as the whistle announcing the end of the first half blew, the 'Cats had a 27-12 lead. The starting team for the Wildcats was the same as had been used for previous games, with the exception of "Jocko" Hurley, who was kept out so as to be in better shape for the encounter with Villanova's hardest opponents, Duquesne.

"Polly" Breisch, playing a sensational game at forward for the losers, was the high scorer of the fray with a total of 14 points. Four field goals and six completed foul tries made for the high score.

John Shevlin led the victors with 13 points, followed closely by Ben Geraghty who accounted for five field goals and two fouls.

The Jacobsmen played a hard fast game and seemed capable of scoring from almost any position on the floor.

The entire Villanova squad saw action and every combination tried by Coach Jacobs seemed to function almost as smoothly as the previous five.

Fouls Are Plentiful

"Pop" Travers, diminutive guard for the Blue and White, was put out on personal fouls near the middle of the second half, and, as the fouling became more frequent, both coaches lengthened the list of substitutions.

Although the Villanova courtmen had a substantial lead over the Bears, the colorful sharpshooting of "Jocko" Hurley, injured member of the squad was missed by his followers. Hurley, outstanding for his court generalship, was forced to remain on the sidelines because of an injury to his ankle suffered in the game with St. John's College, of Brooklyn.

The results of the Duquesne game, which was played last night in the Villanova gymnasium, were announced too late to be printed in this issue of the paper. The "Dukes," as they are known, have one of the best basketball teams in this section of the country and have been defeated only twice. Their first defeat was at the hands of the powerful University of Pittsburgh five who have listed as their victims Notre Dame on two occasions this season and many other teams of the East and mid-West.

The line-up:

VILLANOVA	G.	F.	P.
Barry, forward	2	0	4
Geraghty, forward	5	2	12

MENDEL HALL TAKES INTRA-MURAL TILT

Meyer Gets Nod Over Lenzi in Close Battle; O'Prey Defeated by Michaels

To the accompaniment of the cheers and boos of almost the entire student body, plus a number of outsiders, Mendel Hall, with its group of scrappy freshmen, won the intra-mural boxing championship for the year 1933-34. The victors amassed a grand total of 42½ points in the evening's encounters, and won handily from Austin Hall, the runner-up, with 30 points and the other four teams involved.

Bobby Haskins and Tom Kennedy, 115-pounders, opened the proceedings with a fast three rounds that left the spectators with the premonition that there was a bit of good fighting to watch. Haskins, representing the Mendel Day Hops, won a close decision over his slightly smaller rival, who fought for the C. and F. Day Hop faction. Bobby's reach was the big factor in his victory.

Eck Trounces Chapple

Johnny Eck, Fedigan Hall, won a disputed decision over Jackie Chapple, Mendel man in the second bout. The first round of this bout produced probably the fastest fighting of the night, and it seemed possible for a time that Chapple would give his more experienced rival a boxing lesson. However, he could not keep his whirlwind pace, and tired in this section of the country and have been defeated only twice. Their first defeat was at the hands of the powerful University of Pittsburgh five who have listed as their victims Notre Dame on two occasions this season and many other teams of the East and mid-West.

The line-up:

VILLANOVA	G.	F.	P.

Murphy the Buffoon

The next tussle that brought enjoyment to the excited spectators turned out to be the most humorous event on the card. Ray "Snatcher" Murphy lost a decision to Frank Shealey in a match that had the fans in an uproar. Murphy supplied the humor in almost every movement he made; crossing his

Continued on Page Eight

--Albright Next Opponent To Face Villanova Five

Iatesta and Hino, Football Stars, Expected to Be in Starting Line-Up Against Wildcats on Friday Night

'CATS HAVE EDGE IN THE SERIES

Iatesta and Hino, well known to football fans, will again see action against the Wildcats when the Villanova basketball team plays Albright at Reading on Friday night.

Albright, a moderately fast club, has a record of five defeats and four victories this season. They stand fifth in the Eastern Intercollegiate League.

In its opening game, Albright dropped the decision to Delaware, being defeated by the score of 49 to 9. However, they redeemed themselves by a string of three decisive wins against Kutztown Teachers, Ursinus, defeated by Villanova last Saturday, and Drexel. Ill luck stalked the Lions when Albright was defeated by F. & M. and twice bowed to Johnny Utz's Muhlenburg five. On February 14, the Lions met Lebanon Valley, winning a close game, 43-42. Their last game with Gettysburg they dropped, losing by a score of 29 to 21. Albright plays a return game with Ursinus on February 21, after which they play the 'Cats on the 23d.

Oslislo a Sharpshooter

It is a coincidence that in the F. & M. game Albright lost a trying contest, 43-42, but in the Lebanon Valley contest, the score was reversed, the Lions winning 43 to 42.

Villanova must watch Jimmy Oslislo, a guard with a sharpshooter's eye, who has run up a formidable total of points. Some of his outstanding tallies were his 16 points against Drexel, and against Lebanon Valley, he accounted for 14 points. Iatesta, a high scoring forward, and his running mate, Hino, are considered as adept in the cage as on the gridiron. Woods, a guard, is a great defensive player who can also manage to account for points. The quintet finishes up with Shiva, the center, who although no serious scoring threat, is a good floor worker.

The Albright-Villanova series began in 1923 when the 'Cats took the Lions by the tail and dealt them a setback. Every alternate year has seen this game with varying results. To date, the records have Villanova winning five and Albright taking three. This ancient rivalry has always resulted in a closely-contested game with the result in doubt until the final gun.

Probable line-up:

Albright		Villanova
Iatesta, forward		Geraghty, forward
Hino, forward		Barry, forward
Shiva, center		Torpey, center
Woods, guard		Shevlin, guard
Oslislo, guard		Hurley or Travis, guard

Swim Meet Saturday

The Villanova swimming team will engage in its third meet this Friday afternoon when West Chester Teachers College sends its representatives to the Villanova pool.

This is to be the first of two encounters between the Wildcats and the Teachers. The second match will be held in West Chester in the Teachers' pool.

'CATS' MEOW

BEFORE we start, let us remind you that this was written before the Duquesne game.

—V—

That 'Cat basketball record of six wins and a close defeat looks very good.

—V—

We hope that by the time you read this it will be seven wins, but in this case "lucky seven" seems the hardest.

—V—

The Osteopaths beat the Wildcats in swimming again.

—V—

Those fellows know the right muscles to work on.

—V—

We notice that no wrestling challenge has been sent to them.

—V—

Some of our grapplers might get a free treatment.

—V—

A burst of intelligence is expected in the classrooms soon.

—V—

The boys are back on the fish diet.

—V—

The suit cleaning business is also booming on the campus.

—V—

You guessed it . . . egg spots.

—V—

Then there also were the boxing bouts.

—V—

The big sports of the week seem to be basketball, swimming, fishbone hunting and egg spotting.

FEDIGAN HALL TIES AUSTIN FOR FIRST IN INTRA-MURALS

Seven Consecutive Victories Aid Gigolos in Contesting Lead With Champions

C&F DAY HOPS LOSE TWO CLOSE GAMES IN A WEEK

Austin In Second Place With Three Wins and One Defeat

Fedigan Hall continued on its winning way in the second half of the intra-mural basketball race by annexing its seventh consecutive win, a 30 to 16 victory over the Mendel Day Hops, and a 51 to 11 victory over the C. & F. Day Hops. The third victory of the week credited to the Gigolos was via the forfeit route with Mendel Hall failing to put in an appearance.

Austin Hall was also a heavy winner during the past week with three victories and a single defeat. The first win was over the Mendel clan by a 19 to 10 count. The second win was a thorough trouncing of the C. & F. Day Hops, 46 to 16. Mendel Day Hops were nosed out in their third game by the close score of 37 to 36. The lone defeat came at the hands of the reigning champions, Alumni Hall. This time Austin came out on the short end of a 22 to 20 score. The scheduled Austin-Fedigan fray was postponed.

Day Hops Win Twice

The Mendel Day Hops earned two wins and dropped three games, victories being scored over C. & F. Day Hops and Mendel Hall. The two Train and Trolley teams battled nip and tuck throughout an entire fray but the old anti-winning jinx continued to hold the Business Men in its grasp and the Mendelites won, 28-26. Another close one was the Mendel Hall game with the Mendel Day Hops, the latter being on the long end of a 28-24 score.

Alumni Hall continued on its winning way taking the Mendel commuters into camp, 42-36. This gives Alumni three victories and no defeats for the opening frays of the second stanza.

Two Halls in Tie

The complete list of victories for the beginning of the second half shows a closer race than was demonstrated for the opening of the intra-murals this season. Fedigan and Alumni Hall are tied for first place, each team having three wins and no defeats.

Austin Hall is next with three wins and only one loss. Mendel Day Hops hold down the fourth position with a total of two wins and three losses.

Mendel Hall and the Commerce and Finance Day Hops are tied for last place with three defeats each. The C. & F. Day Hops, although they are still without a victory, have shown a marked improvement and it is expected that they will furnish good opposition for their opponents in several of the remaining games. The Mendel Hall team showed signs of brilliance several times during the first half and it is to be hoped that this spark will be renewed in the near future so as to make the league race closer.

STUDENT GIVES DISCOURSE ON SOCIALIZED MEDICINE

Francis P. Bigley Denounces Government Control in Arts Seminar

A discourse against governmental control of socialized medicine was delivered by Francis P. Bigley of the School of Arts in the seminar of that school last Thursday. Governmental control of socialized medicine is a theory advocated by the Julius Rosenwald Foundation for Social Medicine and the Rockefeller Institute of Medicine.

Bigley began by saying that the doctor is definitely against governmental control of medical aid because it is a menace to sound medical practice and destroys the progress of medical science. The reason for the failure of governmental controlled medical aid is that the intimate personal relationship of physician and patient is essential for complete relief. It was pointed out that the government should institute in all areas and States research laboratories of preventative medicine and sanitation as it benefits that particular area or type of climate.

Bigley then pointed out the evils of governmental control. A doctor under governmental control shall be classified as a contract or industrial doctor. In that event, he merely would be a job holder.

Questions and objections raised by the audience at the conclusion of the talk were capably answered by the speaker.

In the Limelight

Joe Bastian

THIS week's Limelight had to come sooner or later. Many sports have been played at the Villanova stadium, but behind its confines lurks a person whom the majority of spectators never see. He is the nursemaid of the Wildcats' lair, and when he comes out into the open, he presents a terrifying appearance indeed. His name? Joseph J. Bastian, or "Little Joe," the calliope, the menace of Austin Hall.

Joe first saw the light of day at Albany, New York, which to this day still rues the fact. Vincentian High School was the next in line for Joseph, and treated him well, too well, in fact, for we still maintain that he is just a spoiled kid. As there was no stadium or gymnasium, or as Joe says, "graft," he had no interest in sports.

The fall of the year 1930 was a disastrous one for Villanova indeed. Armed with baggage he arrived in his glory at the station. After having his luggage carried to his room he immediately visited the stadium (by force). Joe claims that on this memorable afternoon his great love was born, and from that time on, he has stayed close to his only "sweetheart."

His first year here was hard. Only two games were played at Villanova, and the remaining games were played at the now forgotten Municipal Stadium. Many a long jaunt, and many car tokens were spent in journeying from the confines of the school to the stadium, but Joe lived through them, much to our disappointment.

The dawn of the sophomore year still found Joe mired in the mud of the stadium, and, throughout the whole year he worked every day and watched it at night. We often wonder how many thousand pounds of lime have passed through his hands. However, Joe claims that 25 miles of chalk marks have been laid by his untiring hands.

Junior year came and went, and Joe still came and went, and then into his capable hands fell the job, his dream, his love. Now he, and he alone, would be in sole charge of his pet, his stadium.

Senior year was the last year of his nursing. Days, happy days, flew by on wings while Joe toiled, slaved and nursed his stadium. The end of the football season was nigh, and the alumni tendered the team a banquet. Speaker after speaker was introduced, all of whom were accustomed to fame. Then like a bolt out of the blue, Al Severance (Bastian claims he paid Al half-a-check to do it) introduced Joe as one of the most deserving fellows in the college. Joe tried to make a speech, but away from his stadium he was a fish out of water.

Joe says that the reason why he went out for the job of stadium manager was that it reminded him of his favorite pastime, the circus—tickets, crowds and dirt. Joe is the best imitator of a calliope south of Albany. The sweet sounds emanating from his throat are lovely, according to the roomers in Austin Hall, especially about 4 o'clock in the morning.

He has no love life, has rubber lungs, but his past has a sinister aspect about it. His favorite hangout is the Zoo, maybe because he feels so much at home there. Sorry, animals.

--Albright Next Opponent To Face Villanova Five

Iatesta and Hino, Football Stars, Expected to Be in Starting Line-Up Against Wildcats on Friday Night

'CATS HAVE EDGE IN THE SERIES

Iatesta and Hino, well known to football fans, will again see action against the Wildcats when the Villanova basketball team plays Albright at Reading on Friday night.

Albright, a moderately fast club, has a record of five defeats and four victories this season. They stand fifth in the Eastern Intercollegiate League.

In its opening game, Albright dropped the decision to Delaware, being defeated by the score of 49 to 9. However, they redeemed themselves by a string of three decisive wins against Kutztown Teachers, Ursinus, defeated by Villanova last Saturday, and Drexel. Ill luck stalked the Lions when Albright was defeated by F. & M. and twice bowed to Johnny Utz's Muhlenburg five. On February 14, the Lions met Lebanon Valley, winning a close game, 43-42. Their last game with Gettysburg they dropped, losing by a score of 29 to 21. Albright plays a return game with Ursinus on February 21, after which they play the 'Cats on the 23d.

Oslislo a Sharpshooter

It is a coincidence that in the F. & M. game Albright lost a trying contest, 43-42, but in the Lebanon Valley contest, the score was reversed, the Lions winning 43 to 42.

Villanova must watch Jimmy Oslislo, a guard with a sharpshooter's eye, who has run up a formidable total of points. Some of his outstanding tallies were his 16 points against Drexel, and against Lebanon Valley, he accounted for 14 points. Iatesta, a high scoring forward, and his running mate, Hino, are considered as adept in the cage as on the gridiron. Woods, a guard, is a great defensive player who can also manage to account for points. The quintet finishes up with Shiva, the center, who although no serious scoring threat, is a good floor worker.

The Albright-Villanova series began in 1923 when the 'Cats took the Lions by the tail and dealt them a setback. Every alternate year has seen this game with varying results. To date, the records have Villanova winning five and Albright taking three. This ancient rivalry has always resulted in a closely-contested game with the result in doubt until the final gun.

Probable line-up:

Albright		Villanova
Iatesta, forward		Geraghty, forward
Hino, forward		Barry, forward
Shiva, center		Torpey, center
Woods, guard		Shevlin, guard
Oslislo, guard		Hurley or Travis, guard

Swim Meet Saturday

The Villanova swimming team will engage in its third meet this Friday afternoon when West Chester Teachers College sends its representatives to the Villanova pool.

This is to be the first of two encounters between the Wildcats and the Teachers. The second match will be held in West Chester in the Teachers' pool.

'CATS' MEOW

BEFORE we start, let us remind you that this was written before the Duquesne game.

—V—

That 'Cat basketball record of six wins and a close defeat looks very good.

—V—

We hope that by the time you read this it will be seven wins, but in this case "lucky seven" seems the hardest.

—V—

The Osteopaths beat the Wildcats in swimming again.

—V—

Those fellows know the right muscles to work on.

—V—

We notice that no wrestling challenge has been sent to them.

—V—

Some of our grapplers might get a free treatment.

—V—

A burst of intelligence is expected in the classrooms soon.

—V—

The boys are back on the fish diet.

—V—

The suit cleaning business is also booming on the campus.

—V—

You guessed it . . . egg spots.

—V—

Then there also were the boxing bouts.

—V—

The big sports of the week seem to be basketball, swimming, fishbone hunting and egg spotting.

FEDIGAN HALL TIES AUSTIN FOR FIRST IN INTRA-MURALS

Seven Consecutive Victories Aid Gigolos in Contesting Lead With Champions

C&F DAY HOPS LOSE TWO CLOSE GAMES IN A WEEK

Austin In Second Place With Three Wins and One Defeat

Fedigan Hall continued on its winning way in the second half of the intra-mural basketball race by annexing its seventh consecutive win, a 30 to 16 victory over the Mendel Day Hops, and a 51 to 11 victory over the C. & F. Day Hops. The third victory of the week credited to the Gigolos was via the forfeit route with Mendel Hall failing to put in an appearance.

Austin Hall was also a heavy winner during the past week with three victories and a single defeat. The first win was over the Mendel clan by a 19 to 10 count. The second win was a thorough trouncing of the C. & F. Day Hops, 46 to 16. Mendel Day Hops were nosed out in their third game by the close score of 37 to 36. The lone defeat came at the hands of the reigning champions, Alumni Hall. This time Austin came out on the short end of a 22 to 20 score. The scheduled Austin-Fedigan fray was postponed.

Day Hops Win Twice

The Mendel Day Hops earned two wins and dropped three games, victories being scored over C. & F. Day Hops and Mendel Hall. The two Train and Trolley teams battled nip and tuck throughout an entire fray but the old anti-winning jinx continued to hold the Business Men in its grasp and the Mendelites won, 28-26. Another close one was the Mendel Hall game with the Mendel Day Hops, the latter being on the long end of a 28-24 score.

Alumni Hall continued on its winning way taking the Mendel commuters into camp, 42-36. This gives Alumni three victories and no defeats for the opening frays of the second stanza.

Two Halls in Tie

The complete list of victories for the beginning of the second half shows a closer race than was demonstrated for the opening of the intra-murals this season. Fedigan and Alumni Hall are tied for first place, each team having three wins and no defeats.

Austin Hall is next with three wins and only one loss. Mendel Day Hops hold down the fourth position with a total of two wins and three losses.

Mendel Hall and the Commerce and Finance Day Hops are tied for last place with three defeats each. The C. & F. Day Hops, although they are still without a victory, have shown a marked improvement and it is expected that they will furnish good opposition for their opponents in several of the remaining games. The Mendel Hall team showed signs of brilliance several times during the first half and it is to be hoped that this spark will be renewed in the near future so as to make the league race closer.

STUDENT GIVES DISCOURSE ON SOCIALIZED MEDICINE

Francis P. Bigley Denounces Government Control in Arts Seminar

A discourse against governmental control of socialized medicine was delivered by Francis P. Bigley of the School of Arts in the seminar of that school last Thursday. Governmental control of socialized medicine is a theory advocated by the Julius Rosenwald Foundation for Social Medicine and the Rockefeller Institute of Medicine.

Bigley began by saying that the doctor is definitely against governmental control of medical aid because it is a menace to sound medical practice and destroys the progress of medical science. The reason for the failure of governmental controlled medical aid is that the intimate personal relationship of physician and patient is essential for complete relief. It was pointed out that the government should institute in all areas and States research laboratories of preventive medicine and sanitation as it benefits that particular area or type of climate.

Bigley then pointed out the evils of governmental control. A doctor under governmental control shall be classified as a contract or industrial doctor. In that event, he merely would be a job holder.

Questions and objections raised by the audience at the conclusion of the talk were capably answered by the speaker.

In the Limelight

THIS week's Limelight had to come sooner or later. Many sports have been played t the Villanova stadium, but behind its confines lurks a person whom the majority of spectators never see. He is the nursemaid of the Wildcats' lair, and when he comes out into the open, he presents a terrifying appearance indeed. His name? Joseph J. Bastian, or "Little Joe," the calliope, the menace of Austin Hall.

Joe Bastian

Joe first saw the light of day at Albany, New York, which to this day still rues the fact. Vincentian High School was the next in line for Joseph, and treated him well, too well, in fact, for we still maintain that he is just a spoiled kid. As there was no stadium or gymnasium, or as Joe says, "graft," he had no interest in sports.

The fall of the year 1930 was a disastrous one for Villanova indeed. Armed with baggage he arrived in his glory at the station. After having his luggage carried to his room he immediately visited the stadium (by force). Joe claims that on this memorable afternoon his great love was born, and from that time on, he has stayed close to his only "sweetheart."

His first year here was hard. Only two games were played at Villanova, and the remaining games were played at the now forgotten Municipal Stadium. Many a long jaunt, and many car tokens were spent in journeying from the confines of the school to the stadium, but Joe lived through them, much to our disappointment.

The dawn of the sophomore year still found Joe mired in the mud of the stadium, and, throughout the whole year he worked every day and watched it at night. We often wonder how many thousand pounds of lime have passed through his hands. However, Joe claims that 25 miles of chalk marks have been laid by his untiring hands.

Junior year came and went, and Joe still came and went, and then into his capable hands fell the job, his dream, his love. Now he, and he alone, would be in sole charge of his pet, his stadium.

Senior year was the last year of his nursing. Days, happy days, flew by on wings while Joe toiled, slaved and nursed his stadium. The end of the football season was nigh, and the alumni tendered the team a banquet. Speaker after speaker was introduced, all of whom were accustomed to fame. Then like a bolt out of the blue, Al Severance (Bastian claims he paid Al half-a-check to do it) introduced Joe as one of the most deserving fellows in the college. Joe tried to make a speech, but away from his stadium he was a fish out of water.

Joe says that the reason why he went out for the job of stadium manager was that it reminded him of his favorite pastime, the circus—tickets, crowds and dirt. Joe is the best imitator of a calliope south of Albany. The sweet sounds emanating from his throat are lovely, according to the roomers in Austin Hall, especially about 4 o'clock in the morning.

He has no love life, has rubber lungs, but his past has a sinister aspect about it. His favorite hangout is the Zoo, maybe because he feels so much at home there. Sorry, animals.

MENDEL HALL TAKES INTRA-MURAL TILT

Meyer Gets Nod Over Lenzi in Close Battle; O'Prey Defeated by Michaels

Continued From Page Five

legs while resting in his corner in the intermissions between rounds, continually asking the timer how much of the round remained, and his habit of stopping in the midst of the fighting to walk around the ring all kept the crowd laughing. However, Murphy wasted too much time clowning, and Shealey fought seriously to win in a walk.

One of the feature bouts of the night came off as the next event and the two participants lived up to all advance notices. Freddy Meyer, 138, won the nod over game little Reds Lenzi in a savage battle that worked the already enthusiastic crowd into a frenzy. Meyer's superior ring generalship, and his advantage of height, was the margin of victory. Lenzi held Freddy off in the first two settees, but the third round almost brought extinction for Red. He was batted from pillar to post and only his experience saved him from a knockout.

Shevlin Wins Match

Johnny Shevlin, basketball star, showed his ability in another field with a clear-cut decision over Ray Mullen. Shevlin won almost as he pleased, and his speed and punching power overshadowed Mullen's gritty stand.

Frank Estrada, Fedigan Hall, lost a close decision to Jim Fleming in the first bout that brought the heavy boys before the crowd. Fleming's style of continuous coming in was more than enough to overcome Estrada's long reach, and the decision was a fair one.

Salas Bumps Cox

Good old Charley Cox met his nemesis in the 175-pound class in Tony Salas, a freshman who shows promise. Salas' left hand was constantly in Cox's face, and the few "hay-makers" that Charley attempted were taken on the arms and shoulders. Both boys punched like mules and mixed it up during the entire fight. The decision was popular with the crowd.

Eddie Michaels, of football fame, won the last match on the card with a unanimous decision over Bill O'Prey. Mike stored his right hand throughout the proceedings, waiting for an opening, but O'Prey luckily (for himself) was able to move around with sufficient speed to keep away from the "killer."

An added attraction to the card was a wrestling exhibition involving Don Blanchard and Ed Sullivan. The two put on a great show for about 20 minutes, and at the conclusion it was called a draw.

CHALLENGES ARE ISSUED BY WILDCAT GOLF TEAM

Walter Alessandroni, Former Team Manager, Resigns; Marechal Appointed to New Post

The Villanova golf team launched its campaign for a schedule last week. Challenges are being sent to all the colleges in this vicinity and several country clubs.

The Boston College golf team, which has several matches in this vicinity, has asked for a match but no definite date has been set. The first match will be held immediately following the Easter holidays and in the event that there is not enough time for an annual tournament, members of the last year's team will make up the combination for the opening matches. However, a tournament will be held as soon as weather conditions permit and all students are eligible to compete.

Walter Alessandroni, former manager of the team, resigned because of outside employment and Louis Marechal, a junior in the School of Commerce, was appointed in his place.

To date letters have been sent to Swarthmore, Haverford, Temple, Osteopathy, Drexel and West Chester Teachers. Several nearby golf clubs will be challenged within the next week.

Osteopathy Beats Villanova Mermen

Continued From Page Five

troff, another rival. The time was 1:19.6.

Norton won first place in the 220-yard free-style in the fine time of 2.47.2 and defeated with ease Harry White and Fat Foley, the Blue and White entrants, who finished second and third. Norton led all the way and seemed to have plenty left at the end. Villanova also managed to get second and third places in the 100-yard breaststroke which went to Spanjer; Frank O'Hara, freshman, nipped Paul Loughlin in the stretch and took second. The winner's time was 1.22.

The final event on the card was the 100-yard free-style. Hylander, Osteopathy, took first in 61.2 seconds. Hines and Coyle, of Villanova, were unable to break through for their team's much desired first place and took second and third respectively.

200-yard relay: First, Osteopathy (Lubin, Norton, Barnhorst, and Hylander); second, Villanova (McGee, Coyle, White, Strong). Time: 1:47.2.

Diving: First, Hexter, Osteopathy, 30.8 points; second, Laughlin, Villanova, 25.8 points; third, Spanjer, Osteopathy, 25.0 points.

50-yard free-style: First, Barnhorst, Osteopathy; second, Strong, Villanova; third, Hines, Villanova. Time: 26.1.

100-yard breaststroke: First, Lubin, Osteopathy; second, Hosey, Villanova; third, Ostroff, Osteopathy. Time: 1.19.6.

220-yards: First, Norton, Osteopathy; second, White, Villanova; third, Foley, Villanova. Time: 2.47.2.

100-yard breaststroke: First, Spanjer, Osteopathy; second, O'Hara, Villanova; third, Loughlin, Villanova. Time: 1.22.

100-yard free-style: First, Hylander, Osteopathy; second, Hines, Villanova; third, Coyle, Villanova. Time: 61.2.

FRESHMEN FOILED BY URSINUS FROSH

Villanova Yearlings Suffer Second Loss to Cubs at Collegeville

Collegeville, Pa., Feb. 17.

The Villanova freshman basketball team playing in the preliminary game to the varsity encounter with Ursinus, was again conquered by the Bear Cubs by a 32 to 21 score.

The Kittens were determined to even the current series with the Ursinus Frosh and make up for the defeat handed to them on their own floor, and for half of the game it appeared that they might accomplish their aim, but the second half proved too much and the visitors dropped their second game of the year to the Cubs.

The first half of the fray was nip and tuck with first one team and then the other registering tallies. When the first-half whistle blew the Kittens were only two points behind, but in the second half Ursinus put on more steam and slowly pulled away from the Main Line yearlings, the final score being 32 to 21.

Fiske, playing forward for the Cubs, was the high scorer, tallying six field goals and a foul for a total of 13 points. Galazin led the Blue and White with seven points. The line-up:

URSINUS FROSH	G.	F.	P.
Fiske, forward	6	1	13
Lauer, forward	4	3	11
Tweedsyio, center	1	0	2
Quay, guard	2	0	4
Costello, guard	0	5	5
Totals	13	6	32

VILLANOVA FROSH	G.	F.	P.
Schippmeyer, forward	2	0	4
Pickie, forward	0	0	0
Germac, forward	1	3	5
Galazin, center	3	1	7
Gopcha, guard	0	0	0
Maximoris, guard	0	3	3
Robinson, guard	2	0	4
Totals	8	5	21

Score at halftime — Ursinus, 13; Villanova, 11. Referee—Zimmerman.

Cast Meeting

Each year Turkey and Greece ship us thousands of bales of fine tobaccos—

But why send 4,000 miles for tobacco?

...because spicy, aromatic Turkish is the best seasoning there is for a cigarette.

It adds something to flavor and aroma that no other tobacco can give.

Chesterfield uses Turkish tobacco—from Samsoun, Smyrna, Cavalla and Xanthi.

Then it blends and cross-blends them with various kinds of choice home-grown tobaccos in the right balance to give you a cigarette that's milder, a cigarette that tastes better.

A leaf of Turkish tobacco—smaller than the palm of your hand—800 or more to the pound. There are many thousands of these leaves in each of these bales below, ready for shipment to America.

BETA GAMMA FACES PENN HERE TONIGHT IN LEAGUE CONTEST

Villanova Debaters Oppose Quakers on Government Bank Ownership

The Beta Gamma debating chapter of the Villanova Literary Society plans to meet the University of Pennsylvania in a home-and-home contest tonight on the question, "Resolved: That the Federal Government should own and operate all banking institutions in the United States." The debate is to be held under the auspices of the Philadelphia Intercollegiate Debating League.

Villanova will be represented by an affirmative team composed of Francis Bigley, Roberts Bouson and Martin Donnelly, and by a negative team consisting of Charles Goggi, Francis McGinley and R. Martinez Alvarez.

The debate here at the college will take place in the amphitheatre in Mendel Hall and will begin at 8.30 P. M.

Two Debates Cancelled

Debating contests with the University of Pittsburgh and with the University of Dayton, both of which were scheduled for next month, have had to be cancelled because of the resignation from the society of Paetrus F. Banmiller.

Banmiller, who is a junior in the Engineering School, was to participate in both these encounters, but because of the heavy scholastic schedule he is carrying he feels he would not be able to give debating the amount of time and attention it requires.

The teams which will participate in the remaining debates were subsequently announced by Joseph T.

2 CONTESTS CANCELLED WITH DAYTON AND PITT

Five Encounters Are Listed Before Intercollegiate Season Terminates

ADVANCED SPANISH MAY BE INTRODUCED

Will Give Education Students Opportunity to Receive State Certificates

According to latest developments, the School of Commerce and Finance plans to offer an extra course in advanced Spanish next semester. This proposed course will be added to the college curriculum in order to give the required amount of credit hours to students majoring in education, so that they may receive a State certificate, which enables the recipient to teach Spanish in secondary schools.

Previous to this proposal, students of education were not able to receive a teaching certificate because they were only able to receive 12 credit hours, and in the State of Pennsylvania 18 credit hours are required.

To Have Added Features

This course in advanced Spanish is offered by many other colleges, but it is not presented to the students as it will be taught at Villanova. The course will consist of advanced Spanish with a few added features. These features will include the various methods of teaching Spanish in an effective way so as to enable the students to have a

Continued on Page Seven

Former Students Prove Heroism of Sea and Air

Lieut. J. J. Kelley, '31, Carries First Mail Under U. S. Army Supervision; Thoman Flashes S. O. S. Message

Two former Villanova students wended their way into the Hall of Fame during the past week. Lieutenant Joseph J. Kelley piloted the first army air-mail plane to arrive at Camden Airport to inaugurate the new service and Charles (Sparks) Thoman emerged as one of the heroes of the northeaster that roared down the New England Coast last Monday and Tuesday.

Lieutenant Kelley, who graduated in 1931, had the distinction of being the first pilot to land at Camden, when on Monday he took off from the Newark Airport with the first load of the new service that displaces the commercial companies.

Thoman, a radio operator on the coastwise collier, Northern Sword, spent 48 hours of operating, sending S. O. S. messages to surrounding steamers, while his vessel was on the rocks off Winthrop Head at the height of the blizzard on Monday and Tuesday.

Kelley a Football Star

For three years, Kelley was a member of the football team at Villanova, and spent four years as a runner on the track squad. After graduating in 1931 he went to the Air Corps Flying School from which he graduated three years ago. His attempts to secure a position in the commercial air-mail service were unsuccessful, and he decided to enlist for nine additional months in the army service.

When the order came for the army to prepare for the displacing of the commercial companies, Kelley was chosen to operate on the route from Newark to Philadelphia. If he had been successful in obtaining work with the displaced companies, he would, in all probability, have been released. As it happened, he is now seeing regular service with the army.

Thoman Active in Radio Work

Thoman, a nephew of track coach, Bob Reagan, entered Villanova in 1930, and played as a regular on the Freshman football team of that year. In his sophomore year, he was second string center, and continued in that position until he left the college a season later. His interest in radio led him to rebuild the college radio department in his last year here. Obtaining employment he left school to be radio operator at Station WFI in Philadelphic. He also installed the first amplification system to be used in the stadium for the announcing of the games.

Trouble on the Northern Sword first became serious Monday night when the starboard anchor chain parted. At 6.20, Tuesday morning, the ship hit a reef, and the third officer gave Thoman orders to send out the S. O. S.

Although the ship was only approximately 100 yards off shore, the terrific force of the storm prevented the Coast Guard from reaching it. However, an ebb in the tide took the ship out of danger.

It was Thoman's first experience at sending an S. O. S.

STUDENT SUPPORT ASKED BY SOCIETY

Catholic Press Apostolate Is Planning Collection on Friday, March 2

An appeal was made to the resident students of the college last Sunday for the support of the collection which will be taken up at the college Mass on Friday, the first Friday of March. The proceeds of this collection will be used to alleviate the deficit which has resulted from the sale of booklets from the pamphlet racks.

From the beginning of the school year in September to the close of the first semester 2466 pamphlets were placed in the racks. Of these 444 booklets, representing an initial cost of $27.30, were taken from the racks. The return from these pamphlets has been $17.44, leaving a deficit of $9.86. When this loss is added to the $19.76 deficit of last year, there is quite a considerable sum left to be written off the books.

Variety Offered

The pamphlet racks in the Church vestibule were designed to hold a variety of at least 36 pamphlets, while the one in the day students' recreation room holds at least 18 different pamphlets. Several copies of each pamplet are provided. They are changed weekly and range in price from five to ten cents.

The racks are filled with pamphlets selected from a reserve consisting of a variety of more than 200 pamphlets. They are purchased from seven reliable publishers, including the Paulist Press, the Queen's Work, the International Catholic Truth Society and others. Only those pamphlets are selected which are believed to be of interest to the student body.

A few of the subjects treated by the pamphlets are: Mass, the Sacraments, Confession, Holy Commun-

LETTER FACSIMILE HELD BY LIBRARY

George Washington's Missive Rues Passage of His Dancing Days

Villanova College is the possesor of a facsimile of the historic letter written by George Washington to the committee in charge of the assemblies in Alexandria in which the first President expressed his belief that, because of his declining years, he was forced to forego the pleasure of dancing, and he felt that his dancing days were over.

In this missive Washington expressed his regrets at his inability to attend the function by saying that he felt that he could not take active part in such affairs any longer.

The letter, written in a clear and legible hand, was dated November 12, 1799. It is probably one of the last ever written by him as his fatal illness came to a serious stage shortly afterwards.

Text of Letter

The letter, which is written entirely in the handwriting of Washington, reads as follows:

Mount Vernon, 12th Nov., 1799.

Gentlemen:

Mrs. Washington and myself have been honored with your polite invitation to the assemblies in Alexandria, this winter; and thank you for this mark of your attention. But alas! our dancing days are no more;—we wish, however, all those who relish for so agreeable, and innocent an amusement, all the pleasure the season will afford them,—and I am

Gentlemen

Your Most Obedient and Obliged Humble Servant,

(Signed) G. WASHINGTON.

Cordiali Requests Frosh to Watch for Election News

Leo Cordiali, Student Council chairman, said yesterday that all members of the class of 1937 should pay particular attention to the bulletin boards during the present week because an announcement will be made about the running of another election for the office of treasurer of the Freshman Class. Last week, the balloting of the members of the class resulted in a tie vote between two aspirant to the treasurership.

Because the members of the Sophomore Class have failed to file a nomination petition with the Student Council for another election to place a member of the second-year group in the governing body, the chairman said that he is unable at present to set a definite date for the occasion.

COMMITTEES NAMED FOR MODEL LEAGUE

Members of Foreign Relations Group Are Preparing Now for Bucknell Parley

Assignments of discussion committees for the Intercollegiate Model League of Nations Assembly were made at the last meeting of the Foreign Relations Society.

There will be three committees, which will be composed as follows: Committee on the Revision of Treaties, Charles P. Goggi and Rafael Martinez Alvarez; Committee of Twenty-One on the Sino-Japanese Situation, John J. Stell, Phillip Murray and Joseph Arthur; Committee on Technical Changes, Raymond J. Harter and Robert A. Geist.

The Committee on the Revision of Treaties will be concerned with the reconsideration of the Versailles Treaty, the Treaty of St. Germain and other international pacts with the viewpoint of making them more suitable to the present-day conditions.

Will Discuss Japan

The Committee of Twenty-One on the Sino-Japanese situation will be concerned with the resignation of Japan from the League of Nations. It will be necessary first to decide if Japan has fulfilled her international obligations, and, if not, whether she is justified in leaving the League without first fulfilling them.

The third committee, that on Technical Changes, will discuss the minorities situation in the European countries affected by war treaties with the viewpoint of establishing a Permanent Minorities Commission in the League of Nations.

To Be Held at Bucknell

Both Goggi and Harter, who took active parts in last year's convention at Lehigh University, will be on hand for this year's assembly.

CLUB GETS RATING

Civil Engineering Group Honored by National Headquarters

It was announced at the recent meeting of the Villanova College chapter of the American Society of Civil Engineers, held last Friday, that the local organization has received a Grade "A" rating from the national headquarters in New York. The award is presented annually to those organizations which perform outstanding work in the field of civil engineering.

A motion picture describing the problems encountered in coal mining, was presented by the civil engineers, at the meeting of the Phi Kappa Pi held yesterday in the amphitheatre.

The members of the organization have been invited by the Underpinning and Foundation Company, to inspect some of the work done by that company on the City Hall, in Philadelphia.

AWARDS FOR MERIT GIVEN TO STUDENTS IN GOOD STANDING

Rev. E. V. Stanford, O. S. A., Gives Talk to Entire Student Body in C&F Auditorium

90 EARN CERTIFICATES DURING FIRST SEMESTER

Many Are Declared Ineligible on Account of Poor Scholastic Work

First semester Merit Awards were given this morning to those students who have distinguished themselves in extra-curricular activities and who enjoy a good scholastic standing.

The entire faculty and the student body were present at the assembly. Very Rev. Edward V. Stanford, O. S. A., president of the college, opened the ceremonies with an invocation followed by a brief talk on the importance of the awards. He explained they had a three-fold purpose behind them. The primary one being to encourage extra-curricular activities and widen participation in them. The second of these being to recognize individual initiative in these activities, while the final purpose was that of making accomplishment in the field of extra-curricular activities a matter of permanent record.

Names Read by Fr. Albers

The Rev. Bernard M. Albers, O. S. A., vice-president of the college, who is largely responsible for the inception and completion of the new awards, read the names of those students who received the certificates after Fr. Stanford had finished his address.

Only activities which have been completed or which require sustained effort throughout the year are included at this assembly. Awards for the various intra-mural and major and minor sports, dramatics, debating, year-book, and other ac-

ENGINEERS' GROUP PLANS ACTIVITIES

Annual Initiation Exercises of P. K. P. Fraternity to Be Held March 15

As has been the custom for the past years the time has come for the engineers to get together and to discuss and contrive various means of initiating the new candidates into the engineering fraternity.

The night when the prospective candidates will assemble in one of the laboratories in Mendel Hall for the formal initiation has been set for Thursday, March 15.

Immediately after chapel services, the fraternity members will assemble to witness the induction of the neophytes according to a formal ritual of the organization. Preparations will be started within the next week for this gala occasion.

Not only the faculty members of the School of Technology but also the active members of the alumni formerly associated with the fraternity are invited.

McGowan Heads Committee

Daniel McGowan, '35, has been appointed chairman of the membership committee. His assistants are Blexl J. Tofani, '35, assistant chairman; Melvin Gordesky, '35; John F. Schiotterback, '36; John A. O'Hara, '36, and James T. Allen, '36.

The initiation committee will

MENDEL HALL TAKES INTRA-MURAL TILT

Meyer Gets Nod Over Lenzi in Close Battle; O'Prey Defeated by Michaels

Continued From Page Five

legs while resting in his corner in the intermissions between rounds, continually asking the timer how much of the round remained, and his habit of stopping in the midst of the fighting to walk around the ring all kept the crowd laughing. However, Murphy wasted too much time clowning, and Shealey fought seriously to win in a walk.

One of the feature bouts of the night came off as the next event and the two participants lived up to all advance notices. Freddy Meyer, 138, won the nod over game little Reds Lenzi in a savage battle that worked the already enthusiastic crowd into a frenzy. Meyer's superior ring generalship, and his advantage of height, was the margin of victory. Lenzi held Freddy off in the first two settees, but the third round almost brought extinction for Red. He was batted from pillar to post and only his experience saved him from a knockout.

Shevlin Wins Match

Johnny Shevlin, basketball star, showed his ability in another field with a clear-cut decision over Ray Mullen. Shevlin won almost as he pleased, and his speed and punching power overshadowed Mullen's gritty stand.

Frank Estrada, Fedigan Hall, lost a close decision to Jim Fleming in the first bout that brought the heavy boys before the crowd. Fleming's style of continuous coming in was more than enough to overcome Estrada's long reach, and the decision was a fair one.

Salas Bumps Cox

Good old Charley Cox met his nemesis in the 175-pound class in Tony Salas, a freshman who shows promise. Salas' left hand was constantly in Cox's face, and the few "hay-makers" that Charley attempted were taken on the arms and shoulders. Both boys punched like mules and mixed it up during the entire fight. The decision was popular with the crowd.

Eddie Michaels, of football fame, won the last match on the card with a unanimous decision over Bill O'Prey. Mike stored his right hand throughout the proceedings, waiting for an opening, but O'Prey luckily (for himself) was able to move around with sufficient speed to keep away from the "killer."

An added attraction to the card was a wrestling exhibition involving Don Blanchard and Ed Sullivan. The two put on a great show for about 20 minutes, and at the conclusion it was called a draw.

CHALLENGES ARE ISSUED BY WILDCAT GOLF TEAM

Walter Alessandroni, Former Team Manager, Resigns; Marechal Appointed to New Post

The Villanova golf team launched its campaign for a schedule last week. Challenges are being sent to all the colleges in this vicinity and several country clubs.

The Boston College golf team, which has several matches in this vicinity, has asked for a match but no definite date has been set. The first match will be held immediately following the Easter holidays and in the event that there is not enough time for an annual tournament, members of the last year's team will make up the combination for the opening matches. However, a tournament will be held as soon as weather conditions permit and all students are eligible to compete.

Walter Alessandroni, former manager of the team, resigned because of outside employment and Louis Marechal, a junior in the School of Commerce, was appointed in his place.

To date letters have been sent to Swarthmore, Haverford, Temple, Osteopathy, Drexel and West Chester Teachers. Several nearby golf clubs will be challenged within the next week.

Osteopathy Beats Villanova Mermen

Continued From Page Five

troff, another rival. The time was 1:19.6.

Norton won first place in the 220-yard free-style in the fine time of 2.47.2 and defeated with ease Harry White and Fat Foley, the Blue and White entrants, who finished second and third. Norton led all the way and seemed to have plenty left at the end. Villanova also managed to get second and third places in the 100-yard breaststroke which went to Spanjer; Frank O'Hara, freshman, nipped Paul Loughlin in the stretch and took second. The winner's time was 1.22.

The final event on the card was the 100-yard free-style. Hylander, Osteopathy, took first in 61.2 seconds. Hines and Coyle, of Villanova, were unable to break through for their team's much desired first place and took second and third respectively.

200-yard relay: First, Osteopathy (Lubin, Norton, Barnhorst, and Hylander); second, Villanova (McGee, Coyle, White, Strong). Time: 1.47.2.

Diving: First, Hexter, Osteopathy, 30.8 points; second, Laughlin, Villanova, 25.8 points; third, Spanjer, Osteopathy, 25.0 points.

50-yard free-style: First, Barnhorst, Osteopathy; second, Strong, Villanova; third, Hines, Villanova. Time: 26.1.

100-yard breaststroke: First, Lubin, Osteopathy; second, Hosey, Villanova; third, Ostroff, Osteopathy. Time: 1.19.6.

220-yards: First, Norton, Osteopathy; second, White, Villanova; third, Foley, Villanova. Time: 2.47.2.

100-yard breaststroke: First, Spanjer, Osteopathy; second, O'Hara, Villanova; third, Loughlin, Villanova. Time: 1.22.

100-yard free-style: First, Hylander, Osteopathy; second, Hines, Villanova; third, Coyle, Villanova. Time: 61.2.

FRESHMEN FOILED BY URSINUS FROSH

Villanova Yearlings Suffer Second Loss to Cubs at Collegeville

Collegeville, Pa., Feb. 17.

The Villanova freshman basketball team playing in the preliminary game to the varsity encounter with Ursinus, was again conquered by the Bear Cubs by a 32 to 21 score.

The Kittens were determined to even the current series with the Ursinus Frosh and make up for the defeat handed to them on their own floor, and for half of the game it appeared that they might accomplish their aim, but the second half proved too much and the visitors dropped their second game of the year to the Cubs.

The first half of the fray was nip and tuck with first one team and then the other registering tallies. When the first-half whistle blew the Kittens were only two points behind, but in the second half Ursinus put on more steam and slowly pulled away from the Main Line yearlings, the final score being 32 to 21.

Fiske, playing forward for the Cubs, was the high scorer, tallying six field goals and a foul for a total of 13 points. Galazin led the Blue and White with seven points. The line-up:

URSINUS FROSH	G.	F.	P.
Fiske, forward	6	1	13
Lauer, forward	4	0	8
Tweelzyelo, center	1	0	2
Quay, guard	2	0	4
Costello, guard	0	5	5
Totals	13	6	32

VILLANOVA FROSH	G.	F.	P.
Schippmeyer, forward	2	0	4
Pickle, forward	0	0	0
Germac, forward	1	1	3
Galazin, center	3	1	7
Gopcha, guard	0	0	0
Maximovitz, guard	2	0	4
Robinson, guard	2	0	4
Totals	8	5	21

Score at halftime—Ursinus, 13; Villanova, 11. Referee—Zimmerman.

Cast Meeting

A meeting of the entire cast of the new musical comedy, "Let's Go Places," has been called by Rev. Bernard McConville, O. S. A., moderator of the Turf and Tinsel Club, for tomorrow evening in the gymnasium at 7.30 o'clock.

Each year Turkey and Greece ship us thousands of bales of fine tobaccos—

But why send 4,000 miles for tobacco?

...because spicy, aromatic Turkish is the best seasoning there is for a cigarette. It adds something to flavor and aroma that no other tobacco can give.

Chesterfield uses Turkish tobacco—from Samsoun, Smyrna, Cavalla and Xanthi.

Then it blends and cross-blends them with various kinds of choice home-grown tobaccos in the right balance to give you a cigarette that's milder, a cigarette that tastes better.

A leaf of Turkish tobacco—smaller than the palm of your hand—800 or more to the pound. There are many thousands of these leaves in each of these bales below, ready for shipment to America.

Debate Tonight With U. of P. In Amphitheatre At 8.30 P. M. Topic Is Of Current Interest

Vol. 6—No. 17 VILLANOVA, PA., TUESDAY, FEBRUARY 27, 1934 Price: Five Cents

BETA GAMMA FACES PENN HERE TONIGHT IN LEAGUE CONTEST

Villanova Debaters Oppose Quakers on Government Bank Ownership

2 CONTESTS CANCELLED WITH DAYTON AND PITT

Five Encounters Are Listed Before Intercollegiate Season Terminates

The Beta Gamma debating chapter of the Villanova Literary Society plans to meet the University of Pennsylvania in a home-and-home contest tonight on the question, "Resolved: That the Federal Government should own and operate all banking institutions in the United States." The debate is to be held under the auspices of the Philadelphia Intercollegiate Debating League.

Villanova will be represented by an affirmative team composed of Francis Bigley, Roberts Bouson and Martin Donnelly, and by a negative team consisting of Charles Goggi, Francis McGinley and R. Martinez Alvarez.

The debate here at the college will take place in the amphitheatre in Mendel Hall and will begin at 8.30 P. M.

Two Debates Cancelled

Debating contests with the University of Pittsburgh and with the University of Dayton, both of which were scheduled for next month, have had to be cancelled because of the resignation from the society of Paetrus F. Banmiller.

Banmiller, who is a junior in the Engineering School, was to participate in both these encounters, but because of the heavy scholastic schedule he is carrying he feels he would not be able to give debating the amount of time and attention it requires.

The teams which will participate in the remaining debates were subsequently announced by Joseph T.

ADVANCED SPANISH MAY BE INTRODUCED

Will Give Education Students Opportunity to Receive State Certificates

According to latest developments, the School of Commerce and Finance plans to offer an extra course in advanced Spanish next semester. This proposed course will be added to the college curriculum in order to give the required amount of credit hours to students majoring in education, so that they may receive a State certificate, which enables the recipient to teach Spanish in secondary schools.

Previous to this proposal, students of education were not able to receive a teaching certificate because they were only able to receive 12 credit hours, and in the State of Pennsylvania 18 credit hours are required.

To Have Added Features

This course in advanced Spanish is offered by many other colleges, but it is not presented to the students as it will be taught at Villanova. The course will consist of advanced Spanish with a few added features. These features will include the various methods of teaching Spanish in an effective way so as to enable the students to have a

Former Students Prove Heroism of Sea and Air

Lieut. J. J. Kelley, '31, Carries First Mail Under U. S. Army Supervision; Thoman Flashes S. O. S. Message

Two former Villanova students wended their way into the Hall of Fame during the past week. Lieutenant Joseph J. Kelley piloted the first army air-mail plane to arrive at Camden Airport to inaugurate the new service and Charles (Sparks) Thoman emerged as one of the heroes of the northeaster that roared down the New England Coast last Monday and Tuesday.

Lieutenant Kelley, who graduated in 1931, had the distinction of being the first pilot to land at Camden, when on Monday he took off from the Newark Airport with the first load of the new service that displaces the commercial companies.

Thoman, a radio operator on the coastwise collier, Northern Sword, spent 48 hours of operating, sending S. O. S. messages to surrounding steamers, while his vessel was on the rocks off Winthrop Head at the height of the blizzard on Monday and Tuesday.

Kelley a Football Star

For three years, Kelley was a member of the football team at Villanova, and spent four years as a runner on the track squad. After graduating in 1931 he went to the Air Corps Flying School from which he graduated three years ago. His attempts to secure a position in the commercial air-mail service were unsuccessful, and he decided to enlist for nine additional months in the army service.

When the order came for the army to prepare for the displacing of the commercial companies, Kelley was chosen to operate on the route from Newark to Philadelphia. If he had been successful in obtaining work with the displaced companies, he would, in all probability, have been released. As it happened, he is now seeing regular service with the army.

Thoman Active in Radio Work

Thoman, a nephew of track coach, Bob Reagan, entered Villanova in 1930, and played as a regular on the Freshman football team of that year. In his sophomore year, he was second string center, and continued in that position until he left the college a season later. His interest in radio led him to rebuild the college radio department in his last year here. Obtaining employment he left school to be radio operator at Station WFI in Philadelphia. He also installed the first amplification system to be used in the stadium for the announcing of the games.

Trouble on the Northern Sword first became serious Monday night when the starboard anchor chain parted. At 6.20, Tuesday morning, the ship hit a reef, and the third officer gave Thoman orders to send out the S. O. S.

Although the ship was only approximately 100 yards off shore, the terrific force of the storm prevented the Coast Guard from reaching it. However, an ebb in the tide took the ship out of danger.

It was Thoman's first experience at sending an S. O. S.

A WISE MOVE

WHERE credit is due, let credit be given. This principle this morning was incorporated into a new policy of the college. Official recognition of meritorious extra-curricular activity in the form of merit award certificates was given to some ninety-odd students. All the recipients are students who have previously well established their claims to these awards. Each has shown enthusiastic application in his particular field of activity. Each stands well qualified in his scholastic work. Each has an unquestionable disciplinary and religious record. Accordingly, student activity in both scholastic and extra-curricular fields has been given one of the greatest stimuli yet presented. It is a psychological principle that persons with a tangible reward in view will strive harder than those without such an objective. Hence, the position occupied by the merit awards is of a threefold nature. They act as an incentive to increased activity in extra-curricular fields. They also serve as a stimulus urging students to maintain their scholastic, religious and disciplinary records on lofty levels. Finally, they provide a lasting record of each recipient's activity. The move on the part of the college was indeed a wise one. Its reception on the part of the student body should be greeted with approval and appreciation. The reaction should be enlivened enthusiasm in every form of activity.

AN APOLOGY

IF WE were to refer to the majority of the student body at Villanova as still being adolescents, it would cause no mild furor within the confines of the campus. Yet the conduct in the grandstands, particularly of the Villanova rooters, at the Duquesne basketball game last week, could hardly be passed over with mild indignation. Thus, it would be far more pleasing to excuse this display of ungentlemanly behavior on the grounds of immaturity rather than poor sportsmanship. Just what constitutes being a good sport is hardly necessary to narrate here, but those morons who are only too eager to hoot and jeer every time the game is going contrary to their sentiments may be assured that this form of protest is not included in the category of being a good sport. Catholic college men, who insist on being called gentlemen, are at least expected to restrain from expressing prejudices in public. The Duquesne team took this offensive bellowing as a direct insult, and Villanova's aspirations to "big time" basketball and future athletic relations with that institution may be seriously affected as a result of this uncultured demonstration. Villanova owes Duquesne an apology.

YOU OUGHT TO KNOW

ALL WILL remember the inclemency of the night of the Duquesne game. How bitter cold it was! How piercing the blasts of wind that drove the snowflakes to earth and piled them up in knee-deep drifts! In truth, 'twas a night fit for neither man nor beast, and was, naturally so, the subject of every conversation. During just one of these discussions one lad ventured to make light of the weather, saying that for a quarter he would, clad only in tights, go to the P. O. and back. In a twinkling he was taken up, and clad, or I should say unclad, accordingly went out into the night to win the bet. Never was the fourth part of a dollar so well earned.

Johnnie Shevlin, of late, has been receiving a number of telephone calls from an anonymous lady who, struck by his spectacular court play coupled with his sex allure, sees in him the man of her dreams, her Prince Charming. For the present John has contented himself with not seeing her and carrying on a purely informative line of talk such as "The team plays tomorrow" and that, "I box Friday" and the like. But your columnist has a presentiment that it won't be long now before arrangements are made for a vis-a-vis, to disclose the personal attributes of John's enigma.

John Goggin these days is soberly analyzing the possibility of truth in the saying, "It is better to have loved and lost than never to have loved at all." Our protagonist, it appears, has had a falling-out with the flower of his heart and that something somehow has acted as a damper to the once glowing fires of love.

Second floor Austin Hall, where is found that dorm's only telephone, is the center of attraction, the gathering point of the entire campus. Here comes from all directions a continual flow of boarders to intermingle with the hall's denizens and swell the mass of humanity that awaits in turn the opportunity to make telephone conversation. Here an alumnite exchanges pleasantries with a Fediganite, while yon Mendelite shoulders aside an inmate who would gain the telephone out of turn and claim right to its use by that widely construed nine-tenths of the law, possession.

This be the scene of joyousness and triumph, of vexation and defeat. All, of course, depending upon the talkee's receptiveness, datebook, heart condition and parent's views on parlor dates. A survey shows only a fraction of the speakers hang up in a just-lost-my-last-friend manner. This leaves us free to conclude that the average Villanovan is not a frost in affaires du couer.

Hubert Gallegher, ever the man to oblige a lady, crooned over the telephone the words of a song to a particular maiden fancy-struck by it, so that she might learn the words. With his heart and soul in it, Hubie was inspirational, singing the song like a troubadour to his lady love, who being on bounds could only come to the window and lend an ear.

COLLEGIATE NEWSREEL

HAS YOUR watch stopped? Before you wind it up, try this problem from the Southern California Daily Trojan: "How long does the eastbound train stop here?"

"From 1.58 until 2.05."

"And how long does the westbound train stop?"

"They changed it from 1.54 to two to two, to two to two to two-two, too."

What was the time?

* * *

What's in a peanut? A scientist, according to The La Salle Collegian, has extracted from the famed circus food: Milk, cream, butter, cheese, ice cream (shush, you're not to the end yet!), instant coffee with the sugar already added, pickles, sauces, oil, face and shaving lotions, synthetic rubber, 17 kinds of wood stains, axle grease, lard, linoleum, breakfast foods, soap, face powder and ink. If, dear reader, you have found by the time you've reached "linoleum," that your credulity (belief in Santa Claus) has gone haywire, permit yourself the rare indulgence of invoking the name of our old friend in Chicago, Herman Nertz!

* * *

By this time you have given the above problem up in high dudgeon, or else you're wondering if we think the answer is that: They changed it from (1.54 until 2 minutes of 2.00) to (2 minutes of two until 2 minutes after 2.00), too (as in "you, also").

* * *

How did you feel the last time you got an F on your report? The boys in the School of Education, of Boston U., will, in the future, be spared such embarrassment, for, in accordance with a new system of marking, the word "doubtful" is substituted.

* * *

The Creighntonian tells a tragic tale of a medical student who was being operated upon at a hospital by one of his professors. While going under the ether, he murmured, "You know, doctor, I sure did some swell cribbing when I passed that semester exam you gave!"

* * *

Sing Sing is the leading graduate institution of the nation. Its enrollment includes graduates from practically every American institution of learning.

* * *

Many of us have gone through this experience: In the chemistry laboratory of Worcester Tech, a freshman was searching through the solution bottles so despairingly that finally the instructor decided to offer assistance. "Something you can't find?" The freshman pointed to his lab instructions. "This tap water that the book mentions, sir?"

* * *

Society "must be willing to grant that it is respectable for a young man or woman to refrain from a university career," Pres. R. C. Sproul, of the University of California, said recently in scoring the so-called universal system of higher education.

* * *

Scorpions, tarantulas, Gila monsters, etc., are harmless, according to a scientist. Is a viper, Bunky?

The Salt-Shaker

THE AIR-MAIL SHAMBLES

WE SEE by the papers that there is much ado about air-mail contracts at Washington. It seems that the politicians and even the captains of industry just can't get away with things these days. It's getting to be a topsy-turvy world when Government contracts are awarded in what would seem to be the accepted manner, and a couple of years later awardees are required to mess around with half-forgotten explanations.

Viewed from afar it looks as though there's a man on deck down there nowadays who just can't seem to acquire respect for commercial "big guns." Wrong continues to look like wrong to him, and he treads on the most sacrosanct toes with his bothersome "why's." Big Business, with its hands full of other worries, looks uneasily at his apparent disposition to hunt colored gentlemen who have been safely ensconced in political woodpiles for so long that they seem entitled to squatter's rights. And well may they squirm—the commercial puppeteers, not the colored gentlemen. For it looks as though the President is all for Mr. Average American, Esq.

But why blame the upper crust of American business? We should blame our own attitude. No one ever thinks of morality in connection with a corporation. We sometimes divide men roughly into crooks and non-crooks, but we generally divide corporations into those that are big enough to swing the job and those that aren't. But Mr. Roosevelt just can't seem to learn the rules of these various games which are played on the Potomac campground. He insists on barging in on parties about which Presidents aren't supposed to know anything. Why, even the nation's greatest aviator was politely told to run along and fly his airplanes when he attempted to express his views.

We remember reading an interesting article which appeared some six months ago in a British political review owned by Lady Houston, the outspoken peeress who worries merrie olde England's Parliament considerably. It was entitled "Why Roosevelt Must Fail," and urged the impossibility of reconciling time-honored methods of political pipe-laying with Utopian recovery projects. It missed a big point. Time-honored methods of government graft are merely time-honored—they are not right. And the President just can't seem to get this idea out of his head. Hence, senatorial investigations may lop off some big heads in other branches of industry if the President insists on creating contretemps for commercial anglers in Government fish ponds.

What is the moral of all this? We frankly don't know. Look at politics through the deepest of rose-colored glasses and it still appears slightly muddy. But a hard-pressed American people is demanding, with an ever louder voice, decency in its politicians. If the modern college graduate is convinced that he can retain his grip on true moral principles and is confident of his strength of will to act on them, "now is the time for all good men to come to the aid of the"—country. Perhaps that is the moral: good men in politics are in a position to render almost invaluable service to the nation.

Politicians who can't be bought are beginning to come into their own. Some of the veterans who know all the tricks may be asked to retire in favor of younger fire-eaters who don't know so many. It's a good chance for a fellow who would dare mix conscience and politics to ride in on the crest of the wave of popular demand. And somehow it seems that the man at the national helm welcomes such fellows into the political arena.

---- Dial-Log ----

AT THIS time of the year most of the publicity sheets contain stories to the effect that this orchestra or that is working up a good stage offering to present at the college proms and fraternity dances which are to be held this spring.

The next three and a half months, especially April and May, are what is known as the "heavy gravy" season for the dance band leaders. Each one is desirous of booking as many college proms as possible.

Among the schools in this vicinity which have already made their selections are Princeton, which has signed "Buddy" Rogers and his orchestra, and St. Joseph's College, which will present Leo Reisman.

We await the announcement from the Junior Class with the hope that it has selected a real attraction.

While we are on dance orchestras, it might be interesting to know that Don Bestor has renewed his contract on that Friday night commercial for another 26 weeks. Phil Harris moves into the Palais Royal in New York, and Vincent Lopez will return to the St. Regis Hotel in the same city.

The guest artist with Waring's Pennsylvanians on Thursday night will be "Al" Williams, the famous aviator.

The Camel program on Tuesdays and Thursdays has shown a decided improvement.

If you want to hear something really different from the general run of radio programs, listen on Wednesday at 5.15 to WJZ. It is the coronation of the Emperor of Manchukuo broadcast from Manchuria. Variety, we are told, is the spice of life.

It is interesting to note, even here on the campus, the wide range of radio programs that are listened to by the student body. Some of the prominent members of the football team join and listen in every time to the Babe Ruth Boys' Club. Another lad stopped having Saturday night dates because his girl friend didn't have a radio so he could listen to the Byrd Expedition. We saw and heard one set of roommates listening to an Italian hour over a local station. In class last week one lad asked another how Jack Armstrong, the All-American boy, made out in his fight with Count Zendo.

At that rate, this column would have to mention every program on the air in order to please everybody. Probably the only program that no one will listen to will be the broadcast of the National Educational Institute.

ENGINEERS TO DINE IN PHILADELPHIA AND HEAR SPEAKERS

Society Is to Be Addressed by Two Prominent Men in Engineering

MOVIES TO SHOW EVENTS OF VARIOUS HAPPENINGS

Members Not Desiring Dinner May Me Present for Lecture and Pictures at 7.15 P. M.

Definite information concerning the dinner to be given tonight by the Philadelphia section of the American Society of Mechanical Engineers was announced to the Villanova chapter at the last meeting by J. Stanley Morehouse, professor of mechanical engineering and moderator for the chapter.

This chapter holds a dinner at certain intervals for the student branch members of which Villanova is one. Its main purpose is to bring together the student engineers in order that they might become acquainted and hear talks given to them by the leading engineers.

The dinner tonight will be held at the Engineers' Club at six o'clock. The club is located at 1317 Spruce street in the city. The cost of the dinner will be 75 cents. This will be followed by the showing of motion pictures showing the various new happenings in the engineering world. At eight o'clock those present will have the honor of hearing two distinguished speakers give a lecture to them.

The first speaker will be Conrad Lauer, the past-president of the society, who will talk on the Engineers' Council for Professional Development. The next speaker for the evening will be Major W. Wilkes, who will speak on Industrial Recovery.

Major Wilkes is a member of the Philadelphia Chamber of Commerce and was formerly the Southeastern division manager for the United States Chamber of Commerce. He is also a World War veteran having seen service in the aviation corps during the late war.

Those who do not desire to attend the dinner but wish to be present at the lectures and moving pictures may do so by being present at 7.15.

It is hoped that all the members of the Villanova chapter will avail themselves of this opportunity and attend this dinner and meeting.

Beta Gamma Faces Penn Here Tonight

Continued From Page One

Jonas, professor of public speaking and moderator of the society.

Saturday morning of this week, Charles P. Goggi, senior member of the Beta Gamma group plans to meet members of the Villager Debating Society of St. Joseph's College in a radio debate to be broadcast over Station WLIT, in Philadelphia, at 11.15 A. M. The topic is "Resolved: That all Government positions should be controlled or governed by civil service examinations."

Will Meet N. Y. U. Here

On March 8, Bouson and Bigley will play host to the debaters of New York University in the amphitheatre. The question for discussion will be "Resolved: That a permanent dictatorship would be for the best economic interests of the United States."

On March 9 and 16, Peter Kerr, Goggi and Bouson will travel to New York to meet the representatives of Manhattan and St. John's Colleges, respectively. The question, "Resolved: That the powers of the President should be substantially increased as a settled policy," will be the topic for both discussions.

The Beta Gamma will bring its current season to a close in a contest with Rutgers University on March 22. Goggi, Bigley and Bouson will be Villanova's representatives. The subject will be the same question of dictatorship debated in the N. Y. U. contest, "Resolved: That a permanent dictatorship is for the best economic interests of the United States."

SECOND TALK GIVEN BY FR. DOUGHERTY

Stresses Need for Students to Avail Themselves of Opportunities

Rev. Joseph M. Dougherty, O. S. A. Ph. D., S. T. L., dean of the School of Science, was heard in the second of a series of talks as part of the chapel services delivered last Monday evening in the college chapel before the members of the student body.

The general subject of Fr. Dougherty's discourse was the stressing of the necessity of college students to avail themselves of the opportunities offered them for the advancement of their spiritual welfare. This, he said, would naturally result in character development, which, in addition to the acquisition of knowledge, is the primary purpose of a college education.

The points that Fr. Dougherty used to bring out this idea were the need of consideration of one's parents and relatives, and avoiding the habit of complaining. He stressed the fact that these can be overcome by frequenting the sacraments, the making use of daily Mass, and attendance at other Lenten exercises.

Fr. Dougherty also stressed the point that students who make the loudest grumbling during the Lenten season are generally those who need a course in good conduct and gentlemanliness. Following this thought, he gave numerous examples of the wrong kind of conduct in both the refectory and on the campus, and then gave its remedy, good conduct, and the effect it would have not only on the one who practices it but also on those who would be affected by witnessing good conduct.

Another point that may well be brought out is unselfishness. In this case he advised the students to bring to light their dormant qualities by thinking of the other fellow once in awhile. The example he cited was that of the fellow who may have a sister and, when a social function is in progress at the college, may never give a thought to attempt to arrange for her, but is intent only on seeing that he gets the girl friend for himself.

This week's chapel talk will be made by the Rev. John O'Leary, O. S. A., professor of mathematics. No topic nor date has been announced for the address.

LENTEN SPEAKER

Rev. Joseph M. Dougherty, O. S. A.

LOUIE RETURNS

Louis Ciamechela, manager of the Pie Shoppe, returned to his regular duties yesterday after a week's absence on account of illness. His illness was described as a general run-down physical condition.

During his absence his duties were assumed by Clifford Stalker.

Student Support Asked by Society

Continued From Page One

ion, birth control, social problems, morality, the lives of the saints, controversial matter and Church doctrine. All articles are written by competent authors.

These racks are cared for by the Catholic Press Apostolate, an organization of 50 members. One of the primary purposes of the Apostolate is to interest and encourage the students to read current Catholic literature. In addition to supplying the pamphlet racks, the members also conduct the "clipping board," remail Catholic pulications and distribute Catholic newspapers and periodicals among the student body.

The Apostolate wishes to encourage the students to make more use of these pamphlet facilities. In case of necessity the pamphlets need not be paid for at the time they are taken. If payment at that time is inconvenient, it may be made at a later date.

The purposes to which these pamphlets may be put are numerous. Besides other things, they may be used as references for assignments., as a source of material for class discussions and as a means of solving personal problems. They should be of special assistance towards spiritual advancement during the present Lenten season.

MEETING PLACE CHANGED

New York Group in Future Will Meet at Centre Club

Members of the New York Club of the National Alumni Association recently changed their regular meeting place from Rutley's Restaurant to the Centre Club, 120 Central Park, South.

The club at the present time is discussing its plans for its annual spring dance to be held somewhere in New York City. As yet no definite time or place has been selected.

The next meeting of the club will be held on the evening of March 7. The last meeting was attended by 42 alumni.

Letter Facsimile Held by Library

Continued From Page One

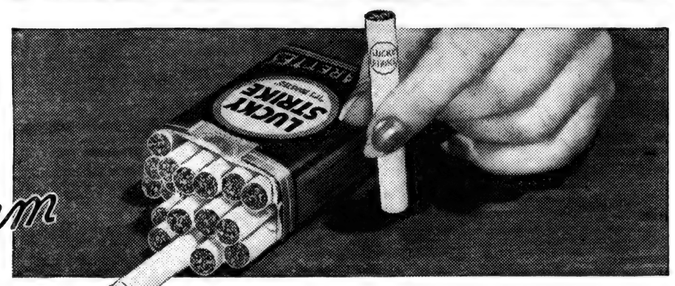
by the school because of its interesting content.

Rev. James H. Griffin, O. S. A., former president of the college, presented the copy to the library when he was stationed here.

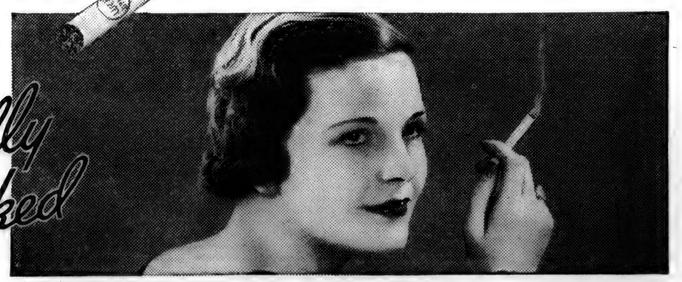
Although the facsimile of the Washington letter is not on display with other curios in the cases provided for that purpose, Miss Carlin said that any student who so desires may see the letter upon application to her.

NO LOOSE ENDS

Round



Firm



Fully packed

the tobacco does not spill out

Every Lucky Strike is made from the finest tobacco and only the center leaves. Not the top leaves—because those are under-developed—not ripe. They would give a harsh smoke. Not the bottom leaves—because those are inferior in quality. They grow close to the ground, and are tough, coarse and always sandy. The center leaves are the mildest leaves, for which farmers are paid higher prices. Only these center leaves are used in making Luckies the fully packed cigarette—so round, so firm—free from loose ends. That's why Luckies draw easily, burn evenly. And remember—"It's toasted"—for throat protection—for finer taste.

Lucky Strike presents the Metropolitan Opera Company

Saturday at 1:50 P. M., Eastern Standard Time, over Red and Blue Networks of NBC, Lucky Strike will broadcast the Metropolitan Opera Company of New York in the complete Opera, "Lucia di Lammermoor."

NOT the top leaves—*they're under-developed—they are harsh!*

NOT the bottom leaves—*they're inferior in quality—coarse and always sandy!*

Sideline Slants

By the Sports Editor

WE FEEL, as most of the student body does, that Villanova has a good basketball team, but we believe that if it had some greater incentive it would be even better. By this incentive we refer to a league race. Why the Wildcats are not in the Intercollegiate Basketball Conference we cannot answer. If they won't permit Villanova to enter, there is still an opportunity for being in a league and one that would have good teams and draw crowds. There could be an Eastern Intercollegiate Catholic League. The teams which we suggest would be drawing cards at home and away.

New York City could present Fordham and St. John's. Pittsburgh's representative could be Duquesne. Philadelphia could have Villanova and St. Joseph's, and Washington has Catholic U. Here are six good teams and a league race among these schools would cause real attention.

The Villanova gym was filled almost to capacity for the Duquesne game and in New York 4000 attended the St. John's game. Fordham has always been a drawing card anywhere. St. Joe's and the 'Cats (if relations were patched) is a "natural." Catholic U. is the only cause for doubt, but its alumni and following in this vicinity is sure to be great. Anyhow it's a suggestion and migbt be worth a thought.

* * *

THE DUQUESNE GAME brought some poor characteristics of the local following. Remember if the referee seems to be against your team, don't blame the players on the opposition. This is what most of the fans seemed to do last week. When the "ref" called a foul and the player stepped up to shoot, the crowd booed the player. It wasn't his fault that the foul was called, so give him a break in the future. Let him shoot without any disturbance from the stands. The referee called, not the player, and naturally any team will take the opportunity to score when it is given to them. We are not saying that "razzing" the officials is all right but if you must "razz" don't take it out on the players. Be sportsmen.

* * *

THE VILLANOVA baseball team is preparing for its best schedule in recent years. At the present time negotiations are underway which would open the schedule with Dartmouth. The Hanover Collegians have had good baseball teams for the past few years and this year they expect another. Among the other top-notchers which the Blue and White will meet are the University of Pennsylvania, Fordham, Princeton and Temple.

The listing of such teams as these puts Villanova in a class with the best baseball teams in the country and gives the school and the individual players a good chance for national recognition.

The thing that makes these schools desirable on our schedule is the prestige which their names carry with them. In most cases it is the smaller schools which have the best baseball teams and provide tougher opposition, but beating a small school does not receive the publicity that a victory gets over a large school.

* * *

WHEN THE MAIN cog or one of the main cogs of a piece of machinery goes to pieces, the machine loses its power or its usefulness. We compare this to the Villanova-Duquesne game, where it appeared to us that one of the big sparks of the Wildcats' five seemed to lose his constantly displayed brilliance and leadership and as a result a let-down was noticed in the entire Wildcat machine. There is an extra responsibility placed on the key man of the team. Besides playing a good basketball game it is essential that he keep his head at all times even under the most trying conditions. He must be cool enough to start the right plays at the right times and give the right encouragement to the rest of the players no mater how great the strain is on himself. The Villanova team has its key man and although the people in the stands do not always know who it is, the man himself must realize the responsibility that is placed on him.

TEMPLE BEATS 'CAT BOXERS

Cherry and White Garners Five Bouts Out of Seven

Owls Earn Initial Victory of 1933-34 by Defeating Newly Formed Boxing Team Before 1000 Enthusiasts

MIKE TOMASSO WINS BY KNOCKOUT

THE TEMPLE Owls scored their first athletic victory of the year over Villanova last Friday night when the newly formed Wildcat boxing team was defeated by a 5 to 2 score.

A thousand fans turned out to see the first ring match ever held in the new gymnasium. Temple scored two knockouts and won three bouts by a decision. The Wildcats captured one knockout triumph and Charley Cox won in his class by a forfeit because Joe Pilconis, Temple football star, had a bad hand and could not begin the bout.

* The 165-pound bout became the wind-up and turned out to be the feature of the evening.

The contestants were John Konopka, of Temple, and John Shevlin, of Villanova. Shevlin was the aggressor in the first two rounds, and a Villanova victory seemed inevitable, but in the third frame the Templeite landed three telling blows on the Wildcat's chin, and Shevlin fell to the canvas. He took the count and came up again, but the effects were serious. He went down the second time, but this time the count was stopped by the bell, and Konopka was awarded the decision. In the first two rounds the Main Liner seemed assured of victory, and had he withstood the assault in the third would surely have been granted the decision.

Kennedy Kayoed

In the 115-pound class Lou Rubenstein, of Temple, kayoed Tom Kennedy, of Villanova, in 45 seconds of the first round. At the outset the North Broad street representative landed a series of telling blows on Kennedy's mid-section and followed them with two hard rights to the chin which were sufficient to down the Villanovan.

Andy Pettino, Cherry and White standard bearer in the 125-pound class won a close decision over Jack Haskin in three rounds. The rivals battled on almost even terms but the lack of training showed and the Villanovan lost out by his showing in the final round.

Freddie Myers, boxing for Villanova in the 145-pound class, was defeated by Bill Beloff. The Villanovan started out too slowly, and by the end of the bout it was evident that his rival possessed too much for the former Staunton Military Academy captain.

Tomasso Wins

Villanova's one fighting victory was the result of Mike Tomasso's knockout over Jack Shapiro in one minute and 22, seconds of the second round. The battling Dayhop had a slight edge over his rival in the first round but a perfect uppercut to the chin floored the opponent for the count.

The summary is as follows:

115-pound Class—Lou Rubinstein, Temple, knocked out Tom Kennedy, Villanova, 45 seconds of first round.

125-pound Class—Andy Pettino, Temple, won the decision over Jack Haskin, Villanova, three rounds.

135-pound Class—Mike Tomasso, Villanova, knocked out Jack Schapiro, Temple, one minute, 22 seconds of second round.

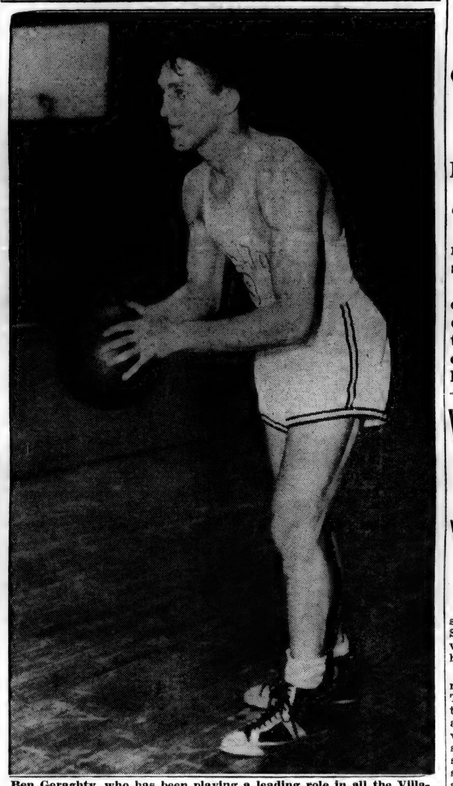
145-pound Class — Bill Beloff, Temple, won the decision over Fred Meyers, Villanova, three rounds.

155-pound Class—Ed Catanzaro, Temple, knocked out Ray Mullen, Villanova, one minute, 15 seconds, second round.

165-pound Class—John Konopka, Templewon decision over John Shevlin, Villanova, three rounds.

175-pound Class — Charlie Cox, Villanova, won on a forfeit from Joe Pilconis, Temple.

Villanova's Sensational Forward



Ben Geraghty, who has been playing a leading role in all the Villanova basketball games of the current season and who is the high scoring leader of the squad. Geraghty is primed for the meeting with Temple tonight and is determined to aid the Wildcats in their second court conquest over the Owls.

'Cats Drop Third Contest As Albright Wins, 39-37

Closing Minute Rally Fails as Parsons Score Upset

The past week proved to be the most disastrous one of the current basketball season for the Villanova five. Two teams succeeded in scoring triumphs, the first defeat came at the hands of the sensational Duquesne five and the second in the form of an upset at the hands of Albright.

The Villanova basketball team was handed its third defeat of the season when it was beaten out in a 39 to 37 battle with Albright in a thrilling upset. The Albright team is in fifth place in the Eastern Pennsylvania Conference but played its most sensational ball of the season to achieve victory over the Wildcats.

About the middle of the first half the Parsons took the lead from the Blue and White shock troops and with grim determination continued to hold it throughout the remainder of the contest.

Reserves Falter

When the first stringers were sent in, the Villanova team took on new life, but as the whistle blew announcing the end of the first half, the Reading five left the woodenway of the local Y. M. C. A. on the long end of a 20 to 14 score.

About three-quarters of the way through the second stanza the 'Cats were trailing 37 to 28, but a sensational spurt earned nine points for the visitors while the locals could muster only one field goal.

In the closing minutes the game became so close and the excitement so tense that the spectators were kept constantly on their feet.

With about a minute to go and six points necessary to tie the score, Mike O'Meara, playing a brilliant game at forward for the 'Cats, let one fly from the middle of the floor that swished through the cords to put Villanova only four points out of first place.

O'Meara Tallies Twice

Ten seconds later the sparkling sophomore dropped in another from the side of the court to make the score 37 for the visitors and left only a margin of two points needed for a tie.

As the timer's finger tightened its hold on the trigger, Ben Geraghty, the constant star of the current season, took the ball from the tap-off.

Continued on Page Eight

VILLANOVA MERMEN TO MEET TEACHERS

Wildcat Swimmers Are Ready for West Chester Team Tonight

The swimming meet which was supposed to have been held last Saturday afternoon in the Villanova pool was postponed and will be held tonight.

This is the third meet for the newly-organized Wildcat swimmers. The first two encounters were with the team representing Osteopathy and in both, the Blue and White was defeated. In the first series of splashes the 'Cats came out on the short end of a 40 to 19 score. In the second meet, although they were again defeated, the Villanova team showed a marked improvement.

Coach Is Optimistic

Coach Martin Gill, who has been coaching the local natators, expects to make an even better showing against the teachers tonight and hopes to present full strength.

In dual meets it is essential that a team have a large number of entrants, and any one on the campus who possesses any ability along these lines, either swimming or diving, should report to Coach Gill and express his intention of participating.

Little information concerning the strength of the West Chester aggregation has been obtained, but it is expected that they will present a strong team and the Wildcats will have to put forth their greatest effort to gain their first triumph.

SCHEDULE IS PREPARED

Thirteen Matches Already Listed for 1934 Tennis Team

Final negotiations are under way for the completion of this year's Villanova tennis schedule. Manager James Carr reported yesterday that to date 13 matches have been definitely listed. Four more matches are pending.

There has been no official announcement from the athletic office as to who will coach the team this year.

Rev. Eugene A. Mauch, O. S. A., has agreed to fill the position of temporary coach until some definite action is taken..

There is a possibility that the Villanova team will take a three-day journey up-State to meet some of the best teams in that section.

Villanova Relay Team Wins at Catholic U

ELLIOTT IS SECOND IN THE RYAN 1000 AT CAPITAL CITY

Fenstemacher Places Second in 50-Yard Abbey Club Invitation Dash

ALEX KRAMER GETS THIRD IN 440 - YARD HANDICAP

Carl Hickey Fails to Place at A. A. U. Championships in New York City

A small but valiant band of Villanova track warriors accompanied by Graduate Manager Alexander G. Severance and Coach Bob Regan attended Catholic University's fourth indoor track meet to compete with the cream of the East. The one-mile relay team composed of Alex Kramer, Hen Bobertz, George Wrona and Jim Elliott scored a surprising and decisive victory over the teams of Catholic University, Lafayette and La Salle.

In the feature race of the evening, the Ryan 1000-yard run, Elliott ran an inspired race, in a very fast field of eight to take second place to Harvey, of Penn State. From the outset Elliott and Harvey leaped to the front with Elliott setting the pace for part of the distance but was nosed out by a sensational burst of speed in the closing 50 yards on the part of the Nittany Lion representative. It was Elliott's first attempt in a race of this length and his pace was not acclimated to the distance.

Fenstemacher Gains Second

Wydmyer, of Maryland, and Fenstemacher, of Villanova, staged another classic battle to finish in the above order in the 50-yard Abbey Club invitation. In the final heat, the Villanovan beat the gun and the start was recalled. On the second attempt Joe started late and this loss of a fraction of a second caused him to be nosed out at the tape.

Alex Kramer, with a handicap of only a few yards, did some brainy running to place third in the 440-yard handicap race. In this event there were about 20 starters. Kramer had the smallest handicap of any of the runners and was therefore forced to run a sensational race to place third.

Jim Downey, with a small handicap, was unable to do any fancy tape-breaking in the mile run, but evoked many words of praise from the Villanova followers at the meet. Frank Connell and Art Mahan ran their first race under the Blue and White and although they were unable to place, made a most creditable showing.

Relay Victory Surprises

The victory of the one-mile relay team is worthy of special mention. Alex Kramer, the lead-off man, battled hard for first place and gave his running mate, Henry Bobertz, a five-yard lead to begin the second leg of the race. Henry ran a sensational first lap, slowed up a bit for the second but on seeing a Catholic U. runner gaining on him put forth more steam and maintained his position as he passed the baton to George Wrona. Wrona covered his distance in fine style considering his participation in the quarter-mile run shortly before.

Still panting from his 100-yard run, Elliott took up the baton for the final laps. He pulled ahead of the Catholic U. runner who had forged to the front and finished 15 yards in the lead.

Carl Hickey was the lone Villanova representative in the A. A. U. National Championships in New York City on Saturday night. Carl strove valiantly against the best broadjumpers in the country but was unable to "place in the money."

BETA GAMMA

The Beta Gamma chapter of the Villanova Literary Society will convene next Monday night at 8.15 o'clock.

In the Limelight

JOHNNY HUGHES, the demon manager, is on the loose again!

After a feverish season of conducting football, intramural and otherwise, he is enmeshed in the coils of basketball, which, luckily for Johnny, is drawing to a swift close. Let's take a better view at the life and tribulations of this most active gentleman of Villanova.

On April 26, 1912, at the little Connecticut village, of New Havea, Johnny was ushered into this world. Little did the world know of the impending events which would be direct results of this catastrophe. When he reached the tender age of seven, he was entered in the Lovell Grammar School. He immediately began his career of activities, joining, of all things, a fife and drum corps. Can you imagine Johnny playing a fife?

After he graduated, he enrolled in the Hillhouse High School, New Haven. He is extremely reticent about these years; we suspect some unholy past.

Voila! In September of 1930, Johnny matriculated at Villanova. He immediately took the first false step which was to lead him on the iniquitous path of managing. Our Johnny appears as a freshman manager of football. He was also engaged in the activities of the Sanctuary Society.

His sophomore year was his banner year. He was manager of the first dollar and a half team organized at the college. He and Chick Tyrrell, a graduate of '33, founded the Connecticut Club. Johnny was elected treasurer.

In his junior year, Johnny was assistant manager of varsity football. He was again elected to be treasurer of the Connecticut Club, which ran a successful dance that year. He was elected chairman of the committee on intramural sports, a post of great responsibility.

Johnny rose to still greater heights in his senior year. He ascended to the position of senior manager of football, and again he was elected to the chair on intramurals. He was one of the guiding hands of the Frosh-Soph Field Day, ty will be held today at 1 P .M.

Johnny Hughes

when he collaborated with Coach Stuhldreher. As one recalls, the sophs won. He also holds a post in the Varsity Club, being its secretary and treasurer, and the year is still young. Who can tell what the future holds for him?

Snapshots: Doesn't like jazz orchestras nor "wimmen." Can listen to the Charley Cox brand of mountain music for hours. Is really a good artist; the walls of his room bear testimony to that. Hates to have his picture taken. Has three unique records—never missed a Thursday morning Mass; never had a date with a girl; never attended a dance.

L. K. D. TO MEET

The regular weekly meeting of the Lambda Kappa Delta fraterni-

'CATS' MEOW

VILLANOVA and Temple team have often swapped punch but this was the first time they ever kept score.

—V—

A win in football and a win in basketball gives the 'Cats a two-to-one edge on the Owls.

—V—

The basketball team is determined to boost the average tomorrow night.

—V—

In the 115-pound class, the Temple man had a date and got through over with as quickly as possible.

—V—

A lot of the boys around the campus have just made a lenter resolution not to get fresh with Mike Tomasso.

—V—

From a Villanova viewpoint, this was a bad athletic weekend.

—V—

Up at Albright, there must have been a lid on that basket in the last ten seconds of play.

—V—

In that little time, three of our shots rolled around the rim and dropped back onto the floor!

—V—

"Doc" Jacoba' f--- has three more chances to put gamins in the win column.

—V—

Last year the Villanova team won 10 and lost 4.

—V—

This year the best it can possibly do is 9 wins and 3 defeats.

—V—

That's a darned good average, too if it works.

—V—

Help 'em out tonight against Temple, and on Saturday against Dickinson with a little concentrated cheering and less booing.

—V—

Devote more time to enjoying the game and less time to the referee

THE END OF HIS "NERVES"

I USED TO BE JUMPY AND NERVOUS. THEN I STARTED ON CAMELS. THEY NEVER UPSET MY NERVES . . . AND, BOY, HOW GOOD THEY TASTE!

CAMEL'S COSTLIER TOBACCOS

YOU CAN SMOKE THEM STEADILY . . . BECAUSE THEY NEVER GET ON YOUR NERVES . . . NEVER TIRE YOUR TASTE!

AT BASKETBALLERS READY FOR TEMPLE AND DICKINSON FOE

Meet Owls at Mitten Hall Tomorrow Night in Attempt for Second Win

WILDCATS DETERMINED TO MAKE CLEAN SWEEP

Dickinson Second Opponent to Face Villanova This Week

Whether Villanova's basketball campaign has been a wonderful success or just a good season will be decided tomorrow night when the Blue and White does battle with the Temple Owls on the North Broad Street floor. For every loyal Villanovan knows that any season in which the Owls are blanked by "our boys" is a complete and gigantic success.

Villanova's season up to this point has been a good one, for decisions were dropped only to the Blues of Duquesne and to St. John's fine combination. And to lose to either team was not a disgrace; for Duquesne has one of the outstanding teams in the country and St. John's ranks with the best in the East. Yet the turning point of the campaign is tomorrow night's game.

Temple is no set-up as any one who saw that epic battle between the Owls and Villanova on February 14th can vouch for. Jimmy Usilaner's proteges have beaten some good clubs and have lost some close decisions to some still better clubs. Among their victims have been Georgetown, Bucknell, St. Joseph's and Carnegie Tech, while they have lost to C. C. N. Y., Notre Dame, Pittsburgh, Duquesne, West Virginia and a return game with Georgetown.

To Be Played in Mitten Hall

Temple has always been a hard team to beat on its home floor, and the fact that this game will be played in Mitten Hall does not lighten the prospects for the Villanova club. The defeat handed the Owls by the Dukes has made them all the more determined to put another win on the victory side and the Villanova game will be the hardest-fought game of the year.

The second game of the week will be played against Dickinson in the Villanova gym on Saturday.

Up to the time of this game the Dickinson club has played more than a dozen games and comes to the Villanova floor with a squad in good condition. Among their opponents Dickinson lists Penn State, Navy, Swarthmore, Juniata, Franklin and Marshall, Gettysburg and Lebanon Valley.

Center Stands 6 Ft. 3

Three of the players have won varsity letters in basketball in former years. Charles Kennedy is the captain and plays a speedy game at forward. Lloyd Hughes, a sensational guard, and Percy Wilson, a junior who plays forward, are the veterans. Peter Sivess, a sophomore center, stands six feet three inches and is the tallest man on the squad.

Coach MacAndrews is determined to give the Villanova team a good game and will present his strongest lineup in an attempt to take the Wildcats' scalp back to Carlisle.

Eight of the 14 men who comprise the Dickinson squad have had experience in former years so a well-seasoned aggregation can be expected.

Advanced Spanish Class May Be Introduced

Continued From Page One

complete knowledge of the subject. If these students of advanced Spanish will have an opportunity daily to do practice teaching during the time they are taking the course.

Antonio Franco, professor of Spanish in the School of Commerce and Finance, will teach the course, and decided that a sufficient number of students express their desires of taking the course by notifying him of their intentions. Before a student will be permitted to take this course he must have completed and passed Spanish V.

AWARDS FOR MERIT GIVEN TO STUDENTS

Rev. E. V. Stanford, O. S. A., Gives Talk to Entire Student Body in C&F Auditorium

Continued From Page One

tivities, will be made towards the close of the scholastic year.

It should be noted that some students prominent in extra-curricular activities have not qualified for the "award." This is due to scholastic difficulties, poor chapel record, or disciplinary difficulties. In such cases, when the activity continues throughout the year and the student sufficiently improves his record scholastically and otherwise, he may be able to qualify for the "Award."

In his talk Fr. Stanford explained the method which was used in selecting the awards. The moderator of each organization was asked to draw up a code which embodied general qualifications for that specific group. This guided the moderator in his choice of candidates when he considered individual qualifications. The list then went to the various deans to determine whether the men nominated were of good scholastic standing. This, incidentally, proved to be the greatest nemesis for a great many students. The list then was submitted to the Board of Discipline and the Chaplain.

Those who received the awards are:

Band: Charles Betz, Edward Burns, John Burke, William Burt, Frank Carroll, Thomas Darmody, James Downs, Gerald Kunz, John Laurusonis, Joseph McKenna, James Nulty, Theodore Orbahr, Edmund Piaczeck, John Steets, Francis Wixted.

Varsity Football: William Cavanaugh, Charles Cox, Charles Hurlburt, Nicholas Kotys, Dominic Marion, Charles McGee, Charles Nowe, Harry Patzsch, George Randour, Frank Romano, Milan Vidnovic, James Walsh, Frank Wetzler, Henry Bobertz, Florio Bracanovic, James Elliott, John Hughes.

Junior Varsity Football: John Corkill, Robert Craig, W. Roger Hamel, John Hoey, Alfred L. Miller, William P. McCarthy, James Nulty, Edward V. Oceius, John O'Connell, George Schelle, Francis M. Skaff, Raphael Violetti.

One-Hundred-Fifty-Pound Football: Joseph Caulfield, Vincent P. Cavanaugh, Walter L. Coyle, Joseph Dunigan, Joseph Dwyer, William Hines, William Hughes, Charles Kain, William Keffer, Frank Kraft, Louis Marechal, Charles Menapace, Edward J. McBride, Francis Scerca, David Shapiro, Lawrence Shevland.

Freshman Football: Eugene F. McAuliffe.

Intra-Mural Activities Committee: James Boyle, W. Roger Hamel, John Hughes, Harold Hurley.

Junior Class: John Hoey, Edmund Pieczenk.

Villanovan Staff: Paul Ball, Charles Betz, Charles P. Gogi; Raymond J. Harter, Edward F. Kilbane, Joseph Lilly, Joseph Limalata, Louis Marechal, Robert H. McIntyre, John Mullin, John O'Connell, Charles Stahlecker, John Stell, Raphael Violetti, William Zell, Robert Geist.

Senior Class: Thomas F. McFeeley.

Literary Society: Francis J. McGinley, William Zell.

Day Students' Club: James Boyle.

Villanova Engineer Staff: W. Roger Hamel, William E. Heins.

Lambda Kappa Delta: Francis Ditchey, Edward V. Oceius.

American Society of Mechanical Engineers: Victor L. Barr.

Phi Kappa Pi: Joseph Callaghan.

Sanctuary Society: W. Roger Hamel.

ALUMNI VICTORIOUS OVER FEDIGAN FIVE

C&F Dayhops Drop From League Because of Forfeiting Three Games

Because of the inavailability of the gym on account of the boxing meet with Temple, Friday night, only three games were played in the Intra-Mural Basketball League this past week. The big news of week was the upsetting of Austin Hall by the Mendel Hall combine. Austin Hall has been playing in luck the entire season, and when Lady Luck fails to shine upon its teams, they are usually trounced.

The final score of the game was 21-16. Yet the merits of the two teams were not so closely parallel, for the frosh excelled in every department of the encounter, and only the meritorious work of Joe McGovern kept the proteges of Fr. McKee in the fight. The two teams both started very slowly and scoring was scarce.

However, shortly after the second quarter started McGovern's two field tosses and McGory's one gave Austin the commanding lead of 8-1. At this point the aforementioned good fortune left the Blue, and the half ended with Mendel leading, 11-8. Morin and Sala featured this strong rally. The latter was being guarded by Carrol Cook, who was leading an awful existence trying to keep away.

Carleton Puts Game on Ice

The second half also started very slowly with Austin having slightly the upper hand, thanks again to McGovern. However, the coach unwittingly yanked his star, and Austin's attack slowed down. With about two minutes of play remaining, the Blue was out in front, 14-13, and here a veritable Dick Merriwell entered the scene in the person of Art Carleton, Mendel Hall's star forward. Art put the game on ice with three field goals in rapid succession, and the Austinites characteristically gnashed their teeth for they were lost.

On Monday afternoon, the C. & F. Day Hops forfeited to Fedigan Hall. This time the action was fatal, for it comprised their third forfeit which means expulsion from the league.

Alumni Hall continued its list of victories with an easy triumph over Fedigan Hall, Tuesday night. The final count was 21-13. Alumni has been playing a brand of basketball this year that is without a doubt the best that is being displayed in the league; they have lost but one decision in more than a dozen starts, and most of their wins have been accomplished with a minimum of effort. Players of the caliber of Frank Skaff, Walter Korchinski, Andy Germac and the other Green stars are undoubtedly the best men in the league and have no trouble in out-starring the mediocres of the circuit.

Fedigan is no Match

In Tuesday night's game, Alumni led their rivals all the way and thus gave a true picture of the average game in which they participate. Fedigan puts out the second strongest team in the group, but they were no match for the leaders. Steve Kramer and Billy Gough led Fedigan's bid while Frank Skaff and Red Conroy had seven and six points respectively for Alumni.

On Wednesday afternoon Fedigan grabbed down a victory in their second start of the week. Mendel I ll Day Hops were the victims although they put up a surprisingly strong fight. The final score was 25-21. Costigan and Levis played well for the victors and Ed Leahy, former Fedigantte and Barr led the attack for the Train and Trolley boys.

VILLANOVA REPRESENTED AT COLLEGIATE PARLEY

College Invited by Lower Merion to Acquaint Students With Entrance Requirements

As a means of acquainting its students with the entrance requirements, the advantages, and opportunities afforded by institutions of higher learning, Lower Merion High School held its annual "College Night" last Friday evening, February 23.

On this night, various colleges and universities in the East are invited to send representatives to the high school to meet the students personally, and discuss with them various phases of college life. Individual needs are thus taken care of, and the student is aided in making the best choice scholastically and financially possible.

Approximately 45 colleges and universities were on hand last Friday. Villanova was represented by John McClain, professor of anatomy and embryology; Martin L. Gill, instructor in English; Leo Schaeffer, professor of accounting; William Driscoll, instructor in Physics; Albert C. Wagner, alumni secretary, and John J. Sweeney, a former professor in the Engineering School.

Engineers' Group Plans Activities

Continued From Page One

again be in charge of the electrical engineers. John Lyons, '34, has been appointed chairman, and he will be assisted by a group of other electrical engineers.

McGowan, the chairman of the membership committee, said, "It is the desire of the society to have as many as possible become candidates for membership in order that the society may increase its activities and afford not only more interesting events at the meetings, but also give the members more social activities."

All those who wish to become candidates for membership are requested to see any member of the admissions committee. They must do so before March 5, for at that time the candidates will either be accepted or rejected.

ALBRIGHT VICTORS OVER WILDCAT FIVE IN SURPRISE UPSET

Closing Minute Rally Fails as Parsons Win, 39-37

Continued From Page Five

dribbled to the foul line and let it go.

Round and round the hoop the ball rolled and dropped back on to the playing floor. Torpey, ever alert for a follow-up shot, recovered and again the ball rolled around the rim. With about two seconds to go O'Meara tried the second follow-up, but Lady Luck was against the Wildcats, and the ball dropped out for no score as the gun barked ending the game.

'Cats' Third Loss

What was considered as almost a sure victory turned out to be the Villanova team's third defeat.

Woods playing a fast game at guard for the Albright team was the high scorer of the occasion gathering six field goals and a foul for a total of 13 points.

O'Meara led the Villanova team in field goals tallying four, but shared the scoring honors for the losers with Robinson, who scored two field goals and four points via the foul route.

Sporting a very devastating passing and shooting attack as well as an almost impenetrable defense, Duquesne made its bid for intercollegiate basketball honors in December. They set out with only the top of the ladder in view and they have done a fine job of climbing the rungs. They have met defeat only at the hands of powerful teams representing Pittsburgh and Westminster.

They journeyed to Villanova last Monday and took the measure of the Villanova Wildcats, 36-25. Though the score may not seem exceptionally close, yet the encounter was a stiff battle from whistle to whistle. Starting off slowly, the Dukes finally gained momentum and held a seven-point lead throughout the greater part of the second half.

Handicapped by their shortage of stature, the 'Cats had to resort to rather aggressive tactics to maintain possession of the ball. This cost them many points as the result of fouls. The lanky visitors showed remarkable accuracy in sinking the one-pointers which reached a sum total of 16 points and later proved to be the deciding factor of the contest.

The line-ups:

VILLANOVA	G.	F.	P.
O'Meara, forward	4	0	8
Robinson, forward	2	4	8
Barry, forward	0	0	0

VILLANOVA FROSH FIVE BEATS TEACHERS' TEAM

Wildcat Freshmen Ready for Temple Fray Determined to Get 2d Victory Over Owl Yearlings

The Villanova freshman basketball representatives journeyed to West Chester Saturday afternoon, and met the West Chester State Teachers' frosh quintet. They annexed another victory in a torrid battle thus making their winning column total four wins against two losses. The score when the final whistle blew was 36-25.

Captain Bunny Galazin romped away from the rest of the courtmen to lead both teams with a total of 18 points. The great defensive play of Jack Robinson and John Kopcha kept the West Chester forwards well bottled up and provided the spice of the game. The score at half time was 19-14. The 'Cats led all the way never once being very seriously in danger.

The 'Cat frosh will meet the Temple yearlings in Philadelphia, Wednesday evening in the preliminary to the game to be played between the varsity teams of both schools. The Owl novices smarting under the previous defeat suffered at the hands of the Kittens hope to even the score but the Felines have a very different idea. They promise to bring back to the Main Line camp their second victory over the young "fly by nights."

Committees Named For Model League

Continued From Page One

The assembly will convene at Bucknell University, Lewisburg, on April 12-14.

Paetrus F. Banmiller, who also attended last year's convention, was compelled to resign because of the pressure of his class work, and consequently will not be with the delegation this year.

The next meeting of the society will be held Thursday evening in the Mendel Hall reception room immediately after chapel services. Active work will be commenced on the various committees.

STUDENT COUNCIL VOTES ON CHANGES IN GUEST TICKETS

Eighteen Names Are Stricken From the Original List; Two More Are Added

COMMITTEE IS ORGANIZED FOR SPIRITUAL BOUQUETS

Consists of Representatives From Each School Headed by Council Vice-Chairman

Various motions, the most important of which was a change in the guest ticket list for all campus dances, were voted upon by the members of the Student Council at their latest meeting.

Eighteen names were eliminated from the list, while two new additions were made. Those who were eliminated are the secretary and treasurer of both the Senior and the Junior Classes, all members of the Student Council with the exception of the chairman and vice-chairman, the editor of the Belle Aire and the editor of the Villanova Engineer.

Because of the valuable advertising that the VILLANOVAN offers the dances, it was decided to award the publication a second ticket, to be given to the reporter who handles the dance articles.

Publicity Director Added

Likewise the publicity director of the college, Raymond J. McKeon, who unfortunately was overlooked when the original list was compiled, was voted a ticket because of the great assistance that he gives in publicizing the various dances in the daily newspapers of Philadelphia.

The list as it now stands will go into effect at the beginning of the next semester. There are a few other campus officers, though, who will be brought before the Council for consideration before that date.

NEW APPOINTMENTS MADE ON YEAR BOOK

Staff Positions Awarded to Albert J. Bartolo and James Walsh

Confirmation of the appointments of Albert J. Bartolo, senior science student, and James Walsh, junior Arts student, to the respective posts of assistant business manager and assistant photography editor for the Belle Aire, senior class year book, was made last week by Rev. John T. McCall, O. S. A., moderator of the annual.

The profound interest and willingness to work, which Bartolo has shown, along with his creditable scholastic standing, has merited the position for him. Walsh also received his appointment for his active interest in the work.

Work on the Belle Aire is progressing rapidly, and John T. Corkill, editor-in-chief, believes that this year's book will be decidedly different from any produced by the college heretofore. As the result of the diligent labor on the part of the editor and members of the staff the form of the new publication is already laid out several weeks ahead of schedule.

Photography Nearly Finished

Photography Editor William P. McCarthy, reports that most of the photographic work for the year book has been completed. There are still several seniors who have

HEADS SOCIETY

Joseph Bastian, a senior in the School of Commerce and Finance, who was elected president of the newly-reorganized Holy Name group.

HOLY NAME SOCIETY ELECTS OFFICERS IN REORGANIZATION

Bastian Is Elected President; Coyle Is Vice-President; Taylor, Treasurer

OFFICIAL MANUALS GIVEN TO MEMBERS BY CHAPLAIN

Second Sunday of Each Month Decided Upon as Holy Communion Day

After a lapse of nearly three years, the Holy Name Society held a reorganization meeting last Monday evening in Mendel Hall. The society was first organized in 1931 by Rev. Edward V. Stanford, O. S. A., president of the college, who was chaplain at that time. The members did not determine any permanent action at that time, but merely made a declaration of their intentions.

At the meeting last week, however, the society was made an active organization in which the newly elected officers, prefects and members will take a definite part.

Joseph Bastian, a senior in the School of Commerce and Finance, was elected president of the group. Walter Coyle, a junior in the School of Technology, was made vice-president; William Taylor, a third-year student in the Business School, received the position of treasurer, and Daniel Harkins, a sophomore pre-medical student, was elected secretary.

Buttons Are Blessed

The members received the official Holy Name Society pocket manual and the lapel button which was blessed by the college chaplain. The lapel button should be worn at the monthly meetings, at the monthly Communion Mass, and at all other times in which the society assembles in a body. An indulgence of 300 days may be gained by wearing the button constantly.

It was decided that the second Sunday of each month should be the regular Communion day of the organization. On that morning the entire group is expected to receive the Blessed Sacrament in a body at the regular college Mass.

March 11 has been designated as the first Communion Sunday of the society. It is planned to have a special Communion breakfast in the dining hall after Mass.

Body Will Be Divided

The society is to be divided into groups of about 10 or 15 each, un-

FINAL PLANS MADE FOR EASTER DANCE

March 31 Is Date Set for Annual Wilkes-Barre Dance to Be in Hotel Redington

Final plans to hold its annual Easter dinner-dance were made by the Wilkes-Barre Club at a meeting held last Tuesday night. The date set for the dance is Saturday night, March 31, and place Hotel Redington, Wilkes-Barre, Pa. The formal affair, which is open to alumni and their friends, will be preceded by the usual banquet for club members and their guests.

The dinner will be held in the private dining hall of the hotel and will commence at 7.30 P. M. During the course of the dinner, keys will be presented to the departing seniors. The awards are new in style and consist of a gold setting with the name of the club engraved on the face and an onyx stone in the center.

100 Alumni Invited

According to Donald Redington, president of the group, more than 100 alumni have received invitations to the affair, and judging from the attendance last year, there is every reason to believe

Physician Warns Science Students To Prepare Their Futures Carefully

Last Thursday, Rev. Joseph M. Dougherty, O. S. A., dean of the School of Science, introduced Arthur C. Morgan, M. D., to the premedical students, as their weekly speaker during their seminar period.

Dr. Morgan is at present a member of the Board of Medical Licenses of the State of Pennsylvania. He is also a leading educator in his field and likewise prominent in the medical profession in Philadelphia. His talk was most interesting to the students because it concerned primarily their future work.

Dr. Morgan stated that the students of today are very fortunate in living during the present depression because the lessons learned in these times are of priceless value to them. In times of success the thoughts of man are centered upon amassing a fortune, but in the times of distress there comes a new thought toward man's life work. Man is turning his mind towards culture and things of refinement.

In his 30 years of teaching, Dr. Morgan has encountered many types of students, but in general he has classified them under two species: (1) Those who have an object in life and therefore give very little trouble to their deans and teachers and (2), those who have no future planned out and are just plugging along. Fortunately, as Dr. Morgan stated, there are only about five per cent. of the latter, but the disappointments that they encounter in their later life are saddening.

He pleaded to the students to carve out an objective and know what they want and concentrate all their energies towards reaching that objective. To those who have done this, he advised to do a little personal introspection or self-examination in order to see whether they are headed and fitted for the chosen horizon. Some students are headed in the wrong direction because they have been attracted by the glamour and outside veneer of successful men in that line, but

Juniors Launch Plan For Raising Finances For Social Activities

Class President John Hoey Makes Appeal To All Committee Members to Make Junior Week Most Outstanding

GUILD COMMITTEES AND PLANS DECIDED

Groups Represent Philadelphia Sections and Districts of This Locality

Plans and committees for the mammoth card party, dance and entertainment were decided upon by the newly-formed Augustinian Guild at its recent meeting of February 22 in the college gymnasium.

Groups came as representatives from the various sections of Philadelphia and from the surrounding districts of this locality. Among the numerous places accounted for are Chestnut Hill, Rosemont, Bryn Mawr, Germantown, Ardmore, South Philadelphia, South Germantown, Olney and West Philadelphia. From these districts the committees were chosen in proportionate numbers, and were then divided into the various departments.

Duties Are Explained

The meeting was under the direction of the Augustinian Fathers of this locality. They explained briefly the work of the various committees which were announced as follows: Transportation, headed by Rev. George De Marco, O. S. A., has as its duties to arrange for bus service from the different districts and to sell round trip tickets for use from Chestnut Hill and Philadelphia. The Philadelphia and Western will also have special rates for those who attend the affair via its line.

Rev. Francis Ludwig, O. S. A., will have charge of ushers who will consist of college students in evening attire. Fr. Ludwig will also have charge of police protection for the occasion.

The ticket committee will be under Rev. Michael O'Donnell, O. S. A. The duties of this group will be distributing tickets to the public, arranging for the tickets to be checked in on the night of the affair, and arranging for the door prize drawing.

Patrons Being Sought

Rev. Francis Dennis, O. S. A., was placed at the head of the chance committee. Members of this committee have duties as yet not defi-

MYSTERY VEILS DANCE; SECRETARY IS SILENT

Lack of Details on Annual Alumni Function Causes Speculation on Outcome of Affair

An aura of mystery seems to surround the activities of those in charge of the coming alumni dance. Various rumors have been circulated as to the orchestra to be selected, and other items concerned with the dance, but a visit to Albert C. Wagner, alumni secretary, in an attempt to clear the situation proved futile.

Assuring the VILLANOVAN reporter that the chairmen of the affair are doing everything possible to make the function outstanding, Mr. Wagner declared that although the plans of the committee in charge can not be made public as yet, those attending the social may be assured of the most colorful dance in the history of the alumni association.

SALES STARTED

Tickets for Movies Are Being Sold to Students

Plans for a Junior Week celebration of the class of 1935 with a comparatively sound financial background were announced by John Hoey, president of the third-year group, at a general meeting of the Junior Week committees in the amphitheatre of Mendel Hall yesterday afternoon.

Appealing to the men he has appointed to serve in the respective groups to give the campus something to remember in the way of class co-operation, Hoey said that only by united effort can this year's junior class hope to attain the goal they are striving for, that of the outstanding third-year class in the history of the college.

After conferences with class officers and the members of the finance committee, of which he is chairman, William Grimberg, treasurer of the class of 1935, offered the plan of selling benefit tickets for local theatres and raffles on Junior Prom bids as a method of raising funds in the class treasury.

Thinks Plan Practical

"With the realization that nothing can be lost, and that the class has everything to gain through this medium of raising funds," said Grimberg, "we feel that a plan of this type is practical at the present time. We are of the opinion that no one will suffer a great hardship

ENGINEERS CLOSE MEMBERSHIP DRIVE

Invitations Issued to Alumni to Attend Initiations of Coming Neophytes

The membership drive for the Phi Kappa Pi engineering fraternity closed successfully yesterday, and plans are now under way for the reception of the new candidates into the society.

A letter is being sent to the members of the alumni who were formerly active members of this organization, inviting them to attend the secret initiations. The engineering faculty is also being extended an invitation. As has been the custom in the past, the engineers will be honored by the presence of the entire administration, who have always enjoyed the proceedings.

The president of the society, G. Eric Storms, '34, said, "The drive for new members was very successful and came up to all expectations. This year we have the largest list of candidates to be initiated into the society in the past three years. It is the hope of the society to continue its activities and to increase not only the educational activities but also the social events.

List to Be Posted

The list of applicants who will be initiated into the society will appear on the engineering bulletin board. All candidates are asked to

ALBRIGHT VICTORS OVER WILDCAT FIVE IN SURPRISE UPSET

Closing Minute Rally Fails as Parsons Win, 39-37

Continued From Page Five

dribbled to the foul line and let it go.

Round and round the hoop the ball rolled and dropped back on to the playing floor. Torpey, ever alert for a follow-up shot, recovered and again the ball rolled around the rim. With about two seconds to go O'Meara tried the second follow-up, but Lady Luck was against the Wildcats, and the ball dropped out for no score as the gun barked ending the game.

'Cats' Third Loss

What was considered as almost a sure victory turned out to be the Villanova team's third defeat.

Woods playing a fast game at guard for the Albright team was the high scorer of the occasion gathering six field goals and a foul for a total of 13 points.

O'Meara led the Villanova team in field goals tallying four, but shared the scoring honors for the losers with Robinson, who scored two field goals and four points via the foul route.

Sporting a very devastating passing and shooting attack as well as an almost impenetrable defense, Duquesne made its bid for intercollegiate basketball honors in December. They set out with only the top of the ladder in view and they have done a fine job of climbing the rungs. They have met defeat only at the hands of powerful teams representing Pittsburgh and Westminster.

They journeyed to Villanova last Monday and took the measure of the Villanova Wildcats, 36-25. Though the score may not seem exceptionally close, yet the encounter was a stiff battle from whistle to whistle. Starting off slowly, the Dukes finally gained momentum and held a seven-point lead throughout the greater part of the second half.

Handicapped by their shortage of stature, the 'Cats had to resort to rather aggressive tactics to maintain possession of the ball. This cost them many points as the result of fouls. The lanky visitors showed remarkable accuracy in sinking the one-pointers which reached a sum total of 16 points and later proved to be the deciding factor of the contest.

The line-ups:

VILLANOVA FROSH FIVE BEATS TEACHERS' TEAM

Wildcat Freshmen Ready for Temple Fray Determined to Get 2d Victory Over Owl Yearlings

The Villanova freshman basketball representatives journeyed to West Chester Saturday afternoon, and met the West Chester State Teachers' frosh quintet. They annexed another victory in a torrid battle thus making their winning column total four wins against two losses. The score when the final whistle blew was 36-25.

Captain Bunny Galazin romped away from the rest of the courtmen to lead both teams with a total of 18 points. The great defensive play of Jack Robinson and John Kopcha kept the West Chester forwards well bottled up and provided the spice of the game. The score at half time was 19-14. The 'Cats led all the way never once being very seriously in danger.

The 'Cat frosh will meet the Temple yearlings in Philadelphia, Wednesday evening in the preliminary to the game to be played between the varsity teams of both schools. The Owl novices smarting under the previous defeat suffered at the hands of the Kittens hope to even the score but the Fe-lines have a very different idea. They promise to bring back to the Main Line camp their second victory over the young "fly by nights."

Committees Named For Model League

Continued From Page One

The assembly will convene at Bucknell University, Lewisburg, on April 12-14.

Paetrus F. Banmiller, who also attended last year's convention, was compelled to resign because of the pressure of his class work, and consequently will not be with the delegation this year.

The next meeting of the society will be held Thursday evening in the Mendel Hall reception room immediately after chapel service. Active work will be commenced on the various committees.

STUDENT COUNCIL VOTES ON CHANGES IN GUEST TICKETS

Eighteen Names Are Stricken From the Original List; Two More Are Added

COMMITTEE IS ORGANIZED FOR SPIRITUAL BOUQUETS

Consists of Representatives From Each School Headed by Council Vice-Chairman

Various motions, the most important of which was a change in the guest ticket list for all campus dances, were voted upon by the members of the Student Council at their latest meeting.

Eighteen names were eliminated from the list, while two new additions were made. Those who were eliminated are the secretary and treasurer of both the Senior and the Junior Classes, all members of the Student Council with the exception of the chairman and vice-chairman, the editor of the Belle Aire and the editor of the Villanova Engineer.

Because of the valuable advertising that the VILLANOVAN offers the dances, it was decided to award the publication a second ticket, to be given to the reporter who handles the dance articles.

Publicity Director Added

Likewise the publicity director of the college, Raymond J. McKeon, who unfortunately was overlooked when the original list was compiled, was voted a ticket because of the great assistance that he gives in publicizing the various dances in the daily newspapers of Philadelphia.

The list as it now stands will go into effect at the beginning of the next semester. There are a few other campus officers, though, who will be brought before the Council for consideration before that date.

NEW APPOINTMENTS MADE ON YEAR BOOK

Staff Positions Awarded to Albert J. Bartolo and James Walsh

Confirmation of the appointments of Albert J. Bartolo, senior science student, and James Walsh, junior Arts student, to the respective posts of assistant business manager and assistant photography editor for the Belle Aire, senior class year book, was made last week by Rev. John T. McCall, O. S. A., moderator of the annual.

The profound interest and willingness to work, which Bartolo has shown, along with his creditable scholastic standing, has merited the position for him. Walsh also received his appointment for his active interest in the work.

Work on the Belle Aire is progressing rapidly, and John T. Corkill, editor-in-chief, believes that this year's book will be decidedly different from any produced by the college heretofore. As the result of the diligent labor on the part of the editor and members of the staff the form of the new publication is already laid out several weeks ahead of schedule.

HOLY NAME SOCIETY ELECTS OFFICERS IN REORGANIZATION

Bastian Is Elected President; Coyle Is Vice-President; Taylor, Treasurer

OFFICIAL MANUALS GIVEN TO MEMBERS BY CHAPLAIN

Second Sunday of Each Month Decided Upon as Holy Communion Day

After a lapse of nearly three years, the Holy Name Society held a reorganization meeting last Monday evening in Mendel Hall. The society was first organized in 1931 by Rev. Edward V. Stanford, O. S. A., president of the college, who was chaplain at that time. The members did not determine any permanent action at that time, but merely made a declaration of their intentions.

At the meeting last week, however, the society was made an active organization in which the newly elected officers, prefects and members will take a definite part.

Joseph Bastian, a senior in the School of Commerce and Finance, was elected president of the group. Walter Coyle, a junior in the School of Technology, was made vice-president; William Taylor, a third-year student in the Business School, received the position of treasurer, and Daniel Marking, a sophomore pre-medical student, was elected secretary.

Buttons Are Blessed

The members received the official Holy Name Society pocket manual and the lapel button which was blessed by the college chaplain. The lapel button should be worn at the monthly meetings, at the monthly Communion Mass, and at all other times in which the society assembles in a body. An indulgence of 300 days may be gained by wearing the button constantly.

It was decided that the second Sunday of each month should be the regular Communion day of the organization. On that morning the entire group is expected to receive the Blessed Sacrament in a body at the regular college Mass.

March 11 has been designated as the first Communion Sunday of the society. It is planned to have a special Communion breakfast in the dining hall after Mass.

CLASS IN DISTRESS

BUSINESS is definitely on the upgrade. The corner of the depression has been turned. The country is once again on the road to recovery. Such are the remarks that greet us every day. We only hope they are true. But right here on the campus we have a financial situation that is far more immediate. The Junior Class is in distress. A depleted treasury is staring them in the face. Yet Junior Week is barely two months away. A recovery program has been organized and is already getting under way, but the Junior Class in itself would hardly be sufficient to overcome the odds. With the future of Junior Week hanging in abeyance all of the classes should put their shoulders to the wheel. The underclassmen will themselves be juniors in another year or two. If the 1934 week is a failure, it is certain future functions of a similiar nature will receive little support. The seniors, on the other hand, have an obligation to the college to see that the tradition is successfully continued. They have already enjoyed the benefits of three such functions. It is no more than right that they assist in keeping this year's event up to the standards of its predecessors. With these thoughts in mind lend your wholehearted co-operation. Give your support willingly and unselfishly. It surely is needed. It most certainly will be appreciated. You in turn will reap the benefits in a bigger and more enjoyable Junior Week.

ELIMINATE WASTE

MAINTAINING an educational institution is one of the most thankless tasks of its kind. There are a good many reasons why such a condition exists. Primarily, the property and accessories are subjected to a constant deterioration and more than a normal amount of abuse. Perhaps the reason for this abnormal abuse resulting from unheeded carelessness could be attributed to the fact that such an institution houses a large number of restless and energetic young men. These gentlemen do not regard their accommodations at college as they do those at home. Allowing lights to burn all night or for hours at a time when no use is required of them is a matter for which we would be called to account at home. So, also, would the matter of permitting water to run for hours unused be considered serious. There is no excuse for such an overwhelming and undue amount of waste. Is it not time for us, then, to learn at least a little of the value of money? Is it not time to cultivate habits that will stand us in good stead when in coming years we will be sorely in need of them? The habits we develop now will either aid or hinder our future. Let us see to it that they will not be a hindrance.

YOU OUGHT TO KNOW

LAST week all those who could lay hands on sleds were out "coastin'" down those fine hills with which this vicinity is blessed. The majority of students picked the long, steep descent, a mile west of the college on County Line road, as the ideal spot to do their sledding. It was great sport riding down the half-mile hill there, but the ascent that made for much exercise discouraged many more rides that would have been taken were it possible to avoid the climb back.

Bill Walsh is having his troubles these days with the gals. Oh, no, it isn't as you think! Bill's worries are not in winning favor in the fair sex's eyes. No, disfavor is his great desideratum! The story, in short, is that Bill has been the object of the admiration of two girls from Wayne who persist in annoying him with the Westian question, "Why don'tcha come up and see us sometime?" As a consequence of this reversal of the natural law, by which the male should make all overtures, Bill is fairly limp and hanging on the ropes.

Probaby you have seen the advertisement which tells of the tasty, fresh mackerel which Ackermarakus Co. will send to you on approval if you will only cut this clipping out and send it along with your name and address to the concern. Well, anyway, one such clipping was properly filled out and sent in, making Frank Connell the beneficiary of one barrel of fish, as advertised. This, as was expected by the practical joker, raised a laugh all around. But after the bill for two dollars was sent to Frank, all except him were found laughing.

Very soon the air will be filled with the cracking of bats and the dull thudding of gloves, mingled with the jargon of the diamond. The smell of sweet, fresh grass and the warmth of a brighter sun will indicate that baseball days are at hand. Such days whether partisan to the sport or not will be welcomed by all. It seems like ages since the coat was shed in favor of shirt-sleeve recreation.

One will go to college a long while before he will see the strange sight that the students of transportation beheld. The picture of a classmate, Bucky O'Connor, coming to class dressed in a tuxedo! To avoid wrong impressions, let it be made known that it was a night class and that Bucky, as a member of an orchestra for the P. M., was accordingly dressed. However, these conditions did not alter the novelty of the situation.

"Lu Lu" Daoud and "Jo Jo" Weisenbaugh's coming together is a fair example of what happens when an irresistible force meets an immovable object. There you have the two most die-hard, never-say-down arguers here in the East. Quiet, well modulated tones of conversation are not to be expected at their meetings. Shouting, wild gesticulations, uproarous laughter and wild carryings-on are rather the expected. That the two have studied orderly debate is not obvious from their arguments.

COLLEGIATE NEWSREEL

A CLASS at Lehigh University was smitten with astonishment one cheery morning recently, when the professor sprang a pop quiz which left everyone hoping that they were in the wrong class. After much futile fuming about, one not-to-be squelched student piped up from the rear with "We are lost,' the captain shouted, as he staggered down the stairs."

• • •

An amusing and probably true incident is related by The Tatler, publication of the College of New Rochelle, to the effect that a group of students in an eastern university got tired of waiting for a tardy professor and walked out. The said professor was somewhat indignant and complained that "they could easily have seen that I was coming, for my hat was on the desk." Next day, upon his arrival in the classroom, a strange sight greeted him . . . it was empty save for a hat on every desk.

• • •

While having his hair marcelled at a local barber shop, a junior at the University of Detroit was asked by his barber, "Wet or dry?" Highly annoyed, the collegian retorted: "Cut my hair and never mind the politics." Which still left him in the hands of the barber.

• • •

The Bucknellian says that a plebe at West Point sent the following letter home: "Dear Aunt Jane: Thanks for the cake. The piece I got was fine."

• • •

Several students at Boston University submitted the following code for colleges: (1) All 9 o'clock classes shall start promptly at 9.20, except on Monday when they will begin at 9.37; (2) All professors will be allowed two cuts per week and will be under compulsion to take them; (3) Final examinations shall contain only those questions which are known by the students, thus permitting shorter exam periods with its attendant gain in efficiency. In fact exams should be eliminated entirely.

• • •

Here's our old friend, the professor, again. This time he's in a jam at the University of California. One evening, about a week ago, he took his lady friend for a ride out to them thar hills. Suddenly, he stopped the car (no, he wasn't going to propose) and decided to take a walk (by himself). Wrapping the young lady comfortably in blankets, he set out for his meander. Three hours later, a passing motorcycle cop found the young lady still waiting for the professor to return (she didn't like to walk home, and anyhow it wasn't very far), Calling the faculty residence where our hero was staying, the officer found that the professor was sound asleep in bed. Upon being awakened, the forgetful one exclaimed: "Oh dear, I thought I had a date with her tomorrow night!"

The boys at Westminster College have to watch their Ivory. A course in soap culture has just been inaugurated there.

---- Dial-Log ----

IF Jan Garber and His Orchestra played at a prom here, would you be sure that it was really Jan Garber? Well, the residents of many small towns in the mid-west and other sections of the country have been fooled quite often in just such a case as stated above, but one of the imitators was recently detected, and as a result he was fined $250 by the Federation of Musicians.

A former member of the band of Ace Brigode and His Virginians started his own orchestra and went about appearing at dance halls while his newspaper publicity said that he was "known as Ace Brigode to radio." This took place out in Saginaw, Michigan.

The latest attempt to capitalize on the growing popularity of Ace Brigode was made in Boston at the State Ballroom. Newspapers advertised the appearance of Ace Brigode and His Virginians. The band was so terrible that the dancers began to leave after the first number.

This is just the beginning of another "racket" that will fool many "suckers" before it is quelled, but after listening to Ace Brigode it isn't surprising that the people went to hear him. He really is good, and all good things have their imitations.

Intercollegiate athletics is rapidly supplying radio with new broadcasts. It all started with football. Recently the Army-Navy game was aired, and the latest was the broadcast of the boxing bouts between Virginia and Yale, last Saturday.

Victor Young and his Orchestra will succeed Jack Benny and Frank Black's Orchestra on the Chevrolet program beginning the first week in April. The program will consist only of dance music. No vocalist will be used, and the ballyhoo will be the shortest on the air.

Ben Bernie will arrive soon in Hollywood to make a picture. Paramount has named it, "The Great Magoo."

Wayne King has signed a contract which calls for four broadcasts a week until October, 1935.

Cab Colloway set sail for London last week and will tour England until July.

We have been requested to find out whether Lombardo or Jan Garber originated the style of music popularized by the Lombardos. Although Garber's outfit is as old as Lombardo's, it is only recently that he has adopted the latter's style, and he is willing to admit that he copied the Canadians. Personally, although it doesn't matter, we like the imitator better than the imitated.

The Salt-Shaker

CATHOLIC SOCIALISTS

YES, GENTLE READER, there are such beings; not only tolerated by the Church, but approved as the followers of saints.

Of course, we mean the members of the religious orders.

Socialists want individuals to renounce their private property. Religious do that. Socialists want the community to own everything its members use. Religious communities do that. Socialists want to spread their teachings throughout the world. Religious orders have done that. More simply, socialists want; religious do.

Socialists would have people do their assigned tasks for the good of the community. Religious do more. In schools, in hospitals, among the poor, wherever they are needed—they labor not so much for their own community as for all men. Never would religious force their mode of life on the unwilling; never enforce obedience with the knout; never outlaw those who do not agree with them about the life that is of counsel.

For exactly this—that religious believe the renunciation of property and the common life to be a counsel, and not a command, an exceptional way, and not the ordinary way of nature—this marks them off most distinctly from those who alone are ordinarily called socialists. But as for actual practice, no socialist could find fault with their mode of life, except perhaps because obedience is exacted by reason of a promise made for love of God: but what nobler, higher, motive would they substitute for this? That socialism as understood by religious is quite practicable is proved by the fact that they are the only such foundations that have outlived a few generations: and this in spite (we think, because) of their other-worldliness. Human nature being what it is, community of property and community life are only practicable when practised for love of God.

The Church has had socialistic bodies from its earliest days. Of the first Christians we read in the Acts of the Apostles: "Neither did anyone say that aught of the things that he possessed was his own, but all things were common unto them . . . And distribution was made to everyone according as he had need." From this some claim that Christ taught absolute socialism and social revolution, and that therefore the Internationale is closer to true Christianity than any of the so-called Christian churches. The old pagan capitalists, they say, first tried to crush this new doctrine by force. When this failed, they subtly substituted pagan capitalism for Christian socialism through venal bishops, who camouflaged this change by diverting public attention to disputes on intricate and meaningless points of theology; and so the new faith came to stand for what it was meant to destroy. However, the facts that this life in common was not universal in the early Church, was optional with the individual, and did not include the common ownership and operation of productive goods, clearly distinguish it from the forms advocated by modern socialists. The Jerusalem community, as a venture in socialism, was a failure even in the lifetime of the apostles, and has come down in history as a noble attempt to attain what is, for mankind in general, an impossible ideal.

The best answer to modern socialism is the existence, spread and continuance of true Christian socialism. When the world sees that a special degree of the love of God and neighbor and the spirit of sacrifice are the only sound foundations for the only practical socialism it has ever known — that of the religious orders — it will think twice before "going socialist."

VILLANOVA ORATORS PREPARING TO MEET STRONG OPPOSITION

Home-and-Home Contest With New York University Team Scheduled This Week

PERMANENT DICTATORSHIP TOPIC TO BE DISCUSSED

Villanova's orators are looking forward to meeting two well-known colleges on the platform of debate this week. The first of these encounters will witness Villanova opposing New York University Thursday night on the question, "Resolved: That a permanent dictatorship would be for the best economic interests of the United States."

In the past, the New York institution has always furnished excellent teams, and it is very certain that the Beta Gamma will be meeting such a team here on Thursday night. Robert Bouson and Francis Bigley have been selected by Prof. Joseph T. Jonas to represent the Main Liners.

The following night, Peter Kerr, Charles Goggi, and Bouson will journey over to New York to meet Manhattan College. The subject which will be discussed is, "Resolved: That the powers of the president should be substantially increased as a settled policy." This debate will mark the first trip the Beta Gamma debaters have taken this season.

During the past week, Beta Gamma has engaged in two contests. Goggi, senior member of the varsity team, met the Villiger Society of St. Joseph's College in a two-man radio debate. It was broadcast over station WLIT in Philadelphia. The two men argued the topic, "Resolved: That all Government positions should be controlled or governed by civil service examination."

The decision was left to the radio audience. Their vote has not as yet been made known. The debate marked the initial appearance of Goggi this season. More urgent work has kept him out of previous encounters.

It was previously announced in this paper that the debate scheduled with Dayton University had been cancelled. However, the difficulties which had caused the Beta Gamma to take this step were remedied last week, and the contest took place last night in the amphitheatre. The result had not been made known when this paper went to print. The powers of the president was the topic discussed.

A misunderstanding between Villanova and the University of Pennsylvania caused the league debate scheduled for last Tuesday night to be put off until a future date. Villanova sent its negative team into Pennsylvania to meet the affirmative team of that institution. At the same time, the Philadelphia University had sent its affirmative trio out here to Villanova. Thus, there were two affirmative teams here and two negative at Pennsylvania.

Gleanings

Did you know that: Squire Lynch claims that he's boss of Alumni Hall? . . . Something should be done about the way the four leading "ciggie" manufacturers pack their cigarettes? . . . Dom Marion, whose intimates call him "Nicky, dear," thinks the sledding at Garrett Hill is unbeatable? . . . You shouldn't let the ads fool you? Anna Sten is only mediocre . . . Carl "Shipwreck" Kelly indignantly denies the fact that his girl friend has ceased bringing him out to the college? . . . A certain priest, due to a combination of events, almost lost his overcoat last week? . . . The comments heard about the campus regarding the merit awards were highly audible and acidic? . . . There was little money won on the campus on the outcome of the Loughran-Carnera fiasco? . . . Al Fickera is walking on air these days wondering just what Mary will do next? . . . Jimmy Migliore is foggy about some anonymous soprano? . . . Fred Meyer's shiner, gained in the Temple bout, is still more than evident? . . . Hubie Gallagher, who wasted all those roses at Rosemont, has shifted his affections from Joisey to Oklahoma? . . . There must be some terribly good reason for John Barlow not having missed going home a single weekend this year? . . . Tito Romano thought that he had bought that coonskin coat for $23? . . . Walt Alessandroni is a bit worried about adverse publicity? . . . Tom McDonnell thinks that his name should be mentioned as often in this sheet as that of Bill Hughes?

Also, don't put too much faith in the statement, but Don Bestor or Richard Himber may get the call for the Junior Prom? . . . The position of sports editor seems to be something of an ethereal spirit about this paper? . . . "Eleven Point Einie" Einhorn still believes that Robert Burns is an "extinguished" poet? . . . The affections of the famous leaning tower, Jim Keeley, are torn between two fires? . . . More than one pre-med was forced to leave the amphitheatre during the movie of the appendectomy? . . . Our perennial hero failed to do his usual act during the Temple game? . . . Bob McIntyre has gone west with his affections—from South Philly to West Philly? . . . Scoop Keating is still trying to get himself in right up at Georgian Court? . . . Fetlock Sholmes' canary has apparently forgotten his address—no letter for two weeks? . . . Johnny Corkill's description of Primo "the Vast Venetian" Carnera is among the classics? . . . A set of false teeth caused plenty of laughs among the senior pre-meds this past week? . . . Art Hart has yet to miss a day that he hasn't trekked down to the Greek's?

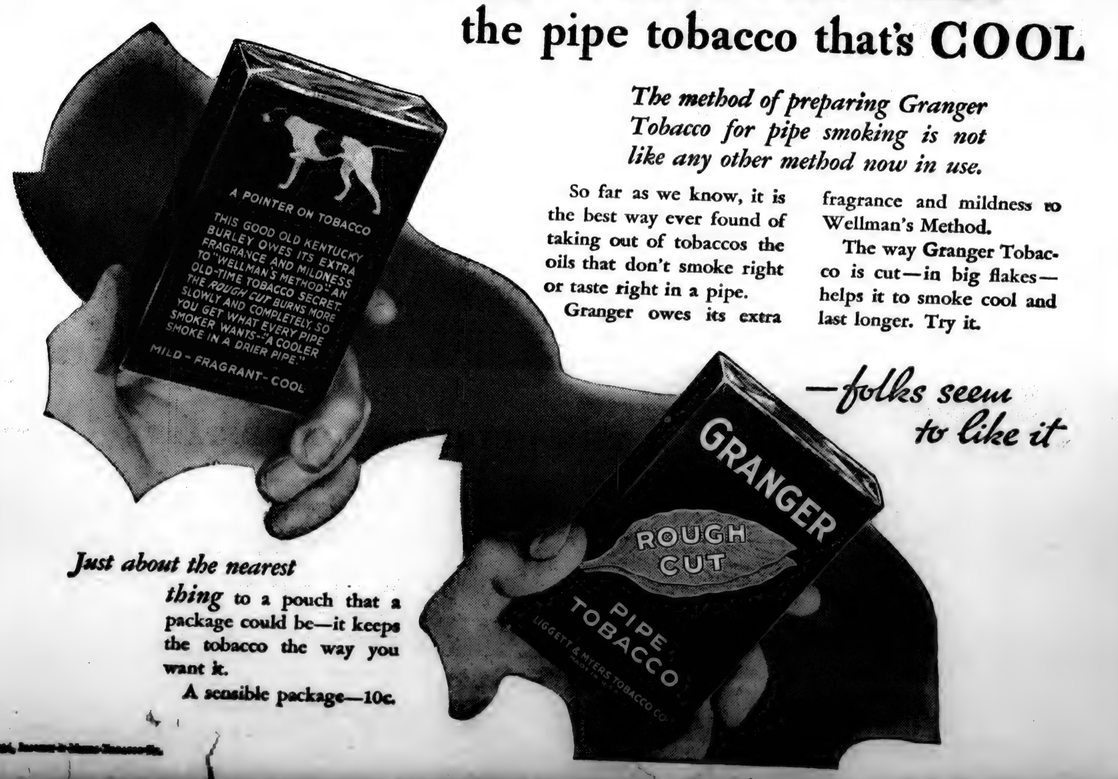
for Pipe Smokers
the pipe tobacco that's MILD
the pipe tobacco that's COOL



The method of preparing Granger Tobacco for pipe smoking is not like any other method now in use.

So far as we know, it is the best way ever found of taking out of tobaccos the oils that don't smoke right or taste right in a pipe. Granger owes its extra fragrance and mildness to Wellman's Method.

The way Granger Tobacco is cut—in big flakes—helps it to smoke cool and last longer. Try it.

Just about the nearest thing to a pouch that a package could be—it keeps the tobacco the way you want it.

A sensible package—10c.

—folks seem to like it

Juniors Plan New Financial Drive

Continued From Page One

in purchasing these tickets because they are being sold at the same prices that the theatres charge, and it is unnecessary to urge anyone to take a chance on a free bid to the prom."

Each class member present at the general meeting was given tickets to sell with a prize of a free ticket to the Junior Prom being offered to the man selling the most tickets as an incentive to promote intense rivalry in the ticket sales. The sale started yesterday afternoon immediately after the meeting.

Benefit Is Planned

Those present were informed that the Seville and Wayne theatres had been chosen for the benefit, and that the prevailing prices of 40 cents a ticket had been adopted by the respective theatres. Thus each student who purchases tickets from the Junior Class will be aiding that group if such purchases are made for the dates of March 12 to 22 inclusive.

Ten cents is the charge which is being made for each chance on the prom bid. At the close of the sale on the chances, Rev. Bernard McConville, O. S. A., class moderator, will conduct an impartial drawing of the winners' names.

By the Sports Editor

AFTER dropping their first two inaugural contests, the swimming team finally eked out two victories over the West Chester State Teachers. The tallies showed close margins in favor of the 'Cats, but the final score is the pay-off, and the first meets to be won by a Blue and White swim team were put on the books.

• • •

DURING the past week, the cage quintet accomplished almost the impossible. Trimming the Temple Owls for the second time during the season, they made a clean sweep for the year. Temple, formerly noted for its powerful basketball combinations, was quite surprised when the 'Cats rallied during the closing minutes of the contest and left the Owl fans wondering what it was all about. Ben Geraghty once more was the big gun and paired with Johnny Barry, who, although he seems to be in what might be termed a scoring slump, contributed some fine floorwork to our cause. Dickinson on Saturday night fell victim to "Doc" Jacobs cohorts, making eight games on the win side of the ledger. Although previous Wildcat cage teams have won more ball games, it seems that this has been one of our most successful seasons, from the standpoint of the teams that we have defeated. It was a miracle if we ever even came close to defeating the Owls in previous years.

• • •

THE Villanova golf schedule is the longest in the brief but impressive history of Villanova golf teams. The first match with Boston College will be played on the day we return from Easter vacation, and hence it will be impossible to hold a tournament to select the team to represent us in the first few matches. The entire season, though, includes 13 of them, so missing the first few won't be too much of a setback for new candidates for the team, and besides, it is not necessary to play in all the matches in order to earn a letter. Any new candidates who would like to play should report to Lou Marechal on Friday afternoon between 12.30 and 2 in the VILLANOVAN sports office, which is located behind the dining hall. Old members of the squad who wish to compete again this year should also report at this time. Seven of the 13 matches will be played on foreign links with the home contests being held on the St. Davids Open Course. This is one sport that greatly lacks good prospects, so any new students who are adept at the sport should support their team. Report Friday afternoon, even if you aren't another Bobby Jones.

• • •

ONE thing that has always been in our minds is the fact that Villanova is represented by major teams of approximately the same strength. By that we mean that our varsity squads can compare with schools in our class without the least trouble in all varsity sports. Other colleges always seem to have one outstanding sport that they constantly feature. For example, Lehigh. Wrestling is the featured sport, and they compete with schools that have four and five times their student enrollment. Pennsylvania features both basketball and track. Columbia, crew, fencing and boxing. Syracuse, boxing. N. Y. U. and Yale, track. C. C. N. Y., basketball. Washington and Lee, their golf teams. Temple, football. Yet Villanova could compare with Lehigh, and for that matter would be far above them in football, basketball, track and baseball. Penn would have plenty of trouble with the 'Cats in basketball, football and baseball. Our football team is on a par with any of the above mentioned schools, basketball likewise with the possible exception of C. C. N. Y.; baseball, with all, and track with the exception of Yale and Penn. Though not outstanding in any one sport, it seems as if we always manage to be up with the institutions when it comes to the final showdown.

CATS DOWN TWO MORE FOES

VILLANOVA MERMEN TAKE DOUBLE WIN FROM WEST CHESTER

Tankmen Trailing Until Last Event; Hines and Coyle Place One-Two

RELAY CLOSELY FOUGHT FROM START TO FINISH

John McGee Defeats Strong in Forty-Yard Freestyle Event

Villanova's swimming team splashed to its second consecutive victory in four days over the West Chester Teachers' College natators by the score of 34-31 on last Saturday in the West Chester Y. M. C. A. pool.

The Wildcat mermen garnered their first victory of the season last Tuesday over the same team by the almost identical score of 35-31 in the home pool.

In both meets Villanova was trailing until the last event. Again in the 100-yard free style Bill Hines and Walter Coyle, duplicating their former achievement, finished first and second to carry Villanova to its second victory of the season.

Rugerio Flocco, the Teachers' captain, who two years ago was Junior National Diving champion, again made off with two first places, but this time on a fluke. He won the breast stroke only after John Strong, of Villanova, the actual winner, had been disqualified for making an illegal turn. In the low board diving Flocco gave a splendid exhibition amassing a total of 63 points.

Wildcats Take Relay

Villanova's tankmen started out with a rush, taking the 160-yard relay in the fast time of 1 min. 21 3-5 seconds. This race was closely fought from start to finish. Both anchor men started from scratch and were still even coming up the home stretch. Here John Strong, in a sudden burst of speed, touched the tile by the slightest of margins over Michael Wyatt, of the Teachers.

The big surprise of the meet was the victory of John McGee, husky Villanova freshman, over John Strong in the 40-yard free style event. Both Villanova men far outclassed their field, with McGee winning by a touch in 21 seconds flat.

Jack Hosey, of Coach Martin Gill's contingent, splashed his way to another easy victory in the 100-yard backstroke in the time of 1 minute 19 seconds.

First Victory Is Close

In their first encounter last Tuesday night the West Chester Teachers stood on the verge of victory over the Villanova mermen only to experience a last minute defeat.

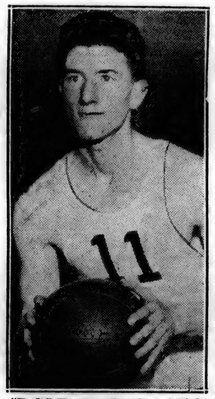
Scratched Owl



"Reds" Rosan, who shared high scoring honors for Temple against Villanova, but whose best efforts were insufficient to prevent the Wildcats' second victory over the Cherry and White.

WEATHER DELAYS BASEBALL PRACTICE

Pitching Problem Remains as Single Dark Spot in Team's Prospects

With the increasing mildness of the weather and the rapid thawing of the snow, the baseball prospects are beginning to look brighter. Soon the team will be taking to the good old turf for its daily workouts, weather permitting. At present their activities are restricted to the confines of the gymnasium. As such is the case and with the basketball and football teams likewise having practice, it restricts the practice to just the batteries. However, "Doc" Jacobs intends to have the entire squad in the gymnasium for workouts after Tuesday as the basketball season closes then.

Pitchers Scarce

The whole success of the club this year depends on the patching up of the holes left in the pitching ranks. The outlook as far as the remainder of the team is concerned is very promising, so that leaves the pitching question as the thorn in Coach Jacobs' side. He has but one veteran pitcher left in Tom O'Donnell, but fate has stepped in, and Tom's arm has just simply refused to stand the gaff. The other candidates are all newcomers to collegiate pitching, and it is a question as to their ability, not to take it, but to dish it out.

Red Lenzi will in all probability get the call for the receiver's position, and among the hurlers are

" 19 Monday	Fedigan vs. Day Hops	3.45 P. M.

Inspired Basketball Five Tops Temple and Dickinson

Geraghty Outstanding Player in 27-22 Win Over Cherry and White and in 38-34 Conquest of Carlisle Collegians

VICTORY OVER OWLS SETS RECORD

CONTINUING their winning ways, the varsity basketball team tucked two more victories under its belt within the past week. Temple was given a very severe shock in their own lair Wednesday night in a 27-22 upset, while Dickinson was taken over the hurdles Saturday night in the gym to the tune of 38-34.

Both games drew large crowds of interested spectators, 2500 people packing the Mitten Hall court for the Temple fray, and 1500 making the pilgrimage to the local gym Saturday night for the Dickinson tussle. Saturday's game was especially marked by an unusually large delegation from the Carlisle outposts.

Ben Geraghty, the sophomore ace of the Wildcat squad, continued his stellar performances by setting the pace Saturday night in Villanova's triumphant return to its own court. Already the high scorer in practically every game this season, Ben again took the honors by amassing 14 points, 12 of them by the field goal route and two from the foul line.

Geraghty Is Hurt

Dribbling down the court three minutes from the close of the game, however, Geraghty was pushed up against the basket supports and had his ankle badly twisted. After time had been taken out to look over his leg, he returned to take his fouls, but evidently was too severely shaken, for both shots fell far short of their mark. He stayed in for a few more tosses, but then Coach Jacobs removed him from the game.

Only once throughout the extent of the game was the lead of the Wildcats seriously threatened. Towards the close of the first half Wilson, Dickinson's outstanding player, and Hughes, their center, combined two field goals and two fouls to tie up the score. The half, however, ended with the 'Cats again leading, 15-14.

Wilson Stars

Wilson's playing for the Carlisle five was the inspiring keynote of their team. Although slow in starting, he made up for lost time by sinking four field goals and two fouls for a total of ten points.

Johnny Shevlin, reliable guard of the Villanova quintet, returned to the higher scoring ranks after something of a scoring lapse in the last few games. He garnered ten points to share second-place honors with Wilson.

The game was marked by snappy, accurate passing on the part of Villanova, especially in the second half. Clever teamwork on the part of Barry, Hurley and Shevlin soon widened the margin that had separated the two teams at the halfway mark.

Sensational long range shooting in the closing minutes turned the tide toward the Main Liners in the Temple fray. With the score deadlocked at 21-21, Tom Ryan, husky, dark-haired substitute guard, dropped a perfect goal from side court near midfloor, and a few moments later Jack Torpey, lanky center, stepped across the center line, poised for a second, and sent the ball in a beautiful high arc toward the basket. The ball dropped through the cords without touching the rim as the spectators gasped and roared their approval.

This gave the Wildcats a 25-21 edge and from then on they could

Continued on Page Eight

TENNIS SCHEDULE NEARS COMPLETION

Plans Feature Three-Day Trip to Meet College Teams From Up-State

The first plans have been made for the formation of the Villanova tennis team for the 1934 spring season, according to an announcement made by Manager James Carr. Challenges have been sent to a dozen schools and many have already been accepted. The majority of the contests will be played on the home-and-home basis.

One of the features of the season will be a three-day trip during which time the Wildcats will meet Juniata, Bucknell and Susquehanna.

Practice Depends on Weather

A call for candidates will not be issued until the weather conditions permit the conditioning of the courts. However, candidates will be given ample opportunity for workouts after the announcement has been issued that the gymnasium has been acquired for indoor practice. This will permit all aspirants for the team to get themselves into shape several weeks before the first match.

Bill Orcutt, newly-elected captain, and Sam Miles, former captain, are the only senior veterans, and with these men as a nucleus it is expected that the Villanova team will develop into a team of championship caliber.

Bucknell, Drexel, LaSalle, Osteopathy, West Chester and Ursinus have already accepted the Wildcats' challenge and answers are expected in the near future from Temple, Susquehanna and Juniata.

CLUB WILL BE FORMED

Students Interested in Chess Asked to See Fr. Brossler

Immediately following the evening services Thursday night, there will be a meeting in the amphitheatre in Mendel Hall of all those students interested in forming a chess club.

Rev. Frederick Brossler, O. S. A., has been asked to be moderator of the club and hopes that there will be sufficient students interested in the game so that it may be added to the list of extra-curricular activities.

In the past, the college has been challenged several times but has been forced to refuse due to the fact that there was no team,

Alumni Increases Its Lead Over Fedigan Basketeers

Academy Colonels Hold Unblemished Record While Austin Threatens Fedigan; Frosh Bow to Day-Hops

VOLLEYBALL WILL START THIS WEEK

With the season drawing to a close, the basketeers from Alumni Hall are increasing their lead over the scrappy second place Fedigan outfit. To date the colonels from the old fortress have an unblemished record for the season and it appears as if it will continue in that state after the final game is played.

The virtual "champs" played two contests last week, beating Mendel Hall both times. The "frosh" quintet is having tough sledding in this half, hence they are losing the majority of their contests. Their two defeats at the hands of Alumni by the scores of 14-12 and 23-17, respectively, are forgivable, but it is hard to conceive their necessity in bowing to the Mendel Day Hops by the score of 22-20. With victory within easy grasp it seemed more than likely that the disheartened "frosh" should have come through to cherish another victory now that they are so few and far between.

Austin Hall is still fighting its bitter battle with Fedigan for second place, but so far the latter club has the edge. In a two-game series this past week, the two teams broke even, Fedigan taking the first encounter by a 13-12 count and Austin taking the second with 23 points to Fedigan's 16.

Volleyball to Start

Intra-mural volleyball will get underway the latter part of this week, with the "push the ball over the net artists" from Alumni defending their laurels as 1932 champions. They are confident that they have lost none of their former skill and are out to win the title again this year.

The tourney will be conducted under intercollegiate rules, that is, only the serving team may score and should the first serve be bad the server is allowed another attempt.

All those desirous of representing their hall team should report for the first game in which their hall is engaged. A schedule will be posted to keep the games in order and to allow the participants ample time to prepare for the encounters. The games among the resident students will be held at night and those among the day hops will be played at 4 o'clock in the afternoon.

watch for this list. All applicants who are admitted are asked to report to the meeting on March 12.

'CATS' MEOW

WELL, the sporting season seems to be drawing to a close.

—V—

Two wins over Temple was a good way to begin the end of basketball season.

—V—

A win tonight over LaSalle will help a lot too, and from the looks of things it will be tough to get.

—V—

The snowball teams have held, what we hope, are their last practice sessions.

—V—

Sports may come and sports may go, but the intra-murals go on and on and on.

—V—

So does this column, only it goes worse and worse and rotten.

—V—

Apropos of nothing, the golf team has its longest schedule in Villanova history.

—V—

Get the clubs out, boys. Take a few practice swings.

—V—

The tennis team likewise might start batting a few up against the wall.

—V—

This qualifies you for participation on two minor sport teams.

—V—

Besides the above exercises, stick to the egg-a-day-diet.

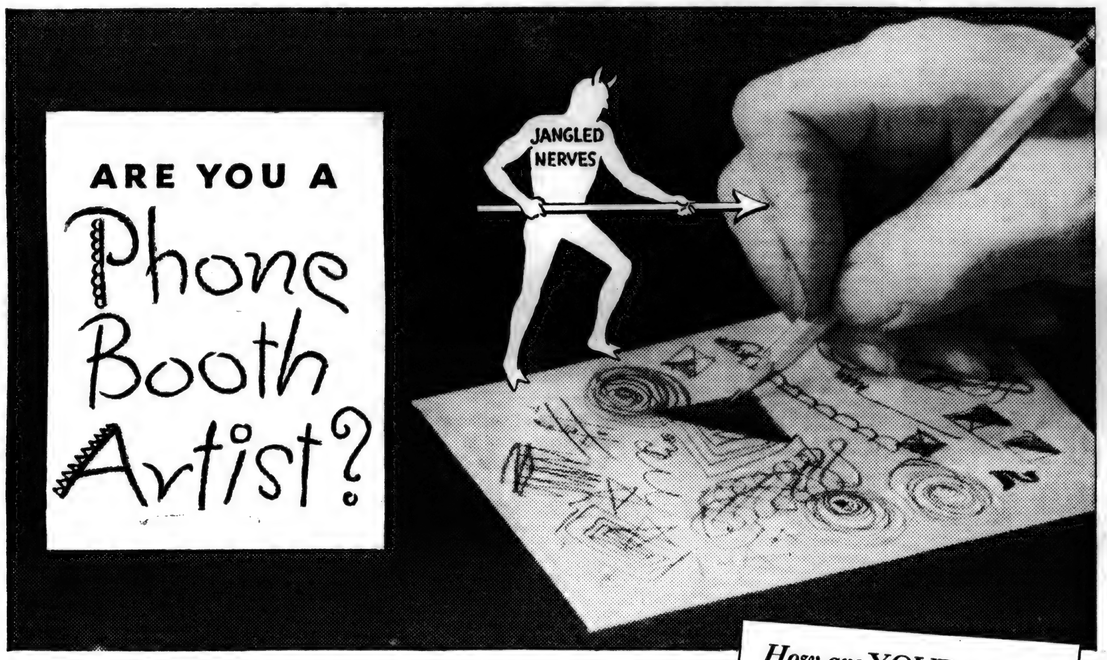
Weather Delays Baseball Practice

Continued From Page Five

Steve Sylvester, Ed Vaughn and Tom Collins. The remainder of the team, built up around Skaff, Cavanaugh and Wronski in the infield and Murphy and Huribut in the outfield, is quite a formidable array. First base position is also open, but Art Mahan looks plenty big enough to fill up the gap with ease.

The baseball schedule for the entire season reads as follows:

April 2 Princeton away.
" 7 Penn A. C. home.
" 11 U. of Penn away.
" 14 Dickinson pending.
" 18 Lehigh away.
" 21 Ursinus home.
" 25 West Chester home.
" 28 Fordham away.
May 1 Albright home.
" 4 Temple home.
" 9 West Chester away.
" 12 Georgetown pending.
" 16 Temple away.
" 18 Ursinus away.
" 24 Drexel home.



Those penciled scrawls are a sign of jangled nerves

If you're the stolid, phlegmatic sort of person who doesn't feel things very deeply, you'll probably never have to worry about nerves. But if you're high-strung, alive, sensitive—watch out.

See whether you scribble things on bits of paper, bite your nails, jump at unexpected noises—they're signs of *jangled nerves.*

So be careful. Get enough sleep—fresh air—recreation. And make Camels your cigarette.

For Camel's costlier tobaccos never jangle your nerves—no matter how steadily you smoke.

COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE TOBACCOS than any other popular brand of cigarett

VILLANOVA IS SET FOR LA SALLE FIVE IN ITS FINAL GAME

Strong Explorer Quintet May Surprise Wildcat Rooters Here Tonight

"JOCKO" HURLEY TO PLAY LAST COLLEGE CONTEST

The Villanova basketball team, 1934 edition, will take the court for the last time tonight in the home gymnasium against the La Salle Explorers. Numerous court followers in this section have been looking forward to this "natural" for the past few weeks and the fact that the decision will be very much in doubt, until the final whistle, should crowd the gym with partisan fans. La Salle has a crack quintet and may give the Villanova rooters a surprise.

This game should involve something like the Catholic college championship of the city, for La Salle on the basis of its two victories over St. Joseph's, rates the logical contender for the mythical title. In addition to their two triumphs over St. Joseph's, the Explorers have defeated Penn A. C., Catholic University, Rider College, West Chester (twice), St. Thomas', of Scranton, Morris Harvey and Osteopathy. Their lone defeats were at the hands of Pennsylvania and Niagara. Both were early season struggles and were suffered before the Explorers hit the form that has carried them to ten straight victories.

Murphy Must Be Watched

This high scoring team consists of the Meehan brothers, Clem and Joe at the forward positions, Mosicant at center, and Murphy and Bahr at the guard posts. Murphy is the outstanding man on the team and must be watched by the Blue and White. The team as a whole has scored 447 points to their opponents' 343 to lead the ten Philadelphia colleges in point scoring totals.

Captain "Jocko" Hurley, stellar Villanova guard, has regained the early season form which he lost due to an ankle injury and is sure to flash some of that "stuff" of which he is capable. Coach Doc Jacobs will most likely stand pat on the starting line-up that he has used all season, but some of the subs, who have stood out recently, will undoubtedly see action, including Mike O'Meara, Tom Ryan, and Pop Travers. Ben Geraghty, sensational forward, is expected to give another brilliant showing of his wares.

Jayvees Trim Businessmen; Frosh Subdued by Owlets

Yearlings Defeated by 30-27 Count in Mitten Hall

Villanova's two minor basketball teams, the freshmen and the jayvees, played a .500 average last week, the former losing to the Temple Frosh by a 30-27 score and the latter defeating the Banks Business College team by a 32-26 count.

In the preliminary game to the Temple-Villanova contest the Owlets avenged their only defeat of the season when they handed the Kittens their setback. A nine-point lead at half-time proved to be an insurmountable obstacle for the frosh, and, although they cut down the Owls' lead to 28-26 a short time before the final whistle, foul goals by Junegar and Greenberg kept the Cherry and White lead safe. Maximovitch played bang-up ball for the Blue and White dumping in two field goals and three fouls for seven points. Galazin took high over-all honors with three goals and two fouls for eight points.

Jayvees Victorious

Feehery and Dart with 12 and 10 points respectively, were the main factors of a 32-26 win for the junior varsity over Banks Business College played as a prelim to the Dickinson game Saturday. Nine players were utilized by Coach McFeely in a successful effort in stopping the Businessmen's attack.

The J. V's. held a slim 14-12 lead at half-time, but put on a spurt and widened the gap in the first five minutes of the last period. Feehery was the big gun in the Blue and White's attack, with six field goals, while Dart followed with five. Inability to counter on foul attempts kept down the Main Liners' score, for they failed to score on any of their attempts.

Holy Name Society Elects Its Officers

Continued From Page One

der a prefect. Each group will consist of members who are in the same dormitory. In this way the long roll call will be avoided.

If a member fails to attend three successive Communions or is guilty of misconduct on the campus or disorderly conduct in the meetings of the society, he is liable to expulsion, thereby excluding him for selection as an officer and depriving him of all the benefits of the society.

Guild Committees and Plans Decided

Continued From Page One

nitely settled and must consult Fr. Dennis concerning them.

The program committees under Rev. William Doyle, O. S. A., will solicit patrons and patronesses and arrange with the ticket committee for complimentary tickets to be sent to the patrons and patronesses. The offering for patronage is five dollars.

The prize committee, with Rev. Charles P. Brown, O. S. A., at its head, will solicit prizes and make sure they are at the gym not later than Tuesday morning, April 10.

Rev. James Donnellon, O. S. A., will direct the refreshments committee which will seek donations of various kinds.

Checking Will Be Free

The chairs and tables committee, headed by Rev. Edward B. McKee, O. S. A., will consist of the men who wish to co-operate. Their duties will be to arrange to have sufficient chairs and tables in the gym before 6 P. M., April 10.

The check room will be in charge of Rev. John McCall, O. S. A. College students will probably assist Fr. McCall, and they will use the bowling alleys and the two check rooms on each side of the lobby for this purpose. No charge will be made for this service.

Publicity and advertising will be handled by Rev. William Lunney, O. S. A. He will send stories and notices to the daily papers and arrange for posters.

Physician Advises Plans for Future

Continued From Page One

they give little thought to the years of preparation and application and personal fitness that have made these men successful.

Dr. Morgan stated several factors which are necessary for the student to fulfill before he can also become auspicious in his chosen work. In dentistry he must have a keen application for mechanical work. In the medical field he must have a sympathetic understanding of people, especially of the lower strata of life. "If you're not willing to treat the poor, you're not entitled to have any rich patients." So much is demanded of the doctor's time that he dare not call his time his own. Those doctors who have been attracted by the material things are not invited to the innermost circles of medicine.

Final Plans Made For Easter Dance

VILLANOVA MERMEN BEAT WEST CHESTER

Tankmen Trailing Until Last Event; Hines and Coyle Place One-Two

Continued From Page Five

by three points. Bill Hines and Walter Coyle in a determined forward surge finished first and second, respectively, in the century, bringing Villanova its first victory in its newly constructed pool.

In this crucial event, Hines and Coyle, both swimming an inspired race, were pressed only by Lawrence Brown, of West Chester. But coming up the last lap Brown was swept into the back wash from the heroic sprints staged by the Villanovans. The final score stood 35-31.

The individual honors of the evening went to Rugerio Flocco, of the Teachers, who scored with two first places, in the fancy diving and breaststroke events. This rugged chap put on a diving spectacle that will be long remembered by the Blue and White. Later, he fought a thrilling race with Paul Loughlin in the 100-yard breaststroke, winning by a close margin in 1 minute 26.4 seconds.

John Strong, Villanova's freestyle artist, was second in point scoring, winning the 50-yard dash, taking second in the 220, and swimming anchor on the winning relay.

The 100-yard backstroke was won very handily by little Jack Hosey, a freshman day hop, who swam a beautiful race. Hosey was not pressed after the first two laps and coasted to an easy victory in 1 minute and 28 seconds.

Saturday, March 3rd

Summaries

160-yard relay — Won by Villanova (John McGee, Walter Coyle, William Hines, John Strong); second, Teachers (Rugerio Flocco, Lawrence Brown, Thomas Crousse, Michael Wyatt). Time, 1.21 3-5.

Low board fancy diving—Won by Captain Rugerio Flocco, Teachers, 63.7 points; second, Carol Kemp, Teachers, 40.1 points; third, B. Downey, Villanova, 35.2 points.

40-yard freestyle—Won by John McGee, Villanova; second, John Strong, Villanova; third, Michael Wyatt, Teachers. Time, 21 seconds.

100-yard backstroke — Won by John Hosey, Villanova; second, Lawrence Brown, Teachers; third, Charles Cook, Teachers. Time, 1.19.

220-yard freestyle — Won by Richard Conard, Teachers; second, John Doyle, Teachers; third, Walter Foley, Villanova. Time, 2.44.

100-yard breaststroke—Won by Rugerio Flocco, Teachers; second, Frank O'Hara, Villanova. Time, 1.18. (John Strong, Villanova, actual winner, disqualified for illegal turn.)

100-yard freestyle — Won by William Hines, Villanova; second, Walter Coyle, Villanova; third, Thomas Crousse, Teachers. Time, 1.03.

Referee—J. Elliott, West Chester Y. M. C. A.

Timer—Fred Marshall.

Tuesday, Feb. 27th

200-yard relay—Won by Villanova (John McGee, Walter Coyle, LaRosa, John Strong); second, Teachers (Rugerio Flocco, Ted Wyatt, Lawrence Brown, Crouse). Time, 1.51 5-10.

Low board fancy diving — Won by Rugerio Flocco, Teachers, 83.4 points; second, Kemp, Teachers, 34.6; third, Downey, Villanova, 30.9.

50-yard freestyle—Won by John Strong, Villanova; second, LaRosa, Villanova; third, Betterick, Teachers. Time, 28 4-10.

100-yard backstroke—Won by John Hosey, Villanova; second, Lawrence Brown, Teachers; third, Kemp, Teachers. Time, 1.28.

220-yard freestyle—Won by Richard Conard, Teachers; second, John Doyle, Teachers; third, John Strong, Villanova. Time, 2.59.

100-yard breaststroke—Won by Rugerio Flocco, Teachers; second, Paul Laughlin, Villanova; third, Frank O'Hara, Villanova. Time, 1.26 4-10.

100-yard free style—Won by Bill Hines, Villanova; second, Walter Coyle, Villanova; third, Lawrence Brown, Teachers. Time, 58 2-10 seconds.

Temple, Dickinson Downed by Wildcats

Continued From Page Five

not be denied. The Owls fought back desperately and frantically, but their shots were so hurried in the closing minutes that they never found the mark. Lou Fox, former Overbrook High star, had three chances from the foul line in the last minute, but was able to convert only one into a point for Temple's cause.

Then to make victory certain, Johnny Shevlin dropped in a goal from near the foul line just as the gun boomed ending the game.

Why—

Men and women say *They Satisfy*

FOR SOMETHING to "satisfy" you, means that it pleases you—that it's what you want. This applies to cigarettes or anything.

A cigarette has to taste right—not raw or too sweet. For a cigarette to "satisfy" it has to be mild—not strong, not harsh.

You can prove for yourself whether a cigarette is milder—whether a cigarette tastes better.

And it's because smokers can prove these things about Chesterfield that so many men and women say they satisfy. Try them.

EMERGENCY EMPLOYMENT RELIEF WORK WILL BEGIN FOR STUDENTS ON APRIL 1

Salaries Will Average Approximately 15 Dollars Per Month; Will Be Applied to Reduce Students' Financial Obligations to the College

TASKS WILL BE VARIED

Campus Improvement Program and Clerical Work Are Principal Types

Student employment relief work on the campus at Villanova will begin on April 1, according to a statement made by the administration yesterday.

Remuneration for the work which the students do will be supplied by the State Emergency Relief Bureau at Harrisburg, which is in turn supported by the Civil Works Administration at Washington.

The amount of pay for the work will vary from 30 cents to 35 cents per hour. The maximum salary per month has been set at 20 dollars, while the average will be approximately 15 dollars. These funds, however, will not be turned over to the students in cash, but will be used to reduce his financial obligations to the college.

Program Delayed

It had at first been hoped that the plan would be underway during the month of March, but certain technical difficulties have caused an unavoidable delay. Assurance has been given, though, that the program will be in full operation during the month of April.

Subsequent to the posting of the notices on the college bulletin boards, applications for aid were made, but they were far below what the administration had anticipated. The offer, however, is still open to both resident and day students. All those desiring relief should file an application in the office of Rev. Bernard M. Albers, O. S. A., vice-president.

Since the size of the April budgetary allotment will depend entirely upon the number of applications that are made by the students, it is urgently requested that the students make known their intentions, so that their petitions may be included in the report.

Work Is Varied

The type of work which will be given will be varied in nature. It will include clerical work in the various offices of the college, general campus improvement programs, and laboratory and library work.

A complete set of records of the

VARSITY DEBATERS LOSE TWO CONTESTS

Dayton, N. Y. U. and Manhattan Were Encountered in Last Week's Engagements

Villanova's varsity debaters have just brought to a close a very extensive but not too successful week. The orators engaged in three contests during this time, two of which proved disastrous for Villanova. No decision was rendered in the third encounter.

The first of these contests brought a new foe to Villanova in Dayton University. The visitors presented their arguments in such a way that the judges awarded them the decision unanimously. The Dayton speakers were James Connelly and Thomas Hascke, both well-known figures on the campus of their university. Connelly was the former editor of the college newspaper, and is at present an associate editor. His partner also is a member of the staff.

Peter P. Kerr and Francis Bigley were Villanova's representatives. The question was: "Resolved: That the emergency powers of the President should be substantially increased as a settled policy."

Dictatorship Debated

On Thursday night, the Beta Gamma played host to New York University here at Villanova. The question which was debated was, "Resolved: That a permanent dictatorship is for the best economic interests of the United States." Roberts Bouson and Bigley upheld the affirmative side of the question for Villanova, and they had as their opposition Raymond Fagan and Howard Houseman. Due to a severe storm, it was impossible for the judges to travel out to the Main Line Institution. The two teams agreed to eliminate a decision.

The above debate marked the first time that New York University's orators have appeared at Villanova. In the past, the two colleges always met in New York.

Lose to Manhattan

The final debate of the week was held last Friday night at the Carroll Club in New York. On that

Elkton Hotel Is Chosen For North Jersey Dance

Final plans are rapidly nearing completion for the second annual Easter dance of the North Jersey Club, to be held on the evening of April 2.

The ballroom of the Elkton Hotel, formerly the Newark Elks Club, has been definitely set as the place for the function. This ballroom is centrally located and is easily the best location the club has had as yet for any of its dances.

Choice of an orchestra has been narrowed down to two bands, both of which are very good and very popular in North Jersey.

Bids for the occasion are being priced at $2.50. Dancing will extend from 9 till 1 o'clock.

NOTED ORCHESTRAS SIGNED BY ALUMNI

Nelson Maple's Band to Come From Atlantic City for Annual Dance

On a pleasure cruise featuring Nelson Maples and his S. S. Leviathan Orchestra and Joe Mele and his Midshipmen, Villanova Alumni will usher in its second annual ball at the college gymnasium on April 6. Ben Greenblatt, widely known Philadelphia pianist, will be the entertainer during intermissions. The subscription to the social will be two dollars.

Nelson Maples comes direct from Convention Hall, Atlantic City, where he has been conducting his band since the S. S. Leviathan has been in drydock. His orchestra, a twelve-piece combination, is heard every night except Sunday over station WPG, Atlantic City, and has a large radio following. As vocalists, Maples features silver-voiced Sterling Brant and exotic Mary Harris, both of whom are very popular as entertainers.

In the line of novel music, he likes to feature the bass instruments, such as the tuba, presenting a new type of attraction which is growing quite popular with fans everywhere.

Noted Pianist Will Play

Ben Greenblatt, exponent of modern piano composition is also heard over the WCAU chain nightly. He is accredited with having established a new school of piano music, is one of Philadelphia's leading musical teachers and is rated among the best pianists of the country.

The gymnasium will be decorated to give the atmosphere of the inside of an ocean-going liner. Life boats, preservers, code flags, ship bells, foghorns and all the other things peculiar to a liner will go to make the gymnasium take on the appearance of a veritable cruiser in which mirth, melody and pleasure will reign supreme.

At exactly 12 o'clock midnight, a medley of war songs will be played by the two bands in harmony. The occasion for this being that it is the same date on which the United States entered the World War. The two orchestras will offer many and

FRATERNITY AND CLUB WILL COMBINE SPORT DANCE AND MUSICAL STAGE SHOW

Lambda Kappa Delta and Turf and Tinsel Club Will Offer Joint Gala Program on April 20, Second Night of Show's Three Appearances

EDUCATORS DISCUSS TEACHER TRAINING

Pennsylvania Education Assn. to Recommend Standards for Catholic Colleges

Problems of teacher training work in Catholic colleges were thoroughly discussed here Friday evening at a meeting of the Teacher Training Committee of the Pennsylvania Catholic Education Association, and were presented at an open meeting of Catholic educators on Saturday.

The meeting Friday night was the third of a series of similar meetings of this committee, which was appointed at the annual meeting of the association in Erie, last April.

The purpose of the group is to recommend definite standards for teacher training in Catholic colleges. These standards will be adopted by all Catholic institutions, besides the standards already established by the State Board of Education.

College Presidents Attend

Twenty-six Catholic educational leaders, including the presidents of all Catholic colleges of Pennsylvania, attended the open meeting held Saturday morning and afternoon.

The special committee which met Friday evening, comprises: Rev. Brother Dennis Edward, F. S. C., president of St. Thomas' College, Scranton, chairman; Rev. James Reeves, president of Seton Hill College, Greensburg; Very Rev. Joseph J. Wehrle, S. T. D., president of Villa Maria College, Erie, and president of the Catholic Education Association of Pennsylvania, and Very Rev. Edward V. Stanford, O. S. A., president of Villanova College.

In commenting upon the work accomplished at the gathering, Dr. Wehrle said that it was one of the most fruitful meetings ever held by the committee.

Those who attended the open meeting on Saturday, besides the members of the committee, were: Sr. Clare Joseph, S. S. J., and Sr. Catherine Francis, S. S. J., both of Mt. St. Joseph's College, Chestnut

Continued on Page Four

TOTAL CHARGE IS $2.00

Ticket Will Admit Couple to Both Affairs Only on This Night

For the first time in the history of the college two major organizations, the Lambda Kappa Delta Fraternity and the Turf and Tinsel Club have agreed to offer the entire student body a combination of play and sport dance. It will be held on the night of April 20.

This combination calls for the regular musical comedy of the Turf and Tinsel Club to be followed by the spring dance of the fraternity. The price of $2.00 will cover both affairs and will admit a couple to two seats in the auditorium for the play and admission to the dance.

Harry Stuhldreher, as honorary head of the Turf and Tinsel group, has agreed to the proposition, as have the moderators of the two clubs, Rev. Joseph M. Dougherty, O. S. A., of the Lambda Kappa Delta, and Rev. Bernard McConville, O. S. A., of the Turf and Tinsel.

Dates Changed

Due to the fact that the musical comedy would not be ready by April 13, Fr. McConville reached an agreement with Frank Ditchey, president of the Lambda Kappa Delta. The fraternity dance was scheduled for April 20, but the dates April 19, 20 and 21 were also satisfactory to the Turf and Tinsel group. In order to avoid a conflict, the two organizations decided to combine their respective affairs. After a discussion the agreement was reached.

On Friday, April 20, the doors of the gym will be open for the second performance of the Turf and Tinsel. Immediately after the show, which will end at approximately 10.15, there will be a short intermission so as to clear the floor of chairs. From 10.30 until 1, there will be dancing, the rhythms being supplied by the Villanovans.

Tickets to Go on Sale

There will be special tickets printed for the night of the combination affair, so that no conflict will arise. These will go on sale next week and may be obtained only from Lambda Kappa Delta members. There will be no tickets honored but those selling at $2.00 on that night. These tickets will not be good for any of the other performances. Regular admission

Continued on Page Three

Junior Prom Committee Sets May 4 As Tentative Date of Annual Dance

With Junior Week only a little more than six weeks away, plans for the annual celebration are already being formulated by the members of the Junior Prom committee, which held its first meeting Thursday, in the Mendel amphitheatre, and set Friday, May 4, as a tentative date for the colorful affair climaxing the round of activities by the third year class.

Before turning the meeting over to Chairman Paetrus Banmiller, class president John Hosey outlined the duties of the 16 committeemen, and urged 100 per cent. co-operation in the raffling of prom tickets and movie benefit tickets to build up the depleted treasury of the class.

The members of the group were appointed to four sub-committees, arrangements, decoration, entertainment and advertising. They were informed that it was not in the power of any one member to enter into any transaction relevant to the prom, and that all expenditures of $10 or over must be sanctioned by the class moderator.

Banmiller stressed the importance of originality and departure from the usual routine of the various dances at the college in his address to the committee, and declared that every worthwhile idea presented to the group would be considered.

Because of the comparatively short time which remains to make final arrangements for the Junior Prom, the members of the committee agreed to meet weekly. They were unanimous in their opinion that any member who missed more than three meetings without a reasonable excuse should be dismissed from membership.

Tomorrow afternoon at 1 P. M., the body will again convene in the Mendel amphitheatre, and subsequent meetings will be held on Monday afternoons. All members are urgently requested to be present since definite plans for the affair will be discussed.

NO FORMAL DEDICATION

Idea of Representative Exercises Met Numerous Difficulties

No formal dedication exercises for the new monastery building will be held, it was announced recently by the college administration. A representative celebration was at first planned, but numerous difficulties have presented themselves, and it was accordingly decided to abandon the idea.

Completion of the construction work on the building will surely take place before Easter and possibly by the end of next week.

Complete furnishing of the building is expected to be completed by April 10. The priests and brothers who are to reside in the building will move in at that time.

McCall to Give Authentic Estimate On Average College Education Costs

An authentic estimate of the average cost of a college education is the aim of William McCall, a senior in the School of Commerce and Finance.

This work, when completed, will be presented in the form of a senior thesis in partial fulfillment of the requirements of his course. It is being done under the department of statistics.

To facilitate his work, McCall has distributed among all the students of the business school questionnaires enumerating all of the expenses which a student incurs. Some of the principal items listed are tuition, board, room rent, books, amusements, transportation and living expenses.

Since the ultimate value of the thesis will depend entirely upon the accuracy and the truthfulness with which the students answer the questions, McCall has urged that everyone give him the best of co-operation.

It is essential that all questionnaires be signed, but the information recorded will be held in strictest confidence. The names are merely for the benefit of the author in case any questions have to be asked.

The results, if they are satisfactory, may be incorporated into the college catalog as an aid to future students in preparing their budgets for the school year.

When interviewed, McCall said, "There is little need to impress upon the seniors the necessity of co-operation in a matter such as this. They already know from experience the value at which such assistance is placed. It is the underclassmen with whom I am concerned. If they will give me their honest and whole-hearted co-operation, I know the results will be successful."

The questionnaires, when filled, may be returned at any time. He urges, though, that they be turned in as soon as possible.

AID NOT WANTED?

THROUGH the Civil Works Administration a helping hand has been extended to students at college who need financial assistance. Employment of every nature in and about the college can be obtained by eligible students. Any student who is in need of assistance to help meet the financial strain of a college education is eligible. The payment for such services will go to defray financial obligations to the college. Such an opportunity as this should meet with a deserving outburst of enthusiasm and interest. A chance to repay in some small way the hardships and sacrifices our education has heaped upon our parents should meet with abounding gratefulness and consideration. Yet of the 150 or more eligible for this work only a comparatively small number of students have applied. What does this indicate? Let it be said that no student at Villanova is so lacking in appreciation to his parents that he will not even bother to inquire where he knows there is aid for the asking. If the reason for such a situation could be pointed out, perhaps some good could be done. The bare existence of an attitude such as has been exemplified shows the total lack of a basic human element — love for father and mother.

SENIOR THESES

EVERY YEAR the expectant graduates are confronted with the problem of a thesis. Hence, the reason for the gloomy, inventive and dazed expressions on the countenances of some of our seniors. It is necessary, however, that each member of the Senior Class complete a prescribed amount of work in accord with the requirements of the college before he receives his degree. We do not doubt each man's anticipation of the event whereat more than 150 expect to become Bachelors of Arts or Science. Yet we take this opportunity to remind each senior that he can remove a goodly portion of his doubt and aid materially in making his expectation a certainty. May 14 is the last day on which a thesis may be submitted. A reply to the effect that there is more than sufficient time to complete the work might be forthcoming. Unfortunately, though, there are obstacles that must be overcome in the performance of such a work. As a result, the time slips by before account can be taken. If each man does not already have his work well under way, it is time he takes the matter in hand. A last-minute rush, burdened with worry and fretting, might prove fatal. The activities on the campus and the weather are both best adapted for work during this period. Little sacrifice, great satisfaction, ease of mind and an unburdened spring will be the reward for the wise.

YOU OUGHT TO KNOW

AFTER last week's snowfall and with weather conditions generally what they are, the student body despairs of ever seeing fairer days. The unusualness of it all has been a monkey wrench in the well-thought-out plans of the sport programs to have begun last week. Football, baseball, track and golf are the chief sufferers. As this is written the snow falls thicker adding more salt to the wound.

Joe "Rams" Caufield has his Fedigan contemporaries scratching their heads in manifest perplexity as to why he has, of late, shown strong inclinations to the pen. Some say his weekly stamp bill has increased 50 per cent: By comparing notes, gleaned from certain words dropped here and there, the boys have deduced the cause of his extra endeavor in the field of letter writing to be a certain Georgian Court brunette.

Bill Novelline, to his intimates "Da Preem," has a bone to pick with the Belle Aire photographer. It seems this worthy's picture of Bill has turned out to be that of an anemic, instead of the deeply, tanned youth, Bill, as a member of the Latin race, is. According to Bill, his picture looks like those negatives we so childishly delight ourselves with looking at, held up to the light. And you know how void of color they are.

The tirades of invectives and the vows to get even that gushed forth from Ed "Welcher" Manion's throat were hard on the casual listener's auditory nerves, to say nothing of his date-maker's, at whom the deroration was directed. It's the age-old story of him who gambled on a blind date and lost, only to come back to the promoter of it seeking revenge. After listening to a description of the date, who is about two hundred on the hoof and possessed of about the same sex appeal as King Kong, I wondered why his actions didn't tend more to the homicidal.

You, who are going to the movies, remember to buy your tickets from the Junior Prom committeemen. Help a worthy cause and yourself at the same time! The more funds the committee can raise the better the time it will be able to offer you, at their dance, the outstanding affair of the collegiate year.

Friday night most of the students took in the Upper Darby-Lower Merion basketball game played at the gym. It was a colorful game attended by a crowd the size of which the biggest and most important college game would be doing itself proud to have. The highlight of the game was the appearance of the college's self-adopted spaniel on the court at a time when matters were close. The little dog's debut broke the tensity of the situation with a round of laughs. Our campus has already delighted in being a haven for hounds. Here one will meet every kind of dog from pedigree to Heinz (57 varieties). But of all the dogs we have fondled and fed I believe Alumni, Jerry Searight's adoption, was the most liked.

COLLEGIATE NEWSREEL

SAY, captain, could you tell me where I could find my class in hydraulic engineering?" "Sure thing, mate, right now it's down in the engine room inspecting one of our power pumps." Such a conversation will be an everyday occurrence aboard the decks of the Floating University on the Holland-American liner "Volendam," setting sail for New York, next October 4, for its 1934-35 college year. With the whole world for a campus, the mariner students will visit 60 ports in 34 countries during their 225 days of travel.

Standard university and preparatory courses will be conducted on shipboard and at ports of call. An interesting feature of the curriculum will be a course in navigation in co-operation with the liner's officers. Athletics will play their usual important role in the life of the students. Under the direction of Dean James E. Lough, formerly of New York University, the faculty will be composed of eminent professors from colleges and universities throughout the United States with a student body from as many parts of the country.

Can you picture yourself spending Christmas vacation in the East Indies after a fall term in the Philippines, Japan, China and the Strait Settlements? And taking your mid-years within sight of Bombay India? And worrying about your "spring fever" as you glide through Mediterranean and Scandinavian waters—proudly returning home in May with your latest degree from Floating University. The most interesting pictures being those in which you yourself appear.

* * *

A sophomore at Waynesburg College, Pa., is going through college with a bang! He is a licensed dynamite shooter and between classes and on Saturdays handles the explosives on CWA projects.

* * *

"There are no dope addicts on the University of Arkansas campus," says a member of that institution's faculty. Things seem to be improving.

* * *

The Gold Rush Ball, to be held shortly at Penn, should prove to be interesting. A prize of ten dollars is to be awarded to the man appearing with the longest beard. Of course, it has to be his own.

* * *

The "I Bilta Caboose" fraternity at the University of North Dakota has become popular with a number of students there, some thirty of them living in half a dozen discarded freight "sleepers."

* * *

They've found him at last! "Anthony Adverse is now in College Library," is heading in the Western State Teachers' College paper.

* * *

Six members of the Iowa State College faculty have been named directors of the three local banks. Big increase in student loans reported!

The latest change in the calendar: "There shall be absolutely no dates from Monday until Friday evening," according to edict of Manchester College authorities.

The Salt-Shaker

ONWARD AND UPWARD

THE LEGEND, "hommes quarante-chevaux huit," made famous in France during the World War recalls the fact that man and his best friend really are different, even though on occasions both may ride in the same boxcar. In fact, there are differences among men. Further—and we have the word of Prof. W. D. Tait, of McGill University, to substantiate us—there are very great differences. Some are men and others are—morons. Modern civilization has wrought this. Society demands a class of morons to do the heavy work—mining, construction, farming. For the maintenance of our advanced state, therefore, such a class of workers should be preserved. For this reason the professor hurls the whole weight of his authority against the eugenic movement immensely popularized by Hitler. We do not attempt here a phillipic against that biological inanity. It is this sententious declaration of Prof. Tait, "modern civilization needs the higher type of moron and even the lower type for such work as construction, ditch-digging, farming and mining," which strangely fascinates us.

Usually one does not attack a man for a chance phrase or unguarded word. Yet sometimes a single sentence can convey a world of information. When a university professor comes forward in the press with a declaration such as we have indicated, one is tempted to smile. Comes the dawn after all these years. Don't destroy morons; modern civilization has need of them. The fate of artisans and craftsmen in this new scheme of things has not been revealed to us, but the farmer and miner is spared for society's use.

Heretofore work has been the heritage of the race, but at last a part of humanity is to be free of care. We don't mention that much abused word, "d-p-s-n," which climaxed frantic years of industry. We had thought in a dim sort of way that the several governments were attempting to better the condition of workers (and farmers) in an effort to rise from the depths of economic chaos. 'Tisn't so, though. Just what the professor means by that civilized section of modern life is not any too evident. We had thought progress, culture and improvement were meant for all, even workers. We rejoice in modern progress. Dentistry, medicine, electricity, regulated heat, travel aids — what a different world these make for us! We should not like a return to even the supreme heights of Roman civilization, as far as the universal distribution of these material things are concerned; neither do we want its social condition. A society which would have a class of morons reserved to do its heavy work would be rather painful. Such a condition did come to pass about the time of Nero. A populace evolved that worked not. Work? Farm? Not Romans! But, as history shows, the Romans came to be dominated by the hardier people to whom they had transferred their labor.

A very different view of labor and the laboring class prevails in that strange land where East and West merge. In Soviet Russia the worker has been deified.

Somewhere between those who idolize toil and those who would relegate it to "the higher type of moron," we take our stand. It is this: Work is the lot of man. It is beneficial to our race not in itself but in certain effects which flow from it. For toil has ever been fraught with advantage to soul and body. What labor has been to the individual, it has been to society; a civilization in which toil is regarded as the proper occupation of morons might well read, in the collapse of ancient Rome, the handwriting on the wall.

---- Dial-Log ----

JUST IN passing, it is interesting to note that Dixie Lee, Mrs. Bing Crosby, will be the guest artist on Ben Bernie's first broadcast from Los Angeles on March 13. Her famous husband, who gave a stable owner permission to name one of his ponies Bing Crosby, religiously bet $2 on the nag every time he ran. The horse consistently ran last until the other day down in New Orleans, when he won and paid 20 to 1, and Bing had given up in disgust the last time the horse followed the field.

Glen Gray's Casa Loma Orchestra will introduce the authentic West Indian bolero, "Gombey," that Al Donohue wrote around a native theme in Bermuda.

Louis Russell and his hot rhythm have been held over for the third time in Philadelphia's Cotton Club.

Ned Parrish, to us a newcomer, has one of the oddest and best bands among the recent new names in broadcasts. You can hear him from Cleveland over WEAF occasionally.

We predict that the alumni dance will have a swell band, but the name will be almost unknown to the campus radio listeners. It has, however, among certain groups a dandy reputation.

The Mills Brothers are now honorary lieutenants in the Culver City police force.

Eddie Duchin is drawing more and more listeners away from the Showboat and Warings on Thursday nights.

Victor Young's Orchestra, which succeeds Jack Benny on the Chevrolet program, will be the only orchestra on the air, except the Philadelphia Symphony, that has no vocalist whatever. We could mention many bands that would sound better if they would drop theirs.

Among the college dances we note that Dayton University will present Ted Weems at their Junior Prom on April 6. Lafayette had Ozzie Nelson last Friday night. Bernie Cummins is due at Bucknell's Senior Ball on March 16. Temple will present Ozzie Nelson soon.

Ray Noble, listed among the best of the English orchestra leaders, and composer of "Love Is the Sweetest Thing," has a better recording of this hit than even the Warings.

Smith Ballew, who used to be one of the most popular bands in this area, has become a permanent fixture out in Denver, and if your radio is good you can hear some grand music from out there.

The new band on the Crosby program is one of the best, but the removal of Gus Arnheim was a blow to the listeners.

The Sealed Power program preceding the Crosby hour presents one of the best male quartets on the air, and this program has started a lot of song hits on their way to popularity. Listen to WJZ, Monday evening, from 8 to 8.30.

VARSITY DEBATERS TO MEET TWO FOES DURING THIS WEEK

Contests Will Be Tomorrow With U. of P., and Friday With St. John's

TOPICS ARE DIFFERENT

This week finds Villanova's varsity debaters meeting two more important foes on the platform of debate. The first of these contests is scheduled for tomorrow night and will bring together the orators of Villanova and the University of Pennsylvania.

This encounter, which is under the auspices of the Philadelphia Intercollegiate Debating League, will be a home and home contest. The debate was originally scheduled for February 28, but had to be cancelled owing to a slight misunderstanding between the two institutions.

"Resolved: That the Federal Government should own and operate all banking institutions in the United States," is the title of the subject which will be discussed tomorrow night. Villanova will be represented by a negative team comprised of Charles P. Goggi, Francis McGinley, and R. Martinez Alvarez; and an affirmative team comprised of Francis Bigley, Roberto Bousco, and Martin Donnelly. Phi Beta Gamma will defend the negative side of the question here at Villanova, and the affirmative side at the home of the opponents.

To Meet St. John's

The second encounter in which the debaters will take part this week will be on Friday night in Brooklyn. St. John's College will play host to the Main Liners. The two colleges will meet on the question, "Resolved: That the powers of the president should be substantially increased as a settled policy." Goggi, Peter P. Kerr, and Donnelly is the trio that will attempt to bring victory for Villanova. In the past, St. John's has always presented excellent teams, and the Beta Gamma is looking forward to a very interesting and hard battle.

Two Organizations Combine Functions

Continued From Page One

will be charged by the club on the nights of April 19 and 21.

There will be no reserved seats on April 20. Those who arrive first will be given the better seats. The two organizations also request that the students arrive before 8.15, curtain time, or they will have to wait in the lobby until the end of the first act.

It is the hope of both organizations that the student body will seize the opportunity offered and patronize the affair.

Gleanings

Did you know that: Though Jooko Murley had his name inscribed in the roll of Villanova's immortals last Tuesday, those members of the so-called fairer sex present did nothing but rave over the manly beauty of Pugilist Shevlin? . . . Scoop Keating finds Al Ryan an able chauffeur? . . . That La Salle fiasco, which found the members of the betting fraternity offering even odds, enriched more than one Villanova student? . . . Pr. Sparrow says, "You should never let your studies interfere with your education"? . . . Members of a certain class in the Science School gained an hour's respite last week when the prof was unable to locate the room in which the class was to be held? . . . Judging by plans now being formulated, the spring dance of the Lambda Kappa Delta will be well worth attending? . . . The only logical heavyweight battle would be one between the pride of Penn State, Steve Hamas, and the erstwhile cinema pugilist, the Livermore Larrusper—Max Baer? . . . We agree completely with Danny Jarvis that the lyric of "Without That Certain Thing" is well worth learning? . . . If you think the old cerebellum functions well, try, as Ulitsky and Fitzhenry did, to differentiate between an ocean and a sea?

Also, on your next trip to Gotham you should get a ticket, or tickets if your wallet is full, for "An Thousands Cheer"? . . . Sir Bert Gallagher, the synthetic Englishman, drinks only tea, and that's all? . . . Harry Lieberman always wears a collar that looks as if it would choke him, and his pants, or trousers if you would be polite, seem as if they were seeking a new stratosphere record? . . . Though he does his best to conceal the fact, Harold Canter will soon join Bill Orcutt as a member of the famed Billiard Ball Club? . . . The Lombardo rendition of "Blues in My Heart" ought to go down as a modern classic? . . . "Going to Heaven on a Mule" is but one of the gems from the musicinema "Wonder Bar"? . . . Toby Cavanaugh seems to be as much at home in the rumble seat of a Ford as he was calling signals on what's laughingly known as the gridiron? . . . When Joe Bastian eases into a 'phone booth, he's bound to come out within half an hour, usually? . . . Little Jack Little is drawing as many cash customers into the spot where he plays as any of the bands in Noo Yawk? . . . What with half the seniors studying Shakespeare, you're as likely as not to have one of them do the soliloquy from "Hamlet," complete with the necessary gestures, should you give him the slightest encouragement? . . . You're going to hear more than a little of the tune "Rig Tide." It's one of the rare ones that has a lyric that does the melody justice? . . . The La Salle protest is just so much sour grapes?

STAFF TO MEET

A meeting of the staff of The Villanova Engineer will be held tomorrow noontime. All members of the staff are requested to be present in the office of the publication at 1 P. M.

FILM WILL BE SHOWN

New York Alumni Group Will Present "Life at Villanova" on May 2

Members of the New York Club of the Villanova Alumni Association convened last week to discuss the possibilities of showing the movie film, "Life at Villanova," in some of the high schools and preparatory schools in the metropolitan district.

A date, May 2, was definitely set for the showing of the film. It will probably be given in either a Brooklyn or a Long Island school.

Following the example of the Philadelphia Club, the New York group is also planning on instituting an annual banquet to be held after the football season. The group is very enthusiastic over the matter, and from all indications it will rival if not surpass the annual Philadelphia affair.

The meeting, which was one of the largest yet held by the group, was attended by approximately 50 members.

From the Diamond Horse-Shoe of the Metropolitan Opera House

Saturday at 1.50 P. M., Eastern Standard Time, over Red and Blue Networks of NBC, LUCKY STRIKE will broadcast the Metropolitan Opera Company of New York in the complete Opera, "Peter Ibbetson."

GOOD TASTE IS EVERYTHING

In cigarettes, too! So in making Lucky Strike cigarettes we use the finest Turkish and Domestic tobaccos—and only the center leaves—they are the mildest, the smoothest. And every Lucky is so round, so firm, so fully packed—no loose ends.

NOT the top leaves—*they're unde... developed—they are harsh!*

The Cream of the Crop
"The mildest, smoothest tobacco"

NOT the bottom leaves—*they're inferior in quality—coarse and always sandy!*

Always the Finest Tobacco and only the Center Leaves

Sideline Slants

By the Sports Editor

NINE WINS and three losses is the record compiled by the Wildcat quintet this season. Two of the losses were almost unavoidable. The 'Cats dropped the first one to a fast stepping Saint John's team, and then fell prey to the Duquesne Haiders. Two of the best basketball teams in this part of the country were credited with deserving wins. The third loss was to Albright. Nothing can be said as to the reason for this defeat, except the fact that it reminded us of the Villanova-Ursinus football game this past fall. Probably the most exciting game of the year, occurred last week when the La Salle team was beaten in the last minute of play. This game was even more interesting from a specator's viewpoint than the first Temple game. There is no need to tell anyone the hero of this game, for the story of that triumph is well known by this time.

IT OCCURS seldom in the world of sport that when a fighting team emerges triumphant over a rival by dint of one player's efforts, the spectators rejoice more for the sake of the individual than for the sake of the team that won. When "Jocko" Hurley let loose last week from the middle of the floor and sank an almost impossible shot that put the Villanova team in the lead for the first time during the course of the game, Villanova spectators were jubilant. The team won. Yes. But of all the deserving players on the squad, it fell to the lot of "Jocko" to turn the tables. Personal opinion, as a rule, does not mean much, but we feel that our estimation of Hurley is upheld by the majority of the student body. That such a feat should come to such an individual, and at such a time, the last game of his college career, made us feel that the old adage "he who serves best profits most" may at times come true.

ALUMNI HALL seems to be holding up its reputation. Whenever we see the banner floating in the breeze, it's a sure sign that the Cougers have won something more. Now volleyball begins its reign over the intra-mural sport world. Alumni Hall, we believe, is the defending champion. It seems that they are the defending champs in almost all intra-mural sports. However, queer as it may seem, this recognition in this field justly belongs to them, for without a doubt they are the most organized group on the campus. Fedigan and Austin seems to be the social halls, but Alumni makes itself felt in sports. That they will carry away another title is not known, but there is a good chance. If they do they will be virtually assured of another all-around title.

THE GOLF team seems to be coming along slowly, in fact too slowly to suit the manager, Lou Marechal. Fordham is the latest team to be added to the ever-increasing schedule. This schedule will exceed any that the Wildcat golfers have played before with the possible exception of the schedule of 1932. The addition of the Rams brings the total up to fourteen matches for the season. Boston College will open the season playing the Blue and White here. Seven of the matches will be played on the road with the same number at home.

JIMMY CARR, manager of the tennis team, has been coming along strongly with the tennis schedule. The majority of the matches will be played on a home and home basis. One of the features of the schedule will be a three-day jaunt of the team featuring matches with Bucknell, Juniata and Susquehanna. Drexel, La Salle, Osteopathy, West Chester and Ursinus have signified their willingness to meet the netmen. Bill Orcutt will be the captain of the team this year, with Sam Miles, last year's leader supporting him. These two are the only remaining veterans, and the only seniors left to the team.

Junior Varsity Defeated By Haverford Aces Quint

Game Is Preliminary to Hectic La Salle Contest

Coach Tom McFeely's jayvee quintet lost a close decision to the Haverford Aces, an independent team, last Tuesday night, in a struggle that gave a fair indication of what was to come in the Wildcat-LaSalle game that followed it. The score was 34-29.

The Aces jumped off to an early lead and led at 9-3 at the end of the first quarter, Thomas and Howard leading the attack. The jayvees, however, were strengthened by the substitution of Mooney for Shelley at center, and they pulled up to trail by only three points at 12-9. Here the Aces put on another streak of scoring and at the end of the half they led 21-12. Coach McFeely was using practically his whole squad in an effort to stem the tide, but his stratagem failed.

Kittens Rally

The Kittens came out much strengthened in the second half, and although they did not pick up any lost ground immediately, they at least prevented their opponents from widening the breach. The third quarter was marked by an absence of scoring punch by either team and the teams started the last quarter with the Aces still in the van by the goodly margin of nine points, the score standing at 25-16.

At this point the fireworks started. One of McFeely's little subtleties panned out and Catarone, who was sent in to replace Dan Murphy, put on an exhibition of successful long shots that would do honor to even a "Jocko" Hurley. His four field goals in rapid succession put the Kittens right in the thick of it and the game started to be a rough melee. However, Thomas' three fouls and Lewis' twin pointer left the jayvees back at 30-24 with only a few minutes of play remaining. But the Kittens were not through yet for they still had a little shooting to do on their own hook, Feehery and Mooney supplying the impetus. The former's field goal and the latter's field and foul made the score 30-29. But the uprising was quelled and victory was denied McFeely's crew. Two fouls by Thomas and a double decker by Burkland cinched the game for the Aces.

RELAY TEAM PRACTICES FOR K. OF C. CARNIVAL

Call for Freshman Quarter-Milers Will Be Issued Soon by Coach Reagan

The Villanova relay team is continuing rigid training in preparation for the race pending at the Knights of Columbus games, in New York City, on March 17. Coach Bob Reagan hopes that within the next three weeks he will be able to have his men on the cinders again.

In the near future a call will be made for freshman candidates for the one-mile relay team. It will be remembered that two years ago the Villanova freshman team won the One-Mile Freshman Relay Championship of America. Coach Reagan hopes to develop some good freshman quarter-milers out of the candidates who report in order that Villanova may once again enter this championship race held annually at the relay carnival sponsored by the University of Pennsylvania on Franklin Field.

HAHNEMANN LISTED FOR TANK CONTEST

Intra-Mural Swimming Meet to Be Held Officially on March 22

The Villanova swimming team concludes its season here next Tuesday night, when it meets the Hahnemann Medical College of Philadelphia. The 'Cats will be seeking their third consecutive victory of the season, having previously defeated the West Chester Teachers' College twice in succession.

However, with these two triumphs, the Blue and White schedule has also been marred with two setbacks handed out by the Osteopathy team. It will depend on next week's encounter whether Coach Martin Gill's natators will end their first season on the bright side of the percentages.

Little is known concerning the strength of the Quaker City aggregation, but it is expected that they will present a well-balanced team that will extend the Wildcats to the limit. Coach Gill will use practically the same team that he used against the Teachers, since this combination seems to bring the best results.

Intra-Murals Scheduled

March 22 is the date set for the intra-murals swimming meet. This event, which was supposed to have been held earlier in the season, was postponed. Due to the short notice the dorm teams could not be assembled so as to present their full strength so it was decided not to hold the official intra-mural event until this date. Anyone on the campus who possesses any ability at all in either swimming or diving should report to Coach Gill sometime within the near future.

The events in the intra-murals will include free-style swmming, breast stroke, back stroke and diving. A relay team will also be selected to represent each hall and the day hops

'Jocko' Hurley's Long Shot Decides Thrilling Contest

'Cats Come From Behind in Closing Seconds to Break La Salle's Winning Streak of 12 Consecutive Games

SHEVLIN LEADS WILDCAT SCORERS

FRANK MERRIWELL'S prowess has long been heralded in the sporting kingdom, but never did that much publicized hero of schoolboy fiction do anything to surpass the feat of "Jocko" Hurley, Wildcat leader, in the La Salle court fracas, last Tuesday night, which brought the basketball season to a dramatic close on home boards, by a spectacular 25-23 win over the Crusaders.

For the last shot that "Jocko" took as a collegian is one about which he may proudly tell his grandchildren, because the thrilling flip, the longest "pop shot" ever seen on the home court, was dropped through the cords scarcely 20 seconds before the end of the hectic fray which caused more than 2500 spectators to get jangled nerves.

Benched by Jacobs

Jocko, after playing thirty minutes of great defensive—but scoreless—ball, was yanked by Coach Doc Jacobs in favor of the sophomore star, Tom Ryan, and sat on the bench nervously watching while the minutes passed away until only one and a half remained.

At this point he re-entered the game with instructions to shoot, and Jocko did just that thing. The score was 23 to 22, with the Explorers on the long end, and they were making very successful attempts to freeze the ball in the forecourt. But Jocko took a desperate lunge and stole the ball from the hands of an opponent, wheeled and let fly. The ball arched high, came down and cut the cords as neat as a whistle and Jocko's last shot for Villanova was good.

'Cats Ninth Victory

This thrilling act climaxed a game that was full of climaxes and gave the Blue and the White an average of .750 for the season with a total of nine wins against three losses. The loss for LaSalle broke their streak of twelve straight victories and definitely removed all their claims for the Catholic College championship of the Philadelphia district.

The struggle opened with Jimmy Murphy, diminutive LaSallian, drawing first blood for his team with a neat field goal, but Jack Torpey, lanky pivot man, threw up a double decker and the score was knotted at two all.

LaSalle spurted and fouls by Murphy and Meehan, and a field goal by Mosicant placed them out in front, 6 to 2. They held this four-point advantage for quite a while until Johnny Shevlin, Wildcat guard, converted a charity throw, and Johnny Barry tossed in a twin pointer to bring the score up to 6 to 5. LaSalle pulled out again and led at 9 to 5 by virtue of Murphy's field goal and a foul by Mosicant. But another field goal by Shevlin and two fouls by Pop Travers tied the score at nine all.

Explorers Forge Ahead

At this point it looked as though Villanova's team would get started and play the type of basketball of which they are capable, but they still failed to show any steady improvement, and a beautiful one-hand shot by Ray Bahr, and two fouls by Murphy put the Explorers out in front by a score of 13 to 9.

Two fine long-shots by Pop Travers and Jack Torpey kept Villa-

'CAT GOLF SCHEDULE LISTS 13 MATCHES

Manager Marechal Announces Long List of Opponents Opening on April 6

Plans are under way for the formation of the Villanova golf team for this spring. To date thirteen matches have been arranged and a possible fourteenth is pending with Fordham.

The arrangements call for seven matches at the Villanova home course and seven will be played on foreign courses. The season opens with the Boston College team and will be played at St. David's. Boston College is planning a tour in this vicinity, and it is expected that they will present a strong team for the Wildcats' initial test.

Tourney Is Planned

The second contest will be on Wednesday, April 11, when the Blue and White travels to Swarthmore to meet the Garnet representatives. Following Swarthmore comes Haverford.

The school tournament will take place during the week of April 16, when all those desiring to try for the team will be given a fair chance. The team in the first three matches will be made up of veterans of former years but after the tournament the newcomers will get their opportunity to displace the veterans.

Following the tournament, Temple, New Jersey Teachers, Osteopathy, Delaware, West Chester Teachers and Manhattan and possibly Fordham and Philmont Country Club will form the opposition.

The Temple, New Jersey Teachers and West Chester matches will be played on a home and home basis. To date almost a dozen men have turned in their names as prospective candidates to manager Lou Marechal and any new members should report as soon as possible.

The schedule to date is as follows:

April 6—Boston College, home.
April 11—Swarthmore, away.
April 13—Haverford, away.
April 20—Temple, home.
April 24—New Jersey Teachers, home.
April 27—Osteopathy, home.
May 2—Delaware, away.
May 4—W. C. Teachers, home.
May 5—Manhattan, home.
May 8—Philmont, away (pending).
May 11—Temple, away.
May 15—New Jersey Teachers, away.
May 18—W. C. Teachers, away.

Alumni Wins Intra-Mural Basketball Crown

FEDIGAN IS SECOND WITH AUSTIN THIRD AS SEASON CLOSES

Alumni Hall Quintet Repeats Victory of Last Year to Hold Crown

NO PLAY-OFF IS NECESSARY TO DECIDE CHAMPIONSHIP

Mendel Dayhops Get Fourth, Nosing Out Mendel Hall Who End in Last Place

The intra-mural basketball season drew to an inauspicious close, last week, with Alumni Hall still holding the title as champion. The Alumni team started out determined to hold the crown which they struggled so valiantly to win last year and by virtue of their winning both halves of the intra-mural season no play-off for the crown was necessary.

During the past week the Alumni clan extended their second half wins to eight by virtue of two victories. One was a 37 to 32 win over the Mendel Day Hops and the other was a 29 to 20 battle with Austin Hall.

Fedigan Places Second

Fedigan won its sixth victory of the season when it beat the Mendel Hall team in a low scoring contest, the final count being Fedigan 20, Mendel 5.

The Fedigan team, which appeared to be a threat to the champions at the outset of the season, ended the grind with six wins and two defeats.

Third place in the final standings went to Austin Hall, whose final tally was five victories and four defeats. The Austin team had its average lowered during the past week when Alumni beat them out by nine points in the last game of the season.

Mendel Is Last

Three wins and six losses were sufficient to give the Mendel Day Hops fourth place in the last half standing and last position went to Mendel Hall which won two and lost seven games.

The Commerce and Finance Day Hops, who had been the sixth member of the league, were forced to drop from competition because of forfeiting three games which was the maximum amount allowed under the intra-mural rules.

Individual honors in the Alumni-Mendel Day Hops game went to Frank Skaff and Jerry Searight for Alumni and to Barr for the Mendel Day Hops. In the second Alumni game with Austin honors again went to Frank Skaff and Mike Clavin.

In the Fedigan-Mendel fray the names of Gough and Kramer on one side and Seibers and Rodman on the other came in for their share of individual glory.

FINAL STANDING	W.	L.	Pct.
Alumni	8	0	1.000
Fedigan	6	2	.750
Austin	5	4	.555
Mendel Dayhops	3	6	.333
Mendel	2	7	.222

VOLLEYBALL BEGINS

Alumni Hall Defending Champion as New League Gets Under Way

The intra-mural volleyball league began its second season last Thursday night when Mendel Hall beat Fedigan in the first game of the season. The score in favor of the freshman sextet was 2-0.

The second contest of the week was played Sunday night in the old gymnasium, when Alumni met Austin. The former won with ease by a 2-0 score.

Alumni Hall is the defending champion, having compiled the best single season average. The volleyball league is unlike basketball in that there is no playoff for the winners of the first and second halves.

In the Limelight

VILLANOVA'S contender for the crown of Jim Londos is the subject this week. Yowsah, Vince Zizac, the wrestler magnificent, has broken down completely and spilled all he knows.

The Old Man of the Mountain was born at the other end of the Delaware River Bridge (Camden to you) in 1908. When he was two years old, he started to wrestle, and he hasn't stopped since. His toughest opponent was Economics. You could almost call that a draw match.

Vince started at St. Joe's Prep, but the place couldn't hold him all at once, so he transferred to La-Salle Prep. While in LaSalle, he took up a life on the ocean wave and joined the Sallies' crew. He pulled an oar for two years. He was grieved because they didn't have any wrestling there, so he had his fun on Saturday afternoons during the fall when he played guard on the football team. This went on for three years. He messed around with baseball for a couple of years, too. Then he came to Villanova.

When Vince entered the college in 1930, a crowd of swell fellows also came along. Zizac was most of the crowd. He reported for frosh football, and they had to cut down one of the stadium tarpaulins to make a jersey for him. When the school had settled the clothing crisis, he was put at guard. "Doc" Jacobs didn't need many more players, as "Zigzag" was big enough for the whole center trio. Anyway, just to make it look right, there were eleven men on the frosh team that year. Beautiful spring rolled around, and Vince spent his days behind a 16-pound lead ball, shotputting for the freshmen.

Next fall, he got a promotion to the varsity, and he held down his side of the line right well. Winter drew nigh and spring was a long way off. So Vince got the idea that a little "rasslin" might liven things up, and he ups and puts a note on the bulletin board that intra-murals in wrestling would be held. Vince was chief coach and towel swinger. He supervised all matches, arranged schedules and was the guiding light of the whole works. He had a swell time. In the spring, he grunted some more, and sent more shots to an early grave.

Vince Zizac

When he came back in the fall, imagine his embarrassment when he found himself playing tackle. He'd got all set to pull out around end, and then he would wake up and see the end right beside him. He was in an awful stew. But he snapped out of it, and you can see the result. Again he coached the wrestling intra-muralists in the winter. Again he heaved the shot in the spring.

This year is almost over. Vince gave one of the finest exhibitions of all around tackle play ever seen in the school. He was fast, cagey, a slashing defense man and a great offensive player. The fall of 1933 was his best. Never boxed in, he was always in the middle of everything. The football fans will remember Vince long after the scores are forgotten.

'CATS' MEOW

LA SALLE, the once famous explorer, turned over in his grave the other night as he saw his namesakes nosed out of a great victory just because Fate stepped in and stopped the clock.

—V—

They say that Time stops for no man, but there are exceptions to every rule, so the La Salle rooters found out much to their disgust last Tuesday night.

—V—

Too bad the explorers had to lose their way when they were so near the end of the trail.

—V—

"Jocko" Hurley, another of the few athletes who maintain a colorful career from beginning to end, capped his final collegiate basketball performance with a dynamic outburst of splendor and retired from his first love, the court, as spectacular as when he first stepped over the lined surface.

—V—

Have you noticed all the squeaky noises in the gymnasium of late?.. ..It's the pitchers loosening up the kinks in the old timber.

—V—

Did you glimpse the sheet hanging from Alumni Hall, Thursday, proudly declaring the tenants Basketball Champs of 1934?

—V—

A good deal of credit is due Prof. Gill for the work he has done in representing Villanova with a tankful of fighting mermen.

—V—

Also a word for Bob Keagan who has done a fine job with his Knights of the Boards. They have shown up amazingly well in competition with Class A teams.

—V—

In conclusion let us suggest a visit to one of the regular rehearsals of the Turf and Tinsel Club where exhibitions of "rare" talent are very devastatingly shown.

THEY NEVER GET ON YOUR NERVES

I SMOKE PLENTY OF CAMELS... MORNING, NOON, AND NIGHT. SO I THINK I'M QUALIFIED TO SAY THIS—THEY NEVER JANGLE THE NERVES.

CAMEL'S COSTLIER TOBACCOS

YOU CAN SMOKE THEM STEADILY... BECAUSE THEY NEVER GET ON YOUR NERVES... NEVER TIRE YOUR TASTE!

HOLY NAME GROUP BEGINS ACTIVITIES AT HOLY COMMUNION

Society Shows Indications of Becoming Most Powerful Body on Campus

FR. STANFORD ADVISES MEMBERS ON PROCEDURE

Says Now Is Time for Future Leaders to Develop Themselves

The first public appearance of the newly-organized Holy Name Society was made last Sunday morning at the college Mass. Eighty per cent. of the members received Holy Communion, remaining afterwards to offer thanksgiving. The prayers were recited by Joseph Bastian, president of the society.

After the Mass the members were served breakfast in the college dining hall in that section which was reserved for them. This was an innovation on the campus and caused quite a stir, as did the distribution of cigarettes by the waiters after the meal.

Fr. Stanford Speaks

The regular meeting of the organization was held immediately after the breakfast. Bastian introduced the speaker, Very Rev. Edward V. Stanford, O. S. A., president of the college, who pointed out the need of promoting the Holy Name Society among the students. Fr. Stanford said in part that college men are looked upon in their own localities as those who should be leaders, and that now is the time to develop themselves. The great good that can be accomplished by group action was illustrated by the Holy Name parade held some time ago in Boston. This religious celebration was pointed out in the opinion of the speaker as what might be considered as the turning point in the social and civic life of Bostonian Catholics. Although it is not expected that the members of the society here at college can be as active as a parish unit, nevertheless now is the time to lay the foundations upon which Catholic leadership may rest.

To Obtain Speakers

It was then proposed that outstanding Catholic laymen be invited to address the members each month in order to give some idea of what can be done by the Catholic laiety. There are many prominent men in the vicinity of Villanova who have had wide experience in Catholic circles who would be willing to talk to the members.

So numerous have been the requests to join the society that it was decided to enroll new members. The privilege of new membership is not to be restricted to the resident students, but will extend to the day students also, provided they are willing to attend the monthly mass and communion in the college chapel on the second Sunday of each month. Those who are interested in membership should consult the officers of the society: Joseph Bastian, president; Walter Coyle, vice-president; William Taylor, treasurer; Daniel Harkins, secretary.

A meeting explaining the duties of the Holy Name members will be called during the week and all those interested are invited to attend. Notices will be placed on the bulletin board as to the time and place of this meeting.

Varsity Debaters Lose Two Contests

Continued From Page One

night, Villanova was the guest of Manhattan College. It marked the first time this season that the Beta Gamma has sent a team on the road, and furthermore Friday night's audience was the largest it has debated before so far this season. It is estimated that over two hundred people were present at the contest.

"Resolved: That the emergency powers of the President should be permanently extended," was the topic of discussion. Villanova, upholding the affirmative side of the question, was represented by Charles Goggi, Martin Donnelly and Kerr. The decision was awarded to a Manhattan negative trio composed of William Myham, Mortimer Kelly and Charles McCabe.

Following the debate, the teams were guests at a dance held at the club. From reports brought back to Villanova, it is certain that Goggi and his colleagues were treated most highly both by the club and the college.

BOXING, WRESTLING ENDED FOR SEASON

Fistmen Dropped Single Meet; Grapplers Competed Only in Intra-Murals

An announcement from the Athletic Office sounds the death knell for the boxing and wrestling teams. Due to the failure to get sufficient matches, the teams have been disbanded for this year. A lively interest was shown by the candidates, and disappointment was felt keenly at the announcement.

The boxing team had a brief entry into the sportlight when it met Temple at Villanova. Although the 'Cats met with defeat, the fighters showed real aptitude. Mike Tomasso, a day hop, was the feature of the event for Villanova. After a scrappy first round, he knocked out Jack Schapiro, a rangy 135-pounder, in 1 minute 22 seconds of the second round. A clean uppercut to the button did it. Freddie Myers was defeated by Bill Beloff, while John Konopka eked out a decision over the colorful Johnny Shevlin. Tom Kennedy and Ray Mullin were knocked out by the Temple fistmen, and Jack Haskin lost his match by a decision. Charley Cox won by default from Joe Pliconis.

Wrestlers Lacked Competition

The wrestling team had no opportunity to show its prowess, except in the intra-murals. Don Blanchard, Vince Zizac, Reds Lenzi, Ed Sullivan and Dan Murphy were the stars of the squad. Don Blanchard will probably ascend to the coaching position held this year by Vince Zizac, when the candidates are called out next winter.

The boxing team of next year is expected to be a great improvement over that of this season. The majority of the squad are underclassmen who are eligible for competition next year.

Relief Work Here Begins on April 1

Continued From Page One

relief work will be maintained. The names of the students employed, the type of work they do, the number of hours they are employed and the pay they receive must all be carefully kept and filed with the department in Harrisburg.

VILLANOVAN DINNER AND DANCE PLANNED

Forty-Two Staff Members and Nine Outsiders Comprise Invited Guest List

Forty-two staff members of the VILLANOVAN, its moderator and nine outsiders will comprise the list of guests who are being invited to attend the first VILLANOVAN dinner-dance on the evening of April 5.

Final arrangements have been made to hold the function at Pierre's Restaurant, 69th street, Philadelphia. The dinner will begin promptly at 7.15 P. M. The menu consists of a full-course filet mignon dinner.

The program for the evening will open with the dinner, which will be served in a private dining room of the restaurant. This will be followed by the presentation of gold keys to the retiring seniors on the staff and the donation of special awards to deserving members of the staff. The new staff, which will hold office for the ensuing year, will then be announced.

Dancing in Roof Garden

Following these events, the party will proceed to the roof garden for dancing.

Admission to all invited guests will be free. Those who desire to bring lady guests will be charged a nominal fee. Quite a representative number have already signified their intention of doing so.

A very important meeting of everybody on the various departments of the VILLANOVAN staff will be held tomorrow at 1 P. M. in Room 110, Mendel Hall. At this time the names of all staff members who are being invited will be read. The meeting will last only 15 minutes and will be over in plenty of time for 1.30 classes.

SURGERY MOVIE GIVEN

Senior Pre-Med Students Receive Instruction With Film

Two motion pictures depicting medical surgery were presented to the senior anatomy class of the Science School last Friday, through the efforts of John J. Ford, professor of anatomy.

The first, which was presented in the morning, showed the removal of an indirect inguinal hernia. The second, which was given in the afternoon, depicted the correction of a temporal hernia and the removal of 35 pounds of fat from a 450-pound woman. In this second operation the incision that was made was three feet long, one foot wide, and six inches deep.

P. K. P. INITIATIONS WILL BE HELD THURSDAY

Banquet Follows Annual Induction of Neophytes Into Select Body of Engineering School

Everything is in readiness for the annual reception of the candidates into the Phi Kappa Pi engineering fraternity, according to the committee in charge of the initiations which will take place Thursday evening. Following the custom of former years, every precaution has been taken to make the form of the initiation unknown.

A large audience, including the college administration, the Engineering School's faculty and the members of the organization, is expected to witness the induction of the neophytes.

A banquet will be held in the dining hall immediately after the initiations.

A tentative list of nominees for admittance to the Phi Kappa Pi fraternity includes Junior class members, Harold D. McGarth, Joseph Costigan, W. Rogers Hamel, Walter Coyle, Joseph Curcio, Philip Di Giacomo, Martin Donnelly, Thomas Fitzpatrick, Stephen Kramer, William Moroney and James Nulty.

Those from the Sophomore Class are Joseph Hooven, Charles Kain, Joseph Kelly and Frank Rogers. The freshmen nominees are Eugene Barr, Edward Casey, Edward Corllas, Joseph Denny, Aloysius Fitzpatrick, John McGee, Michael McNerney, Miller Sullivan and Fran Winterer.

Noted Orchestras Signed by Alumni

Continued From Page One

various other forms of entertainment also.

Girls on Committee

Thomas J. McCoy and Harry I. Connor, chairman for the function, have made additions to their committee. They have selected two girls from each of the neighboring girls' colleges and one from each of their alumnae to act as hostesses and to assist in the committee activities. The colleges represented are Immaculata, Villa Maria, Mt. St. Joseph's and Rosemont.

Dress for the occasion is optional. Participants may attend either formal or informal.

Publicity and advertising for the social will be unlimited. Every theatre along the Main Line, North Philadelphia, and a few downtown theatres will run two-minute trailers announcing the affair. There will be overhead signs in the Philadelphia and Western expresses and in the busses of the Montgomery County lines. All alumni will receive announcements, and the cooperation of other alumni associations will be solicited.

LA SALLE DEFEATED IN CLOSE CONTEST

'Cats Win in Closing Minute to Snap La Salle's Winning Streak

Continued From Page Five

nova in the fight and the half ended with the score knotted for the third time since the start of the game,-this time at thirteen all.

Throughout the first half LaSalle took advantage of the 'Cats' miscues, and in this way kept the lead. However, Villanova looked like the better team even when behind, and only the failure of some close ones to drop in, notably Shevlin's one-hand shots from the pivot position kept the 'Cats down.

LaSalle hopped out in front again shortly after the opening of the second half, Clem Meehan getting his lone field goal of the evening. Bill Barrett went in for Jimmy Murphy for the Explorers and immediately made his presence felt with a field goal from sidecourt. This made the count 17-13.

Geraghty Enters Tiff

Barrett notched a foul and another twin pointer to lengthen his team's lead to 20 to 13. Ben Geraghty, Wildcat star, who was held on the sidelines because of an ankle injury suffered in the Dickinson game, went in for Jack Barry at forward position, and the Blue and White was strengthened considerably. The game was extremely fast and the players were tiring rapidly.

Geraghty missed three fouls shortly after he entered, but cashed in on a fourth and the score was 20 to 14 with only five minutes of play remaining. Joe Meehan's foul and Barrett's field goal gave the Explorers a supposedly insurmountable lead of nine points. It was here that Villanova started their stirring rally. Shevlin got loose and dribbled the entire length of the floor to sink a twin pointer. Ben Geraghty made two free throws, and the score was 23 to 18.

Shevlin Sinks Foul

Shevlin converted a free try and Travers' field goal made the count 23 to 21. Shevlin again proved to be a money man by converting another foul, and Villanova trailed by only a point, with a minute and a half left to play.

Here Hurley entered the game again and the rest is indelibly etched upon the mind of every spectator. Pop Travers' foul, made as the game ended was not needed to clinch the victory, but showed the consistent ability of the 'Cats in this great rally.

Villanova	G.	F.	P.
Barry, forward	1	0	2
Travers, forward	2	2	6
Geraghty, forward	0	3	3
O'Meara, forward	0	0	0
Torpey, center	2	1	5

Bahr, guard	1	0	2
Barrett, guard	3	1	7
Totals	9	5	23

Score at half: Villanova, 13; La Salle, 13.

Recent Changes in Monetary System Capably Discussed in Arts Seminar

A very commendable discourse on the nature and purposes of the recent changes in the monetary system was delivered to the students of the School of Arts at the weekly seminar of that school, last Thursday by Peter P. Kerr, a Junior in the School of Commerce and Finance.

Kerr began by making clear some of the terms necessary for the understanding of finance and economics. "Money," he said, "is a standard for measuring value."

It was pointed out that our inflation program and public works program are based on a theory known as the Quantity Theory of Money. The question of the gold standard was then brought to the fore, together with such items as weight and the conversion of paper currency and subsidiary coin into gold at a fixed legal ratio. The other money standards, such as the silver standard, bi-metallic standard, and gold exchange standard were also given a thorough explanation.

At this point, the recent changes in the monetary policies were explained. "Devaluation," he said, "does not involve any change in the appearance or relationship of the different coins and bills with which we are familiar. Whether the dollar is worth 50 cents or 60 cents or something in between, it continues to represent 10 dimes, 20 nickels, 100 pennies. Physically, it is precisely the same dollar. What is changed by devaluation, is the legal weight of the dollar in terms of gold."

It was pointed out that the final result of devaluation is a conjecture, but it is reasonable to believe that it will at least tend to produce the desired effects.

Questions which were raised at the end of the discussion were capably handled by the speaker.

Kerr is a member of the varsity debating team. He is regularly enrolled in the Business School, but is taking public speaking with the Arts department.

ALUMNUS IS FATHER

William "Reds" Bradley, '31, former football star here, and Mrs. Bradley announced the birth, Friday, of a 10-pound baby girl. "Reds" was a student in the School of Commerce and Finance and was for three years a center on the football team.

Students Manifest Overwhelming Preference for Gabardine Material Instead of Conventional Flannel; Color Will Be Optional, Blue or White

PROM COMMITTEE MEETS

Takes Definite Steps Towards Picking Widely Prominent Band for Dance

In an effort to accomplish greater progress toward completing final arrangements for Junior Week before the Easter holiday session, the various junior committees have been working overtime during the past week.

Yesterday, those in charge of the Junior Prom held their weekly meeting in Mendel Hall, took definite steps toward securing a nationally known orchestra and made other plans relevant to the social.

The Blazer Committee, in charge of Michael Clavin, was unable to give its final decision on the awarding of the contract for the third year men's costume in time for publication, but that an overwhelming majority of the class voted in favor of gabardine blazer coats instead of the conventional flannel.

Consider Orchestras

Although the sixteen committeemen for the Junior Prom have not determined the orchestra leader to whom the contract will be awarded, Paetrus Banmiller, chairman, believes that the organization will be definitely decided on within the next week.

The names of Hal Kemp, Jacques Renard, Felix Ferdanando, Charles Barnett, Red Nichols, Julian Woodworth, Freddie Rich, Johnnie Green, Freddy Martin, George Hall, Don Bestor and Little Jack Little are being given serious consideration by sub-committee chairman, John J. O'Connell, and his associates in the group which handles the entertainment.

"The Junior Prom, which will definitely take place Friday eve-

MONETARY QUESTION WILL BE DISCUSSED

Rev. Joseph Bartley, O. S. A., Will Speak Tonight in C & F Auditorium

Problems of the present administration in regard to currency and the present status of the monetary question will be discussed tonight in an address to be given in the auditorium of the Commerce and Finance School by Rev. Joseph C. Bartley, O. S. A., Ph. D., S. T. L., Dean of the School of Commerce and Finance. The lecture is scheduled to begin at 8.30.

According to Fr. Bartley, the lecture will be divided into three parts. First there will be a short explanation of the fundamental principles of money necessary for a proper understanding of his talk; secondly the relation of money to prices; and thirdly, the various moves made by the Washington Administration in respect to money and prices.

Devaluation to Be Considered

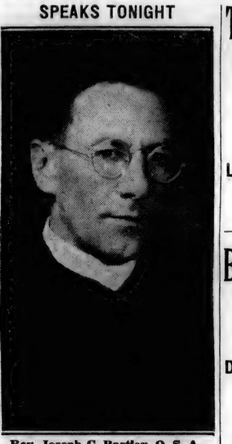
During the course of his talk, it is expected that Fr. Bartley will consider the effects of the devaluation of the gold dollar, the philosophy behind the NRA, and the economic reasoning used by the Government in its attempts to raise the price level.

This is to be the third and concluding lecture in the inaugural series of talks on topics of current social and economic interest being sponsored by the National Alumni Association, for the purpose of interesting the parents of students in the work of Villanova's faculty, and providing an opportunity for the graduates to hear the opinions of their former professors on these matters.

Those who have previously spoken on this program are Rev. Joseph M. Dougherty, O. S. A., Dean of the Science School, who spoke on "Gregor Mendel, the State, and the Problem of Heredity," and Rev. James B. Gallagher, O. S. A., professor of Philosophy. The subject of Fr. Gallagher's address was, "Ethics for the Man in the Street."

Although these lectures are presented primarily for the alumni and outside friends of Villanova, any students who wish to attend are cordially invited.

SPEAKS TONIGHT



Rev. Joseph C. Bartley, O. S. A., Ph. D., S. T. L., who will deliver the third and final lecture in the series sponsored by the National Alumni Association. Fr. Bartley will discuss the monetary question.

DANCE PLANS MADE BY VARSITY CLUB

Tentative Arrangements Made to Hold Social in Gym, Friday, May 18

Tentative arrangements for the final dance of the college year to be sponsored by the Varsity Club have been rapidly progressing, according to a report submitted by Harold C. Hurley, president of the organization. This initial venture of this group will be held on the evening of May 18, three days previous to the senior examinations.

In all probability the social will be held in the college gymnasium. Under the direction of Paul D. Teel, the Villanovans will supply the required dance melodies. The Villanovans have played successfully at several previous college affairs this year, and it is anticipated that work will not be altered at their final affair.

May Be Sport Dance

The dance will be presented either in the form of a sport affair or a hard-times novelty. A reasonable tax of $1.50 will be the charge of admission unless changed by the dance committee. Decorations used by those who sponsored previous dances in the gymnasium will be once more seen by those attending. New arrangements will be made in regard to trimmings if the dance is held as a hard-times affair.

TURF AND TINSEL CLUB CHANGES DATES FOR STAGING OF "LET'S GO PLACES" TO FOLLOWING WEEK, APRIL 26, 27, 28

Later Date Is Selected to Prevent Any Interference With Lambda Kappa Delta Fraternity Spring Hop Originally Scheduled for April 20

BETA GAMMA TEAM LOSES IN NEW YORK

Drops Contest to St. John's; Splits Home-and-Home Debate With Penn

This past week saw Villanova's varsity debaters engaging in contests with two well-known opponents, Pennsylvania and St. John's Universities. The encounter with Pennsylvania was a home-and-home debate which ended in a victory and a defeat for Villanova's orators. Beta Gamma fell victims to the attack of the Brooklyn institution in the final contest of the week.

Villanova will bring its official debating season to a conclusion in a discussion with Rutgers University at New Brunswick this Thursday night. "Resolved: That a permanent dictatorship would be for the best economic interests of the United States" is the topic which the two teams will debate. Charles Goggi, Roberto Bouson and Francis Bigley will defend Villanova's side of the question.

Banking Debated

The debate with Pennsylvania, given under the auspices of the Philadelphia Intercollegiate Debating League was held last Wednesday night. "Resolved: That the Federal Government should own and operate all banking institutions in the United States" was the question discussed.

Villanova's affirmative team composed of Bigley, Bouson and Martin Donnelly was defeated by Pennsylvania's trio composed of Francis Coyly, A. Warner Balin and Charles Sibbits. This debate took place in the amphitheatre in Mendel Hall, and was under the chairmanship of Peter P. Kerr, William Freenia, of Penn State, was the judge.

Beta Gamma Victor

On the same night a negative team upholding the negative side of the question defeated the representatives of Pennsylvania in Philadelphia. Goggi, Francis McGinley and R. Martinez Alvarez were the Villanova speakers. The honor of being the best debater on either team went to Goggi, who is the senior member of the Beta Gamma's squad.

The speakers who represented the University of Pennsylvania were John Joyce, Benjamin Brilliant and Gerald Devlin.

The encounter with St. John's took place last Friday night, in De Gray Hall, home of the Brook-

WORK PROGRESSING WELL

Music Score Will Mark Novel Presentation of Rhythmic Talent Here

The Turf and Tinsel Club has changed the date of its second annual production, "Let's Go Places," to the evenings of April 26, 27 and 28, Rev. Bernard McConville, O. S. A., moderator of the organization, announced last week.

Due to the fact that the presentation of the musical comedy will last from 8.15 P. M. until approximately 11.00 P. M. it was not thought feasible to hold the annual fraternity dance on the same night.

L. K. D. Dance on April 20

The Lambda Kappa Delta will hold its spring sport dance, as originally planned, on the evening of April 20 in the gymnasium. The couples will dance to the melodious tunes of the Villanovans.

The theme of "Let's Go Places" unfolds in hilarious fashion with the dash and glamour of historic old Spain as a background. Sixty bewitching chorines, cast in the role of fascinating dark-eyed senoritas, will lend their masculine bodies to the tune of swaying seductive Spanish odes.

Director Is Optimistic

Several interpretive dances are also being planned by Miss Helen A. Pfaff, dancing instructress. Edward A. Keough, director, announced that "Let's Go Places" will rival any production ever presented on the campus.

Plans are under way for exotic stage settings and elaborate cos-

NELSON MAPLES HAD TRIUMPHAL CAREER

Band Leader for Alumni Ball Scored Hit at 17 With Paul Whiteman

When Nelson Maples and his "S. S. Leviathan" Orchestra make their debut before the footlights in the gymnasium, Friday evening, April 6, at the second annual ball, sponsored by the Philadelphia chapter of the Alumni Association, the patrons will be treated to one of the best dance bands in the East, according to Albert C. Wagner, alumni secretary.

Maples, who started his public career in music at the age of seventeen, was the youngest musician ever featured by Paul Whiteman in his internationally famous orchestra. He was so highly regarded as an expert pianist by the "King of Jazz" that he was featured in the Whiteman organization for four successive years.

Featured in Theatres

Following his triumph with the great orchestra, Whiteman sent Maples on the road to lead various Paul Whiteman units being featured in the leading theatres and hotels throughout the country. After successfully directing the road bands for several months, he was chosen to conduct an ensemble of talented musicians on board the crack liner, "S. S. Leviathan."

The youthful leader scored such

PROOFS OF PHOTOS MUST BE RETURNED

April 5 Set as Closing Date to Turn in Prints for Senior Annual

Proofs from photographs which were taken for insertion in the Belle Aire, senior class annual, must be returned by April 5, according to William McCarthy, photographic editor of that publication.

McCarthy declared yesterday that Editor-in-chief John T. Corkill, Business Manager Edward V. Ocelus and he have reached an agreement that all pictures returned after that date will not be printed. This action has been taken because it will be necessary to have engravings made after the holiday vacation.

A charge of $1 is made by the photographic firm for each proof that is not returned. A representative of the Samsky studios will be on hand to collect the proofs in the Mendel Hall reception room between the hours of 9.30 A. M. and 5 P. M., April 5.

Students Accommodated

This extension of time has been granted to enable the students to show the proofs to their parents during the Easter vacation.

The editor-in-chief of the Belle Aire also announced yesterday that group photographs of campus organizations will be made in the near future. Details will be given at a later date.

Engineering Fraternity Initiates Candidates at Its Annual Ceremony

Candidates for admission into Phi Kappa Pi, the engineering fraternity, were initiated last Thursday night in the laboratories located in Mendel Hall. Immediately after the initiations, the new members were given a banquet in their honor.

As has been the custom in the past, the neophytes reported to the initiation committee in the amphitheatre. Here, before the members of the fraternity, the candidates entertained with various dances, songs, jokes and the like. They were then blindfolded and conducted through the laboratories, where they received many pleasant surprises prepared especially for them by the electrical engineers. All the candidates were examined by the infirmarian before taking the initiations. The forty candidates who took the initiations all survived the ordeal successfully.

The new and old members, together with the members of the engineering faculty and the alumni, proceeded to the dining hall where they were served a supper consisting of fruit cup, celery and olives, cold cuts, potato salad, tomatoes, ice cream, cake, coffee and smokes.

The main speaker for the evening was Dean Carl T. Humphrey of the School of Technology. He congratulated the new members and gave a few words of advice to all. He related that the engineer's scope of knowledge is not confined solely to engineering but can be listed under seven books, namely, languages, logic, mathematics, natural sciences, economics, history, fine arts, philosophy and religion.

The forty new members include those from the Junior Class: Harold D. McGrath, Rogers Hamel, Walter Coyle, Joseph Costigan, Joseph Cureio, Martin Donnelly, Joseph

ARTIST HONORED

Former Summer School Instructor Here Gets Prize for Paintings

Prizes for his paintings were recently awarded to F. Cossio del Pomar, Ph. D., former member of the summer school teaching staff here and designer of the painting in the Austin Hall corridor, by the Museo de Arte Moderno, Madrid.

Dr. Cossio del Pomar, who was an instructor of French while he was here, is also an author, besides being an accomplished artist. He has written a number of books, mostly in Spanish, on conditions in Europe and Latin America. These books were on exhibit last summer in the Hall of Science at the World's Fair.
